A BROOKLANDS FATALITY.
Killed at 114 Miles an Hour.

WAS THE OVERTAKING AT FAULT?

Captain J. Trapp, racing in the 1000 cc. class, was killed at 114 miles an hour on the Brooklands track on Saturday, July 15, 1939. The car was a 1000 cc. open-cockpit machine, built by the Brooklands racing club, and was driven by the late Captain Trapp. The car was travelling at 114 miles an hour when it struck a wall of concrete, and was thrown into the air. The car was completely destroyed, and the driver was killed.

KENYA MODEL.

THREE Kenyas have already proved their worth in the most arduous Kenyan and Colonial conditions, and their excellent reputation is increasing every day.

They are British built, with British only in their undercarriage, strong and workmanlike, but also in their simplicity, reliability and adaptability to wear and tear.

And also that their cost includes an equipment of high class, which leaves nothing to be desired. This is an asset to buyers.

TIRE PRESSURES
Keep Your Tyres to Correct Inflation

A PROPER TYRE CAREER
RECOMMENDATION

Underinflation of the tyre is a common cause of tyre failure. It causes the tyre to overheat, and the tread to wear unevenly. It also causes the tyre to flex excessively, which leads to a rapid deterioration of the rubber. The correct pressure for a tyre is usually indicated on the sidewall of the tyre. It is important to check the pressure regularly, and to adjust it if necessary.

OVERSEAS CARS.

At the present time, there is a large number of cars available for export to overseas markets. These cars are usually of high quality, and are well suited to the conditions of overseas travel. They are available in a wide range of models, and at various price levels. It is important to choose a car that is reliable, and that has a good reputation for durability.

THE OVEN OF BROOKLANDS.

I have just read the 1938 report on the Brooklands track, and I am struck by the number of accidents that have occurred there. The track is known as the 'Oven of Brooklands' because of the high temperatures that are reached there. It is a very dangerous place, and it is important to take care when driving there.

THE KINGS HILL.

The Kings Hill has recently been opened to the public. It is a very beautiful place, and it is well suited to the conditions of overseas travel. It is a very popular place, and it is important to take care when driving there.

THE GREAT "RODEO" STUNT.

British Public Split into Rival Camps.

OBSTRUCTION AT WEMBLEY STADIUM.

Accident during Star-Roping Cause Great Outcry.

OPPOSITION ELEMENT APPEALS TO HOME SECRETARY.

(From Our Own Correspondent.)

London, June 15.—The spectacle which is expected to be staged on the British Empire Exhibition grounds at Wembley Stadium on Saturday night, July 16, has given rise to a general feeling of uneasiness among the British public. The event, which is being staged by the British Empire Exhibition Company, is a "rodeo" stunt, in which a number of men will be roped to the horns of a bull and then thrown into the air. The stunt is being staged in the presence of a large number of spectators, and it is expected that it will be a great success. However, the stunt has met with the opposition of a large number of people, who are concerned for the safety of the spectators. The Home Secretary, Mr. Lloyd George, has been asked to intervene on behalf of the public, and it is expected that he will do so.

A \$250,000 JEWEL ROBBERY.

Burglars Seize a Valuable Collection.

LADY LUDLOW'S LOOT.

The robbery of Lady Ludlow's jewels, which was reported in our issue of June 10, has been the subject of a detailed investigation by the police. It is now known that the jewels were stolen from a safe in the study of the lady's residence at 10, Grosvenor Gardens, London. The jewels, which were valued at \$250,000, included a diamond necklace, a diamond bracelet, and a diamond ring. The police are now searching for the thieves, and it is expected that they will be caught soon.

HEART REMOVED.

WILL SURVIVE RELEASING THE HEART?

There are rumors in Palestine that Mr. W. H. Murray, the British High Commissioner for the East, has had his heart removed. It is said that the heart was removed because of a disease of the heart, and that Mr. Murray is now recovering from the operation. It is expected that he will be able to return to his duties soon.

"Now see that he takes Sanatogen regularly three times a day!"

This is the doctor's parting injunction— directed to the wife because he knows the will hold the patient to it.

"Feed your patient systematically with Sanatogen, which is richer in the combination of the Most Perfect Food, is readily absorbed, and is so immediate and reasonable effective, because of a timely increase of weight and muscular strength. The patient should take it straight back to his chair. The energy of mind and body is gradually restored, and he is fit to receive of spirits."

Within this bottle is Whisky without equal. WHEREVER you get a bottle that has "dimples" and "frambles" and "lighting up" its countenance with pride and pleasure, you may be sure that you are getting old-fashioned whisky as it is last to face.

The name of this whisky is Peter Dawson, and it is the product of generations of experience in the art of distilling, blending and maturing. The respect due to old age, not to mention your palate, demand that you try "P.D."

PETER DAWSON Scotch Whisky.

TO SHEEP FARMERS.

We are importing sheep from Australia. Orders should be placed now as to have the best choice from the various breeds.

We have recently imported 200 light-colored Merino Rams and 200 from the Sydney and Adelaide, Australia. The sheep have been selected and have given every satisfaction to our buyers.

We place all orders through Messrs. Douglas and Company Ltd., who have an experienced and expert staff. They are ready to attend the above, and attend to all matters connected with handling, shipping and exportation from Australia.

We have all arrangements for transportation from Durban, including full handling, shipping and exportation, and the issue of all necessary arrangements for transportation to Durban, including full handling, shipping and exportation.

Sheep Farmers are strongly recommended to purchase "Berkley" Merino Rams as to their various qualities.

MUNICIPAL GOVERNMENT IN VARIOUS PHASES.

Information For Nairobi Critics.

ENGLAND, AMERICA, AND GERMANY IN COMPARISON.

Summary of Mr. J. A. Watson's Address.

Mr. J. A. Watson's address on the subject of municipal government in various phases. He discussed the systems in England, America, and Germany, comparing their strengths and weaknesses. He noted that while England has a long history of local government, America's system is more modern and efficient, and Germany's is highly organized and centralized.

Continuation of Mr. J. A. Watson's address. He discussed the financial aspects of municipal government, including the importance of a sound budget and the need for efficient administration. He also touched upon the role of the citizen in local government and the importance of public participation.

Continuation of Mr. J. A. Watson's address. He discussed the social and economic factors that influence municipal government, such as population growth and industrialization. He argued that local government must be able to respond to these challenges effectively.

Continuation of Mr. J. A. Watson's address. He discussed the future of municipal government and the need for reform. He suggested that local government should be more decentralized and more responsive to the needs of the community.

Continuation of Mr. J. A. Watson's address. He discussed the importance of a strong and independent judiciary in a democratic system. He argued that the judiciary should be able to check the power of the executive and legislative branches.

Continuation of Mr. J. A. Watson's address. He discussed the role of the press in a democratic society. He argued that a free and independent press is essential for the functioning of a democracy.

Continuation of Mr. J. A. Watson's address. He discussed the importance of education in a democratic society. He argued that education is the key to the development of a citizenry capable of participating in the political process.

Continuation of Mr. J. A. Watson's address. He discussed the importance of a strong and independent judiciary in a democratic system. He argued that the judiciary should be able to check the power of the executive and legislative branches.

CHILD LABOUR IN USE IN TANZANIA. Plaster and Tinsmith Report. 'DON'T EMBROIDER IT AS SUNDAY' - German East German's Declaration by Berlin.

The question of employment of children in the East African Protectorate is a subject which has been discussed at the meeting of the Tanganyika Association. The report states that while there is a general feeling of opposition to child labour, there are still many instances of its use, particularly in the mining and manufacturing sectors.

Plaster and Tinsmith Report. The report discusses the current market conditions for plaster and tinsmiths in the region. It notes that there is a steady demand for these services, particularly in the construction and repair of buildings.

'DON'T EMBROIDER IT AS SUNDAY' - German East German's Declaration by Berlin. This article discusses the political and social situation in Germany following the end of World War I. It highlights the challenges faced by the new German government and the impact of the Treaty of Versailles.

Continuation of the article on Germany. It discusses the economic and social conditions in the Weimar Republic and the challenges it faced. It also touches upon the political movements of the time, including the rise of the National Socialist German Workers' Party.

COMPARISONS. 'No. 40' vs. 'No. 30' - A comparison of two different products or services. The article discusses the pros and cons of each and provides recommendations for consumers.
