U.N. ASSEMBLY URGED TO CONSIDER KOREAN VIOLATION CHARGES

The United Nations Commission on Human Rights has urged the United Nations General Assembly to consider charges against the North Korean government for the execution of a large number of its citizens.

The commission, which is made up of representatives from 18 different countries, has received reports from the North Korean government that it has executed thousands of its citizens since the end of the Korean war in 1953.

The commission has urged the United Nations General Assembly to take action against the North Korean government for these alleged human rights violations.

1934 Cup Soccer Final Results

ENGLAND AND IRELAND CHANGE BACKS

'Rough' in the 'cap'

London, Sept. 15.—(AP)—The England and Ireland football teams have swapped their positions in the 1934 World Cup soccer final results. England, which had been expected to win the cup, lost to Ireland in the final match. The Irish team, led by Jimmy Murray, played a brilliant game, scoring three goals. England's attack was ineffective, and they were unable to break through the Irish defense. The result was a surprise to many football fans, as Ireland had never before won the World Cup. The match was held in Dublin, and the Irish victory was celebrated throughout the country. England's defeat was a bitter pill to swallow, especially as they had been the favorites to win the cup. The Irish team's performance was hailed as a historic moment in football history.

Miles Of Work

BY JAMES READ

A JUDGE of the English High Court recently said that the 'high' of the world today is not the high of the stock market, but the high of the world's work. The world's work is the high of the world today.

Research shows that the world's work is the high of the world today. The world's work is the high of the world today. The world's work is the high of the world today.

SECRETS OF GOOD DRIVING

There is one secret of good driving that is often overlooked. It is not speed, nor is it power. It is the ability to control the car. The driver who can control his car can drive it safely and comfortably under any conditions.

How to judge

When you are buying a car, there are several things you should look for. First, the car should be in good mechanical condition. Second, the car should be a good value for the money. Third, the car should be a good fit for your needs.

The brakes

The brakes are one of the most important parts of a car. They should be checked regularly and adjusted if necessary. Good brakes are essential for safe driving.

Illustration by the author.

When you are driving, it is important to keep your eyes on the road. Do not get distracted by anything. Stay focused and you will be a safer driver.

It is also important to keep your car in good condition. Regular maintenance is key to a long and safe driving experience.

THE THINGS THEY SAY...

When I was in the military, I learned a lot about cars. One of the things I learned was that a car is only as good as its brakes. I always checked my brakes before every trip.

...that Bob Martin condition!

Bob Martin condition is a common ailment among dogs. It is caused by a lack of exercise and poor diet. To prevent it, you should keep your dog active and healthy.

DETAILED REPORT IN AMBUSHED IN RIOTING

Home protest after
 police shooting
 students warning

Students in the United Kingdom have been protesting against the Government's decision to send troops to Kenya. The protests have taken the form of demonstrations, rallies and the burning of effigies. The students are demanding that the Government withdraw its troops from Kenya and that it should support the African people in their struggle for independence.

Kenya remembers dead of two wars

CEREMONY IN NAIROBI

The people of Kenya gathered in Nairobi to remember the dead of the two wars. A solemn ceremony was held at the National Stadium, where a large number of people gathered to pay tribute to those who died in the struggle for independence. The ceremony was presided over by the Prime Minister, and it was a moving occasion for all those present.

N. Rhodesian protest M.L.C. RESIGN FROM EXECUTIVE COUNCIL

FOR HIS CALMNESS and the fact that Rhodesia is a member of the Southern Rhodesian Group, the M.L.C. Executive Council has decided to resign from the Executive Council. The M.L.C. has expressed its disapproval of the Government's policy in Rhodesia and has demanded that the Government should withdraw its troops from the territory.

UGANDA MAZE RECORD

Group works
 23,250,000

Uganda has set a new record for the maze game. A group of students from the Makerere University has completed a maze of 23,250,000 in a matter of hours. The maze was a complex structure made of wire, and the students had to navigate their way through it without touching the walls. This achievement has attracted much attention and has been hailed as a remarkable feat.

IN COURT

Two fishermen were charged with poaching in the Lake George area. The fishermen were caught with a large quantity of fish, which they claimed to have caught legally. However, the authorities suspected that they had used illegal methods to catch the fish. The case is currently being heard in court, and the fishermen are facing charges of poaching.

TWO SOLDIERS WOUNDED IN NAIROBI

Two British soldiers were wounded in a riot in Nairobi. The riot broke out in the city center and lasted for several hours. The soldiers were part of a patrol and were trying to maintain order when they were attacked by a group of rioters. The rioters threw stones and other objects at the soldiers, and two of them were injured. The riot has caused a great deal of damage and has disrupted the normal life of the city.

Israeli soldier killed in border clash

Prison over Egyptian

An Israeli soldier was killed in a clash with Egyptian forces in the Sinai Peninsula. The clash occurred during a border dispute and resulted in the death of the Israeli soldier. The Egyptian forces were accused of firing on the Israeli soldiers, and the Israeli forces responded in kind. The incident has caused a great deal of concern and has led to a deterioration in relations between the two countries.

JAPAN AS MENACE TO WEST TRADE A MYTH

British may have done

Exports inadequate, orders full off

BRITAIN'S export trade during the latter stages of the war was far more than sufficient to supply the needs of the world economy and that this surplus was the result of a combination of factors, including the fact that the world economy was not in a position to absorb all the goods that the United Kingdom was producing. It is not true that the United Kingdom's export trade was in any way deficient, and that the country was in any way short of goods. The only reason for this is that the United Kingdom's export trade was not in a position to supply the needs of the world economy, and that this was due to the fact that the world economy was not in a position to absorb all the goods that the United Kingdom was producing.

SIX BATSMEN HIT 100 OR MORE EACH

Asian player's double century

THIS weekend cricket in Karachi and the structure of the game has been a surprise for watching sportsmen. In the first Test between India and Pakistan, the batting order was changed and a number of batsmen were given a chance to show their class.

Among the batsmen who scored 100 or more were: C. K. Lallu (120), M. A. Azhar (100), and M. A. Azhar (100). The match was a high-scoring affair with both sides putting up a total of 400 runs.

CHIEF ENDS U.S. TALKS ON COPPER

Copper talks between the U.S. and the British government have ended without agreement, according to a statement from the U.S. State Department. The talks, which began last week, were aimed at reaching an understanding on the export of copper from the U.S. to the British Isles. The statement said that the U.S. government had offered to supply the British with copper at a price 10 percent below the world market price, but that the British government had refused the offer. The U.S. government said that it would continue to supply the British with copper at the world market price.

Middle East oil output soars

PERSIAN LOSS OFFSET

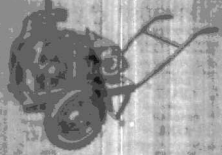

Middle East oil production has risen to a record level, according to a report from the U.S. State Department. The report said that oil output from the Middle East region has increased by 10 percent in the last three months. This increase is due to a combination of factors, including the discovery of new oil fields and the expansion of existing fields. The report also noted that the increase in oil output has helped to offset the loss of oil from the Persian Gulf region, which has been the result of the recent conflict between Iran and Iraq.

New South Africa exchange rate

The exchange rate for the South African Rand has fallen to a new low, according to a report from the U.S. State Department. The report said that the Rand has lost value against the U.S. dollar, and that this has led to a decline in the value of South African exports. The U.S. government said that it would continue to monitor the exchange rate and take action if necessary to protect the U.S. economy.

LESLEY CLAY describes The Work Of St. Nicholas School

RICHARD THE PLEASANT (LOND.) opened his eyes and opened his arms to the world of the world. He was a small, stout, round man, with a friendly smile and a pair of eyes that seemed to see into the hearts of his pupils. He was the headmaster of the St. Nicholas School, a school for the blind in London.

The work of the school is to teach the blind children to read, write, and use their hands. The children are taught to be self-reliant and to take care of themselves. They are also taught to be kind and helpful to others. The school is a place where the children are given the best of everything. They are given the best of the best of the best. They are given the best of the best of the best. They are given the best of the best of the best.

Plans have now been approved for the construction of the MOST VALUABLE COMMERCIAL BUILDING SITE in the City of Nairobi. This site, known as the C.M.S. property—has between Parklands Station and the Old Municipal Hall and Jackson Road and is situated on the edge of the City of Nairobi. All PLOTS ARE VIRTUALLY ISLAND SITES, each having two or three fronts and excellent frontage with ample car parking space and access to loading and unloading. They are close adjacent to the Post Office, Railway Station, Banks and Hotels.

All PLOTS ARE AVAILABLE FOR SHOPS, OFFICES, AND FLATS with the advantage of two plots each required to provide one single use block of the building and two plots to provide two blocks. Applications for sale can be obtained via the following:
