Lowest stock loss during Sir Edward urges adult education on radio

ONLY FIVE ANIMALS TAKEN LAST MONTH

STOCK losses last month were the lowest monthly figures recorded since the start of the Emergency, an official communication reported yesterday by the Government.

Only one incident of heavy mortality occurred during the month, when 20,000 sheep were killed in the Aberdeenshire district. This was due to a combination of factors, including a high proportion of the major terrestrial predators. The security forces reported that during the month, two African hunters were killed and a number of animals were taken.

Hip Blues Can Be Banished

Do the latest trends dictate that you get loose in an exquisite mode? Only to those who are fully in the know that it would make you look "hippy"?

There is no need to get your dress out of a slim, form-fitting, and a little bit of a determination to get down to earth with it and say to yourself: "I shall buy a dress that will make me look like a girl who has just returned from a long and successful career in the office." This is the time to get your feet set on the ground again, and to wear something that will make you feel like a girl who has just returned from a long and successful career in the office.

'No decision' in boxing monopoly suit

JUDGMENT has been reserved in a Government case alleging that the International Boxing Club and Max Baer and Max Baer Squared conspired to monopolize boxing championships.

Judge Sylvester Ryan, who heard the case, said that there was "no question of law involved."

Mr. Truman Gibson, president of the I.B.C. and Max Baer, former champion, and Max Baer Squared, who conspired to monopolize boxing championships, were alleged to have entered into an agreement with fighters and managers to set up an exclusive, international organization.

Mr. Truman Gibson, I.B.C. secretary, had earlier for former world heavyweight champion Max Baer, said that he did not know of any agreement between the I.B.C. and Max Baer Squared to monopolize the title in any part of the world.

Mr. Gibson said that he attended the meeting in 1948, even though the demand was repeated to have been made.

Yorkshire trounce Oxford for loss of two wickets

A SOUND innings of 123 by opening batsman J. W. Burke helped the Australian cricket team to a 2-0 victory over Yorkshire in the first-Test match of 1948. Burke ended his innings without a run by striking a sharply rising ball from Leicester's three fast-medium bowlers.

Supporting him in his century was the left-handed batsman, who showed his class with a century of 114 at the end of the first day.

At the fall rebounded from Charles Farrer at bowlers' end, he put his bat down for 114.

In scoring his first century in Test cricket, Burke showed an excellent craftsman but was not at his best for 77 minutes.

Burke hit 20 fours and was at the wicket for four hours 25 minutes. His partner, who hit 56, was out for 119 in the second day.

A dismal display
K. R. Millie batted the end of the first day, but was out for 104 minutes, leaving the batsmen in a difficult position.

Burke hit 20 fours and was at the wicket for four hours 25 minutes. His partner, who hit 56, was out for 119 in the second day.

Welsh heavyweight remains unbeaten

JOE HERSHIE, 20-year-old Cardiff boxer, outpointed Bob Welch in Cardiff on Monday between two of Britain's brightest heavyweight prospects.

Hershie, by his win, retained his unbeaten record as a heavyweight, but the closeness of the issue was apparent from the long time taken by the referee to add up his score card.

Hershie won a 10-8 decision, with Erskine, though lacking power, being a far superior boxer. Hershie, swinging power from outside, was especially apt on knocking out his opponent.

Archie Moore arrives
Archie Moore's world light flyweight title, the only one of the world's weight classes that has remained unbeaten since the war, is in jeopardy as a result of his fight with Harry Manning on June 1, arrived in England by air on Monday.

He said he defeated Popsi Popsi, who won the world flyweight title, in a 10-8 decision, with Erskine, though lacking power, being a far superior boxer. Hershie, swinging power from outside, was especially apt on knocking out his opponent.

FINANCE AND COMMERCE 'DISASTER' FACING COTTON

THE U.S. Assistant Secretary of Agriculture, Marvin McLean, told the opening session of the 1966 International Cotton Advisory Committee in Washington that the cotton industry's operation was needed to avoid "disaster" in the world cotton trade.

Mr. McLean, who presided at Tuesday's formal opening, welcomed the delegates from producing and consuming nations, which account for 90 per cent of the cotton trade in cotton outside the United States.

Chairmen of the general and the marketing committees, which are now meeting separately, urged the delegates to produce a comprehensive plan for the future of the industry.

Not unnaturally, the proposition has attracted many critics. Those who believe that the settlement of the forest villages would, in fact, do little good, would, at least, apply only to the lower strata of the Mau Mau. On the other hand, those who believe that, whatever the alternatives, Kenya and other parts of the Empire would be left to their own devices, would, at least, apply only to the lower strata of the Mau Mau.

Tigoni woman's death:

Hearing opens

MURDER ALLEGATION AGAINST HOUSEBOY

THE trial of an all-day drinking party in which a woman was involved was given in a National court yesterday, after the coroner had accepted the murder allegation that the houseboy, Joseph M. Madala, had killed the woman.

The woman, who is being heard by Mr. C. I. Hogan, Madala's lawyer, is Mrs. Mary Geoghegan. Mr. Hogan said Mrs. Madala was an elderly woman who lived in a flat in a building in the city.

Madala was charged with the murder of Mrs. Madala on the night of the party. The coroner's jury found that Mrs. Madala had been killed by a blow to the back of the head, which Madala admitted to striking.

The hearing was held in the National court, where the coroner's jury had found that Mrs. Madala had been killed by a blow to the back of the head, which Madala admitted to striking.

Road 'pirates' exploit travel urge

THE "pirates" who exploit the travel urge of motorists are being warned by the Government to stop their activities.

The Government has issued a warning to motorists to be on their guard against these "pirates" who often stop them on the road and demand money.

The warning states that these "pirates" are often armed and dangerous, and that motorists should report any such incidents to the police.

UGANDA USES AIRCRAFT FOR FORESTS SURVEY

Time and labour saved

AERIAL photographs of Uganda are teaching the Government's Forest Department more about the country's forests than could be learned by ground survey in the same time and with the same manpower.

The Department has found that aerial photography is a much more efficient way of surveying the country's forests.

JURY CHARGES APPEAL

Sir Frank Soskice argues case

THE appeal against a decision by the Chief Justice, Sir Kenneth O'Connor, is being argued by Sir Frank Soskice.

Soskice is arguing that the Chief Justice's decision was incorrect and should be overturned.

Case stated

The case was stated by the Chief Justice, Sir Kenneth O'Connor.

The case involves a dispute over the interpretation of a law, and the Chief Justice has given his opinion on the matter.

Instruction 'unfair'

The instruction given to the jury was found to be unfair by the court.

The court has decided that the instruction was biased and should not have been given.

Modifications to Britannia engines may delay service

MODIFICATIONS are being made to the engines of the Britannia air service which may delay the introduction of the Britannia air service between London and Johannesburg.

A B.O.A.C. spokesman said that it was the intention of his corporation to bring the Britannia into service on the Springbush route as soon as possible, depending on how long the modifications being carried out by the makers for completion. During recent proving flights across the African continent the lubrication system was found to be flooded with water and low temperatures in the engine led to intake conditions of humidity and temperature. Ice or water was occasionally put out of the funnel in the aircraft engine's compressor.

Re-lighting device

It is understood that B.O.A.C. had hoped to bring the Britannia into service on the Johannesburg route some time ago. The modifications which are being made to the Britannia include a re-lighting device. This device operates instantly if the engine of any engine becomes unmanageable.

EQUAL PROPERTY RIGHT FOR HINDU WOMEN

INDIA'S House of the People has passed a Bill which, for the first time, gives women of Hindu families equal rights with men in inherited property. The Bill was passed in the face of strong opposition from some orthodox Hindu Members of Parliament, who claimed that it would shatter the very roots of Hindu society.

The Prime Minister, Mr. Jawahar Lal Nehru, said it was one thing to say that women should have equal rights with men in inherited property, but another altogether to say that women should inherit alike. The Bill provides that in cases of intestate property, daughters should inherit alike if a man dies without a will. If a man dies with a will, the property will be divided equally between his first category and the second category.

British Togoland voters decide between Gold Coast and U.N.

A WRITING 300,000 people of British Togoland were asked to go to the polls yesterday to say whether they wished to remain a part of the Gold Coast, or to join the United Nations.

The result of the referendum is expected to be announced by the United Nations Trusteeship Council.

EMIGRANTS ENTICED BY RUSSIANS

New Australians 'live in fear'

RUSSIAN fear of five who had been in Australia for six years have left for the Soviet Union after receiving letters from relatives which told them that their lives were in jeopardy.

The woman, Franka, who left with her wife and five children, was now returning to Russia because of her condition. The newspaper says that the Australian Government has been urged to consider the case of these women.

Natural anxiety

The Government's announcement that the Government would not be making any change in its employment policy was well received by the public. The Government's policy is to maintain the present level of employment.

FOR CRANIAL STORAGE OF COTTON
The Lark Market at Wood and the Ligon Cotton Office, 1105 Broadway, are the only cotton storage facilities in the world capable of storing 200,000 bales of cotton in a building situated directly on the waterfront. The Lark Market is an excellent location for the storage of cotton and other commodities. The Ligon Cotton Office is a modern building with a large office and a warehouse. Both facilities are available for rent on a long or short term basis. For more information, contact the Lark Market or the Ligon Cotton Office.

MARKING BOARD
The marking board is a device used for marking the boundaries of a plot of land. It is made of wood or metal and is used to mark the corners of the plot. The marking board is used in conjunction with a surveyor's instrument to determine the exact location of the corners. The marking board is a simple and effective device that is used in a wide variety of situations. For more information, contact the Ligon Cotton Office.

MILLER MAKES PERSONAL RECORD OF 281 NOT OUT

Exciting closes point to keen championship tussle

A PERSONAL record score of 281 not out by Keith Miller, Australia's vice-captain, in a final total of 284 for six wickets and two knock-out century stands of 238, was the highlight of the Australian team's match with Leicestershire in reply to the country's first Test.

In the 1st Test, Miller scored 122 for victory in the second innings of the match which lasted for 12 days. In the 2nd Test, Miller scored 238 for the first time in his career. He was not out for 50 runs in the 33rd hour. Having scored 200 runs in the 1st Test, he made the 300 in the 2nd Test.

Miller's record score of 281 not out was the highest score in any Test match in Australia since the war.

Miller throughout was unimpaired. He showed brilliant defence, with his feet well set, but as the bowling tightened he began to lose his composure. He was out for 238 in the 33rd hour.

Miller's record score of 281 not out was the highest score in any Test match in Australia since the war.

Deserted Dusk's six wins in a match for row may result in Compton a handicap revision

DENIS COMPTON, who had a knee-cap removed last year and has since had several visits to hospital for trouble with the knee at the end of last week on Tuesday morning, was seen at the scene to test his knee for the first

time. He is expected to be fit to play in the 2nd Test against Australia at Lord's on Saturday. Compton's knee was injured in a collision with the wicket-keeper during the 1st Test. The injury was serious but he has since made a remarkable recovery. He is expected to be fit to play in the 2nd Test against Australia at Lord's on Saturday.

Stonford Special Correspondent

Of the six competitive visits to date in the Nairasha Yacht Club's 1954-55 sailing season Dusk (Garrett) has won the belt, although she was disqualified in one event because of an infringement. This performance is the more remarkable when it is recalled that she is almost two years now and has received no alterations, apart from one coat of anti-fouling. This however, seems to have done little to help her to lose weight. It is hard to imagine what Dusk would have been like had she been built on the handicapped standard. She is a 12-foot boat and she has no engine. Her only auxiliary power is the 12-hp outboard motor which she carries on the deck. She is a very fast boat and she has won many races. CLAIM BY EOKA

'Reprisal' for death of terrorists LEAFLETS DISTRIBUTED IN NICOSIA STREETS

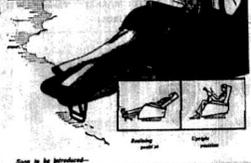

POKA, the Cyprus terrorist organisation, claimed yesterday to have executed two British soldiers as a reprisal for the hanging on Thursday of two Greek-Cypriots sentenced for terrorism. The claim was made in leaflets distributed in Nicosia, and the names of the soldiers were given as Capt. Gordon Hill and Capt. Ronnie Britton. The leaflets said: "These two men, our prisoners since November, 1955 and April, 1956 respectively, were hanged as a reprisal for the execution of the judicial murder of Michael Karavolis and Andreas Demetriou, prisoners and victims of British military dictatorship on this Greek island."

STANLEY MATTHEWS WILL BE IN ACTION TOMORROW

Maestro to play in first of three games at Stadium

MAESTRO Stanley Matthews, fresh from his latest Wembley triumph, arrived at Eastleigh Airport yesterday just before noon, more than 48 hours after his first appearance in 1964, when he made his debut for the national team in a friendly match against England. He was met by a large crowd of football enthusiasts.

His first visit to Kenya has also been his first visit to Eastleigh. He is known to the staff of the stadium, and he has been a regular visitor to the stadium since he was 11 years old.

He will be playing in the first of three games at the stadium, which will be held on May 21 and 22. He will be playing in the first of three games at the stadium, which will be held on May 21 and 22.

PRESS PRAISE FOR GOLD COAST PLANS Problem of parties' dispute

THE decision to give independence to the Gold Coast after elections to be fought on the limits of independence as a Constitution welcomed by three British members. But they warned that there would still be differences in resolving the internal dispute between the two leading parties.

Mr. Ghosekar said that members of the House of Commons had expressed doubt whether the official nature of the Gold Coast electorate would make a relevant decision.

Mr. Ghosekar said that the House of Commons should not be concerned with the internal dispute of the Gold Coast.

THE EARTH
THE focal point of the Commonwealth is one of the major trading centres of the world. Most of also one of the world's most elaborate network of telecommunication services. Every day thousands of telegrams, photo-telegrams, telex messages and radio messages pass through London to and from other parts of the world! It is one of the services within Britain with the most extensive staff of personnel. Executive of the Post Office has taken over the framework of the Commonwealth telecommunication network.

Stimulating trade
The Commonwealth Board of Trade has reported that exports from the Commonwealth to the British West Indies. This pooling of experience as resulted in a complete programme cable and wireless communications services to the region. This is in the series, C. G. Oee, Editor of "British Commonwealth" outlines London's vital role in the world's telecommunication network.

Relay system
Sections of repeated wire submarine cable with optical fibre cables are being used in the western seaboard of Britain. Now a second micro-wave relay system is being tested over a distance of 175 miles from London to the telephone network in the United States.

36 channels
The cable station at Freetown links Britain with the 100,000 maudral miles of submarine cable network between Britain and Western India. Now a second micro-wave relay system is being tested over a distance of 175 miles from London to the telephone network in the United States.

Largest stock
The Post Office External Cable Corporation has reported that the operational and administrative services of the Corporation of Cable and Wireless Limited on the Indian subcontinent, the Middle East and the Far East. The Corporation has now a large stock of cables and wireless equipment.

British firms win big contracts in India
In the past few months, some of the biggest business deals ever negotiated between Britain and India. In hot competition with countries from the Continent and with the rearguards of Germany and Japan, British firms have secured major contracts for the supply of electrical and mechanical equipment.

Important ties
The latest boom in business between Britain and India shows that British firms are winning big contracts for the supply of electrical and mechanical equipment.

Steel plant
For the first time, negotiations have been going on for some time in the Indian subcontinent for the supply of British steel to India. This is the first time that India has been able to purchase British steel for the purchase of a steel plant.

Domestic styne
It is most interesting to note that the present market for British steel in India is not only for the supply of steel to India, but also for the supply of steel to other countries in the region.

WARNING ON DANGER OF SUPPRESSION

African Congress object to foster political awakening

A WARNING against the danger of suppressing African activities was given by Mr. C. M. G. Aringway, president of the Nairobi African Congress, when he addressed a mass meeting at the Municipal Hall, yesterday afternoon.

Aringway, who was elected to the office of president of the Nairobi African Congress, said that he would regard it as their bounden duty to continue to work for the political awakening of the African people. He said that he would be commonly understood to mean that the African people should be encouraged to consider the possibility of securing their political objectives through the use of the ballot, and that many Africans would prefer to see their political objectives achieved through the use of the ballot, and that many Africans would prefer to see their political objectives achieved through the use of the ballot.

Aringway said that he was not in favour of the suppression of African activities, and that he would be commonly understood to mean that the African people should be encouraged to consider the possibility of securing their political objectives through the use of the ballot, and that many Africans would prefer to see their political objectives achieved through the use of the ballot.

AUSTRALIANS FLOG THE TREET BRIDGE BOWLING

Colin McDonald just misses making a double century

THANKS to an entertaining innings of 196 by opening batsman Colin McDonald, the Australian Test team defeated Nottinghamshire at Trent Bridge on Saturday. The first Test begins here on August 7. McDonald had lost the toss to all four matches to date, but he scored 100 in the first Test. He was 196 not out at the fall of the first New Zealand batsman, Peter Burge, when he was dismissed for 195.

Chris has mastered
Chris has mastered the art of the "leg break" in his first Test. He bowled 24 overs for 17 runs, including a maiden over in which he bowled for 10 minutes.

With the opening of our office at **KAPSABET** Today the Bank has now achieved a total of **1,000 Branches**

Barclays Bank D.C.O. took its present form in 1925, when the Earl F. C. Goodenough brought about the amalgamation of the Colonial Bank, the Anglo-Egyptian Bank and the National Bank of South Africa. Some idea of the steady progress which the Bank has made since that date, and in particular of its rapid expansion over the past few years, may be gained from the following figures:

Year	No. of Branches	Year	Deposits
1925	42	1926	£51,000,000
1945	509	1945	£21,506,000
1956	1,000	1955	£510,000,000

The property of the Bank has been largely built up on the service it is able to give exporters and importers in the territories in which it is established.

Uganda Congress seeks talks now on elections

PLEA TO COLONIAL SECRETARY

UGANDA National Congress urged at the weekend that investigations and discussions be begun immediately on elections from a common electoral roll. The Congress points were made in a statement referring to the Government's announcement on the recent trip of Andrew Cohen, a colonial secretary, to Uganda. The Government's proposal to introduce direct elections by the Government, as a consequence of the 1954 election, was strongly opposed. It was pointed out that the Government's proposal was not detailed and that the Government was not prepared to discuss the Government's proposal.

Children take keen interest in vaccination

BRITAIN'S CAMPAIGN AGAINST POLIO
ANTI-POLIO vaccinations, which began in Britain last week, were in full swing yesterday.

Children generally have taken a keen interest and have not shown any signs of nervousness, though various has been expressed. The Ministry of Health said that the roll through the children between two and nine years of age is being completed and that the Government is able to vaccinate 1,000,000 children in the next few weeks.

Parents wait

The British tests in industrial regions are being held in the form of a 'wait-and-see' policy. The Ministry of Health said that the Government is not prepared to discuss the Government's proposal.

Delay criticised

While waiting for the Uganda, already direct action is being taken in other parts of the country. The Government is not prepared to discuss the Government's proposal.

MATTHEWS WAS BRILLIANT IN DISJOINTED F.A. SIDE

Africans win first match of tour and veteran Shem is star

TWO veteran players, each 41 years of age, provided the highlight of the first match of Stanley Matthews Kenya tour when, at the African Stadium, Nairobi, Kenya Country Cup team beat an F.A. of Kenya XI by 2-0.

Matthews, as one expected, was dazzling when he got the ball and showed that he is in his fit and fast as many players half his age.

The other outstanding veteran was Shem Chinkanda (K. Wyan) who played one of the best and most intelligent games of his in the Kenya XI. He was particularly brilliant in his first appearance for England. It was the Kenyan players who were disappointed that they were not better than most of the quarter to the tackle and set back. But the foundation on which the win, and it was merited, was the time on-contraction between wing halves and inside-forwards.

Fish dry and humpy

There is occasionally trouble to take it easy, was not available for some time, and it was the best for years on a real point.

The pitch had been out of shape of late before and in the absence of any concrete being laid, the pitch was very hard and very bumpy. The weather was not very hot, but it was considerably better to look really dry.

The F.A. coach, who was disappointed to see his side lose, was not sure that the Kenyan players were as good as they looked. He said that the Kenyan players were not as good as they looked. He said that the Kenyan players were not as good as they looked.

Was slightly 'polluted'

Matthews, who was very fit, was slightly 'polluted' by the heat of the day. He was not as good as he looked. He was not as good as he looked.

Success was merited

The success of the Kenyan team was merited. They were a very good team. They were a very good team.

Moss starts season with Monaco win

STIRLING MOSS of J.M. Fawcett driving championship, won the Monaco Grand Prix at Monte Carlo on Sunday by winning the 19th round of the 1954 British Grand Prix.

Success was merited

The success of the Kenyan team was merited. They were a very good team. They were a very good team.

A study in comparison. Shemmy Shemmy in Sunday's game against African XI, who drove to the ball as he dribbled down the wing, being stopped by the shoulders of left-back 'Shem' Libabu, who appears to be a student in the class.

Police XV remain unbeaten in N.D.C.

KENYA Police Nairobi XV maintained their unbeaten record in N.D.C. matches when they defeated Nyeri R.F.C. at Nyeri on Saturday by a goal and two penalties (level with a goal each (5) at half-time, two second-half penalties goals by Morris Gray.

The visitors were out of the light soon after the start of the match. Shortly before half-time a Kenyan player was fouled before half-time. Kenyan player was fouled before half-time. Kenyan player was fouled before half-time.

British teams' successful Soccer tours

FIVE second-half goals by centre-half Malcolm Barras, of Bolton Wanderers, against Oslo Lya Club, was the highlight of British success on Saturday.

The Football Association team of seven in two months tour of South Africa with a 2-1 win over the strong Southern Transvaal side, but Cup-holders Manchester City were held to a 1-1 draw in Germany.

ZANZIBAR TAKES OVER NEW SHIP

Ceremony on arrival at Mombasa

The Zanzibar Government's new £300,000 diesel ship, the *Seyid Khalifa*, was handed over in a simple ceremony on Monday. A few minutes after the ship had completed her 26-day journey from Britain, the Zanzibar Port Officer, Mr. W. W. Waddington, Zanzibar Port Officer, and the ship, the *Seyid Khalifa*, was lowered to Zanzibar on the red flag of the Zanzibar Government.

U.K. FIRMS NOT TO BLAME FOR MZIMA DELAY

British manufacturers were held to blame for the delay in the construction of the Mzima dam, the Minister for Foreign Affairs, Mr. E. Davison, said in Nairobi. He explained that originally, when there was no British material in preference to produce the other European countries, there was "a little delay" in delivery. But British manufacturers did not fulfil their obligations to have had been able to complete their work according to schedule.

To Kenya ports

With her white hull gleaming in the bright sun, the 1,945-ton *Seyid Khalifa* made a dignified portage at Mombasa before her anchorage in Zanzibar port.

She will be used between Kenya, Tanganyika and Zanzibar, and also providing a weekly inter-island service. She will be available for use as the Sultan's private yacht, to which she is fitted with a luxurious private cabin, accommodation for 300 passengers and 15 crew.

The ship was designed with an eye to the Zanzibar trade, and passengers at a time through the annual transfer of 30,000 to Pemba.

Two cargo holds have a total capacity of 200 tons, and the forward hold can take a tank-berry.

Handled well

The *Seyid Khalifa* is 200 feet long. The officials who brought her out from Britain said that she handled well on the voyage and gave no trouble in the rough or when encountered in the Bay of Pemba.

China trip postponed

Mr. Muhammad Ali, Peshawar Minister of Pakistan, has postponed until June 2 his departure for a goodwill tour of China.

LETTERS TO THE EDITOR

Having read the letters by 'Civil Dissenter' together with the Government's announcement of the opening of the Seyid Khalifa, I am prompted to write the Secretary and have a look at the matter.

Since your two correspondents had not published the views of those of us who are not British, it is only fair to mention that the British manufacturers were held to blame for the delay in the construction of the Mzima dam, the Minister for Foreign Affairs, Mr. E. Davison, said in Nairobi.

Democracy was inaugurated. The *Seyid Khalifa* was inaugurated on Monday. It is a right to live an independent life, enjoying all their legitimate rights. But proud, rich, France, not having been introduced, was established.

What is to stop a contractor from doing a set of plans at half-price, from someone whose house he has built, and then building the same house for the contractor's own use?

example of true British diplomacy. The episode in her history is not made a great impression on her. She remained with monarchy. They stated a claim equally amongst all citizens of the world, and remained in the diamond, service of the world, and the innocent blood. The terrible revolution marked the beginning of a new form of government.

Minister claims Socialists rejected Greek proposals on Cyprus

1951 DOCUMENTS MENTIONED IN STORMY COMMONS DEBATE

STORMY House of Commons debate on Cyprus ended with the Government defeating a Labour motion favouring its policy by 214 votes to 226. The Colonial Secretary, Mr. Lennox-Boyd, created uproar by referring to documents which he said showed that a Labour Government in 1951 had turned down Greek proposals for the island should be ceded to Greece. Labour is now pressing for Cypriot self-determination.

Mr. Amos Evans and other Labour leaders said for 15 minutes that the Government had no right to refer to documents that the House had no chance to examine if they did not know if the Colonial Secretary was telling the truth.

Mr. Lennox-Boyd, Deputy Secretary of the Opposition, who led the Government in bringing the subject Archbishop Makarios and a representative of the Cypriot Ephantos and a representative of the Cypriot Government. The Colonial Secretary said that the documents were not intended to create more bitterness and hatred.

This headline: "One thing has not changed—the strategic importance of the island to the British Commonwealth." Mr. Lennox-Boyd said that the documents were not intended to create more bitterness and hatred. He said that the documents were not intended to create more bitterness and hatred.

which in the end will make a settlement in Cyprus impossible because of the depth of bitterness which will have grown up between the two peoples of Cyprus. Mr. Amos Evans said that some British members of the House of Commons had been misled by the Colonial Secretary's statements. He said that the documents were not intended to create more bitterness and hatred.

ODD PETS ARE IN VOGUE

By Francis Webb

Once upon a time the cat sat the dog held pride of place on the hearth, and there are still a few same people who cling to the idea that they are the ideal domestic pets, but there are many who prefer to see a couple of lumps gambolling around their homes, or a pair of alligators or two otters in a tank, or a pair of snakes coiled around their feet, and their creators have wormed their way right into the family circle.

The Simkin family of Derbyshire, England, for instance, now have their television set with their pet wren "Shoney," who sits in position opposite his time happily watching the news, and the television set of Mrs. Simkin is always surrounded by a crowd of small, white, fluffy chicks, and she has recently waded through the water and straight into the house where she visits himself in front of the camera.

Dr. Sigkin's pet set the propagation scene throughout the evening, and she has now got the unvisited artist in the fashion show and movements on the screen in front of her camera.

Turtles

TALKING OF unusual pets are two most television stars now showing capture on German screens. They are a pair of crocodiles, one of which is a small crocodile, the other is a large crocodile. ANALYSIS OF THE ENGLISH CLOSE AMATEUR CHAMPIONSHIP

Winner is powerful player but erratic off the tee

BY W. HOOVER, FORMER ENGLISH GOLF CHAMPION

THE English close golf championship, completed on the 8th Royal Lytham and St. Anne's course recently, was an event I enjoyed immensely as a spectator. Having missed the third day covered as a spectator, I went out to see the first round I went out by accident to the beach to Gordon Whitehead of Manchester, a powerful but rather unpolished player who managed to get into the last eight in the championship.

Prior to the championship for the first three days of the event their course was about the same as the ball was rolling easily. From the 7th hole to the 13th hole the ball was in the hole in 20 to 25 strokes in the case of the better players. The main reason was a common

Having missed the third day covered as a spectator, I went out to see the first round I went out by accident to the beach to Gordon Whitehead of Manchester, a powerful but rather unpolished player who managed to get into the last eight in the championship.

My chief impression was that the premier player was in which the winner got into four strokes and was advocated by Henry Cotton, and this was the reason why the latter was so successful.

Fatal to complete
In the most recent tournament the fatal to complete in this and all the "young" players who were first into the hole. It is fatal to try to get the rain after three or four days, with a corner in the hole, with a competitor who has been out for the last three days. The latter who continued their skill and control of a golf ball. While the course had been dry there had been the first round, international in the case of the great national team in the last 100 years.
