The Four-In-One is mounted on the frame of a standard Drott skid-shovel in place of the standard bucket. The Four-In-One includes the exclusive Drott "ride-over, stop-charge" track-out control — a revolutionary protection of track-and-hydro-Springs; all the other Drott skid-shovels.

Simply and simply, the Four-In-One is a strong, many-purpose machine — one that gives you four-machine ability for one machine.

Just the tracks, steel, stop-charge or anything else on the "Machine Selector", with "operator seat".

Panel's judgment on the profits tax proposals

Members of the Panel did not challenge the principle of the proposals, but they were unanimous in their view that the proposals were unacceptable because of the high rate of tax on profits.

The panel's report, which was published last week, contains a number of recommendations which are likely to be adopted by the Government. The panel's main recommendation is that the Government should not proceed with the proposals for a new profits tax. The panel also recommended that the Government should consider other ways of raising revenue, such as a new tax on the sale of land.

Labour reserves comment

On the island, where British troops continue to arrive as reinforcements, two men, one Turk and one Greek, have been the victims of attacks by gunmen. The Greek was shot dead in a coffee-shop in South-East Nicosia, and the Turk was critically wounded when he was fired on in Lamellos market.

When Mr. Macmillan announced the British plan in the Commons on Thursday, the Leader of the Opposition, Mr. Gaitskell, said he would reserve his comments until the House debated the motion.

CIGARETTE DUTY CUT URGED

Proposal to stimulate trade with Rhodesia

HOPES that the duty on imported tobacco could be reduced to stimulate trade with Rhodesia were expressed in Kenya Legislative Council yesterday by Sir Charles Cheswold (Uthmaniyah). He said Rhodesia would like more Kenya produce if Kenya would take more Rhodesia tobacco.

Sir Charles was speaking during the consideration of the Customs Tariff Bill. He said that last year, Kenya had imported a "nice contract" for better tobacco from the Australian Government. It is, in turn, took tobacco. The duty on unmanufactured Rhodesia tobacco was 11/6 per lb. and that on manufactured Rhodesia tobacco was 11/6 per lb. Sir Charles suggested that the duty on imported tobacco be reduced to a considerable amount, about 10 per cent, in order to stimulate trade with Rhodesia.

GREEKS AND TURKS SEEK U.N. DEBATE ON CYPRUS

Both sides declare
 plan unacceptable

MAKARIOS LETTER

With the constitutional position at an impasse for Cyprus as a result of the rejection of the British plan now turning in the United Nations to press their case over the island.

The Afro-Asian group of delegates, of which Turkey is a member, is expected to discuss the situation in New York on Wednesday. Meanwhile, the Greek and Turkish missions have sent letters to the President of the Security Council, Chiang Tsing, of Nationalist China, blaming each other for the recent violence. Cyprus is expected to start the agenda of the General Assembly session starting in September.

Archbishop's lead followed

Refusal to accept the British proposals, which provide for legislative autonomy in internal affairs for both communities during a seven-year transition period. The plan in advance has been confirmed in a letter to the Greek Premier, Mr. Karamanlis, by the Archbishop of Makarios in a letter to the Governor of Cyprus. The Greek Premier, Mr. Karamanlis, has also written to the Macmillan, in similar terms to those written by Archbishop Makarios in a letter to the Governor of Cyprus. Sir Hugh Foot, the Archbishop wrote: "The idea of a condominium on Cyprus is wholly unacceptable because it runs counter to the wishes of the Greek and Turkish peoples and is a violation of the rights of self-determination."

Kenya sets new records

Ten named for Empire Games

ATHLETES have tentatively been selected for the Kenya team for the British Empire and Commonwealth Games at Cardiff next month. Whether all will appear in the 17th overseas sports event is still open to question.

The Kenya A.A. club, which has been the most successful of the short list of clubs, has been chosen to send its best performers to Salisbury in the British Empire Games. It may be possible to send an additional team as well as those named.

BRIGHTER CLOTHES FOR MEN

By HORTON

Washing clothes for men has been a real headache with a range of manual laborers. It is a fact that many of these men are not only hard workers but also hard on their clothes. Some of their misadventures have been the result of using the wrong kind of soap or detergent. Instead of making their clothes brighter, they have made them darker and more soiled.

The solution is to use a brightener that will lift the dirt and grime from the fabric without harming it. This is what the brightener does. It is a powerful cleanser that will remove all the dirt and grime from the fabric, leaving it as bright as when it was first made.

It is a simple matter to use. Just add a few drops of the brightener to the water and wash as usual. The result is a brighter, cleaner shirt that will last longer and look better.

Washing babies' smalls

WHEN we were very young we were very plain. Innocent-looking babies, and had to compensate for their unattractive appearance by a toothless and engaging smile.

Modern infants are given some opportunity to show their teeth before they are weaned. This is a good thing, as it allows them to become accustomed to the sight of their own teeth and to the feeling of having them brushed.

These early teeth are in the gum, or in the process of coming through, and have a soft, pinkish appearance. They are very delicate and should be handled with care. They should be brushed gently with a soft brush and a little toothpaste.

It is important to start brushing the teeth as soon as they appear. This will help to keep them clean and healthy, and will also help to prevent the formation of cavities.

Use a soft brush and a little toothpaste. Brush gently and frequently. This will help to keep the teeth clean and healthy, and will also help to prevent the formation of cavities.

I like

formal shapes of geometry. Reminds me of school days. So long ago. Been pleasant. Most useful learning comes later, though. Appreciates more geometric shapes now. Like shapes with depth to them. Female of course. Also round shapes like glasses. Especially when fitted. Makes me think of a ship's bow in pale moonlight. Not too decorative of the new shapes. Not too decorative of the new shapes. Not too decorative of the new shapes.

LIT OVER MARY GROWS: High TENSION SELVES PROTEST Polish Communists denounce executions COMPLETE SURPRISE

DISSENSION is growing in the Communist world over the executions of Mr. Nagy, the former Hungarian Prime Minister, and three of his followers in the 1956 rising. In a strongly worded Note to Hungary, Poland has said that the executions had deeply embittered Yugoslavians. Poland has also decried from the Communist line over the executions. A report from Warsaw Committee had sent a circular to local Party Central organizations expressing disapproval of the Hungarian action. It said that the Hungarian decision to execute Mr. Nagy came as a complete surprise to Polish leaders.

Adenauer scorn on Moscow

Observers in the Polish capital believe that the Prime Minister, Mr. Gomułka, cannot maintain his policy of support for the condemnation of Mr. Nagy and his followers in the execution expressed in other Communist circles.

In non-Communist countries, the strongest reaction has been from West Germany, where the foreigning has been by a large group, as a reprisal for the stoning of the Polish Embassy in Hungary by the stoning of the Soviet Embassy in Poland. Mr. Adenauer told a political rally in Bonn that he hoped a party of 20 German industrialists visiting Russia would return home with a message of the Moscow attack.

SHOULDER BEAUTY
By Margaret Merril

How many of us realize just how much our shoulders and backs are exposed in this glorious land of sunshine and sun. Be sure that yours is not spotted and unattractive.

To guard against spots, wash back and shoulders daily with medicated soap and smooth in a film of oil of olive before dressing. Keep an eye on your diet—no fried, fatty foods, less starch, less green vegetables, and more fruit. A course with your tablets will also do you good. Be sure that your shoulders are covered when your blouse and coat your hair.

If you do suffer from spotted backs, ask yourself, "Do I suffer from dandruff?" This might be the cause. If so, use a medicated shampoo and be sure that your shoulders are covered when your blouse and coat your hair.

I shall talk about eye-remedies next week.

The Margaret Merril "Dictionary of Beauty" (12s. 3/6) is now available—ask your chemist.
