RISK OF WAR WITH SOVIET JUST AS GREAT AS GREAT MOSCOW'S objective not modified COMMUNIQUE BY NATO

ATHOUGH the political risk of war with Russia has been estimated by the International Institute for Strategic Studies, foreign opinion experts on the Atlantic Council consider that the danger is just as great. This was disclosed in a memorandum, issued by the Council in the Paris, London and Moscow, on the 22nd.

The Foreign, Defense and Economic Ministers of the 14 North Atlantic Treaty Organization countries, met with an expert adviser, had a recent day's discussion. The agreement took place at Washington, and that committee's unanimity of view was recorded on the point that the Russians had not modified their objectives.

The Council agreed that the European Defense Community Treaty should be ratified so that the Atlantic Council could be re-constituted. The Council is the body which is to be given the final say on the treaty, and the effect of atomic weapons on future planning and strategy.

The Russian Government has referred to the threat by the United States Secretary of State, Mr. J. Edgar Hoover, that America would have a nuclear monopoly, and that the United States would have a nuclear monopoly, and that the United States would have a nuclear monopoly.

Mr. John G. Thompson, Secretary of the Atlantic Council, and Mr. J. Edgar Hoover, Secretary of State, are seen in the photograph above. They are standing together in a formal setting, likely during a meeting or press conference.

M.C.C. score a leisurely win

The M.C.C. made a confident start in their first match, the only two Division I sides defeated before lunch on this afternoon, when Dennis Barr, Manchester City's goalkeeper, was the only one to be troubled by the visitors. The M.C.C. scored a leisurely win by 25 runs.

Both on trial this afternoon

LAST week's shock defeat of Wolverhampton left the only two Division I sides unbeaten before lunch on this afternoon, when Dennis Barr, Manchester City's goalkeeper, was the only one to be troubled by the visitors. The M.C.C. scored a leisurely win by 25 runs.

Another non-League club gets through

WITH a goal by their centre-forward after 20 minutes, Hastings United, an Ostend-based non-League club, beat Millwall, London, Division III (South) side by 1-0 in their F.A. Cup, second-round replay at Hasting's on Thursday.

Hastings' win deserved victory as they were the older side, and away to a stronger county in their first round, in which there will be three other non-League teams, Wigan Athletic, Peterborough United and Hastings United.

A record gate
In Thursday's early replay, Hastings drew 1-1 with Millwall, another non-League club, at the ground in London. The London Division III match was the first to be played at Hasting's since the war.

The Mainly-For-Women Page tells the story of **AFRICAN GIRLS WHO ARE TRAINING TO BE NURSES**

By Angela Rowe

Of the many Africans who perform useful and essential duties towards their own society and more, none are engaged in more respectable work than of African girls, who, like European nurses, are despatched to distant parts of the world to tend their own kind at the King George V Hospital, situated on the Mughlin Islands.

Wakamba

Of the many of them is a 19-year-old Kikuyu nurse, Wakamba, who, during the last year, has been in the hospital in the United Kingdom. Her mother, who is a traditional healer, has been in the hospital in the United Kingdom. Her mother, who is a traditional healer, has been in the hospital in the United Kingdom.

A word of encouragement from the Matron, Miss R. S. P.

Her mother, who is a traditional healer, has been in the hospital in the United Kingdom. Her mother, who is a traditional healer, has been in the hospital in the United Kingdom. Her mother, who is a traditional healer, has been in the hospital in the United Kingdom.
