POLITICAL CUSTOMERS OF PEACE FRONT

Demands By Both Sides For Indemnities

GERMAN SHOT DEAD

Representations have been made to each other by the Polish Government and the Danzig authorities as a result of incidents during the week-end.

The Polish Customs houses in Danzig territory are alleged to have been attacked by Germans and in one instance the premises were completely wrecked.

While a Polish officer was investigating the first affair, his chauffeur was attacked and fired his revolver, killing a German.

Danzig, May 22. Two attacks were made during the week-end on Polish territory in Danzig, the first on the Danzig territory, said the Polish Government, but that the Danzig authorities deny this.

VIEWS ON FUTURE OF THE CHAGGA

Masai Lose An Influential Chief

Following the second article on the annual reports of the Tanganyika Provincial Commissioners for the year 1931. Statements from the reports of the Provincial Commissioners of the Central, Eastern and Lake Provinces have already appeared.

Substantial part of the report on the Northern Province is devoted to the Masai district, where the "quiet and contented atmosphere" was, on the whole, maintained, although a certain preponderance of political agitation took place during the year.

The agitation was confined to the Masai and Kikuyu chiefdoms and in the latter case it is ascribed to a few individuals whose primary motive was personal gain, their ultimate aim being to establish authority.

The appointment of certain individuals as members of the Kikuyu Co-operative Union is mentioned in the report as a step towards the development of the Masai.

The date of writing of the report is somewhat uncertain, but it is clear that the Masai are in a state of transition.

The Masai are in a state of transition, and the report indicates that the Masai are in a state of transition.

Mombasa 10,000 Acres Of Crown Land For Gedi Settlers

Plans for the setting aside of 10,000 acres of Crown land as a Native Settlement in the Gedi area are described by Mr. Norman Hamlyn, Chief Agricultural Officer, East Africa Coast, writing in the current issue of the East African Agricultural Journal.

The article concerns the equal belt, in which there is forest reserve, in the neighbourhood of Mombasa. Mr. Hamlyn states that the Gedi area is a very fertile area, and that the setting aside of 10,000 acres of Crown land as a Native Settlement in the Gedi area is a very desirable scheme.

"Perhaps I'm hard to please..."

When I was younger I didn't much care what I ate or drank. But nowadays I take my pleasure, not only in what I eat, but in what I drink. I suppose you would call me faddy. I hate to be off with second-best, no matter what it is. I won't be at a peak unless it is English. If I order caviar it must be Beluga.

You see what I mean about whif. While it is obtain a whifsky so soft and smooth as a fine liqueur, you can earth should I be able to put whif anything on my table that is better than White Horse? I admit that perhaps I am hard to please—but take it from me—it pays."

TANGANYIKA'S TRADE IN 1938

"Visible Balance Again Favourable"

With an upward trend of prices and high hopes for the political future of the Territory, Tanganyika's trade in 1938 is described by Mr. J. H. McQuade, the Comptroller of Customs, as "on the whole favourable" always subject to the rains.

His report discloses total imports for 1938 of £2,448,575, made up of £2,246,497 trade imports and £201,740 Government Imports. Exports amounted to £2,679,773, domestic accounts for £1,272,561 and re-exports for £2,343,173.

The volume of trade was therefore £7,699,308, compared with with past years as follows: 1937, £9,233,569; 1936, £8,182,812; 1935, £6,713,238; 1934, £2,139,774.

EAST AFRICAN STANDARD LTD.

The fall in the total volume of trade, amounting to nearly one and a half times the volume of the previous year, was made up by a decline in total exports of over one and a quarter million and imports of nearly half a million pounds. Notwithstanding many adverse circumstances affecting the production and export of the principal crops of the Territory and the fact that the volume of trade was only one third of the 1937 level, the volume of trade was again favourable, failing to show more commensurate with the known external commitments of the Territory and the continued need for development.

Weather Causes Loss.
In his general survey the Comptroller of Customs says that the results of the year's trading may be summarized as a fall in the value of imports and a fall in the value of exports, with a fall in the value of re-exports. The value of imports was £2,246,497, compared with £3,000,000 in 1937. Production was generally good, with a fall in the value of re-exports. The value of re-exports was £2,343,173, compared with £2,343,173 in 1937.

Imports.
The total of imports for 1938 was £2,246,497, compared with £3,000,000 in 1937. The value of imports was £2,246,497, compared with £3,000,000 in 1937. The value of imports was £2,246,497, compared with £3,000,000 in 1937.

Exports.
The total of exports for 1938 was £2,679,773, compared with £2,679,773 in 1937. The value of exports was £2,679,773, compared with £2,679,773 in 1937.

Imports from East Africa.
The value of imports from East Africa was £1,272,561, compared with £1,272,561 in 1937. The value of imports from East Africa was £1,272,561, compared with £1,272,561 in 1937.

There is no evidence that local production is effectively displacing imports of many types of food which can be manufactured equally well at home. In fact, it is in those lines that increases are most marked. This is due to the fact that production in this country is being increased in order to meet the requirements of the Territory in the year of the year. The value of imports is being increased in order to meet the requirements of the Territory in the year of the year.

Anglo-Soviet Pact Expected Shortly NEW BRITISH PROPOSALS TO RUSSIA

The House of Commons on Wednesday Mr. Chamberlain announced that following the conversations which Lord Halifax had had in Paris and Geneva all relevant points of view had now been made clear in respect of Russia.

The Prime Minister said he had every reason to hope that as a result of the proposals which His Majesty's Government was now in a position to make on the main questions arising, it was bound possible to reach a full agreement with Russia at an early date.

KIGEIYI FOOTSTUFFS

(“FRASARA” CONTINUED)

Nairobi, May 27.

The rains in many parts of Kiambu and Arusha have been well up to average and crops are looking in good condition, so that a good harvest is anticipated. The carry-over from November and February harvests were plentiful and chiefs report the situation as being normal.

Maise, which is not a food crop but is a cash crop, is said to be as times as good as last year but is being harvested well in time. The heavy rain has done much to prevent the crop from being overdone, and it is getting severely and heavily, as they are seen also producing a second crop if they are prevented from setting the last.

What it is to do is to do the less valuable produce made from becoming an export there is every advantage in its cultivation with a view to the eradication of maize rust, which are in the region of 4,000 acres a year. Japanese and native food stuffs, even inter-territorial, are not a good sign of agricultural advancement and every territory should achieve self-sufficiency for food.

There is a far greater yield per acre in Uganda of maize than in this country, for example, peas and beans (even two and a half bush an acre) against maize

MUTHAIGA COMPETITION

S. W. White Wins after a Tie With 135 Net

S. W. White (Royal Nairobi C.C.) won the seventh annual Golf Stroke competition on the course of the Muthaiga Golf Club on Wednesday, Friday, with a net 132 for the 20 holes after a tie with H. Kettleborough of Royal Nairobi, the match being decided on the best score for the last nine holes in the afternoon, when White had a 69 to Kettleborough's 77.

It was a very well run event and the record number of 77 starters out of an entry of 80 and finished by over-running the excellent organization and very little time was lost on the prearranged schedule.

The course was in fine condition and was played very well indeed and this, in conjunction with the perfect putting weather, gave rise to pretensions to the knowledgeable ones that the winner's score would not be far short of 138 and they were not far out.

In general, the standard of play was high, especially in the afternoon, and not even the excellence of the course could entirely account for the fact that in the morning sixteen players each had a net score equal to or better than the S.A.S. while in the afternoon there were twenty-five net 77's or better.

Sonora's Flag Staff

Perhaps the best golf of the day was played by B. H. Cooper, who retained the best gross score of 149 for 36 holes, only five over 141. His morning round was a gross 79, but in the afternoon he played excellent golf to return a gross 70, net 65, for 36 holes of the day by far.

His exhibition on several holes was beautifully judged, well laid out and putting was excellent. His eagle two of the 17

Celebration of His Majesty The King's Birthday, 8th June, 1939

On the occasion of the official celebration of the birthday of His Majesty The King, His Excellency the Governor will hold a Levée at Government House, Nairobi, on Thursday, the 8th June at 11 a.m.

CEREMONIAL PARADE

The Levée will be preceded at 10.40 a.m. by a Ceremonial Parade of Troops and Bands which will enter the grounds by the Parade Ground, followed by a March Past of ex-servicemen and K.A.R. veterans. His Excellency the Governor and Commandants of the troops will be present and will take the Salute.

This occasion is one in which it would be appropriate for those numbers of the public who are entitled to do so to wear their medals and decorations (insignia should not be worn).

LEVEE

Gentlemen desiring to attend the Levée should make application in writing to the District Commissioner, Nairobi, to be received by him not later than the 6th June, after which date application can be entertained. Personal application should be made.

TRAFFIC ARRANGEMENTS

General Public and persons proceeding to Government House should enter the grounds by the gate nearest the European Hospital (the Hospital House) and should not enter the grounds by the gate reserved for cars parking.

Members of the Entourage, Flapjacks of Honours and other persons in uniform, including the Royal Air Force and the King's Household should approach Government House through the Anderson Road Gate only, and should display on the windscreen of their cars the Police Car Pass provided.

The motoring public are requested to show every consideration to the Troops when driving past or overtaking them, and to drive slowly and with caution to give way.

The Troops will enter Government House grounds by the Anderson Road Gate.

The public should be in their places not later than 10 a.m.

In the event of the Ceremonial Parade having to be cancelled owing to inclement weather, the Streets of the Kenya and Nairobi Railway and Harbours and the East African Power and Light Company will be closed at 9 a.m. on the day of the Parade.

ASTHMA

Sin's 1891 Hirsch's Asthma Cure has been pronounced by the British Medical Association to be the most effective remedy for Asthma known throughout the world and after 73 years in medicinal use has been found to be the only one that does not cause injury to the system.

"It is the only one that does not cause injury to the system."

The UNIVERSAL JOINTING for Steam, Gases, Chemicals and Oils

"Klingerit" is a Universal Jointing suitable for Superheated and Saturated Steam at highest pressures and temperatures; Hydraulic pressures; Compressed air and other Gases; Acids, Alkalis and other Chemicals; Oils, Spirits, Solvents and Hydro-Carbons.

High pressure Power Stations all over the world are using "Klingerit" today. Experience has proved Klingerit Jointing entirely satisfactory for steam up to 5,000 lbs. per square inch working pressure and up to 500° C. superheat.

"Klingerit" is being used extensively by modern Oil Cracking companies on present-day Distilling Installations, where the temperature of the crude oil reaches 900° F.

"Klingerit" has been used successfully in hydraulic work, and Klingerit 'X' in thick is actually in service in feed water lines of a high pressure station where the working conditions are as follows:—

Water pressure 1,150 lbs. per sq. in.

Temperature 200° C.—405° F.

"Klingerit" was the first compressed asbestos jointing ever made—it is STILL THE BEST

TURKEY AND THE PEACE

By the Rt. Hon. WINSTON CHURCHILL P.C., CH. MP.

To understand the full significance of the Anglo-Turkish alliance just declared, it is necessary to look back some way...

All this has therefore come about naturally, without being forced or imposed, and the Western Democracies have been advised to join themselves to a solemn and public manner to the self-protection group of Black Sea Powers...

It is also true of every State in the Balkan area, that it has been advised and induced the better of it upon the other. None in the time last war were the member of the Eastern European from another Balkan State...

It was a mistake of the Anglo-Turkish alliance which has been affected the course of the war...

THE MATTER TO WHICH I wish to draw attention is the handling of these ancient, used cars by Dole drivers.

It is proposed that a special tax of about 15 per cent of value should be imposed and, at the present rate of consumption, this would provide an income of about £20,000.

IT IS CALCULATED that the total of motor vehicles at present in use in Kenya...

It is of course, true that this year a Road and Traffic Board report suggested the expenditure of a motorist in the matter of a car is about £130,000.

Game Policy

A CRITICISM OF THE COMMITTEE

To the Editor, "E. A. Standard," Sir,—I have with interest read your issue of 12th May under the heading "Game Policy" and the Southern Game Committee in your issue of the 19th May by H.E.A.T. Nairobi.

I feel sure that I am expressing the opinion of many readers of your excellent paper when I say that much can be done for the game of Kenya. I am glad to see that the Committee appointed to enquire into the Game Policy of Kenya under the leadership of Mr. J. H. Cowie, has taken the initiative for the widening of the interests in Game and the public feeling in Kenya is strongly expressed at the meeting in Nairobi. The lack of provision for the appointment of this Committee is a letter, and necessarily for publication but will endeavour to return them. Directly is also essential to ensure consideration.

of the Indian one that through the provisions of the proposed Bill, the game will be shared between the two peoples. The fact of the matter is that the game is a national asset and it is the duty of the Government to ensure that it is properly managed and that the interests of all are protected.

Now, Sir, coming to the various clauses of the Bill, there is provision in Clause 1 (1) that the game shall be the property of the Government. This is a very important provision, and it is one that will ensure that the game is managed in the best interests of the country as a whole.

In Part III of the Bill under "Administration" there is provision for the appointment of a Game Council. This is a very important provision, and it is one that will ensure that the game is managed in the best interests of the country as a whole.

These state owners will be found in the British, Arab, Sikh, and other communities. It is a matter of fact that the game is a national asset and it is the duty of the Government to ensure that it is properly managed and that the interests of all are protected.

The Kenya Highlands League is a body which is concerned with the interests of the Indian community in Kenya. It is a body which is concerned with the interests of the Indian community in Kenya.

Now, Sir, coming to the various clauses of the Bill, there is provision in Clause 1 (1) that the game shall be the property of the Government. This is a very important provision, and it is one that will ensure that the game is managed in the best interests of the country as a whole.

SERIOUS RIOTING IN JERUSALEM

Jews Demonstrate Against The White Paper

There was a serious outbreak of rioting by Jews in Jerusalem on Thursday night and police reinforcements and troops had to be called out. One policeman was killed.

The plan outlined in the British White Paper is very much opposed by the Jews as their reports suggest that many of the Arabs, too, both in and outside Palestine, are opposed to it.

On the other hand the leaders of the anti-terrorist party in Palestine, the majority of the Arab population, have been informed of the White Paper. As already announced there will be a demonstration in Jerusalem on Monday or Tuesday if the Government's proposals are not withdrawn.

The Government has already indicated that it is prepared to reconsider the White Paper. It is in Palestine to meet the Arab leaders and to discuss the White Paper in detail.

SERIOUS RIOTING IN JERUSALEM
Jews Demonstrate Against The White Paper

There was a serious outbreak of rioting by Jews in Jerusalem on Thursday night and police reinforcements and troops had to be called out. One policeman was killed.

The plan outlined in the British White Paper is very much disliked by the Jews and latest reports suggest that many of the Arabs, too, both in and outside Palestine, are opposed to it.

On the other hand the leader of the anti-territory party is confident that the majority of Jews will accept the new policy.

The Egyptian Government has actually been asked to contribute to a plan for the settlement of Jews in Palestine.

On Sunday evening, May 13th, the Jewish National Council held a meeting in London to discuss the new policy for Palestine.

The British Board of Deputies in London has expressed its sympathy for the Jews in Palestine.

The intercommunal plan is to be discussed in Palestine soon.

KING'S CARRIAGE PARADE

Historic Ceremonies Carried Out In Dominion's Capital

His Majesty Unveils The National War Memorial

Montreal, May 18. "Their Majesties had one of the most striking receptions of their reign during their 24-mile drive through Montreal.

The whole route was lavishly decorated and the streets were lined with 1,100 cheering citizens.

The white cortege, headed by the King and Queen, was followed by 200 speaking citizens, paraded themselves before the great Montreal Stadium and their Majesties signed the royal City of Montreal Book and also visited the Mahon Stadium where they received another hearty welcome from 15,000 English-speaking children.

"We Want the King"

"Two hours the longest given in their honor by the city and attendance of 1,100 cheering citizens greeted King and Queen came out on to the balcony in response to insistent cries from a crowd estimated at 100,000 people who said "We want the King," "We want the Queen."

When the King and Queen appeared and enthusiastically acknowledged the greeting, the crowd burst into tumultuous cheering.

Their Majesties left for Ottawa in the silver and blue Royal train.

Tremendous Enthusiasm

On the way from Quebec their Majesties knew their journey at Three Rivers. The train slowed down every village and town and even at level crossings on the route to let the inhabitants extend a welcome.

"The first day's journey in Canada gave some indication of the Dominion's tremendous enthusiasm for their King and Queen. The royal train in its progress passed many groups of children, many of whom had come long distances to catch a glimpse of their Majesty.

The Royal arrival in Ottawa was heralded by a salute of 21 guns. They will stay in the capital for two days and a number of commissions and functions arranged for a four day stay originally planned, will have to be compressed.

Further Plans

Further details of the Royal plans for the United States and Newfoundland are announced. They will be accompanied by the Duke of York and the Duchess of York, who will be received by the Governor and his wife. The King will also be accompanied by the King's personal secretary, Mr. John's and a programme will include the usual reception at the White House and the King will be received by the King, Queen and the President of the United States.

When their Majesty return to the United States in June they will be met at Niagara Falls by the Secretary of State and other high officials. They will spend two days in Washington, go to Sandy Hook, New Jersey and then on through New York harbor in a battleship.

In New York they will be welcomed by the Governor and his wife.

THE DEBATE ON PALESTINE

Colonial Secretary On Promises Given To The Arabs

Without a pause he endeavored to respond to cries of "We want the King and Queen." The speaker went on to the right and walked over the heads of the people massed behind him to the Royal Military College.

The Royal train left Ottawa on Monday evening, and spent the night at Cobourg, where it stopped for some time at Kingston where the Royal Military College was inspected and the Queen conferred with the Duke of Devonshire.

A later message says: After their visit to the Royal Military College, the King and Queen were in the city of Ottawa, where they were met by a large number of people who were anxious to see them. Cardinal Secretary Of United States Foreign Policy

The foundation of American foreign policy was explained by Mr. Bull, the Secretary of State, in a speech at Washington on Monday.

Mr. Bull said that the Government of the United States had a number of objectives and these were:

1. There must be a return to the determination not to resort to war.
2. There must be an end to the attempt to replace the League of Nations by a league of strong arms.
3. There must be an agreement to limit and lower the making of armaments.

PREMIER AND THE COLONIAL QUESTION

Would Have To Play Part in Peace Talks With Germany

FOREIGN POLICY DEBATE

A significant reference to the colonial question was made by the Prime Minister during a foreign policy debate in the House of Commons yesterday.

Mr. Chamberlain referred to the possibility of negotiating terms for a permanent peace with Germany if the British Government could be convinced that any concessions which British might give would not be used for the purposes of further aggression.

THE PREMIER ADDED THAT RECOGNITION OF THE COLONIAL QUESTION WOULD HAVE TO PLAY A PART IN SUCH TERMS.

Mr. Lloyd George said that the world had been in the habit of regarding the British Empire as a thing apart from the rest of the world. He pointed out that the British Empire was not a collection of islands and a few scattered colonies, but a vast and varied territory.

Mr. Chamberlain said that the British Empire was a fact which could not be ignored. He pointed out that the British Empire was a source of strength and power to the British people.

STATESMEN BUSY WITH RUSSIAN PROBLEM

British Hope For Early Solution

The need for haste in coming to terms with Russia is fully realized in London and Paris where the problem is receiving almost unceasing attention.

It is hoped that as a result of exchanges between British, French and Russian diplomats at Geneva, negotiations will be so far advanced that it may be possible for the British Cabinet to reach a decision at its 27th meeting on Wednesday.

Lord Halifax, who is expected to return to London on Monday, is believed to have been in communication with the Russian Government regarding the proposed armistice.

Mr. Lloyd George's motion on the subject of the Russian problem was discussed at length in the House of Commons yesterday.

POLISH CUSTODY WRECKED IN DANZIG

Demands By Both Sides For Indemnitites

GERMAN SHOT DEAD

Strong representations have been made to each other by the Polish Government and the Danzig authorities as a result of incidents during the week-end.

Two Polish Customs houses in Danzig territory are alleged to have been attacked by Germans and in one instance the premises were completely ransacked.

While a Polish officer was investigating the first affair, his chauffeur was attacked and fired his revolver, killing one German.

Two stations were also fired on the weekend on Polish customs posts in Danzig territory and Danzig ports. Danzig demands a stringent inquiry and an indemnity for the damage done.

At the same time Herr Goebbels, the President of the Senate which is dominated by the Nazi Party, has sent a memorandum demanding reparation for the death of a German which occurred during the first incident.

Polish reports state that Nazi troops in uniform were concerned in both attacks.

The first was at Prastary street at Kaizer's customs post on the Danzig-Potsdam frontier. The Polish account says that the Police were asked to arrest the German and a German soldier shot. Their entry could not be guaranteed and a German soldier was shot. They fled the scene and a crew wrecked the building.

German Killed

The Polish Vice-Consul in Danzig threatened to file a report with the British Government of his alleged being the man who was shot. He is reported to have been a German, his name is not known.

The second incident occurred at a Polish customs house at Puck in Danzig territory. Police officers were seen in uniform who were seen to have taken possession of the premises.

TANGANYIKA'S TRADE IN 1936

"Visible Balance Again Favourable"

(STANDARD'S CORRESPONDENT)

With an upward trend of prices and high hopes of the fulfilment of the Territory, Tanganyika's trade outlook is described by Mr. J. H. McCready, the Comptroller of Customs, as the most favourable available, subject to the usual fluctuations of the year.

His report discloses total imports for 1955 of £2,245,575, made up of £2,346,250 trade imports and £291,745 Government imports. Exports amounted to £4,050,734—domestic accounting for £3,707,561 and re-exports for £2,943,173.

The volume of trade was therefore £7,499,309, comparing with £6,747,736 in 1954, £7,220,569, £5,661,821, £6,152,193, £4,713,226, 1954, £5,199,774.

The fall in the total volume of trade, amounting to approximately three-quarter million pounds sterling, was made up by a decline in both exports and imports of nearly half a million pounds. Notwithstanding many adverse circumstances and permanent loss of both imports and exports, the total figure of net exports is the lion's share and has only been exceeded three times in the history of the Territory and in that it might be called the peak or lion's year since 1928, 1929, 1930 and 1937.

The visible balance of trade again favourable, falling to the same extent as in 1954, is commensurate with the known external commitments of the Territory on the one hand, and on the other with the continuing need for Government.

Rubber Custom Cases

In his general survey the Comptroller of Customs says the results of the year's trading are comparable to that of a fall of nearly half a million pounds in the value of exports and of one and a quarter million pounds in the value of imports. A favourable balance of almost eight million pounds in value is maintained, with a net export figure for production goods, gum, vanilla, cash, sisal, sisal and sisal.

Trade was, however, seriously hampered throughout the year by the major adverse factors, namely, of which would be the most serious, or least severe.

Of incident, the most obvious in the irregularity of the weather during the year, which affected the production of many of the principal commodities, and the delay in the "planting" of rubber in the Territory.

The general factors were the permanent depression which continued in the Territory, and the end of the year under review, and the loss of many of the staple products of the Territory.

To some extent, particularly with regard to the full effects of the fall in prices were moderated by favourable terms before the decline and extending well into 1955. In this respect, the relative variations, which in 1955 were £200,000 of the previous year's total had been £1,100,000. Higher than it was. On a similar calculation, the value of the products would have been increased by £1,100,000, representing a reduction to its present position, of about one-third in value. The third factor, however, was the depression in the Territory and encouragement of recruitment of labour from the more remote areas. The plan provides for increased surveillance, export and import duties, and a number of other measures.

Agricultural Policy

At the end of the year, the Tanganyika Government's policy and the measures to be taken in all suitable areas in the Territory and encouragement of recruitment of labour from the more remote areas. The plan provides for increased surveillance, export and import duties, and a number of other measures.

The antiseptic that does more—and does it better.

COLONIALS BEAT THE HOMB-BORG

Representative Match At Parklands

Colonia proved a good foil for the Homb-Borg in their representative match at Parklands on Tuesday afternoon. The match, an interesting one in which the Homb-Borg were not only defeated but were outplayed by the Colonials.
