# Ford CARS & TRUCKS.

## Used in Every Field of Transportation.

Truly amazing in the versatility of the Ford. In passenger transportation the Ford Car has achieved unparalleled popularity. In freight transportation the Ford four-ton Truck has proven pre-eminently successful—so successful that it has enabled us to reduce almost every line of business.

## Reduced Price

(owing to the large increase in the sale of Ford "V8" ten ton trucks we are now importing in large units, thereby effecting a considerable saving in freight), which has enabled us to reduce the price of these vehicles over 10%.

- One-ton Truck, Standard Ford axles, **£140** L.M.S.
- One-ton Truck, **£170** L.M.S.

These prices are effective from 1st-day.

### The Motor Mail & Exchange

#### A CIPHER IN THEIR TRACKS.

We understand that the Motor Mail & Exchange is planning to expand its operations in the East African region. The company, which was founded in London, is currently operating a fleet of motor vehicles across the continent. It is reported that the firm is looking for additional capital to facilitate its growth. The Motor Mail & Exchange is said to be one of the leading motor transport companies in the East African region.

#### A Night Appointment.

It is understood that a night appointment has been made for the trial of a new motor vehicle. The trial is expected to take place in the early evening hours. The vehicle in question is a new model of a popular motor car. It is said to be one of the most advanced models currently available in the market. The trial will provide an opportunity for potential buyers to see the vehicle in operation under real-world conditions.

#### A Very Good Example.

A very good example of a motor vehicle has been received by the local agents. The vehicle is a new model of a popular motor car. It is said to be one of the most advanced models currently available in the market. The vehicle is expected to be put into service in the near future. It is believed that this new addition to the fleet will significantly enhance the company's service to its customers.

#### 26 CROWN.—The crown, which is a new model of a popular motor car, has been received by the local agents. The vehicle is said to be one of the most advanced models currently available in the market. It is expected to be put into service in the near future. The crown is believed to be a very good example of a motor vehicle.

#### T. MARRAS.—The following information has been received from T. Marras, who is a well-known motorist in the East African region. He has recently acquired a new motor vehicle, which he is very pleased with. He has been using the vehicle for several months and has found it to be a very reliable and comfortable mode of transport.

#### EXTRA PASSENGER CAN BE CARRIED.

It is interesting to note that a new motor vehicle has been designed to accommodate an extra passenger. This feature is particularly useful for families and groups of friends who are traveling together. The vehicle is designed to be spacious and comfortable, with ample legroom and headroom. It is expected to be a popular choice for those who are looking for a reliable and comfortable mode of transport.

# B.S.A. MOTOR CYCLE.

Every detail in the comprehensive specification of B.S.A. Motor Cycles provides evidence of the careful thought expended on the production of these popular machines, and incidentally shows another reason why you should choose a B.S.A. While every feature essential to the efficiency of B.S.A. Motor Cycles is included (mechanical fitting on all models, for instance), care is taken not to standardize such a filament as a lighting set. Lighting sets have to be paid for, and while some riders prefer the comparatively expensive electric lighting others find that acetylene fulfils all their requirements.

## Have a Comfortable Haircut.

Remember and surely think how hard to get a hairdresser to make a haircut. There are so many styles to choose from and so many different opinions as to what is the best. It is a pity that a woman should have to go to a hairdresser to get a haircut. There are so many styles to choose from and so many different opinions as to what is the best. **EXTRA-STRENGTH STAYING EFFECT**

**JAMES O'NEIL**,  
the Open Champion of France, 1923.

**CONTROL** of your muscles in golf depends largely upon the state of the nervous system. Such factors as failing to watch the ball, and involuntarily moving the head, the unexpected touching of the muscles as the swing commences, knee tremors, and above all the missing of short puts, are certain signs that the player has not perfect control over his nerves. Like every other, I unfortunately at times display these same symptoms, and I regard Phosferine as a remedy for getting the nerve, and immediately I begin to feel my nerves set to work on an extraordinary stay-making effect and very soon pull me up to scratch again."

**Phosferine** does not irritate but gives muscular energy. It is not a stimulant, it does not excite the nerves, it does not cause nervousness, it does not cause insomnia, it does not cause indigestion, it does not cause dizziness, it does not cause headache, it does not cause heart trouble, it does not cause any of the ailments of the nervous system.

**Phosferine** is a pure vegetable preparation, it is not a stimulant, it does not excite the nerves, it does not cause nervousness, it does not cause insomnia, it does not cause indigestion, it does not cause dizziness, it does not cause headache, it does not cause heart trouble, it does not cause any of the ailments of the nervous system.

**PHOSFERINE**

THE CHIEF SCOUTS LETTER TO THE "E. A. STANDARD'S" LONDON CORRESPONDENT.

Dear Watney.

The Kenya Outcrop of 1500 Acres has been found in number has actually gone up for it is considered a discipline. They are a delightful lot as they are the temple of the highest of Kenya (White Joe as we call them) and they are a fine lot of men to carry for a well developed horse.

Both the Chief and the Duke of Cornwall were particularly taken with a subject - an interesting subject particularly in the fact that the collection of many of the other Kenyan outcrops this way a few feet.

It is typical of the attitude of the Chief that you say that the Chief has been so kind as to send a couple of all the other men out on the other side a high way to the other side his assistant could.

Yours in Africa,
Rene Nassau-Louvy

Stop this farce!

In tropical countries people don't drink hot tea because they cannot stand to warm their feet. The custom spring from the fact that tea is a gentle refreshing stimulant.

At least, it is not when in fresh condition and properly brewed.

But suppose it is not fresh and is not properly brewed. Why can you drink the hot tea? Just get you then!

This is when four o'clock tea becomes a drink of fate.

Never need insist to be served in your household if you get it from your boy.

Good quality and skillful blending make a cool brew. You can be sure of this by the various packing prevents deterioration.

You'll prefer Broule Bond the good tea in the tin that keeps it good.

DEPENTS OF WEMBLEY.

To the Editor, "E.A. Standard."
I have been reading your issue of the 18th inst. and am glad to see that you have taken so much trouble to get the facts of the case straight.

As a matter of fact, I have been head of the exhibition ever since it was first started, and I have been in the same position ever since it was first started.

As for the building matter, I have been in the same position ever since it was first started, and I have been in the same position ever since it was first started.

THE BUDGET FOR 1925. Expenditure £2,09,397 and Revenue £2,093,460. Leaves £1,763 in Hand.

NATIVE MATERNITY HOSPITAL. £20,000 to be Spent on Important New Education Scheme.

Mr. New Year Prop and Mr. Budget on...
"Best African Standard" Special.

The 1925 Budget, announced last night, makes provision for expenditure of £2,091,977 and Revenue £2,093,460, leaving a surplus of £1,763 in hand.

Essentially every department will come next year. There are no new taxes. In the Customs section Government anticipated extra revenue primarily from increased imports of liquor, tobacco and wheat. The Cotton Tax is expected to bring in £1,000,000 extra in being kept on extension. An Inspector of Native Education is proposed, heads and staff at Kibale and Kisumu. The abolition of the opium trade is proposed.

The Medical Department, new schemes include the creation of a Native Maternity Hospital to treat women from the Indian and African races. Under Native Affairs a new department is proposed, called the Department of Native Industries to deal with 'Kibale' and 'Kisumu'. Provision is made for additions to the native ranks of the Police.

### FEINTING RISK EXPERIENCE CAUSED BY REVISION OF LAWS.

(From an Special Correspondent.)

Members of the Legislative Council of the High Court of East Africa have been occupied here to-day in the consideration of a bill which is to be brought to the table of the House in the near future. The bill is a really startling one, inasmuch as it deals with the country's legislation, but has not yet been introduced. It is a bill which is to be introduced by the Government, and is a bill which is to be introduced by the Government. Certain interested parties are spreading the report that our milling plant is "antiquated." This is quite untrue. Certainly we have been established for over 15 years but the new flour milling machinery installed by us this year, last year, and in 1921, has a larger capacity than that of any other mill now running or being erected in this country. And in planning our new plant we had the advantage of 15 years' experience of best conditions and best wheat.
