ITALY TO BE COMPLETELY REMILITARISED

DECISION TAKEN BY THE FASCIST GRAND COUNCIL

Armaments to Come First

MEDITERRANEAN PLANS TO CONTROL VITAL CHANNEL

The Fascist Grand Council has decided that Italy must be completely remilitarised and measures to this end will be taken forthwith.

Scientists and technicians will be invited to help to make the nation entirely self-sufficient.

Further defence measures in the Mediterranean are being planned with a view to giving Italy complete control of the narrow passage between Sicily and Africa.

Praise for Spanish Insurgents

Some Spanish insurgents have been praised for their courage and sacrifice.

The Grand Council approved the plan to remilitarise Italy and will now set on foot the necessary measures.

GERMANY MAY RE-POSSESS COLONIES BY FORCE?

DRAMATIC SPEECH BY HERR VON RIBBENTROP

What Reich Expects:

RESTORATION GESTURE BY THE MANDATORY POWERS

A wild dream of the use of force by Germany to secure the return of its former colonies was made in a remarkable speech by Herr von Ribbentrop.

Speaking at a dinner he suggested that if the Mandatory Powers do not of their own free will make a gesture of restoration to Germany, the German people will have to resort to force.

In the Interest of Peace?

Germany expects that a solution of the difficulty will be found in the German people's own strength.

Conditional Withdrawal of Volunteers

GERMANY, ITALY AND PORTUGAL DEMUR

London, March 3. At today's meeting of the British Foreign Office, the conditional withdrawal of foreign volunteers from Spain, but the Italian and Portuguese volunteers insisted on the matter of financial assistance being decided separately.

They argued that the gold deposited abroad by the Spanish Government should be "immobilised."

The discussions on volunteers are continuing on Friday.

JUNIOR

CORONA is internationally simplified. That is one reason why it is seldom gets out of order and why it is so easy to repair.
SIMPLICITY
 This is an important point to consider in the purchase of a portable typewriter and results from twenty years of engineering study.

It is almost impossible to wear out a Corona. Because produced twenty years ago we still in active service today.
DURABILITY
 Always use Remo to write with Corona. Because Corona was designed with the ends of the machine type in mind. It is easy to learn.

THE FINAL TEST MATCH ENGLAND IN AN UTTERLY HOPELESS POSITION M.C.C. Batting Fails

AND SO WE SAY AU REVOIR TO THE "ASHES"

England ran say good-bye to the "Ashes" so far as the present series of Tests are concerned. All out for 209 in their first innings they were forced to follow on, and at the close of play yesterday were 200 runs behind the Australians' first innings total with only two wickets in hand.

One again the English batting failed. Admirably the wicket was inclined to be a little bit tricky yesterday, but the fact remains that in the last three phases the batting has been a dismal failure.

It is forty years and more since the "Ashes" was decided on the final match of the series; and, as then, the game was played at Melbourne. Then England led the toss, but won with six wickets to spare. Much the same thing happened in the present match except that England are in a hopeless position. Australia have won the "Ashes" - and nothing can prevent them.

A Tricky Wicket

It is forty years and more since the "Ashes" was decided on the final match of the series; and, as then, the game was played at Melbourne. Then England led the toss, but won with six wickets to spare. Much the same thing happened in the present match except that England are in a hopeless position. Australia have won the "Ashes" - and nothing can prevent them.

England's Second Innings

The crowd had increased to 20,000 when Barnett and Westwood came out to commence the tourists' second innings. With 9 on the board, Worthington fell - victim to McCormick, being out on a very and very good catch. One run later Handberg, who had performed so gallantly in England's first innings, was "knocked" by Nash.

MUTHAGA GOLF CLUB NOTES Entries for the Secretary's Prize

MASONIC MATCH ON SATURDAY (Fifth) The happy gathering for the 50th Anniversary was won by our captain, N. V. Christie, with a score of two on a bogey. The group stated that Christie was no less than five up after the 12th. The group was led by J. Brown, who returned a score of one.

Handpats and Goodyear Industrials. Indispensable.

Goodyear Industrials require 15% less effort to haul same quantity.

Loads Roll Easily

ON GOODYEAR PNEUMATIC INDUSTRIAL TYRES

For the little fellows of the hauling world, as well as for lorries, buses, motor cars and farm implements, Goodyear makes a complete line of long-wearing, soft-cushioning rubber "shoes."

Pneumatic industrials roll easier, supply extra cushioning, save loads, floors and lawns as well as the operator's back on a hand pushed carrier. Goodyear Pneumatic Industrials have distinct advantages—(1) Make floors last longer because they reduce abrasion and absorb shocks and jars. (2) Enable fragile goods to be moved economically with less breakage because they "float" the load on air. (3) Roll noiselessly. (4) Lessen fatigue because they roll more easily and quietly.

Wheelbarrows with these tyres carry heavy loads more easily, run over uneven spots without transmitting the shock to the operator, operate over soft ground without sinking in, do not injure finished floors, and eliminate the need for planking or other surface protection. Throughout Kenya in steadily increasing numbers you will find Goodyear Pneumatic Industrials in use. You will see them on station platforms, in tea factories, in warehouses, shops and on the roads and thoroughfares of

Nairobi—transporting goods and materials silently, swiftly without effort, jar or vibration. Priced surprisingly low, these units will pay for themselves many times over in a very short time.

We invite enquiries for Goodyear Industrials. In Nairobi, a phone call will bring one of our technical men round at a time to suit your convenience to discuss your own particular problem with you and to offer helpful, practical suggestions.

To those outside Nairobi who read this and want all the facts, full particulars and prices will be forwarded upon request.

INCOME TAX BILL NOT TO BE RUSHED

A DEFINITE ASSURANCE BY GOVERNMENT

Measure Explained

CLAIM THAT IT IS EQUITABLE AND MODERATE

Although Government is anxious to have Income Tax on the Statute Book as soon as possible there will be no undue haste in passing it through all its stages.

The assurance was given by the Attorney General moving the second reading of the Bill yesterday when he dispelled the suggestion that that procedure would be accelerated because of his early departure on leave.

Mr. Hargrave submitted that the Bill before Council was moderate and equitable as that in any other part of the Empire.

Setting Off Losses

Judges of this and other courts have accompanied the long and arduous task of the Attorney General, Mr. W. Hargrave, in the House of Commons yesterday when he moved the second reading of the Income Tax Bill. His speech occupied the whole morning.

All Unofficial Members, Messrs. Nathan and Aron were in the House and listened intently to the explanation by the Attorney General. The Attorney General said he did not intend to discuss the general principles of income tax but to explain the details of the Bill. He said that the Bill was a long work and he would not attempt to discuss the general principles of income tax but to explain the details of the Bill. He said that the Bill was a long work and he would not attempt to discuss the general principles of income tax but to explain the details of the Bill.

Carrying Forward Losses. Coming to the question of carrying forward losses they were carried forward for the carrying forward of all losses over a period of five years.

Committee's Work. A small representative committee consisting of the Treasurer and himself, Government Ministers, and the Members for Nairobi, Mr. G. G. and Mr. T. G. had been appointed early in January.

Regarding the condition that they should endeavor to follow the procedure followed in the Statute Book and to have the Bill passed as early as possible.

Continuing the Attorney General's speech on the Bill, he said that the Bill was a long work and he would not attempt to discuss the general principles of income tax but to explain the details of the Bill.

Thanks to Whittam. Before proceeding to examine the Bill in detail the Attorney General expressed his thanks to Whittam, a member of the Committee who had worked hard to bring the Bill before the House.

He also expressed his thanks to Whittam, a member of the Committee who had worked hard to bring the Bill before the House.

He also expressed his thanks to Whittam, a member of the Committee who had worked hard to bring the Bill before the House.

GEN. SMUTS THINKS Liberty and Democracy will Triumph

way as a free-lance and should leave. Speaking of a free press, the position with regard to farm houses was clarified in the House, the Bill would be which was to exclude from the taxation the rent value of a residence for a house for to include a release which happened to be built on a farm in 1936.

Interest on Government Loans. Coming to the provision giving power to the Governor to include the interest paid on any Government loan, this was a very vexed question.

ROYAL NAIROBI GOLF CLUB NOTES THE FINAL TEST MATCH AUSTRALIA DEFEATS ENGLAND WITH AN INNINGS TO SPARE

Preparing for the Easter Tournament. NOT LUCKIEST OF TEAMS

NEKED FOURTEEN MATCH WITH SHAMU. TOURISTS UNLUCKY BUT NO WORD OF COMPLAINT SAYS BRADMAN

Australia had no difficulty in retaining the "Ashes" yesterday when they beat the last 20 English wickets in the first two balls of the day's play. The wood-Smith was the bowler.

England's position was hopeless from the outset. After her lastings failure in the first innings her fate was assured, and then when the rain came on Monday and again on Tuesday the result was never in doubt.

Bradman, the Australian captain, paid a tribute to the sporting spirit in which the Englishmen had taken the bad luck which had come their way and expressed the hope that he would renew acquaintance with them in 1935 in England.

The Souvenir Hunters

After her batting failure in the first innings England's chances of regaining the "Ashes" were dimmed when her batsmen were out for a total of 100 runs in the first two balls of the day's play.

G-3
ALL-WEATHER

SAFETY YOU CAN SEE

YOU can SEE why the "G-3" All-Weather by Goodyear provides greater safety in motoring! You can SEE that its all-angle, center-traction grip gives greater stopping power—greater protection against skids. More than 8,000 tests prove Goodyears stop a car quickest—that other new tyres skid 14 to 19% farther.

You can SEE that its broad, heavy, deep-cut tread will provide more non-skid mileage. Millions report an average of 43% more!

You can SEE, at any Goodyear Dealer's, the extra quality in the "G-3" Supertwist Cord construction—which gives maximum protection, in EVERY RLY, against bursts.

Proof of this extra safety is the fact that "more people, the world over, ride on Goodyear Tyres than on any other make." Whether on smooth city boulevards; rough country roads; or steep mountain trails—people trust their safety and comfort to Goodyear Tyres because Goodyears have EARNED their confidence by delivering safe mileage at low cost-per-mile.

That is why you, too, should use "G-3" tyres.

The "East African Standard's" Correspondent Writes on EVENTS IN INDIA

NEW DELHI, February 16.

Trade shifts to the General Budget - Extra Taxation can scarcely be avoided - Although Trade Conditions are definitely on the mend - The Government's Road Fund Proposal evokes spirited opposition - Central Parliament created for Economic Intelligence and Public Health.

Probably India has passed through a week that is more significant in its history than any other since the end of the war. Through the course of the week the country has seen a number of events which are likely to alter India's political and economic position in the world. The Government's Road Fund Proposal evokes spirited opposition - Central Parliament created for Economic Intelligence and Public Health.

Points from the Election Results. Though a somewhat surprising result, the Government's Road Fund Proposal evokes spirited opposition - Central Parliament created for Economic Intelligence and Public Health.

The Roadway Budget. The Roadway Budget, presented in the House on February 16, 1937, is a landmark in the history of Indian finance. It is the first time that the Government has set aside a large sum of money for the improvement of roads.

Problems of the Budget. The Government's Road Fund Proposal evokes spirited opposition - Central Parliament created for Economic Intelligence and Public Health.

Argument About the Road Fund. The Government's Road Fund Proposal evokes spirited opposition - Central Parliament created for Economic Intelligence and Public Health.

THE OLDSMOBILE SIX

£3,000,000 A Year In Half-Pence

The 1937 Oldsmobile Six Sedan—car of the line.

A Fine Car with a Long Pedigree

The Oldsmobile Six is definitely one of the fine cars in the world today. It is a product of the Oldsmobile Corporation, which has been manufacturing Oldsmobile cars for over 40 years.

Today, its appearance is really changed, but not its quality. The 1937 model is a fine piece of craftsmanship. It is a product of the Oldsmobile Corporation, which has been manufacturing Oldsmobile cars for over 40 years.

An Individual Style

In appearance it strikes an individual note. There is no resemblance to any other car on the road.

HALF-A-MILLION MILES

Half-a-million miles and still good for more. A fine Hispano-Suiza beauty a King's car.

A Royal Car With a Fine Record

Constant years of use will not diminish the value of a Hispano-Suiza car. It is a car that has a fine record of reliability and performance.

Owned by a King

This fine example of Hispano-Suiza engineering was built in France in 1930 for the personal use of King Alfonso XIII of Spain.

The car was constructed at the Hispano-Suiza factory and was delivered to King Alfonso XIII in 1930. It has a fine record of reliability and performance.

Through the Desert

The car was used in the desert by the King of Spain. It was a car that was built to withstand the harshest conditions of the desert.

very definite control. Braking, as of the well-known super hydraulic system, adds to the ease of driving.

Known Body Style

It will be seen that the factors of smooth riding and comfort have been taken for safety.

The bodywork is generous in its dimensions and high quality in its finish and finishings.

"LANDOVERY CASTLE" STRIKES MINE

(Reuters and British Official Wireless Service.)

The Union Castle liner "Llandovery Castle" 30,000 tons, bound for London for the East coast of Africa...

The vessel proceeded towards Port Vendre, on the South Western coast of France, and remained in that port during the night.

TOO MUCH FOR PUMPS Early this morning it was found that the pumps could not keep pace with the inflow of water, and it was decided the vessel should be moved into the harbor.

Attacked by tugs and other craft, the "Llandovery Castle" under her own steam attempted to get ashore...

The mine which damaged the "Llandovery Castle" probably laid, originally, off Barcelona, but whether by German or Italian is not yet known.

One passenger stated that shortly after the explosion a second mine brushed the side of the ship but did not explode.

Passengers, after spending the night in hotels at Port Vendre, were taken to Marseille and are continuing their journey to London via Southampton, London, and Liverpool.

One of the ship's officers reported that a slight bump was felt at about 11.30 p.m. on the night of the explosion.

The explosion followed, which about a whole minute later the vessel was struck by a second mine.

Somebody turned on a radio and was talking to somebody on the shore, but the speaker was not identified.

It was stated that General Franco recently informed a minister of foreign government...

NAIROBI MARCH RACE MEETING

BIG FIELDS AND EXCELLENT CONDITIONS ON OPENING DAY

Mackery's Three Winners

GOOD PROSPECTS FOR THE AFTERNOON

Ideal conditions prevailed today at the opening day of the Nairobi March race meeting. The afternoon was very good, while the cool breeze made matters very comfortable for the spectators. The attendance was very good, although there did not appear to be a great deal of money in the market. The Third Division Handicap was excellent, there being five contenders during the afternoon, indeed in the first three races, there was only one change of place. The first of the Maiden Nursery Plate for which there were eleven starters. STALEMATE IN JARAMA BATTLE ZONE?

INDECISIVE STRUGGLE OF SEVERAL WEEKS Insurgent Reinforcements SUCCESSFUL BROUGHT UP FROM SOUTHERN FRONT

Jarama front, east of Madrid and close to the Madrid-Valencia road, is the most important part of Spain at present, though fighting is taking place in many other quarters and much new and air activity is reported.

The Jarama sector has been the scene of bitter fighting for weeks and the pressure with which each side's claim is over-ruled by the other is still apparent.

It is now reported, however, that General de Liano, the insurgent leader who was in control of the forces that successfully attacked Malaga, has been brought up to take command of the Jarama and insurgent reinforcements are mounting for a fresh, large scale offensive.

1,400 WIVES FOR ARYSSIMA

Pioneers of Italy's Colonisation

London, Feb. 25. The Italian Colonists left Genoa on February 22 with 1,400 Italian wives going out of Italy to join their husbands.

The "Quattro della Sera," a newspaper based in the West, says that 1,200 wives are very disappointed with the number of those who will leave later on.

The "Quattro della Sera" says that the wives of the great families, and such of them as have been recruited from the movement, are of high quality.

VALUABLE PROPOSAL

Discussed at the Annual Meeting

The general general meeting of the Kenya Horticultural Society was held at the Norfolk Hotel on Friday, Lady Macartney, Mrs. D. Macartney, and Mr. J. D. Macartney, President of the Society, being in the chair.

After the Meeting had been opened by the Chairman and the Hon. Secretary (Miss Burnett), the meeting, the Hon. Secretary, Mr. W. C. Mitchell, gave the minutes of the previous meeting over expenditure for the year was \$18,747.44, and the subscriptions showed a satisfactory increase over the year.

The Chairman briefly reviewed the year's work, and commented on the quality of the exhibits of the various classes held during the year which, he said, were really beautiful.

The Chairman decided it full advantage had been taken of the growing season available in the Mombasa district, and the chairman recommended members to go in and see the results when available.

The Next Show

The next show will now be held early on May 27, but it was interesting because the show could be arranged in the open air, and the weather was usually very hot.

Mr. J. D. Macartney, President of the Horticultural Society, was taking great pains with the garden, and the Chairman said that members would give a further report.

Mr. J. D. Macartney reported on the "Garden of the Year" and gave details of the prizes offered in bringing out the book.

To the Editor, 'E.A. Standard', Sir—I have perused the article from Mr. Drummond's work, with interest as it is useful having a local German point of view, and it is in my opinion a most interesting one. Dealing with the construction in law put on some of my remarks, I am far from meaning that a nation should always remain for its own sake, but I am sure that a nation should not be allowed to be a mere instrument in the hands of others, or that of the world in general. It is a most important question, and one which should be considered in the light of the present situation. The article is well written and contains many points of interest. It is a most interesting one, and it is in my opinion a most interesting one. Germany claims a right to be consulted in the disposal of the colonies which were its property, and which were not to be handed over to the victors. This is a most important question, and one which should be considered in the light of the present situation. The article is well written and contains many points of interest. It is a most interesting one, and it is in my opinion a most interesting one.

CONTROL PLAN MENACED BY CURRENCY DISPUTE

GERMANY WANTS TO PAY HER SHARE IN REICHMARKS

Not Acceptable
CONSIDERATION OF OTHER DETAILS
NOW CONCLUDED

The control scheme put forward by the Non-Intervention Committee is likely to come into operation on Saturday. A matter which is causing considerable difficulty at the moment is the refusal of Germany to pay most of her share of the cost in anything but her own currency.

To Operate this Week-end

(Reuters and British Official Wireless Series)

London, March 7. A decision to recommend March 15 as the final date for the operation of the control scheme by Spain was made at a meeting of the Non-Intervention Committee to-morrow. The Committee will consider the report of the Control Committee on the control scheme adopted yesterday. The chief point of the scheme is still not settled finally by the payment by Germany of 10 per cent share of the cost of the scheme against the rest of the cost to be met by Spain. It was agreed to pay only £500 in foreign currency, the rest in Reichmarks. Lord Plymouth yesterday declared that Germany's refusal to accept the whole scheme as a whole and the other factors were not "replicable" in assessing all the consequences of the scheme. Portugal has withdrawn her application to Italian merchants to continue to trade with her. The chairman, Sir Edmund Davis, of the Non-Intervention Committee, said that the committee at the Non-Intervention Office, London, will be in session at once. It is being followed later.

ALLEGED FORGERY AND FRAUD

OPENING OF THE CASE AGAINST HASMANI

Eighteen Charges

POSSIBILITY OF MORE TO COME INTIMATED

"STANDARD" COMMENTARY

First evidence was heard on Monday afternoon (March 1) in the Resident Magistrate's Court in the preliminary examination of Issam Hassamini Hasmani, the well-known Dar es Salaam Indian merchant, who is charged on no fewer than 18 charges of forgery and fraud.

Bills of Lading and Insurance Policies

The evidence led on Monday concerned acts of forgery and fraud on bills of lading, insurance policies, and other documents. Income Tax

CAPITAL INVESTED IN SIHAL

To the Editor, "E. A. Standard."—Sir—I have been studying the Draft Income Tax Bill and as far as I can see no allowance is made for depreciation for fixed out-lets. As everything, from the value of the interest on Sihal, starts as the value of the Sihal estate, the amount of the money made through the sale of the Sihal estate represents capital invested to bring the plants into the bearing stage. Once the plant is in bearing, the money earned is not only the money earned but also the money invested to produce the plant in profit. While the rest, obviously is profit. This is an anomaly.

A Sihal plantation is brought into bearing at a cost of £20,000, of which say £10,000 is spent on development of the plantation and the balance of £10,000 represents the value of the land, plant and machinery, etc. Now, five years after the plantation has come into production the Sihal will have been paid and the value of the plantation reduced to say £5,000. Surely it is obvious that the rest of the value of the plantation is not written down to say £5,000. Surely it is obvious that the rest of the value of the plantation is not written down to say £5,000.

It is a Sihal plantation is brought into bearing at a cost of £20,000, of which say £10,000 is spent on development of the plantation and the balance of £10,000 represents the value of the land, plant and machinery, etc. Now, five years after the plantation has come into production the Sihal will have been paid and the value of the plantation reduced to say £5,000. Surely it is obvious that the rest of the value of the plantation is not written down to say £5,000.

Barely it is made the same as any other capital asset. The capital taken out of the Bank is not taxed but the interest on the capital earned. The same is more or less similar to the position of other farmers, because when a farmer sells his cattle he is not taxed on the cost price of the cattle, but only on the amount exceeding the cost price.

Now, if we had the benefit of the Bill relating to taxation of the value of Sihal can be made, and the expenditure on this account equals the value of the plantation as being made by the Sihal being put out the question of depreciation does not arise, as the cost is naturally balanced. Other, The majority of Sihal growers will be of some indication that they carried it being reduced through taxation. Although it is not in the interest of the country as a whole that partial repaying of Sihal is not out of the question of course being a paying proposition it will only be to the profit of both the Sihal industry and the country generally if some of the poorer Estates, where conditions are not favourable for carrying on, go out of production as soon as they can.

This, however, is no reason at all why the owners of such Estates should be punished with extra taxation on their capital. Surely the best way of dealing with this matter would be to fix a reasonable price per ton for the Sihal and then allow a deduction of the bearing stage, and then leave it to the million of owners to carry on or to sell their Sihal to the Government. I take it either a reduction of the tax on Sihal or the tax on the Sihal or to take in the amount spent on Sihal, including the interest on the Sihal (income-tax). I think you'd be grateful to you if you could kindly investigate this point and see if the matter now stands actually as I think it does and send me the result.

Yours etc,
D. KOPPELBERG,

COFFEE ARMA PRODUCE

RESULT OF VISAS

To the Editor, "E. A. INDIANS IN KEVYA

UNIFICATION OF WORK

To the Editor, "E. A. Standard."—Sir—Mr. Hovatta's letter on your issue of 27th March is a very interesting one. It is a pity that the "Unification of Indian Schools" is not a subject which is being dealt with in the present publication, which will have least no relation to the value of the coffee.

INDIAN MARRIAGES

TO THE EDITOR, "E. A. STANDARD."

Sir—Don't forget unemployment on your marriages. Perform marriages as economically as possible. Both families should get their children married without financial strain. This was the advice given by His Highness the Aga Khan in an interview.

I am informed that in view of the advice and the presence of His Spiritual Father in the Colony, over 300 marriages have been performed and blessed by His Highness the Aga Khan during his visit at Mombasa, Zanzibar, Dar es Salaam and Nairobi. Thus the Government has saved over £150,000.

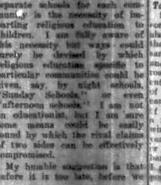

THE "CITY" OF NAIROBI

TO THE EDITOR, "E. A. STANDARD."

Sir—For the benefit of our parishioners at Dr. Twiss's, and also of your readers, may I state that Nairobi Municipal Council sanctioned the making of Lalena and Bani roads and the present building of the National Bank of India at Lalena in 1933 or early in 1932. Roads on the same line have been made in a month or two of the sanction, whereas it took more than two years before the work on Bani and Lalena roads was taken in hand. It will, I think, be an advantage to our parishioners if the Municipal Council could be persuaded to defer the making of these roads.

The sparkling eyes and rosy cheeks of happy, healthy children are what every mother desires to see. And the best way to ensure this is by giving her children Ovaltine. Ovaltine's regular daily use provides the essential vitamins and minerals necessary to build up body, build strength, and to ensure abundant energy. I think you'd be grateful to you if you could kindly investigate this point and see if the matter now stands actually as I think it does and send me the result.

At this time it is rather curious to offer a selection for the Liverpool Cup, but one of these which have been handling very well with Silver Dawn a possible danger. As I indicated Harry School was from withdrawal from the Two Thousand race, and it is desirable it will be possible to get him ready for the Derby. This will open up the race and there will be those who have not run yet. I have already had a very good report of Sandstone trained by Fred Beadler. I am in the same stable I do not think will get the victory. He will be quite ready for the Two Thousand. The stable is very strong with the usual suspects, Pacific, Sunway, Seaboard, and Swannage being others, when we shall have to consider I shall be very interested in Puritan as it is stated to be in the top class. Another I have a good deal of faith in is Duke. It is certain he will start. I have had a very good report of Duke. I have had a very good report of Duke. I have had a very good report of Duke.

OUR LONDON TURF LETTER Heavy Gey Hoppers "Flat" Preparations NATIONAL CHOICE

Renowned, Public Balls and Don Brindham Favoured

(The Incident) London, February 27. (By Air Mail)

Unfortunately there was no change in the conditions here with regard to the scores of runners who wish to get their charges ready for the first weeks of the Flat. It has raised the most of this month, and it is impossible to give horses a proper preparation.

There has been a marked improvement this week for Russell Clarke. This horse has little chance in the country, being run in seven times with only one success in a mile race at Thame. In France as a three-year-old he won five events but not of very great value, but he has been able to win the Lincoln is not very apparent. A lot of money has been invested for him in Africa. He stable connections are in the habit of giving him a special diet. This is a very light weight and may be that.

These horses that have been running will have an advantage, naturally tending in the run-up to the season, but they are not likely. There has also been a little support for Zetis, but his luck has been very disappointing. Boston West may be announced as he had some good mile form last autumn, although Zetis is said to be the fittest horse of Newmarket which may not meet a list. Both the Jervins have been long, and of their charges I prefer Maudslayi who showed his best form in the first half of the season. One of London who is quite well handicapped. Some of the Northern horses will have to be considered. It is possible that a good deal of progress, as is shown by Tross, which is going to be a good one, to the Maresfield. This is the reported very fit.

Of those mentioned, and from information received, I like Maudslayi, Scotch Turf, and Fairplay by the other names.

Business Progress The forecast for the Grand National have not distinguished themselves by their recent running.

The heavy going may be partly responsible for this, but it is taken conditions somewhat when the race is in course. Of those in the "post" rank Golden Miller has shown the best form. I could fancy him to do the race again if he were not running at Cheltenham, but I think the race is now more to give him a try, which speaks well for his trainer Beady. I, however, prefer other. Delachance from the same stable has won a race this week, and is considerably improved. He is expected to have a good showing at the American Grand National when it is held in New Orleans. Others that may run well are Maudslayi, who has received good support, and Dryburgh, but the latter I would not recommend as I think it is more a "fill" with "Pucka Belle" and "Duke" than a "winner" in the Liverpool Cup.

As I indicated Harry School was from withdrawal from the Two Thousand race, and it is desirable it will be possible to get him ready for the Derby. This will open up the race and there will be those who have not run yet. I have already had a very good report of Sandstone trained by Fred Beadler. I am in the same stable I do not think will get the victory. He will be quite ready for the Two Thousand. The stable is very strong with the usual suspects, Pacific, Sunway, Seaboard, and Swannage being others, when we shall have to consider I shall be very interested in Puritan as it is stated to be in the top class. Another I have a good deal of faith in is Duke. It is certain he will start. I have had a very good report of Duke. I have had a very good report of Duke.

Others that may run well are Maudslayi, who has received good support, and Dryburgh, but the latter I would not recommend as I think it is more a "fill" with "Pucka Belle" and "Duke" than a "winner" in the Liverpool Cup.

At this time it is rather curious to offer a selection for the Liverpool Cup, but one of these which have been handling very well with Silver Dawn a possible danger. As I indicated Harry School was from withdrawal from the Two Thousand race, and it is desirable it will be possible to get him ready for the Derby. SIX CHEERS FOR M.C.C. CAPTAIN Melbourne Enthusiasm at end of Final Test

(THE COLTS' SECRET)

As Captains March 8, the large crowd cheering and building the players, especially Dragoon made a point of the "Colts" through supporters, and his every word of advice, but not with a flourish.

Dragoon said: "This final Test is a very great test. I have to say to you a single word of advice, but not with a flourish. I think that he owed a great deal to the support he had received from his own men, and what he hoped to do with the rest of the team to go to England."

That "Invalued One" After having nothing to Dragoon's wonderful habit plus his "infernal" one, "Altogether" I am not sure, but I think you will agree that we will not go down to history as the last England was this all out for 100 (Twenty) not 21.

Never Completed Immediately South took the lead, but Dragoon grabbed a stump and used his left hand to pick up the ball. He then pocketed the ball. He was a very valuable. Kimbrey did not finish, as he was not in the final game.

"Savage Massacres" In Addis Ababa

REPORTS PARTLY CONFIRMED BY OFFICIAL NEWS

Statement in Commons

"SEVERE REPRISALS BY ITALIAN SOLDIERS ON LIFE AND PROPERTY"

That the Italian reprisals in Addis Ababa after the attempt on Marshal Graziani's life were carried out with a savagery almost beyond description, representing the worst atrocities in Africa since the Congo was Lord Cranborne's partial admission when replying to a number of questions in the House of Commons.

The Under-Secretary for Foreign Affairs declared that he regretted to say that Government reports partly bore out some of the gross stories of savage massacres.

British Lives Protected

(Speakers and British Official Wireless Service)

"I am glad to say that so far as British subjects and protected persons are concerned, those who were arrested when the outbreak occurred have now all been released, and the instance of the Acting British Consul (General) and his British lives were lost.

Pressed in supplementary questions to confirm the Prime Minister's savage massacre, the Under-Secretary repeated that it was impossible to give detailed information. He added, however, that he regretted to say that reports of a severe character were taken by the Italian military, resulting in a large number of deaths, and extensive destruction of property.

GROUPED HOSPITALS SCHEME

Impossible to Say When Plans Ready

QUESTION OF ESTIMATE

Much More Than Originally Envisaged

In Legislative Council the Hon. Mr. Robert South (Chief Minister) said that the Government are unable to say when the plan for the new hospital will be ready for approval and work started on the site.

The Government are aware of the urgent need for expansion in this sphere of the program, and are hoping that matters have already been put too long delayed.

The Hon. the Director of Medical Services replied: Government is not yet in a position to state when the plans will be finally approved and when work on the buildings will be commenced.

The Hon. the Minister is referred to the report given in November on the report of the Hon. the Director of Medical Services.

Government is not yet in a position to state when the plans will be finally approved and when work on the buildings will be commenced.

NO HELP FROM U.S.A.

For French Defence Loan

(THROUGH AGENCY'S AGENCY)

The new French Defence Loan is not to have any support from the United States.

The Secretary to the Treasury, Mr. Morganthau, said last night that the United States Government was unable to agree to appointing a New York bank to act as an agent for the French Government in regard to the loan.

As an earlier stage in the debate on the question Senator Borah said that support for the loan would violate the Johnson Act, and that bankers who participated in it would take some risk.

EGYPT AND THE AGENCY

(THROUGH AGENCY'S AGENCY)

Omaha, March 9. A telegram has been received from the Egyptian Government making known the desire to Egypt to be admitted to the League of Nations.

Twenty-two countries have already notified the Secretary of this support for Egypt.

IN ADDIS ABABA

A Government statement has just been made in the House of Commons, giving partial confirmation to stories of massacre and destruction as reported by the Italian. It states that the Government takes a sharp view of the Italian entered the town, shows a raised street and, in the foreground, the three Italian bodies, Marshal Graziani.

"TRANSFER WILL NOT SOLVE PROBLEM"

BRITISH VIEW AT GENEVA CONFERENCE

Access to Raw Materials

DIFFICULTIES CAUSED BY NATIONS' OWN ECONOMIC AND MONETARY POLICIES

That the difficulties experienced by some nations in obtaining supplies of raw materials could not be settled by any transfer of territory, even if a continent could be transferred, and that the policy of the "open door" might in certain cases cause harm to colonies, and that the countries experiencing difficulties should consider whether their own economic and monetary policies were responsible, were opinions expressed by the chief British delegate to the League of Nations Raw Materials Conference.

The Conference opened in Geneva on Monday and the Secretary General of the League made it clear that members were present only in personal capacities.

Results of "Open Door"

(Review and British Official Wireless Service)

Addressing the Raw Materials Conference at Geneva yesterday, Sir Frederick Lakin, Lord, said that the policy of the "open door" might in certain cases cause harm to colonies, and that the countries experiencing difficulties should consider whether their own economic and monetary policies were responsible, were opinions expressed by the chief British delegate to the League of Nations Raw Materials Conference.

While Britain would always encourage free enterprise to produce the raw materials needed for other countries, the policy of the "open door" might in certain cases cause harm to colonies, and that the countries experiencing difficulties should consider whether their own economic and monetary policies were responsible, were opinions expressed by the chief British delegate to the League of Nations Raw Materials Conference.

If certain countries had difficulties in obtaining raw materials, it should be considered whether their own economic and monetary policies were responsible for the difficulty.

The presentation of actual statistics involved a heavier burden than it was intended to be.

PATROLLING COASTS OF SPAIN

To Begin Next Saturday

POWERS ABBRE

(THROUGH AGENCY'S AGENCY)

The meeting today of the Non-ferrous Commission approved the scheme for observation of land and sea frontiers of Spain to begin on March 15. On the proposal of the French representative it was agreed to decide that their representative of the Governments of the United Kingdom, France, Germany, Italy, the Netherlands and the representatives of three other Government parties to the Non-ferrous agreement should be appointed to the Board which will carry out the scheme.

The Commission will now estimate the question of prohibiting other forms of indirect intervention, including the form of financial aid to other parties in Spain and the entry into Spain of any iron-ore material for any person liable to prolong or consider the conflict.

SPANISH STEAMER'S VAIN LAST MINUTE RUSH

ARMS CARGO THAT WILL NEVER REACH GOVERNMENT

Sunk in Bay of Biscay

(THROUGH AGENCY'S AGENCY)

The Spanish steamer that, in a boom of publicity, managed to clear half a million pounds worth of armaments parts from Africa for the Spanish Government in the last few hours before the passing of the U.S. Neutrality Bill, will never reach Spain.

It was shelled and sunk on Monday afternoon by an Imperialist cruiser in the Bay of Biscay, while British shipping circles were greatly agitated by the mistaken reports that the sinking ship was an Italian destroyer liner.
