CHANCELLOR STICKS TO ONE POINT

He admits food prices will rise

SOME of Britain's food prices will rise during the next few weeks, the Chancellor of the Exchequer, Sir Stanley Baldwin, said today in a speech to the House of Commons.

He said that the Government would not be able to prevent the rise in prices of foodstuffs, but that it would do its utmost to keep the rise within reasonable limits.

He also said that the Government would continue to do its utmost to keep the rise within reasonable limits.

REDS WILL ENTER CANTON SUNDAY

Nationalists set up again in Changking

CANTON will fall to the Chinese Communists without a fight, according to reports from Changking, the Nationalist Government capital in Chungking, on Sunday.

It is believed that the Nationalists will be able to hold Canton for a few days longer, but that they will eventually have to evacuate the city.

BOXERS' DEATHS CAUSE CONCERN

Twice-yearly 'medicals' suggested following eight this year

The National Boxing Association is to be asked to adopt a rule whereby sportsmen should be examined twice yearly by their general physicians, who should then be required to sign a certificate recommending whether they should be permitted to continue in the ring.

The following eight sportsmen of the world have died of heart disease since the formation of the National Boxing Association, which has since then been required to issue a medical certificate to all boxers before they are permitted to fight.

Winner could hardly stand

Denis Rhoads, a professional British boxer, was unable to stand after his victory over the American, Arthur Brown, on Tuesday night at the National Stadium in London.

Gambling laws reform requested

The British Betting Control Board has recommended reforms of the gambling laws which would bring much of the country's betting on horse-racing under its control.

The Board, which is a statutory body, controls all race-course totalisators and deposits its profits in charities and to the improvement of horse-breeding and veterinary facilities.

PIG INDUSTRY IN KENYA

Plans to develop export trade

It is the aim of the first export trust to meet from Kenya, if those plans prove to have been successful. The Kenya Pig Producers Association, which was set up in 1964, is planning to develop the pig trade in Kenya. It has been agreed that individual pig farmers will be encouraged to produce surplus pigs to be sold to the association. The association will then export the surplus pigs to other countries.

Mr. J. H. B. Lambert, the producer's factory was working on handling some 500 hams every week and turning some 300 more into hams and by-products. The fact that Mr. Lambert has been to make a pig farm in Britain as an export agent of the pig trade.

At the moment Mr. Lambert is corresponding with the Ministry, clearing up the details of operating the new plan, so that initially pig farmers initially they can be made use of in the pig trade.

Prices in the big African states have fallen because of exports from other pig-growing countries. This has meant that Kenya must produce its own pig meat to meet its own requirements.

This is the present object - to produce a surplus of pig meat which the first export trust will be responsible for. The plan is to produce pig meat in Kenya to be sent to other countries. This will be a profit to all the pig producers in Kenya who will be able to sell their pig meat to the export trust at a profit.

Prices under review
Other items of Kenya's economy are under review. The Government is looking at the price of pig meat, which is one of the most important items of Kenya's economy. The price of pig meat is currently being reviewed by the Government.

CHURCHILL AGREES

Museum hall to bear his name

Mr. Winston Churchill has agreed to name the hall in the proposed extension to the Kenya Museum. The hall will be named after him in recognition of his contribution to Kenya's history.

The Kenya Museum is a national institution which has been established to preserve Kenya's history and culture. The proposed extension to the museum will include a hall named after Mr. Winston Churchill.

Mr. Churchill will be the only foreigner to have his name given to a hall in the Kenya Museum. This is a great honor for him and a recognition of his contributions to Kenya.

The hall will be named after Mr. Winston Churchill in recognition of his contributions to Kenya's history and culture.

Letters of appeal
Letters of appeal are being received by the Minister for Agriculture. These letters are from farmers who are appealing against the proposed extension to the Kenya Museum.

Petrol costs
The cost of petrol has risen sharply, and this has led to a shortage of petrol for farmers. The Government is looking at ways of reducing petrol costs for farmers.

Kenya police staff changes
There have been changes in the Kenya Police staff. Some officers have been promoted, and others have been transferred to other parts of the country.

Rush for new stamps was 'fantastic'

RARE OPPORTUNITY OF SEEING A FRENCH FILM

THEATRE ROYAL

A FRENCH film is always a mouth-watering prospect for the cinema-goer. The Theatre Royal is proud to announce that it has secured the rights to show the great French picture "Les Enfants du Paradis". This film is a masterpiece of French cinema, directed by Jean Renoir. It tells the story of a family in Paris during the Revolution. The film is a rare opportunity to see a work of art of the highest quality.

CAPITOL

THE PERFECT WOMAN. The picture of the week at the Capitol is "The Perfect Woman". This is a story of a woman who finds herself in a difficult position and how she overcomes it. The film is a masterpiece of acting and direction.

SHURE'S MISS ION

What is the strength of a chair?

The strength of a chair is its legs. The usefulness of a ball-point pen is its refill. Unless the refill gives reliable service, the pen is useless. Discontinuing writing is the worst error you can make because they know that the greatest of dependability which gives you the most reliable pen in the world is the Ballpoint pen in the world.

Ballpoint starts writing in the first second. Keeps on writing until the last drop of ink is exhausted. Buy a Biro in a shop that offers SERVICE.

And please note this: Specifications should only refer to the Ballpoint pen. Buy a Biro in a shop that offers SERVICE.

It happened in Kenya in 1939

Two young women braved the perils of the road to Nairobi

Their journey was a long and arduous one, but their determination to reach Nairobi was unwavering. They faced numerous challenges, including harsh weather conditions and difficult terrain. Their journey was a testament to their courage and resilience.

As we walked, my mind was filled with thoughts of the road ahead. The landscape was rugged and beautiful, but the challenges were many. We had to navigate through dense forests and across steep hillsides. The weather was unpredictable, with sudden rains and scorching sun.

At the end of the road, we reached Nairobi, a city of opportunity and challenge. The journey had been long, but it was worth it. We had seen the beauty of Kenya and the strength of our own determination. Nairobi was a new beginning for us, a place where we could start our lives anew.

Reducing the river

The river had become a major problem for the community. It was overflowing with debris and causing significant damage to the surrounding area. The local authorities were working to find a solution to this problem.

Message

An important message has been received from the government. It concerns the upcoming elections and the role of the citizens. The government is urging citizens to participate actively in the democratic process.

Lady Dowler opens new army school for children

Her Majesty Queen Elizabeth II, in a special ceremony, has opened the new army school for children in Addis Ababa. The school, which is the first of its kind in the East African region, was inaugurated by Her Majesty on the 15th of April. The school is situated in the heart of the city and will accommodate about 200 children. It is a modern building with all the latest facilities. The school is being run by Lady Dowler, who is a member of the Queen's household. The school will provide a good education for the children of the army and will also help to improve the standard of education in the city.

The new army school for children in Addis Ababa, Ethiopia, is being opened by Her Majesty Queen Elizabeth II.

UNDERGRADUATE, 1949—HIS WORK AND OUTLOOK

By R. B. McCollum
Fellow and Tutor of Pembroke College, Oxford

The undergraduate of 1949 has a different outlook from his predecessors. He has grown up in a world of peace and prosperity, and he has a different set of values. He is more interested in his work and in his future. He is more concerned with his health and his leisure time. He is more interested in his social life and in his relationships with his friends. He is more interested in his education and in his intellectual development. He is more interested in his career and in his financial future. He is more interested in his personal life and in his happiness. He is more interested in his community and in his responsibilities. He is more interested in his world and in his place in it. He is more interested in his life and in his purpose. He is more interested in his future and in his destiny. He is more interested in his work and in his outlook.

DOUBT ABOUT THE PETROBY

There is a widespread feeling of doubt about the Petroby. The Petroby is a new type of motor cycle which has been developed by the French firm of S.M.P. It is a very small and light machine, and is said to be very reliable and economical. It is expected that it will be popular in the Tropics. However, some people are doubtful about its durability and its ability to handle rough roads. They think it is more of a toy than a serious mode of transport.

CHOSEN FOR
EXHIBITION SHOW

The exhibition show is one of the most important events of the year. It is a chance for exhibitors to display their products and services to a wide audience. The show is held in a large hall, and is open to the public. It is a very busy time, and there is a lot of activity. Exhibitors should be well prepared for the show, and should have their displays ready and attractive. The show is a great opportunity for exhibitors to meet their customers and to build up their business.

THE PRICE
BEHIND THE MIKE

It is not only for the British people that the microphone is important. It is also important for the world. The microphone has changed the way we communicate. It has allowed us to speak to a much larger audience than ever before. It has also allowed us to hear people from all over the world. The microphone has become an essential part of our lives. It is used in schools, in churches, in homes, and in many other places. It has made the world a smaller place.

BRIDGE
A matter of
exploration

By exploring countries like Italy's decisions, that you not an explorer.

Italy's decisions to explore other countries is a very important one. It is a chance for Italy to learn more about other cultures and to build up its relations with other nations. It is also a chance for Italy to expand its economy and to create new jobs. Italy should take advantage of this opportunity and explore other countries.
