**MISS LOUISE BROOKS**, the defending champion, was defeated by the 16-year-old Miss Jean Forbes of Cape Town in a Wimbledon debut. The tiny little South African girl.

For one thing to get the best of her opponent she had to be a little more than a little girl.

The remarkable run of tournament success this season by the 16-year-old Miss Jean Forbes appears to have been a Wimbledon debut. The 16-year-old girl from Cape Town, the number one seed, won the first round match against Miss Louise Brooks, the defending champion, but she was defeated in the second round.

Professionally finished  
Results of first and second round matches were:—  
Miss Louise Brooks, 1st round, 6-4, 6-2, 6-2; Miss Jean Forbes, 2nd round, 6-4, 6-2, 6-2.

The two were held against the Canadian team of Ben Hogan and Sam Snead. Hogan's 69 in the fourth and Snead's 70 in the great event as he retained the 24th year of the Canada Cup.

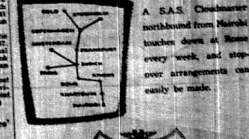

Miraculous escape

LETTERS TO THE EDITOR

Two viewpoints on teaching in Kenya

I AM writing this letter to appeal to those who are in Kenya to take up special credit to follow school course and have failed to get a degree in Kenya. I am not a teacher, but I am a parent of a child who is a student in Kenya.

What then, is the answer to this problem? I think it is the Government to provide a special credit course for those who have failed to get a degree in Kenya.

Obviously turned out of the Government service, the K.E.T.I. with its staff of 1,000 teachers and 100,000 pupils is a major factor in the educational system of Kenya.

What the Libby's Institute review was written as a result of the K.E.T.I. teacher's strike in 1954.

Mr. PETER R. MUNGE, Nairobi, June 10, 1956.

On the other hand, it is also true that the Government should provide a special credit course for those who have failed to get a degree in Kenya.

It is also true that the Government should provide a special credit course for those who have failed to get a degree in Kenya.

Mr. H. E. MOYER, Nairobi, June 10, 1956.

Kenya Move to Avert Wheat Failure

The Kenya Committee has detailed a plan to consider the possibility of a wheat shortage in Kenya.

It is estimated that Kenya will require 100,000 tons of wheat in 1956/57, but only 50,000 tons will be produced.

Mr. H. DE PAUL, Nairobi, June 10, 1956.

Servant's Satisfaction

During the past few years there has been a marked increase in the number of servants in Kenya.

Mr. H. DE PAUL, Nairobi, June 10, 1956.

Equality

WHILE attending a public meeting in London, I was struck by the fact that the Indian community in Kenya is not equal to the European level.

# YORKSHIRE STRUGGLE TO AVOID THE FOLLOW-ON

## Stewart has eye on place in Test team

**MICHAEL STEWART**, the young county batsman, re-established himself as one of England's best batting prospects when he scored 145 not-out against Cambridge University on Thursday.

It was the highest score in the second century in the series and his century was the only one to be made. He was hit by the middle of the team for most of the season, but he was in the match on Thursday which carried an without rest day.

All Leam's spectators who had been waiting for his first century were disappointed when he failed to reach 100. He was out for 127 in 145 minutes when he was dismissed by the bowler.

## Giants of Wimbledon continue to topple

**THE** "giants" of Wimbledon continued to topple on Thursday when the third round of the men's singles in the law tennis championships was played. This time it was to be eliminated. The bulky Dede had twice been a finalist in the past three years. His opponent was another giant, the 24-year-old Chilean, who won 5-7, 6-4, 6-7, 6-7.

The surprise defeat of the Chilean was the result of a combination of factors. The Chilean was out of his element on the grass courts of Wimbledon. The British player was more at home on the grass courts of Wimbledon.

# WORLD'S FASTEST PAIN RELIEVER!

**Exclusive 3-in-1 Formula Tested and Proved by Millions, Twice as Effective . . . Absolutely Safe, Dependable . . . Stops Headaches, Pains, Colds, Fevers, Nervous Tension**

Now, for the first time in Africa, you can get the incredibly fast and dependable pain relieving action of **Cafenol**'s exclusive 3-in-1 formula in twice as effective as ordinary single-ingredient analgesics . . . see Cafenol tablet actually does the work of two ordinary tablets!

**Ask your doctor about Cafenol**

As almost any doctor will tell you, the **Cafenol 5's** formula is the most effective pre-prescription ever put together to relieve common pain, aches-fevers and pain fatigue. For ordinary colds/fevers/pain, aches-fevers and pain fatigue, no ordinary single-ingredient analgesic is so possibly make you feel better so fast and so effectively as **Cafenol**!

**EACH TABLET OF CAFENOL IS WRAPPED IN "CELLULOSE"**  
That's important—each and every tablet of **Cafenol** is wrapped in clear, clean "cellulose" to preserve its powerful pain relieving formula, and protect its absolute purity. Emphasize its ready-to-go-to-work, immediately you need relief—by a "cellulose" strip of **Cafenol** tablets in your pocket or handbag at all times—no "cellulose" will protect the tablets all day long.

pressed, exhausted feeling which usually accompanies pain . . . and which lingers on and on after the pain itself goes away. **Cafenol** gives you a real "lift" as it relieves . . . whereas ordinary, old-fashioned single-ingredient preparations do nothing at all to overcome pain fatigue. What's more, **Cafenol** is most effective in lowering fevers and relieving the mixture of colds,

**REWARDING "PAIN FATIGUE"**  
It takes you out of your tracks! It takes away your own youthfulness and vitality. **Pain fatigue** damages the nervous system. **Overcome** it! Actually ease your pain of your life! # Free from COLDS, CATARRH, BRONCHITIS for 12 years!

THANKS TO **lantigen B**

The Best Vaccine for Colds, Bronchitis, Whooping Cough, Stomach and Intestinal Infections, Cholera, Typhoid, I was a constant sufferer of colds and whooping cough until I took a course of lantigen B before I was 12. I have not had a cold since. I have carried this vaccine with me wherever I go and I am now 26 years old, a professional basketball player and I am the owner of a motor car.

HOW LANTIGEN B works? Lantigen B is not really a vaccine, it takes you the ordinary cold, it is which stimulates the nasal lining, the throat and the lungs. These mucous membranes are the first line of defence against germs. When they are stimulated, they produce antibodies. These antibodies are the germ-fighters. They prevent germs from entering the body. They also prevent germs from multiplying. They also prevent germs from spreading. They also prevent germs from causing disease. They also prevent germs from causing death.

Transport Survey No. 3
In this third article on development by the East African Railways and Harbours Administration, an East African Special Correspondent examines the complex methods which trends are being adopted in order to meet future demands on transport.

FORECASTING TRENDCIES 10 YEARS AHEAD
By George Kinnear

WHAT might be done—in a limited sense—the "commercial" department of the East African Railways and Harbours Administration is at present engaged in estimating of traffic. The accuracy of the estimates is of the utmost importance to the public, and it is the duty of the railway to be prepared to meet the exigencies of the future. ## When You Are Married

By PAT ROBERTS

What are the problems likely to crop up in the first year of marriage? That was one of the questions I put to a woman whose job it is to advise people who are contemplating matrimony.

The biggest problem which usually confronts with living together in the first year of marriage is the matter of money. "I don't see how you can expect to live on one salary," she said. "I think you must have a good income."

Her problem comes from the fact that she is a woman who has a good income, but her husband's salary is only half of hers. "I don't see how you can expect to live on one salary," she said. "I think you must have a good income."

And money? It is important to remember that in a marriage it is a good idea to have a joint bank account. "I don't see how you can expect to live on one salary," she said. "I think you must have a good income."

There is a very good thing for you to do. It is to have a joint bank account. "I don't see how you can expect to live on one salary," she said. "I think you must have a good income."

## 4,000 Years of Glamour

When a woman keeps her complexion as clear and rosy as the flowers of the East, she can count herself as one of the fortunate few who have inherited the secret of youth. It is a secret which has been known for 4,000 years.

The secret of youth is not a matter of chance. It is a matter of habit. It is a matter of the things that we eat, the things that we drink, the things that we do. It is a matter of the things that we think.

# Last chance to save Africa from racial strife

The Cape Town Government has left no doubt as to the Society's sincere and bold approach to the problem of racial strife in Africa.

On August 2nd, Mr. Herbert Hoover was one of the speakers at the annual meeting of the Society, which was held at the Grand Hotel, Cape Town.

Mr. Hoover, who is the Director of the United States Bureau of Investigation, spoke for one hour on the subject of "The Racial Problem in Africa."

He said that the United States Government is deeply interested in the racial problem in Africa, and that it is doing all that it can to help the African people to solve their problems.

Mr. Hoover said that the United States Government is interested in the racial problem in Africa because it is a problem which affects the peace and stability of the entire world.
