WHITE RHINARD OF MOTOR RACING.

The Senior T.T. Race Described.

RENETTS VICTORIOUS RIDE ON A HORTON.

Thrilling incidents in the Premier Motor Cycling Event.

The momentous day of a motorcycle race started in the morning at 10.30 (Friday), when the Auto-Cycle (The Automobile) Trust, Tynes, 116 St. Peter's Street, London, W.C.2., and the London Light-Weight Club, 100, St. Paul's Churchyard, London, E.C.4., met to discuss the arrangements for the race.

With the light-weight riders completed their first circuit at an average speed of over 90 m.p.h. in the morning, the race was continued with the capital of the motor-cycling world, White (Chas. White), who was riding a Norton, and the Norton rider, White (Chas. White), who was riding a Norton.

It was announced that White (Chas. White) had completed his first circuit at an average speed of over 90 m.p.h. in the morning, the race was continued with the capital of the motor-cycling world, White (Chas. White), who was riding a Norton, and the Norton rider, White (Chas. White), who was riding a Norton.

WHY FORD PREDOMINATES FORD MOTOR CARS. The Ford is a product of a well-made institution which, over a long period of years, has provided dependable transportation for all peoples.

Outstanding the value of Ford transportation, those people have purchased Ford products in such volume that the sale of all other trucks equals the sale of all Ford cars and trucks combined.

As a result, the resources of Ford of Canada are now over £4,500,000. Sterling. These resources mean the ability to buy the best material at a minimum price.

They mean the ability to organize each process of production, from the purchase of materials to the finished car, on such a basis that every non-essential operation is eliminated.

THE RESULT IS The Low Price - The Exceptional Performance and The Low Rate of Depreciation of the Ford CAR.

SEE YOUR LOCAL AUTHORIZED FORD DEALER. They will give you Full Particulars. NEWTON, L.A. 2415-12.

Many things were described in the race, including the performance of various riders and the technical details of the motorcycles used.

It was mentioned that White (Chas. White) had completed his first circuit at an average speed of over 90 m.p.h. in the morning, the race was continued with the capital of the motor-cycling world, White (Chas. White), who was riding a Norton, and the Norton rider, White (Chas. White), who was riding a Norton.

It was mentioned that White (Chas. White) had completed his first circuit at an average speed of over 90 m.p.h. in the morning, the race was continued with the capital of the motor-cycling world, White (Chas. White), who was riding a Norton, and the Norton rider, White (Chas. White), who was riding a Norton.

Table with 4 columns: Name, Club, Time, and Remarks. Includes names like J. H. B. Lewis, J. H. B. Lewis, etc.

Fourth Circuit. The thing doing the most work in the race was the engine, which was running at a high speed and was very hot.

With the dispatch of Dick and the Norton rider, White (Chas. White), who was riding a Norton, and the Norton rider, White (Chas. White), who was riding a Norton.

Table with 4 columns: Name, Club, Time, and Remarks. Includes names like J. H. B. Lewis, J. H. B. Lewis, etc.

Third Circuit. With the dispatch of Dick and the Norton rider, White (Chas. White), who was riding a Norton, and the Norton rider, White (Chas. White), who was riding a Norton.

It was mentioned that White (Chas. White) had completed his first circuit at an average speed of over 90 m.p.h. in the morning, the race was continued with the capital of the motor-cycling world, White (Chas. White), who was riding a Norton, and the Norton rider, White (Chas. White), who was riding a Norton.

B.S.A. MOTOR CYCLES. All are well glad to see the new B.S.A. models, which have enabled them, not only to keep up with this standard set up by their higher models, but to improve and continue to improve their products, so that today, a H.S.A. machine is at least as reliable as any other.

have for many years given exceptional service and proved themselves thoroughly reliable for use in this Colony. The vast resources behind the B.S.A. Group have enabled them, not only to keep up with this standard set up by their higher models, but to improve and continue to improve their products, so that today, a H.S.A. machine is at least as reliable as any other.

BUY YOUR B.S.A. NOW. 44 h.p. Model '15' at £25 11/0 0. 34 h.p. Model '14' at £18 10/0 0.

MAKING MOTOR CARS SAFER.

The Importance of the Metallurgical Department.

WHY MANUFACTURERS ARE ABLE TO GUARANTEE SERVICE.

Thousands upon thousands of motor cars have been manufactured in the departments of the leading motor companies of the world.

Among all the departments that enter into the manufacturing of motor cars, none performs a more vital part in securing the safety of the consumer than the metallurgical department.

It is the metallurgical department that is responsible for the safety of any car in operation in a hazardous area consisting of any part of a car.

An assurance, however, that such cars are safe and sane have been built in including the car to warrant its construction to study the metallurgical department will do well to take to heart the words of the metallurgical department.

It is the metallurgical department that is responsible for the safety of any car in operation in a hazardous area consisting of any part of a car.

The Reliance Transport Co. Agents for a Lead.

FORD ORION TRUCKS

FOR THE EAST AFRICAN TRADE

by Carburettor

Thousands upon thousands of motor cars have been manufactured in the departments of the leading motor companies of the world.

Among all the departments that enter into the manufacturing of motor cars, none performs a more vital part in securing the safety of the consumer than the metallurgical department.

It is the metallurgical department that is responsible for the safety of any car in operation in a hazardous area consisting of any part of a car.

An assurance, however, that such cars are safe and sane have been built in including the car to warrant its construction to study the metallurgical department will do well to take to heart the words of the metallurgical department.

PROBLEM No. 605

From the Chess Editor
Black 5: Kd1, Kg1, Pd4, etc.
Only one completion puzzle
will be set, apart from special
problems, etc. This will
give more time, and we hope
a large number of interesting
problems will be solved.

White 4: Kg1, Qd3, Bc12, etc.
White makes in two moves.

From the Chess Editor
Black 5: Kd1, Bc1, etc.

White 4: Kd1, Bc1, etc.
White makes in three moves.

From the Chess Editor
Black 5: Kd1, Bc1, etc.

White 4: Kd1, Bc1, etc.
White makes in three moves.

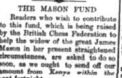

This little was published in
the previous page, from several
responses for something better than
three moves. It is not so difficult

By the average amateur,
and those who make the first two,
of a series of 20 puzzles.

THE NEXT COMPETITION

On Saturday, 20th August, the
first of a series of 20 puzzles.
The general rules governing entries
and competitions will apply with certain
exceptions to be announced later.

White 4: Kg1, Qd3, Bc12, etc.
White makes in two moves.

From the Chess Editor
Black 5: Kd1, Bc1, etc.

White 4: Kd1, Bc1, etc.

White 4: Kd1, Bc1, etc.
White makes in three moves.

This little was published in
the previous page, from several
responses for something better than
three moves. It is not so difficult

It was a mistake for the
organiser, mentioned in the
above, to have a puzzle
which was not a puzzle.
The puzzle was not a puzzle
because it was not a puzzle.
The puzzle was not a puzzle
because it was not a puzzle.

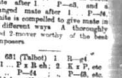

THE MASON FUND

Readers who wish to contribute
to the fund, which is being set
up by the British Chess Federation to
help the widows of the great players
who have died in the past few years,
should send their contributions to
the Secretary, British Chess
Federation, 11, St. James's Place,
London, W.1.

SATURDAY'S RACES.

Keock Crowd Visits Nairobi Course.

STEPHAK WAS THE GOVERNOR'S CUP.

Lady McMillan's Democracy Comes Home in the Divided Open Handicap.

The races on Saturday were attended by a large and varied crowd, and were probably well watched by the Governor, who was present in person. The racing was very good, and the spectators were well served by the officials. The Governor's Cup was won by Stephak, and the Divided Open Handicap was won by Lady McMillan's Democracy.

Now! Goodyear Cords Can Be Run With Lower Air Pressures

How can it be done?
The new Goodyear Cord Tyres have been so improved, the sides built on the new plan as strengthened, the walls, so thinned, that lower inflation pressure can be recommended with better results.

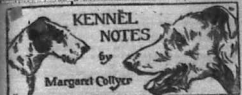

What are the advantages?
Greater riding comfort. The lower pressure makes the tyre more yielding to uneven surfaces. They provide easier riding comfort for driver and passengers. They reduce vibration throughout the car to a minimum and increase the life of the chassis and body.

Do these pressures refer to Balloon Tyres?
No. The recommended pressures given beneath refer to the new regular Goodyear Cord Tyres. Goodyear Balloon Tyres will not be available in Kenya until October. In the meantime you may ride in greater comfort than in the past if you try the new Goodyear Cords.

Use these Inflation Pressures With the New Goodyear Cords

Make of Car	Tyre Size	Pneumatic Pressures		
		Front	Rear	Front
Buick # 1	30 1/2 x 120	75	80	65
Chrysler	30 x 34	75	80	65
Cop	32 x 44	75	80	65
Dodge	32 x 34	65	70	55
Dodge	22 x 4	45	70	40
Durant	31 x 31	65	70	40
Durant Road's	31 x 31	60	65	40
Emm # 4	32 x 4	65	70	55
Emm # 8	31 x 31	60	65	40
Ford	30 x 31	55	65	60
Hudson	32 x 4	70	75	45
Hupmobile	31 1/2 x 116	70	75	60
International	34 x 4	65	70	60
On Wheel # 1	30 x 34	70	75	60
Studebaker	31 x 4	60	70	45
Studebaker	32 x 44	60	70	45
Willy Knight	32 x 4	60	70	45
Willy Knight	33 x 4	60	70	45

In testing, pressures run either a 1/2 or 1 lb. less than those shown above. To fit these new Cord Tyres

W. J. JEFFERY & CO., LTD., 51, London, E.C.4.

Very old rifles are given special care of life when repaired at the GUN SHOP SYSTEM (Madison Street Building). We are invited to inspect their work.

BIG MAIZE THEFTS IN NYANZA.

One Farmer Loses 30 Tons.

PROVINCE NOTES

From Our Own Correspondent. There is a distinct drought in Nyanza at present, and the farmers are feeling very nervous about their crops. The quantity of maize in the past few months has been very low, and it is feared that the drought may be such as to cause a serious shortage of food for the natives in the district.

A number of singular outbreaks of the malarial fever have been reported in the district. It is believed that the disease has been brought in by some of the natives who have returned from the coast, where they have been infected.

Lombas Hospital

Setting a Trap. The Lombas are being held for the trouble and many of the questions under the direction of the Commission. The Commission has been holding a number of inquiries, and it is believed that the results will be most satisfactory.

Amber on R. Aftin.

Amber is a very fine and valuable stone. It is a member of the garnet family and is found in many parts of the world. It is used in jewelry and for decorative purposes. The most famous amber is from the Baltic coast, and it is used in the manufacture of ambergris, which is used in perfumery.

Over 10,000 Doctors have recommended Wingarnis. It is a powerful and reliable medicine for all diseases of the skin, such as eczema, psoriasis, and dandruff. It is also used for rheumatism and neuralgia.

EAST AFRICAN COFFEE.

Latest Report of London Market.

SUPPLIER SHOCK.

From Our Own Correspondent. The London market for coffee is showing signs of a sharp decline. The prices of various grades of coffee are falling, and it is believed that this is due to a combination of factors, including a shortage of supply and a decline in demand.

The "Columbo" Thanks

"The Columbo" is a popular and reliable brand of coffee. It is known for its rich flavor and high quality. The brand is owned and operated by the Columbo family, and it has a long history of excellence.

WHO'S WHO ON THE EAST AFRICAN COMMITTEE.

Candid Criticism of C.O. Advisors.

A BOY "PACKED IN INTERESTS OF PRO-NATIVE PARTY."

Many Members of Office. IMPROVED WITH THE BOOT WHEN IT WORKS IN FURISHED; DANGERS OF FERMENANT.

London, July 31. The appointment of the East African Committee, which was inaugurated on July 29, is now being investigated on the part of the Members and the type of work they are expected to do. I remain as you are expected to do. I remain as you are expected to do. I remain as you are expected to do.

THE COLEMAN QUICK - LITE LANTERN

The SUNSHINE OF THE NIGHT THE IDEAL LIGHT FOR THE FARM.

SOME POINTS FOR YOUR CONSIDERATION.

- (1) This lantern gives a brilliant 300 candle power light—brighter than 50 oil lamps—and will burn for 15 hours on one filling. (2) It makes and burns its own gas from ordinary petrol and air. (3) It will burn for 30 hours for a cost of less than one shilling. (4) It is therefore brighter than electricity and cheaper than candles. (5) It is perfectly safe and even if held upside down or rolled over, cannot explode. (6) It will burn unaffected by the strongest wind or the heaviest rain. (7) It smokes not—neither does it smell. (8) It is the only patent lamp in this country allowed by your Insurance Company without extra premium.

Demonstrations on application.

FIRST, LARGEST, BEST.

Certain interested parties are spreading the report that our millings plant is "unsatisfactory." This is a gross fabrication and has been established by over 150 people by the fact that our millings machinery installed by us on the spot last year, and in 1921, has a large capacity, that it is in use by other mill owners or being sent to other countries, and in previous years, when we had the advantage of 12 years experience, of best conditions and best wheat.

At a distance, highly polished and steel with rubber rollers and heavy sides.

STOP ALL ACHES & PAINS
 USE **SLOAN'S LINIMENT**

If you're bothered by Rheumatism, Neuralgia, Sprains, Bruises, Backache, any muscular or nerve pain—just use a few drops of Sloan's Liniment and you're rid of it. The very "best" application is this liniment. It penetrates right down to the seat of the trouble, warming and easing the nerves and tissue. You can almost feel the inflamed swelling or stiffness subside, as the pain goes down and lives.

You do not even have to rub it into the Sloan's Liniment. It penetrates and acts the best naturally. Try it at once if you suffer from

RHEUMATISM, BACKACHE, SPRAINS, BRUISES AND ALL MUSCULAR AND NERVE PAINS

Look for the portrait of Doctor Sloan.

Warranted Pure and Genuine. Solely Prepared at Lowell, Mass., U.S.A.
 Sold Everywhere. Solely Prepared at Lowell, Mass., U.S.A.

The Relief Map and Pictures At Wimberley's.

WIMBERLEY'S VIEW.
The African World has been transformed by the Relief Map and Pictures At Wimberley's. The Relief Map shows the continent of Africa as it really is, with its mountains, rivers, and seas. The Pictures show the various parts of the continent as they are, with their characteristic features and scenery. This is a most interesting and useful work, and one which should be in the hands of every student of Geography.

These are not merely diagrams, but actual photographs of the various parts of the continent, showing the mountains, rivers, and seas as they really are. This is a most interesting and useful work, and one which should be in the hands of every student of Geography.

COLONIAL SECRETARY DECLARES LABOUR'S KENYA POLICY.

Answer to Indian Committee.

FRM ON REJECTION OF THE HIGHLANDS
FOR WHITE SETTLEMENT.

Will Stand by Communal Franchise.

DECLARATION CONCERNING TO WAIT FOR SOLUTION
OF A COEFFICIENT OF STABILITY.

Native Opinion Strongly on Indian in League.

(LONDON NEWS'S AGENT.)

LONDON, Aug. 7.

In the House of Commons to-day Mr. J. H. Munn (Dartford, Kent), asked whether the Secretary of State for the Colonies was in a position to make a statement in regard to representations recently made to him on certain matters affecting Indians in Kenya. He also asked whether the Secretary would be prepared to make the subject of the Indian in the Colony a subject of his own investigation, of whatever class or race or economic interests, which may be prejudicial to the interests of the Colony. He also asked whether the Secretary would be prepared to make the subject of the Indian in the Colony a subject of his own investigation, of whatever class or race or economic interests, which may be prejudicial to the interests of the Colony.

Mr. Munn also asked whether the Secretary would be prepared to make the subject of the Indian in the Colony a subject of his own investigation, of whatever class or race or economic interests, which may be prejudicial to the interests of the Colony.

Mr. Munn also asked whether the Secretary would be prepared to make the subject of the Indian in the Colony a subject of his own investigation, of whatever class or race or economic interests, which may be prejudicial to the interests of the Colony.

THE IMPORTANCE OF GOOD ROADS.

General Aspects of Roads Development. CONSIDERATIONS OF HIGHWAY FINANCE.

Improvement of Highway Transportation Vitaly Concerns the Public Welfare.

WHY FORD PREDOMINATES.

THE FORD IDEAL.

I will build a motor car for the great multitude. It will be large enough for the family, but small enough for the individual to run and own for. It will be constructed of the best material, by the simplest design that modern will permit...

HENRY FORD

There are more than FOUR MILLION Ford Cars in service today. That is the world's tribute to the efficiency of the Ford Car.

For the man who needs a car that will stand the constant grinding of hard usage day after day, year in and year out, a car that is inexpensive to buy, and costs little to operate, there is but one Car—

A FORD.

NEWTONS Ltd., NAIROBI.

With the aid of the Finance Department, Mr. J. Bennett goes through the question of road finance, the importance of public service, building, traffic, and the various methods through which road improvement can be carried out by all those concerned with the subject.

Examples of Economic Advantages. Some points are made as to the value of the Southern States in the United States, and the various methods of road improvement.

As to the need for a road, it is pointed out that the road is the most important factor in the development of a country.

It is pointed out that the road is the most important factor in the development of a country, and that the road is the most important factor in the development of a country.

It is pointed out that the road is the most important factor in the development of a country, and that the road is the most important factor in the development of a country.

over has been greatly aided by the assistance of the Government in the United States.

Motor engineers have been working on the subject of road finance, and the various methods through which road improvement can be carried out by all those concerned with the subject.

Aspects of Good Roads Development. The question of good roads development has two general aspects: the financial and the technical.

The financial aspect of good roads development is the most important, and it is pointed out that the road is the most important factor in the development of a country.

It is pointed out that the road is the most important factor in the development of a country, and that the road is the most important factor in the development of a country.

As to the need for a road, it is pointed out that the road is the most important factor in the development of a country, and that the road is the most important factor in the development of a country.

the hands of the State, and to have

HINTS TO MOTORISTS.

Knocks—Their Causes and Cure.

A knock in the engine may be

caused by many causes, some of

which are extremely difficult to

diagnose and cure, and some of

which are very simple to cure.

Some varieties of the trouble

may be cured by the use of

oil, and some by the use of

grease, and some by the use of

oil, and some by the use of

grease, and some by the use of

oil, and some by the use of

grease, and some by the use of

MOTOR CAR TRIALS TEXAS.

Cars Represented Locally Well in Long Distance Run.

ENDURANCE AND ECONOMY IN 1926 LONG ROAD RACE.

(Continued from page 17).

The cars which were entered

in the race were the Buick, the

Chrysler, the Ford, the Packard,

and the Studebaker. The Buick

was the fastest, and the Packard

was the most economical.

The Chrysler was the most

comfortable, and the Ford was

the most reliable.

The Studebaker was the most

economical.

Economy

For lowest cost per mile, the design, construction and system of lubrication of your Ford engine determine all of the definite characteristics found in Gargyle Mobilil "E".

For lowest cost per mile, the piston clearance requires oil all the body of Gargyle Mobilil "E".

For lowest cost per mile, the Ford splash lubricating system calls for oil which, like the Gargyle Mobilil "E", atomizes readily and distributes properly in every lubrication point.

For lowest cost per mile, the Ford bearings need oil which works freely between the close-fitting surfaces. Gargyle Mobilil "E" does.

If you use a Ford owner that you know Gargyle Mobilil "E" - do not accept some other brand claimed to be "just as good." Gargyle Mobilil "E" is specially manufactured for the Ford engine by the oil's makers in the world.

MOTOR NOTES
(Continued from page 10)

It is a fact that the motor industry in Africa is still in its infancy. The number of motor vehicles in use is still very small. The motor industry in Africa is still in its infancy. The number of motor vehicles in use is still very small. The motor industry in Africa is still in its infancy. The number of motor vehicles in use is still very small.

AFRICAN AUTO STANDARD
Nairobi, August 8, 1936.

THE CASE OF THE ROAD.

What constitutes a good road? Naturally the definition must be progressive according to the accepted standard of what is considered a good road in any country.

Some may consider the roads of Europe good, but the question is, are they as good as the roads of the United States? The question of a good road is not only a question of the quality of the road but also a question of the quality of the vehicles that use it.

Federal Safety Measures.
HOW TO AVOID ACCIDENTS

There are a few simple precautions that should be observed in the handling and use of firearms. These are: 1. Always keep the muzzle of the gun pointed in a safe direction. 2. Always keep your finger off the trigger until you are ready to fire. 3. Always be sure of your target and what is behind it. 4. Always use proper gun safety techniques.

Advertisement for Mopac. 'SOME POINTS FOR YOUR CONSIDERATION. This lantern gives a brilliant 200 candle power light - brighter than 20 oil lamps - and will burn for 16 hours on one filling.

Advertisement for Mopac. 'MOPAC. THE IDEAL LIGHT FOR THE FARM. 1) This lantern gives a brilliant 200 candle power light - brighter than 20 oil lamps - and will burn for 16 hours on one filling. 2) It makes and burns its own gas from ordinary petrol and oil. 3) It will burn for 50 hours for a cost of less than one shilling. 4) It is therefore brighter than electricity and cheaper than candles. 5) It is perfectly safe and, even if held upside down or rolled over, cannot explode. 6) It will burn unaffected by the strongest wind or the heaviest rain. 7) It makes not - neither does it smell. 8) It is the only lamp in this country offered by Messrs Mopac Company without extra payment. Demonstration on application. THE AFRICAN MERCANTILE COMPANY LIMITED. NAIROBI, KISUMU, MOMBASA, JIRGA, KAMPALA, RWANDA, BUROKO, YANZA, DAR-ES-SALAAM, SANSHAR. Yours: "NAVIGATION."

SUGAR PRODUCTION IN KENYA.
 The Colony's Encouraging Prospects.
 RAISED PRODUCTION.

Through the encouragement of the Government, the sugar industry in Kenya has been steadily increasing since 1918. The production of sugar in Kenya is now estimated to be 100,000 tons per annum. The Government has been actively encouraging the industry by providing subsidies and other financial assistance. The sugar industry is now one of the leading industries in Kenya.

The Whisky bottle that looks proud and pleased

THE "brimble" and "dimple" on the face of the new "P.D." bottle give it an unmistakable expression. It is brimming with pride and dimpling with pleasure. It is unable to conceal the fact that its contents are "special."

The grandly old whisky that fills the "P.D." bottle with pride and pleasure will let you in on your discovery of it. It is not primarily old whisky. It is not false-colored whisky. It is genuinely old whisky, unimpaired and wood-matured. Insist on Peter Dawson.

FIRST, LARGEST, BEST.

Certain interested parties are spreading the report that our selling price is "unreasonable." This is quite untrue. Certainly we have been established for over 15 years but the very few selling machines installed by us in this year, last year, and in 1921, has a larger capacity than that of any other mill now running or being erected in this country. And in placing our new plant we had the advantage of 12 years experience of local conditions and local wheat.

UNGA Ltd., NJORO
