SATISFIED CUSTOMER AM TOURIST TRADE IN EAST AFRICA

THE tourist thinks that a tour of Europe on its feet in three days, big game hunting in East Africa and sight-seeing in one week, and the rest of Africa in another week.

There has been endless discussions, especially regarding big game hunting time, and the more often the safari firms can include the minimum time in their already good packages, the more they would like to avoid having to meet the requirements of people desiring short hunting trips.

There are many large hunting clubs in America and there is one very good one in Germany.

Greater variety of big game is available in East Africa than in Europe and America, and the latter is the highlight of the winter season in Africa.

The fight was held at the MGM Grand Hotel in Las Vegas, Nevada, and attracted a large crowd of spectators.

Coehin, who has held the title since 1953, was out of his usual form and was unable to put any real pressure on Terrell.

Terrell, who has never been a contender for the title, was a professional fighter for over 10 years and has won several other titles.

The fight was a disappointment for Coehin's supporters, who had hoped for a more competitive performance from their champion.

Terrell's victory was a surprise to many, as he was considered a long shot to win the world title.

Report confirms rail planning

'OBJECTIVE OPINION'

RAILWAY officials in Nairobi yesterday expressed satisfaction that the report of the Economic Intelligence Unit (summarized on Page 2) broadly confirmed the broad outlines of the Government's railway planning.

AGRICULTURE THE MAINSTAY OF EAST AFRICA

ECONOMY FOR NEXT 15 YEARS

Report on trends in trade

DURING the next 15 to 20 years the economy of East Africa will continue to be based on agricultural production. There is little prospect of any really rapid industrial development, because the market could not support such basic industries as engineering, electrical engineering, heavy machinery or heavy chemicals of vehicles.

The report, which was commissioned by the East African Railway, Harbours and Shipping Corporation, is the first of a series of reports on the trends in trade and industry that the region will face in the next 15 to 20 years. It is based on a study of the trends in trade and industry in the region from 1945 to 1952, and on the trends in trade and industry in the region from 1945 to 1952, and on the trends in trade and industry in the region from 1945 to 1952.

'Trial of strength' by Berlin Communists

GANG HELPED BY 'LOYALIST' AFTER BATTLE Ultimatum given to tribemen

AFTER helping a security forces patrol to kill Mau Mau gang leader and wound two other terrorists, an African self-styled loyalist later followed the remnants of the gang and gave them his remaining two rounds of ammunition.

Another so-called loyalist administered cash in two instalments and then gave the tribemen what led to their arrest. These tribemen were armed at a kraal near Ngili at which they were ambushed by a security force patrol on Monday night. The tribemen were being positions of their kraal. CHARLES AND ANNE MEET SANTA CLAUS IN TOYLAND

PRINCE CHARLES and Princess Anne met Father Christmas at a London department store this week-end and spent an hour in Toyland.

Prince Charles, complete with long white beard and red cloak was at the doorway when they arrived and shook hands with the children as though he was a friend. He was in serious shopping mood, determined to buy everything, but his brother, Prince Andrew, was not so keen.

He considered model railways and model yachts. They inspected a counter of clock toys and were studied the price tag. Having decided what they wanted he fumbled in his purse and handed over the £1 for a clockwork peepkin.

They were then led for a long time before an orchestra of mechanical instruments. After tapping his foot to their music, Prince Charles went off alone on another buying expedition. This time he carried a miniature building set into the shop which he carried. (Heater)

Swiss climbers to make attempt on Everest

Eleven Swiss mountaineers will try to climb Mount Everest next summer in the footsteps of the successful British expedition of 1953. If the attempt fails they will try to climb the neighbouring Lhotse Peak (27,900 feet) — the world's highest unclimbed mountain.

The Swiss team, led by Albert Elmiger of Berne, includes veteran climbers who were in the unsuccessful Swiss expedition of 1952.

The expedition expects to be established in the base camp at about 12,000 feet by April 7 and to attempt the summit at the end of May or early in June.

UTILITY TYPE 'SCHOOL OR NONE' AT ALL

Director defers Kenya policy

The Director of Education, Mr. W. J. D. Waller, deferred the new utility type of school accommodation which he hopes that the British Government will be happy to fund at the European Day Primary School in Kenya. He said that the alternative to such accommodation was a reduction in the number of schools. This would mean that the number of schools would be reduced to 100, which would mean that the number of schools would be reduced to 100.

Mr. Waller said that the Government was very anxious about the new standards of accommodation which have been introduced in the past year. He made a speech rather unpopular in Nairobi when he explained that the standards to build schools which did not really come up to the standards which he had in the past and which, indeed, did not meet the requirements we are now used to. ONEROUS TOUR BY 39 BRIGADE

Changes since 1953 reviewed

THE 39 independent Infantry Brigade arrived in Kenya in April, 1953, when the main aggression was its peace; raids on police posts and the widespread forcible repression of natives. Today the emergency situation is greatly changed. The part played by the 39 Brigade has been an onerous one. It has been called to Kenya the best equipped of the units serving in the Middle East since the war on the ground. It is the only formation of its size in the British Commonwealth, and it is the only one of its kind in the world.

After a short stay at Yuba Camp in the Galilee, the Brigade was sent to the West Bank of the Jordan, where it was to be used as a mobile force. It was to be used as a mobile force in the West Bank of the Jordan, where it was to be used as a mobile force.

Ethiopian fair showed opportunities in a medieval land

19 COUNTRIES TOOK PART IN A MONTH OF GAIETY AND COLOUR

FOR a month there has been the International Fair at Addis Ababa. It has had the longest run of any in the Jubilee programme. The purpose of the fair was to attract the interest of the Government and peoples in the outside world to Ethiopia as a country where there was business to be had in the process of the modernisation of the life of this still largely medieval country.

The response surprised the organisers for 19 countries took part. The fairground, near the city airport, was big and cheerful, far beyond the requirements of the citizens of Addis Ababa and the country side for miles around. True the fair was not very modern.

Empress Haile Selassie declared it open on G.Y. Fatma Day, at the close of her busy week of Jubilee ceremonies and social gaiety.

But she thoughtfully deferred his official round of visits for a few days and by the time he carried out the programme the best of the Jubilee was over.

The fair was a bar of light to Ethiopian eyes, a bar of light to the eyes of the many foreign tourists and representatives of the United Nations. The fair was a bar of light to the eyes of the people of the United States and many other countries.

SOVIET INTEREST DANGER TO AFRICA Union Government's 'serious view'

Premier stresses need for joint defence

SOUTH AFRICA'S Prime Minister, Mr. Johannes Strijdom, said in an interview at Pretoria of the interest recently displayed by Russia in the African Continent.

Soviet aims in Egypt and the Middle East through adjoining territories he said. In the past they have taken active steps in the south of Africa, with an intriguing policy of defence and other common interests," the Prime Minister said. "It was referring to Soviet initiative in the region of Africa, to the South African Government. Mr. Strijdom said it was an African initiative in the West and Communist countries. "That those who are seeking to exploit the situation of Africa to get from west to east."

Nairobi rise in rates approved

'DISGRACE' REMARK AT COUNCIL ABSENTEES

A 10 per cent increase from two to 21 per cent in Nairobi's rates for 1956 was approved at a special meeting of Nairobi City Council yesterday. Only about half the members of the Council were present and during the debate on the rates Council Member E. McCully Hunter criticised his fellow European members for failing to attend the meeting.

The Council approved the Finance Committee's recommendation for a general expenditure next year of £1,877,524 and a general income of £1,818,418. This will leave a deficit of £589,106, of which £291,000 will be met by the Government.

The actual deficit, therefore, will be £278,004. Dr. Fisher on H-bomb as deterrent

MEASURE TO RESIST COMMUNISM

"This Archbishop of Canterbury, Geoffrey Fisher, said in London that he believed every devout Christian to Communism—every H-bomb as long as it does not kill him."

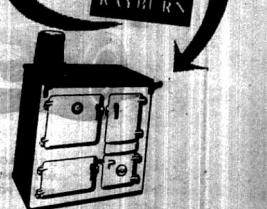

Seeking on the Church's answer to Communism, the Archbishop said: "When it is used it does not become a weapon as a weapon which does not kill but it kills the soul."

There is not so much the question of each Party in cutting the organisation if the National Executive Committee is to be kept in existence and to be allowed to function as a political party.

NGONG ROAD WORK TO BE DEFERRED
 'Tender accepted' protest

DESPITE an objection by Ald. C. Udali, a Works Committee recommendation that the proposed reconstruction of Ngong Road was rejected by the Nairobi City Council at its monthly meeting on Tuesday. A proposal by Ald. Udali that the reconstruction be referred back to the Works Committee was defeated by a large majority.
 Ald. Udali pointed out that the Tender Board had accepted a tender for the work on Ngong Road. The Works Committee was therefore asked to accept the tender unless it was a major technical snag which could interfere with the contractor's decision.
 The Tender Board's decision was understood that acceptance of the tender would be conditional. The Town Clerk, Mr. J. Bismorung, stated that the recommendation concerning the tender was subject to approval by the Finance Committee. Mr. G. Greve said that the Tender Board had accepted a tender for the work on Ngong Road. The Works Committee was therefore asked to accept the tender unless it was a major technical snag which could interfere with the contractor's decision.

T.A.N.U. protest on misuse of name

'PROPAGANDA' MAN IN BEIRUT

By the Staff

A STRONG protest has been sent by Mr. Julius Nyerere, President of the Tanganyika African National Union, to B. E. Mumbo, Secretary of the Kenya Government, describing himself, completely without authority, as Tanganyika's overseas propaganda secretary. Mr. Nyerere said that he did not know who Mr. Mumbo was, but he suspected that it was the same man who, without any warrant from T.A.N.U., had arranged the U.N. Trusteeship Commission earlier this year that T.A.N.U. wished to raise the Kenya situation in the United Nations.

Mr. Nyerere said that the man had first written to T.A.N.U. headquarters in Dar es Salaam several months ago asking to be admitted to the U.N. Trusteeship Commission in London. Another letter had been received recently, complaining that no reply had been received to the first letter.

The first letter did not have the union's name and Dr. Nyerere said that he had written letters at the top of it, so as to be recognized.

Printed letterhead

This was printed at the top of the page "The Tanganyika African National Union, P.O. Box 331, Dar es Salaam (Tanganyika Territory), East Africa." Mr. Nyerere said that he had written to the man, informing him that he was not a member of T.A.N.U. and that he had no authority to represent the organization. He said that there was nobody outside the Territory doing the kind of work he was doing.

Need for unity

The president of the East African Union, Mr. Charles Obote, has urged the need for unity among the peoples of the East African States. He said that the peoples of the East African States should be united in a common front against the common enemies of the peoples of the East African States. JACK GARDNER WINS BUT IS BOOED FROM THE RING

HAWTHORNE TO DRIVE BRITISH JAGUAR CARS

MIKE HAWTHORNE, one of Britain's leading racing drivers, has signed to drive British Jaguar cars in next year's competition. It was announced in London on Tuesday.

Jaguar cars will be represented by an official team in selected sports car races next year, the company announced.

Hawthorne, who has been driving the Jaguar for the company since 1957, has been driving a Jaguar for the last two seasons, and the move to Jaguar is a significant step in the development of the company's sports car production.

This stimulates the need for building special 1960 Jaguar cars which were becoming necessary in order to compete with the highly specialised Continental machines of increasing type, leaving no relation to production cars. (Continued)
