The Report of the Economic Development Committee including a minority report by three of the unofficial members and notes of dissent by the Indian members and published yesterday.

The main recommentions include the appointment of a Standing Economic Development Board for the Colony and an addition of £500,000 to the capital of the Kenya Land Bank

A positive policy of promoting production on a definite an sustained plan directed from headquarters is urged.

Controlled and compulsory centralised marketing is proposed for several industries including maize, dairy

ther important proposal is the appointment of a Keny trade representative in India. The majority report rejects devaluation as a solution of

economic problems, but the minority report strongly urges that some such courageous step is the only afternative to a collapse.

STEADY PRESSURE TOWARDS CONSTITUTIONAL ADVANCE.

Five Main Points

REDUCED GOVERNMENT EXPENDITURE AND LOWER TAXATION

chesi declaration of the policy of Elected Mumbers towards the present financial and commute position of Konya was made at a largely-attended meeting—one of the most important in the series following the Budget debate—in the Theatre Royal on Tiursday night:

Lord Francis Scott (Leader of the Elected Members, sumphasised the necessity for reducing overhead expen-diture and for himself and his colleagues to maintain steady pressure on the Government to this end.

the question of Closer Union he acknowledged its desir-ability but urged that it should not be acceptable on any basis involving sacrifice by the British community in Kenya.

Major F. C. Cavendish-Bentinck summarised the policy of elegted Members under five main headings:—

Reduction of Government expenditure to produce a reasonable minimum establishment.

Thereafter, insistence upon reduced taxation.

Demand for increased control of the Colony's destiny securing of avenues of employment for the children of Kenyans.

Fullest encouragement to local production.

Under this BRUTAL PUNISHMENT Brakes wore out in 72 hours. But the new "G" KEPT RIGHT ON ROLLING!

The Tread-Wear Mystery

"Speed up to 50 miles an hour-stomp on the brakes every two miles—and keep it up night and day!"

Day after day they kept it up. Brakes wore down every 8 hours—had to be relined every 72. Cars broke down—BUT "G-3" NEVER FALTERED!

Amazing Endurance of "G-3" IT KEPT ON AND ON-DELIVERED 43% LONGER NON-SKID MILEAGE!

Meanwhile research developed that the new modern cars were the real cause of fast tread-weer. More powerful engines, higher-speeds, quicker acting brakes were vertaxing tyres.

Goodyear was first to notice the trouble Goodyear alone has solved it!

Improvements

Here's what you get in the new
"G-3," the greatest tyre ever
built by Goodyear:

YOU GET THE BROADER ROAD CONTACT OF A FLAT-TER, WIDER ALL-WEATHER TREAD.

YOU GET QUICKER-STOP-PING AND THE GREATER ROAD GRIP OF MORE NON-SKID BLOCKS IN THE CENTER

YOU GET THE EASY STEERING AND SMOOTH TRAVELOF WIDER RIDING

YOU GET THE SLOW, EVEN WEAR OF CLOSER-NESTED NON-SKID BLOCKS AND

YOU GET FREEDOM FROM CARCASS FAIL-URES WITH EXTRA-RESILIENT SUPER-TWIST SIDEWALLS AND A HEAVY, SUPER-STRONG BEAD.

YOU GET MORE RUBBER IN THE TREAD— AN AVERAGE OF TWO POUNDS MORE PER TYRE.

all of which adds up to 43% MORE NON-SKID

MILEAGE at no extra cost.

All this means additional strain on sidewalls, but Goodyear was well prepared for that. The extra-durable, extra-resilient SUPERTWIST CORD CAR-CASS easily bears this wider, heavier tread.

NO INCREASE IN COST

Most important of all, yo get these extra advantages in a tyre that costs extra to build— AT NO EXTRA COST TO YOU! See this amazing new, "G-3" All-Weather Tyre at your

Amazing Recovery from Slump

GREAT EXPANSION IN BUSINESS AND INDUSTRIAL ACTIVITY

th Africa to-day is a fortunate country flowing (in an economic sense) with milk and honey. As is shown below, the Union has made an amazing recovery from the depression and is in fact experiencing a "boom" in many branches of its industrial life. The general level of economic activity approaches that of the record year 1929—and the cost of hings has not gone up!
