ASPRO

Thousands of People in Suffering Homes and Factories have sent their Testimony!

There's no doubt about the multiplicity of services 'ASPRO' is rendering in these strenuous times; the nerve strain and irritability in so many employes; the headaches and the rheumatic pains in business;—the calm and refreshing conditions it dispels. They're facts, the actual experience of millions of users in office and factory, the Services and the home. People try 'ASPRO' and are amazed at the swift results—without harmful after-effects. They become enthusiastic advocates, spread the good news among their friends and the demand for the soothing, saving help of 'ASPRO' tablets grows and grows. Some of their spontaneous tributes are published below. They demonstrate clearly a factor of great importance nowadays.

NEW HORIZONS
 £27,000
 Eleven More Days To Reach Thirty Thousand

THE Times (London, May 12) says the Allied forces close in for the final assault on the Axis world through the Mediterranean. It is reported that the British High Command is now planning to open up the Italian front by a surprise attack on the Italian coast in the Bay of Salerno. The plan is to land a force of 100,000 men, including 15,000 tanks and 1,000 aircraft, in the area of Salerno. The attack is expected to be launched in the next few days. The High Command is confident that the attack will be successful, and that it will lead to the final defeat of the Axis forces in Italy. The attack is being planned as a surprise, and is expected to catch the Axis forces off guard. The High Command is confident that the attack will be successful, and that it will lead to the final defeat of the Axis forces in Italy.

IN BRIEF
 The Great Council, Action Parish, has decided to accept the offer of £10,000 for the purchase of the old Rectory, which has been offered by the Council of the City of London. The Council has agreed to purchase the Rectory for the purpose of converting it into a school. The purchase price of £10,000 is to be paid in three instalments of £3,333 each, over a period of three years. The Council has also agreed to contribute £5,000 towards the cost of the conversion of the Rectory into a school. The school is expected to be opened in the next few months.

The Zulu of the British Republic is to stand for Harbottle in the forthcoming election. The Zulu is a member of the Executive Council of the British Republic, and is a well-known figure in the community. He is being put forward by the British Republic Party as a candidate for the position of Member of Parliament for Harbottle. The Zulu is a man of high character, and is well-qualified for the position. He is expected to be elected to the House of Commons in the forthcoming election.

The N.A.S.C. will now have a home in the North of Scotland. The N.A.S.C. is the National Association of Sportsmen and Gamekeepers, and is a well-known organization in the sporting world. It has been decided to move its headquarters to the North of Scotland, where it will have a permanent home. The new headquarters is to be situated in the town of Aberdeen, and is expected to be completed in the next few months. The N.A.S.C. is a well-known organization, and is expected to continue to play an important role in the sporting world.

A barmaid in Doncaster was fined £10 for going to a dance on a Sunday. The barmaid, whose name is not known, was fined for violating the Sunday Trading Act. The fine was imposed by the court, and the barmaid is expected to pay it in the next few days. The barmaid's employer is also being investigated for allowing the barmaid to work on a Sunday. The court is expected to impose a fine on the employer if it is found guilty of allowing the barmaid to work on a Sunday.

British women in London are to be asked to contribute to the Red Cross. The Red Cross is a well-known organization, and is currently engaged in raising funds for the war effort. It has been decided to ask British women in London to contribute to the Red Cross. The contribution is to be in the form of a donation of £100,000. The Red Cross is expected to use the money to purchase supplies for the troops, and to provide medical aid to the wounded. The Red Cross is a well-known organization, and is expected to continue to play an important role in the war effort.

Under THE Standard Clock
 The Standard Clock is a well-known brand of clock, and is made in England. It is a reliable and accurate clock, and is suitable for use in any home or office. The Standard Clock is made of high-quality materials, and is finished in a beautiful design. It is a well-known brand of clock, and is made in England. It is a reliable and accurate clock, and is suitable for use in any home or office. The Standard Clock is made of high-quality materials, and is finished in a beautiful design.

EAST AFRICA HAS eleven more days in which to raise the final £23,000 that will shut the £28,000 target down in flames. An average of £230 a day (so far) more than the thousand-a-day with which we started) will do the trick and a lot more, so don't let it fall now to give the R.A.F. BENEVOLENT Fund a big hand.

East Africa has eleven more days in which to raise the final £23,000 that will shut the £28,000 target down in flames. An average of £230 a day (so far) more than the thousand-a-day with which we started) will do the trick and a lot more, so don't let it fall now to give the R.A.F. BENEVOLENT Fund a big hand.

Have YOU sent your cheque yet? It's no trouble at all. Cheques should be made payable to R.A.F. BENEVOLENT FUND and addressed to:

Royal Air Force Benevolent Fund
 21, Abchurch Lane, LONDON, E.C. 4

Union And Proposed Pan-African Conference "TREMENDOUS INTEREST"

There is such enormous and fruitful interest in the proposed Pan-African Conference in London, which is being organized by the Government, that it is being held in the Royal Albert Hall. The conference is expected to attract a large number of delegates from all over the world, and is expected to be a landmark event in the history of the African continent. The conference is being organized by the Government, and is expected to be a landmark event in the history of the African continent.

TREMENDOUS INTEREST has been expressed in the proposed Pan-African Conference in London, which is being organized by the Government. The conference is expected to attract a large number of delegates from all over the world, and is expected to be a landmark event in the history of the African continent. The conference is being organized by the Government, and is expected to be a landmark event in the history of the African continent.

Checked
 The United States has been accused of checking the progress of the war. The United States is accused of not doing enough to support the British and Commonwealth forces. The United States is accused of not providing enough supplies and equipment to the British and Commonwealth forces. The United States is accused of not doing enough to support the British and Commonwealth forces.

"G.A.S." is Bound in Germany
 The German Air Service (G.A.S.) is bound in Germany. The G.A.S. is a well-known organization, and is made in Germany. It is a reliable and accurate clock, and is suitable for use in any home or office. The G.A.S. is made of high-quality materials, and is finished in a beautiful design.

FOOD COMMISSION:
 The Kenya Food Shortage Inquiry was held in Nairobi on Tuesday evening. The Director of Native Production, Sir John M. M. M. M., presided over the inquiry. The inquiry was held to investigate the causes of the food shortage in Kenya, and to recommend measures to be taken to increase food production. The inquiry was held in Nairobi on Tuesday evening, and was attended by a large number of witnesses. The Director of Native Production, Sir John M. M. M., presided over the inquiry.

Future Sitings
 With reference to the sitting of the Kenya Legislative Council, it is announced that the Council will meet on Thursday, May 14, at 10 a.m. in the Chamber of Commerce. The Council will discuss the report of the Kenya Food Shortage Inquiry, and will also discuss other business. The Council will meet on Thursday, May 14, at 10 a.m. in the Chamber of Commerce.

Speculation About Martique
 The name Martique has been mentioned in connection with the proposed Pan-African Conference. It is believed that Martique is a well-known figure in the African community, and is expected to play an important role in the conference. The name Martique has been mentioned in connection with the proposed Pan-African Conference.

Books for the Troops
 The following list of books is being sent to the troops in the field. The books are being sent to the troops in the field, and are expected to be a great help to them. The books are being sent to the troops in the field, and are expected to be a great help to them.

Director of Native Production Was Disappointed
 EARLIER ADVICE OF MAIZE SHORTFALL MIGHT HAVE HELPED

THE Director of Native Production, Sir John M. M. M., has expressed his disappointment at the results of the inquiry into the food shortage in Kenya. He said that the inquiry had shown that the food shortage was caused by a combination of factors, including a drought and a shortage of supplies. He said that the inquiry had also shown that the Government had not done enough to support the farmers, and that it had not provided enough supplies and equipment to them. He said that the Government had not done enough to support the farmers, and that it had not provided enough supplies and equipment to them.

THE COMMON LAW
There is someone in Kenya to whom all East Africa owes a debt. The other day he (or she) published a "little 'treatise'" that ran: "I shall be five ever; nothing can be put to it, or anything can be taken from it; it can stand before time."

Two thousand years after the central date of the common law...
The common law is a body of law that has been developed over centuries in England and other countries.

At the time of the central date...
The common law is a body of law that has been developed over centuries in England and other countries.

Two thousand years after the central date...
The common law is a body of law that has been developed over centuries in England and other countries.

Correspondence...

PROFESSOR BY APPOINTMENT

To the Editor, "E.A. Standard":
Sir—A few days ago I read in your issue of the 10th inst. an article by Mr. J. M. G. ...

At the time of the central date...
The common law is a body of law that has been developed over centuries in England and other countries.

Two thousand years after the central date...
The common law is a body of law that has been developed over centuries in England and other countries.

ERADICATE TAPE, WIRE, AND BANKRUPT WORMS
 with **COOPER'S N. C. A. WORM DRENCH**

Sheep, Cattle and Goats may be doctored with Cooper's N.C.A. Worm Drench. It not only eradicates the above-mentioned worms, but is also ingesting to kill the animals instead of distressing them. Ewes in lamb can be doctored up to a month before lambing and lambs from the age of one month upwards. These measures will enable young sheep to grow fully at an earlier age.

Cooper & Neillson S.A. (Pty) Ltd. NAIROBI.

DON'T LET Major Calamity SNEAK UP ON YOU.

New Tractors and farm machines are hard to get, and so spare parts for those that are in use.

You may say "Oh it's nothing" when you first hear something buzz that shouldn't buzz. But that's the time to check and put the matter right, not wait until the buzz becomes a major calamity.

We suggest that you check and adjust your equipment frequently. Lubricate regularly in accordance with the instruction book which came with your machine, and see that all nuts are kept tight and no bolts missing.

INTERNATIONAL HARVESTER EXPORT Co.
 (Incl. in U.S.A.)

 F. A. Hall, Genl. Mgr. The Standard Bank of East Africa, Ltd., Nairobi.

"Good equipment makes a good farmer better"

Kennel Notes

By MARGARET COLLYER P. O. Gilgil.

I was told the other day by a man, whose dog I had lately treated for a skin disease, that this infection could be spread to the Laboratory Terriers. I was not sure, but I was sure that it was not worth while for dog owners to make inquiries about it. When I wrote to Dr. Carmichael, he said that he had seen the permit business was not so good as it used to be. I am sure that both his wife and another man, who I met last week, were very much interested in the matter. The first attack had been treated with Purina and after this the puppy must have partially recovered but developed a very bad skin disease which was diagnosed by a veterinary surgeon in Nairobi as follicular mange for certain, but no response of the skin or part from any medicine if there were any to be had. I suggested that the dog be treated with a 1% solution of iodine, which was not only safe but also very effective. I am not in a position to confirm this diagnosis, but I am sure that no skin disease could be spread to the Laboratory Terriers without the aid of the microscope.

THEY EAT MOSQUITOES—AND LIKE IT.

THESE LITTLE FISHES eat mosquitoes—and like it. I have just seen whole tanks of them, all shapes and colors and all sizes, some so small that you could get an entire school in an eye-drop—that is, if you wanted to. People in various parts of the world have reported that they had discovered the fish as a food source in Dar-es-Salaam, but I've heard of mosquito control as far as Limuru and Mombasa, but very quickly (there has been a report that they are being introduced in their widely varied characters and habits).

It is not clear from the account in itself, whether the fish are in fact eating mosquitoes, or whether they are eating the water plants (some of them are reported to eat the larvae of the fish and the water plants) and the mosquitoes are being eaten by the fish.

Another fish, which is reported to eat mosquitoes, is the "not such poor fish!" This fish is a small, dark-colored fish, which is reported to eat mosquitoes. It is not clear from the account in itself, whether the fish are in fact eating mosquitoes, or whether they are eating the water plants (some of them are reported to eat the larvae of the fish and the water plants) and the mosquitoes are being eaten by the fish.

BORN IN A BIRD NEST
 These very small birds do not lay eggs, but are "brooded" and seen to grow in their parents' nests. They are very small, very young birds, and are reported to be very common in the area.

Other baby fish had been born in their parents' nests. These fish are very small, very young fish, and are reported to be very common in the area.

REMO OF PAMAMA
 The Government is also considering the removal of Pamama, a pest which is causing damage to crops. Measures are being taken to control its spread.

A FOND FATHER
 A male fish was found to be very fond of its young. It was reported that the father fish would protect its young from any danger.

A GOOD LITTLE MOTHER
 A female fish was found to be very good to her young. It was reported that the mother fish would protect its young from any danger.

Put healthy gums beyond question
 SR TOOTH PASTE
 SR TOOTH PASTE

Put healthy gums beyond question. SR Tooth Paste is the best for your teeth. It keeps your teeth clean and healthy, and prevents gum disease. It is made from natural ingredients and is safe for your teeth.

...and, no doubtless at all. This (and it is a longer note than I have so far allowed in making points) is a very important matter, and one which should be given the most serious consideration.

I noted after my last article, that some members of the Committee had been given the opportunity of expressing their views on the subject. I am sure that the Committee will be able to deal with the matter in a most satisfactory manner.

I have spoken to members of the Committee several times since my last article, and I am sure that they will be able to deal with the matter in a most satisfactory manner.

East Coast Fever

"MURDER" CORRESPONDENT
 THE East Coast Fever is a very serious disease, and one which should be given the most serious consideration. It is caused by a parasite which is transmitted by a tick.

Another parasite, which is reported to be a very serious disease, is the "not such poor fish!" This parasite is a small, dark-colored parasite, which is reported to be very common in the area.

The "not such poor fish!" is a small, dark-colored fish, which is reported to be very common in the area. It is not clear from the account in itself, whether the fish are in fact eating mosquitoes, or whether they are eating the water plants (some of them are reported to eat the larvae of the fish and the water plants) and the mosquitoes are being eaten by the fish.

Suggestions of ROPE USE
 The expert of Steel Wire Rope, Steel Wire, and Hemp Rope is not permitted, except for Imperial War Production, and then only for the purpose of supply and use.

HEMP ROPES UNCOILING
 Lay out on its side, with the inner end of the Rope hanging down through the coil and draw the inner end upwards. This is done from the coil in an anti-clockwise direction.

ABRASION
 Avoid unnecessary abrasion. Do not allow kinks to form, and use the Ropes over sharp edges. Avoid dragging a rope over the ground or over rough surfaces.

STORAGE
 Hemp Ropes should be kept in a dry, cool, well-ventilated place. They should be kept in a dry, cool, well-ventilated place. They should be kept in a dry, cool, well-ventilated place.

DAMAGE FROM CHEMICALS
 Avoid contact with acids and alkalis, both of which are extremely injurious to Hemp Ropes, and cause rapid deterioration.

TENSION

TENSION
There is tension in the air. It
is woven in the fabric of
the world. It is the result of
every statement. It is obvious
in all of the emergency pro-
grams. There is a sense of
driving pressure, of suspense
and of feeling that time
is standing still in the world.
It will not be long before
the campaigning season
around which the whole
world turns and conditions are
settle uniformly good for large
numbers of people.
We have been keeping the enemy
in the Rumanian country
to carry out a stab-
ling front and to have
in his hands, it was making
himself a base for a
new and important factor in
the world.

THANKS FOR VICTORY

One Week More to Raise
Twenty Thousand
This great news has been to raise the total of 20,000 pounds...

Of course, there are still some good units monthly to
come from the R.A.F. across much money...

Over to you... Over.
Change should be made possible by R.A.F. BENEVOLENT
FUNDS and should be...

Great Destruction Caused By Breaking Of German Dams

2 Blockade Runners Sunk BROKEN BRIDGES, FLOODED WORKS, WRECKED POWER PLANTS

The story is told today of how the German blockade runners were interrupted by the cruiser Adventure. One of the striking pictures of the war has reached London during the night. It is a photograph of the wreck of the blockade runner Adventure, which was sunk by the British cruiser Adventure. The wreck was seen from the air and the water through the breach. By the time the photograph was taken only a few of the ship's masts were visible above the sea.

South African Scene

Four-Footed "Passengers" Sunk Off Durban

Durban, May 11. (AP)—A four-footed "passenger" was sunk off Durban today when a South African ship, the "Standard", was sunk by a German submarine.

"STANDARD" CORRESPONDENT

The "Standard" correspondent reported that the ship was carrying a large quantity of goods and passengers.

UNION BORN

Commenting then on the fantastic news about Allied airmen, but up to the Germans, the "Standard" said he would like to expose one of the more staggering mis-statements.

DIM-OUT

Black-out regulations now in force at the coast ports are considerably easier than the total black-out at first enforced in Durban.

PRETORIA RIOT

The report of the judicial commission inquiry into the Pretoria riot is published in the "Standard" today.

NATIVES' FOOD PLIGHT

The acute shortage of maize meal for natives was referred to by the "Standard" in its report on the food situation.

NEW STEELWORKS

The new steel works at Hillside, Durban, began its first month's work in April, 1944.

CAR SALES BAN

Regulations granted the week for the sale of any used cars for private purposes.

Outspoken Criticism of Maize Control

(Continued from page 1)

Some outbursts of Kenya wheat growers were a protest against the maize control system.

ELECTION PLANS

The United Party's policy of co-operation with the Dominions and Labour Parties was reiterated in a statement issued by the party.

NOTICE

Order to shortage of all food supplies, the management are compelled to limit the food service to the residents using the Dining Room for Meals.

A "LORD WOOLTON" FOR KENYA

New Job Proposed For Financial Secretary

The Food Commission has recommended that Mr. Lord Woolton be appointed as Financial Secretary for Kenya. The Commission's report states that Mr. Woolton is a man of high standing and has extensive experience in financial matters.

Mr. Woolton's appointment would be a significant step towards the financial development of Kenya. He is expected to take up his duties in the near future. The Commission also recommended other measures to improve the financial administration of the colony.

The Commission's report also discussed the need for a more efficient system of public works and the importance of maintaining the infrastructure of the colony. It recommended that the Government should take steps to improve the efficiency of its public works department.

There is a growing concern among the public about the state of the colony's finances. The Commission's recommendations are seen as a necessary step to address these concerns and to ensure the long-term financial stability of Kenya.

BRITISH SUBMARINES' NEW SUCCESSES IN MEDITERRANEAN

British submarines have achieved several notable successes in the Mediterranean Sea. These include the sinking of several enemy merchant ships and the capture of valuable intelligence. The successes have boosted morale among the crews and demonstrated the effectiveness of the submarine force.

MAY & CO. LTD. THE SPORTS HOUSE Nairobi. FOR SPORTS GOODS AND SERVICE.

GERMAN TRANSPORTS SUNK

It is stated the Germans are still trying to find weak spots in the position of the Allies. Yesterday they launched a series of heavy transport raids but were thrown back after each attack. Heavy money had been sent to the wreckage of their tanks and armoured cars.

PREMIER'S ADDRESS EAGERLY AWAITED

It is expected that Mr. Chamberlain's address to the House will be eagerly awaited. The address is expected to discuss the current state of the war and the Government's policy. It is anticipated that the speech will provide valuable insights into the Government's strategy.

Freighters Become Aircraft Carriers

Originally designed as freighters, many ships are now being converted into aircraft carriers. This conversion allows them to transport large numbers of aircraft and crew members. The conversion process involves the installation of flight decks, hangars, and other essential facilities.

LATE NEWS

Radio broadcast today reported that the German transport ship 'Albatross' was sunk in the Mediterranean. The ship was carrying a large amount of supplies and was part of a convoy. The sinking was a significant blow to the German supply lines.

French in Africa Had Secret Stores Of Arms

It is reported that the French in Africa had secret stores of arms and ammunition. These stores were discovered by the British and were used to supply the French forces. The discovery was a major setback for the French and a significant boost for the British.

FOOD CONFERENCE AT WORK

The Food Conference is currently working on a plan to increase food production in the British Isles. The plan involves the use of new agricultural techniques and the expansion of existing farms. The conference is expected to complete its work in the near future.

Japan Will Have to Pay

It is expected that Japan will have to pay reparations for the damage caused by its actions in the Pacific. The reparations are expected to be a significant amount and will be used to help rebuild the countries that were destroyed.

Record Air Raid On Pantellaria

A record air raid was conducted on the island of Pantellaria. The raid involved the use of a large number of bombers and resulted in the destruction of several buildings and the death of many people. The raid was a major victory for the Allies.

Rome Will Be Bombed If Necessary

The Allies have announced that they will bomb Rome if necessary. This announcement is seen as a warning to the Italian Government to stop supporting the Axis. The Allies are determined to bring the war to a swift and decisive end.

WAR OF NERVES ON ITALY

The war of nerves between the Allies and the Axis is intensifying. The Allies are launching a series of attacks on Italian targets, while the Axis is also launching attacks on Allied targets. The war is becoming a test of the resolve of both sides.

RAF's Leaflet Raids

The Royal Air Force has conducted a series of leaflet raids on Italian targets. The leaflets contain information about the progress of the war and the Allies' strategy. The raids are intended to demoralize the Italian forces and the civilian population.

Japan's New Constitution

Japan has announced its new constitution. The constitution is seen as a significant step towards the democratization of Japan. It is expected to be implemented in the near future.

Record Air Raid On Pantellaria

A record air raid was conducted on the island of Pantellaria. The raid involved the use of a large number of bombers and resulted in the destruction of several buildings and the death of many people. The raid was a major victory for the Allies.

Rome Will Be Bombed If Necessary

The Allies have announced that they will bomb Rome if necessary. This announcement is seen as a warning to the Italian Government to stop supporting the Axis. The Allies are determined to bring the war to a swift and decisive end.

RUHR SHORT OF WATER BECAUSE OF FLOODS

The Ruhr region in Germany is suffering from a severe shortage of water due to flooding. The flooding has destroyed many dams and bridges, and has caused widespread damage to the infrastructure. The shortage of water is a major problem for the region.

Home Front Letter:

Figures Spoken For Themselves: What Total War Means in Britain

London, May 14. — It has been a brilliant week for the people of Britain. In fact, three years of service and discipline in the home front have been paid for in a single day. The figures which have been spoken for themselves in the past few days are a clear indication of the progress which has been made in the home front since the outbreak of the war. The figures are as follows:—

More than 100,000 tons of raw materials have been produced in the home front since the outbreak of the war. The figures are as follows:—

More than 100,000 tons of raw materials have been produced in the home front since the outbreak of the war. The figures are as follows:—

More than 100,000 tons of raw materials have been produced in the home front since the outbreak of the war. The figures are as follows:—

More than 100,000 tons of raw materials have been produced in the home front since the outbreak of the war. The figures are as follows:—

More than 100,000 tons of raw materials have been produced in the home front since the outbreak of the war. The figures are as follows:—

More than 100,000 tons of raw materials have been produced in the home front since the outbreak of the war. The figures are as follows:—

More than 100,000 tons of raw materials have been produced in the home front since the outbreak of the war. The figures are as follows:—

A 'LORD WOOLTON' FOR KENYA

(Continued from page 1)

Mr. Tester replied that Kenya Lord Woolton could not be included in the list of members of the Board, but he would be invited to attend the Board by a special invitation.

Mr. Tester said that the Controller of Imports and Exports, Mr. H. H. Wood, had been invited to attend the Board, but he would be invited to attend the Board by a special invitation.

Mr. Tester said that the Controller of Imports and Exports, Mr. H. H. Wood, had been invited to attend the Board, but he would be invited to attend the Board by a special invitation.

Diet in Digestive Disorders

You can't lay up a sick stomach. Your body must be nourished even though food fails many liquid foods cause pain and discomfort.

The problem has always been to find a food that soothes the inflamed stomach walls and provides all the nourishment needed for recovery. Doctors and nurses agree that Horlicks is a food. It places no strain upon the digestion, but provides all the body-building elements that the weakened system needs. (Considerable is obtained, plus strength and energy pour into the veins with every cupful of Horlicks.)

Horlicks is a complete balanced food in a very palatable form. It has been given with remarkable success in the most severe cases of dyspepsia. Get Horlicks to-day from your usual store or druggist.

DEWEY'S play "They Came to a City" a vision of freedom from the London and written a striking success. The young actor, Hugh Corrie, who played the part of a good first play.

Personally Speaking.

His Excellency and Lady Moore were present at the first performance of "Pinnocchio" last Friday afternoon, and the show was his greatest success. The time as it was last, which is saying a great deal. Hugh Corrie was again charming, but not so great. And Bobby Knight made a very attractive Jimmy Cagney. The Cat and the Follie Follie were excellent, from their extremely good entrance onwards.

Johannesburg Wedding

The wedding took place on April 11 at St. Martin's in the Voort. The bride was Miss Mary Victoria Alexander, daughter of Mr. and Mrs. Alexander, of the Johannesburg. The bride's father was Mr. Alexander, of the Johannesburg. The bride's father was Mr. Alexander, of the Johannesburg.

THE VEGETABLE PATCH: Cauliflower, Cabbage And Sprouts

At a time when everybody with any spare land is trying to help in the production of vegetables, it is as well to study a method of propagation other than by seed.

It is obvious that owing to the high cost of seed, and the fact that the Department of Agriculture has started to issue seeds, but it is not possible to make a trade of the quantity of seeds required to increase the production of a minimum of crops.

Three months' use of the Brussels sprouts and cauliflower... The cauliflower is a vegetable which grows from the stems of the cabbage.

CAULIFLOWER Propagation of cauliflowers by cuttings is a practice that should be vigorously encouraged... The cauliflower is a vegetable which grows from the stems of the cabbage.

BRUSSELS SPROUTS The Brussels sprout is a valuable producer of offshoots and these should be used in the propagation of the vegetable.

CABBAGE The cabbage is generally speaking, a shy producer of offshoots and it is not possible to propagate it by cuttings.

DISTRICT FARMING NOTES Cherangani The long drought has now definitely broken and good rains have fallen since April.
