PRIME MINISTER STRESSES URGENCY OF THE WAR DEBTS QUESTION

Mr. Ramsay MacDonald made a significant reference to War Debts declaring that although the Conference could not deal with the question, it was nevertheless, one that did not permit of delay.

Stressing the necessity for international co-operation the British Prime Minister said the experience of the past few years proved that a purely national economic policy in impoverishing other nations impoverished those who pursued it.

He urged the Conference to put new heart and confidence into the world, to disperse that which we have revived hope, energy and opportunity. For these the world waits and it is in our power to provide them.

The most important international gathering in history was inaugurated by His Majesty the King when he opened the World Economic Conference in London on Monday afternoon.

In the course of his speech, which was broadcast to the world, His Majesty said: "The world is in an anxious state and for you the task is heavy; but it will not be achieved except through goodwill and sincere co-operation... I appeal to you to co-operate for the sake of the ultimate good of the whole world. It cannot be beyond the power of man to use the vast resources of the world to avenge the material progress of civilization."

operation was the last way to national recovery. "We are, therefore, here to pursue a 'recovery' course."

Mr. MacDonald explained thanks to the able aid with 'regimental' drawn up the agenda which would be the basis of the deliberations but when the conference had done its part, the various Governments must face their own problems internal and external policy in co-operation where possible and necessary were.

THE PREMIER.

A Review of the Conditions

Mr. Ramsay MacDonald in welcoming the delegates hoped that the nature of the London Economic Conference would be carried through the 'peer' international gathering which had brought delegates to London.

Conflicting Statements.

Mr. Hall who works with a big New York living and building firm, will now try to prove whether his theory that a 'recovery' course is the only way to national recovery is correct.

King's Appeal.

Mr. Ramsay MacDonald made a significant reference to War Debts declaring that although the Conference could not deal with the question, it was nevertheless, one that did not permit of delay.

Stressing the necessity for international co-operation the British Prime Minister said the experience of the past few years proved that a purely national economic policy in impoverishing other nations impoverished those who pursued it.

He urged the Conference to put new heart and confidence into the world, to disperse that which we have revived hope, energy and opportunity. For these the world waits and it is in our power to provide them.

Mr. MacDonald emphasized the magnitude of the problem pointing out that the world was suffering from a serious shortage of food and raw materials. He said that the world's population was increasing rapidly and that the standard of living had to be raised to meet the needs of the future.

And the local standing order relating to vehicles for new licences being printed. The motion was carried. Mr. H. Mortimer said that the Government had been criticised from the speaker of Mr. T. A. Wood and Mr. R. P. Mayer. The latter criticised the Chamber this at the end of 1931 he was instrumental in getting the amendments to the new licensing regulations and the new regulations were passed. Mr. Wood objected to that part of the motion regarding the new regulations. Mr. Mortimer said that he was an unnecessary repetition although he had no objection to the local making for an extension on a special night.

The Royal commission had in their report said that all night was not a thing to be done. A list of names was given. Mr. Mortimer said that he was not a member of the committee. He said that he was not a member of the committee. He said that he was not a member of the committee.

Lack of Big Spots

In my opinion, floods are not the greatest limiting factors in the migration of brown trout down stream. There have been very really great ones in recent years. I conclude from examination of the depositions made by the fish-keepers that the spots on the Thika and the Oryia rivers are the result of a rise of 100-200 feet in the waters of the Victoria Nile. The same rise in 1920-1925 were very good years in their lower reaches. The brown trout has been very numerous in the lower reaches of the Nile in that year, neither more than eight feet, but there has been no marked increase in the number of fish taken. The Nile as a consequence.

Fact: Very large fish are seen in the lower reaches of the Nile. The Nile as a consequence. The Nile as a consequence. The Nile as a consequence.

APPEAL FOR CRICKET PEACE.

"A Breach Must Not Happen."

All in!

This feeling of being 'dead inside' is a sure sign of nervous exhaustion. You must do something to make good the loss of nervous energy caused by the stress of the climate, worry or overwork. Build up a new source of nerve-strength with Brainogen.

A few weeks' use of this scientific nerve food will give you back the energy you need and enable you to face your daily work again with confidence and cheerfulness.

Your tired feeling, your nervousness and irritability will disappear - weakness will give place to radiant vitality.

A building-up process takes place in the nervous system after the administration of Brainogen.

Brainogen means of Oxoled Vitamins.

Recover your strength and health again by starting a course of Brainogen, obtainable at all Chemists and Dispensaries.

Brainogen is a nerve food. It cannot be harm for even the most delicate.

What causes tooth ache?

This cause of tooth ache is now being traced to the decay of the nerve tissue above the crown and from the nerve above of the tooth.

EAST AFRICAN COFFEE.

Experts During First Quarter of Year.

The following statistics relating to transactions in East African coffee have been compiled by the F. A. Exports and Imports Department in London.

During January, February and March, coffee was the largest item of exports from East Africa.

The following were the exports from the territories for the first quarter of the year:

Kenya 13,108 cwt. valued at £1,147,000; Tanganyika 10,000 cwt. valued at £800,000; Uganda 10,000 cwt. valued at £800,000.

The clearance of East African coffee in Germany during the first quarter of the year was 2,400 in January, 1,600 in February and 1,900 in March, a total of 5,900 tons compared with 5,840 tons in the same period of 1935.

Women Orphanages. Orphanages are becoming more popular than ever this season.

Mr. G. F. W. Jones, of the Women's Orphan Association, which was formed in 1907, said today: "We are rapidly increasing our membership, and more and more clubs are being roped in."

COFFEE EXPERIMENTAL STATION.

Under an East African Governing Body.

KIBOGHO SCHEME. Grant from the Colonial Development Fund.

The first meeting of the re-constituted Coffee Advisory Board took place at Mombasa under the chairmanship of Mr. A. J. W. Walker.

The following were the members present: Mr. G. F. Walker, Provincial Commissioner, Northern Province; Mr. Kirkpatrick, Acting Director, Amaki Research Institute; Mr. Harvey, Senior Agronomist (Office in charge, North Western Circle); and Mr. H. Bennett, Secretary, Kikuyu Planters' Association.

The following officials were also attending the meeting: Messrs. Bell and Trout (Kikuyu Planters' Association); Mr. Goodall (West Meru Planters' Association); Mr. J. J. F. (East Meru Planters' Association); Mr. Stewart (Tanganyika Planters' Association); and Mr. Amos Mwanza (Nyanza Native Planters' Association).

Curing Work. Applications from various tenders for a house to erect coffee curing works at Mombasa were considered, and it was decided that—subject to certain conditions—the house should be granted to Messrs. Markson and Fleming.

The Board reviewed in some detail the building plans submitted for staff, and the proposed programme of research for the Coffee Experimental Station at Kibogho.

The members of the Board took the opportunity of expressing their thanks to the Colonial Development Advisory Committee for the grant of £25,000 free of interest charges for the first year's maintenance of the Experimental Station.

CHANGED STATUS OF ENTOMOLOGY.

Earl of Crawford and "Bug-Hunters."

The entomology section, designed by the late Lord Crawford, has been re-constituted under the leadership of the Earl of Crawford and Earls in East Africa.

The bug-hunter was depicted as a man who was not only a hunter but also a collector of insects.

How changed is the status of the entomology section in East Africa since the death of the late Lord Crawford?

CONGRESS OF WORKMEN BROKEN UP.

Priests Assaulted.

HERR VON PAPAN AMONG THE DELEGATES TO THE CONFERENCE.

The Nazis in Germany after attacking Communists and then Jews turned their attention to Catholics, and a congress of Catholic workmen at Munich was broken up. Among the delegates to the congress was the Vice-Chancellor Herr von Papan who is himself a Catholic. He hastily left the meeting when the trouble started.

It happens that the Nazis objected to the Catholic delegates wearing uniform and set on them in the streets. One man died as a result of injuries received. Onslaught was also directed against priests.

Celebration of Mass Prevented.

The Catholic Congress of Approach and Adoration was broken up today by the violence of the Nazis and thousands of delegates including the Vice-Chancellor Herr von Papan. The Nazis are alleged to have dispersed the delegates wearing uniform and set on them in the streets. One man died as a result of injuries received. Onslaught was also directed against priests.

An all-cleansing Foam
 that surges into every crevice and interstice of all your Teeth.

No toothbrush ever made can reach the real danger spots of your teeth. But the all-conquering foam from Gibbs Dentifrice invades every nook and cranny, every tiny crevice, where germs lurk, food deposits cling and decay starts. Every one of your thirty-two precious teeth is polished to natural pearl-like beauty for Gibbs Dentifrice cannot scratch or wear the enamel. It contains no animal fats. It is a purely vegetable product.

Buy a case of Gibbs Dentifrice for each of your household today. Use it three times a day. Visit your Dentist twice a year for examination, so you will ensure a lifetime of sound, beautiful teeth.

Unsteady Defence.

Service backs were still very steady but Rowson and Timms were playing very well and getting the ball away as a half back should.

Second Half.

Service started off with a purpose and for a time Rowson was kept busy. Smith, however, missed a strike with one ball but the keeper to beat from about fifteen yards.

A Penalty.

Y.M.C.A.'s second goal came from a penalty in a mile to the "red" pillar.

A Commentary.

Pyrene is a much better than in previous games. Thoroughly deserved their win. Although many chances were lost on both sides they were always the more aggressive lot.

GREATEST INTERNATIONAL GATHERING IN HISTORY.

Over 80 States Represented.

DETERMINED TO FIND SOLUTION TO DEPRESSION.

THE WAR DEBT TO AMERICA.

Engaging Attention of Cabinet.

Note to Washington.

STATEMENTS BY COMMONS ON TUESDAY.

[By Wireless.]

London, June 10. Today's issue of the Cabinet, which listed two subjects, one of which was a full statement on the subject of the war debt question, is considered the most important which will remain under consideration in a further meeting held only next week when depression will be taken.

The June Installments.

London, June 9. It is expected that a note, embodying the Government's views on the subject of the June installment will be sent to America during the week-end.

Further Discussion.

London, June 9. The United States war debt question which was considered at a meeting of the Cabinet yesterday afternoon, is still the subject of conversations with Washington. It is anticipated that a further meeting of the Cabinet will be held on Monday or Tuesday morning.

Arrival of Delegates.

London, June 10. The work of preparing the new exhibition at the Royal Economic Conference was completed today. Among the equipment is a number of 25 amplifiers. Practically all the delegates have now reached London.

Conference Procedure.

London, June 10. It is anticipated that the World Economic Conference, which opens on Monday afternoon, will sit daily thereafter from 9 a.m. until 6 p.m. The procedure at the Conference still remains to be definitely settled, but it is thought probable that any suggestions brought forward during the debate will be examined and collated by the Conference on Tuesday afternoon, and the results to be laid before the Conference will be framed accordingly.

French Attitude.

Paris, June 9. Discussion of the French attitude to make the World Economic Conference a success was the subject of the President's address today. He said that France's confidence in the conference was not shaken by the manipulation of gold in the United States.

America Confident.

Washington, June 9. The American Secretary of State Mr. Cordell Hull is expected to state that the World Economic Conference is a success and that the United States will not be forced to take any separate action if there was not enough international progress in dealing with economic evils of the world.

The new Gladiator monoplane in South Kensington, where the Royal Air Force is being fitted out by the Ministry of Air. At the Conference 1,500 delegates from more than 80 States will be present.

THE STOCK MARKET.

Effect of the German Memorandum.

London, June 10. The Stock market closed today with a tendency to some nervousness, but it was generally steady. The market was slightly easier with War Loan 2 1/2 per cent. at 104 1/2.

Land Bank To Have Further £260,000.

ANNOUNCEMENT BY THE SECRETARY OF STATE.

£300,000 Loan.

The East African Standard

London, June 10. The Secretary of State has authorized the immediate raising by the Land Bank of a loan of £300,000. Of this sum £260,000 will be made available for the Land Bank and £40,000 as a loan to local authorities.

The announcement follows closely upon a statement made by His Excellency the Governor a few days ago, to the effect that he had great hopes of securing £200,000 for the Land Bank in the immediate future.

Early Meeting of Council.

London, June 10. The Secretary of State for the Colonies has authorized the immediate raising by the Kenya Land and Agricultural Bank of a loan of £200,000, which will be used in the manner—

Conservative's Request.

London, June 10. The Conservative Party has requested the Government to consider the possibility of arranging for the issue of £200,000 for the Kenya Land and Agricultural Bank. The Government has agreed to consider the request.

It is now set for the greatest and most important international conference in the history of the world, when delegates numbering 1,500 representing over 80 States will meet to-day at the opening in London of the World Economic and Monetary Conference.

The proceedings will be formally opened by His Majesty the King, and the President of the Conference, Mr. Ramsey MacDonald will be the first speaker.

The opening ceremony will be broadcast throughout the world, while among the equipment inside the Conference chamber is the installation of 25 amplifiers.

The determination of the delegates to do everything possible to make the Conference a success and to reach a solution of the problems at present facing the world, is believed to be the main aim of the delegates.

Practically all the delegates have arrived in London, including General J. C. Smuts, who reached Craydon by the Imperial Airways machine on Saturday morning.

BETTER USE FOR MAIZE STALKS.

REVIEW OF EMPIRE COTTON GROWING.

A TRANSPORT PROBLEM

The following article on better use of maize stalks appeared in the May issue of the *South African*. As a result of the drought the growing in many parts of the summer crop and stockfeed for the winter extremely scarce. On many farms maize stalks are the chief winter feed and the general practice is to grow them off after the crop has been reaped. But it has been suggested to certain authorities that the stalks should be cut into small pieces and blown away and another fourth trampled under or other means used. Moreover the nutritive value of such maize stalks that have been exposed to wind and weather for some time is about 25 per cent lower than that of stalks cut at an earlier stage and stacked.

A good method which facilitates their use being made of maize stalks as a winter stock feed is to cut them into small pieces and blow them away and another fourth trampled under or other means used. Moreover the nutritive value of such maize stalks that have been exposed to wind and weather for some time is about 25 per cent lower than that of stalks cut at an earlier stage and stacked.

Research and the Levy

Turning to the research work of the Corporation and the Levy, it is said that the genetics department had been undertaking important work with regard to the stalks that might be particularly suitable in certain climatic conditions in Africa. The seed now being tested at their Agricultural Station in Northern Rhodesia, as a new series of experiments are being initiated to curtail the work of their experimental agricultural stations in Africa. The seed now being tested at their Agricultural Station in Northern Rhodesia, as a new series of experiments are being initiated to curtail the work of their experimental agricultural stations in Africa.

Referring to the removal of the levy, he said that on this subject there was unanimity of opinion in the House of Commons. He thought he might be able to draw from the Commission that confidence in the work of the levy which the corporation was expected to carry out in the course of the report.

In face of the prevailing economic conditions, it may be remarkable at first sight that the crops of 1932-3 from the Egyptian Nile fields that are being reaped on record. The explanation, however, is to be found in the penetrating effect on the total output of the crops of two countries, Uganda and the Anglo-Egyptian Sudan, which last year between them averaged over 90 per cent of the wheat crop of 1932-3.

The **Empire Fields**. Dealing with conditions in the different countries, it is stated that the cotton forecast for the year 1932-3 showed an average for all India of 22,536,000 bales, an estimated total of 4,316,000 bales. This is a decrease of 4 per cent on the year but an increase of 11 per cent on the yield compared with the total harvest for the year 1931-2.

"ON THIS DAY."

First Order of the new approved June 10, 1933. Has anyone ever wondered why the world is so full of trouble and suffering? The answer is simple. It is because we are not using the best of what God has given us. The Bible says, "The Kingdom of God is within you." It is not a matter of luck or chance, but of the use of the things that God has put in our hands. The Kingdom of God is within you. It is not a matter of luck or chance, but of the use of the things that God has put in our hands.

Suez Canal Dues

East Africa is increasingly interested in the canal, particularly in the light of the recent lifting of the restrictions on the canal for traffic to and from Europe, so that there must be widespread approval of the canal's reopening. At the present time the canal is closed to all traffic, and it is in the interests of the East African territories to see that the canal is reopened as soon as possible.

The canal is a vital link between the East African territories and the rest of the world, and it is in the interests of the East African territories to see that the canal is reopened as soon as possible.

R.A.F. SERVICE FLIGHT.

(Continued from page 1)

This section for the first time is into action. The unit was formed in 1918 months ago, with 100 in the person of Squadron Leader Nyam-Beta. There are about 20 members, many of whom are military and air force personnel.

Administrative.

Members of the R.A.F. unit cooperate with the unit by taking into consideration the financial position of the Government. The overall of the flights is the most important of the unit and includes in the direction of the Nyam-Beta unit. The unit is now in the process of organizing a flight school for the purpose of training pilots and instructors.

Air Mail.

The R.A.F. machines carried the first air mail in Nyaland which included the following:- The King The first was from Kenya to London. The other from London to Kenya. There was a special case of stamps, but which was not included in the regular air mail service.

CONTROL ORGANIZATION OF THE RAILWAY.

(Continued from page 1)

during a debate in the Kenya Legislative Council on the proposed Railway Order in Council, and recently quoted by the Colonial Secretary in debate in the Kenya Legislative Council.

The Uganda Railway.

The Uganda Railway and its extension serve mainly the Colony and Protectorate of Kenya and the Protectorate of Uganda. It cannot be separated from the economic and administrative structure of the Kenya Colony and its extension into the Protectorate of Uganda.

The Kenya Mail.

The Kenya Mail has been in operation since 1914. It was succeeded in 1924 by the Kenya and Uganda Railway. The mail is carried by the Kenya and Uganda Railway. The mail is carried by the Kenya and Uganda Railway.

No Middle Course.

The railway matter has been the subject of a long and heated discussion in the Kenya Legislative Council. It is clear that there is no middle course between the two main proposals.

Expansion of the working of the Railway Order.

The expansion of the working of the Railway Order in Council and of the Uganda Order of 1927 together with recent expansion of the railway system in other parts of the world has served to increase the demand for the services of the Kenya Railway.

ENTERTAINMENTS.

BEWARE OF THE HIGH COST OF LOW PRICES OF OILS. The cheaper the oil, the more it costs you in the end. For cheap oil leads to expensive breakdowns. No engine, however finely specified, can withstand the constant strain of inefficient lubrication. Sooner or later something is bound to go, and then the money you "saved" on oil won't go far towards your repair bill. Don't be misled into thinking "any oil will do." Insist on Castrol - the safe oil - the oil that 239 leading motor manufacturers specify and recommend. IT'S CHEAPER AND SAFER TO RELY ON. THE MOTOR MART AND EXCHANGE LIMITED. Mombasa - Nairobi - Nakuru - Eldoret - Dar-es-Salaam.

ADVERTISING AND OPPORTUNITY

COME TO TEACH COME TO LEARN From July 17th to 22nd, there will be assembled in London at Olympia—the most modern Advertising and Marketing knowledge and material ever collected beneath one roof. You will learn how scientifically applied advertising in the Home country is revolutionizing sales. Individually you will "pick up" much to adapt and adapt to your own specific local purposes. In the Empire Section of the Exhibition your account of the opportunities overseas will be of supreme value to the exhibitors and Advertising Agent. At the Great Convention, based on "Advantage and World Recovery," mass of practical experience will discuss on matters of most interest commercial selling and publicity. Come with your organization. It is the primary purpose of the Exhibition that by personal contact and by mutual exchange of opinions with Principals we may help each other... and learn.

Even those who live in remote spots, far from electric mains, may enjoy, economically, volume and quality equal to that of mains receivers if they install a Maxwell battery Super-heterodyne. This receiver operates on the new Quiescent Push-pull system which gives enormous output with an H.T. consumption of only a few milliamperes. Thus an ordinary sized battery will last much longer than usual.

Gramophone pickup sockets are standard on all models and high output volume and quality are now available where before they were impossible without excessive H.T. consumption.

HOW TO TAKE CARE OF OUR ANIMALS

(1) The Dog.

Your dog should be brushed thoroughly every morning to get rid of loose hair. Brushing will keep your dog clean and will help in getting rid of dirt and dandruff. It is also a good idea to give your dog a bath once a week.

Dogs love themselves as much as you do, so take good care of them. They will love you if you love them. Give them plenty of exercise and keep them healthy.

Next Month's Competition. It has been suggested that a useful and interesting competition would be to give a prize to the best mail bag for collecting for the N.P.C.A. There are lots of ways in which such prizes could be made. You could get a book or a good quality pen or a pair of shoes.

Officers Competition. We have now come to the end of the year for adding up the marks for the officers competition. The marks for the officers are as follows: ...

Effect of Suez Canal Dues on British Trade.

HEAVY BURDEN ON PRODUCTS FROM EAST AFRICA.

Ten Per Cent. on Sisal.

PROTEST OF THE JOINT EAST AFRICAN BOARD.

At the May meeting of the Joint East African Board a resolution was adopted protesting against the inclusion of the Suez Canal, which, it was stated, placed a heavy burden on Empire producers in the East, including the East Africa, and also on British exporters to the East.

It was pointed out that ten per cent. of the value of sisal from East Africa went in dues to the Canal Company, while Welsh coal paid 57 1/2 per cent.

During the course of the discussion it was stated that during the last 10 years nearly 70 per cent. of the gross receipts of the Company had been distributed in dividends an average of 40 per cent. on capital. The rates charged were 40 per cent. higher than those on the Panama Canal, which cost two and a half times as much to construct.

Another difficulty was that while the British Government held 46 per cent. of the shares under the Company's Statute no single shareholder had more than 10 votes. Thus possession of 250 shares entitled a shareholder to an equal number of votes as the British Government which held 176,000 shares. Thus Britain was deprived of an effective voice in the control of the canal.

Rate Reduction Demanded.

London (By Air Mail).—The British Government has announced that it is prepared to reduce the rate of dues on sisal from East Africa from 10 per cent. to 5 per cent. This reduction is being made as a result of the fact that the British Government has acquired a controlling interest in the Panama Canal. The new rate of 5 per cent. is being made as a result of the fact that the British Government has acquired a controlling interest in the Panama Canal. The new rate of 5 per cent. is being made as a result of the fact that the British Government has acquired a controlling interest in the Panama Canal.

Distribution of Profits.

It is stated that this memorandum was a preliminary piece of work and that he was preparing a book on the subject which would be published in October. He said that during the last ten years 70 per cent. of the gross receipts of the Canal Company had been distributed as dividends 10 per cent. on capital and 20 per cent. on the 10 per cent. on capital. The new rate of 5 per cent. is being made as a result of the fact that the British Government has acquired a controlling interest in the Panama Canal.

Detail Charges.

Mr Arnold Wiann gave some striking illustrations of the influence of the change on certain commodities. Sisal from East Africa would be 50 per cent. more expensive than sisal from the United States. The cost of sisal from East Africa would be 50 per cent. more expensive than sisal from the United States. The cost of sisal from East Africa would be 50 per cent. more expensive than sisal from the United States.

Another remedy would be for shipping throughout the world.

JUVENILE CRIMINALS AT NOMBASA.

Indian Children Form a Gang.

THREE BURGLARIES.

Twelve Indian children, between the ages of 8 and 15 years have been arrested in Nombasa on charges of abducting and robbing. They had apparently formed a "gang" and were operating in Nombasa Old Town.

On the night of May 20, the premises of the Nombasa Telephone Agency store in Nombasa, Nombasa, were entered by sneaking through the windows. Three motor cycles and some boxes of soap were taken. Footprints appeared in the sand. A number of juveniles were found and subsequent police investigations led to the arrest of seven Indian children. The motor cycle taken was recovered from an Indian boy when they had sold them. A charge of receiving stolen property is being preferred against them.

Further arrests. During the night of May 20, the shop of Kapa Hiji Shab was broken into by force. A window and several tin boxes containing Indian children's clothing were thrown down as Arab will. The children are being kept in the Nombasa Prison.

On the night of May 15, the store of the Government Commission in Nombasa was broken into. A revolver and three blank cartridges were taken. The children are being kept in the Nombasa Prison.

Even those who live in remote spots, far from electric mains, may enjoy, comfortably, volume and quality equal to that of mains receivers if they install a Maxon battery Super-heterodyne. This receiver operates on the new Quiescent Push-out system which gives enormous output with an E.T. consumption of only a few milliamperes. Thus an ordinary sized battery will last much longer than usual.

Substantial Decline in British Unemployment.

ENCOURAGING FIGURES FOR MONTH OF MAY.

Lowest for Fourteen Months.

IMPROVEMENT IN POSITION NOT ENTIRELY SEASONAL.

An improvement in British trade and industry is indicated by the substantial fall in unemployment figures during the month of May, according to Ministry of Labour statistics.

With the exception of coalmining, almost every industry in Britain increased its number of employees during the month 123,000 more were in work than during the previous month.

The encouraging feature of the increase in employment that it is not purely seasonal.

The East African Standard THURSDAY, JUNE 8, 1965

Sir Edward Grigg's Candidature.

It is an often fact that Kenya is so deeply interested in a House as the man in the street is interested in a game. This is not surprising for the man in the street is interested in a game. This is not surprising for the man in the street is interested in a game. This is not surprising for the man in the street is interested in a game.

GET A REAL DUCO JOB

When you have your car repainted.

MILLIONS of new cars are finished with Ducco because their makers know that Ducco is the finish a good car ought to have. So, when the time for repainting comes, good judgment says 'Get a genuine Ducco job. Just say finish' will never do. There is only one Ducco, and it has become so famous that other finishes are sometimes offered as Ducco. For your own protection therefore, insist upon Ducco—real Ducco—with your choice of all the smart Ducco colours. Be happy with your restored car. There's money, too, for Ducco is long-lived.

YOUR GARAGE-OWNER WILL GIVE YOU AN ESTIMATE FOR A COMPLETE REFINISHING.
