I want to write and tell you what a wonderful restorative your 'Phosferine' is. I always make a point of taking it whenever I feel tired and run-down. After the terrible hardships and privations I had to undergo during the Revolution in Russia, when the Bolsheviks robbed me of all my possessions, my health became seriously impaired, and now I have my living to earn and have become a professional singer. I take your admirable tonic as a pick-me-up whenever I feel it before my concert."
