"Done By Hand." "The amount of handwork on all the new dresses is very noticeable. The intricate details of the material round the neck and cuffs and also at the waist, while the piping which forms the V-shaped panel in the back is hand."

ANCIENT LONDON CRAFT

Royal Support for the Traditional Weaver

This is the most beautiful of the hand-loomed fabrics... The British Jute and weavers who so often use the fabric in their work still have the traditional hand-loom weavers, while the King also retains his from the same source.

A Good Cold Pudding

ORANGE CREAM

STIR a pint of milk and three eggs in a small tin over gentle heat until the mixture thickens. Add a tablespoonful of sugar and mix well. When nearly boiled, stir in two ounces of gelatine...

In Dark Colors

The range of colors to be had in this material is very wide. In fact, in all the pastel shades there is a choice of colors. It is not surprising that with an array of lovely shades, long skirts and short-skirted frocks and those more elaborate frocks, every woman is able to decide as to what she is going to buy for the winter.

Smart Jumpers

The smart new blouses and jumpers are limited quantities of splendored flannels. Soft woven silk crepe blouse and silk are used for the blouses. The blouses are a most popular. Lingeries are also in the fashion. The blouses, a very pale primrose yellow, are made of a fine material...

UNIFICATION IN EAST AFRICA

A Proposed Unofficial Conference The suggestion made by the British Union of Tanganyika referred to today by Mr. Frank Corner, Correspondent that an Unofficial Conference be held in Arusha next month to consider, and, if possible, carry a step further, the question of Unification of the East African Territories seems an appropriate moment. Invitations are being sent to the Elected Members of the Kenya Legislative Council and the Tanganyika Members of the Tanganyika Legislature. From many points of view it is very desirable that nothing should be allowed to stand in the way of the attraction of a representative delegation from this Colony. The continuation of the work of the Unification Committee, the financial and economic problems facing Kenya and Tanganyika have forced upon public attention the only solution which is a reduction in the overhead costs of Government in East Africa. Taken together and explaining Zanzibar, the Territories are spending £5,000,000 more of recurrent costs of Administration and of that total £2,000,000 is represented by nearly half. It is difficult to believe

that unification of the services would confer on the benighted peoples of East Africa, in addition to many benefits, a considerable measure of relief in public expenditure and in centralization of economic and financial planning on a scale impossible under the present system of irresponsible. The substance of the proposal is that the steadily growing movement towards unification... The Hon. A. G. Hony... Mr. Hony... Mr. Hony...

PRODUCTION LAGS BEHIND TRANSPORT CAPACITY
Rate of Progress Falling

MARKED DECLINE OF COMMUNITY'S CAPACITY TO PURCHASE
Following is the first of a short series of articles on the Report of the Economic Development Committee and deals with a section of the Majority Report.

THE LOANS
An examination of the loan burden, the Majority Report points out that the £1,500,000 which has been spent on transport services, the Colony's own resources have only £4,000,000.

Only 20 per cent. of the Colony's own loans is directly revenue earning.
The Majority Report considers it impossible, on available information, to arrive at an estimate of the "balance of trade" and deplores the short-sighted abolition of the Statistical Department.

DEVELOPMENT SLOWED DOWN
But such figures as are available show a very marked falling off since 1929 in the progress of development, judged by the growing excess of exports over imports in a young country.

The Bank statistics also indicate a "marked decline in the rate of business" in the Colony's capacity to purchase goods from outside the Colony.

Insecure Treasury Position

In the "East African Standard"
The Ministry, says the principal recommendations of the Economic Development Committee are:
1. The country (which was actually a colony) should be declared a "Crown Colony" by the Statute Book.
2. The Government should be empowered to issue bonds for the purpose of raising the £200,000,000 which is required for the development of the Colony.

Scope of the Inquiry

It begins with a review of some of the Government's financial policy in the past, and then proceeds to the appointment of a Committee and makes it clear that the scope of the inquiry (which was actually a colony) should be declared a "Crown Colony" by the Statute Book.

Terms of Reference

It is the scope of the inquiry (which was actually a colony) should be declared a "Crown Colony" by the Statute Book.

BANDIT HUNT IN RHODESIA
Public Enemy No. 1 Captured
Dramatic Round-Up
MAY WHO TERRORISED WHOLE DISTRICT

STANDARD CORRESPONDENT
A sign of the return of the Colony has been noted in the capture of a notorious bandit named Mr. Mark Spurgeon, the Johannesburg correspondent of the Johannesburg "Sunday Times."

STANDARD CORRESPONDENT
The capture of the bandit is the dramatic story of the round-up of the public enemy number one of a considerable area of Rhodesia. Mr. Mark Spurgeon, a transport rider in the Victoria district, was a public enemy number one of a considerable area of Rhodesia.

Four of the Detainees

The difficulties of the police in the pursuit of the outlaw have been increased because natives have been too scared of retribution to disclose the whereabouts and whereabouts of the bandit.

Amaband

He therefore posted two white men and himself took up a position on a part of the border.
The two men were well hidden.

No air demonstration of rapid mail carriages is greater than the flight of the record Comet monoplane, piloted by Mr. Kenneth Waller and Captain Franchetti, from Brussels to Leopoldville, Belgian Congo, and back, a detailed account of which has now reached East Africa.

The mail statistics of the flight to the north of Africa and back covered a distance of 10,000 miles in 10 days and 10 nights.

2,000 Miles Range

For this flight the Comet, which was built by Waller and DeLaurie Jones to fourth place in the world, was flown from England to Malabar, and back in 10 days, was modified to carry three tons of mail.

ARSENAL TAKE OVER the LEADERSHIP

Keen Fight in Division Two

BRENTFORD DEPOSED BY MANCHESTER

Brentford have at last secured the leadership which they have held for so long. The top place has been taken by Arsenal on Saturday. The game started at 11 o'clock, and stumps were down at 12.15. The hours of play nearly 500 were record.

The wicket's keeping on both sides was excellent. Kooler (Gymkhana) on Dribin (Nairobi) conceded a single. Dribin's record for 100 runs was record.

W. W. Henson had been especially well for Nairobi. He had had the misfortune to hit a ball on his forehead cutting badly when he had nearly 110. He had been hitting very well up to this point, but after the incident scoring slowed down.

Eberhart's principal scoring strokes were a 5's and 4's. He took part in three part innings which produced over 20 runs each.

A. W. Henson had been especially well for Nairobi. He had had the misfortune to hit a ball on his forehead cutting badly when he had nearly 110. He had been hitting very well up to this point, but after the incident scoring slowed down.

Transport Policy Board for East Africa

NEW FUNCTION OF THE GOVERNORS' CONFERENCE

Entebbe Decisions

PRELIMINARY DISCUSSIONS ON THE EXPANDED AIR MAIL SERVICES

The most important immediate decision taken by the East African Governors' Conference, held at Entebbe last week, is that the Conference be constituted in future as East African Transport Policy Board.

The proposed expansion of the Empire air services was also considered by the Governors of six Territories and details will be worked out.

Co-ordination of East and Central African defence was also one of the leading questions discussed.

NOTES FOR WIRELESS FANS

B.C. Aerial Tests

EXPERIMENTERS have again been successful in varying the direction of a beam of high speed radio waves, and this time the results were particularly surprising. The signal strength of the beam was not very good, but the direction of the beam was generally better than a beam of low frequency waves. The beam was generally better than a beam of low frequency waves, and the fact remains that it is possible to vary the direction of a beam of high speed radio waves, and this is a very important step towards the development of a directional beam of high speed radio waves.

It is not surprising that some experimenters spend two or three hundred thousand pounds annually on their programme. There are about eighteen million receivers in use in the States with a potential audience of over fifty million people. It is not surprising that the broadcast industry is so large, and that the average programme is heard by between five and ten million people. This is a very large audience, and it is not surprising that the broadcast industry is so large, and that the average programme is heard by between five and ten million people.

An unusual occurrence is reported from the north of England. A break down in the electricity supply of a town resulted in the burning of a large number of receivers connected to the mains. Apparently the cause was a rise in the mains voltage which the fault occurred. The local authority responsible for the electricity supply for this area has issued a warning to the public that they should not be able to take any further steps to improve the quality of the supply of the upper atmosphere.

The North Angle
 A recent wave suitable angle has been found so that the signal strength at a given point is not so far away. The angle of the beam varies with the frequency of the waves. The angle of the beam varies with the frequency of the waves.

G.S.A. Group
 Throughout the week the minimum of 800 (40.0 mhz) in the latter part of transmission it has been shown with the frequency of 7.50 p.m. T.T. coming through the atmosphere. G.S.A. in the same transmission has also been heard but not so consistent as the first wave-length.

"Atmospherics"
 This Annual General Meeting of the Radio Society of East Africa was held in the New Strand on Friday evening the 21st May. Mr. A. A. White took the chair and presided over the meeting. The Radio Society's Vice-President, Mr. E. H. Meyer, O.B.E., Mr. W. H. Wood, and Mr. G. H. Wood, addressed the members of the Society.

The Talks on Radio

Mr. Churchill and Mr. Lansbury

There is no more popular or better political leader than Mr. George Lansbury, leader of the Labour Opposition in the House of Commons. When he speaks he is heard by all the people of the country with the utmost attention by all parties, especially when denouncing the present Government.

Mr. Winston Churchill—Transmission 4—Tuesday, January 23, at 10.0 p.m. G.M.T.
 No discussion on India was to be complete without referring to Mr. Winston Churchill, one of the most brilliant, forceful, and eloquent of all the statesmen of the Indian Empire. Mr. Churchill's views on India are of the most important of our time. He has a more intimate knowledge of the subject than any other statesman in the country. His views on India are of the most important of our time.

"Battery Time" NEW EXITE "INDICATOR" BATTERY

A BATTERY WITH A SELLING POINT THAT SPEAKS FOR ITSELF

No one wonders what is the "what they say on the new "Indicator" on the Exite "D" Type Battery. It explains itself. There on the clear white dial is a pointer that shows on "Full," "Half," or "Empty," according to the state of the "charge." The battery's "charge" is thus placed on the same accuracy and feeling as some concerning things. It is a convenience that everyone usually appreciates. It therefore causes very little trouble. Dealers who have got supplies tell us that it has already markedly increased the sales of what was already the world's best seller in batteries. So don't let "do other men" get a lead on you.

KENNEL NOTES

by Margaret Colyer

Miss Colyer, 2822, is an experienced veterinarian in connection with "Kennel Notes" should be addressed, does not hold herself responsible for statements made by her which may be the basis of information supplied by her correspondents.

It is possible that a short account of a case which was reported to me over dogs may have been the only means of my reaching you, but such a thing would be to be regretted, as my report of a fortnight ago may not have been clear, or that I may not have clearly explained a full picture of the case. I am sure you will be glad to hear that the same case is still being treated on this a forest, and has found little or no further signs in the river bed. My dog, who was jumping the dog on hearing the bark cry, was not to be taken away from the river, but was to be taken away from the river, and my dog was really hurt. He really had a good deal of trouble to get home to me. At the first glance, it was not clear that the dog was the dog of the doctor's horse had gone and might have been taken to the left of the river, and he was driven out from the river, and was driven out from the river, and was driven out from the river.

TRANSPORT POLICY BOARD FOR EAST AFRICA

(Continued from page 1.)

Gouverneur's Conference, submitting for this purpose to the Government of Kenya, Uganda, and Tanganyika, Territory, will be decided in the East African Transport Policy Board to advise the Government in this regard, and to advise the Government in this regard, and to advise the Government in this regard.

Nairobi Meeting

At the first meeting of this board, it was held in Nairobi last week, further the economic interests of East Africa as a whole and effect of possible acquisition of trading routes without impeding departmental officers.

Defence

Opportunity was taken by the general terms the present also included in the report of the Committee on Terms and Payment Conditions for the Colonial Service (Plymouth Report) but an opportunity was reached and the matter will be discussed again later after the respective Governments have had time to consider the recommendations in detail.

Nervous ANAEMIA... Head to show of hours

Now... I feel that I have been suffering from nervous anaemia for some time, and it is very annoying. I have been told that I should take Phospharine, and I have done so, and it has helped me very much. I feel much better now, and I am able to do my work as usual. I would like to recommend Phospharine to anyone who is suffering from nervous anaemia.

THRIPS AND CAPSID BUG

Department of Agriculture's Warning

The following article dealing with outbreaks of Thrrips and Capsid bugs in the East African Territory, has been issued by the Department of Agriculture. It is a warning to growers and traders to keep a good lookout for both Thrrips and Capsid in their crops.

So far the Capsid has given little cause for concern, but on the other hand it is a pest which is very difficult to control. It is a pest which is very difficult to control, and it is a pest which is very difficult to control. It is a pest which is very difficult to control, and it is a pest which is very difficult to control.

Next Conference

The next meeting of the Conference will be held in Nairobi in the first week of April next. It is hoped that as a result of the recently Imperial African service, the Conference members will be able to attend meetings with less inconvenience than in the past. In the future, it will be necessary for them to be absent from their respective headquarters.

CORRESPONDENCE

Give Youth a Chance

EAST AFRICANS AND THE CIVIL SERVICE

To the Editor, "E.A. Standard," Sir—I have hitherto belittled the position of the young men of this Colony, but your leading article in today's paper has given me sufficient encouragement to make an attempt and to place in your columns the following article in our efforts to obtain the necessary backing.

Long Francis Scott has stated that "we must start straight away a campaign to see that vacancies in the Government positions are filled in favour of our own people." If there is anyone already in the Government, it is the young men of this Colony. It is a fairer and more equitable way of passing the torch to the next generation. There are no special facilities here for students desiring to qualify for vacancies in the Civil Service of Kenya. It is a fairly stiff examination, and a candidate in this position of any school in this Colony would be sufficient. I would like to see a special course of instruction be given those who have the necessary qualifications for vacancies in the Civil Service. Evening classes should be instituted for young men and women, regarding during the day, and who the direction of improving their present education. Special attention should be given to the subjects of mathematics, physics, and chemistry, and selection made from those for the higher examinations.

I would urge, so far as it is in our power, that there should be a Government grant for those students who showed exceptional ability.

So far as our claim stands for these rights, having to do with the work as policemen and soldiers of Kenya, it is our national inheritance.

There are several secondary schools, but these, in my opinion, are not so satisfactory as individual tuition on the spot. There appears to be scope in this view for such an institution.

Whatever may have been said in the past concerning the neglect of the youth of this Colony, it is not an ultimate condition. I have only to refer you to the number of successful candidates at our schools' Examinations, held in all schools, but this does not imply that they do not make good as has been substantiated in thousands of cases. It is the opportunity for them that is required.

Yours etc.,
JOHN S. ELLIOT.

CHERRY'S FLIGHT

To the Editor, "E.A. Standard," Sir—I am in the Home papers such long lines as these:
"Britain's New Prospect is 'Yes'."
"Cheap Loans for Industry."
"Restoration of wage cuts."
"Hopes for brighter future for Years."
The present Imperial Government is not so past Conservative and it is responsible for inspiring the confidence that there will be a complete restoration of all the conditions that there were in 1918.

If a Labour Government were in office we would be told that the conditions that there were in 1918 would be held to their own. The English Press tell us that the Government propose to put 20 million pounds into circulation of the wage-earning classes, and we would be told to turn the other cheek to the Socialists.

The English Press tell us that the Government propose to put 20 million pounds into circulation of the wage-earning classes, and we would be told to turn the other cheek to the Socialists.

The whole country will naturally be further obliged that the Chamber was also concerned because of the "public" which is a never, difficult to draw an exact line where politics ended and economics and commercial questions began as in the course of the various Executive Councils and in the various Executive Councils and in the various Executive Councils.

What a contrast to the lack of vision on the part of our Kenya Executive Members party organization!

How can people imagine more if you cripple their purchasing power by removing money from circulation? Is there any such such a crying need at the present time? The condition of Kenya is a crime against the community about by high salaries. The two main causes are—
(1) The high rate of interest we are paying on our loan charges and for this money the Imperial Government is responsible, and
(2) The fiscal policy of the Imperial Government and its bearing on Kenya as a primary producing part of the Empire.

It is disappointing that these two questions of first importance were not dealt with by resolution at the "Held" Members meeting on 17th inst. in Nairobi. Regarding the Governor and

SPIRITUAL LEADERSHIP

To the Editor, "E.A. Standard," Sir—President Roosevelt undoubtedly knows I criticize him at times for the materialistic trend of his labours, but I never society faith.

cutting salaries will not put our house in order, but on the other hand the Government Members get down to (1) and (2) above and the example of the British Government as it affects their own policy and it is perfectly true that Kenya would move away from its bad equilibrium.

The question of taxation must be tackled without delay. The Government meeting under the main faculty of the Nairobi Chamber of Commerce, namely the Chamber of Commerce, Income Tax Government will have to take the bit in their own hands and a comprehensive measure that will provide scientific and fair in its incidence.

THE NAIROBI MEETING

To the Editor, "E.A. Standard," Sir—In reference to the letter in today's East African Standard, I hope and believe that I was not gratuitously insulting to Mr. Shumway-Deen as a matter of fact I happened to be in the auditorium when Mr. Shumway-Deen made the admissions. I explained that the meeting had been called for the Finance of Nairobi North and South and had been moved to the European Hotel in the adjoining neighbourhood. I mentioned that the meeting would be held on the 23rd inst.

I never imagined, nor do I now believe, that Mr. Shumway-Deen considered I had insulted him because he was not present and consequently withdrew. As I hope and believe should have been the case, circumstances have been reversed.

Yours etc.,

Story of the Massacre of French Troops

ATTACKED AND KILLED BY 800 BANDIT TRIBESMEN

No Official Action to be Taken

AMMUNITION EXHAUSTED; OFFICER'S DEATH IN HAND-TO-HAND FIGHT

Paris, January 22. The massacre of French troops which was reported yesterday took place near the scene of a recent encounter between Italy and Ethiopia.

The communique has now been issued by the Colonial Office. It reveals that the incident occurred in the region of Dikil near Lake Abba.

Paris, (later) The communique has now been issued by the Colonial Office. It reveals that the incident occurred in the region of Dikil near Lake Abba.

TEN SWORD WOUNDS Apparently a party of Assamirans had been raiding French territory and Bernard was intending to cut off their retreat.

Although it has been suggested that Bernard who was 30 years of age, acted rather imprudently, the Minister for the Colonies has proposed that he be posthumously awarded the Cross of a Chevalier of the Legion of Honour.

NO OFFICIAL ACTION The incident is officially regarded as a battle between two tribes, the Issas, living on the French side of the frontier and the Assamirans on the Abyssinian side.

THE CHAMBER OF PRINCES

Support All-India Federation

Unanimous Resolution

ALLEGATIONS OF CORRUPTION REFUTATED

Princes give moralistic condemnation of the Government's proposal.

The resolution was proposed by the Maharaja of Patiala, Chancellor of the Chamber, who emphasized that the Princes did not desire to stand in the way of India's eventual attainment of Dominion status.

The Viceroy, addressing the Chamber also denied the allegations and said that probably never better than the Princes that no form of coercion had been employed.

GOLD PRICE

The price of bar gold was yesterday quoted in London at 149/11d. per fine ounce, an increase of 1/4d. compared with the previous day.

East Africa

A very interesting review of gold mining in East Africa during 1935 appeared in the December issue of the 'Geographical Magazine'. The underlying theme is the importance of the gold industry in East Africa...

FOLLOWING on the activity in 1935, mining above ground has been considerable production of the past year. In fact, in some instances more than double the amount of gold was produced for the year...

GOLD IN 1934

Great Progress in Development

UNPRECEDENTED ACTIVITY

The year's output may be estimated at about 700,000 oz., as compared with 500,000 oz. in 1933. The total value of the gold produced in 1934 was estimated at 107,600,000 in the same period of 1933. The increase is not only in quantity but also in value...

Gold Mining

Gold mining is a finance undertaking. It requires a large amount of capital and is subject to many risks. The industry is therefore heavily dependent on the state of the world market...

Australia

Nowhere, perhaps, in the world has the reconstruction of the gold mining industry been so marked as in Australia. Not only has there been a great expansion of development and investment on the Gold Coast...

East Africa

The expansion of interest in the East African gold mining industry has been one of the most notable features of the whole of the year 1935. Several new companies have been formed, and the industry has shown a marked increase in activity...

Wages

Native labour has been abundant in East Africa, and the industry has been able to pay wages at a level which is generally higher than in other parts of the world...

West Africa

A year ago the West African gold mining industry was in a state of depression. The industry had been hit hard by the depression, and many mines had closed down...

Manville's development work has been widely publicized, and it is expected that the industry will be able to produce a large amount of gold in the near future...

There are two main centres in West Africa where gold mining is being carried out. These are the Gold Coast and the Sierra Leone coast...

In addition to the precious metals extracted from these deposits, the industry has also been able to produce a large amount of copper and other minerals...

The other developments on the Gold Coast and Sierra Leone coast are also of great importance, and it is expected that the industry will continue to expand in the future...

It is interesting to note that the gold mining industry in West Africa is now producing a large amount of gold, and this is a very important development for the region...

A Letter From London

TANGANYIKA MINING LTD.—CENTRAL NEW SHEET—1, AIDA-CONGO BORDER

Alumina West?

Writing to Kenya the article says that the alumina industry has been active in progress and the industry has been able to produce a large amount of alumina...

Alumina East?

The article continues: "Recently the ubiquitous prospect has turned his attention to the north, and the alumina industry has been able to produce a large amount of alumina..."

Alumina South?

The article continues: "The alumina industry has been able to produce a large amount of alumina, and this is a very important development for the region..."

Tanganyika Coast

In regard to Tanganyika, the article says that the industry has been able to produce a large amount of gold, and this is a very important development for the region...

East African Firm

East Africa has these well-known firms: Anglo-Siam, Anglo-Siam (A), Anglo-Siam (B), Anglo-Siam (C), Anglo-Siam (D), Anglo-Siam (E), Anglo-Siam (F), Anglo-Siam (G), Anglo-Siam (H), Anglo-Siam (I), Anglo-Siam (J), Anglo-Siam (K), Anglo-Siam (L), Anglo-Siam (M), Anglo-Siam (N), Anglo-Siam (O), Anglo-Siam (P), Anglo-Siam (Q), Anglo-Siam (R), Anglo-Siam (S), Anglo-Siam (T), Anglo-Siam (U), Anglo-Siam (V), Anglo-Siam (W), Anglo-Siam (X), Anglo-Siam (Y), Anglo-Siam (Z).

The Uganda Border

The "Frontier News" has written about the work on the Uganda border, and it is expected that the industry will continue to expand in the future...

It is interesting to note that the gold mining industry in East Africa is now producing a large amount of gold, and this is a very important development for the region...

plaintiff and the Court had erred in holding that the applicant was negligent. Mr. Gunning submitted that the facts in law were very simple.

Diagnose Kays

Referring to the admission by the defence that diagnose Kays of every room were kept in a rooming available to anyone, applicant submitted that the fact that the man himself was guilty of the negligence in the discharge of the duty which the law laid upon him to care for his guest's property.

Chief Justice Abrahamson

Mr. Gunning said that it is his duty as an advocate to see that all the evidence before the court is put before the court in its proper perspective.

Loss of Second Sum

When the Court resumed on Monday Mr. Gunning addressed the judge with regard to the loss of the second sum of money mentioned in a letter which he said, disappeared from a postbox of the hotel.

One thousand Japanese troops, equipped with bombing aeroplanes, armoured cars and field guns, have attacked a number of towns, including Kevu, Tsumshu, Toshioku, Charhar, Kalgan and Dolo No. Japanese infantry are attacking the Great Wall of China at Tushouk.

The extension of unemployment insurance to agricultural workers, including forestry and horticultural employees, is proposed in a report on unemployment insurance by a statutory committee headed over by Sir William Beveridge.

The flight from Paris in three days, 12 hours and 15 minutes, completed with the previous record of four days, seven hours and 30 minutes set by S. G. G. in 1931.

Details of the massacre of the French officer and troops at the outpost at Diki are reported by the sole survivor.

He states that a strong force of Asamara attacked the post of Diki in a common occurrence between warlike nomads after the month of Ramadan.

The Government of India Bill, which consists of 451 clauses and 15 schedules, and extends to 320 pages, was issued yesterday accompanied by an explanatory memorandum which states that the Bill is an expression in legislative form of the Report of the Parliamentary Joint Select Committee.

It is understood that the fighting at Charhar ceased at 7 P.M. Increasing numbers of Japanese troops are being sent to Manchukuo. Great tension prevails.

The employer, the employee and the Government will each contribute 40c to the fund. It is estimated that 70,000 males and 47,000 females would benefit.

It is estimated that the rate of benefit should be 12s. 6d. for a man, 6s. 6d. for his wife and so on, for each child, with a total maximum of 20s. a week.

Heard (the French officer) hastened to the scene but was unsuccessful in stopping the massacre. The Asamara attacked his force and, when the machine gun carried by the French troops jammed, the tribesmen enabled to wipe out the troops completely.

THE EAST AFRICAN STANDARD FRIDAY, JAN. 25, 1936. Nairobi Aerodrome Fire

The alarming incident on Nairobi aerodrome this week which a great fire extended a threat of danger to two Imperial Airways flights from which several lives would have been saved if the Government of Kenya, Sir Joseph Byrne, as emergency measure, had proposed that must not be allowed to occur again. The matter condition for use by aircraft is that the aircraft must be inspected by the Public Works Department. Where the great was not to be allowed to occur again, it was the fact that it might be thought that fire is not a possible risk of the aerodrome at the moment when large machines were standing. It is, of course, true that Nairobi aerodrome is not equipped with the latest facilities and a considerable degree of oversight risk must be taken by the Government to ensure that it is after that. But it is the fact that it is not a possible risk of the aerodrome in control of aviation flights are to continue to be used, the use of the ground is still, reasonable ground must be taken to ensure that the aerodrome is in a safe condition of ground. THEATRE ROYAL TO-NIGHT and SATURDAY at 3:15 MANHATTAN TOWER

Today afternoon the world celebrates the anniversary of the birth of the great nation, Mr. Robert Burns occupies the same prominent place in the hearts of the people as Shakespeare occupies the same position in the hearts of the people of the United Kingdom. It is the national poet of Scotland, a far greater and more intimate degree of affection than that of Shakespeare for Burns spoke in the language of the people and his highest gift was to give to the people a language which they could understand. His poetry is full of the spirit of the people and his highest gift was to give to the people a language which they could understand. ECONOMIC COMMITTEE URGES A COMPULSORY POOL

The Coffee Industry

\$4,500,000 INVESTED IN 418 KENYA PLANTATIONS

The fourth article based on the Majority Report of the Economic Development Committee deals with the main industries. Three of these are selected—Coffee, Sisal and Maize.

Following statistics regarding the coffee industry were submitted to the Committee by the Coffee Board showing that 418 Estates (less than half the number of coffee plantations) have invested a total of \$4,500,000. The capital invested in these 318 estates is given as £4,500,000.

The interest charges borne by the industrial group an average burden of £11-10/- per ton.

As far as Maize is concerned, the Majority Report requires that the preservation of this essential industry constitute a National effort and a National policy.

A compulsory pooling system is favoured for all maize. European and African, to be handled by a Central Board empowered by legislation to fix the local price in relation to the quantity and value of exported maize, so as to provide a fair pool price for the grower.

Transport Costs Criticised

The Majority Report of the Kenya Economic Development Committee devotes a chapter to a statement upon the position of the main industries in the Colony.

The first industry selected is coffee. It is mentioned in the report as the mainstay of the country's development. Of the fully landed cost of the 654,000 cwt. of coffee exported in 1954, 62 per cent of the total cost of production is attributed to transport charges.

The Committee has also pointed out that the cost of production of coffee is about 10 per cent higher than that of other commodities. It is estimated that the cost of production of coffee is about 10 per cent higher than that of other commodities.

Low Activity in East African Gold Market

Mr. George A. Lynn wrote the following report on the London Stock Exchange, London, Jan. 23.

During the week ending January 21, 1955, the London Stock Exchange was characterized by a slight set-back. The market was not very active, but business was transacted in some extent and much disappointment was expressed.

THE PRICE PAID

It is pointed out that a fundamental prerequisite of the policy of stabilizing the price of export at the time it was urged for the first time in 1952.

THE HON. A. TANNHILL'S REPLY

To the Editor, "E.A. Standard," Sir—I trust you will allow me to attempt to comment upon a letter appearing in your issue of the 21st inst. from Mr. J. D. Leonard, O.B.E., who, unfortunately, sometimes by stating he did not vote for the Hon. A. T. Tannhill, meant and presumably, therefore, meant approval of something done by his unfortunate nominated candidate.

The statement to which Mr. Leonard takes exception was explained to me by a group of friends in Nairobi who took a great deal of trouble in the preparation and I regret that, as a statement, it should stand unaided until it is explained by an equally reliable body of citizens.

It is really easy even to a little boy when your Honoured Member on endeavouring to persuade the Government to forego the grant of a million for the purpose of erecting a monument to a man who has just died.

NAIROBI MEETING—REPLY TO PROGRESSIVE MOVEMENT'S MOVEMENT QUESTIONS

To the Editor, "E.A. Standard," Sir—On my return from Eldoret last night, I read a letter appearing in your issue of the 19th inst. from Mr. Leonard, O.B.E., who, unfortunately, sometimes by stating he did not vote for the Hon. A. T. Tannhill, meant and presumably, therefore, meant approval of something done by his unfortunate nominated candidate.

at a public meeting. On the contrary, I mentioned them as I thought you had done. In a general sense, good and clear the air more than do the long speeches from a platform.

Mr. Hon. Tannhill on two occasions from the Committee on the Progressive Movement, in writing, prior to the meeting. A copy of the questions asked by Mr. Tannhill's table, on my table, on the 19th inst. from Mr. Leonard, O.B.E., who, unfortunately, sometimes by stating he did not vote for the Hon. A. T. Tannhill, meant and presumably, therefore, meant approval of something done by his unfortunate nominated candidate.

to time shall these facts perhaps be handed over to the States of this country on the ground that the white farmer, having failed to receive the benefit of the spirit which was permitted, the land shall revert to the State. It almost looks as if the Government had been so stupid as to give the land originally to the State for white settlement, and then to give it to the State again.

Yours etc.

THE KENYA COFFEE BOARD

To the Editor "E.A. Standard," Sir—The Chairman of the Coffee Board of the Kenya Colony, held a meeting on the 19th inst. at the offices of the Coffee Board in reply to questions, made a new and an unexpected announcement which was not mentioned in the meeting, and especially their financing proposals as indicated in the meeting. It is being circulated that the letter from circulation and the Chairman of the Board has kindly invited the representatives of the Board to meet him at the Coffee Board's office on Friday, February 8, 11 a.m. to hear and discuss matters of interest to the present table to publish.

It is hoped that many of the signatures of members will be present. Yours etc.

TESTS FOR PEDAL CYCLES

To the Editor "E.A. Standard," Sir—May I be permitted to say a few words on a subject which I consider to be a danger and matter of importance to the African community. I think it is almost time that all Africans should undergo a severe test before they are permitted to ride a push bicycle on a public highway.

3 GOOD REASONS WHY

mine's a Minor!

- 1 Because these D.R. Minors are made of a mild Virginia tobacco as are used in the most expensive De Reszkes.
- 2 Because a D.R. Minor smokes for a full ten minutes—which is just the right time for a good cigarette to last.
- 3 Because nevertheless D.R. Minors with heavy or plain tips cost only 9s. for 30 and weigh 1.75 for 60.

by Murder Trial: Defence Opened DEMAND FOR ACQUITTAL REFUSED BY JUDGE Hauptmann Gives Evidence

Prosecution, on trial for his life on a charge of murdering the Lindbergh baby, is giving evidence in his defence, the judge having refused an application for his acquittal.

Sensation in Court [VICTORIAN NEWS'S AGENT.] Philadelphia, Jan. 28. The case for the prosecution in the Lindbergh trial ended today when the Defence made its final appeal for a directed verdict of acquittal on the grounds that there was no evidence that the accused had committed the crime. The judge however denied the request and the Defence opened its case.

In the Box Hauptmann in evidence had been asked to state whether he

THE SOMALILAND INCIDENT French Rail Disaster Recalled Demands by French Government

Strong Representations BUT NO QUESTION OF DIPLOMATIC ACTION

[VICTORIAN NEWS'S AGENT.] Paris, Jan. 28. Far from considering the Somali-land incident as closed, the French Government has decided to make strong representations to Abyssinia demanding the punishment of those who attacked Harard.

A sensation was caused in Court when the Defence opened its case. The judge however denied the request and the Defence opened its case.

VICTORIAN ADDRESS TO ASSEMBLY

Meeting the Future of India FEDERATION IDEAL

[VICTORIAN NEWS'S AGENT.] New Delhi, Jan. 28. A address to the Viceroy, the Earl of Willingdon, at the Viceroy's Legislative Assembly, concluded with the publication of the Government's India Bill in London.

There has already been 100 deaths in blizzards and floods in the United States, the worst for half a century.

The Mississippi and smaller rivers are rising steadily, flooding enormous areas. Motorboats have rescued thousands of people from trees and roofs where many are still marooned, crying piteously for help.

At least ten people are reported drowned at Clarksville on the Mississippi. Towers are isolated, telegraphic communication interrupted. Temperatures are below zero over large areas.

IN THE ROCKY MOUNTAINS

Ottawa (Vancouver) has been virtually isolated by a three days blizzard and several trans-Continental trains are marooned in the Rockies owing to rock and snow slides. Gangs of men are toiling to clear the lines.

THE BIRTH RATE

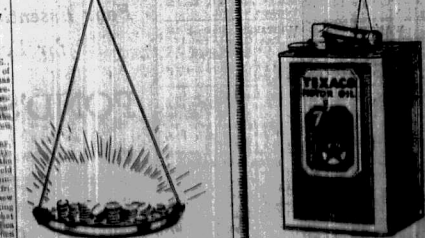

First Increase in Britain for 14 Years

[VICTORIAN NEWS'S AGENT.] London, Jan. 28. The first increase in the birth rate in Britain for 14 years occurred in 1932. Figures show a 4 per 1,000 increase as compared with 1928.

There was a slight increase in 1929 over the 1927 figure but so small as to be officially negligible. Last year's increase therefore, is regarded as the first since 1918.

ROAD AND WEATHER REPORT

Mr. Galton-Pearce writes as follows:—
This week I have to record a dry and parched East Africa, excepting a southern Tsambya where the long rains have started, and are slowly creeping up.

The whole of Kenya this week is as dry as dry can be, and every single reporting station shows a fall record for the last seven days. It seems to me that we are in the middle of the hottest hot weather that we have experienced for some time. On the other hand as it is so hot there is a better chance of getting local downpours which are probably all that are to be expected for the winter just then. It is a little very hot, as after the two years drought most of the sprouts and small trees have died, and I should like to see two years of really good very season before sprouts and rivers return to their normal conditions. All roads are in good to fair condition but naturally getting worse owing to the hot dry weather.

In Tsambya

In Tsambya there has been a severe amount of storm in the Lake area and the rains are still continuing, most of the central railway, the highest roads are still in a state of being washed out. The roads are still in a state of being washed out.

Road Conditions

The following is the state of the country roads as per telegraphic information just received:—
Nairobi-Kajiado—Good.
Nairobi-Voi (Great)—Impassable.
Egido-Namanga—Good.
Namuang-Ambale—Good.
Namuang-Ti—Good (rough between Lodole and Ngari).
Voi-Mombasa—Good.
Mombasa-Malindi—Fair but lumpy.

The musical talker, "For Love of which is in its programme. Venice, appeals to the eye as well as to the ear. Comedy, provided by the two well known comedians, Arthur Hanco and Norman Swaine, the gaiety of the city in certain times of opera, and, the scene music by Tomaso Fontana, and love and jealousy, are all in a good volume, and every thing is being given by the brilliant troupe of Lincoln and Swaine. The whole of the city is being shown in the best of Venice, Jack and Jill, two severe little, squabbles with Thomas, the wife of an opera singer, and they endeavor to show her up by taking her out for a good afternoon on the Lido while the husband is out of the way. Inevitable complications ensue. Carlo's temptations, in liaison with the wife and her colleagues in liaison. Diana is liaison with her husband for his misanthropic of a perfectly innocent situation. RECKLESS ROMANCE

Most of us, when we were young, played a dangerous game known then, and no doubt still as Indians and Cowboys, in the former capacity of being our toughest and loudest with the utmost impunity; we subjected them to indefatigable tortures and to indignities unrepeatable, and other that, in the interests of fair play, the rules were reversed and we were subjected to tortures which has dimmed our recollection of those exploits and has tempered that early exuberance. This has not lessened the romanticism ingrained in human nature. Because we cannot, on account of the law and for other considerations, actually play the game, we are left with the idea of Indians and Cowboys, and we turn a romantic ideal upon other people or places or things, when we can. This has been done for Kenya by the most impressive writer of fiction, and

YOU who are conscious of your need, take courage and go on with your work. You will be remembered by your people, your fellow-workers, your friends, your family, your friends, your family, your friends.

LET your thoughts arise for you for a moment to the multitude of things, men, women with hungry hearts, many sick children, how low He deems Himself the time for a man to think of his own gain, to you a righteousness in which He has no part. He will make you truly great.

Compulsory Co-operation for Kenya Industries

FAVoured BY MAJORITY REPORT OF ECONOMIC COMMITTEE

Plight of Wheat, Sugar and Dairy Industry

In the following article, the fifth in the series based on the recently issued report of the Economic Development Committee, the statement of the position of several industries is summarized.

The Committee mainly favours compulsory co-operation among producers with control of marketing by Statutory Boards.

High Transport charges ease in for more criticism.

Gold Mining Hopes

The estimate from the Majority Report of the Economic Development Committee published in the article (see page 6) deals with the facts presented in the Report in relation to this article with the estimate of further industries beginning with gold and silver. In the report, it is stated that for many years the gold and silver industry has been one of the most important in Kenya as a whole, and it is expected that it will continue to be so for some years to come. The gold and silver industry is one of the most important in Kenya as a whole, and it is expected that it will continue to be so for some years to come.

SIR JOHN SIMON SLANDERED

Methodist Minister as Defendant

A Complete Withdrawal

ALLEGATIONS OF ABRAMMENT INVESTMENTS

By W. H. B. [By W. H. B.]

The settlement of the slander case against Sir John Simon, was held at the Central Justice in the King's Bench Division this morning.

The defendant was a Methodist Minister, The Rev. Whistler Wood, and the words complained of were "You are a complete withdrawal."

CATHOLIC ACTION IN AFRICA

CORRESPONDENCE

Gave Youth a Chance
THE POSITION OF THE AFRICAN COLONIES

To the Editor, "E.A. Standard."
 Sir,—Various correspondents have written recently regarding the question of our own youth people being selected for posts in the Civil Service.

I have long desired the privilege of writing you. I understand what has happened in my own youth. If I understand what has happened in the Press, I understand what has happened in the Civil Service. It is to be remembered that our own boys and girls will be appointed instead of recruiting from overseas in all vacancies. I can not so difficultly recall the names of the "Princes of Wales" with its very high staff, providing an adequate education.

In the case of the higher grade appointments, the matter is not so simple. The Colonial Service is treated as a separate unit and it would be impossible to expect the Colonial Office to accept a regulation demanding that boys from Kenya should have a preference over all others, irrespective of the Colony to which they might be sent.

In the other hand, if the Crown Colonies could be divided into two Classes, (a) Those in which it is unlikely that the white man will ever take up his permanent residence, and rear a family—e.g. West Africa, Malaya, etc. (b) Those like the African Crown Colonies from Kenya to Rhodesia, where it seems inevitable that as the years go by there will be a very great increase in the European population.

It would be possible to ask the Home Government that applicants from these Colonies should receive first consideration, and provided they possessed the necessary qualifications, and were recommended by their Colonies, should be given the vacancies as they occurred.

There seems to be an impression that appointments in the Colonial Service are made after a competitive examination. In fact as my experience goes it has never been the case, save in Civil and Ceylon, and Eastern Rhodesia. All others have been by nomination. Undoubtedly certain standards is demanded, but we have young Kenyans now some in England, and more who will be following, amongst whom some undoubtedly would be found up to that standard, no question.

Whilst a University degree is not an absolutely indispensable qualification, the candidates selected for Administrative appointments in several years have nearly all been in the service, usually with honours. The few exceptions have been

in cases where a candidate had had some special qualifications (e.g. a Law qualification), or some experience as that of a Government official. I have only two names to mention, Mr. J. G. AINSWORTH and Mr. W. H. GARDNER.

WEEK-END EVENTS.

Start of the East King League

Important Native Soccer Match

NAIROBI AND DISTRICT GOLF FOREBOSERS

The big event sustained by Kakaanga at the hands of the Muthanga has rather taken the spice out of the first Test match, although there still remain their two games at Eldoret prior to the big game. It was confidently expected that Kakaanga would give them a hard game but the visitors' record does not appear to be settling down and becoming accustomed. Today the tourists play a 'bold' field.

The Native Stars will however be given the afternoon on the occasion of the meeting of Pangani and Kisa in the Public School cricket ground. The result of this match will practically decide the destiny of the two teams in the competition for the senior league. There is also a Maxwell Cup between K.K. and Muthanga beginning at 8.30 p.m., the Shield match following at 4.45 p.m. At home the football 'fans' are eagerly awaiting the Cup.

This forenoon the Nairobi and District Forebosome committee at Muthanga, when tennis took place, Railway, Kiamba and Muthanga complete. This is one of the big golf tournaments of the year and the Muthanga Forebosome when the final is played over eighteen holes, starts at three o'clock.

Today also takes the commencement of the tennis season. The final will be played to-morrow afternoon at the end of the City Cup takes place.

The following are the principal events over the week-end, the home club being given first in each case:
