Use of terrorists for screening against policy

PLEDGE ON PROSECUTIONS

TERROLISTS had been screening, but this was Government's intention and future, the Minister for Legal Affairs said today. He said Kenya Legislative Council official policy on captured and surrendered terrorists.

In such cases, he said, there will be no prosecution, but necessity for withholding proceeds of the crime, if it should be necessary to withhold proceeds in any such cases where there is any evidence that the man in question has committed a crime.

Three-point view
A terrorist who surrendered soon after capture and who was not a member of a political party would be prosecuted immediately. If he was a member of a political party, the Minister said, the Government would have to take a three-point view: (1) whether the man was a member of a political party; (2) whether he was a member of a political party; (3) whether he was a member of a political party.

Allegations untrue
For surrendered men, the same three steps would be taken as with captured men. They would be prosecuted and punished for crimes for which they

had committed. He said that the Government would not prosecute a man who had committed a crime, but who had surrendered before the Government. He said that the Government would not prosecute a man who had committed a crime, but who had surrendered before the Government.

Awari (Africa Representative), who had asked if he was aware that chiefs were discontented with the 25 a month car allowance, that the Government would consider paying the chiefs the same basic car allowance as that which they could claim. Mr. W. W. Awari said that the consolidated allowance covered running costs within the chief's own jurisdiction. Any official running costs outside the chief's jurisdiction would be paid for on a mileage basis. Provincial Commissioners were asked if this was the most satisfactory system, and he would not wish to make any change.

E. Africa tea prices 'world's lowest'

GROWERS MAKE COMPARISON

TEA prices in East Africa were believed to be the world's lowest, Mr. R. B. Mager, the chairman, said at the annual meeting in Dar es Salaam of the Tanganyika Tea Growers' Association. For years producers had had to sell locally for less than they could have received in the free markets of the world. At times the price received was below production costs.

During this year, however, the price of tea sold by the Associated Tea Growers of East Africa fell, through what the Tanganyika producers must have produced, were raised to a considerable level above prices.

His idea (price was maintained for only a short time and the price was reduced, in conformity with the world market, by 1/5 lb. Young industry Mr. Mager said the tea industry has not been a cooperative industry, but a family industry. The industry had been established in the country and he hoped they would now be establishing them into the association.

In 1942, 1,000,000 lb. of tea was harvested; this year's production should be more than double. The increase was due to the fact that the industry is now being established on a permanent basis.

Apart from stable prices, the industry has been a family industry, which was at times hindered by the fact that it was not all in the hands of the same people.

Care of forests The tea had to have high rainfall, which was not the case in the forest areas. The tea industry was established in the forest areas, which was not the case in the forest areas.

The Government was well aware of the difficulties and was carrying out a survey which should produce more interesting and constructive conclusions. The tea industry was established in the forest areas, which was not the case in the forest areas.

POMPEY'S CLASS SHOULD BE A DECIDING FACTOR

Bristol City may emulate Charlton's mid-30's feat

YOU can't keep a good side down for long, writes Eric H. Nichols. Three weeks ago it looked as though Portsmouth, Continental-style game had come untraced in the tough, busy-body of League competition. The machine which had ridden defence up and down the country, possession, to be running down. In this case, the opposition was disappointing.

They say Pompey are at the winning end, although they will have their position at the end of the season, possibly by good, but disappointing, results which could fit in with the League's fair play policy. It is a question of whether the team will be able to maintain its position in the first Premier will find it difficult to get through. Portsmouth should be two points clear by this evening.

Leaders may draw

Middlesbrough and the League leaders may be set to a draw at Bolton while Bolton could meet Burnley, at Huddersfield Park, after losing to Reading.

RACE CONFLICT WARNING

India calls on U.N. to curb South Africa's policy

New Delhi, Nov. 13 (AP)—India has warned the United Nations in a memorandum that "the coloured people are determined not to be enslaved and the world will face a terrible racial conflict if the U.N. cannot curb apartheid and other racial policies of the South African Government."

The memorandum was sent by the Indian Ministry of External Affairs to the U.N. Commission on the Racial Situation in South Africa.

The memorandum said the U.N. Commission on the Racial Situation in South Africa (reappointed the United Government) revealed its delegation and a permanent representative to the U.N. Government as well as the fact that when the people of the world are asked to support the Government of South Africa, they are asked to support a Government that is based on racial discrimination and segregation. It said that the Government of South Africa is based on racial discrimination and segregation and that it is a threat to the peace and stability of the world.

CHURCH WALLS DEFY TWO DAYS OF BLASTING

DESPITE two days of blasting with gasoline and gunpowder, a large part of the old St. Stephen's Church, a major Parliament building, was still standing today. SOVIET PROPOSAL FOR PACT REJECTED

WEST IN DISAGREEMENT ON HOLDING NEW TALKS

FOR the same reason, the West refused to accept the Soviet plan for a 50 per cent reduction in the forces of the "Big Four" Powers in Germany and the demobilisation of an equivalent number. Income Tax.
To the Editor: "East African Standard." In your issue of 11/12/56 you print the following article: "Income Tax." It is very interesting and I am sure you are very helpful to those who are not familiar enough with the Government servants.

The fact that the allowance over is every year is not the only reason. It is only £200. Quite often I am sure there are other reasons of private enterprise income which are not covered by the allowance but which are not covered by the average family man, wife and two children a quarter of the way down the road. It is a very important matter to have a clear idea of what you are doing in the financial class, involve in years end some of the most of it. It is only for professional reasons, to travel through.

Income Tax.
To the Editor: "East African Standard." In your issue of 11/12/56 you print the following article: "Income Tax." It is very interesting and I am sure you are very helpful to those who are not familiar enough with the Government servants.

The fact that the allowance over is every year is not the only reason. It is only £200. Quite often I am sure there are other reasons of private enterprise income which are not covered by the allowance but which are not covered by the average family man, wife and two children a quarter of the way down the road. It is a very important matter to have a clear idea of what you are doing in the financial class, involve in years end some of the most of it. It is only for professional reasons, to travel through.

NO REAL PANACEA FOR SOLVING AFRICA'S PROBLEMS

Mr. Jooste defends apartheid

SOUTH AFRICA'S High Commissioner in London, Mr. G. P. Jooste, stated at a United Nations Club meeting in Oxford that there was no real panacea for Africa—nor can there ever be a single uniform African policy for the solution of all Africa's problems. Speaking on the manner in which he was seeking to solve this particular problem, Mr. Jooste said that it was a difficult subject because a considerable amount of prejudice had been created even in countries with whom there were the friendliest ties. Furthermore, the atmosphere which surrounded race relations was charged with emotion and passion, and even the narrowest field of operations that an operative had become must distinguish between those which are not only possible but also desirable.

Going astray

The conditions in the African territories are not uniform, and the nature of our problems which are not uniform, will vary from place to place. It is not possible to apply a single policy to all Africa, and it is not possible to apply a single policy to all Africa, and it is not possible to apply a single policy to all Africa.

DEPORTED MAN RETURNED: SENT TO PRISON

The Moko, a Kikuyu who was deported to Kenya in September, has been sentenced by the Resident Magistrate, Jinja, to 30 months' hard labour for entering the Protectorate.

It was stated by the Resident Magistrate that the Kikuyu had been deported for entering the Protectorate, and that he had been sentenced to 30 months' hard labour for entering the Protectorate.

Mr. Jooste said that the situation in Africa is not uniform, and that the nature of our problems which are not uniform, will vary from place to place. It is not possible to apply a single policy to all Africa, and it is not possible to apply a single policy to all Africa.

Labour Party leadership issue slows reorganisation

ANXIETY over the future of the Labour Party leadership is slowing the task of rebuilding the party's strength after the General Election defeat. Many Labour members who were not satisfied with the party's performance in the 1951 election are now being asked to support the party's new leadership.

Chances strengthened

Two months ago it was generally accepted that the Labour Party would be re-elected in the 1952 election. However, the party's performance in the 1951 election was disappointing, and the party's new leadership is now being asked to support the party's new leadership.

WOMAN OWNER'S UNIQUE TREBLE

Top honours to Lady Werriher

THE 1955 English flat racing season ended on Saturday with the Manchester November Handicap—the 'bookies' betting being the last important event on the calendar. Lady Zia Werriher, a daughter of the Grand Duke Michael of Russia, headed the list of winning owners and breeders and she took top honours in cash with a record sum for a woman owner in England of £26,345 in stable money.

In addition, Lady Zia became the first woman to win the King's Turf Club season with 11 winners, 10 of which were trained by her own stable. She was also the only woman to win the Duke of Devonshire, the Oaks and the St. James's Palace Stakes.

All these she won with her filly, *Arcton*, trained by the late Sir John Pender (Dixie) and the 1955 Jockey Club season with 11 winners, 10 of which were trained by her own stable. She was also the only woman to win the Duke of Devonshire, the Oaks and the St. James's Palace Stakes.

DISAPPOINTED TRIUMPH Tender-hearted schoolboy jockey Robin Lindsay gives the thumbs-up sign after winning his first race of the season last Friday at Anco Days (A. I.). Robin, afterwards to R. B. Hall, Bicester, rode 'S' of 7 1/2 lb. He was accompanied by his mother, Mrs. Lindsay, who was also present. He was accompanied by his mother, Mrs. Lindsay, who was also present.

U.N. CONFERENCE ON ISRAEL OPPOSED

Sir Anthony urges compromise first

REJECTION OF BRITISH MEDIATION OFFER

SIR ANTHONY EDEN has rejected a suggestion that, in view of the present tension between Israel and Egypt, he should propose that a conference on the situation be held under the auspices of the United Nations.

The Prime Minister, who was replying to Mr. Arthur Henderson (Labour), in the House of Commons, said that the parties concerned had shown a willingness to compromise a conference could be held after Britain and the United States had reached an agreement.

He said that the long-standing dispute, lay at the heart of all working in the Middle East. Conceding that Sir Anthony's statement, came at a time when the British Government was hardy any reservations, Mr. Eden rejected the suggestion that a conference should be held at the Premier, Mr. Ben-Gurion's invitation to conduct negotiations with Parliament that intended to conduct negotiations on the basis of proposals which were put forward by the country. The proposals had no legal basis, he added.

In his statement to the Commons, Sir Anthony said that the gap between the two parties was certainly wide and that the two parties were not willing to compromise. He said that the two parties were not willing to compromise. He said that the two parties were not willing to compromise.
