The new way of all records reproduces the old "carbon-let" or ledger methods. Makes crystal clear facts, which, unless arranged on Roneodex, are obscure and difficult to arrive at. Arrange other advantages. Roneodex gives you control over every stage of your work, and enables you to see at a GLANCE: (1) Those accounts which have not been settled for any particular and difficult to arrive at. (2) Those accounts which are not at a glance. (3) Those goods which are not moving. (4) Those goods which are dangerously low. (5) Those which are heavily overstocked. **Works Saved.**—You can see at a glance:— (a) Exact progress of any piece of work at every stage; (b) All in hand or unexecuted,

A unique system of Coloured Signals automatically prints out as you see the vital facts. Call and see the Roneodex in actual use at: STANDARD STATIONERY STORES, NAIROBI

### TELLING THE TALE.

#### A Depressing View of Nairobi.

"A. C. J." of Mado, has been writing his impressions of Kenya. His first had been published in the "Glasgow Evening Times." This is what he has to say of Nairobi:

"Nairobi is a very disappointing place as you enter the smoking rubbish heaps, old tin shacks and paper crumblers—all you enter the station, which is quite a fine one and exactly main street."

"Nairobi has just been called 'Glasgow' but the name 'St. Francisco' given by would with it last—namely, 'The City of the Golden and the Deal,' for in crossing the streets it goes on and on and you feel dead! There are on an average between 30 and 40 automobiles in Nairobi districts per month! You can wonder round all the shops an hour, and if you want to see the Indian Bazaar—be advised to do it during the afternoon."

### SOUTHERN INDONESIA'S MINERAL RIGHTS. Wise Decisions to Buy Royalties.

#### LONDON COMMENT.

The purchase by the Government of Southern Rhodesia, of the mineral rights held by the Chartered Company, created much interest in British financial circles.

"The Financial Times" in the course of a leading article recently said—

"Any claim that the terms of the projected deal between the Southern Rhodesia Government and the British South Africa Company were severed with enthusiasm would be justified. On the whole, nevertheless, it is a share in the price of the deal, the moderate satisfaction was felt."

The fact that £2,000,000 is a reflection that the transaction is to be for cash—and may discount the future of the company makes appreciation of the Northern interest affected from the Southern. Mineral rights, concessions, land and land rights in those two territories, together with Nyasaland and Bechuanaland, are valued at £4,311,600, while the net product of mining royalties, profits and fees was £12,850 for the year ended September last.

Other Assets. Completion of the deal would, of course, denote the company of all possible. It would retain, probably, the newer, but probably potentially richer, reserves of tin in the Crown Colony of Northern Rhodesia, where some of the assets would be affected. Other developments have been slow down in that area by continued world demand, but it would be surprising if in due course, they did not show themselves sufficiently profitable of income to compensate for the loss of the more fully developed mineral resources of the Southern neighbour.

A Wise Decision. From the standpoint of the Government and people of Southern Rhodesia, the proposed purchase of mineral rights has almost everything to recommend itself. South could see much more readily handled by a Government buying for all the people than when payments have to be made to a private company which in turn pays to the holders of mineral rights. Some claim holders have held their royalties for which the Government is making the highest Court that was proposed position which would be shared up by carrying the sale to investors would reveal any

### BULLION BY AIR. Alleged Negligence Claim.

Bullion valued at £4,425, which was alleged to have been carried by air in a compartment secured only by one lock and a strong locking, was the subject-matter of a claim submitted to Mr. Justice MacKinnon in the King's Bench Division, a few days ago.

Bliss, the Indian Agent of Bank-astor, Backlund, and Imperial Airways, Ltd., for damages for the loss of the bullion.

The defence was that the bullion was conveyed at sender's risk. They denied the negligence alleged.

Mr. A. T. Miller, K.C., for the plaintiff, explained that the case came before the Court for the decision of a preliminary issue: Were Imperial Airways freed from liability by the terms of the contract of carriage, even assuming that a shipper, called "Saturnus," in which it was loaded at Tientsin, had not been reasonably fit to resist thieves and that the bullion was lost for that reason by some other negligence?

Mr. Barends, K.C., for Imperial Airways, said that probably the bullion never got as far as the sea-ports. Tientsin. He submitted that, even assuming this gold was lost in flight, Imperial Airways were relieved from liability by the terms of the contract of carriage.

He submitted that even assuming this gold was lost by negligence, Imperial Airways were relieved from liability by the terms of the contract of carriage.

Mr. Justice MacKinnon said that whatever facts might be proved at the trial, Imperial Airways were protected by the terms of the contract in respect of the only liability that rested on them. He therefore decided the preliminary issue in their favour.

It was intimated that there would probably be an appeal.

### WEDDING HYMN AT FUNKER. Death of Mrs. George Lansbury.

[\*STANDARD'S CORRESPONDENT.] (By Air Mail.) Mrs. Lansbury, the wife of George, died last week, and the funeral was held on Monday.

She was 80 years of age. Her husband was 70 years of age. They were married in 1880. They had four children. She was a member of the Wesleyan Methodist Church.

The wedding hymn "O perfect love, all human thought transcending" was played at the service. And the organ played the hymn "O perfect love, all human thought transcending" was played at the service.

Mr. Barends, K.C., for Imperial Airways, said that probably the bullion never got as far as the sea-ports. Tientsin. He submitted that, even assuming this gold was lost in flight, Imperial Airways were relieved from liability by the terms of the contract of carriage.

### SIR COSTERMONGER. Son-in-Law of Former Governor of Kenya.

[\*STANDARD'S CORRESPONDENT.] London, April 11. Sir George Costermonger, Baronet, of Cole Orton Hall, Leicestershire, has formed a company, says the "Evening News."

With his partners he drives in a motor-car round the villages of his home and sells by retail vegetables and flowers from his garden. This was to be the village every Thursday and Friday, and will be held in the local market.

Sir George Costermonger is 82. He used to be known as the "Bullseye" because of his blue eyes which he lost ten years ago. He was married to Mrs. George Costermonger, daughter of General Sir Edward Stanley, a former Governor of Kenya (1897-1901).

The lineage of the Baronet family is extremely old. Henry of Beaumont, one of Sir George's ancestors, who lived in the time of Edward the Confessor, was granted the title of Baron of Beaumont by King John of Jerusalem, and was a member of the House of Commons.

#### A Depressing View of Nairobi.

"A. C. J." of Molo, has been writing his impressions of Kenya. He has had some published in the "Olden Evening Times". This is what he has to say, of Nairobi.

"Nairobi is a very disappointing place. In your eyes the ordinary, ordinary things, old tin shacks and waste paper everywhere—all you enter the station, which is quite a fine one and certainly managed."

### SOUTHERN RHODESIA'S MINERAL RIGHTS.

#### Wise Decision to Buy Royalties.

LONDON CORRESPONDENT.

The purchase by the Government of Southern Rhodesia of the mineral rights held by the Charterred Company, related much interest in British financial circles.

The "Financial Times" in the course of a leading article recently said—

"Any claim that the terms of the projected deal between the Southern Rhodesia Government and the British South Africa Company were revealed with enthusiasm would be unjustified. On the whole, nevertheless, in the course of the price of the shares it is to be taken as an indication, moderate satisfaction was felt. This arose from the reflection that £2,000,000 is a good deal of money—the transaction is to be cash—and may diminish the dependence of the republic on a good way ahead. Neither the balance-sheet nor the profit and loss account of the company enables verification of the Northern interest affected from the Southern. Mineral rights, concession land and land rights in these two territories, together with Nyasaland and Bechuanaland are valued at £4,111,000, while the net proceeds of mining royalties, rents and fees was £122,900 for the year ended September last."

Other Assets.

Completion of the deal would, of course, mean the cessation of all royalties. It would not, notably the sewer, but probably potentially richer, source of income in the Crown Colony of Southern Rhodesia, where some of its assets would be affected. Copper developments have been discovered in still areas by untoward world conditions; but it would be surprising if in due course they did not show themselves sufficiently productive of income to compensate for the loss of the more fully developed mineral resources of the Southern Rhodesia.

A Wise Decision.

From the standpoint of the Government and people of Southern Rhodesia, the proposed purchase of mineral rights has almost every thing to commend it. Such assets are much more readily handled by a Government acting for all the people than when payments have to be made to a private owner, which is important to a large part of human nature. In point of fact, the Government of Southern Rhodesia has the Charterred Company and the present and all necessary returns made to investors would reveal any

### BULLION BY AIR.

#### Alleged Negligence Claim.

Bullion valued at £4,425 which was thought to have been carried by air in a compartment reserved only by one lock and a strong latching, was the subject-matter of a claim mentioned to Mr. Justice MacKinnon in the King's Bench Division.

### WEDDING HYMN AT FUNERAL.

#### Death of Mrs. George Lansbury.

[\*STANDARD \*CORRESPONDENT.] By the Mail.

Mrs. Lansbury, the wife of George, died last week, and the bereaved husband, who is personally very popular, and should be better of conditions, including one from the King and Queen, Factory girls, working women, housewives and infants, lined their ranks. E. for the funeral.

The purple drapery which was borne by the coffin from the humble little yellow brick house 500 yards away. No morning was seen. Only Mr. Lansbury's own white shrouded face spoke of death as he followed his wife up the aisle of the church, with bowed head almost touching the coffin.

The wedding hymn of perfect love all human thought transcending was played at the service. And the organ played the Hallelujah chorus as the coffin was carried across the aisle. About 200 people were present. A hundred vestal girls, in the same white-crested frocks, from the St. Margaret's, St. Andrew's, St. Paul's, St. James' and St. John's churches, were present. The police station and men all looked on. They had all been invited. The hymn was sung by the choir of the church. The hymn was sung by the choir of the church.

MAURICE CHEVREUR. The Incomparable Film Star, entrusts his voice to the filter tip

YOU, TOO, will find du Maurier the coolest, cleanest and most satisfying cigarette in the world...

Although the impurities that exist in tobacco leaf are, of course, removed during manufacture, this is not enough because it is only on burning the tobacco that the real causes of throat irritation and smoker's cough are developed...

The du Maurier filter tip alone can do this as it contains the one substance known to science able to retain them.

The favour of the Virginia leaf is definitely enhanced—prove it for yourself to-day.

MAURICE CHEVREUR writes: "The subtle truth of a voice conveys the elusive quality of personality. This is true not only of singers, but of all whose voice is a social asset."

The excellent du Maurier cigarette, with the clever filter tip, is the most delightful of "smokes"—quite free from any irritation which might cause hoarseness, or detract from the brilliance and charm of one's voice."

PREPARING FOR THE RAINS.

The immediate work in the preparation of the soil for the rains is the sowing and planting of crops... The roller should be used frequently, as this helps the grass to grow and keeps it green much longer by harrowing the surface, thus preventing evaporation.

As there will be plenty of other spots. If deep earth and manure are available very interesting hybrids may be obtained by judicious fertilization which is quite simple, providing that the soil is not too dry for a few days... Do not do it in the dry soil, but wait until the soil is moist and then there will be few failures.

For more nurseries and manure on the spot now while the earth is dry for the sowing roads and lawns being cut up. Also send your mowing machines to be repaired and sharpened... Do not spare the oil for the machine will last longer if the bearings are greasy and frequently oiled.

All colors may be experimented with but yellow, green the most popular and therefore the usual sowing cross will be between these two... Charles Mallory William Turner, April 23, 1933. France to Remain on Gold Standard.

BUT TO RAISE TARIFFS IF NECESSARY.

Reply to American Action.

SILVER TO BE ACCEPTED BY U.S.A. IN PART PAYMENT OF DEBTS.

The currency inflation measure has been introduced into the American House of Representatives and will later go to the Senate. Under its provisions, the gold content of the dollar will be reduced, while silver will be accepted up to the value of a hundred million dollars, in part payment of war debts.

Meanwhile France has definitely decided to remain on the gold standard in the hope that all countries will revert to gold as soon as possible. Any possible American commercial invasion, as a result of the new currency policy of the United States will be met by the raising of tariffs.

Mr. Herriot who is at present in Washington for the economic discussions, has been instructed to urge more tightly on the French Government that it should have been fought out. He has also been advised to do everything in his power to expedite the calling of the World Economic Conference.

In view of the fact that the United States has reduced the gold value of her obligations, the German Government now claims the right to repay in paper dollars her debts to America, which were contracted in gold dollars.

The Republican Party in America is opposing the currency inflation measure, while in view of the fact that the Labour is demanding an immediate increase in wages.

New Claim by Germany.

The Reich Bank Commission has announced that it will support the proposal of the Reich Ministry of Finance to issue new Reich marks to be used in Germany.

THE CURRENCY MEASURE.

Gold Content of Dollar to be Lowered.

The inflation amendment to the Farm Bill will authorize the President to enter into an agreement with the purchase of three thousand million dollars of Government bonds to be held by Federal Reserve Banks for special purposes of the Government.

Republican Opposition.

THE FRENCH ATTITUDE.

To Remain on the Gold Standard.

Following a meeting between the French and the American Treasury Secretary, the French Government has decided to remain on the gold standard.

The Stock Industry.

JERSEY vs. FRIERIAN.

To the Editor, "E.A. Standard." Sir—Anyone with even a slight knowledge of the Jersey will agree with "Jersey Brooder's" opinion...

But when many people in this country go wrong in thinking that the Frierian cannot give a big yield from a good better per centage...

Facts must speak for themselves. (1) Frierians have won the open milking trials at the "Royal" for the last two consecutive years...

(2) Granting that the Jersey gives the higher milk yield in terms of quantity of milk which is the better proposition to the man who wishes to sell cream and at the same time feed separated milk...

INCOME TAX—COST TO CONSUMER.

To the Editor, "E.A. Standard." Sir—In the many articles published in the "East African Standard" directed against the Characterisation of an Income Tax...

It is another phase of this...

confidential bill which we had hardly submitted before that it was the effect on the consumer...

Apert from the inevitable increase in the cost of living...

It would be simple, it has been suggested, that I believe, would be legitimized by any representative body of the people...

The great loss involved in the making out of accounts for Income Tax returns will not in practice affect the supposedly rich commercial or company class...

Immediately the withholding of the threat of Income Tax is removed this Colony may not sell itself, but it would be more, and not necessarily as a result of these three years now...

W. G. HOODWAY, Nairobi, April 21, 1938.

COFFEE PRICES.

To the Editor, "E.A. Standard." Sir—In the last number of your paper to reach me, I was most interested to read a letter signed "Fierian High Priced" dated April 8...

It is of course the whole thing is a ruse; a ruse to prevent the consumer from being paid to the producer of coffee...

Ready in December last I sent to the Nairobi office, Citing Office, a small parcel of coffee; the parcel was chosen as it was offered to a Nairobi firm of buyers...

NEW INCOME TAX CAMPAIGN.

Consider the taxpayers' right to have a say in the matter of taxation. It would be better for the National Office to accept the tax proposed by the people than to allow them to enforce an unpopular tax in the face of their opposition.

Financial Control. Lord Francis declared that the financial committee must have been consulted, otherwise the Government should be held responsible for the statement made by the chairman of the committee (Mr. F. A. Johnson) that the financial committee had not been consulted on this matter. The speaker disagreed with the statement contained in Lord Roper's Report.

He also stressed the need for co-operation between the railways and the various companies operating on the main railway system of the Colony.

Kidnapping. Great faith was expressed by the speaker in the possibility of the Kenya government. He declared that the introduction of the new law in the Kenyan area was a step which was a single mile towards the goal of the Government, but that the Government had to be satisfied that the new law was reasonable and that the Government was not imposing a burden on the people.

Japanese Competition. The Hon. Lord Francis has referred to the increasing competition of the Kenya market by Japanese goods of price which is not to be found in the Kenyan market. He hoped the Government would be able to take steps to meet this competition as it was a matter which was of great importance to the Government.

HON. H. E. GUEST. A Letter to "The Times".

The Hon. H. E. Guest, M.P., who has recently returned from Kenya by air has written a long letter to "The Times" on the Income Tax issue. Captain Guest explains that the passage of the Income Tax Bill does not represent agreement by Kenya citizens with the proposal and that the approval given by the Legislative Council is merely that of the official obedient.

White mate in two moves.

PROBLEM No. 1424. By F. Koolbin, Munich. Black King.

White mate in three moves.

White mate in three moves. An interesting study. Black, having the advantage of Bishop and three passed Pawns for Rook, will certainly win if White is not very ingenious.

INTERNATIONAL MATCH. The following game, recently won by Burton-Elliott during the opening moves, shows how early one may run into danger while apparently playing for safety.

**OUTLOOK FOR CRICKET SEASON.**

**Return to Percentage System.**

**BARCLAY CLUB EXERCISES BOOMING.**

["STANDARD" CORRESPONDENT.]  
London, April 11. (By Air Mail.) It is understood that the Barclays Club will play no cricket during the forthcoming season. The directors in attendance have given a hopeful report that he will in time be able to play. The physical condition of cricket most summer would be likely to cause a setback. Disruption will be desired not to have only in order to give himself the fullest extent of complete recovery.

Lord Hawke was appointed Chairman of the selection Committee of the English cricketing authorities for the forthcoming year of the West Indies side, and it is likely to see at any time. The Stanley Jackson report to take into place. This was a decision of the Board of Control. The other members appointed were Mr. Henry Peckey and Mr. T. A. Hinson, with leave of absence for one year. Mr. P. F. Williams stated that he would not be able to serve on the selection Committee. The first two of the West Indies Test, at Lord's and Manchester, will be restricted to three days each, but that at the Oval will be played to a finish. If the rubber has not previously been decided.

F. J. Sheffield, the former Surrey fast bowler, has been selected for a two-month trial with the Kent County Cricket Club. He was a first-class cricketer for Kent at the end of last season. Sheffield declined the re-engagement terms offered by Surrey. It is expected that he will first play for a Kent team in April. This season's tour of the West Indies.

**County Championship.**

At the meeting at Lord's yesterday, the Advisory County Cricket Committee decided to return to the percentage system for choosing the County Championship. An out-throw will mean 10 points, with an out-throw of 100 or more, 15 points. In three games the first innings will give 50 points, and 100 in the event of a result on the first innings, the scores being equal. In the first innings, each side takes 100 points. Where there is a result on the first day, the side which scores under the laws on the first day, except that a side which has been first limited to 100 points has had 100 points. A side has had 100 points if it has scored on the first day, and 100 points if it has scored on the first day, and 100 points if it has scored on the first day.

C. stated that there are 100 points in the County Championship. Somebody grabbed his hat and went to the door. A number of people were knocked down in the crush. First-

### BRITAIN'S REPLY TO THE MOSCOW TRIAL.

(Continued from page 4.)

The following approximate figures show the value of imports from Russia last year:

Petroleum £2,200,000

Raw cotton £200,000

Wool £200,000

Grain £1,000,000

Timber £2,500,000

The Metropolitan Vickers Company expects that Messrs. Moskowitz, Cohnsky and Kerkovitch will leave Moscow to enquire and report on the situation in the Far East.

The return from Moscow of its legal adviser who may not travel with the engineering company has no further comment to make on the trial.

The company is satisfied that every effort is being made to prevent a continuation of the sensational account on Thorston and Madson.

The company continues the statement that all the sums due to date from the Soviet Government have been paid.

Messrs. Moskowitz, Cohnsky, Cohnsky and Kerkovitch are leaving for the Soviet Union to-morrow evening.

# Criticism of Native Criminal Procedure.

## EVIDENCE TO COMMISSION BY ARCHDEACON OWEN.

### Allegations Against Police.

Archdeacon W. E. Owen was the first witness to give evidence before the Commission which is enquiring into administration of justice in the three East African territories, when that body sat at Eldoret last week. During the course of his evidence which took some two hours, Archdeacon Owen criticized the present system of criminal procedure as it affected the African natives, particularly with regard to the language difficulties. He suggested that a higher standard of efficiency among interpreters of native languages and dialects would greatly assist in improving conditions. He added that it was also an exception to find a District Officer who knew the vernacular.

Archdeacon Owen further made a number of allegations of brutality and other improper acts against the police. After quoting several instances of alleged brutality, he said that if police headquarters made an effort to suppress assaults by askaris matters would improve.

The present method of appointing chiefs and headmen, was criticized by Archdeacon Owen. They were, he said, generally appointed by the District Officer, and tribal law and custom did not enter into the selection to the same extent as formerly. He said that it had been suggested that considerable influence was attendant upon the nomination of headmen.

### The Right of Appeal.

Archdeacon Owen said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal. He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal. He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal.

### INTERPRETERS. Criticism of Present System.

He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal. He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal.

### WITNESSES. Knowledge of Languages.

Witnesses admitted that it was probable that the present system of appointing chiefs and headmen was flawed. He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal. He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal.

### CHIEFS AND HEADMEN. Their Selection and Election.

In reply to questions from the Commission, Archdeacon Owen stated that the present system of appointing chiefs and headmen was flawed. He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal. He said that he had been asked to give evidence on the grounds of a technical flaw in the procedure of appeal.

### NAZI AFFRONT TO FRANCE. Paris, April 19.

Following a series of minor frontier incidents since the Nazis came into power in Germany, a serious view is taken here of an event to-day near Strasbourg. The German troops, flying the Swastika (Nazi) flag, sailed slowly along the French bank of the Rhine, while cinematographers on board filmed pictures of French military workers who were dispersed in German territory and went off in a motor car with their families.

END OF THE MOSCOW DRAMA

(Continued from page 1.)

Metrovichs, Cindry, Nordell and Greyevy are due in London in three days' time and the first thing they will do will be to interview Metropolitan Vickers.

IN LONDON. Long Night of Waiting.

London, April 28. Sir John Smeaton, secretary of State for Foreign Affairs and a number of high officials remained in the Foreign Office in London awaiting the Moscow verdict, but the majority of them were flushed by wireless to the Prime Minister, Mr. Ramsay MacDonald, who is on his way to Moscow.

It is understood that the Foreign Office kept a direct telephone open to Moscow all night.

COMPANY'S POSITION. "This Travesty of Justice."

An official statement, issued by Metropolitan Vickers declares that the company will continue to operate (Wednesday) the position arising from the judgment.

The statement continues that the directors of Metropolitan Vickers have no faith in the so-called evidence produced or in the validity of the alleged confession. As the present the company's concern is for the most affected and as such the legal representatives have returned from Moscow a detailed statement will be issued by the company in the near future.

Privy Council. London, April 28. It was officially announced at three o'clock this morning that a meeting of the Privy Council had been summoned for this (Wednesday) evening to be held at Windsor Castle for the purpose of con-

Privy Council Meets.

To Authorize Embargo Proclamation.

(By wireless.)

London, April 28. The King's Privy Council met at Windsor Castle this morning. The meeting, which was held at an early hour, was attended by, among others, the Acting Premier, Mr. Stanley Baldwin, and Mr. John Smeaton, secretary of State for Foreign Affairs.

By the termination last Monday of the Anglo-Russian Trade Agreement, the diplomatic mission of the Privy Council was being impeded.

Embargo on Russian Goods.

The terms of the proclamation, which the King signed this morning, will be issued during today.

It is understood they propose an embargo on specified goods representing about 90 per cent of the Russian imports into Great Britain and including petroleum, grain, raw cotton, timber and butter.

It may be recalled that the President of the Board of Trade, Mr. Walter Ransome, during a Conference debate on the Russian Goods (Import) Prohibition Bill, stated that the proclamation would be issued in the near future.

Thereon pleaded not guilty, and MacDonell at one time did the same, but was by some means induced to withdraw his plea.

The British Government still consider it their duty to use the power placed in their hands by Parliament to exact some reparation, as they are able to do so.

It is strongly felt in London that any inconsistency in such cases must be attributable to their experiences while in the hands of the O.G.P.U.

The Soviet Ambassador, M. Malin, was at the Foreign Office this morning.

By the termination last Monday of the Anglo-Russian Trade Agreement, the diplomatic mission of the Privy Council was being impeded.

Company's Statement. Messrs. Metropolitan Vickers announced a statement, which they are to-day considering the position arising out of the Moscow judgment.

"In the meantime," says the statement, "the company re-affirms its complete confidence in the members of its staff who have been the victims of this travesty of justice, and who are known to the company to be men of the highest integrity. The directors have no faith in the so-called evidence produced or in the validity of the alleged confessions."

"At the moment the company's main concern is the immediate relief of the company's financial position and as such it is not possible to return to Moscow a detailed statement will be issued by the company in the near future."

The directors again to assure the public of their deep regret at the ordeal which they are undergoing.

Press Comments.

Commenting on the Moscow proceedings the "Manchester Guardian" says as an example of the working of a judicial system, no trial has been a piece of make-believe and a purely arbitrary affair to our common sense of justice.

"The Daily Telegraph" comments on the procedure, "a trial of a type already familiar in Russian process and charged with chaos with a definite object. What all helps to do is to justify in the nature of the alleged political purpose underlying the proceedings—British Official Wireless Service."

DEATH OF FAMOUS ACTOR.

Freel Terry.

(By wireless.)

London, April 28. "The death has occurred of the veteran actor, Freel Terry, at the age of 66."

The late Freel Terry was a younger brother of the late Ellen Terry and a member of a famous acting family. He was a handsome actor, but although he was educated in France and Switzerland, his best acting was done in the English theatre, under the banner of the "Theatre Royal."

He was a member of the "Theatre Royal" and a member of the "Theatre Royal" and a member of the "Theatre Royal."

BEHIND CLOSED DOORS.

Discussion in Camera by Municipal Council.

"This is not a matter of legislation," says the last report issued by the Press to the Council behind them at the meeting on Tuesday of Nairobi Municipal Council. The Press and the ordinary members of the Council had been requested to retire following a motion duly carried.

The Deputy Mayor had asked should be brought forward.

"We should be glad," replied Councillor Green, "and then the Council should be glad to go into the matter."
