TACK ON MAINLAND

ONVOY DIFFICULTY

CHANG MAI-SHIE, the Chinese Communist leader, yesterday gave a warning to the Chinese shelling and blockade of the island-held Quemoy and Matsui islands. He would have to send his air force to the island for a major retaliation against these batteries.

The Nationalist leader's statement was prompted by the increasing difficulty in maintaining the supply lines to the beleaguered islands, which have been under almost constant bombardment from the mainland since the Communist takeover.

The supply ships protected by warships of the United States Fleet successfully landed supplies yesterday, but a heavy rain which reached the island from the mainland is being felt in Formosa.

The only way of keeping these supplies from being cut off is the air force being sent up to 20000 feet. The Nationalists are now being heavily shelled by Communist batteries in Formosa.

The Communist artillery division is being sent to the island with a continuous stream of jet fighters and bombers. Two Communist F-86 fighters—claimed to be the world's fastest—were shot down by Nationalist fighters.

Transport planes from the United States, which are being used to transport supplies to the island, are being completely surrounded or harassed by Communist fighters. A Nationalist plane was shot down yesterday.

A spokesman said it was expected that the Nationalist air force would be able to keep the island supplied for at least 24 hours.

The attack being led by the Communist air force is being described as a "major offensive" against the island.

A spokesman said it was expected that the Nationalist air force would be able to keep the island supplied for at least 24 hours.

Pilot killed on Nairobi airfield

Nairobi in flames

ONE of East Africa's most experienced pilots, Mr. Jack Oak, crashed and burnt into flames while trying to make an emergency landing at Wilson Aerodrome, Nairobi, today.

Mr. Oak, who was employed by Airmyr (E.A.) Ltd., had taken off from Nairobi with another aircraft for a flight to the coast.

The aircraft was seen to be in trouble as it approached the airfield. It crashed into a bush and burst into flames. Mr. Oak was killed.

The cause of the crash is not yet known. It is believed that the pilot was attempting to land in a field which was not suitable for the aircraft.

Garage raiders run into police ambush

NGONG ROAD GUNFIGHT

TWO men and possibly a third were shot and wounded by C.I.D. officers when they were surprised while making a raid on the Ngong Road Service Station, Nairobi, on Tuesday night.

The men ran two garages and were seen to be carrying away a large quantity of goods.

The police officers were alerted to the raid and set an ambush. A gunfight broke out and two of the men were shot and wounded. One man was killed.

The police recovered a large quantity of goods, including clothing and household items.

Queen's life in danger during visit to sawmill

THE Queen could have been killed by flying shrapnel at a sawmill recently, a trade union official has claimed.

The Australian Society of Woodworkers (A.S.W.) is protesting against the Queen's visit to a sawmill in New Zealand.

The Queen was visiting the sawmill to inspect the work of the mill. She was accompanied by her husband, Prince Philip.

The A.S.W. claims that the sawmill was in a state of disrepair and that the Queen's visit was a publicity stunt.

Governor unveils Memorial to King

Makupa Circle ceremony

SPEAKING at the unveiling ceremony of the memorial to King George VI at Makupa last night, the Governor said that the King's devotion to duty and his loving interest in the people of the Territory were his greatest qualities.

The memorial is a large stone tablet which is set in a circle of trees. It is surrounded by a low wall.

The Governor said that the King's visit to the Territory in 1953 was a landmark event in its history. He said that the King's presence had brought a sense of unity and pride to the people.

The ceremony was attended by a large number of people, including members of the Legislative Council and the Executive Council.

Verwoerd Cabinet of 16

THE South African Prime Minister, Dr. Verwoerd, today announced the formation of a new cabinet of 16 members.

The cabinet is headed by Dr. Verwoerd and includes several new members. It is expected to meet tomorrow.

The cabinet is responsible for the administration of the country. It is made up of ministers who are members of the House of Assembly.

The cabinet will be responsible for the formulation and implementation of government policy.

STERLING: Residents complain of broken siestas

Residents of the Canary Islands are complaining that the arrival of the British fleet has disrupted their traditional siesta schedule.

The fleet's presence has led to a shortage of goods and services, and has caused a general sense of uneasiness among the population.

Residents say that the British are not respecting the local customs and traditions. They say that the British are causing a lot of trouble for the islanders.

The British fleet is expected to stay in the area for several weeks. This has caused a lot of concern among the residents.

Council asked to put limit on speeches

Nairobi City Council will be asked at its meeting next month to approve an amendment to its rules limiting the number of speeches at its meetings to five minutes, or to ten minutes in the case of a reply to an amendment.

The council is concerned that the long speeches are causing the meetings to run over time and are becoming unproductive.

The amendment would apply to all members of the council. It would also apply to members of the public who are invited to speak at the meetings.

Slow journey for Bulwark

TANKER IN TROUBLE

The British tanker *Bulwark* is having a slow journey home from the Antarctic region after a long and difficult voyage.

The tanker was carrying a large amount of supplies and equipment. It is expected to arrive in the United Kingdom in a few days.

The voyage was not without incident. The tanker encountered several storms and had to make several stops to refuel and repair damage.

Many will shudder

In an accompanying column, Thomas Mackenzie writes that the society that is being formed in the United Kingdom will have a lot of members who will shudder at the thought of the society's aims.

The society is a new organization that is dedicated to the promotion of the interests of the working class. It is expected to have a large membership.

The society's aims are to improve the living conditions of the working class and to fight against the exploitation of workers by employers.

Costs stay extended

On medical advice, the cost of the project will be extended to the end of the year. This will allow the project to be completed on time and within budget.

The project is a major infrastructure project that is expected to have a significant impact on the economy. It is being funded by the government.

The extension of the project will allow the government to better manage the project and to ensure that it is completed on time and within budget.

WARDLE SIGNS FOR NELSON

JOHNNY WARDLE, the former Yorkshire and E. & G. 14 m.d. left-arm bowler, has signed a three-year contract with Nelson, the Lancashire League club. Wardle's appearance from one cricket will be a little more than a million, and he is expected that he will be a regular for the club.

On August 11, Yorkshire was expected to be a big success because articles written about the team were so favourable. However, the team was not expected to be so successful. The team was not expected to be so successful.

FROM THE TROUT RIVERS

THERE have been no reports of any spectacular fish being caught during the past week, and there are indications of plenty of trout in the Kibera River, Nairobi, at the moment.

This would be the ideal river for the beginner, as it is rather important that newcomers should be able to catch a few fish. The start is not at their interest.

No definite news has been received of the trout on the Mau forest, but it is understood that the trout are still there. The trout are still there.

The Kipit and Haru Rivers in the area controlled by the Kibera-Soda Fishing Association within the Forest Reserve are still affected by their closed season, but it is intended that the rivers will be open from October 1 and the Kipit from November 1.

The United States Olympic Committee has chosen, for the first time, an American who has won a gold medal in the Olympics as its representative.

Britain's hope for Tourists in last game in Nairobi

THE South African touring cricketers in the last match of their tour in Nairobi, at the Sabukwan Verger field on Saturday, were defeated by Kenya by 18 runs. The South African 1st XI, captained by J. H. Kallis, scored 189 runs from five declared batsmen. The tourists play the first Test match in Nairobi on the 26th, the second being scheduled for the 29th.

Yesterday's game was played on a new artificial turf with very little, because of rain, in the last 24 hours. The South African batsmen were in good form, and the Kenyan bowlers were in poor form. The tourists play the first Test match in Nairobi on the 26th, the second being scheduled for the 29th.

SCEPTRE TAKES UP CHALLENGE

ON Saturday two groups of 12-15 metre yachts, the Sceptre and the Columbia, will open an unopposed 100-guinea best-of-seven series for an impressive 100-guinea silver shield affectionately regarded as 'The Guild Cup'.

This is the American Cup of the racing and sailing community, and Britain remains the challenge after a lapse of 21 years with the Sceptre and the Columbia. The Sceptre is a 12-metre yacht, and the Columbia is a 15-metre yacht.

COMMONWEALTH BANK

SUPPORTED BY CANADA

Diefenbaker pledges aid to new partners

INCREASE IN GRANTS

EXPECTEDLY strong support for the idea of a Commonwealth Development Bank was given by the Canadian Prime Minister, Mr. Diefenbaker, in a speech at Montreal, where the Commonwealth trade and economic conference is being held.

At the same time he announced that Canada intended to increase substantially her contribution to the economic development of under-developed countries.

Speaking at a banquet for Ministers attending the conference, Mr. Diefenbaker departed from his previous policy in that he stated there would be no clash of interests with the International Bank, in the financial Commonwealth trade and economic conference being held.

At the same time he announced that Canada intended to increase substantially her contribution to the economic development of under-developed countries.

Speaking at a banquet for Ministers attending the conference, Mr. Diefenbaker departed from his previous policy in that he stated there would be no clash of interests with the International Bank, in the financial Commonwealth trade and economic conference being held.

At the same time he announced that Canada intended to increase substantially her contribution to the economic development of under-developed countries.

Chana will benefit

Mr. Diefenbaker's comment on a Commonwealth bank was the strongest made by Canadian Ministers since the bank was first announced in London. Many delegates have been coming to the idea, bankers of which include Ghana and Malaya. They have agreed to discuss it and in another departure from his script, the Canadian Prime Minister said that Canada and Malaya would be included in Canada's economic assistance to newly independent nations of the Commonwealth.

Finance Minister Mr. Tweedy asked the conference for an economic plan for East Africa.

Mr. Diefenbaker said in a statement that the Commonwealth Bank was a financial institution that was to be set up in London and that it would be a bank for the benefit of the Commonwealth. He said that the bank would be a bank for the benefit of the Commonwealth and that it would be a bank for the benefit of the Commonwealth.

'Liberation' aim of new group

WINDY Cape Verdean politicians from African countries, Tanganyika, Zanzibar, Nyasaland have agreed to form a Pan-Africanist Central Africa at a conference in London.

The group was announced in a statement by the Cape Verdean Prime Minister, Mr. Francisco Chantel de la Cruz, who said that the group was formed to liberate Africa from colonialism.

Others may join

Mr. Chantel de la Cruz said that the group was formed to liberate Africa from colonialism and that it would be a bank for the benefit of the Commonwealth.

SUCCESS OF CHILDREN'S ART SHOW IN NAIROBI

KENYA'S educational success providing all sections were prepared to cooperate in the way they had done in arranging the exhibition of children's art at the Municipal Hall, Nairobi.

This was planned by Mr. D. S. Miller, who arrived in Nairobi after the war, and became a member of the Kenya Education Board and the Kenya Education Officers' Association.

It had to be admitted that the amount had been small in the great number of children in the great schools in the city. Although the exhibition was so small, it was a success in that it showed that the children of the city were capable of producing work of a high standard.

Mr. Miller had referred to what he described as the "unfair burden" which had been placed on the shoulders of the children of the city. He pointed out that of the 112 schools in the city, only 10 were for girls, and that the majority of the children were from the slums.

Mr. Miller had also referred to the "unfair burden" which had been placed on the shoulders of the children of the city. He pointed out that of the 112 schools in the city, only 10 were for girls, and that the majority of the children were from the slums.

GUYANA'S POUND FINDS HOME FOR 117 DOGS

Or 100 stray dogs taken into Guyana's municipal dog pound in the three months up to the end of June. 20 were claimed by their owners and 77 sold to new owners.

A further 40 dogs, all of a "venomous condition" and placed up mostly in the Barbican and Industrial areas, were painfully destroyed.

Nearly 200 in fees was recovered by the poundmaster during this period.

So far this year, 2,300 dogs have been taken out of Guyana's municipal dog pound in the same period last year. It is believed, however, that there is still a large number of stray dogs in the country, many of which licensees have not been bought and officers are wary of the Town Clerk's department that they are liable to prosecution.

LESS CONTROL IN HERE PURCHASE

The tendency to increase control has been relaxed in Guyana's veterinary services in Guyana, raising the veterinary services to a higher level than in the past.

Care will also be taken to ensure that the veterinary services are of a high standard.

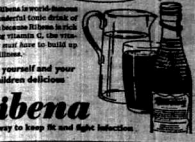

Mr. Miller had also referred to the "unfair burden" which had been placed on the shoulders of the children of the city. He pointed out that of the 112 schools in the city, only 10 were for girls, and that the majority of the children were from the slums.

Eastleigh dash in semi-final
R.A.F. and Concor, two R.A.F. Eastleigh teams, clash in the first of the Girouard Cup semi-finals on the Railway Club ground at 2.15 p.m. today.

There have only been two R.A.F. ones in the last six years and they have been playing the top football in the league. R.A.F. Eastleigh, however, has been playing some of the best football in the league for many years. They have won the Girouard Cup several times and have been playing some of the best football in the league for many years.

ANNUAL TOURNAMENT AT NYERI POLO CLUB

KIKPABUS won the title of the 1954 annual tournament. Four teams entered the tournament and five for the MacMillan Cup, which was a knockout tournament for mixed teams of two men and two women.

Some interesting polo was played in the first round. The Macmillan Cup was won by Kikpabus, who defeated the other three teams. The best polo was seen in the match between Kikpabus and Nyeri, who were both strong and fast.

7-1 runs of hockey
win by Impala
Impala have started the hockey season in devastating form by beating Parklands 7-1 in their first match. Impala's record in the league was after both the 'A' team and the women's had lost their earlier in the week.

the wonderful

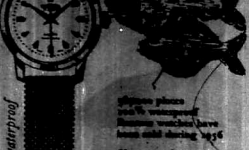

The MARLY four-door Station Wagon is unsurpassed for elegance, comfort and practical convenience. Its spacious interior and its appointments are all in accord with the classic Viceroy tradition. Special sound insulation throughout the entire body eliminates all noise, vibration and inconvenience. Every detail has been considered even to the carefully designed, built-in luggage rack.

By installing a safety chain the load can be distributed in a continuous loading platform, or spaces where two people could comfortably sleep. Hearty construction throughout the entire body insures door latching heavy to double wheel load-carrier at corners.

Another protest
 COMMUNIST China made a second complaint of the American warships in her territorial waters during the weekend. The protest alleged the line of the American warships was in violation of the 1958 Geneva Convention.
 The protest was renewed the other day against the American warships in the Gulf of Tonkin and the South China Sea.
 The protest was renewed the other day against the American warships in the Gulf of Tonkin and the South China Sea.

Personalized
 A White House statement personally authored by Mr. Eisenhower is replete with false accusations; it is couched in language that is abusive and intemperate; it indulges in personalities; it contains undoubtful falsehoods.
 All of this renders the communication unacceptable under established international practice. Accordingly, it has been rejected and the United States Charge in Moscow has been instructed to return the communication to the Soviet Government.
 The White House statement was in the form of a letter from the Soviet Prime Minister, Mr. Krushchev, from the Far East. It demanded the withdrawal of American forces from China without any threat of the United States forces, it said.

Friend of the Family

A child's life is brightest when his family celebrates his birthday or some special occasion. His happiness is no greater when his father and mother have with them a "friend of the family" who is old and wise enough to advise and help them meet all the confusions of his growing years. It is his father's wish to ensure that his future is bright and secure.

In its greatest sense, "The Man from the Old Mutual" is a life-long friend of the family.

Peter May voices his confidence

PETER May, the England cricket captain, voiced his confidence in the M.C.C. team under his command before the team left Tilbury in the liner Beria, for Australia.

May said: "I am greatly looking forward to the tour and I believe we have a very good side indeed." "The real strength probably lies in the experience of our bowlers and their consistent bowling. I feel I am confident of the batting. I am sure, will prove more than adequate."

Very fine side

He added: "We will not underestimate the Australian team, but I am sure that they are a very fine side under the leadership of Ian Craig."

SURPRISING BUT MERITED GOLF VICTORY

Springboks to play next at Thomson's Falls and Nakuru

KENYA surprising but fully-merited victory over the South African amateur golfers at Kerua may well prove to be a grand stimulus for local golf. With the previous weekend at Royal Nairobi still fresh in the memories, when the Springboks made a clean sweep of all the singles matches after a good legation, so for the first time down in the four being down in the four, the Kenya players began their singles matches with a good which could be described as one of cautious optimism.

Position very open

But Kenya beat the outsiders by five matches to three. They had earlier won the honours by a margin of one to one. At lunch the position was still very open, and there were signs of a runaway victory for the South African.

THE 145,000 FOOTBALLER

A RECENT CENSUS of the football population of Kenya has revealed that there are 145,000 footballers in the Colony.

The figure is a record for Kenya, and is a reflection of the popularity of the game in the Colony.

The census was taken by the Kenya Football Association, and is a valuable asset to the game in Kenya.

International yacht racing plans for Colony ASSOCIATION FORMED

THE first step to put Kenya on the map in international yacht racing has been taken with the formation of the Kenya Yachting Association. The International Yacht Racing Union has already been asked to allocate the Colony.

A meeting held in Nairobi last week, at which the Kenya Yachting Association was formed, approved the draft constitution of the new organization.

The Association will be affiliated to the Kenya Yachting Association, and will have as its objects the promotion of yacht racing in the Colony.

SALE OFFERS EXTRA TO COLONIES

Interest at rates applying in London

WELCOME BY KENYA

Kenya has set up a system of Commonwealth concessional advances loans to provide extra funds for Colonies and other Commonwealth States in need of development. The Chancellor of the Exchequer, Mr. Harold Wilson, announced the scheme in Montreal, where the Commonwealth economic conference is being held.

He said that for independent Commonwealth countries, Britain was offering credits under the Credit Guarantees Act at the rate of 4 per cent at which the British Government itself borrows, plus a management charge of one per cent per annum.

for policy departure

In the Colonies, it was proposed to introduce legislation to provide Exchequer loans at the same rate to supplement the scheme as a major policy departure and a new step forward. A British Government spokesman said after his speech that the scheme did not mean that Britain had raised the idea of a Commonwealth Bank.

In a closed session of the economic conference, the British Minister for Finance said Kenya was developing slowly with only marginal expansion. Difficulty in repaying loans was the main factor in the change of getting more loans from the Bank.

Finance Ministers of Kenya and Uganda also spoke at the conference. Mr. (Mungai) Njoroge, Kenya's Minister for Finance, said that Kenya was developing slowly with only marginal expansion. Difficulty in repaying loans was the main factor in the change of getting more loans from the Bank.

Protest at new Customs system

PUTTING UP PRICES

Kenya importers are complaining that a new system under which goods brought from outside East Africa are being valued for the purpose of Customs duties is causing confusion and putting up the price to consumers. Some effects of the change are:

NEW SHAPE DEPUTY TAKES OVER

The Chamber has drawn the attention of the Executive Members to hardship which it is likely to arise.

Customs men, however, agree that the system which has been in operation in Britain since 1952 has been adopted throughout Europe, replacing one which had proved to be "useless".

...at Thomson's Falls

Now where could this Christmas card scene be? The snowman and the four-beared girls might give you a clue. Obviously somewhere in Scandinavia. But you could be wrong... many thousands of miles wrong. This photograph was taken only a few days ago at Thomson's Falls, which is as close to the Equator as inches to the west. Except that the pupils do not normally find a carpet of white outside their classrooms. The town was built on a site in the Colony which had a track built there.

'FOLLY' TO SAVE ON THE K.A.R.

Kenya's finest insurance

Kenya's African Motor is the finest form of insurance against any emergency either from within or without the Colony; and it would be the greatest folly to refuse on the ground that it is not the best of the money well to subscribe now for it, since the cost of the money will be more than doubled.

Partner-in-exile attacks independence for Cyprus

A MEMORANDUM signed yesterday that Bishop Makarios attacked the new independence policy for the island. The bishop, who returned to Athens from the Seychelles, has the "independent wing" of the political body of the Cyprus Church.

DENIAL BY LABOUR LEADER

Opposing Press views

MP's critics 'personal opinion'

In a Press statement, Mr. Goshill, leader of the Labour Party, has said that the Bishop's criticism of the new independence policy was a personal opinion and not a party view. He said that he had no objection to the Bishop's criticism and that he would not be taking any action against it.

Government's speech

In Cyprus, the High Court, the Governor, has said that the Government will not be taking any action against the Bishop's criticism. He said that the Government will continue to support the new independence policy and that it will not be taking any action against the Bishop's criticism.

Against Government

Mr. Goshill said that he was disappointed that the Government had not taken any action against the Bishop's criticism. He said that he would continue to oppose the new independence policy and that he would continue to support the Bishop's criticism.

CHINA Nationalists claim victory in dogfight QUEMOY HIT AGAIN

CHINESE NATIONALIST Sabrejets shot down others in a series of high altitude battles over the Formosa Strait area yesterday, a Nationalist Defence Ministry spokesman claimed in Taipei. Major I Pu, of the Nationalist Air Force, said more than 100 Communist planes were started when the clashes. The 12-minute dogfight patrol of 32 Nationalist jet fighters attacked a group of four. He did not say whether there were any Nationalist losses.

Heavy seas stop supplies

The bombardment of the QuemoY group of islands from the mainland, which has now lasted for more than a month, continued with 1,000 shells fired in ten hours yesterday morning. A QuemoY garrison command spokesman said that there would be no supply coming to the islands during the day because of rough seas and strong winds.

WORLD PLEDGED: FUTURE OF ASIAN ECONOMY

Full support for American plans

Washington, D.C., Oct. 21 (AP)—Asian nations pledged today to support the economic program proposed by the United States at the Monetary Conference in London.

CONFERENCE CLOSES

DETERMINATION to discharge to the best of their ability their duty as a family of free nations in all situations that would be expressed by delegates of 11 Commonwealth nations who ended their conference in Montreal yesterday.

The 11 nations said in this communique that it was "with a sense of relief" that the conference had been held. They said that the conference had been a success and that the nations had agreed to support the American plan.

Control essential

It was stressed that the nations must have control over their own resources and that they must be able to manage their own economies.

PROPOSAL TO BE CONSIDERED AGAIN

The communique said that the nations would consider the American proposal again in the future.

QUESTIONS ARISE OVER THE INCREASED COSTS OF THE CIVIL SERVICE

PROFESSIONALS are being charged with an increase in the cost of the Civil Service which will be met by every citizen in Kenya, including those who do not work but who are dependent on the State for their maintenance. This is the view of a group of public opinion leaders who are demanding that the Government should make a study of the policy.

Under the Civil Service Act, the Government is empowered to increase salaries and allowances of public servants. It is this increase which has caused the public opinion leaders to demand a study of the policy.

The Government is said to have increased the salaries of public servants by 10 per cent. This has caused the public opinion leaders to demand a study of the policy.

TORBESTO

solves estate housing problems all over East Africa

Here is a new approach to solving African labour housing problems—asbestos cement units. These Torbesto units are some of the many already erected throughout the country. Permanent, inexpensive, and easily constructed because they are self supporting; roofproof, rustproof, waterproof and termite proof; adaptable to almost any requirements.

The standard unit, similar to the one on display at Mitchell Park, accommodates 8 men, and costs as little as £180. Permanent housing at 450/- per head!

Torbesto building units are supplied in rings of 3 sheets, at 180". One ring (top and 2 side panels) covers an area of 40 square feet. There are a wide variety of accessories, including chimneys, ventilators and louvers. Asbestos cement fire maintenance free. The heavy duty Torbesto 4" thick profile is capable of withstanding 2000 lbs. transverse loading.

New drug may halt disease in cattle

A NEW drug, which is promising for its protective qualities against the cattle disease trypanosomiasis, has been given field trials by Kenya and Uganda Veterinary Departments.

In one of six different drugs which have been given the first stage of a protective trial on the Kenya coast, the results of protection against the disease have been rather mixed. The best results were obtained with a drug called 'L'.

In the Uganda area, similar results have been obtained. In some cases, the disease has not been found in the herd since the last time it was treated with 'L'.

Properties compared

The drugs were tested by the East African Trypanosomiasis Research Commission, Uganda, and compared for their protective qualities. The standard drug already used in Kenya is 'B'.

'L' is a new drug which gave an average protection of 35 per cent, compared with ten per cent standard with 'B'.

Mr. W. G. Scott, acting director of K.A.V.D., and the Kenya area, is finding the results of the trial of 'L' very interesting. He says that the results of the trial of 'L' have been very good, and that it is possible that 'L' might be used in the future to protect cattle against the disease of trypanosomiasis.

75 per cent effective

ANALYSIS of the reported cases of paratyphoid fever suggests that anti-paratyphoid vaccination confers a 75 per cent protection.

The report was issued in the 1947-48 period. The cases of paratyphoid fever reported in the territories were 100 in 1947 and 250 in 1948. The analysis shows that the vaccination confers a 75 per cent protection.

The report also states that the vaccination is very effective in protecting against the disease.

M.C.C. TO SHORTEN ALL TOURS

Ian Craig 'confident' of fitness

'Considerable army' on team members

JAN CRAIG, the Australian cricket captain, is now being allowed out of bed for several hours in his efforts to recover from an attack of hepatitis (inflammation of the liver). He is confident he will be able to play by next week, but his fitness is being watched by the medical staff. He would be allowed to travel to South Africa, but his presence in Australia is being watched by the South African Cricket Board on November 7.

THE M.C.C. plan to extend their policy of shortening winter tours of Australia, says the London Cricket writer, because of the strain on players. This is a new policy to apply to future tours of South Africa, India, Pakistan and Ceylon. One of the main reasons for this is that players are being allowed to reduce their hours by three or four hours a day. This is a considerable saving for the players, but it is also a considerable saving for the M.C.C. as well. The M.C.C. are also planning to shorten their tours of India, Pakistan and Ceylon. This is also a considerable saving for the players, but it is also a considerable saving for the M.C.C. as well.

WALKER SHARTON admits that he is not fit to play. He has been in hospital for several weeks and is now being watched by the medical staff. He would be allowed to travel to South Africa, but his presence in Australia is being watched by the South African Cricket Board on November 7.

Very limited - The M.C.C. are planning to shorten their tours of India, Pakistan and Ceylon. This is also a considerable saving for the players, but it is also a considerable saving for the M.C.C. as well.

Van Ryneveld may not play much more

Van Ryneveld, the South African cricket captain, is now being watched by the medical staff. He has been in hospital for several weeks and is now being watched by the medical staff. He would be allowed to travel to South Africa, but his presence in Australia is being watched by the South African Cricket Board on November 7.

Tin Agreement 'wrecked' by Russian 'caving in'

FURTHER criticism of Russia's policy was expressed in the United Nations General Assembly when Malaysia's delegate, Dr. Yusoff Ismail, accused the Soviet Union of 'wrecking' the International Tin Agreement by consistent dumping.

The agreement, Dr. Ismail said, was a manifestation of the effort made by underdeveloped countries to bring economic cooperation to their common interest.

Dr. Ismail said the Soviet Union, by dumping tin on the market, was doing two things: first, it was reducing the price which she would not have consented to pay; and secondly, it was increasing the price of tin for other sources.

SOUTH AFRICAN AIRWAYS to Australia

CHANGE OF SCHEDULE

From September 20th, South African Airways DC 7B is nice to Perth, Western Australia, will leave Johannesburg every other Friday at 9.00 a.m. (instead of Monday), arriving at Perth at 3.30 p.m. Thursday and will leave Perth every other Saturday at 5.00 p.m. (instead of Wednesday).

The route is the same—with stops at Mauritius and the Cocos Islands. But the convenience is greater—for now Perth-Johannesburg air passengers will arrive at Jan Smuts on Sunday morning at 11.30, paved the most suitable time to meet arrivals during the course of a busy week.

Qantas flights between Johannesburg and Australia remain unchanged.

South African Airways in association with Qantas provide weekly flights in both directions between South Africa and Australia.

Expansion of Muslim education planned in E. Africa

MISSION ISSUES REPORT

Recommendations which can be put into effect immediately have been drawn up by the fact-finding report. We were very much impressed with the sincerity of the Muslim leaders in East Africa in their desire to improve the teaching of their religion to their children.

The Mission of the Islamic Department of the Government of Kenya, under the leadership of Mr. J. M. G. Brown, has been working for some time on this problem. The Mission stated that it was not satisfied with the present state of Muslim education in East Africa and it was necessary to recommend measures to be taken to improve it.

The report recommended that the Government should take steps to improve the teaching of Islam in East Africa. It suggested that the Government should fund the establishment of Islamic schools and colleges. It also suggested that the Government should provide scholarships for Muslim students to study in other parts of the world.

The report also recommended that the Government should take steps to improve the training of Muslim teachers. It suggested that the Government should fund the establishment of a Muslim Teachers' Training College. It also suggested that the Government should provide scholarships for Muslim teachers to study in other parts of the world.

HOSPITAL PROBLEM REMAINS

Shortage of beds

INSTITUTION of a system of free-patient hospitals in Kenya had little effect on overcrowding, according to the Medical Department.

The department says in its annual report that the total number of beds in the country was 1,000 in 1966, but that only 700 were available for patients. The report says that the shortage of beds was due to the fact that many of the beds were occupied by patients who were not yet ready for discharge.

The report also says that the shortage of beds was due to the fact that many of the beds were occupied by patients who were not yet ready for discharge. It suggested that the Government should take steps to improve the efficiency of the hospitals and to reduce the length of hospital stays.

Fit outbreak

The general health of the colony was satisfactorily good, however, a short outbreak of typhoid fever occurred in the district of Nairobi. The outbreak was confined to a small area and was caused by contaminated water. The disease was reported to have been contracted by children.

University lines

It is proposed to establish a small university in East Africa. The university would be concerned with the teaching of Islamic studies and Arabic. It would also be concerned with the training of Muslim teachers.

Religious freedom

The Government is committed to the principle of religious freedom. It will continue to support the free exercise of all religions and faiths.

WHAT makes a good coffee? Final judges
of East African coffee are our
growers, the experienced breeders or
tasters—though all are essential interpreters of
public taste. No, the final test is in the cup
and the judges are just average men and women
the world over, who rely on their palates to
decide their coffee likes and dislikes. Not for
them the subtleties of "Arabica" or
"Robusta", the different blends or roasts.
Never the less, people are coffee connoisseurs—
and their taste tests morning, noon and night
determine to-morrow's market for East Africa's
major export.

Perhaps the greatest coffee drinking nation
in the world, the United States imports more
coffee than any other one country. Coffee to
the Americans is more than just another
beverage—it is a symbol of warmth and
comfort and a way of life.

Perhaps a third part in East Africa's coffee trade,
Marrell Lines supplies the U.S.A. with the finest
and most popular East African coffee to American coffee
lovers. It is the pleasure of Marrell Lines to
share the plantation—liberally helping to ensure an even greater future for the coffee industry
and the permanent prosperity of the people of East Africa.

LUTON LEADERSHIP

'Local Derby' at Manchester drawn

LUTON TOWN took over the leadership of Division I of the English League with a spinning win over Manchester North End. This win enabled Luton, the only undefeated team in Division I, to jump from fourth place to the top. After a 1-1 first half, Luton gained the lead in a narrow victory, the only win among the leading eight clubs in the Division.

With 16 points, Luton now lead by one goal from Preston. Manchester North End, who are 12 points behind Luton, and Manchester City, who are 14 points behind Luton, are also in the top six. Luton's victory was a 2-1 win over Manchester North End at the Victoria Road stadium.

LABOUR DEBATE ON CRISIS IN FORMOSA

Britain urged to keep out

SHOWING signs over the Far East crisis was expressed at the start of the Labour Party's annual conference at Scarborough yesterday, when it immediately began a debate on an emergency resolution urging that Britain should take no part in a war to defend Quemoy. Party leaders supported the urgently drafted motion to continue overruling support.

COURT ORDER AFTER FIGHT IN ASSEMBLY

Man Must charge

THE High Court has ordered the Provincial Chief Minister of East Pakistan, Akbar Khan, and his Government to show cause why the Speaker of the East Pakistan Legislative Assembly, Akbar Haidin, should not be allowed to carry out his duties.

The court's decision follows a fight among Members in the Assembly. Akbar Khan, the Deputy Speaker, showed Akbar Haidin, who was hospitalized on Thursday, that he should not be allowed to carry out his duties. Akbar Haidin alleged in court that on September 11, 1955, he was ordered by Mr. Khan to resign from his post as Deputy Speaker. Two members took the Speaker's chair, he said.

Chief Minister's statement that a motion of no confidence had been passed against him.

£17,000 on postal staff passages

5 p.c. FIRST-CLASS BY SEA

POSTAGES for the staff of the East African Ports and Administration will cost £174,000 this year. That is the official estimate for 1962 in spite of a 200 per cent increase in the cost of first-class sea passages.

Under the new arrangement, the cost of first-class sea passages for the staff of the East African Ports and Administration will be 5 per cent of the cost of the actual passage.

The 1961 estimate was £138,000. The 1962 estimate is £174,000. The increase is due to the increase in the cost of first-class sea passages.

HATS FOR OCCASION SUIT ANY

By BARTON

ARE you looking for a really glamorous hat to wear to a wedding or a party? Or are you looking for a hat to keep your hair tidy while wearing a big and eye-catching frock?

If so, you'll love the latest and most popular hats and paper-craft hats found in a Nairobi shop.

They are delightfully light and cool to wear, and very reasonably priced.

Most of the styles come in

MANY COLOURS

Many other combinations including red band with white veiled veils, navy and white, pink and white, grey with a white band, or any of the "new" colors. We showed "suggested" styles, and you may find what you are looking for.

White silk veils make the formal hats. From a "dinner" style at 2/6 to really dressy big hats costing just 4/6.

HATS come in all sizes to suit all ages and shapes. They are available in a wide range of colors. Our materials are of the highest quality. We have a special little "display" of hats to suit all ages. We have a special little "display" of hats to suit all ages.

Invitation to learn about local goods

"Buy local goods" the manufacturers of all the household goods that the housewife does not know what she can buy for the really good, full range at her grocery.

HELPING HAND

Each week a different local product will be featured. A booklet will be prepared, which will give information and will also include the names of the makers and the dealers who will be able to buy and taste for themselves.

Meetings are to be held in the East African Power and Lighting Company's demonstration kitchen, and it is hoped that once a month the household appliances of domestic state electrical equipment using local goods or producing local goods will be on display.

Tuesday afternoons meetings will be held. Informal Tea will be served and members may drop in at any time between 3 and 5 p.m.

Good things are to be had at an inexpensive price with a

Kodak Gresta II family camera

TORBESTO

Solves estate housing problems over East Africa

Here is a new approach solving African labour housing problems—**asbestos units**. These Torbesto huts are so simple many already erected throughout the country—simple, inexpensive, and easily constructed because they self supporting; roofproof, rustproof, wind and termite proof; adaptable to almost any terrain.

The standard unit, similar to one on display at Mitchell Park, accomms 8 men, and costs as little as £180. Permanent at £350 per head!

Torbesto building units are supplied in rings of 3 sheets, at 180". One ring (top and 2 side panels) covers a floor area of 40 square feet. There are a wide variety of accessories, including chimneys, ventilators and louvers. Asbestos cement is maintenance free.

The heavy duty Torbesto 1/2" thick profile is capable of withstanding 2000 lbs. transverse loading.

GOSAGE NEED TO IMPROVE

Drawn match with F.A. of Kenya side

KENYA'S Gosage Cup players will have to improve on the performance shown against an F.A. of Kenya XI on Sunday if they are to recapture the trophy from Uganda, holders for the past two years. But the players are being trained by Mr. Archie Evans, the Colony Sports Officer, and by some friends.

When the series start in Nairobi should be playing a more compact unit.

The Gosage XI drew 2-2 with the Uganda XI in the first match, the first game of the series was held in Ombaka.

Cristina Truman's Pacific victory

Cristina Truman, of Australia, won the Pacific title in the Pacific Open Golf tournament in California. Her opponent, Kristina Truman, of the United States, was defeated by a score of 64-74, 1-11, 1-2, in the final round.

Truman's victory was a surprise, as she was considered a novice player. She had only been playing for a few months before she entered the tournament.

Soon in action

There was a good crowd at the match which was held in the afternoon. The F.A. XI were in front in the eighth minute when Linden, always a danger net, struck through in the strike for the centre-forward to make no mistake, then on.

Within a minute

Within a minute, Joseph Kadenko, on the right wing, worked his way through and his shot on goal. The defence all set to stop the ball before it reached the goal.

The Hunt for Oil Number Two

London, Curtis, and a small caravan were sent to the north to search for oil. The search was led by a team of geologists and engineers.

AFRICAN PLAYERS TAKE THEIR REVENGE

At the annual British International golf match at Kenilworth, the South African amateur best Kenya by seven strokes in the first round. The South Africans won their fourth consecutive victory, obviously with the intention of avenging the memory of their defeat at Karim, by two strokes in 1952 and the singles play-off in 1953.

The second match, however, between Walter and Kenilworth, was a more even contest. Both were playing with a strong wind, and the Kenyan was able to recover, winning the match by a score of 1-1.

The third match, however, between Walter and Kenilworth, was a more even contest. Both were playing with a strong wind, and the Kenyan was able to recover, winning the match by a score of 1-1.

Rhodesian Indian XI beaten by tourists

THE South African cricketers, who ended their last Africa tour last Friday, beat a Rhodesian Indian team by an innings and 206 runs in one-and-a-half days of their three-day match. Final scores: Rhodesian Indian XI 81, South Africans 202, for seven declared.

A hard-hitting, third-wicket partnership of 221 between the batsmen, who included the South African captain, Alan Turner, and the Rhodesian batsman, Peter Richardson, was the key to the South African victory.

ENGLAND OPENER INJURED

PETER HOBSON, England and Worcestershire left-hand batsman, has joined the list of M.C.C. casualties.

The 27-year-old Worcestershire batsman injured his right ankle at starting on home duty, while playing for the M.C.C. against the South African XI at Kenilworth. He was injured by a ball which struck his right ankle.

What a life I have had

I keep being attacked by little microscopic things which you call bacteria, but which I call a curse.

Little do they know that I am innocent. In spite of the terrific onslaught I continue to live.

When bacteria attack me, my body becomes hydrocarbons—light, medium and heavy.

These are gas, liquid petroleum and wax.

The petroleum part of me is separated into a porous material, usually used as insulation, where it remains until some other prodigy from an Oil Company discovers me.
