Concession to E Afr. Syndicate

As signs have failed to conclude negotiations with Booray Co. for recommendations that scheme refer to a draft here 3 Oct. 1912 which was favourably accepted to revert to

Mr Head
The draft Supplementary Agreement
(which was drafted when the Booray proposal was made) is on the inside
at the bottom of the bundle. Please see
also Mr Kitchener's minute on 8508/12 -

I enclose printed memorandum to be
joined by the foot by referring the
enclosed copy of the Supplementary
Agreement to that forwarded by the
Syndicate in 39972/13. The S.A. proposed

10. that a defined area of 50,000 acres
would be marked off & enclosed for
the Syndicate. This area to contain
such suitable conditions as to render
(as far as possible) suited the plan
of operations and to appeal to

1914

PRINTED FOR USE OF THE AFRICAN COLONIAL OFFICE NO. 101 G

(was exposed)

- (1) That the remaining £70,000 acres should be divided into six blocks, to be dealt with separately as follows:

(2) The first - say Block B1 - to be sold by the Syndicate at a price equivalent to the original base (36/- per acre), to split up into farms, kept to form the nucleus of the Syndicate. The other land to be sold by the Govt. at a rate of the Syndicate at a minimum price of £50/- d. an acre with development regulation fixed up by the Govt.

(3) The 5th & 6th portions forming the other half "provisional" of the Syndicate will say Block B2 - which will be dealt with in a body, & so on.

So far as I can gather from the S.A. the
Ex-Committee would be at liberty to dispose
of the funds in their half of the 15
blocks as soon as they had completed
block, but I am not certain they would
willing very much. The A block they
would not dispose of until they had
finished the first odd

The S. A. has the advantage of enabling
the Earl to fix his disposal and
a period of 20 years may be
a condition of this kind, and so
arrive at a settlement.

30362-4

You will remember that it was
proposed, that as an alternative,
to the S.A. or the Graduate Board
and for a number of the Council
on the basis of their assessment
a portion of the land. This case
should, I think be brought forward
as soon as they appear. The view
I agree to go S.A.

Let's tell the Syndicate that
the four consider that in view of
the breakdown of the Board period
the arrangements the contemplated in
the draft supplementing agreement
should be revised to read if they are
willing to complete that agreement

W. Read

I have submitted some draft clauses to carry out the points agreed upon at our meeting with Mr. Villiers yesterday.

Our new clause takes the place
of 5-10 in view of the diff
represented contract & claim
in his favor ~~now~~ ^{now}
5-11 of the first sub-clause

I think we can accept
all the obligations suggested
(the Director's suggestions see
the red ink annotations on
the left left with us by
Mr. Miller)

I understand that Mr. H. H.
is available at 10 a.m. Tuesday
to consider the best terms
of the agreement he should
then ready the Stock report
for transmission to the Govt.
Before this is done it should
be left to go over again to
polish it up.

I must add that, although
I do not consider this at all
a satisfactory form of agreement
I have followed the existing
as closely as possible in
order to secure an agreement
as soon as possible. This does
not mean that I think it
will be the best form of
agreement. I signed it
just to get it off my hands.

C. G. - 131.4.1944

The Govt. I suppose, wants to have
the development continue & H. Miller
to be the only individual involved
with his name left on it.

The new clause goes effect to May 1st and
that the Director should be required
to pay for the land after they sell it and
that the sale should be supervised by
the Director by representation.

They have a free clause of 1/3 15th
April, by which the Govt. has the right
to turn it back.

I am very much concerned about this
as a result of the following. The
purchase price of \$5,112.16 based on
the terms of the original lease + options
go to the Govt. without my charge for survey.
I want "at least 1/3 of the Govt. in clause 3.
The Surveyor has already surveyed the area
as a whole.]

clause 6. "Read the Soil Survey Report so
as to include Block A"

(g) This will require provision being
made in the next L. order for the grant of
freehold title. I am going to advise him
that you have no objection to
such a grant but that the government
should be given a 1/3 of the value.

(h) An acre is to be taken
85 sq. 2000 acres.

The new clause provides for the Director
offering the purchase of the freehold
and for the Govt. to accept or decline
it. If they do not accept the Govt.
will give 1/3 of the Govt. cost to the Govt.

for they are more often than not, and they
are probably much more than half the whole
of the cattle - in addition to those which
they say that they would have obtained
had they not refused to sell the other
six blocks of cattle. The other
six blocks of cattle have retained their area
for their owners after very competitive
of March 1, while the cattle of the other
have all gone to pasture in 1929.

I submit very clearly, etc., to
you and what we agreed (~~in part~~)
today. I have not had time
to go through the agreement in full
yet so should be glad to have the
paper back before we have the final
copy ready for submission to
the Tribunal. H. J. R.

As Col. Villiers objected to
the proposed claims to the areas
as no alternative. (See copy.)

I have now finally settled the
new clauses (copy below) & made
the necessary alterations in the
DFT of the supplemental agreement
(1929) left here by Col. Villiers.

We should now

? send this copy
as amended "in
DFT of the new claims
to the Tribunal etc. for
their consideration stating
that the DFT is attached
for carrying out the terms
agreed (subject to written
~~and~~
~~and~~ agreements thereto) between us
& Col. Villiers at the
recent interview.

When we finally agreed
the provisions with the Tribunal
we shall have N. send out
the result to the far east &
the result will call attention to it and
one or two hours
answ. I am not quite clear
what or how far west stands
(viz. the 1902 order & rules
(or the far can do
otherwise) the far east
every thing that we agreed to do
in the new DFT we must
ask him to consider the
point. I assume that the far

land legislation to be devised
in the Provinces containing
a saving with regard to all
existing grants & existing
agreements. But we should
draw attention to this.
And we must also draw attention
to cl 9 of the agreement
as altered to ask the Govt.
to consider what legislation
should be passed for the
purpose of a clause

I presume the Govt.
has no objection to the alterations
made on Cl. 9 in
copy of the old aff. of the
Proprietors Syndicate

Before the letter to
the Proprietors for our copy
of the 1911 ~~agreement~~ aff.
should be altered so as to
correspond with the aff. which
goes to the Syndicate a copy
of the new clause and

CP. 7/2/13

with regard

The original lease dates from 12 Dec.
It was granted in the T.O. form - area
land being 500 square miles - rent
(payment for first 7 years) £500 - year
period 25 years - develop & cultivate
that within 7 years for lots of land
not less than 5 ^{acres} ~~acres~~ of at least ^{form} than
5,000 acres and to be established with
adequate equipment stock &c - Syndicate
to have power to purchase the whole area
for a lump sum of £50,000 after survey of
land & estab. of farms.

The Syndicate claim to have spent
£105,000 in fit's but on the develop.
of the property & in any case, we submit,
that the develop. condition has been
complied with.

Negotiations were carried on with the
Syndicate in 1911-12 on the lines indicated
in the printed Sft. agreed seventh.
The Syndicate were to return a block of
50,000 acres over the railway & the
remaining 270,000 acres were to be split
up into 6 blocks or - the scheme being
offered to the minister who had
suggested it as the minister who had
found that a number enough worked well
from S-W. aspect.

The scheme was not suitable for the
local scheme, which failed though.
The Syndicate then proposed that the whole

individual farms, but Col. V. urged that there might be practical difficulties in the way of this in view of the present supply & the whole area of rearing cattle will have to be so as to make the arrangement with all the more cattle.

(less land at the end of the 25 yrs.)

4.

5(2) + (5) Under the present arrangement the first 10 years will be the time of the blockade with the Syndicate will the whole of the selling to be done by themselves. They say that the first 10 years will be very long & that camp will be forced to keep prices down. The point seems to be of no importance from our point of view, as we are only concerned in getting our 3/4's for our stock & this is provided for.

3/2/14

5(3) This is ~~a~~ a very important provision. The Syndicate is not in a position to put us in more money into development & as they have fulfilled their obligation, we shall have to wait 15 years before we shall be in a position to make use of the land & make a profit. Under the existing arrangements it only will the Syndicate can profit & it will be up to them develop the land & to be compensated by the new cattle to be come in by the new holders a ~~new~~ ~~new~~ with full responsibilities.

5 (b) No comment

87.6
The Syndicate attach importance to the
a day by law a partner may require land
in a Block other than the Block which is
being disposed of at the time & that they
are at will to have the chance of doing so.

87.6 The clause as originally drafted by Mr.
Templer gave the power to terminate the
agreement only. Col. V. suggested that
the Syndicate might have the power to
buy or otherwise own account of the land at
full cost & then sell it. It was further agreed
that if the Govt failed to sell the
land to be empowered to sell the
same - then get nothing in the
land.

87.6 No comment

The Resolution I think the the Syndicate
will be told that the Govt will have
to be consulted as to their proposed
amendments etc. The word etc as
it stands appears to me to be much too
vague.

and the off. of the printed Govt. Agreement
as amended - the 37th of June
comes to the Syndicate as proposed by
Col. V. nothing & less than the
H. Templer.

87.6
After

proposed purchases as merely intended to
form a base of discussion with the
Govt. to whom the whole matter will have
to referred as soon as possible?

P.D. 26.12.13

I am not at all concerned as to either the
necessity or even the desirability of proceeding
with these negotiations. If the company can
by means of the proposed arrangement
placed practically in a position to dispossess its
own mill of 370.000 acres of freehold land
it is obvious that it will not be of much
use for the Govt to attempt to dispose of
freehold land until this area has been
disposed of. And the development of
the Canada Estate will be associated with these
lands as disposed of. It appears to me that
the Govt gets absolutely nothing out of the
proposed deal, and loses any chance of
receiving in 15 to 20 years time the revenue of
the whole 370.000 acres.

I do not propose therefore to go into the
details of the proposed supplemental agree-
ment, but it appears to me to give the Govt
to sell half the land - paying to the Govt 37% per acre
in respect of the land so sold and being
at the end of the fifteen years the Canada

be left with the other half which may be
unmarketable.

At present with only 15 $\frac{1}{2}$ yrs to run
the fo. Crown salt nothing short of a payment
of £50,000. it was apprehended the whole
320,000 acres according to Mr Reed there
is little likelihood in present circumstances
of their being able to do this, and it appears
to me that we get no consideration for
parting with our reversion to this large
block in 15 $\frac{1}{2}$ years time, while we - under
other Crown Land impossible to sell for
that period.

I would drop the negotiation
then, but as we have consulted the Gov.
the matter being ~~very~~ ^{very} ~~large~~ has not
pointed out that under the Syndicate
we freehold the few farms already
and that it may also freehold any fraction
of the remainder and leave the Govt at
£12,000 with a large amount of un-
marketable land and without any obligation to pay
up the balance of £50,000. That it seems
desirable also that he should consider how
far the loss of fo. Crown Land will be affected
by placing these freehold farms on the market.

Quarrel with Sir J. Anderson,
before we are not connected
with any other you tell me of 3 Oct 13

Hi Tampa

The Read

This we left for my mother

I went off to come

fall all day today. I explained

in the hotel telephone with the Syndicate and
not expect a letter until we get there.

Garrison despatched a reply to us. We
gathered that is the answer Col. Wilson
contended they were not even
necessary to buy the whole army but
for the cost of a dozen they would be
excellent.

There are two kinds which I wanted to
mention. (a) The fine horses are included
in Block A which (§ 13 of the horses
draft & § 8 of the wagons, etc.)
is reserved for the general appearance
and cannot be bought unless the
Syndicate and members of the
Union under the Regime are to
buy outright.

(b) It was hoped that a number
of the Syndicate soldiers for sale
at last parts of the Union army or
schools would be accorded by the
regimental (i.e. Regt., Co., etc.)
that the unionists will block them to
arrange a conjunction with the
law office so that before hand
a fair price will be made and

Sir G. Piddes.

Sir H. Just.

~~Sir J. Anderson~~

Lord Emmott.

Mr. Harcourt.

for whom

I have spoken to Sir J. Anderson before altering
the draft, but he should see
my alterations to it (1001).

I have agreed with
Prof. Stoddard to
make the following
changes to the
original draft:

No 42123

of which

N.Y. 998.

I have the honor to acknowledge
the receipt of the Warrant
of the 2nd of January
1914 at 209 off R. 65
I bear^{*} in my mind of
the following consideration
of the case of the late
S.A.S. bill of the late
Sir J. Anderson
1. The author has since
been incurred informally
with Colonel Col. Villiers
of the Guards who
advised that certain
modifications ought to
be made in a draft
supplementary
agreement to be signed

in particular, do not
represent standard
tobacco, however
any which would
be willing to furnish

one of the six remaining
blocks could place in
the draft and they
will, also, state the
Sale of land should
be conducted by their
representative in their
name.

3. A modified draft
which Hendon has been
submitted to - with
a few changes -
the signature and
but before approving of
it, I would like
opposition or
any suggestion
before I sign it.
Rough sketches
concerning & the
terms of business

should
be submitted. You will
consider how far 50% of
~~the total amount~~
the amount paid
presently or except the
amount paid will not
enable the corporation
to conduct its business

be able to purchase the
land upon which
developed, and that the
would also be able to
purchase the portion of
the fraction (not less than
than one-half of the
residence and have
the rest at the end of

the original term of 25
years with a large amount
(or immediate
I had best make
possible of his quickly
and promptly
removable without any
obligation on the part of
the syndicate to pay
the balance of the purchase
price of £50,000.

4. No further question
arose within the character
of the syndicate, by the time

land on the market for
public sale at a very
favourable opportunity
would not prejudice
the Government in
the question of
the transfer of Crown land
to Canadian towns.

5. I shall be glad to receive
a full expense account
now on these points. You
may please consider that
the discussions of the
position are influenced
by the amount of money
available over which
the Syndicate are not
entitled to a position
due to good effect but
for one year that the
first draft was ready to
come into an agreement
which might be prejudicial
to its interests.

6. It is possible, of course, that
other points will occur to
you on which the draft
is open to criticism. In

Brussels April 25

Will you allow me to

(to read with other letters
(especially on the subject))
which are dictated by

the Syndicate before the
date mentioned
and may end to comment

I have the

(Signed) L. HARCOUET.
