**5,000-
AFRICA TRIP**

**Support pledged in
most territories**

AKAR DISTURBANCE

De Gaulle flew yesterday from Dakar to Algiers, where he is landing on his 15,000-mile tour of French African territories to rally support for his proposed new Constitution. It is his first visit to Algeria since he took office as premier on June 1.

The general has told political leaders in the territories he has visited that his new Constitution will be taken as a vote for accession to the French Union. But he has made no such statement on Algeria.

Shout approval

The general was given a rousing reception at all points on his African tour. Thousands of people shouted approval of his proposed new Constitution. The Interior Ministry said that the general's visit to the territories was well received.

De Gaulle received a tumultuous welcome at Conakry, Guinea. The Prime Minister, M. Coulibaly, said he and his followers would vote for the new Constitution only if it stated the right of overseas territories to unqualified independence. A French-African pact had already supported.

In Dakar, a group of 40 youths addressing to shout approval of the general, who was attending shortly after a speech in a square. The Prime Minister shouted to the crowd, "I am with you." Some of the youths were shouting "I will take it." At the end of the speech, the general said that he would accept the new Constitution only if it stated the right of overseas territories to unqualified independence.

Religious education

A letter signed by thirty members of the Anglican clergy in the Diocese of Nairobi, Kenya, has been received by the Rev. Canon J. H. Doshi, Director of Religious Education, Nairobi.

The letter, dated August 15, 1968, expresses the members' concern over the declining religious standards in Kenya. They note that many of the young men entering the clergy are poorly educated and lack a deep understanding of their faith. The members propose a series of reforms to improve the quality of religious education, including the implementation of a rigorous entrance examination for students entering the seminary and the appointment of more qualified teachers.

The members also express their concern over the role of the church in society. They believe that the church should be more active in addressing social issues and promoting the welfare of the community. They call for a renewed commitment to social justice and the promotion of peace and unity in Kenya.

Increasing share by Africans in Government

SHANGNYIKA REPORT TO U.N.

Standard Correspondent Dar-es-Salaam.

The Government level has revealed in Africans talking a large share of the many executive and advisory organs of government in Tanganyika. This is stated in the Government's report to the U.N. Commission on Human Rights in the African Commission on Human and Peoples' Rights, held in Addis Ababa.

The report states that the Government is committed to the principle of the increasing participation of Africans in the government. It notes that the number of Africans in the various organs of government has increased significantly since independence. The report also mentions that the Government is taking steps to ensure that the interests of all groups in the population are protected and that the law is applied equally to all citizens.

FORT JESUS MUSEUM PLAN READY

Conversion work will start soon

"Standard" Correspondent Mombasa.

Mr. James Kibuka, Chairman of the Fort Jesus National Park and Coastal Historic Sites, told a meeting of the United Kenya Club in Mombasa that he had completed plans for the museum and other new buildings to be built at Fort Jesus.

The work on the museum and other buildings is expected to start in the next few months. Mr. Kibuka stated that the museum will be a place where the public can learn about the history of Fort Jesus and the surrounding area. He also mentioned that the conversion of the old buildings into a museum is a major project for the Government.

The House is in recess and the House of Parliament is to meet today. People who have been in the habit of attending Parliament will have been surprised to find that the House is in recess and that the House of Parliament is to meet today. This is due to the fact that the House of Parliament is to meet on a Monday and the House of Representatives is to meet on a Tuesday. This arrangement is new and has caused some confusion among the public.

APPOINTED TO SEYCHELLES

APPOINTED TO SEYCHELLES

The Government has appointed a new High Commissioner for the Seychelles. The appointment is a significant move as it shows the Government's commitment to the development and welfare of the Seychelles. The new High Commissioner is expected to arrive in the Seychelles in the next few months.

Liberty cinema opened CEREMONY BY MAYOR

OPENING the new 255,000 Liberty Cinema at Pangani, last evening, the Mayor of Nairobi, Aid. Mrs. Wadhvani Clark, said every new building showed faith in the future of the development and progress of the city.

It is especially gratifying at a time when there is universal reaction in commerce," the Mayor said.

Although new buildings of all kinds were everywhere they did generate the social problem of the parking cars, she stressed that the Liberty had provided a park for 100 cars.

The cinema, which seats 500 people, and is the largest in Nairobi, has been completed nearly three months ahead of schedule.

It has been designed by Mr. E. H. B. Smith of Messrs. Ward, Ripps and Co. and erected by Messrs. Shalaby Brothers for one month. Later, it will also have a restaurant and a bar next to the cinema.

Films are shown on a cinema scope screen, but provision is made for "cinemas" should this type of film become available in English and no Indian programme will be shown each week.

Sound is provided by 22 loudspeakers, some of which are grouped behind the screen. The projection equipment is of the latest design.

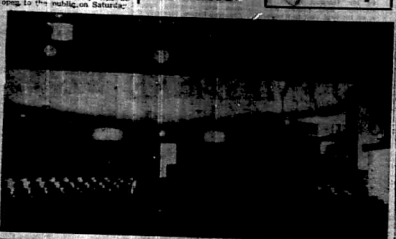

The cinema is air conditioned, has rubber cushioned seats, and the screen is set back on the stage so that people in the front row of the stalls can watch in comfort. The Liberty will be occupied by the Robinson-Bathurst

Above—Visitors went outside the cinema to inspect the new building. In the foreground, the Mayor of Nairobi, Aid. Mrs. Wadhvani Clark, is seen with the Mayor of Pangani, Mr. J. M. Mwangi, and other officials. Below—A clear view of the screen is assured for everyone in the balcony, where the comfortable seats are steeply tiered. The projection room can be seen in the top right of the picture.

INVASION THREAT BY PEKING

U.S. concern on Quomoy despite defenders' scorn

CHINESE Communist threats that a landing in the Quomoy group of islands was imminent were treated as farce yesterday, but aroused concern in Washington. In broadcast to Formosa, the Communists claimed that the islands were in great danger and that the government of Quomoy was to be overthrown. A landing party of 10,000 men, the radio said, was being dispatched from Peking. A Communist military headquarters, was quoted as saying that the islands would be 'pulsitively' taken.

Crisis in Far East affects markets

Contract House (E.A.) Ltd. Nervousness concerning the Far East has been accentuated by the recent eastern trend of stockmarkets.

Disasters in early July seriously affected various commodities, particularly rubber, which was particularly depressed. However, a steady recovery has been taking place in the Far East since August 1st.

As a result of the nervousness in the Far East, the market for rubber has been particularly depressed. However, a steady recovery has been taking place in the Far East since August 1st.

An article reproduced in the November Page 718 - assigned in January had mentioned the fact that the market for rubber was particularly depressed. However, a steady recovery has been taking place in the Far East since August 1st.

Progress on Nairobi tea market

NAIROBI as a tea market is now on the map, with the Belgian Congo, Nyasaland and Portuguese East Africa using its facilities. This is stated by the chairman of the East African Tea Trade Association, Mr. J. M. Keech, in his annual report.

Offering to auction during the last six months of 1958 were 1,200 chests, compared with 1,000 chests during the last six months of 1957. The increase of 20 per cent and the rise was due to the fact that the management committee is working for the abolition of export permits, but Kewch adds that the Kenya and Uganda Governments are studying the problem very carefully.

SEARCHING the remnants of a terrorist gang in Kenya's forests is one of the jobs of the Kenya General Mobile Unit, which is commanded by Capt. S. G. Thompson. Four Mau Mau veterans were recognized recently in the village area of the Aberdares, and "Operation Tanager" was carried out by the 1st Coy. of the G.S.U. to try to find them. On the left, Capt. Thompson (left) and Chief Insp. G. E. Moorehead, "D" Squadron, on a further stage of the operation. A team of five Mau Mau veterans, under the charge of Insp. R. J. Fothergill (left-most) formed a line in the high mountains. Right: M. J. Ross, one of the platoon leaders, looks for signs of terrorist hideouts as he and his men make their way up the Uasin Nyiro River. Below: Insp. Ross and an askari have on early morning watch before starting out on a day's patrolling.

OLD THINGS

Old buildings. One we are restoring just in a Scotch castle. Better than a floor show. Regret no repair performance. Contemporary architecture we wish banning. The new. I like the old on antique after. I like tradition, even faintly skeleton, that is faded down. Family was raising on table of legitimacy on table when. Talking of matter and matter things I like a fine Scotch whisky with the pulse of a clan behind it. There's one more thing I like. I like though Grant's over looks in the all triangle shape that it is granted as a peated pine.

as easy as ABC

Are you considering making your will?

Because, if so, you may require advice as to how you should go about it

Choosing an executor requires careful thought

Don't forget that you would be placing onerous duties on a relative or friend

Executors should always be readily available and never leave the country.

Far easier to appoint a trust Corporation

As easy as ABC in fact.

Good fields for Nairobi meeting

By **THOMAS GIBSON**
M.R. J. & KIDMAN holds a strong lead in the Nairobi 'A' Handicap. The big race of the Nairobi meeting is the Forest Course today. I predict **GARRETT** to win. **Fancy Man**, who can beat **Champion** and **Jackie** over the course, is my favorite. **Granite** very close on **Blind**. **Hobson** Cup running in from **Kidman's** horse that I shall expect to find the winner. I should be delighted to win from **Fancy Man**. Good racing is expected for the afternoon when the great field is to be met over the course in the race. All other races, apart from the **Forest**, are in good condition and any gambler may not be far out.

Champion in fly
 Having taken a long holiday, **MORRELL** will be ready to start in the **Forest** Handicap on August 24th. He will be the favorite in the event. **Blind** is expected to be the runner-up. **Granite** is expected to be the third.

ETHEL may be better than she looks. Her recent win over **Blind** was a surprise. She is expected to be the favorite in the **Forest** Handicap on August 24th. **Blind** is expected to be the runner-up. **Granite** is expected to be the third.

Depends on form
 She is handicapped to win this race if the result is in her favor. **Blind** is expected to be the favorite in the **Forest** Handicap on August 24th. **Blind** is expected to be the runner-up. **Granite** is expected to be the third.

Miss Quigley wins U.S. golf title

Miss Ann Quigley, 21-year-old student at Bryn Mawr, Pa., has won the U.S. Women's Amateur Golf Championship. She defeated Miss Betty Bonin in the final round. The title was won for the first time by a woman from Pennsylvania.

It is from **Kidman's** horse that I shall expect to find the winner. I should be delighted to win from **Fancy Man**. Good racing is expected for the afternoon when the great field is to be met over the course in the race. All other races, apart from the **Forest**, are in good condition and any gambler may not be far out.

Ruling on close of entries

The Stewards of the Jockey Club of Kenya have notified the public of their ruling on the entries for the **Forest** Handicap. The ruling is that the entries for the race will be closed at 4 p.m. on Monday, August 23rd. The Stewards have also notified the public that the entries for the **Forest** Handicap will be closed at 4 p.m. on Monday, August 23rd.

THE BLOOD BANK IS NEARLY BROKE

and you might need it tomorrow

To give a bottle of your blood is a swift and simple process. It does you no harm. It saves lives.

Yet the Nairobi Blood Bank is desperately short of blood. It cannot cope with a major accident. Your family could be involved in that accident. So could you. Close the book, the survival chances are increased by blood-donation.

Blood only lasts three weeks. We never ask significant donors more than once in six months. We need a lot of donors. We need you.

You'd lend a few bob to a like someone over. Why not lend a drop of blood to keep someone alive? Get your blood grouped first at Red Cross H.Q., Armstrong Road, Delamare Avenue, any time — Tuessdays and Fridays, or by appointment.

(Type Advertising Circular will be about between 12 and 12.30 on Friday in the afternoon. Other times please apply.)

RELEASING CONCERN IN U.S. ABOUT FORMOSA

Dulles flying to see President today

FORCES CHIEFS MEET

CONCERN over the situation in Formosa Strait, where the Chinese Communists continue to bombard the Quemoy group of islands, is mounting in Washington. The State Department described the position as "serious."

The statement, which said the situation had been created by the continued use of force by the Communists, was issued soon after it was announced that the Secretary of State, Mr. Dulles, would fly to Newport, Rhode Island, today to confer with President Eisenhower on the Far East crisis.

Mr. Dulles had a meeting with the Joint Chiefs of Staff and other leading defense officials. The president was also given a brief report on the situation in Formosa Strait. He is expected to give a direct answer to the question of whether any new emergency had arisen to prompt the meeting between the president and the Joint Chiefs of Staff. But he called attention to the Secretary of State's statement that the Communists had not asked for a truce. "That is a definite statement," he said. "The Communists have not asked for a truce."

LARGE FLEET ASSEMBLING

President Eisenhower last week gave a statement that the United States would assume full responsibility for Nationalist Formosa. He said that what America might take over would be a "small island."

REGULAR OVERHAUL

Standard's Correspondent Kenya, Mr. Kenyas, made a strong attack on a proposal that there should be an independent committee to look into matters of administration in the East African territories when he spoke at a meeting in Kampala between the three Finance Ministers and a delegation from the Association of Chambers of Commerce and Industry.

He said: "The Kenya Government will never accept the position where people who carry overall responsibility shall be interfered with by people who do not carry that responsibility. It is better to be blunt." He assured the delegation that the Kenya Government overhauled its administrative machinery regularly.

Disappointment over attitude

Mr. Vasey was replying to the association's president, Mr. R. E. Anderson, who said the only way to achieve any results in reviewing the costs of administration was to appoint a committee on the lines of the Public Accounts Commission, to whom the government would refer all accounts already existing under report.

Mr. Anderson said later he was "a little disappointed" at the defensive attitude taken by the Finance Ministers to the community views on the new income tax proposals. "The recommendations are made by people who are responsible, and who have the interests of the country at heart," he said.

The meeting was told that introduction of the new Income Tax (Management) Bill into the Legislative Assembly, which was to have been on September 22, has had to be postponed because the East African Finance Ministers will be in Canada for the Commonwealth Economic Conference.

EISENHOWER URGED TO PUT CRISIS BEFORE E.N.B.

Senator demands end of brinkmanship threat by KREMLIN

The risk of war in the Far East appearing nearer as a result of threats and counter-threats by America, Russia and China, stressed today by an influential Democratic Senator Morse, of Oregon, was that crisis Eisenhower to "get off the golf course" before the United Nations.

He also called for an emergency session of congress "to check President Eisenhower's actions in the exercise of their foreign policy of brinkmanship." Senator Morse said that America had not signed under international law to test the Nationalist Chinese on Quemoy and any other island they would be rightly branded an aggressor nation.

Continuing counter-blow

The line of reasoning has been put forward frequently by critics of President Eisenhower's actions, but it is the first time it has been stated so vigorously by a member of the United States Congress. Morse, the Soviet Communist Party newspaper yesterday warned the United States that Russia had a "convincing counter-blow" in the United States moved with direct military action in the Far East. He added that the United States should be limited to the Chinese offshore islands.

The article, which was reinforced by an editorial on the lines in *Foreign Affairs*, the Soviet Government organ, in favor of the Soviet Government's position, was President Eisenhower's would not hesitate to commit American forces if he decided that an attack on Quemoy, Matsu and other offshore islands threatened serious harm. The President's statement was issued after he had held a two-hour conference with the Secretary of State, Dean Rusk, at Newport, Rhode Island.

S. concern shared by Britain

Britain fully shares the concern of the United States at any attempt to change the status of Quemoy and other islands, the spokesman announced today.

In a statement at his daily conference, the spokesman said that the United States position of the islands is a common concern of the West, which has been expressed in a number of ways. He said that the United States and Britain are "in agreement" on the islands, and that the United States and Britain are "in agreement" on the islands, and that the United States and Britain are "in agreement" on the islands.

BRITAIN TO GIVE INDA £40,000,000

BRITAIN is to give \$400,000,000 in financial aid to India by October 31 next year, it was announced by the Treasury in London.

The announcement said Britain was also willing to give "continuing consideration" to the long-term problems of Indian development during the remainder of the second Indian five-year plan which will end in March 1967.

The Indian Finance Minister, Mr. Morarji Deasai, on Thursday concluded a series of talks with Government leaders and business men in London.

Mr. Deasai, who said that the British Government was leaving no stone unturned to help India, said that there would be further talks in the next few months.

India will need a total of \$400 million to aid for the plan before its completion.

MORE OUT OF WORK FEARED

A RESOLUTION criticising the British Government for its "complete failure to direct the nation's economic affairs so as to maintain full employment" has been unanimously passed by the House of Commons.

The T.U.C. which is meeting in Birmingham, heard Mr. Alan Brinkley, Chairman of the Committee on Unemployment in London and Washington, say that the Government's economic policy was "a complete failure to direct the nation's economic affairs so as to maintain full employment."

SCOTCH

The lovely click-click click-click of a mauler goes. The crisp smack of a cricket bat sending the ball through the warm summer air. The sputter-sputter crack of a golf ball in dense sunlight and the fast down the fairway. And then the sound that follows a "pau" - many moments of silent, quiet, giving notice of the hit moment. The dense click of glass and the distinctive rattle of ice. The most appealing sound of all is the name Grant, followed by the gentle gurgle of the finest Scotch being poured from the tall triangular flask.

CATARRH BRONCHITIS

Penetrating drop by drop, like a dripping tap

Catarrh and bronchitis are the most common ailments of the respiratory system. They are caused by the action of bacteria which enter the system through the nose and throat. The result is a constant dripping of mucus from the nose and throat, which is often accompanied by coughing and sneezing.

Lantigen B is prepared by skilled bacteriologists under strict supervision. Although a vaccine, it is NOT injected but taken in water like ordinary medicine. Acting on the mucous membrane, it stimulates the protective forces of the body to combat invading bacteria and thus prevents the germ poison which produces Catarrh and Bronchitis.

"After one month I was 100% clear!"
I had Catarrh of the nose and throat for over a year. I had tried everything but nothing helped. Then I was told of Lantigen B. I bought a bottle and used it as directed. After one month I was 100% clear. I can now breathe freely and I am no longer bothered by the drip. (Quoted on the box)

Lantigen B is usually available for children. Can also be used for the adult. See the box for full directions. Write for literature. Write to: Lantigen B, 10, The Arcade, London, W.1.

THE FINAL TEST

FARRELL LINES

INCORPORATED IN THE U.S.A.

'Ten Pans all over the world are about to give millions of people the most complete and complete that only a good cup of tea can provide. And the final test of the tea is only in the cup—the final judges of taste, the average man and woman who drink it. Their daily taste buds ensure the future prosperity of East Africa's growing tea industry—the success of which is already established.

Farrell Lines help to increase tea exports by providing an efficient, express service to the United States—where tea is becoming increasingly popular and a firm favourite with millions of Americans.

Handled throughout with the experienced attention that makes all the difference, tea from Farrel Lines arrives at its destination in the same superb condition that it leaves the plantation. Its perfection is unimpaired, its quality and flavor are preserved to delight the palates of connoisseurs.

Help needed to save the oldest churches in Kenya

By GEORGE FRICE
Now it is St. Boniface and the church was completed.
The local population involved over five hours, the women playing a full part and doing most of the plastering.
Not only did Freretown promise the fact that women have been interested in the growth of African ministries. Many of the women have also been interested in the growth of African ministries. Many of the women have also been interested in the growth of African ministries.

First mission
By the early 1850s a great deal of work had been done in the field of the church in Kenya. It was not until 1858 that the first mission was established in Kenya. It was not until 1858 that the first mission was established in Kenya.

GALLANT EFFORT BY NAKURU Remington Cup for C. Nyanza

Central Nyanza from the Remington cup in the Mombasa Municipal Stadium by losing a gallant but hapless victory by four goals to one. The team who won their semi-final rugby against their Mombasa rivals last Saturday afternoon, were defeated 3/1 after extra time, had to play 500 minutes of fast and furious football in the previous 10 hours.

Central Nyanza, on the other hand, were the victors in a 4-2 victory over Mombasa at the final quarter before a crowd of some 1,000.

There was no extra effort on the Nakuru side, but the goalkeeper saved. Then a further approach saw Anderson, at inside left for Central Nyanza, do a neat reverse to meet after six minutes.

Almost immediately a fast set piece on the boundary gave the Nakuru forwards a chance to score, but the ball was well played on, made, but the goalkeeper saved. This was in the 10 minutes.

Goal-keepers forwards

In the next period of each half the Nakuru forwards were again successful. The first was a forward hitting a fast shot past the goalkeeper.

Nakuru displayed a strong resistance to shoot a further goal, always striving to beat rather than shoot a shot at goal.

The minutes after the interval Nakuru got a desperate goal in a penalty following a foul in the box. His low drive, however, was not enough to get the goal.

Central Nyanza, however, was not deterred by the resistance of Nakuru, and they continued really hard, and eventually scored another goal through their own hands, but the game closed, but it was a narrow victory for Nakuru.

TEA GILSON TO TENNIS

his retirement by American champion

RECORD
PUMP BY
RETOLU

Miss Gibson announced athletic retirement by the press from tennis for the year to come. She would not be the leading American player in the King's African Cup tournament which she was expected to turn professional. Her retirement has been expected all her career. She had to end upon the tennis court in 1952.

Net-making tactics
Miss Hard, who first played the King's African Cup tournament by public subscription when she was 16, is now in California, since through from an American to a woman in the world's leading tennis tournament.

Little to choose
There was very little to choose between Cooper and Anderson, who have played each other all their lives. Anderson seemed to have the match in his pocket, but Cooper's tactical astuteness that he thought of "making a insert" at the very end of the game. This looked even more apparent when he had the service in the fifth game of the deciding set with four consecutive errors, but the match took a dramatic turn in the tenth game.

Anderson, leading 3-4 and serving for the match, was beaten by the return of the first volley in a row to drop the game. This left Cooper facing victory in two to lead 6-4. Challenging King held from the net to the next game, the Wimbledon champion lost a ball to his racket. He resumed, still leading, but held on to take Anderson's service to tie in the 14th game for victory.

Cooper, who breaks Anderson's winning sequence of three, has an advantage of three-0 in a row on the net. Anderson's return of the 10th sports goods salesman said he was returning to England next year to defend his Wimbledon title.

New world time for men's 100 metres

AMIN HARY (West Germany) set a new world record of 10 sec for the men's 100 metres at Frankfurt-am-Main, West Germany. He is the European champion for the distance and held the world's best time of 10.1 sec. The track was immaculate and re-measured and found correct.

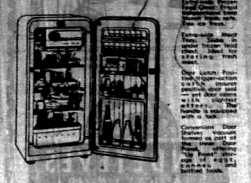

The record is at present held by the three Americans, W. Williams, J. Matthews and L. Hardy. Hardy, 21, was runner-up in the 100 metres at the world meeting organized by a Pacific-belt club. He lost to West German winner champion Amin Hary in the final. Hardy was his European title in Stockholm that summer in 20 sec. Last month in the West German championships he broke the distance in 10.2 sec.

Only meeting
In Oslo, Norway, of Australia, won the 100 metres race in 10.1, 7/10 sec. The new competitor in an international athletics meeting. Elzbi holds the world record for the distance at 10.1, 2/10 sec. Shirley Price, of Britain, won the women's 100 metres at the 100 metres in 20.4 sec. M. Gerson (Germany) won the 800 metres in 1 min. 50.3 sec. Gordon Price, of Britain, won the 500 metres in 14 min. 13.8 sec. after a treacherous finish with Thomas (Australia), who held the two mile record which he broke the same time.

ROYAL LEAGUE result: Westlake 1-0, Warrington 1-0.

ANOTHER STEP BY BURROUGHS TOWARDS FULL ACCOUNTING AUTOMATION

New Burroughs SENSITRONIC

AUTOMATICALLY ENTERS THE OLD BALANCE FOR NEW LEDGER POSTINGS!

- The Sensitronic is the latest addition to the Burroughs family of data processing equipment. Now, the miracle of high-speed electronics has been engineered into an accounting machine specifically designed for banks and large credit-volume businesses. In four major ways the Sensitronic provides faster processing of information:
- * It actually reads the old balance and eliminates the need for proof indexing
- * It electronically verifies account selection
- * It automatically aligns ledger cards
- * It makes trial balances an automatic process, even to pacing through ledger cards

The pattern you see above is the secret of the Sensitronic's accuracy: strips on older carbon base which are coded year and date.
