COUNCIL QUERIES.

The Government still believes that it is cheaper to print reports...

In the Legislative Council yesterday Captain Roberts asked that the Land and Department report and other outstanding reports be laid on the table.

The Commissioner of Lands said he was not willing to do so although the printing press had been in use for some time.

The Colonial Secretary said the report would be laid on the table as soon as it was ready to be printed.

Mr. Conway Harvey said the printing press had been in use for some time and he would be glad to give the report to the public.
