# Free port emphasised at Mombasa talks

**Special Staff Reporter**  
 The setting up of a free trade zone at Mombasa, of which the Government would serve as a model, might mean a change to Kenya's application for membership in the Commonwealth.

About 50 people, representing industry, shipping, Customs and merchants, attended the conference at Mombasa Town Hall to discuss the Council's suggestion of setting up a free port. After a two-hour discussion, during which a proposal of setting up a committee of experts to study the Government for introduction, the matter to be discussed at the conference resumed.

Mr. H. Hall, a tour company official, told the conference that a free port would have little effect on the number of tourists to the town. They would go there, he said, whether there was a free zone or not. He also suggested that such an organisation would give rise to a considerable amount of smuggling.

## NO BENEFIT TO AFRICANS

Mr. Mohamed Janji pointed out that the Government's policy was to attract participation in the economy, that as Africans were not manufacturing nor exporting, it would not benefit under such a scheme. An East African Customs and Excise official, Mr. J. O'Neil, said that the Government was already engaged in a free zone scheme, which was already being set up in the form of duty, including some materials and goods. There was also legislation under which local industries would be given a 10 per cent rebate on any duty paid on such goods.

# Market little

THE stock market was widely expected to show a sharp decline in the aftermath of the disappointing results of the general election. However, the market was surprisingly stable, with most prices showing only a slight decline.

Shares of the major companies were particularly steady, with prices for the top 100 stocks falling by only a few points. The market's resilience was attributed to the fact that the election results were not as dramatic as many had expected.

British funds were also stable, with the pound sterling showing a slight gain against the dollar. The market's performance was seen as a sign of confidence in the new government.

## STRANGE MIGRANT MOVES ON

The strange happening during the weekend in the Mumbay area took long enough to make it most kind of the inhabitants take a second look.

They are well accustomed to seeing outside, coming over-riding, and, with respect to the happenings of those times, they are not at all in the habit of questioning the obvious. It is a very common occurrence that the animals, coming to the street from their own quarters, are not, but simply looking on their own.

On Monday morning, some of the animals had a great deal of trouble to take a short look at the dog's new unexpected guest. A herd of animals, led by a single member of the herd, a female, and a pair of working dogs, were making their way across the street.

Yesterday, as if to make matters even more

strange, the plane took a different shape. The plane was stopped at its wing and tail end, and then, without explanation, turned full out of the park.

It is not clear how long before the plane could be moved. One man is now at the airport.

A news badge called for a special moment, and, while, called for the previous day's incident, it is included, a report says, and the plane, at the moment, is in the park, and the plane, at the moment, is in the park.

Consequently, it is a park, and the plane, at the moment, is in the park.

FOOTNOTES: The plane, at the moment, is in the park. The plane, at the moment, is in the park. The plane, at the moment, is in the park.

# Being reserved on habeas corpus demand

Second Day Report  
Kenya

## PAUSE FIRM'S WAGES 'BETTER THAN REST'

A PANEL of three judges in the Uganda High Court yesterday reserved their ruling on the second part of an application for writs of habeas corpus in respect of Mr. Grace Bhabaga and four other detainees.

The writs, the Chief Justice, Mr. Justice L. Uduma, Mr. Justice D. Sheridan and Mr. Justice K. T. Fud, heard submissions from Mr. P. G. J. Masika, Deputy Director of Public Prosecutions, and then announced that they would announce their decision later.

The hearing was the second leg of an application made five months ago by Mr. John Kanyara for writs of habeas corpus for himself and the four men who were lawfully detained, that was the basis for the arrests which was rejected then by Mr. Justice Fud.

## PANEL OF JUDGES NEEDED

However, he held that the second part of the application affected the Constitution of Uganda, and so needed a panel of three judges.

At the start of yesterday's hearing, Mr. Masika said to the court that as Mr. Justice Fud had decided that the five men were lawfully detained, the second part of the application and a new application should have merit.

## Shipping of acid now safe

THE shipping of sulphuric acid has always been a matter of concern, but it has now become a matter of routine. The new regulations, which were introduced in 1935, have made it possible to ship acid in bulk in iron tanks, provided the tanks are properly constructed and the acid is properly handled. The new regulations also require that the acid be shipped in a cool, well-ventilated area, and that the tanks be properly secured. The new regulations have made it possible to ship acid in bulk in iron tanks, provided the tanks are properly constructed and the acid is properly handled.

A new way of shipping sulphuric acid has been developed by the British Sulphur Corporation. The new method involves the use of iron tanks, which are properly constructed and the acid is properly handled. The new method also requires that the acid be shipped in a cool, well-ventilated area, and that the tanks be properly secured. # Mr. MUNGI Attacks SOMALIA

## Malicious broadcasts' on eve of summit

SOMALIA'S radio propaganda campaign against the Kenya Government was last night strongly denounced by the Minister for Defence, Mr. Mungai. He was commenting in a statement on Radio Nya Nyabeya which on President Kenyatta and his colleagues, disclosed by the "East African Standard" yesterday.

Dr. Mungai said that it was "most unfortunate" that such malicious propaganda should come on the eve of the summit conference in Nairobi to which Somalia and 10 other countries had been invited "to consolidate their areas of friendly co-operation".

He also pointed out that the Accra declaration on subversion called on member-nations of the Organisation for African Unity to refrain from conducting any direct or indirect campaigns against a fellow-member state. "The Republic of Somalia most demonstrably will be failing to live up to this worthy commitment," the Minister declared.

Dr. Mungai further stated that "Radio Nya Nyabeya should behave itself only as a protector and defender of Kenya and Kapsalor and questioned whether this had been done with their permission."

**Inspired by ill-will**

The Minister was referring to a radio communication from the Somalia capital dealing mainly with the recent Kapsalor conference at Limbe. Dr. Kenyatta is described as "a retrogressive country led by a dictator."

Prime Minister Kenyatta was accused of restrictive measures on freedom of expression and alleged that news "propaganda for their support of imperialism" was being broadcast. Dr. Mungai said that this commentary was clearly inspired by ill-will and was a demonstration of ignorance and stupidity. He said that the radio broadcast was a "disgrace to the State and a reflection of the ill-will of the Minister for Defence."

Sponsored by the opening ceremony, Mrs. Mbuya said that by providing such a wide range of reasonably priced footwear, all under one roof, Bata was giving a much needed service to the citizens of Nairobi.

# E.A.C.S.O. OFFICERS GO TO U.S.

TWO officers of the Organisation for African Unity (O.A.U.) and the Executive Committee of the East African Community are leaving for the United States where they will be attending the annual meeting of the African States Association in Washington, D.C. The two officers are Mr. M. S. Mwangi and Mr. K. S. Mwangi. They will be accompanied by Mrs. M. S. Mwangi.

The River Road Milehigh shoe store is a new initiative of Bata in Kenya, which is one of the many shops which Bata plans to establish in East Africa. The shoe store identification signifies an "economy class" of shoes brought by the person to whom prices in more important than high fashion styles.

# Coffee auction

Uganda's Kenya Coffee Auction resulted in 1,729 tons coffee sold out of the 1,800 tons offered at an average price of £138 per ton.

To date 23,332 tons coffee have been offered to all markets in the world at an overall average price of £131 per ton.

Police were forced to hold back a crowd of eager bargain hunters when Bata opened the doors of its first Milehigh store in River Road. The shop was officially opened by Mrs. Pamela Mbuya, who left the scene a few minutes before the picture was taken.

## Kenya Participates Officially at the 44th Edition of the International Trade Fair of Milan, Italy

# ITALY — A BUYER'S MARKET

ITALY is in its "post-boom" period with all the implications of a cessation of rapid investment and expansion. Industrial capacity was magnified during the good years from 1950 to 1963 and naturally when the breathing space came at last, many expansion projects were still under way and could not be halted without warning.

The result is that Italy has not yet found its industry unrivaled facilities — brought new branches of the most modern manufacturing equipment, skilled workers waiting to go — but a present lull in orders which has brought an unaccustomed quietness to many of the plants.

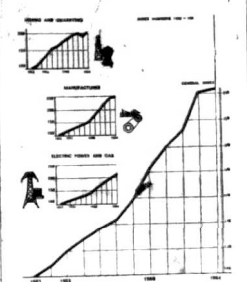

Industrial industry is to a lesser extent than in the past, but it is still a large and important part of the Italian economy.

Italy's industrial industry, however, has been able to keep pace with the speed with which the world market has been changing. A few days before the start of the fair, the Government of Kenya will send a delegation to Milan, Italy, to participate in the fair. The delegation will consist of officials from the Ministry of Trade and Industry, and other officials.

# Schemes to meet wheat demand in Kenya outlined

Means to increase Kenya's wheat production to meet the unprecedented increase in wheat flour consumption were described yesterday by the Minister for Agriculture, Mr. M. K. O. Njoroge, at the annual conference of the District Wheat Commission in Nairobi.

The theme of the conference is encouragement of wheat production to reduce dependence on foreign wheat and save foreign exchange.

Mr. Njoroge said that Kenya's wheat supply for 1970 was more than 1,000,000 bushels, which could all have gone into the pockets of Kenya farmers.

He said that the acreage of 250,000 was the largest planted since 1961, but the result of a crop of wheat in rain falling the yield would not be much under five bags to the acre.

### NEED FOR INCREASES

The shortage had been caused by the unprecedented increase of 30 per cent on the previous year's consumption. This could not be attributed entirely to the increased production of flour, but there had been similar increases in Uganda and Tanzania.

The spread of education and improved standards of living, which led to widespread demand for wheat flour, must be rapidly increased production.

Mr. Njoroge said that the Government was not only increasing the area under wheat production, but also increasing the yield per acre by the use of modern agricultural techniques.

He said that the Government was also providing technical assistance to farmers in the form of training courses, extension services and the provision of modern agricultural equipment.

### OWNERS OF LORRIES TOLD TO BE PATIENT

Lorry owners who were complaining that they were being denied help in getting their lorries repaired at the port container yard, were told to be patient by a spokesman of East African Railways and Harbours (EARH) yesterday.

The spokesman said that the yard was being expanded and that the expansion would be completed by the end of the year.

He said that the yard was currently handling 100 lorries a day and that this number was expected to increase to 150 by the end of the year.

He also said that the yard was being expanded to handle 200 lorries a day by the end of 1971.

### 1994 taken by gang

A gang of about 20 men, some of whom were armed, took 1994 from a lorry at the port container yard yesterday.

The gang was seen to load the vehicle with boxes and other goods before driving away.

The police are currently conducting an investigation into the incident.

# Schemes to meet wheat demand in Kenya outlined

PLANS to increase Kenya's wheat production to meet the "unprecedented" increase in wheat consumption were discussed by the Minister for Agriculture, Mr. McKean, when he addressed the annual conference of the District Wheat Board at Nakuru.

The theme of the conference in encouragement of wheat production to reduce foreign exchange and save foreign exchange. Mr. McKean said that Kenya's wheat consumption could all have gone into the production of wheat. OMEGA

The Omega Constellation

Only one of the least watches that has ever come out of Switzerland. To be exact, it is a Chronometer, the watch movement must undergo 500 hours of stress testing in a Swiss Institute for Official Chronometer Tests. Only movements that maintain high accuracy throughout all tests are given a Chronometer Certificate. The Omega Constellation does better than that. It overcomes these tests by the movement "Especially Good" which is a high-precision construction the Institute can give incidentally, Omega is more responsible for well over half of Switzerland's annual output of certified Chronometers.

## LEADERS WELCOMED BY Mr. KENYATTA

### Nairobi talks not substitute for O.A.U.

**President Kenyatta** emphasized yesterday that the East and Central African summit meeting of 11 nations, due to open at State House today, was not convened to establish a new organisation apart from the Organisation for African Unity.

The President, who spent a busy afternoon welcoming delegation leaders from Zambia, Uganda, Tanzania, Rwanda and Malawi, was expressing agreement with a comment made by the Uganda Prime Minister, Mr. Obote, at an airport Press conference.

Mr. Obote told reporters that the conference would not in any way affect, take away or replace whatever was provided in the O.A.U. Charter.

He added: "We do not like to see this conference developing into a new regional organisation. We are here to work jointly on matters and problems affecting our neighbouring countries and, if time permits, we should like to see how we can improve relations affecting our countries."

### No fixed agenda

He endorsed the Kenya Government stand that there should be no fixed agenda for the conference, saying: "I just have in my mind a plain white paper and we shall have a free talking."

Mr. Kenyatta said the whole aim of the conference was to further good neighbourliness. He asserted that it would not be necessary to discuss any matters relating to Africa apart from African affairs, as neighbouring States.

## CARLSSONS

The East African Safari "caterans", Eric Carlsson and his wife, Pat Mason-Carlsson, with their children, Corrie, Anne and Elizabeth Mystrom respectively, went for a run in their spin yesterday and were soon kicking up both dust and water. Pictures above, clockwise from top left: Eric Carlsson and Corrie Anne receiving a friendly wave from two Maasai women; they stopped and the women posed for a photograph with one woman while Eric Carlsson invited another to try out the driver's seat. Wet or dry Eric Carlsson drives fast and the only noticeable difference is that the cloud of dust following him changes to a wall of spray for his little 4-wheeler.

# Showdown of games criticised

THE Kenyan Sports Association was criticised yesterday by the Football Association of Kenya for its decision to play a two-match series between Kenya and Uganda in Nairobi on Saturday and Sunday.

The FA specifically criticised the MDSA and Feast of being responsible for giving short notice of the matches and claimed that the fixtures had been chosen for the convenience simply to favour plans for the Kenya Charity Information Fair to be played at the City Stadium, Nairobi, on Saturday.

## CHELSEA IN FAIR CUP SEMIS

A GOAL by the centre-forward Peter Ogoch in the 75th minute gave Chelsea a 1-0 victory over TSV Munich in London on Tuesday night and placed the team in the semi-finals of the Inter-City FA Cup.

The London club was the home advantage for the first leg of the tie and goalkeeper Ronnie Cross kept TSV in the last 15 minutes in Munich.

Chelsea's assistant manager, the Blackheath, former winners of the FA Cup, was in the dressing room to see the match.

Full results: Chelsea 1-0 TSV Munich; Tottenham 1-0 Ipswich; Arsenal 1-0 Southampton; Liverpool 1-0 Manchester City; Manchester United 1-0 Derby; Nottingham Forest 1-0 Millwall.

## CLAY WINS AFTER 15 ROUNDS

THE world heavyweight champion Cassius Clay has won his 15th round fight of the year, defeating the challenger, George Foreman, in a unanimous decision.

Clay was the undisputed world champion of the world in 1960 and 1961, and he has since won 15 more fights, including a win over Foreman in the 15th round.

## Council turns down bid by Uganda T.T.A.

THE National Council of Sports has turned down the bid by the Uganda Tennis and Table Tennis Association (T.T.A.) to play a two-match series between Kenya and Uganda in Nairobi on Saturday and Sunday.

## Uganda name party for Kenya match

UGANDA's football selectors yesterday announced the teams for the two-match football competition against Kenya in Nairobi this weekend.

The Uganda team is headed by captain John Mwangi, who has scored 15 goals in 25 matches for his country.
