SOVIET CHARGES ANSWERED

West denies treaty violations

BRITAIN and France replying to Soviet notes of December 15, have each reiterated allegations of Treaty violations and of attempts to recreate a German army and to restore Germany's war industry.

The British note said it was the Soviet note of December 15 that contained the charges against the Anglo-American Treaty of 1945. The note said that the Soviet note was a gross distortion of the facts and that the Treaty of 1945 was a just and equitable settlement of the German problem.

BARCLAYS BANK CHAIRMAN COMMENTS ON PROFITS TAX AND REVALUATION

Chairman of the directors of Barclays Bank, Sir Robert S. Sutherland, has commented on the proposed profits tax and revaluation of assets in a speech to the shareholders of the bank in London.

Sutherland said that the proposed profits tax would be a serious blow to the bank's earnings. He pointed out that the bank's assets were valued at £100 million in 1939, but that the proposed revaluation would reduce this to £70 million. This, he said, would mean a loss of £30 million to the shareholders.

Sutherland also commented on the proposed profits tax, which would be levied on the bank's profits. He said that this would also be a serious blow to the bank's earnings, and that it would be necessary for the bank to increase its capital to meet the requirements of the proposed tax.

Deadlock: the unhappy story of the dispute over Kashmir

Where India and Pakistan disagree

PAKISTAN'S PRISONER: Mr. Liaquat Ali Khan, who sat present when the Commonwealth conference of Prime Ministers gathered in London last week, the meeting had not succeeded in a finalising of the Kashmir problem. He is, however, now making talks on the subject.

That the Kashmir dispute almost broke the tradition of 100 per cent attendance at the Commonwealth conference of Prime Ministers. Since a few weeks ago, India and Pakistan have been engaged in a bitter dispute over the Kashmir problem. The Indian Government has refused to discuss the Kashmir problem with Pakistan until the latter has agreed to a plan for the integration of the two States. The Indian Government has also refused to discuss the Kashmir problem with Pakistan until the latter has agreed to a plan for the integration of the two States.

MR. BEVIN GIVES PREMIERS A PLAN FOR KOREA

—But the first of six points is disputed

A NEW plan for bringing about an early solution of the problems of Korea and Communist China has been submitted to the Commonwealth Prime Ministers. It has become known in London.

The plan, submitted by Mr. Ernest Bevin, Britain's Foreign Secretary, was six points:

- (1) Recognition of Communist China and representation of the United Nations.
- (2) Non-use of force in Korea.
- (3) Discontinuation of a United Nations Commission on Korea.
- (4) Immediate withdrawal of both United States and United Nations troops from Korea.
- (5) Free and impartial plebiscite in Korea.
- (6) Free and impartial plebiscite in Communist China.

But it is the first proposition—the recognition of Communist China and its admission to the United Nations—that has caused the greatest dispute in the room.

Mr. Bevin's plan is a departure from the traditional policy of the United Kingdom, which has been to support the United Nations Commission on Korea.

Love comes to Sergei and Natasha

By CYRIL RAY

THE LOVE OF SERGI AND NATASHA is a novel by Cyril Ray, published by the Bodley Head. It is a story of love and war, set in the Ukraine. The story is told from the point of view of Sergei, a young man who is in love with Natasha, a girl who is also in love with him. The story is a beautiful and moving one, and it is a must-read for anyone who loves a good love story.

'United Nations will not be driven out'

AS THE battle rages over Paris, many United Nations supply lines and original beachhead, South Korean Army chiefs have ordered a complete blackout and an air-aid warning system in the city. This, they say, was because of the danger of enemy air attacks, though no Communist planes have been sighted in the area.

They also ordered most of the city's population to be evacuated to the suburbs, and to be housed in tents. The evacuation of the city's population is a major step in the United Nations' plan to defend Paris.

AUSTRALIA'S 3rd TEST WIN RETAINED 'ASHES'

Ironson's freak spin skillets England

ENGLAND, in the end, failed miserably at Sydney yesterday and the "Ashes" were retained by Australia, with some straight sets. The wicket was an average of 13 runs and even the fact that the wicket were always included against England—when two or three lower wicket set of action—cannot be held to excuse any first-class batting failure.

Four batting it was. Posing a real test for the machine of England, Australia, and Hampshire. The first two batsmen of England, who were not out, batted for 133. It was not corresponding to what one would expect from the previous day's batting. The first batsman, who was not out, batted for 133. 4th ROUND DRAW OF THE F.A. CUP

'Lucky Arsenal' are at home yet again

IT seems certain that a great victory for 'Lucky Arsenal' will be their first in the F.A. Cup when the results of the draw for the fourth round of the F.A. Cup were drawn. For the 'Gunners' are again drawn at home and against a Division III side—namely, Southend-on-Sea.

The draw for the fourth round of the F.A. Cup was held at the Football Association headquarters at White Hart Lane, London, on Tuesday evening. The draw was made by Mr. J. G. Taylor, secretary of the association.

Only two of a kind

As a result of a communication received from the Football Association, it is stated that only two of a kind were drawn in the fourth round of the F.A. Cup.

Scoreboard

The following is a list of the results of the matches played in the fourth round of the F.A. Cup.

Fewer teams in '53'

It is stated that the number of teams entered in the F.A. Cup for the year 1953 will be fewer than in any previous year.

Resigns—no longer

Mr. J. G. Taylor, secretary of the Football Association, has resigned his position as secretary of the association.

THE CLAYTON v. PHILLIPS CLASH

First British title fight of the year

It is to have a bold title fight at the prospect of the first 1931 title fight. It is between Al Phillips, the "Almighty Tiger" and the British champion, Clayton, of Blackpool. The fight is taking place on Saturday, Dec. 26, at Nottingham in the most interesting manner from the more than 100 meetings that Bill Hoggin has arranged in the north to put Nottingham on the map.

Phillips and Clayton are both in the prime of their careers and they will both have a good chance of winning the title. Phillips is a powerful fighter and Clayton is a fast and accurate fighter. The fight is expected to be a close one and it will be one of the best of the year.

Concerning energy

The energy crisis is a serious one and it is one that will have to be met in the near future. The Government is doing its best to deal with the situation but it is not clear how long it will last.

Conti Cup golf at Kakamega

The Conti Cup golf tournament is being held at Kakamega. It is one of the most important events of the year and it is expected to attract a large number of spectators.

Youth be served?

The youth of the country are being served by the Government. It is doing its best to provide them with the education and training they need to succeed in life.

Cricket at London

The cricket season is in full swing at London. It is one of the most popular sports in the country and it is expected to continue for many years to come.

Signing for today's title fight

NINE NEW CAPS IN THE SCOTS XV

Some historic mile races

There have been several historic mile races in the past. One of the most famous was the one between Tom Simpson and another runner. It was a very close race and it was one of the best of the year.

SPRINGBOKS FOR THE ENGLISH TOUR

Four places to fill among visitors

The inter-provincial Currie Cup cricket competition, rapidly drawing to a close, has provided South Africa with a substantial outline of the Springboks team who will tour England later this year.

It is possible that 11 members from the Currie Cup have been selected for the tour. They will be led by the captain, Danie Craven, and they will play a series of matches in England. The tour is expected to be a very successful one.

The selection of the four places to fill among visitors is a difficult one. It is one that will have to be decided by the selectors. They will be looking for players who are fast and accurate and who are able to perform under pressure.

Likely all-rounders

There are several players who are likely to be all-rounders. They are players who can bat, bowl, and field. They are the ones who are most valuable to a team and they are the ones who are most likely to be selected for the tour.

Surprise of season

One of the surprises of the season has been the performance of a young player. He has been selected for the tour and it is expected that he will be one of the best of the year. He is a fast and accurate bowler and he is also a good batsman.

A steady opener

There is a steady opener in the team. He is a player who can bat at the top of the order and he is also a good bowler. He is one of the most valuable players in the team and he is one of the most likely to be selected for the tour.

Nainvasha provides a new pole cup

Nainvasha has provided a new pole cup for the tour. It is a very beautiful cup and it is expected to be one of the most valuable ones in the world. It is a symbol of the team's success and it is a reminder of the hard work and dedication that has gone into it.

PLANT TEST WILL HELP FARMERS

U.S. scientist's development

An American scientist has developed a simple test for determining whether growing plants are diseased or deficient in nutrients. Using various reactions that appear on a small piece of white paper, the scientist can tell the amount of nitrogen, phosphorus and potassium in a plant leaf as the result of having, by spraying a sample of these three elements on the leaf. The test is easy to use and the farmer can determine the amount of each element in his soil.

In three minutes
These tests can be made on the spot. They are so simple that even a child can make them. The test is made by spraying a small piece of white paper on the leaf. The paper is then held in the hand for three minutes. The test is then made by spraying a small piece of white paper on the leaf. The paper is then held in the hand for three minutes.

Easy to carry
The test is so simple that it can be carried in a pocket. A few drops of a chemical solution are applied to the leaf and the test is made. The test is so simple that it can be carried in a pocket. A few drops of a chemical solution are applied to the leaf and the test is made.

TANGANYIKA TELEPHONE FACILITIES EXPANDING

Postmaster-General outlines his plans

The Postmaster-General, Sir G. ... has outlined his plans for the expansion of telephone facilities in Tanganyika. He stated that the Government is committed to providing a modern and efficient telephone service to the people of the Territory.

Hours of service

The hours of service for the telephone system will be extended to meet the needs of the public. This includes providing 24-hour emergency services and extending the hours of operation for long distance calls.

Priority connections

Priority connections will be given to certain types of calls, such as those from hospitals, government offices, and other essential services. This ensures that these calls are handled quickly and efficiently.

Long distance lines

Long distance lines will be expanded to provide better service to other parts of the Territory. This includes the installation of new lines and the improvement of existing ones.

New exchange

A new exchange will be installed in Dar es Salaam to handle the increasing volume of calls. This will improve the efficiency of the telephone system and reduce the risk of calls being lost.

Sudan engineers to visit India

A team of Sudanese engineers will visit India to study the telephone system there. This visit is part of a series of exchanges between the two countries to improve their respective telephone services.

Tanga's needs

The needs of Tanga will be taken into account in the expansion plans. This includes providing better service to the local population and ensuring that the telephone system is reliable and efficient.

No price tickets

No price tickets will be issued for the telephone service. This is to ensure that the service remains affordable and accessible to all members of the public.

Prison buildings pulled down

Prison buildings in Tanga have been pulled down to make way for new developments. This is part of the city's expansion and modernization efforts.

Looking back at the events of 1950

The year 1950 opened with a ... Looking back at the events of 1950, we can see a year of significant change and progress. The year began with a sense of optimism and hope for the future. The Government had just taken office, and there was a feeling that a new era was dawning. The people were eager to see what the future held for them. The year was marked by a series of events that shaped the course of the Territory's development. From the expansion of the telephone system to the installation of new exchange, from the visit of Sudanese engineers to the pulling down of prison buildings, 1950 was a year of action and achievement. The people of Tanganyika were proud of what they had accomplished and looked forward to the challenges of the future.

Transport crisis

The transport crisis in the Territory has become a major problem. The shortage of vehicles and the poor state of the roads have made it difficult for people to get to work and school. The Government is working to address this crisis by providing more vehicles and improving the roads.

Queen's visit

The Queen's visit to the Territory was a historic event. She was welcomed with great honor and her presence was a source of pride for the people. The visit was a testament to the close relationship between the Territory and the United Kingdom.

REFRESHER COURSES FOR CHIEFS

Union launches a new scheme

The Union has launched a new scheme of refresher courses for chiefs. This scheme is designed to provide chiefs with the latest information and skills they need to lead their communities effectively. The courses will cover a wide range of topics, including agriculture, health, and education.

Films to be used

Films will be used in the refresher courses to illustrate key concepts and provide a visual aid for the participants. This will help to make the learning experience more engaging and effective.

TROUT FOR THE TRANSVAAL

Trout will be introduced to the Transvaal as part of a new scheme to improve the local fishing industry. This will provide a new source of food and income for the people of the region.

BUILT TO LAST!

THE LORD CHANCELLOR VISITS NAIROBI

For the second time within a year, Nairobi, largest city in the British Empire, has been something of the backdrop of pomp and ceremony of British life.

In March, 1950, the Duke and Duchess of Gloucester were here for the Charter celebrations. This week the Lord Chancellor of Britain, Viscount Jowitt, was in the city to attend the inaugu-

WEEK THAT MADE HISTORY

Of all the events connected with the visit to Nairobi of the Lord Chancellor, none was more colorful nor more impressive than that which concerned the honor of his presence in the city—his transportation to the Court of Appeal for Eastern Africa.

Three gentlemen crossed the City Square from the Town Hall to the Law Courts where, in "clanking" iron cages—a tradition—he was taken into the air.

First joined the Mayor with the Mayor's Clerk and the City Councillors, then the City's Aldermen, then the City's Deputies, and finally the Lord Chancellor himself, accompanied by his family and a number of his staff.

Today the distinguished visitors will be back in the city and will attend a banquet and a waltz at the Ritz Hotel.

THE STARS IN JANUARY: Mars

TOWARDS the end of the month of January we shall see, in the Western sky, three heavenly bodies fairly close together which look somewhat different from the ordinary stars surrounding them. These are three of the planets of our solar system in which the earth is a member. The largest of the planets of our solar system is Jupiter. The small, reddish-brown one is Mars. The yellow one is the sun in Venus.

We have had a discussion on the planets and Venus was at the time the largest of the planets of our solar system. The small, reddish-brown one is Mars. The yellow one is the sun in Venus.

LET us then turn to the small red planet Mars. He will be seen in the evening sky in the month of January. He will be seen in the evening sky in the month of January.

MARS has two moons. These were first discovered in 1877 by the American astronomer Percival Lowell. They are named Phobos and Deimos. They are named Phobos and Deimos.

SIR LAURENCE OLIVIER'S FESTIVAL PROBLEM

He is wondering what to produce
 Sir Laurence Olivier is wondering what to produce for the Festival of Britain. He has planned to produce and direct several other Shakespeare plays but the Festival is so far beginning to wobble if he should make a mistake.

King Solomon's Mines

One of the problems facing the producers of the new film 'King Solomon's Mines' is the choice of a suitable location for the film. The producers are looking for a location that is both scenic and suitable for the film's requirements.

THE LEAGUE FRAY RESUMED TODAY

Intriguing tussle likely at Highbury

After a weekend of Cup games, football in England returns to the league tables today. In the north, Manchester City and Leeds are expected to meet at Highbury today. The League Cup final is expected to be held at Wembley on Saturday. Arsenal are expected to meet Tottenham at White Hart Lane on Sunday. Liverpool are expected to meet Manchester United at Anfield on Monday. The league tables are expected to be closely fought, with many teams likely to be in contention for promotion to the first division.

On the downgrade

Charles Athletic used to host its matches at the old stadium. It is now housed at the new stadium. The club has been downgraded from the first division to the second division. This is a significant setback for the club, which has been a mainstay of the league for many years. The club's management is expected to be disappointed by the decision.

Today's fixtures

THE ENGLISH LEAGUE
Aston Villa v. Ipswich Town
Barnsley v. Southend
Birmingham City v. Norwich City
Bolton Wanderers v. Huddersfield Town
Bristol City v. Exeter City
Bristol Rovers v. Plymouth Argyle
Burton Albion v. Scunthorpe Town
Cardiff City v. Gillingham
Charlton Athletic v. Luton Town
Chesham Union v. Slough

Likely draws

Leeds Athletic is expected to draw with Ipswich Town. Birmingham City is expected to draw with Norwich City. Bolton Wanderers is expected to draw with Huddersfield Town. Bristol City is expected to draw with Exeter City. Bristol Rovers is expected to draw with Plymouth Argyle. Burton Albion is expected to draw with Scunthorpe Town. Cardiff City is expected to draw with Gillingham. Charlton Athletic is expected to draw with Luton Town. Chesham Union is expected to draw with Slough.
