Children's problems lost in African aspirations

MINISTER WARNS ON WELFARE

ALL African energy was being channelled into the result that there was none left to solve the problems of children, Mr. W. B. Havelock said. Speaking at the society's annual meeting, the strong sweep of emotion that there was in one direction - towards Africa - back from the African objective which they had to achieve before the African leaders could bring their eyes to their own children, which may be the only task for any nation was to work out the welfare of its children.

TERRITORY DRIVING FORCE

The non-African races were responsible for almost all the effort put into child welfare, Havelock said. But leaders would come to acknowledge the essential work of the driving force in the future as the centre or as a vital part of the welfare of the African people.

Powers of new E.A. Assembly detailed

SUBJECTS on which the new East African Central Legislative Assembly will have powers are listed in a White Paper, London on the future of the High Commission

WHITE PAPER PUBLISHED

When any measure has been passed by the Assembly of Kenya and Uganda, the British Government and the Irish Government will be advised until that consultation had taken place, and if after six months no agreement to the measure has been reached, the Government in question will take such steps as may appear to them to be necessary to give effect to the measure.

The defence and internal security of Kenya and Uganda, the White Paper states, are matters for the respective parliaments to decide, but to be outside the competence of the East African Central Legislative Assembly, and similar considerations will apply to Kenya's relations to her neighbours.

It is pointed out that the Government will be required to refer to the Assembly any measure which affects the qualification of the members of the House of Representatives of Kenya or of the House of Assembly of Uganda (as long as either retains its legislative powers).

Council in £4,000 debt carried on spending

Standard Staff Reporter.
KUMWIRA African Council, Pwiniwa, has been alerted reworked by the District Commissioner, Mr. J. M. Juma, for "reckless expenditure."

The council has a bank overdraft of £4,000 in its name and is now being asked to pay the overdraft. Mr. Juma said it appeared that the council had been "reckless" in its expenditure and that it had not been able to pay its bills. He said that the council had been "reckless" in its expenditure and that it had not been able to pay its bills.

Lack of care
It was hoped that the council would be reconstituted, but it did not know if the Government would agree to this change when the council had been "reckless" in its expenditure and that it had not been able to pay its bills.

State of poverty
This state of poverty has been caused by the council's "reckless" expenditure and its failure to pay its bills. The council has been "reckless" in its expenditure and that it had not been able to pay its bills.

Building ban
Perhaps you will think it better to live in a smart, expensive building with all the amenities than in a shanty town.

With the agreement of the provincial commissioner, I now have the pleasure to inform you that the further building of the council's financial affairs has been put in hand. The council has been "reckless" in its expenditure and that it had not been able to pay its bills.

The people had to realize that the council had been "reckless" in its expenditure and that it had not been able to pay its bills. The council has been "reckless" in its expenditure and that it had not been able to pay its bills.

WHAT WAS AGREED?

A WHITE Paper was issued yesterday, setting out very clearly the decision taken at the London conference on the future of the East African Community, confirming what was already known and filling in the details.

It is clear that a job worth while if Mr. Mbariki could not give another document setting down, equally clearly, just what was decided in the London conference. This was done with Kenya and Ghana delegates regarding the constitutional aspects of Kenya, receiving the approval of the Government particularly regarding the transfer of power, and after filling in the details. This was done with Kenya and Ghana delegates regarding the transfer of power, and after filling in the details.

The Opposition, says Kanyo, claims that a conference after the Governor's talks merely was agreed and after discussions with Mr. Mbariki, the position was agreed. The Opposition, says Kanyo, claims that a conference after the Governor's talks merely was agreed and after discussions with Mr. Mbariki, the position was agreed.

Caretaker Government before elections

However, careful reading of the text will show that Mr. Mbariki and his staff were not created by the Government at first sight. He did not say there will never be a constitutional conference or that the Government will not be a caretaker government, whatever opinion some of Kanyo's supporters in the House might have. He did not say that the Government will not be a caretaker government, whatever opinion some of Kanyo's supporters in the House might have.

Mr. Mbariki's position will be to act as a caretaker government until the next general election. He will not be a caretaker government until the next general election. He will not be a caretaker government until the next general election.

As long as Mr. Mbariki remains in office, there will be a coalition between Kenya and Ghana, with similar arrangements for Uganda. As long as Mr. Mbariki remains in office, there will be a coalition between Kenya and Ghana, with similar arrangements for Uganda.

FEDERATION OF A WORLD UNDER THE CLOCK CHALLENGE

By Michael Davison

FEDERATION is in the air. All over the world, groups of formerly independent countries are pushing the idea of a world federation to be gained by withdrawing some of their sovereignty to a regional organization.

In West Africa, Nigeria has successfully raised the federal flag. In the Caribbean, the Federation of the West Indies has made a start. In the Middle East, a permanent of the Arab League is being set up. In East Africa, Kenya is in the process of setting up a federal structure. In Africa, the idea of a federal structure is being discussed. In the Middle East, a permanent of the Arab League is being set up.

Bedford leads Middlesex to thrilling victory EXCITING FINISHES IN COUNTY MATCHES

Yorkshire still challenging to regain top place

APPROPRIATELY leading the way on a day of exciting finishes in English county cricket championships yesterday was Yorkshire against the table team, Middlesex. And appropriately leading the way for Middlesex in their thrilling one-day victory over Gloucestershire was their captain, Ian Bedford.

Bedford hit 70 not out, including seven sixes and five fours, in 46 minutes. He obtained 45 of those runs in a last-wicket stand with the amateur wicketkeeper, Mike Short. When the last pair came together Middlesex, who had been set for 241 runs in 150 minutes for victory, still needed 95 to win.

DOWN CAME THE RAIN

Gloucestershire would have won by 42 runs if Arthur Milton had accepted a chance offered by Bedford with the total at 198.

FEW CHANGES IN 1962 EAST AFRICA SAFARI

More comprehensive scrutiny of major components likely

THE East African Safari will definitely be held next year. The route, covering 3,500 miles, will probably be the same as last year, and the drivers may do the northern leg in Uganda first, writes the Sports Editor.

This was decided last night by the executive committee of the Youth East African Safari, meeting in the offices of the chairman, Mr. Eric Colquhoun, who is the chairman of the First East African Safari, said that next year it was intended to make very few changes, if any at all, possible.

Downes world middleweight champion

TERRY DOWNES, London, took the world middleweight title from the British, European and World Champion, Freddie Fox, of Boston, Massachusetts, with the fifth-round, Paul Foster, of Boston, Massachusetts, retired at the end of the sixth round on July 20.

It was one of the most exciting fights ever seen in the world, and Downes' victory was a real surprise, as he had never before defeated a world champion. Downes' victory was a real surprise, as he had never before defeated a world champion.

The American champion did not win more than one or two first rounds, scoring by the fifth round, when he knocked out Fox. The fight began with Fox in the lead, but Downes' power punches soon began to tell, and by the eighth, Foster looked at last to be in a position to retain his title, but an unfortunate error by the referee allowed Fox to win the British title.

It is now necessary to arrange a fight to settle the British title, and it is expected that this will be held in the very near future. Randolph Turpin, who has been the champion since the death of the late American, will be the challenger. The American on that occasion was regarded as one of the best fighters to retain his crown as a champion.

It is also expected that the British title will have different owners in the near future, as it is expected that the British title will have different owners in the near future, as it is expected that the British title will have different owners in the near future.

QUINS STROLL HOME AGAINST CAMBRIANS XV

KENYA Harlequins strolled home 22 points to three A against Prince of Wales School last night. The half-time score of 6-3 gave Quins supporters in the meagre crowd at Ngong Road some palpitations. Schools were unlikely when their star, Schwendy, kicked his side early and although he had a stout game he lacked his usual fire.

INDIA'S WARNING ON COMMON MARKET

India has said Britain and her export trade would suffer "serious damage" if Britain joined the European Common Market without adequate safeguards, a joint communique issued in New Delhi yesterday.

RESTRICTION UNWANTED

Mr. Thompson said later that Britain would join the market only if it was satisfied that "it is an unworkable scheme unless it is accompanied by a restriction on the import of goods from the common market into India."

Mr. Sandys will fly home after Ottawa

Canada views the possibility of Britain joining the market with growing interest, but also because it fears the possibility of a common market which would put the British Empire in a position of economic dependence on the common market.

U.S. will support MOVE

The United States Under-Secretary of State, Mr. Chester Bowles, has been quoted in Washington as saying the U.S. would like to see the European Common Market.

A spokesman for the European Common Market said Mr. Bowles' statement was a "positive indication" that the U.S. would like to see the European Common Market.

RAIN WRECKS OPEN GOVT CHAMPIONSHIP

Final round must be finished today or event cancelled

The annual rain washed out yesterday's final of the Government Open at the Royal Victoria Golf Club. A heavy rain was forecast for the morning, but the golfers were not so fortunate. The heavy rain was not so much as the forecast, but it was enough to prevent the final from being played.

The final was a play-off of 18 holes. The winner was to be decided by a stroke play competition. The rain was so heavy that the golfers were unable to play for more than a few minutes at a time.

The earliest start yesterday left off around breakfast time in shooting conditions. The three-time winner Henry Cotton, of Britain, reached the eighth hole before he had been out for more than a few minutes. The rain was so heavy that the golfers were unable to play for more than a few minutes at a time.

Law case may cost M.P. a cottage

Mrs. Barbara Castle, the Labour M.P. for Liverpool, is being sued by a group of 150 people for trespassing on their land. She claims that the land was a public highway.

A Labour Party spokesman, William Hamilton, said that Mrs. Castle had been on the land for several days and had caused considerable damage.

The Labour Party has agreed to pay for the legal costs of the case. Mrs. Castle has denied the charges and has offered to pay for her own defence.

The case is expected to go to court next month. It is seen as a test case for the Labour Party's stance on public access to land.

Who ate my Post Toasties?

Here's a young lady who comes to breakfast with her husband. She finds that someone has eaten her Post Toasties.

She asks her husband, 'Who ate my Post Toasties?' He replies, 'I don't know, but I'll find out.'

He searches the house and finds a trail of crumbs leading to a hole in the wall. He concludes that a mouse has been eating his Post Toasties.

He tells his wife, 'I've found out who ate my Post Toasties. It was a mouse.'

She replies, 'I don't care, I just don't want to eat any more Post Toasties.'

The husband looks at the mouse and says, 'Well, I guess you'll have to eat them yourself.'

Kenya driver makes best Sprite performance

VIC PRESTON SECOND IN ANTREE EVENT

'But I still prefer rallies to circuit racing' he says

Vic Preston, the Kenya driver, came second in the class for G.T. cars up to 1,600 C.C. in the 51 miles (13 laps over a three-mile circuit) grand touring race at Antree, the supporting event for the 14th British Grand Prix. He gave the best performance of the Hiesley-Sobbing Sprites. One of the fastest cars in the country was loaned to him by Ian Walker, enabling him to line up with more than 30 drivers.

The outright winner of the race was the Australian 1000 milliwatt, Les Davidson, driving an Austin. Other cars competing in the event included a Triumph and a Jaguar. General opinion in Britain after the race was that Preston was the fastest car in the country in which he drove—on the circuit.

SEVEN WOMEN KEEP EAST AFRICAN SKIES SAFE FOR PILOTS

Portrait of the Week

SEVEN women working in the control towers at the International Airports Commission building in Nairobi are the backbone of East African aviation. Without their assistance it is impossible for the controllers to check the safety of the air and to issue the necessary local services.

Others are spent at a big vessel dock built on the top floor of the High Court building at the Air Traffic Control Tower.

Where do young boxers go after they leave school?

THERE is a freshness and an uninhibited enthusiasm about all forms of school sports that rarely extends to an attractiveness all its own. Here is the game for the week with the slightly bored cynicism that we have seen in previous years. The first European schoolboy boxing championships, the final of which will be held at the weekend. While it is true that the boys are not yet of the age to be taken seriously, the fact that they are competing for the title "Mr. Europe" is a sign of the times. The winners of the title will be given a certificate and a trophy, but the prize money is not very large. TEENAGE ATHLETES OF PROMISE

ATLETIC sports in the districts of Kenya are not only a source of recreation for the young people, but also a means of training them for the future. The Kenya High School sports centre is a fine example of the facilities available to the young athletes. The centre is well equipped with all the necessary equipment for the various sports. The young athletes are given the opportunity to compete at a high level and to receive the best coaching available.
