The right coat for painting your home

...and Sherwood will do the right coat whatever the job. There's a whole range: plastic emulsion paints, synthetic enamel, white-wash, primers, varnishes and industrial finishes. Patents for coloring or extractions. All the paint you need to brighten up your home—in your variety of gay colors.

With every tin of Sherwood paint you get a good receipt, because they are made and tested in Africa. Specially developed for the climatic conditions of the tropics, they are made in the finest laboratories in the U.K. Sherwood paint is the only paint you can rely on.

COTACSO P.V.A. EMULSION PAINT. Cotacso emulsion is so easy to apply. Ideal for plaster, cement, brick, block, building boards. You can use it on any surface normally painted or distempered, provided it is properly prepared. There's a range of its attractive shades, to choose from.

PAINT ON A HOT TIN ROOF. Hot sun and humidity can dry the paint on a roof surface. Our Dorr at Goombs factory uses all Sherwood paints under the severest tropical conditions. In fact we export painted sheets of metal to sun and rain for long periods. We make sure that they will last. Sherwood paints in Africa. It's sold in specially suited tins, too.

HIT 474 AT WELLINGTON

Richardson's first century of trip

Richardson's first century of trip in Wellington was a landmark event for the team. The batsman, who had been struggling with a lack of runs, finally broke through with a century in the first innings. His innings was a masterclass in batting, showing a combination of power and finesse. The team's performance was excellent, and the victory was a morale booster for the players.

Plea for turf Test pitches

All those for the continued improvement of Test pitches in New Zealand. The current state of the pitches is a concern, and it is hoped that the authorities will take steps to improve them. The quality of the pitches is crucial for the game, and it is essential that they be maintained in the best possible condition.

White Cup snapper

The White Cup snapper is a highly anticipated event in the cricketing calendar. It is a competition that brings together some of the best players from various teams. The snapper is a test of skill and strategy, and it is always a pleasure to watch it.

Racing cancelled

The racing was cancelled due to heavy rain. The weather was a significant factor, and the organizers had to make the difficult decision to postpone the event. The fans were disappointed, but the safety of the participants was the top priority.

BRONZE MEDALS FOR KENYA MARKSMEN

KENYA marksmen won Lord Waldorf Bronze Medals by taking second place in British Guinea in the 1958 Colonial rifle shooting matches. The match was held in London, and the Kenyans performed admirably. Their score was just enough to secure the bronze medals, a significant achievement for the team.

I like Scotch Whisky

One small sip is plenty. Reminds me of holidays, so long as they were pleasant. Was useful knowing them last, though. Appreciate more than domestic sips now. Like sips with depth to them. Tastes of content. But still round steps the glass. Especially when filled. Makes me think of other, a clear bell in pale moonlight. Most distinctive of all sips is simple. Seen no advantage in the new singular bottle. Holds the million gold of an easy first Scotch whisky.

TOO MUCH DESPONDENCY AND ALARM IN COLONY

Mr. Blundell attacks defeatist attitudes

Mr. Blundell attacked the defeatist attitudes of those who were despondent over the situation in the colony, and urged that the Government should be given a chance to show that it was capable of dealing with the situation.

He said that the Government had a duty to show that it was capable of dealing with the situation, and that it should not be discouraged by the actions of a few individuals.

He further stated that the Government should be given a chance to show that it was capable of dealing with the situation, and that it should not be discouraged by the actions of a few individuals.

He concluded by saying that the Government should be given a chance to show that it was capable of dealing with the situation, and that it should not be discouraged by the actions of a few individuals.

ARSENAL CRUSHED BY WOLVES

Shock results on quagmire pitches

WOLVES' BRILLIANT WANDERERS had a 3-0 home victory over Arsenal in the Divisional League match at Villa Park. The Wolves' attack was superb and they scored three goals in a 15-minute interval. Arsenal were completely out of their wits and their goalkeeper, George Hirst, was forced to make a number of brilliant saves to prevent a heavier score.

Britain given \$100 million loan

By P. and O.

PARIS (AP) — The British Government has announced that it will lend Iraq \$100 million to help it pay off its foreign debts. The loan will be provided in the form of a loan guarantee, which will enable Iraq to borrow money from the international capital markets.

The loan is part of a larger package of assistance that the British Government has announced for Iraq. This includes a \$100 million loan, a \$100 million loan guarantee, and a \$100 million loan for the purchase of British goods.

The British Government also announced that it will provide Iraq with \$100 million in technical assistance. This will be used to help Iraq improve its agricultural and industrial production.

The British Government's assistance to Iraq is part of its policy of supporting the stability and development of the Middle East. It is also a reflection of the close relationship between the two countries.

No - they're not new tyres - they're the retrograde with the NEW-TYRE LOOK!

If you take an interest in tyres, you will find yourself here, as the last few years, tyre manufacturers have made great strides in perfecting the characteristics which give greater safety, increased adhesion and longer wearing qualities to their tyres.

You will have noticed the way tyre life has gradually increased in these past years - mainly making for greater economy. You will have seen the drastic combination of grooves, ribs and lugs - made - for removal from the sticky compound of running grooves - 'pneumatic' - 'steering' - 'grip' and safety or ultimately obtained of one so long ago.

You have remarked the shoulder and sidewall treatment of today's highway tyre - functional as well as aesthetically pleasing - modern smooth shoulder keeps your car steady on the road - by itself.

Steps of private practice

The Ministry of Health has issued the following regulations regarding the steps of private practice for medical practitioners in Kenya.

The regulations are designed to ensure that medical practitioners who wish to practice privately must first obtain a license from the Ministry of Health.

The steps are as follows:

1. Obtain a license from the Ministry of Health.
2. Obtain a license from the Kenya Medical Council.
3. Obtain a license from the Kenya Medical Association.
4. Obtain a license from the Kenya Medical Association of Surgeons.

Hour planning

In the past, many people have complained about the lack of time to do their work. This is because they do not plan their hours properly.

Hour planning is a technique that allows you to plan your work in advance. This helps you to use your time more effectively and to avoid the stress of a last-minute rush.

There are several steps to hour planning:

1. List all the tasks you need to do.
2. Estimate the time it will take to do each task.
3. Prioritize the tasks based on their importance.
4. Schedule the tasks into your day.

Building camps

The Government has announced that it will be building camps for the homeless people of Kenya.

The camps will be built in various parts of the country and will provide shelter and basic facilities for the homeless.

The Government has also announced that it will be providing financial assistance to the homeless people to help them to build their own homes.

Better roads built by joint committee

The Government and the Kenya Road Builders' Association have formed a joint committee to improve the roads in Kenya.

The committee will be responsible for planning and building better roads throughout the country.

The committee will also be responsible for maintaining the roads and for ensuring that they are in good condition.

Are you as happy as you would like to be?

Very few of us are "too good" to need a little extra help. You know that's true too quick to see back and discomforts show you are being neglected by your body.

Doctors say "nervous strain" conditions.

Your doctor would tell you that "nervous strain" conditions are of two kinds: one is a general condition and the other is a specific condition. The first is a general condition and the second is a specific condition. The first is a general condition and the second is a specific condition.

Masai warriors on Narok meadows

NAROK was the scene of the first of the Masai warriors' dances on the meadows of Narok.

The first day of the festival was a success and the warriors performed their dances with their traditional weapons.

TUAK FOR THE DUKE

LEFT: The Duke of Edinburgh takes a glass of beer-fortified tuak wine — at Kuching, Sarawak, during his visit to Borneo. In his drink custom that a native should sample tuak. Before he left, the Duke was presented with a jar of tuak — a mixture of rice, sugar, and beer.

BELOW: One of the first motor vehicles being installed at a number of service stations in Borneo. Owners of motor vehicles and other two-wheeled vehicles insert a coin into the slot in the pump and help themselves to a certain quantity of oil mixture. The idea is proving very popular, particularly with the two-wheeled.

Ox-cart exhibit at Eldoret

An ox-cart that has travelled more than 80,000 miles between London and Eldoret is now being exhibited before being put outside the Eldoret Trade Hall. It is the first to make the link between London and Eldoret since it was first called.

Royal ambassadors makes more friends abroad

ONE of the new members of the Boy of Peace Corps in Africa is the Duchess of Kent, who will be making a tour of Latin American countries. The Duchess will receive the order of merit from the monarch of the current tour and on the Far Eastern tour she will visit her older son in 1929.

Once again she is proving herself an outstanding ambassador. The report of her first visit here, after visiting South-East Asian ports, is every indication of her success in every respect.

In Latin-American countries she has been making tours of the same kind for making friends and increasing the knowledge of her people here. She has been in the same position for the last five years and has won the admiration of the most distinguished persons.

The Duchess of Kent, when she arrived in London, has visited most countries of Europe, the West Indies, Canada and China and she has opened the door to the country's Parliament and has met the Chief Justice, the Chief Justice, the Chief Justice, the Chief Justice, the Chief Justice.

HAND AND FOOT BEAUTY ROUTINE

By JEANNE MORGAN

Developing a critical eye for your own beauty faults and correcting them without adding to the cost of your beauty routine is the subject of this fourth lesson in my School for Beauty.

Housewives are more apt to neglect themselves than are business girls—on soap bubbles alone in the bathroom. The simple hand and foot beauty routine is the subject of this fourth lesson in my School for Beauty.

Comfort vital

The real beauty for figure improvement. When clearing the bath, the moisture best on your bones, keep your feet stationary and make your fingers slide in the bubbles and clinging.

Now a word about your feet. Now a word about your feet. Now a word about your feet. Now a word about your feet. Now a word about your feet.

New Milky Skin

It is now possible to get rid of the unsightly freckles, blemishes and spots which mar the complexion of the face. The new Milky Skin is a cream which does this. It is a cream which does this. It is a cream which does this. It is a cream which does this. It is a cream which does this.

If only SOMEONE made the truck I want

I WANT a two-ton load, but not a cumbersome giant to drag. I want a light, quick mover, not strong. And I want the minimum time off the road. I want an easy handler, for long hauls, something that drives like a pick-up, in fact, and (weight as well) goes the whole hog. I don't want to pay a fortune for it and I want really good service anywhere I go. Asking a lot, isn't it?

UNDISCOVERED ISLANDS OFF THE EAST AFRICAN COAST

Wanted—a leader

The discovery of undiscovered islands off the East African coast has created a new field of activity for the world's most adventurous explorers. The discovery of these islands, which are situated in the Indian Ocean, has created a new field of activity for the world's most adventurous explorers. Telegrams and understanding

Every time somebody gets a bright idea, it is not too long afterwards the thing being done, and some with ideas still have to be made. It is not necessary to have a lot of money to do the things we want to do. The things we want to do are the things we want to do.

Natural beauty

The latter islands are of the volcanic formation and have a fine, sandy beach. The discovery of these islands, which are situated in the Indian Ocean, has created a new field of activity for the world's most adventurous explorers.

Precarious life

In the past, the islands were used by the natives as a place of refuge. The discovery of these islands, which are situated in the Indian Ocean, has created a new field of activity for the world's most adventurous explorers.

Traveling

The world is a big place and there are many interesting places to visit. The discovery of these islands, which are situated in the Indian Ocean, has created a new field of activity for the world's most adventurous explorers.

New shares in great demand

South Africa (C.A.S. Ltd.) The big event in the share market here for the past few days has been the issue of new shares by South Africa (C.A.S. Ltd.). The shares were issued in the form of a new company, the South African Capital Investment Company, and the shares were issued at a price of 5s each.

U.S. CAP... INT...

Market activity was brisk today as investors sought to take advantage of the rising price of the U.S. dollar. The U.S. dollar rose to a new high of 32.50 against the British pound sterling. This was due to the fact that the U.S. dollar is becoming more attractive to investors as a result of the U.S. Government's new policy of supporting the dollar.

Drip-dry wool is unshrinkable

A New Zealand wool merchant has announced that he has developed a new method of treating wool so that it is unshrinkable. The new method involves the use of a special chemical which is applied to the wool before it is washed. This process is called "drip-dry" and it is said to produce wool which is completely unshrinkable.

Synthetic rubber developed

Scientists have developed a new synthetic rubber which is said to be stronger and more durable than natural rubber. The new synthetic rubber is made from a mixture of oil and coal and it is said to be completely resistant to heat and cold. This new synthetic rubber is said to be a major breakthrough in the development of synthetic materials.

INCENSE

Low firm trend but prices lower. The market for incense has been relatively stable over the past few days. However, prices for some grades of incense have fallen slightly as a result of the fact that the supply is becoming more abundant.

BIRD'S NEST

The market for bird's nest has been very active today. Prices for bird's nest have risen sharply as a result of the fact that the supply is becoming more scarce. This is due to the fact that the Chinese Government has imposed strict controls on the export of bird's nest.

Shipping report from Bombay

The shipping market in Bombay is expected to be active over the next few days. Several new ships are expected to arrive and depart. The market is expected to be firm as a result of the fact that the demand for shipping services is increasing.

YIELD

Yield on the market has been relatively low over the past few days. This is due to the fact that the market is becoming more volatile as a result of the fact that the U.S. dollar is becoming more attractive to investors.

5

5 is the number of the day. It is a good number to remember as it is the number of the U.S. dollar. The U.S. dollar is becoming more attractive to investors as a result of the fact that the U.S. Government has implemented a policy of supporting the dollar.

Activity on Nairobi Exchange

A busy trading session was held on the Nairobi Stock Exchange today. The market was characterized by a steady rise in share prices, particularly in the mining and manufacturing sectors. This was due to the fact that the market is becoming more optimistic as a result of the fact that the U.S. dollar is becoming more attractive to investors.

East African Standard

Lord Perth's mission

By Sir G. H. Harcourt

THE Mission which the Government are sending to the East African States to investigate the position of the East African States in relation to the Central Powers is the first of its kind since the First World War. The Government are sending a Mission to the East African States to investigate the position of the East African States in relation to the Central Powers. The Mission will consist of Lord Perth, the British Ambassador in Addis Ababa, and a number of other officials. The Mission will visit the East African States and will report to the Government on the position of the East African States in relation to the Central Powers.

A self-appointing voice

IT is the habit of the Government to appoint a Mission to investigate the position of the East African States in relation to the Central Powers. The Mission is self-appointing, and the Government are responsible for its actions. The Mission will consist of Lord Perth, the British Ambassador in Addis Ababa, and a number of other officials. The Mission will visit the East African States and will report to the Government on the position of the East African States in relation to the Central Powers.

SEVEN MEN IN A CUTTER SAIL AWAY TO PEMBA

JOHN HAYTHAM regards the "Outward Bound" class of cadets selected for the Royal East African Navy to make his values paramount and activities. The programme is by GUNCLIFF WHITFIELD.

THE British naval officers who run the Royal East African Navy believe in teaching their 200 African cadets to be resourceful, to fend for themselves and to be ready for any emergency. They have sent their men off in open boats to nearby unpopulated islands and have across Atlantic channels, and told them to find their own way back. The officers have earned a bad press and proved they was cope with out-of-control situations.

The training program of 100-mile sailing voyages from Mombasa to Pemba Bay in the Indian Ocean is a 100-mile voyage home in the event of one of the offshore islands being found the crew, which will have been both physically and mentally exhausted.

PHYSICAL EXERT

But into the immediate physical training of the cadets is a 100-mile voyage home in the event of one of the offshore islands being found the crew, which will have been both physically and mentally exhausted.

Happy Relief From Backache

IT IS OFTEN SURPRISING how quickly backache will, when treated on the spot, subside. Backache, however, does not disappear entirely unless the inflammation is the least.

Doan's Backache Kidney Pills bring relief to the most stubborn cases of backache and kidney trouble. They are the only pills that act on the system. Who knows better the importance of the kidneys than the millions of people who suffer from backache and kidney trouble?

The sturdy squires of old England: A lament

By E. R. YARHAM

DESPITE the sweeping changes that have sprung over Britain's countryside in thousands of villages and great parks and the industrial cities, among which the rooks are still and squabbling at sunset as they have done for centuries.

With their sturdy gait and their old hats still stand in their great parks and the industrial cities, among which the rooks are still and squabbling at sunset as they have done for centuries.

In the Highlands or at the Coast

To accentuate your charm, your femininity, nothing can compare with the tingering fragrance of Yardley Lavender. It is as fresh as an English garden in spring—with a touch of sophistication which only Yardley know how to give. Have it always about you—a bottle for your dressing table—superb lavender soap for your bath.

FAIL WITH SHORT PUT —AND ENJOY YOUR GOLF

BY HENRY L. COOPER

WHEN you are great outdoors "it's" in Henry Cooper's theory, based on observation of golfers as well as on his own experience, that the "short" put is the one that counts most. He says that the "short" put is the one that counts most because it is the one that is most likely to be made or missed. He says that the "short" put is the one that counts most because it is the one that is most likely to be made or missed.

FEARFUL SPORT

THE truth is, I really don't think that the "short" put is the one that counts most. I think that the "short" put is the one that counts most because it is the one that is most likely to be made or missed. I think that the "short" put is the one that counts most because it is the one that is most likely to be made or missed.

It is not that I am afraid of the "short" put. It is not that I am afraid of the "short" put. It is not that I am afraid of the "short" put. It is not that I am afraid of the "short" put.

RUGBY FOOTBALL DAYS HERE AGAIN

RUGBY is the first of the two phases of football to be held in the stadium at the end of the season. It is a sport which has become more and more popular in the past few years. The fact that it is held in the stadium is a tribute to the popularity of the game. It is a sport which has become more and more popular in the past few years. The fact that it is held in the stadium is a tribute to the popularity of the game.

Two factors
A number of factors have contributed to the popularity of the game. One is the fact that it is a sport which can be played in all parts of the world. Another is the fact that it is a sport which is easy to learn and play. It is a sport which has become more and more popular in the past few years. The fact that it is held in the stadium is a tribute to the popularity of the game.

carried 5,000,000 tons of your goods over the railway, inland marine and road services — 58,000 tons more than in 1957. The ton mileage — that is to say the number of miles every ton was carried — amounted to 1,517 million. This is an all-time record. The Central Line in Tanganyika showed the greatest percentage increase.

carried 4,320,000 passengers. Although this was 200,000 fewer than in 1957 this number of passenger journeys has only been exceeded three times previously — in 1951, 1952 and 1957.

brought into this country 2,569,000 tons of your goods. This was 160,000 tons less than in 1957, chiefly because of credit restrictions, smaller imports of capital goods and the development of local industries. As a result, in addition, all imports increased by 100,000 tons to a total of 1,215,000.

In providing these services paid out £22,100,000 — this included £2,500,000 in wages, £1,500,000 in fuel and stores, £2,000,000 on interest and loan charges, £2,500,000 for depreciation of assets, £1,000,000 on repairs and maintenance. Overall costs were some £16,000,000 less than for the previous year. In addition, £2,000,000 was spent on new equipment, new works and renewals — less than for the previous year. Transport system in which services £23,400,000 — only £200,000 more than they cost to provide. A great deal of financial balance by our reckoning, and one which made it impossible to pay any substantial contributions to the Reserve Fund. The fact that we are now a significant surplus to finance improvements. The narrowness of the differential is due entirely unless it can earn a significant surplus to finance improvements.
