WHAT WORLD THINKS OF BRITAIN'S REARMAMENT

AMERICANS ANTICIPATE ADDITIONS TO THEIR NAVY

Reaction in the Dominions

HOUSE OF COMMONS AFTER LONG DEBATE EMPOWERS GOVERNMENT TO ACT

Britain's great defence scheme has aroused world-wide attention.

In America it is reported that it may mean a change in the United States Naval plans and necessitate the building of three new battleships.

The Dominions are profoundly impressed by the proposals and Australia has already announced her willingness to co-operate in Imperial defence measures.

In the House of Commons the Government by a large majority has been authorised to proceed with the raising of the necessary money.

The Prime Minister said that the most hopeful prospect in the future might be that of a Regional Pact in respect of Western Europe but Britain must be able to look after itself at sea and still further afield if disaster should come.

Mr. Baldwin Discusses the Outlook

This statement was made by the Chief of Naval Operations in the American Navy. The Prime Minister, Mr. Chamberlain, in a speech yesterday in the House of Commons on the British defence plan, said that Australia was ready to co-operate in Imperial defence measures. Britain's policy should be regarded as an act of self-defence against war, a definite contribution to peace.

Mr. Lyons pointed out, however, that Australia's defence expenditure was already being increased to that of any of the other Dominions.

The general impression prevailing here is that Australia's expenditure will not be increased until the other Dominions spend their share.

New Zealand

Wallington, Feb. 18. New Zealand is greatly impressed by the defence scheme.

South Africa

Capetown, Feb. 18. The general impression in South Africa is that Britain will have good cause for congratulating on such a programme.

United States

New York, Feb. 18. The British rearmament policy is likely to have an effect on the American Navy.

POSSIBLE CENTRE FOR A GROUP OF COLONIES

Statement by New Governor

AIR MINISTER'S PLAN TO ENCOURAGE LOCAL RECRUITS FOR THE R.A.F.

Important references to Kenya in its relation to Imperial defence were made at a farewell luncheon of the Royal Empire Society in honour of Sir Robert Brooker-Popham, Governor-Designate of the Colony.

The Secretary of State for the Colonies, Mr. Ormsley Greville, said the Governorship of Kenya was of fruitful importance as a pivotal place in the Imperial scheme, because there more than in any other place in tropical Africa the future of race relations had to be worked out.

Mr. Ormsley Greville said that although a question might be raised in the Highlands of Kenya for health reasons, it should not commonly be expected for purely Kenya purposes. There was nothing to prevent a considerable number of recruits from the purpose of defence of the Empire.

MADRID AGAIN BOMBED FROM THE AIR

FOURTEEN KILLED AND 53 INJURED IN INSURGENT RAID

Indecisive Fighting

POWERS PREPARING PLANS TO PROHIBIT ENLISTMENT OF VOLUNTEERS

Lively fighting is reported from Madrid but neither side is able to claim any big advantage.

Insurgent aircraft have, however, raids on the capital and on Thursday inflicted serious damage and caused many casualties. The Government retaliated with an effective raid on Caceres.

The Powers are busy preparing their plans to enforce the ban on volunteers.

Teach your children to MACLEAN their teeth

The earlier children learn to Maclean their teeth, the better their teeth will be in later life—Macleans means a healthy mouth. Even the youngest will like its pleasant taste. And it's so entirely free from abrasives that it can be trusted not to scratch the softest, newest tooth enamel. The special ingredients it contains resist decay and keep little teeth milk-white.

Defence claims that Government hold the upper hand near Madrid were made by General Miaja, who is now in sole command in that sector.

"We are attacking, and forcing the enemy to fight when it suits us best," he said. The food supply for soldiers and the disabled was adequate he said, but the three-quarter million civil population was under-fed.

The texts of the various bills prohibiting volunteers have been published in the different countries participating, and Portugal has invited the British Government to send observers to verify the Lizard Government's fulfilment of her promise, though she will not agree to an international commission.

There has been a last minute rush of volunteers before the ban came into force, mostly of British, French and Germans, and the majority for the Spanish Government.

Banning of Volunteers

General Miaja who is now in sole command on the Madrid front, said today of the Government's new policy: "We are not attacking but we are forcing the enemy to fight when it suits us best." This he said, was the result of the co-ordination of the command which enabled Government to concentrate. There were no doubts that the Government had now won up against the army capable of forcing them to reply.

Heavy Fighting

Fighting continued during the week and for the second time the war a raid was carried out on an important junction on the Madrid-Valladolid Railway.

DEFENCE COMMANDER'S CONFIDENT STATEMENT

Food Supply Problem

Confident claims that Government hold the upper hand near Madrid were made by General Miaja, who is now in sole command in that sector.

"We are attacking, and forcing the enemy to fight when it suits us best," he said. The food supply for soldiers and the disabled was adequate he said, but the three-quarter million civil population was under-fire.

The texts of the various bills prohibiting volunteers have been published in the different countries participating, and Portugal has invited the British Government to send observers to verify the Lisbon Government's fulfilment of the promise, though she will not agree to an international commission.

There has been a last minute rush of volunteers before the last came into force of British, French and German, and the majority for the Spanish Government.

Banning of Volunteers

General Miaja, who Feb. 21, placed said a further threatened bomber would only one Government aeroplane disintegrating on Tuesday. The Government from Avila stated that by the end of the fight, in which 40 thousand men and a half million, nine Government aeroplanes fell to the ground and no Nationalist anti-aircraft were disabled. The insurgents claim to have destroyed seven Government aeroplanes and a number of bombs, which is being used as a morale base for Government.

A message from Madrid stated that a big concentration of Nationalist troops has been discovered south of the capital in the Sierra Nevada and it is believed that another insurgent force on the Valencia road.

Heavy Fighting
Fighting continued fierce the week end. For the second time since the war a raid was carried out by the important frontlines on the Madrid-Valencia. Railway lines were damaged and reported. Reports from Barcelona also stated heavy fighting.

On their part the Insurgents have been effectively attacked. The Insurgents claim to have taken several small hills ten miles from the capital after heavy bombardment. It is said that these positions dominate the Insurgents' front.

General Miaja
The Insurgents claim that they broke up a Government column in the south with heavy losses to the Government.

Minister Rodrigo
The Under-Secretary for War has resigned. He was previously in charge of the Government's operations in the south. His resignation is the result of two further cases of bombing in the region. One was a Francoist airplane which has been shot down. It is said that it has been shot down by a squadron of the Government's naval base of Cartagena. No details of damage done are given.

Trade Treaty
The Chamber of Commerce has expressed the hope that the new trade treaty with Great Britain would be signed before Thursday in which case it would mean the end of the war.

Air Battle
Two days ago that there was a heavy air battle near the Madrid front while the Nationalist bombers were being driven down by Insurgents' fighters.

PARK BENTS THE CURRENCY FIXATION

To the Editor, "E.A. Standard,"
Sir—Before any expenditure is incurred in forming a "National Garden" may I suggest that it would be well to consider the "National Museum of Natural History" first. It is not only a national pride but a useful for any civilized community. I am sure as an otherwise idle man, I can do a little for my country. I am sure as an otherwise idle man, I can do a little for my country. I am sure as an otherwise idle man, I can do a little for my country.

A NAIROBI ZOO

To the Editor, "E.A. Standard,"
Sir—Reference my letter on the subject of a zoo in Nairobi, which you published in today's paper, I am glad to see that you should have included the alternative of "Loos Tree Park". I thought I had better mention that the "Official" Zoo or Game Park was the 50,000 acres north of Nairobi. Any private enterprise would be a thing apart and apart from the question of possible official financial assistance forward Mr. Wals' scheme has never cropped up.

Yours etc.
V. L. VAN SOMMEREN.
Feb. 19, 1937.

To the Editor, "E.A. Standard,"
Sir—Your most recent has been made against the establishment of a zoo in Nairobi under the shadow of envy to outsiders. May I ask those who produced whether they have ever noticed the condition of made in the Indian area such as near the Law Courts, Dr. Ribeiro Street.

Good head, etc., when almost every resident is enjoying for over 15 hours a day constant flow of dust. To do so not monthly.

SOMALI AND ARABIC SCHOOLS, NAIROBI

To the Editor, "E.A. Standard,"
Sir—Miss Hanson, Head-ess of the Isakasha Somali community of Nairobi, long to draw the attention of all Somali, Arab and Isakasha families of Nairobi that the Sheriff Isakasha school was opened in Nairobi in 1932 to educate in English and Arabic and an application was submitted to the Government authorities for a grant in 1935. I received a reply that the application would be given consideration and include our names for the grant in 1936, and we have received the necessary aid as promised by the Government.

Feb. 15, 1937.

TANGANYIKA

To the Editor, "E.A. Standard,"
Sir—The question of Tanganyika concerns in the fact that I do not think unofficial Indians are very good in the matter. Probably the Government of Tanganyika will not give us Indian newspapers to entertain our "uncivilized" ideas. But the question often comes up in the mind of our citizens who are loyal British subjects. I export raw materials for some time to come to use them to get the figure of 20,000,000. Germany's exports of raw materials exceed 2,000,000,000 and she has got to import still more for years to come. She imports only about 1.50 per cent of the total exports of British Empire including the United Kingdom. Imports about 75 per cent of Tanganyika products but the total Indian imports are not the total German imports by a much higher figure. How is it that German goods and services and the Ocean Bazaar Division and the Open Door policy are shown. How is it that German goods and services are shown. How is it that German goods and services are shown. How is it that German goods and services are shown.

Management to our Committee of Education 2 months ago. The Government authorities for all the above mentioned. These are my kind wishes.

Chamber Devises Scale of Reduction

The Nairobi Chamber of Commerce at its meeting on Friday passed a resolution regarding the Chamber's intention to press for the introduction in Kenya, Tanganyika and Uganda of the Stamp duty on bills of exchange and promissory notes. The Chairman, Mr. G. A. Tyson explained that the duties at present in force were introduced in 1925 as part of the revenue programme. The intention that they would reduce increased revenue had not been realized and it had not resulted, as some had hoped it would in the satisfaction of long term bills. Many merchants declined to pay the increased duty and business had been hampered on its own accounts, and bills of exchange were falling into disuse, which was not desirable.

IMMENSE TASK OF KENYA WATER BOARD

RIGHT USE OF COLONY'S SUPPLIES

Needs of Future
COMPLETE HYDROGRAPHIC SURVEY OF WHOLE TERRITORY

Water, to quote a famous 'bull', is the burning question of the moment. Continued drought in East Africa—there has not been a good rainy season since 1929-30—has been bringing to the minds of the authorities and, to a lesser extent, the general public some conception of the magnitude of the task with which the Board is faced.

While the Water Board, in common with other official institutions in a league with it, is incidentally, foot the bill it has, in fact, 'E.A. Standard'—some explanation of what it does and why it exists at all which is considered, may solve a number of long-ignored grievances and give the general public some conception of the magnitude of the task with which the Board is faced.

Not "Detective Agency"

In an interview with the 'East African Standard' the official of the Public Works Department quoted a famous saying in the American States that the problem is not more acute than that of the African continent, but the task is a way that has been tried in the past and has failed. The Board is not a detective agency, it is a public utility, and its task is to provide water for the people of Kenya.

The Board is composed of officials and lay members, and its task is to provide water for the people of Kenya. It is not a detective agency, it is a public utility, and its task is to provide water for the people of Kenya.

Water Board's Work
The Water Ordinance and its objects have been explained before, but in the past the Water Board has been constituted to put these objects into effect, after deleting the various administrative provisions...

Practical Changes
The position at present is that no licence of any kind is required for the use of water for domestic purposes from streams and rivers, provided it is abstracted by means of a suitable structure. Farmers and householders may draw water by this method for drinking, washing and other domestic purposes...

Not "Detective Agency"
Following the general, unreserved, in such matters, the Board, while prepared to use its powers of discretion in such cases as where necessary, does not intend to make the business of the 'Detective Agency'...

Monumental Work
This, however, is but one aspect of the work of the Water Board. The Board has been asked to undertake a monumental task of hydrographic survey of the whole territory...

INTRODUCTION OF 144 AIR MAIL
A Suggestion of Delay
UNION'S PLANS
May Take Over From Lake Victoria

The Union postal authorities have been informed of the delay in the inauguration of the flying boat service by the Government, and now show that uncertainty surrounds the whole question of the carriage of non-chargeable mail from April 1 (writes the Captive correspondent at 'The Star').

There are now only two main routes—Imperial Airways will have to increase their service of flying boats from Dar-es-Salaam and Lusaka to the Union Territory, and the Union Territory will have to take over the whole route between Dar-es-Salaam and Lusaka.

Imperial Airways' contract with the Union Territory has already been extended one and a further extension beyond April 1 has been agreed.

"COX OF IRAQ" In India... Sir Percy Cox, former British High Commissioner for Mesopotamia whose death in London at the age of 73 occurred during the week-end was one of the most celebrated men of the post-war era.

In diplomatic and Army circles alike he was known as Cox of India. His influence was so great... that he was referred to him as Percy. Politicians used to talk a good many times especially if they were hatched in the early days of the palace as Baghdad said to have been built without consultation for the British High Commissioner.

Mr. Pitt Rivers said he was Major-General Sir Percy Cox, G.C.B., K.C.I.E., K.C.M.G., O.C.M.A., C.S.I. C.I.E., F.R.S.E., F.R.C.S.

Stander, but vigorous, with handsome clean-shaven, regular features. Sir Percy Cox was a life-long in India and Arabia and Persia, and so we should not be surprised if he is in Baghdad. Many of his English critics set eyes on him for the first time when he came from Mesopotamia a few years ago, by sea, to discuss the future.

A Fine Scholar... Although he was educated at Harrow and Sandhurst for the army and served for six years with the 2nd Cameronians before moving to England to study at University College, London.

After the war he became British Consul to Persia, and at Tehran negotiated the Anglo-Persian Treaty for British.

KENYA AND UGANDA IMPORTS

Figures for 11 Months of Last Year

Kenya and Uganda's home consumption figures, during November and January 1937, show that the former has increased by over half a million sterling and for the eleven months January-November more than five and a quarter million.

Actual figures were: November 1936, 2,981,944 (Nov. 1935, 2,528,784); January 1937, 3,509,344 (Jan. 1936, 2,656,220). The principal countries of origin of imports were as follows: United Kingdom (2,015,156 and 2,347,800), Japan (581,878 and 515,000), United States (481,740 and 4 per cent), India (238,843 and 6 per cent), S. A. Lands (1,823,045 and 7 per cent), Ceylon (1,282 and 1 per cent), (252,508 and 1 per cent).

In Bond... Some idea of the value of goods going in bond in Kenya and Uganda, particularly in the former territory, is to be gained from a statement compiled by the Commissioner of Customs and Excise on December 31, 1936, and 470,542 in 1935; representing the imports for bond in the two territories only.

In Countless Homes OVALTINE has been proved the Best for Health

THE supreme health-giving properties of delicious 'Ovaltine' have been proved by long practical experience. Be certain therefore, that 'Ovaltine' is the daily beverage in your home. By building up strength, vitality and the natural powers of resistance 'Ovaltine' will provide for every member of the family—abundant radiant health. 'Ovaltine' owes its supremacy to the exceptionally high quality of its ingredients. Prepared from malt extract, creamy milk and new-laid eggs—with a cocoa flavouring—'Ovaltine' contains, in the correct proportions and in the most easily digestible form, every nutritive element necessary for maintaining health and vitality at the highest level. There is definitely nothing like 'Ovaltine.' Imitations may be made to look like 'Ovaltine,' but there are extremely important differences. For all these reasons 'Ovaltine' stands in a class by itself for quality and value. Reject substitutes.

Royal Nairobi Golf Club. C. Truman Wins "Byrne" Cup. A. Holden Creates New Record for the Course

The "Byrne" Cup was played for at Royal Nairobi Golf Club on Saturday afternoon and Sunday. There was a very good entry, and the winner was C. Truman. On Saturday he had 66 and on Sunday 80, giving him a gross total of 146, the best handicap of 48 leaving him with a net 100. The money for the two rounds is £150, so that the winner actually won £140.

Holden's round of 73 constitutes a new record for the course. The previous best was held by Holden, who was 75. The figures of his record round make interesting reading: 1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49-50-51-52-53-54-55-56-57-58-59-60-61-62-63-64-65-66-67-68-69-70-71-72-73.

HOCKEY NEWS AND NOTES. To-day's Representative Match.

This week will see the hockey season brought to its close. The following is a list of the teams which will be playing in the various matches...

1937 Championships were final for the championship. A letter was read from Mr. B. D. Finch with regard to the arrangement of the 1937 championships...

Forming New Clubs. A sub-committee, consisting of J. Col. Dutton, Adams, Mr. J. Laing and Mr. P. Harrell, was appointed to look into the question of forming a new club in East Africa.

CALEDONIAN FOOTBALL CLUB. Officer-Bearers for ensuing Year.

The following officer-bearers were elected for the ensuing year at the annual general meeting of the Caledonian Football Club.

Secretary and Treasurer - Mr. J. Harrell. Captain - Mr. P. Harrell. Vice-Captain - Mr. B. Harrell. Secretary and Treasurer - Mr. J. Harrell. Captain - Mr. P. Harrell. Vice-Captain - Mr. B. Harrell.

AMATEUR BOXING IN EAST AFRICA. Need for Fostering the Game.

Commander A. Ferguson, president, occupied the chair at the annual general meeting of the Amateur Boxing Association of East Africa held in the New Stanley Hotel last evening. The Hon. Secretary, Mr. G. B. Harvey, reviewing the past year, said that the 1936 championship had caused a certain amount of anxiety to the controlling body as a result of a few and only just sufficient to warrant a meeting, while several of the weights had not been represented. This was a serious state of affairs and it was hoped that all those concerned in boxing would do their utmost to create enthusiasm among the younger generation.

A New Era. The Association, in collaboration with the Director of Education, is doing everything in its power to get schools teaching boxing, and very soon a tournament was being held at Nakuru. Four schools had definitely entered, and the tournament would take place under the auspices of the A.A.B.A. It is hoped that this would be the means of starting a new era in boxing in Kenya. It is hoped that this would be the means of starting a new era in boxing in Kenya.

Officers for 1937. The following officer-bearers were elected for the ensuing year: President, Commander A. Ferguson; vice-president, Mr. J. Laing; Secretary, Mr. G. B. Harvey; Treasurer, Mr. R. Harrell; Hon. Secretary, Mr. G. B. Harvey; Hon. Treasurer, Mr. R. Harrell; Hon. Secretary, Mr. G. B. Harvey; Hon. Treasurer, Mr. R. Harrell.

Official Cricket Season. It has been decided that the official cricket season in Kenya (including the Coast and Nyandarwa) will extend from the beginning of July to the end of January. This decision was made at a meeting of the Executive Committee of the Kenya Cricket Association.

The Official-Batters match which will be played on September 18, 19 and 20 in Grahamstown. The Kenya Players match will be played on September 4 and 5 in the Civil Service ground, and the European-Boles match on January 8, 9 and 10 of next year.

No up-country tour is to be made next season but a match at London is to be arranged. The question of an inter-district competition was discussed at the meeting, but it was decided that it was not of sufficient interest in the general up-country districts. No decision was made, but the matter will come up for discussion again at the next meeting of the Executive Committee.

NO PLAY AT MELBOURNE. [Trainer writes's advice.] Melbourne, Feb. 23. No play was possible today, the match between the M.C.C. Victoria and Kenya.

Sporting Dilemmas. A Villa Transfer. Aston Villa have transferred Ronald Dix, their inside forward, to Derby County, who have bought Ashley from the Villa a few weeks ago.

Angus Hood has been appointed manager to Burnley. For nine years Angus Hood has been associated with Burnley, but he has been associated with the club as a player. He will be the manager of Burnley in 1937.

It would be almost foolhardy to make a bet on the result of the match, and dry conditions prevailing. It is not certain that there will be a lot of injuries before the big game. It would be almost foolhardy to make a bet on the result of the match, and dry conditions prevailing.

Officers for 1937. The following officer-bearers were elected for the ensuing year: President, Commander A. Ferguson; vice-president, Mr. J. Laing; Secretary, Mr. G. B. Harvey; Treasurer, Mr. R. Harrell; Hon. Secretary, Mr. G. B. Harvey; Hon. Treasurer, Mr. R. Harrell.

BASQUE TROOPS' SUCCESS IN SUPPRESSING INSURGENTS

CLASH OF ARMS PART OF IT Other Towns Taken GOVERNMENT FORCES CONFIDENT ABOUT DEFENCE OF MADRID

Divided, the Spanish town which was the scene of fierce fighting some months ago is again in the news. Forces of the Basque Government claim to have driven the insurgents from part of the town and also to have captured other towns and villages in the neighbourhood.

On the Aragon front the insurgents claim to have captured a village.

Changes in Command [FRANCO'S ARMY.] London, Feb. 22. A message from Madrid announces the issue of a communication by the Basque Government claiming that the Basque forces have a brilliant attack on the Asturian town of Zamora, capturing a number of streets in Oviedo. They also took several other towns and villages dominating the surrounding country, the road from Oviedo to Gijón, and the "most serious" of the Basque forces capturing in the process a number of prisoners and taking a number of arms.

The communication declares that insurgent attacks were repulsed. It will be remembered Oviedo figured in the earlier stages of the war when the Asturian rebels last year lost it but an insurgent relief force arrived in time to save the town after severe fighting.

Relief Force on the Way? It is reported now that another relief force is on the way. The Government troops are making determined efforts to avoid the encirclement of Madrid. The Basque Government also claims that the Basque insurgents state that the attacks were more than repulsed but that they were repulsed.

UGANDA CHAMBER RESENTS PROPOSED INTRODUCTION

Entirely Unwarranted

THINKS IT BETTER FOR TERRITORIES TO COMBINE TO RESIST IT

The Uganda Chamber of Commerce is indignant about the suggestion that Income Tax should be applied to the Protectorate.

In reply to a letter from the Executive of the Associated Chambers of Commerce of Eastern Africa the Chamber wrote: "It would be far better for the three territories to combine in a united effort to resist Income Tax, rather than for one Colony to accept a compromise with its own Government."

An Imposition

On January 13 the Association of Chambers of Commerce of Eastern Africa addressed the following letter to the Uganda Chamber of Commerce...

It is not intended by the Government to introduce a new method of taxation to be imposed and it is a considered opinion of this Chamber of Commerce and Agriculture that in the interests of all concerned it is desirable that the Government should pay public and commercial tax particularly in respect of the opportunity to examine the whole fiscal system of the Colony in conjunction with the adjoining Territories.

The view of the Executive is that any legislation on the lines indicated should be confined to the three Territories, Kenya, Uganda and Tanganyika, and is instructed to ask for the views of your Chamber as a matter of urgency.

Uganda Replies: The copy of the Uganda Chamber dated January 31st is in the following terms:

We are in receipt of your letter of the 13th January.

In reply we are instructed to state that the Chamber digest strongly to the linking of Uganda and Tanganyika with Kenya in the proposed Income Tax.

ALLEGATIONS OF FORGERY

Said to Involve Over £200,000

WANTED INDIAN

Dar es Salaam, Tuesday. The police are seeking Tanvir Ali for Benali Hamedani, a man of Indian origin, well-known local Indian merchant and his chauffeur, Habib Jamal Naranji.

Hamedani is wanted on allegations of forgery and uttering fraudulent documents to two banks.

The amount involved is believed to exceed £200,000.

A warrant has been issued for Mohamed Ali, who was arrested and offered for information of the whereabouts of both men. They were last seen in Dar es Salaam on Wednesday morning of last week. It is believed they left their base in the up-country with Shs. 15,000 to spend in India.

They are subsequently reported to have been seen heading south on the Dar es Salaam to Mombasa.

Hamedani is 22 years of age, height is five feet six inches, dark complexion, brown hair, dark eyes, and is a professional stamp. He wears spectacles.

S. O. S.

An S.O.S. is being sent from the Rhodesia Islands from a Rhodesia Club called the 'Anglo-White' which has started a rock water travelling at night. The details of the ship's condition or the position of the crew are yet available.

The Protectorate contribute more than their fair share of taxation by the indirect methods of Customs Duties and Railway freight.

It would be better for the three Territories to combine in a united effort to resist Income Tax, rather than for one Colony to accept a compromise with its own Government and attempt to impose other colonies, the prevailing conditions in which are entirely different from those in Kenya.

In this connection we are instructed to assist the letter addressed to you by the Dar es Salaam Chamber of Commerce and Agriculture, copy of which has been sent to our President, Mr. H. H. Pinner.

GERMANY IN AFRICA: THE WEREI PLAN

To the Editor, "E. A. Standard," Sir.—Under the above heading in a pamphlet published some years ago entitled "Federation and the Native Problems" which was found interesting by the then Prime Minister, Hon. C. M. D. M. M. (Governors of Tanganyika, two Hon. Members of Parliament, Mr. Justice Grogan, Mr. Deane Shaw, Mr. C. H. Manning, and several others. Therefore I venture to ask you to publish the paper bearing which in view of the present demands by Germany for the reversion of her colonies, it might be found interesting and informative.

Yours etc., FRANK WATKINS, Gileg, February 22, 1937.

COOPY (DUMATY IN AFRICA.)
Recently in your column I have sounded a note of warning regarding Germany's intentions respecting her Colonies and especially Tanganyika. Two days ago I came across a book entitled "Federal Africa" by H. A. Molano, M.A., bearing on this very point. It is well worth reading from title page to cover to anyone interested in the subject of Federation. Mr. Molano is aware that an attempt at Federation was made in South Africa by Sir Bartle Bore, whose effort had been successful would have served the way for all time for a confederated British Africa. It failed owing to opposition from the two Republics, Mr. Molano in his interesting book shows the benefits of confederation and quotes largely from Bore's "American Commonwealth," Fiske, Hamilton and the Federalist to show the benefits of Federation. It is a book well worth space to this journal.

I fear you have not space to permit me to quote largely from the volume before me but I would ask you in view of Dr. von Schöner's recent quotation in the Reichstag on the Mandates of Tanganyika and Herero in Bore's reply to quote a reference to Federalism attempts to control Africa from the Congo in the quotation.

The late and interesting of Germany in those articles were indicated they may appear here based on a well rounded and well founded opinion. A certain German named Braun the Transvaal and Rhodesia which in a brilliant and most forcible argument he placed before the British Empire and the German Government. This fact is known to the Editor and it is well worth bearing in mind. In this he sketched out a scheme for the acquisition of what is now South Africa by Germany, and the aim of this was to stop the British from taking steps to take the land to the hands of the Cape to Capricorn. From the Cape to Capricorn, there were to be a number of provinces, one to be called the Transvaal, one to be called the Cape, one to be called the Natal, and one to be called the Orange River. The fact that the new Republics were to be called the Transvaal, the Cape, the Natal, and the Orange River, was a very interesting detail. As regards the German's plan, it was to be a plan for the acquisition of the land which was to be a plan for the acquisition of the land which was to be a plan for the acquisition of the land.

IF FIRE BOMBS WERE DROPPED ON BRITAIN

BIG GOVERNMENT PLAN TO MEET A WAR DANGER

New National Service

200,000 TRAINED MEN WANTED TO DEAL WITH EMERGENCIES

Britain is preparing to meet the danger of fires which may be started if incendiary bombs were dropped by enemy aeroplanes.

Two hundred thousand men are required for a new fire-fighting service and they will be trained for five months.

Work for Women

THE GOVERNMENT has decided to deal with fire without delay. The auxiliary forces will require two hundred thousand men to be trained in fire-fighting work to deal with the effects of incendiary bombs attacks.

It is estimated that 30,000 of these auxiliary fire fighters will be required in London alone.

Local Schemes

A memorandum is to be issued to local authorities asking them to set up the emergency organization as soon as possible.

It has been pointed out that incendiary bombs may start large scale fires at a time when normal water supply may be interrupted and, therefore, emergency water supplies should also be organized.

Women Too

Women will be eligible to fulfil certain duties in connection with the scheme, although they will not be trained for fire-fighting work.

Large stocks of fire fighting appliances are to be accumulated. Another feature of the scheme will be the training of women.

BASE METALS MARKET EASIER

Copper and Lead Lower But Tin Improves

CAUSE OF THE BOOM

THE BASE METALS market is still very active although prices have not been maintained at yesterday's high level. Copper ranged between 266/10/- and 267/10/-, compared with nearly 270 yesterday. Lead prices declined from 230/17/6 to 229/5/-, but tin at 259/- showed a slight increase.

Reports are doubtful as to how far the present high prices will be maintained. There has been considerable speculation that the metal's present position is a bit deceptive, pending further news in the United States market, which is expected to be active. If tin does not improve in this week prices is considered likely to be maintained.

SOVEREIGNTY OF THE COLONIES

Enquiry into Alberta Finances

MORATORIUM RUMOUR

THE CANADIAN HOUSE OF COMMONS today voted with the first reading of Bill to repeal the British North America Act and to substitute the word "sovereign" for "federated".

The Minister for Justice said that Government was opposed to these proposals and considered that some of the Acts might be retained by an amendment to the British North America Act and by cooperation between the Dominion and Provincial Governments.

Another measure, the so-called "Bill of Rights" Government of Alberta has been declared unconstitutional by the Supreme Court. Its purpose was to reduce Dominion aid to Provincial funds and guarantee the right of the Alberta Government to refuse to contribute to the Dominion.

The British Government is reported to be offering a moratorium on the Dominion's financial situation in Alberta.

WATER SHORTAGE

THE WATER SHORTAGE is slightly more today than it was a few days ago. The reasons for the acute shortage are several. One reason is the general improvement in the rate of supply to districts. Another is the increased demand resulting from the fact that the present abnormal floods because the Government's large-scale reconstruction schemes are considered likely to increase the demand for base metal.

S.A. PROTECTORATES

To be Represented at the Coronation

THE HOUSE OF COMMONS today by the Secretary for the Dominions that the South African Protectorates will be represented at the Coronation by Sir Cecil Rhodes who is President of the Special Courts and the Protectorate of Bechuanaland.

It was explained that the Protectorate of Bechuanaland had also been invited, and was expected to accept but for health reasons could not undertake the journey.

NO FOUR POWER PACT

Berlin and Vienna Deny Report

But Rumour Persists

WAITING TO KNOW WHAT EMERGENCY TRICK?

THE GERMAN FOREIGN OFFICE denies and flatly denies knowledge of the report that Germany had offered Austria a four-power defence pact in return for an undertaking not to reduce the Salzburg autonomy.

The Austrian Legation in London also emphatically denies the story.

An official communication issued in Vienna at the meeting of the Four Big Powers and Baron von Neurath denied only in general terms and without giving any details as to the nature of the proposal.

Political circles point out that an agreement on the suggested basis could not be concluded and that the alleged proposal is far from being the subject of Austria.

MR. BULLITT'S SPEECH

Was Drafted and Approved in Washington

THE FRENCH FOREIGN OFFICE has been greatly impressed by the speech which the American Ambassador, Mr. Bullitt, made last night in Paris. Mr. Bullitt declared that the policy of economic nationalism was being pursued in Europe and that only one way and one way only could not be followed. Mr. Bullitt said that the United States was doing the best to promote such a revival by trade agreements with other countries and that one nation could not collaborate with another if it thought that the tax and steel it exported might be returned in the form of bombs and bullets.

The United States, he said, was ready to see in connection to discuss economic cooperation and disarmament.

TO BE DISCUSSED IN ROME

REPORTS THAT A FOUR-POWER pact was reached will persist, however, and it is asserted that the matter will be a preliminary topic when Dr. Henning's visit to Berlin commences this week.

Political circles emphasize that it is not possible to expect even preliminary American consent without a full agreement with the Axis.

In the meantime it is understood that Dr. Henning's visit will make any conversation concerning the "Economic Pact" impossible.

As a counter to the Nazi welcome yesterday large numbers of members of the Government organization, the Fatherland Front have been invited to Vienna.

Baron von Neurath will arrive in London tomorrow and will be at the station today.

TROOPS FOR PALESTINE

How the Cost is Being Shared

THE COST OF REINFORCEMENTS for Palestine was covered by a supplementary estimate introduced by the Government yesterday when the Secretary of State for the Colonies said that the bulk of the money would be received back from the British Empire.

It was stated in the House that the British Government would be unable to meet the cost of the reinforcements for Palestine but that the British Empire would be able to do so.

Mr. Hore said that the British Government would be unable to meet the cost of the reinforcements for Palestine but that the British Empire would be able to do so.

BIRTHDAY OF ROTARY MOVEMENT

International Value of Organisation

NAIROBI TALK

At the last meeting of the Nairobi Rotary Club the 23rd anniversary of the foundation of the Rotary movement which took place on February 22, 1914, was celebrated and a talk on the birthday of Rotary was given by Rotary J. W. S. Dwyer.

Since the first Rotary Club was formed in 1905, the number of Rotary Clubs has increased to 4,000 and the movement has spread to all parts of the world. The growth of Rotary during the intervening period has been both steady and rapid. The Rotary Club has shown its capacity to be a part of the life of the community and has shown that when the international movement of Rotary has been more to the fore.

To direct and guide the activities of the Rotary movement, the central organization—Rotary International—exists. Every Rotary Club in the world is a member of Rotary International and it was in fact the high council which Rotarian activities through out the world.

World Problems

Problems were considered by Rotary International as a world-wide basis and in the light of a similar knowledge that of an individual club, and the annual Conventions were truly international in character. Rotary International is a world-wide organization which should be present in every part of the world being present. 3RD BEST TYRE	18% FARTHER		
4TH BEST TYRE	19% FARTHER		

THE "G-3" All-Weather by Goodyear is a handsome tyre. But its design is much more than a matter of good looks. These big, sturdy, deep-cut blocks in the CENTER of the TREAD were designed to provide maximum grip and STOPPING POWER.

"G-3's" extra grip has been demonstrated in 8,400 tests that proved it stops a car quicker—and that other new tyres SKID 14 to 19% farther after brakes are applied.

The broader, flatter, heavier tread of the "G-3"—

handsome though it is—was designed first for safety and economy. It gives you more wheel-mileage—an average of 43% more, thousands of users report.

And the exclusive, Superwide Cord construction of the "G-3" provides maximum protection against the hazards of tyre bursts.

Yes—the "G-3" is a handsome tyre. But its PERFORMANCE, rather than its appearance, has made it the largest selling tyre in earth!

MACWATT - MATTHEWS
On February 23rd, Robert (Chief) Macwatt of Kilimani to Daphne Matthews of Bournepark, England

At East African Standard
THURSDAY, FEBRUARY 25, 1937.

The people of Kenya, whether they are members of the great fraternity of Oxford, or of Cambridge, or are merely members of the part which Oxford has played and the place it occupies in the life of the British nation and the after appeal made through our columns this week by His Excellency the Acting Governor, and others for support for the movement which has been launched

on behalf of Oxford. The appeal, which is signed by Lord Halifax, the Chancellor, and by the Vice-Chancellor, tells us that Oxford has been ever taken by the needs of the twentieth century.

"While we are not to lose sight of the tutorial system which is undoubtedly the university's lifeblood and its pride, Oxford will sacrifice the teachers to the students if only to relieve the former of some of their burden and give them time and energy for research." Modern needs and conditions have revolutionized the needs of Universities. The tradition of scholarship which has served the nation for centuries is no longer an adequate contribution to human progress and to the discharge of our responsibilities. Although, as Lord Halifax points out, much can only be taught in so far as those who teach can succeed in discovering it, it is apparent today, as perhaps never before, that a system of education which is not adjusted and developed in a manner which will stimulate research, and which, with the access of the knowledge which is being gathered, will be of little use to the progress and well-being of the nation.

In particular, has become important and it has been pointed out that the importance of the call of research or the loss of position of great educational institutions and seats of learning of the modern world has been increasing at an alarming and increasingly costly and distressing rate.

Under the present conditions, the task is both that of providing for the student access to knowledge and learning in the interests of the student, and that of maintaining and extending the various fields of learning, and they are many which are being revolutionized by the progress of research.

SEQUEL TO BRITISH COLLIERY DISASTER

COMMONS' DEMAND FOR POLICY OF GREATER SAFETY

Grasford Resolutions

Opinion in the House of Commons is unanimous that some change must be done to improve the safety conditions in which coal miners work and to insist on the proper application of mining regulations.

The House debated a report on the Grasford colliery disaster when several hundred miners lost their lives and unanimously adopted a Labour motion depicting the circumstances prevailed.

The Attorney General is examining the evidences before the recent Commission of Enquiry.

Possible Legal Action

The House agreed without a division to accept a Labour motion that the Government should consider the possibility of legal action against the coal owners and the colliery companies.

Several Opposition speakers maintained that the enquiry had not been made by suitable tribunals and that the Government should consider the possibility of legal action against the coal owners and the colliery companies.

END OF THE HOCKEY SEASON

Final Representative Match

PARKLANDS LADIES BEAT THE ESTS

The hockey season came to an end last evening when the final representative match of the year was played on Parklands ground. The teams were Parklands Ladies and The Ests. Parklands Ladies won the Jubilee Cup-Irish League-in which they were unbeaten.

It was a good game with Parklands showing the lead in the first half they did all the pressing, scoring after some obscure mistakes, while last season the ladies Mrs. D. Keating put them, rather late.

Half-time: Parklands Ladies ... 3 The Ests ... 0

Second Half

Parklands pressed from the start of the second half and soon Mrs. M. D. Keating scored. At this point the Parklands came round and the Ests came near into the picture. Their attack however, was weak and never really dangerous although they found a starting pace of defender in Miss Keating and Miss Gilmor. The Ests continued to press in this period that they led in the first half they looked weak and several chances were lost in consequence.

Two more goals were added to the list while Lady Parklands ladies gain winners.

Final: Parklands Ladies ... 5 The Ests ... 0

The best indication of the run of the game, is when the ladies scored. They had a chance in the first half, but were not able to take it.

Miss D. Keating, Miss Egan and Miss Davidson were best of the women's attack, while both the Parklands ladies and Miss Davidson were outstanding. All the other players were well up to the mark. The Ests, and scored many chances.
