GENERAL SMUTS' FIGHTING ELECTION SPEECH. S.A.P. Defended. SCATHING CONDEMNATION OF THE "SINS OF HERTZOG". "The South African Nation First".

THE VIEW of the approaching election in the Union Government has declared his policy and defended his past. He has declared the way to follow by a bold and frank promise to repudiate a past Government and repudiate the terms of the Constitution.

His mind was not necessary, and it would have been to his advantage to state his policy clearly. He has done so.

He has done so in a way that will give us an excellent idea of the policy he has in mind. He has done so in a way that will give us an excellent idea of the policy he has in mind.

FRENCH CABINET TO GO ON JUNE 1.

Press Opinion on Results of the Elections.

BATTLE OF POLICIES

M. Poincaré Abandons Government Engagement.

[LONDON NEWS WIRE.] Paris, May 18.

The newspapers generally concur in the view that the cabinet of M. Poincaré will resign on June 1.

They are agreed on the success of the cabinet, and on the fact that the small party of the Communists and Progressives, against whom the new law of the election of the new law.

The Journal records that the most of the Left declined themselves from the Government.

The Journal thinks M. Poincaré will resign in a fortnight, but the President will not accept it.

It is thought that the President will not accept it.

THE NEW ESSEX CAR.

Good Value for the Money, EXCELLENT SPRINGING AND BRAKING. Many Improvements over the Essex Four and Differences in Design.

The Service Co., Ltd., have introduced the new V8 Cylinder Essex Cars which will work of the old, new to drive. The car is so different in design to the four cylinder type that it would be difficult to recognize it as an Essex product.

The Springs. There are many good features of the new production but the least of which is the new springing. Springs are heavily laid out all round and carrying a heavy load. This is because of the springing of both front and back springs which are set outwards at the rear ends.

At an altitude of 10,000 feet, the hill is about 60 ft. higher than the hill better than those of the other models. The car is so different in design to the four cylinder type that it would be difficult to recognize it as an Essex product.

Work Activities.

More than 30,000 automobiles will be produced in the new year by the United States. The production of automobiles in the United States is expected to reach 35 million in 1924.

The breaking is very efficient. The car is so different in design to the four cylinder type that it would be difficult to recognize it as an Essex product.

BSA MOTOR CYCLES. Model 'L' 21 H.P. First production line in 1922, it captured the markets everywhere. It is fitted for its high quality engine and strength of frame, for its good road-holding capabilities on all surfaces, and its wonderfully balanced steering. Undoubtedly the best machine for the motor rider.

Model "H3" Deluxe 41 H.P. For many years past the most popular machine for either solo or side-car work. This machine is so well-known that it requires no detailed description. See Memorandum 1924 Models ARE Better Than Ever.

#### HOME AND LOCAL PROSE.

We are glad that "Progressive Purchaser," whose communications will be found under Correspondence in this issue, has raised the question of the separate duty between the selling price of a motor vehicle at Home and the price at which it is sold in Kenya. As it is a well-known fact that the price of a motor vehicle at Home is usually higher than the price at which it is sold in Kenya, it is not surprising that the "Progressive Purchaser" and other interested parties are anxious to understand the reasons why this is so. importer of 25 lbs. over his actual out-of-pocket expenses. When consideration is given to the length of time that the applicant is commencing and the time that he has to wait before the machine may be on the roads, the profit is really not excessive. It will be noticed that of the 27 importers in price over the price in England 41% is in the case of Maudslayi for concrete relays and levelling charges.

### On which Side will you Stop?

It is human nature to go to the nearest way, especially when it is also the right way. The easiest way to obtain the right oil is to take the Chart your oil, and it is also the right way. Stop on the side of the road where you see the sign of Chevron Lubricants. The sign of Chevron Lubricants is a V-shaped sign with the word "Chevron" written across it. **KENYA FARMERS' LTD.**  
First General Meeting of the Company.  
PROBLEMS DISCUSSED.

At the first annual general meeting of the Kenya Farmers' Ltd. held at the Midway Hotel, Nairobi, on the 10th inst., the Chairman (Mr. J. H. H. H.) on behalf of the Board of Directors presented a report on the progress of the company since its formation on the 10th inst. The report was read by Mr. J. H. H. H. and was a most interesting and instructive one. It dealt with the various aspects of the company's work, including the acquisition of land, the development of the farms, and the financial position of the company. The Chairman stated that the company had acquired 10,000 acres of land in the Highlands of Kenya, and that the farms were now being developed. He also stated that the company had a good working capital, and that it was in a position to meet all its obligations. The meeting was held in the evening, and was attended by a large number of members of the company. The Chairman's report was well received, and the meeting closed with a vote of thanks to him.

**FARMERS' ASSOCIATION OF SOMALIA.**  
Government Grant for the Somali Road.

BYANZA LABOUR BUREAU.  
Following an announcement by the Government that it had granted a grant of £10,000 for the construction of a road from the coast to the interior, the Farmers' Association of Somalia has expressed its appreciation of the Government's generosity. The road, which is to be known as the Somali Road, will be a great benefit to the farmers of the interior, who will be able to transport their produce to the coast more easily. The Association has also expressed its hope that the Government will continue to support the development of the interior of Somalia.

**WHAT LOAN?**

Curious Debates in the Council.  
The Council of the Government has held a series of curious debates on the subject of loans. The debates have been held in the presence of the public, and have attracted a large number of spectators. The subjects of the debates have been the proposed issue of a loan of £100,000 for the construction of a road, and the proposed issue of a loan of £50,000 for the construction of a bridge. The debates have been most interesting, and have shown that the Council is divided on the subject of loans.

**REVENUE FROM COFFEE FARM TAX.**

57-10 Collected in 1922.  
The Revenue from the Coffee Farm Tax for the year 1922 has been collected in the sum of 57-10. This is a decrease of 10-00 on the amount collected in 1921. The decrease is due to a number of reasons, including a fall in the price of coffee, and a fall in the number of coffee farms. The Government has expressed its regret at the decrease, and has stated that it will take steps to increase the revenue in the future.

**DEBATE ON TRESPASS BILL.**

Common Interests vs. Native Policy.  
The debate on the Tresspass Bill has been held in the presence of the public, and has attracted a large number of spectators. The subjects of the debate have been the proposed issue of a loan of £100,000 for the construction of a road, and the proposed issue of a loan of £50,000 for the construction of a bridge. The debate has been most interesting, and has shown that the Council is divided on the subject of loans.

**APPRENTICESHIP SCHEME FOR THE SIXTIES.**

Openings for the White Colonies.  
The Government has announced a scheme for the training of apprentices in the sixties. The scheme is designed to provide openings for the white colonies, and to help to develop the economy of the colonies. The apprentices will be trained in a variety of trades, including agriculture, commerce, and industry. The Government has expressed its hope that the scheme will be successful, and will help to improve the lives of the people of the colonies.

**THE APPOINTMENT OF THE PUBLICITY BUREAU.**

Not Yet Formed.  
The Publicity Bureau has not yet been formed. The Government has announced that it will be formed in the near future, and that it will be responsible for the publicity of the Government. The Bureau will be headed by a Director, and will have a number of staff members. The Government has expressed its hope that the Bureau will be successful, and will help to improve the lives of the people of the colonies.

**BY THE USE OF THE YEAR 1913.**

The use of the year 1913 as a basis for comparison is a common one. It is used because it is a year which is well known to most people, and because it is a year which is not affected by the war. The use of 1913 as a basis for comparison is a good one, and it is one which should be used in all cases where a comparison is required.

THE FAULTS AND FEATURES OF WEMBLEY.

Dull Publicity People. AWKWARD UNREADINESS OF EVERYTHING ON OPENING DAY. £24,000,000 of Stake.

HOPFUL PROSPECT OF TRIUMPH WERE ALL GENTS GIVEN BY THE JURY.

[From Our Own Correspondent.] London, April 25. Wembley opened its day as usual, but it was not really dull. There were some very good things to be seen in time, but the Publicity Article in the "Star" was not so good as last year's. It was not so good as last year's. It was not so good as last year's.

The Bank's Habit. We are all aware of the habit of the Bank of England of issuing banknotes in small denominations. This habit is not only a matter of convenience, but it is also a matter of policy.

When Ready? It was not long ago that the Bank of England was ready to issue banknotes in small denominations. This habit is not only a matter of convenience, but it is also a matter of policy.

An Incident. It was not long ago that the Bank of England was ready to issue banknotes in small denominations. This habit is not only a matter of convenience, but it is also a matter of policy.

My wife told me the other day that she had been thinking of going to the bank to see the new £10 notes. She said she had been thinking of going to the bank to see the new £10 notes.

Future Help. I understand that the Government is planning to issue new £10 notes. This is a very good thing, as it will help to meet the needs of the country.

Not a Fool. I understand that the Government is planning to issue new £10 notes. This is a very good thing, as it will help to meet the needs of the country.

Residential Plots. The Government is planning to issue new £10 notes. This is a very good thing, as it will help to meet the needs of the country.

Secretary. The Government is planning to issue new £10 notes. This is a very good thing, as it will help to meet the needs of the country.

It Will Succeed. The Government is planning to issue new £10 notes. This is a very good thing, as it will help to meet the needs of the country.

Are you good at remembering faces?

PETER DAWSON Scotch Whisky

SCOTT ELLIS & CO. LTD. P.O. Box 230, MOMBASA.

RESIDENTIAL PLOTS Kayswa Township.

Kayswa Limited has for sale beautifully situated residential plots in the township of Kayswa. These plots are of various sizes and are situated in a healthy and fertile area.

SECRETARY. Kayswa Limited, P.O. Box 230, MOMBASA.

It Will Succeed. The Government is planning to issue new £10 notes. This is a very good thing, as it will help to meet the needs of the country.

Despite the criticism I have seen, and the truth of which is proved by the success of the paper, we are now having a lot of orders for the paper. This is a very good thing, as it will help to meet the needs of the country.

Don't Forget! It was not long ago that the Bank of England was ready to issue banknotes in small denominations. This habit is not only a matter of convenience, but it is also a matter of policy.

COMFORT AND UTILITY

Cars of Pleasing Design and Good Performance.

THE 1924 DODGE BROS. MODELS.

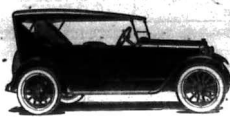

Reasonable Price and a High Standard of Production Maintained.

The 1924 Dodge Car has many improvements over previous models, so that it is difficult to recognize these productions as anything but the latest models coming from the same factory.

The general appearance has been greatly enhanced by the alterations in radiator, headlights and fenders. The radiator has been higher very much larger and covers both the front and rear. The hood is an improved symmetry of power which will be home out on the road.

THE NEW FORD TOURING CAR

For the motorist who requires a good-looking car of unusual versatility the new Ford Touring Car is a splendid investment.

To the sturdiness and endurance for which the Ford is nationally famous have been added new features which materially enhance the appearance of the car and add to the comfort of the passengers.

The new radiator is higher giving greater cooling efficiency the bonnet and cow are larger, affording increased leg room, and the steering column is braced for easier driving with roomy accommodation for five passengers. The new Ford Touring Car is undoubtedly the most practical general utility car on the market.

Should Motorists Wait?

A SOUTH AFRICAN QUESTION ON A VEXED QUESTION.

In his criticism that motor cars are not being made in sufficient quantities, one of our ablest motorists, Mr. J. H. M. de la Rive, has pointed out the fact that the headlights should be made in the quantity of at least one million per annum. He has also pointed out that the headlights should be made in the quantity of at least one million per annum.

It is in this regard that the motor car industry in South Africa is in a most unfortunate position. The fact is that the headlights should be made in the quantity of at least one million per annum. He has also pointed out that the headlights should be made in the quantity of at least one million per annum.

THE NATIVES CALL THE JOWETT

# JINDI-JOW

Which means go quickly

They were impressed by the speed to which our little car traversed the high country, compared with the somewhat cumbersome progress of most other cars.

Hence the Name—  
**"JINDI-JOW"**

And it does!

**NO JOWETT EVER EARNED  
 A BAD NAME.**

**NO OTHER CAR EVER  
 EARNED A BETTER.**

**THIS NEW MODEL WILL INTEREST YOU**

Just complete, our latest J. Jowett has been built in the factory and is now ready for delivery. It is a four-seater car, with the most up-to-date and reliable engine, with 20 horse power. It is a real "Jowett" car, with the same good qualities which have made the name so famous throughout the world.

**THIS MODEL IS OF COURSE MUCH LITTLER THAN OUR SEATER, BEING ON THE SPORT CRAWLER, AND WEIGHING 14 CWT. LESS. IT COSTS CORRESPONDING LESS TO RUN.**

**THE STANDARD 3-SEATER MODEL.**

For further information, write to the J. Jowett Sales and Service Dept., 100, Regent Street, London, W.1, England. We will gladly send you a full brochure and complete details of our cars. ## FORD DEVELOPMENTS

America Is Canada's Biggest Competitor.

### THE PORT ELIZABETH ESTABLISHMENT.

An interview with a representative of the Canadian Ford Company.

The most recent development at the Ford Motor Company in North America is evidence of the complete domination of the well-known company. The assembly plant in Port Elizabeth, South Africa, is the only Ford plant in Africa. It is a very modern plant, and it is producing a large number of cars, which are being shipped to all parts of the continent.

The Ford Company is now producing cars in South Africa, and it is being well received. The cars are being sold in all parts of the continent, and they are being well received. ## AMERICAN RUBBER BUYING.

Correction in an erroneous Report.

### GOODMAN'S OPTIMISM

Last week we published an interview suggesting to some extent the present mood of American buyers of rubber. The interview was with Mr. Goodman, a representative of the American Rubber Buyers Association, who is now in Port Elizabeth, South Africa, on a buying mission.

It is interesting to note that Mr. Goodman is very optimistic about the future of the rubber market. He believes that the demand for rubber will continue to grow, and that the price will remain high.

Mr. Goodman is also very interested in the development of the rubber industry in South Africa. He believes that the industry has great potential, and that it will grow rapidly in the future.

Mr. Goodman is now in Port Elizabeth, South Africa, on a buying mission. He is looking for the best quality rubber at the lowest price. He is very interested in the development of the rubber industry in South Africa.

Fresh tea for far-from-fresh-folk

Oh how welcome is a cup of tea that has been brewed—become, fat and flavoured.

Here is the one that is first "rired"—Tired tea that never lets you down.

Give it fairly by brewing it correctly—just Brookes Bond tea will always yield you that most refreshing thing in the world, a good cup of tea.

First of all, you see, it is tip-top quality tea, and secondly, it is packed in the vacuum tin, which harbours no tea-detracting tropical air.

Good. Not a vestige of it can vanish! First of all, you see, it is tip-top quality tea, and secondly, it is packed in the vacuum tin, which harbours no tea-detracting tropical air.

Brookes Bond Tea. The standard of quality. The standard of freshness. The standard of purity. The standard of excellence.

**WHERE GOVERNMENT CAN IMPROVE.**  
**PRESENT TEMPORARY SYSTEM.**  
**Training in Village Schools the Best.**  
**IMMEDIATE NECESSITY OF MAKING NATIVE TEACHERS UNDER A PRINCIPAL EUROPEAN MASTER.**

A memorandum "On certain aspects of Arab and African Education in Kenya" by Mr. R. J. Honey, the Sudan expert, who has been in Kenya and has just returned, has been published by the Government. The observation he was able to make of conditions in Kenya is indicated by Mr. Honey's summary of his fortnight here.

His remarks, which are based on his observations during his visit to Kenya, are of a nature to be of great value to the Government. He points out that the present system of education in Kenya is a temporary one, and that it is necessary to make a permanent system. He also points out that the present system is not a good one, and that it is necessary to make a better one.

He also points out that the present system is not a good one, and that it is necessary to make a better one. He also points out that the present system is not a good one, and that it is necessary to make a better one.
