OMINOUS STRIKE POSITION IN MICHIGAN

CLASH FEARED BETWEEN WORKMEN AND ARMED POLICE

President Anxiously Watching

CANADIAN RAILWAYMEN DEMANDING RETURN OF DEPRESSION CUT

Despite renewed negotiations there is no sign of a settlement of America's great motor strike.

The employers are still resorting to legal action to try to stop the strikers but a more serious turn of events is feared by the strikers' decision to strengthen their militant organization to withstand increased reinforcements of police.

Two other strikes are in the news—a dispute on the Canadian Railway and, a happier note, the settlement of the long drawn out shipping strike on the Pacific coast.

Shipping Strike Over

[TORONTO HERALD'S AGENT.]

New York, Feb. 5. So far there has been no result from the strike against the New York and the strike leader, Mr. John Lewis held a very long meeting today—his third—but at the end of their conversations they had no announcement to make. Meanwhile attorneys are trying to get writs to enable them to turn the strikers out of the General Motors factories which have been occupied for more than a month.

So far municipal authorities have prevented any clash between the strikers and their opponents, but it looks as if this time will not continue long. The municipal authorities are drafting in large numbers of police armed with shotguns and on their part the strikers are organizing emergency bands from other towns.

The situation in Flint was described today as ominous and President Roosevelt is keeping in the closest touch with the situation.

San Francisco, Feb. 5. The shipping strike on the Pacific coast is at an end. The Strike Commission says.

Britain gets down to a Scheme

[TORONTO HERALD'S AGENT.]

At an estimate of cost of £2,000,000 spread over three years, in addition to the annual charge of £1,000,000, the Government scheme for voluntary physical training for all provides for the immediate appointment of two National Advisory Councils, one for England and Wales and the other for Scotland. Two training colleges are to be established, one for teachers and one for students. The scheme also provides for the establishment of a National College for the training of teachers and also gymnasia, playing fields, swimming baths and camping sites.

A White Paper

The decision is announced in a White Paper. Government officials claim that it does not wish to make it compulsory for anyone to do physical training, but the scheme does not have in mind any question of physical jinks or exercises but hopes by propaganda to make the "man" more "vigorous" of the need for better physical fitness and will give all facilities to that end.

ATTACK ON MALAGA

Insurgents Claim an Advance

[TORONTO HERALD'S AGENT.]

It is understood that the Government troops are meeting vigorous opposition at Malaga. Reports received to-day by the Nazi newspaper "Angfrin."

The reports add that mass demonstrations were held in workers' quarters when threats were made against Stalin.

The clash between the students and the Militia occurred in the centre of the town, the students shouting "Down with Stalin."

Yeshoff, Commissar for Internal Affairs mobilized troops of the OGPU who fired a few rounds into the crowd. The result was that street fighting was brought into action for the first time.

The extremely grave food difficulty is said to be the cause of the disturbances.

SEVEN FIRMS CONCERNED IN BIG SCHEME

But No Transfer of Territory

Seven prominent German firms have recently entered into contracts for construction work in Angola, according to reports from Berlin.

The contracts will be chiefly concerned with mining.

It is considered that these contracts explain the rumours, which had been current, of a colonial deal between Portugal and Germany, but the agreement appears to be of much less importance than was predicted. There is no suggestion of a German loan for the purchase of Portuguese territory.

One comment is that if the present arrangement proves successful, Dr. Schmidt may be forced to modify his contention that access to raw materials can only be gained through absolute possession of colonies.

"Test Case" for Dr. Schacht?

It is totally unimpaired in Berlin writes the "Daily Mail" that seven prominent German firms have recently taken up construction and exploitation activities in the Portuguese colony of Angola, West Africa.

Angola, bounded by the French and Belgian Congo and British South Africa, has a population of 4,000,000 people, and is one of the poorest of the Portuguese colonies.

Access to Raw Materials

It is also pointed out that Portugal's main source of raw materials is its colonies, and that the Portuguese Government has been repeatedly reported.

The firms concerned include: 1. Dr. Faehndorfer, Maschinenbau Agn (Munich), which is interested in the petrol deposits in Angola as well as in Portuguese Guinea.

2. G. H. Schacht, Maschinenbau, which is interested in the coal and iron deposits in Angola.

3. G. H. Schacht, Maschinenbau, which is interested in the coal and iron deposits in Angola.

**THE WEATHER**

The following table on the weather was issued yesterday by the British East African Meteorological Service—

South-east African shores were clouded mainly at the Lake Area and Tanganyika yesterday. Falls were only heavy at night at Mpori.

Trompsburg has fallen and straight. There was rain over the whole of East Africa. Winds are steady from East to East-North-East up to 15,000 feet over the Kenya Highlands, but variable on the Coast and in Tanganyika.

Weather will be mainly fair, heavy showers will occur in the Lake Area and will continue in the Southern parts of Tanganyika. The Eastern winds are still likely to produce night and morning showers on Eastern slopes, where some light rain may be recorded.

**GERMAN MINING PLANS IN ANGOLA**

(Continued from page 1)

It is thought that a contract for the rights may be found in the country. The German Government has always rejected this theory, but has not set out that raw materials were available to any nation with funds to purchase them, and that Germany's deficiency in this respect was due to her own industrial policy, but was caused by her own armaments.

**In England's Shadow**

Portugal has long been considered safe in England's shadow. The fact must be taken into account, however, that the effect of this protection is gradually being worn away by the energy for Mozambique that for England.

England always holds the position of a long writer in the current number of the "Marine Handel". It is pointed out that Portugal can feel comparatively safe in England's shadow. The fact must be taken into account, however, that the effect of this protection is gradually being worn away by the energy for Mozambique that for England.

**DOMINIONS TO BE LEFT TO DECIDE THEIR ACTION**

Empire co-operation for defence was urged by the first Lord of the Admiralty, Sir Samuel Hoare, when speaking at Bradford, he suggested that the sister states of the Empire would find that a system of isolated local defence would be both extravagant and inefficient.

The whole question of Empire defence, he said, would be discussed at the coming Imperial Conference and other members of the Empire, having been told the position would be left to decide how far they were prepared or able to co-operate.

He stressed the importance of Singapore which would be of the greatest value to Australia, New Zealand and India.

# THE DOOM OF A TRAITOR

## Powerful Story of Irish Revolution

A film which cleverly portrays the martyrdom of the Irish hero, which is notable for its fine acting, its powerful story of a traitor in the Irish revolution, and its fine acting, is "The Traitor," which is shown at the Empire Theatre on Monday, Tuesday and Wednesday.

**The Film: "THE INFORMER"**  
**The Stars:** Victor McLaglen, Margaret Graham, The Verdict: A gem, but very "too" film.

**The Verdict:** A gem, but very "too" film.

**The Empire Theatre:** Monday, Tuesday and Wednesday.

# Love and Laughter in Gay Paree

## Mary Ellis in Musical Comedy

**QUILLO** Carmichael, who gives such an excellent performance with these stars in "Our Night of Love," will be seen at the Empire Theatre during the second part of the week in "Paris in Spring," a musical comedy with some good musical numbers. He plays Paul, a sophisticated man about town who threatens to throw himself from the Eiffel Tower, when Simon (Mary Ellis), fashion-able light song singer with whom he is in love, refuses him like many another, he changes his mind when he realizes that a misty height and reflects what a misty height he will get if he takes himself down today. Besides, there is Misson de Charville (Ida Lupino) an un-sophisticated girl interested in Paul just the same dirty piece of work. Paul promptly interests himself in Misson in the hope

# Forty Lovelies and Sydney Howard

## See Him Handle a Blonde Vamp and the Vamp Handle Him

**SYDNEY** Howard, long famous as a laugh-maker, makes a completely new departure in his film "GIRLS PLEASE" which is shown at the Empire Theatre during the first part of the week in "Paris in Spring," a musical comedy with some good musical numbers. He plays Paul, a sophisticated man about town who threatens to throw himself from the Eiffel Tower, when Simon (Mary Ellis), fashion-able light song singer with whom he is in love, refuses him like many another, he changes his mind when he realizes that a misty height and reflects what a misty height he will get if he takes himself down today. Besides, there is Misson de Charville (Ida Lupino) an un-sophisticated girl interested in Paul just the same dirty piece of work. Paul promptly interests himself in Misson in the hope

# An Old Story Retold

## LOVE VERSUS A PROFESSIONAL CAREER

**ANOTHER** angle on two familiar themes, the alleged indifference to love of professional students and the prejudice of the free against women entering what they have been taught to regard as the man's sphere, are the subject of "Private Worlds." It attempts, as far as the limits of the cinema will allow, a psychological study of a doctor, superintendent of a lunatic asylum who is in the latter class, and of a woman doctor working in the same asylum in the former class.

**CHARLES** Calvert plays Dr. Everett, who concentrates his love on the memory of a woman killed in the war and who is killed in the war and who is killed in the war. He is a woman hater and strongly disapproves of women at work in hospitals. He is an on arrival in to meet Dr. Everett to a subordinate position which arouses the dislike and indignation of Dr. Margaret (Ida Lupino), a colleague of Dr. Everett who is a great friend with Margaret and his wife. The little drama is complicated when Janet's sister, Mrs. Madge, falls in love with her wife (Ida Lupino). Dr. Everett, seven months' father in a hospital, is brought about by the change of position and he begins to change his ideas on women which, of course, we have foreseen from the opening of the film. Sydney Howard plays the role of a woman who is a mother, and the young talk get their own way.

**The Film: "GIRLS PLEASE"**  
**The Stars:** Jane Baxter, Sydney Howard  
**The Verdict:** cheerful entertainment  
**The Playhouse:** All the week

(Continued in next column.)

# ROBERT DONAT IN SCREEN TRIUMPH

## Dumas' Masterpiece

**THE** film version of "The Count of Monte Cristo" with Robert Donat as Dantes and Eileen Land as Mercedes, will come to the screen at the Empire Theatre on Monday, Tuesday and Wednesday. It is a long and interesting story which has been omitted from the picture, and the end has a wonderful surprise which the spirit of the original has been kept and the result is a film to enjoy.

**EMPIRE THEATRE**  
 Reverts to One-Feature Programmes

After a period in which two feature pictures were shown in each night's programme, the management of the Empire Theatre have decided to revert to the former system of one feature film and a variety programme of "shorts" in support. It was made by many people that the film shown at the theatre programme would be to understand to-night, then, the Empire programme will begin at nine o'clock and the feature film will be "The Informer." The film will be shown in support and Wednesday, and on the remaining week-ends the feature will be "Paris in Spring."

**Help Kidneys**  
 Don't Take Drastic Drugs

**The Film: "PRIVATE WORLDS"**  
**The Stars:** Charlotte Calvert, Charles Bowers  
**The Verdict:** Well worth seeing

**Capitol Theatre:** Monday, Tuesday and Wednesday.

# NAIROBI FEBRUARY RACE MEETING

## ZANY WINS THE BIG EVENT OF THE AFTERNOON

### Close Finishes

There was only a moderate attendance at the Nairobi February Race Meeting which was held on Saturday afternoon. Conditions were ideal and the going, although a little dry, was to be described as really good condition all things considered.

The big race of the day was the Lincoln Handicap for which there was a field of nine runners. King's Company was selected favorite and was the only horse to finish in the lead.

The following were the results of the races:

**1.000 Yards**  
 Zany (1) 1, 2nd: 1.10, 3rd: 1.15, 4th: 1.20, 5th: 1.25, 6th: 1.30, 7th: 1.35, 8th: 1.40, 9th: 1.45.

**REPORTS THAT INSURGENTS HAVE ENTERED OUTSKIRTS OF MALAGA**

Their communications threatened by the Government's progress in Cordoba, and the loyal advance towards Toledo, the insurgents made a determined effort to divert the Government's attacks by a big offensive south of Madrid. The attack had been long held up by bad weather and weather conditions again hampered operations.

Nevertheless the attackers gained a number of new positions in the face of strong opposition, but Government claim that the insurgent losses were very heavy and that the gains were small.

Near Malaga the insurgents appear to have made marked progress and it is reported that they have entered the town, where the defenders panicked, and where massacres took place in the street.

A report from Gibraltar states that 16,000 Italians landed at Cadix last week.

BRITISH FASCISTS AND MANDATES

URGING THE RETURN OF GERMANY'S EX-COLONIES

Argument with Joint E.A. Board

OPPOSING VIEWS ON BRITISH SOVEREIGNTY OVER TANGANYIKA

An illuminating statement of the German case for the return of British colonies has been made, not by Germany, but by the British Union of Fascists.

The correspondence was published several days before Herr Hitler made his speech to the Reichstag but there is a remarkable similarity between the phrasing used by the Fascists and the arguments put forward by the Reich Fuhrer a week later.

The Fascists contended in accordance with the Joint East African Board that sovereignty over the Mandated areas is vested in the League of Nations, that the Mandates are not parts of the British Empire and that the development of the rest of the Empire is retarded by the money and energy of British people diverted to the Mandated area.

These arguments are countered firmly by the Joint East African Board who maintain that Tanganyika is which they are specially interested in as much a British Protectorate as, say, Uganda, that the League of Nations has no authority over the disposal of the Mandates, and that the real question is what occurs best with British interests; and whether there is any good ground on which British interests should be sacrificed to the interests of Germany.

An Exchange of Letters

["STANDARD" CORRESPONDENT.]

London. Interesting correspondence has been published since the end of November between the Joint East African Board and the German Ministry of Foreign Affairs. The German Ministry's position is that the holding of these Mandates is a result of the operations of the League of Nations, and that the Mandates are not parts of the British Empire. The British Board's position is that the Mandates are parts of the British Empire, and that the League of Nations has no authority over their disposal.

REBEL FLAG HOISTED IN MALAGA

SUCCESS OF CONCERNED AND "INTERNATIONAL" ATTACK

Fighting Near Madrid

INSURGENT CLAIM TO HAVE CUT ROAD FROM CAPITAL TO VALENCIA

The capture of Malaga, described on the one hand as one of the most striking successes of the Insurgent forces, and by Government as of no serious strategic importance, took place on Monday afternoon.

Reports of the occupation are most conflicting. From Insurgent sources come stories of popular enthusiasm when the "Nationalist" flag was hoisted, while a Government message states that there were scenes of massacre and pillage and many inhabitants were drowned in attempting to escape from the invaders.

A Spanish special correspondent declares that 90,000 Italians and thousands of Germans and Moros took part in the attack, which was vastly superior to the defenders in numbers and arms, and that operations were directed by German naval officers from the battleship "Graf von Spee."

Near Madrid the encircling movement south and east of the capital is said to have been held up, and the opposing forces face one another across the flooded river Jarama. The Rebels claim that they have already succeeded in cutting the Madrid-Valencia road.

Threat to Cordoba

Insurgent forces are reported to have advanced the Rebel flag across the North-South road, and the Government troops are reported to have been reinforced and ready to meet the advance.

Madrid Out of

South of Madrid the rebel forces are reported to have advanced the Rebel flag across the North-South road, and the Government troops are reported to have been reinforced and ready to meet the advance.

Not Serious Loss

Government military losses are reported to be serious, but the Government claims that the rebels have suffered a serious defeat.

Conflicting Reports

Insurgent sources state that the Government has been forced to evacuate Malaga, and that the rebels have captured the city.

MINERAL SEARCH IN ABYSSINIA

GERMAN FINANCE FOR ITALIAN SCHEME

Confident of Success

RETURNED SOLDIERS' TALE OF GOLD-BEARING ORES

Under German leadership and financed by German capital, an expedition will shortly leave Harar on the first large scale attempt to find the legendary buried treasure of Ethiopia.

A \$2,000,000 State-controlled corporation, the Societa Anonima Mineraria, has just been formed. Its purpose is to prospect for the most precious metals, including coal, iron, copper, lead, platinum and gold.

Unknown Potentialities

German participation in this project of its outfit for Germany was agreed upon, it is known, when Count Ciano visited Heri Hiller at Harar, earlier last November.

The Berlin firm of Bernhard Berghaus will put up 40 per cent of the capital, and will provide mining machinery and technical apparatus.

This month a group of prospecting engineers, headed by the German expert, Professor Dr. Hans von Zittel, of the Geological Institute of the Higher Technical School of Berlin, will leave for Abyssinia.

Search will be made in two regions—Wollega and in the country east and west of Harar. The company will require 200 men.

NO TRANSFER OF TERRITORY

Common Committee's Resolution

The Parliamentary Committee of the Empire Industries Association has discussed Heri Hiller's report and passed a resolution, reaffirming its previous view that there would be no transference of territories under the British flag.

The resolution, which was expressed in Germany, and other States in securing adequate means to suppress smuggling and fomenting.

Mr. L. S. Amery moved the resolution.

Insurgents Make Progress Beyond Malaga

"Beginning of the End" Says General Mola

CO-OPERATION OF ITALIANS

SAID TO HAVE OBSTRUCTED GOVERNMENT WARPSMS FROM CARTAGENA

A view of the waterfront at Barcelona, which was shelled on Tuesday night by an unknown ship. Forty shells were exchanged between the attacker and the shore batteries.

The Spanish Insurgents have already advanced beyond Malaga towards the next important port, Almeria, and an unknown ship is reported to have shelled Barcelona, without doing any great damage.

The Spanish Cabinet, meeting at Valencia, have declared that one of the main causes of the fall of Malaga was that Italian warships, without using violence, manoeuvred so as to prevent Government vessels from reaching Malaga from Cartagena.

General Mola declares the fall of Malaga to be "the beginning of the end" and asserts that the "Nationalists" will have entered Madrid shortly.

Fierce counter attacks by the Government forces are said to have been beaten back from the posts recently captured by the Insurgents, and commanding the Valencia road, but Government denies that the road has been cut.

Government to Order Conscription

The Government has announced that it will order conscription in the fighting which preceded the capture of Malaga, according to a reliable authority. An eye witness states that he counted over 100 dead on the pavement of one street in the town. It is reported that the Insurgent casualties were about 300.

The Spanish Cabinet at Valencia has passed a resolution unanimously, alleging that one of the main causes of the fall of Malaga was the co-operation of Italian warships.

AMERICA AIR CRASH MARY DEAD

It is reported that a woman named Mary, who was on board the Los Angeles, crashed in San Francisco harbor this morning. Eight passengers and several members of the crew are missing and are believed to have been drowned.

The Government has announced that it will order conscription in the fighting which preceded the capture of Malaga, according to a reliable authority.

GOVERNMENT ATTITUDE TO ROAD PROBLEMS

POSITION EXPLAINED TO THE "EAST AFRICAN STANDARD"

Nong and Aerodrome Thoroughfares

AWAITING DECISIONS BY ROAD BOARD AND STANDING FINANCE COMMITTEE

The condition of two important roads in Nairobi, that portion of the Nong Road from Gordon Road to Dagoretti corner and the Aerodrome Road (the latter road is partly within Nairobi Municipality and partly within the Nairobi District Council area) has caused so much adverse comment that the "East African Standard" in order to get the position clarified made enquiries of the Secretary yesterday, mainly with the object of finding out why something is not being done about them, and done quickly.

Technical Budget Difficulty

The position in regard to the Nong Road is as already intimated, as is the case with all roads within the Nairobi Municipality, is that the Municipality Government cannot readily provide the cost of construction and maintenance. The Government, however, is not prepared to undertake the cost of work proposed to be done upon the roads under the Nong and Aerodrome Roads and Traffic Board.

Central's Proposal

In November last the Central Roads and Traffic Board considered a proposal from the Nairobi District Council to the effect that the Aerodrome Road and Dagoretti Road should be made a single road, and should be maintained as an arterial road to the amount of £2,000 which the Council's contribution would be £1,000.

The Nong Road was originally classified as a main trunk road in Nairobi, and it appeared to the Board that now the main trunk road route is Ash Road the status of Nong Road as a main trunk road should be reconsidered. The Board then set up a committee to inquire into the matter and to report back to the Board. The committee has now reported back and its findings are as follows:—The road is a main trunk road and it is recommended that it should be maintained as such. It is recommended that the Government should contribute towards it to the extent of £1,000 per annum. It is recommended that the Nairobi Municipality should contribute towards it to the extent of £1,000 per annum.

Temporary Repairs

This is the position with regard to the proposed new road. It is admitted by Government that the present road is in a deplorable condition and the question of the improvement of the surface immediately under consideration. It is suggested that this must depend on the decision as to whether, and what, work is to be done on the proposed new road. If that construction is to be deferred for some time it is recommended that repairs to the existing road must be made to the extent of £2,000 at a present estimate. A feature of the proposal is that the Municipality would be extended so as to include the whole of the road. One of the greatest difficulties is that the existing road is partly under the Municipality and partly under the District Council.

BACK FROM UNION

[THURSDAY'S ASSOCIATION.] London, Feb. 8. The Board of the Gordon Highway Authority in England today announced that they had decided to accept the offer of the Government to buy back the road which they had to give to the Government. The Government has agreed to buy back the road which they had to give to the Government. The Government has agreed to buy back the road which they had to give to the Government.

GERMANY'S DEBT

[THURSDAY'S ASSOCIATION.] Berlin, Feb. 9. A conference between Germany and her foreign creditors opened in Berlin today. The conference is expected to last for several days. The German Government is expected to propose a plan for the repayment of its foreign debt.

Aerodrome Road

In regard to the Aerodrome Road, the Board of the Nairobi District Council has decided to accept the offer of the Government to buy back the road which they had to give to the Government. The Government has agreed to buy back the road which they had to give to the Government.

INDIAN BARRIED ALIVE IN A PIT

["STANDARD'S CORRESPONDENT."] Bombay.

An Indian met with a violent accident while engaged in the construction of a building when he was completely buried under a heavy timber which he was carrying on his back. He was found alive in a pit, but he was badly injured and he was taken to the hospital. He is now recovering from his injuries.

SERIOUS THREATS TO MADRID FOOD SUPPLY

ROADS TO COAST BOMBED AND SHELLED

Big Detour Necessary INSURGENTS OVERCOMING FOOD SHORTAGE AT MALAGA

Out of a weaker claim and counter claim, the balance of which supports the Spanish Insurgents, two facts emerge. First, the forces of General Franco are settling down in their occupation of Malaga...

Second, the Insurgents are at least hampering very severely, if they have not completely cut, the Valencia road between Madrid and the coast. The Valencia road is commanded by Rebel artillery at several points...

Italian Attitude Defined

February 11. Heavy fighting continued round Madrid for the control of this important road to Valencia, particularly at a point about 12 miles from Madrid. The Insurgents continued yesterday that they had succeeded in their objective...

Italy's attitude towards the Spanish situation is being defined by the Government's statement that it is not prepared to support the Government's claims for the return of the Spanish coast...

The Government's statement makes a clear point of the fact that Italy is not prepared to support the Government's claims for the return of the Spanish coast...

# Women's Work in the World

## The Conference of Dominion Women

This is the second article by Mrs. Ralph Turner dealing with the Conference of Dominion Women which was held in Johannesburg last November. The first article appeared in these pages last week.

Child Welfare was one of the most interesting subjects under the microscope of the Conference. A speaker from Australia said she thought that Child Welfare and social work should be in the hands of women. She said that the work of the woman in the home is the most important and that it is the woman who is the backbone of the nation. She said that the woman who is the backbone of the nation is the woman who is the backbone of the nation.

**THE BIRTH**

The third day of the Conference was given to "Our Native People." Several South African delegates gave interesting papers on the subject of the native population. # They Say

THE LANGSHIRE COTTON TRADE IS ENTIRELY ROBBED OF THIS EAST AFRICAN MARKET THANKS TO THE CONGO BASIN TREATY OF 1884. THIS OBSOLETE TREATY GIVES FREE ACCESS TO JAPANESE GOODS WITHOUT ANY CONTRIBUTION FOR THE UPRISK OF THE COUNTRY WHICH WE HAVE TO PAY FOR AND MAINTAIN. WITH ITS GOVERNORS, POLICE AND MILITARY PROTECTION, THE A MORE UNFAIR TREATMENT OF LANGSHIRE COULD NOT BE FOUND ANYWHERE ELSE. . . .

# In Hungry To-Day

(BY JOHN BROWN)

THE first question asked me by my family in Budapest was, "Did you find anything to eat in the last two years, daily people had almost nothing to eat. Hundreds of villages throughout the country had been ruined, and the people were starving for days."

FOOD is cheap, but hungry people are not. Hungry people are not because of the high cost of food, but because of the high cost of living. The people are not hungry because of the high cost of food, but because of the high cost of living.

very bad, and it was completely impossible to get any food. The people were not hungry because of the high cost of food, but because of the high cost of living.

Wanted, I think, British money, but the Government has not been able to do so. The Government has not been able to do so because of the high cost of living.

It is a pity that the Government has not been able to do so. The Government has not been able to do so because of the high cost of living.

## EVENTS IN INDIA

NEW DELHI, January 26th.

All India is preoccupied with the Elections - in the Punjab and Bengal Congress candidates do better than expected - Growing opposition to the Hindu Ruler - Indian Chambers of Commerce press for a Trade Agreement with Germany - The Income Tax Law may be radically changed.

The Legislature Assembly met on January 25. Of the 146 members present about 70 only were present. On this occasion the Assembly broke two resolutions. The first was a resolution regarding the Punjab and Bengal Congress candidates. The second was a resolution regarding the Income Tax Law.

The Punjab and Bengal Congress candidates did better than expected. The Income Tax Law may be radically changed. The Government has not been able to do so because of the high cost of living.

All India is preoccupied with the Elections — In the Punjab and Bengal Congress leaders do better than expected — Growing opposition to the Binayak Committee Indian Chambers of Commerce press for a Trade Agreement with Germany — The Income Tax Law may be radically changed.

The past week has seen a revival of political and administrative activity throughout the country. There has been less than a month since the last meeting of the Legislature, and yet the political and administrative machinery has been set in motion. The Punjab and Bengal Congress leaders do better than expected. Growing opposition to the Binayak Committee. Indian Chambers of Commerce press for a Trade Agreement with Germany. The Income Tax Law may be radically changed.

THE first question asked was by my landlady in Budapest was "Can you tell English news?" The last year, daily papers had almost become an indispensable part of the life of the Indian. I had found of the papers for the first time in Budapest. I had found of the papers for the first time in Budapest. I had found of the papers for the first time in Budapest.

More Sporting Events

There is a feeling among the sporting community of motorists that more events in which cars and drivers can be pitted one against the other would be profitable to the public. It is, however, not a general opinion in Kenya. The Golden Jubilee Trust has been thinking of sponsoring a motor race, but the Government has been reluctant to do so. The Government has been reluctant to do so. The Government has been reluctant to do so.

# PRESIDENT PLANS U.S. COURT REFORMS

## TO PREVENT OBSTRUCTION TO "NEW DEAL"

[REUTERS WASHINGTON, Feb. 18.] In a surprise message to Congress, President Roosevelt has recommended a sweeping reorganization of the Federal Court machinery including an increase in the number of judges to 15 to improve and expedite and a method of speeding up High Court decisions on constitutional questions.

A tentative draft bill accompanying the message provides that the President be empowered to increase the Supreme Court by a maximum of six judges to 15.

It is thought that one of the main purposes of the reforms is to prevent the Judiciary from obstructing the New Deal. It is proposed that no Federal Court should give any advice or decision on the Constitution without first giving notice to the President. The President's views should be given equal weight to those of the Justices.

The President's plan also provides for the creation of a new Federal Court to hear appeals from the State Courts. This new court would have a President and six Justices. It would be empowered to hear appeals from the State Courts, and would be empowered to review the decisions of the State Courts on questions of Federal law.

# THE FLOODS IN AMERICA

## OMINOUS STRIKE POSITION IN MICHIGAN

### CLASH FEARED BETWEEN WORKMEN AND ARMED POLICE

[REUTERS NEW YORK, Feb. 18.] The flooding is now just its worst in the Ohio and Mississippi valleys. The river has risen 10 feet in the last 24 hours. The water has reached a point where it is threatening to break through the levees in Kentucky.

The position in the flooded area of the United States has shown some improvement, although the danger is by no means over. The level of the Mississippi has fallen by an inch in the upper reaches, while most of the levees farther down are still standing. The people of Cairo are now confident that the town will escape damage.

In Louisiana, the death toll is reported as a result of a series of violent epidemics caused by accumulation of snails. The death toll from this cause is at present 14.

One number of snail-borne disease has been reported in the flooded area. It is thought that the disease is being spread by the snails. The disease is being spread by the snails. The disease is being spread by the snails.

# GOVERNMENT ATTITUDE TO ROAD PROBLEMS

## POSITION EXPLAINED TO THE "EAST AFRICAN STANDARD"

The condition of two important roads in Nairobi, that portion of the Ngong Road from Gordon Road to Dagoretti corner and the Aerodrome Road (the latter road is partly within Nairobi Municipality and partly within the Nairobi District Council) has been the subject of a recent comment that the "East African Standard" in order to get the position clarified made enquiries of the Secretary mainly with the object of finding out why something is not being done about them, and does so quickly.

### Technical Budget Difficulty

The Municipal Council has been informed that the Ministry of Transport and Communications is unable to supply the Government with the standard of work proposed for the roads to be built by the Government. The Ministry is unable to supply the Government with the standard of work proposed for the roads to be built by the Government.
