Dogs Lead Trail to Arab Arsenal

Jerusalem, Saturday.

The Palestine police believe they have discovered the centre from which illegal arms and ammunition have been distributed to the whole of the Jerusalem district.

Police dogs took to the spot where an Arab constable was shot followed a trail to a house with an apricot orchard and vineyard.

A number of revolvers were found, also detonators, gunpowder and tools for manufacturing bombs and cartridges.

The constable, who is known as Arab, has been arrested on suspicion, together with his brother.

A brother on the Jerusalem-Jaffa road has been slightly damaged by a land mine.

DESERTERS RIOT IN ISIOLO CAMP

NINE KILLED; OVER A SCORE WOUNDED

K.A.R. Hurt in Restoring Order

ERITREAN NATIVES FROM ITALIAN FORCES DISPUTE AMONG THEMSELVES

Rioting among Eritrean Native deserters from the Italian forces in the camp at Isiolok took a serious turn on Saturday night and nine of their number were killed and 27 wounded.

Troops of the King's African Rifles who are stationed there to guard the camp were compelled to interfere, and ten of the deserters were killed and 27 wounded.

Cause of the disorder is thought to have originated among the Eritreans themselves—perhaps over camp duties.

Disagreement Over Camp Duties

Women and children are interested.

There have been minor disputes between the Eritreans, arising from internal disorders. One cause of trouble since months ago was the willingness of a number to undertake camp duties such as sanitation, antimalaria control, the provision of water supplies etc.

Normal Work Resumed

The Government of Kenya has never attempted to compel the Eritreans to work but it has been expected by the camp authorities that normal camp duties will be carried out.

This camp must not be confused with the larger concentration camp at Mombasa, where over 6,000 Asians are held.

An official copy has been issued.

INCOME TAX

"Give It A Run" An Expensive Experiment

Table with 2 columns: Year, Expenditure to collect income tax. 1937 Budget: £49,000; 1938 Budget: £66,679.

Additional Expenditure to collect income tax (£49,000) ... £3,000

Additional Expenditure to collect income tax (£66,679) ... £6,679

And what about the increased cost of Printing and Stationery and Judicial Department which will amount to about £100,000?

ARE YOU SATISFIED? 1. To have no control over the amount of the way in which money is taken from you?

2. To endure the continuance of a disinclination to Kenya of direct contribution while admitting the amount of the tax?

3. To accept assurances and estimates from quarters that have proved over and over again proved wrong?

4. To submit to an unexpensive Income Tax for which there is no necessity as a first charge on your property and earnings ranking below (a) Payment of your just debts and (b) Development of your land and/or business?

5. That the thrifty and industrious should be prevented to provide ever-expanding Government Departments?

INCOME TAX IN KENYA IS UNPRINCIPLED, UNECONOMIC, INEQUITABLE, UNNECESSARY AND UNWARRANTED.

Like Uncle—Like Nephew

Blots on the Family Escutcheon

As with many film titles, "Dusty Erminie" is a bit ambiguous and less well-known than that of what the picture is all about. The picture, however, has been very successful in its own right. It is a story of a man who is the perfect secretary and his wife. The story is a bit unusual and the picture is very well done. It is a story of a man who is the perfect secretary and his wife. The story is a bit unusual and the picture is very well done.

Advance in Colour Photography

"The Trail of the Lonesome Pine"

Colour films are making great strides in the technical department and the results are better than ever. The picture "The Trail of the Lonesome Pine" is a good example of this. It is a story of a man who is the perfect secretary and his wife. The story is a bit unusual and the picture is very well done.

Nerve-health means SELF-CONFIDENCE

Self-confident men and women are simply individuals with abundant nervous vitality. Their physical make-up is such that they just naturally engender in themselves the self-confidence which imparts force to character. The less fortunate secretion which imparts force to character. The less fortunate secretion which imparts force to character. The less fortunate secretion which imparts force to character.

INCOME TAX

To the Editor, "E.A. Standard." Sir—Mr. Shabery's letter of the 2nd instant does not do the slightest degree to my assertion that by repeatedly quoting Lord Sunda's dictum that "Income Tax and Equity are strangers" the tendency is to make people think that it meant that Income Tax was an unjust and unfair tax...

Mr. Shabery goes on the grounds of the case, but he is no bearing on the dictum at all, and merely lays down that in that particular case the cost of removing the two cranes was not an allowable expense for Income Tax purposes...

In your paper of the 9th inst. you refer to the Legislature that such expenses should be disallowed, and Lord Sunda in his dictum merely intimated that whatever expense might be allowed it, he had no discretion and had to construe the wording of the Income Tax Act strictly according to the letter...

TO THE EDITOR, "E.A. STANDARD." Sir—In my letter to you of the 2nd inst. I stated that the Government of the adjoining territories and those of the adjoining Governments and the machinery the nation has set up to prevent capital and business being diverted from Kenya to adjoining territories or in this alternative is the worst and most illogical of all.

TO THE EDITOR, "E.A. STANDARD." Sir—A letter dated October 30, 1936, the Acting Colonial Secretary, Mr. J. G. Fitch, writing to the Chairman of the Elected Members' Representative Council in regard to the representation of the Elected Members as to Income Tax in the adjoining territories, that the Secretary of State would "not fall to give consideration to the views of the Elected Members"...

THE CIVIL SERVICE POLICE RECRUITS

TO THE EDITOR, "E.A. STANDARD." Sir—Recently the Kenya Police have been advertising for recruits and state that preference will be given to Kenya young men. Presumably I should be rather unwilling to persuade any one to join. The pay is small and apparently the chance of advancement very remote...

TO THE EDITOR, "E.A. STANDARD." Sir—I notice that your kind correspondent, who adopts the leave pseudonym of 'Animus', has again written a letter to your esteemed journal and regardless of my challenge that he should disclose his own name, animus takes refuge in the same subterfuge...

LOWER KARTE ROAD

TO THE EDITOR, "E.A. STANDARD." Sir—As a French subject my national pride has often been stung by justified British criticism regarding road conditions in French colonial territories. I therefore feel myself entitled to mention the fact, that man roads in such a state of decrepitude as the Lower Kabete road, mile 4 are rarely to be found, even in the remotest parts of our colonies...

BOMBS RAIN ON VENICE OF THE EAST

ISLANDS AND CANALS OF SOOCHOW UNDER FIRE

Japanese Threat to Nanking

CHINESE WITHDRAW BEFORE DRIVE OF NEXT OBJECTIVE

Their slow advance presaged by a heavy onslaught on Soochow, the Japanese are bent on their next great objective—Nanking—which observers say they may enter before Christmas.

A Venice of the East, Soochow is undergoing terrific bombing from the air in preparation for closer attacks to be delivered.

Along the canals of Soochow, the Japanese may drive the attack home by means of junks, of small craft, which they have fitted with engine-power.

"Hindenburg Line" Endangered

Japanese advance is being checked on the left bank of the Yellow River, as the result of the beginning of the winter. The Chinese are withdrawing from Lintao, which the Japanese have captured. The Chinese left Soochow, the result of which the Chinese left the city to the Japanese. The Japanese claim to have captured Soochow.

Japanese troops are moving towards Soochow. The Japanese are now using 200 tanks equipped with motor-power for the first time in the attempt to attack Soochow.

The Duke of Windsor on the Continent.

with 'American expert's' at their elbow.

Unfortunate Arrangements

Nobody seems to have told the Duke of Windsor what the working world thought of Mr. Belfrage and when it was announced that he was going to America there was not the least surprise that greeted Labour denunciations of the entire visit.

Moreover I think it very unfortunate that he played the main outline of his visit in the hands of a publicity agent. It is too, like to disguise the fact that the American paper was suggesting that this tour was a "come-back tour" by his wife.

"GAIL Mc HARD"

The New York Daily News, which has a circulation of 3,000,000, commenting on the Baltimore Federation of Labour's resolution against the tour, says: "Very little plain clearance has been achieved in this country, and we have very little, least of all, of the facts which would be required by a single well-aimed, telephone query from Paris. The leader, however, 'This is going to be good—'

PROCEEDINGS IN BANKRUPTCY

Supreme Court Examinations

Several bankruptcy cases were taken in the Supreme Court on Saturday.

Just before noon the Deputy (Mr. Justice) Mr. L. R. Fisher examined the long examination of an Italian, resident, Hingant Barn of Nairobi, an examination which had commenced the previous evening.

With liabilities shown at £80 and assets at £500 (the latter also reported to realize this amount), the debtor attributed a failure to realize losses, losses on loans and on a valuing plant. The examination was adjourned.

Discharge Granted

On Friday Mr. Philip Salford (London of India, formerly and at the time of his failure a ship's chandler at Mombasa, applied for and obtained a discharge from bankruptcy subject to three months' supervision. The Official Receiver did not oppose. The bankruptcy failed in 1935 with liabilities shown at approximately Shs. 6,000.

Liaisons of 172

A Cons. week, Francis Angwin (John of Nairobi), who had found a position showing liabilities at £72, intervened in Public Examination. He attributed his trouble to guaranteeing the debts of friends. The examination was closed.

Evidence by Merchant

The reading over of his evidence occupied two and a half hours of the Court before the Public Examination was closed at Noon. The merchant, an Indian merchant formerly with business at Mombasa and Nyet, and who had failed with liabilities shown at £700.

It is understood that the Official Receiver has further proceedings under consideration.

During the course of the examination—the debtor has been before the Court on several occasions. The complaint was made by an Official Receiver of the absence of an essential book which debtor had reported to be in his possession. It will be recalled that this is the case in which debtor on the books, an item upon which he was cross-examined at length.

NEW MOVES IN BUS SERVICES

Improved Time-tables

A new bus for the Nairobi service of the Kenya Bus Service will arrive on Saturday, this week and alterations in the time-tables will come into force next month.

Parliament resolved that it is intended to know that a new route starting from Harbidge Street will be opened on December 1. The bus will proceed via Government Road, West Road, Upper Road, Lower Road, through the Police Quarters road to Station Road, hence to the station, and to Mombasa Road to the terminus of the former Kenya Road service, returning via the same route.

To Aerodrome

As a result of the new Aerodrome Road has been completed the Company have decided to put on a small service of buses from Harbidge Street to the Aerodrome via Government Road, Workshop Road and East Africa Road, a service which will be much appreciated by members of the R.A.F. and others.

Other alterations in existing details of the changes will be announced by the Company in due course.

Visit to England

The Managing Director of Kenya Bus Services, Major K. H. Brown, who is also Managing Director of Overseas Motor Transport (E.A.) Co. Ltd. and a Director of C.M.T. (Commonwealth Transport) for East Africa, is to tour Europe.

Spray **FLIT**—the deadly enemy of insects

Don't let filthy flies pollute your food!

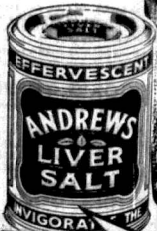

Why let flies spread germs over your food and then multiply your family's health, when it is so easy to kill these dirty pests with FLIT? It is so death for flies, mosquitoes, bugs, ants, and all other household insects—because it kills them on contact. It is so easy to use. It is so safe. It is so effective. It is so pleasant. It is so clean. It is so fast. It is so sure. It is so simple. It is so cheap. It is so good. It is so perfect. It is so... **FLIT always kills!**

The Andrews Liver Salt you have previously bought is better in most respects in this new **ECONOMY TIN**. You will henceforth be able to buy a full and economical tin is cheaper than ever before.

Andrews Liver Salt is unequalled in its direct action on the liver, it stimulates it to produce the bile necessary for digestion, increasing its flow and preventing the conditions which give rise to biliousness. A condition of pleasant-tasting effluence better Andrews' salt of a disagreeable, follows attack and prevents its disagreeable symptoms.

The action of Andrews is altogether different from that of other salines. It has a moderate stimulating effect on the bowel muscles, which induces its laxative action. Andrews' salt is the laxative action of Andrews' salt is young and old can take it with complete confidence and without fear of griping or purging. It also, constitutes

Remember—Andrews Liver Salt benefits every organ of the body. When you feel "be'twixt" it is useless—old-fashioned—no attempt to flag sluggish organs into activity by means of drastic purgatives, which merely make the trouble worse, and may make the taking of fresh purgatives a lifelong habit. Their lowered vitality must be restored gently, clinging impurities must be removed, and blocked passages cleaned in Nature's way, before they can regain their lost tone. Andrews, which is much more than "just another saline" effects this without irritating or harming. Taken regularly it will pack and keep you in a pink of health and, at any time, form a good refreshing health-giving drink.

BUY IT IN THE ECONOMY TIN

After years of patient research Andrews' Liver Salt is now sold in this **ECONOMY TIN**. It is better, more economical, and more available in this country, is **DIFFERENT**—containing the pleasant qualities of a refreshing saline with the properties of a laxative.

BETTER

because Andrews Liver Salt is sold in the tin nearly fifty years in Great Britain and the Continent, and is available in this country, is **DIFFERENT**—containing the pleasant qualities of a refreshing saline with the properties of a laxative.

THE IDEAL TONIC LAXATIVE

You will see the need to buy this **BETTER ANDREWS** in the tin, but Andrew's is better, more economical, and more available in this country, is **DIFFERENT**—containing the pleasant qualities of a refreshing saline with the properties of a laxative.

INDIAN AND ARAB ELECTORS New Registers Appear To-day

STILL TIME FOR CHANGES

THE, the Kenya "Official Gazette" of today's date will be published in the register of voters for the Indian and Arab electoral areas. At the same time formal notices have been given through the medium of the Press of the country that the original registers, so long as they remain open for inspection, at all reasonable hours of the day at the offices of the registering officers of the several electoral areas.

Reason for Delay In the publication is due to the fact that, under the new 1945 Electoral Ordinance, the voters of the Indian and Arab areas are to be divided into three electoral areas. The Western, which contains the most general election, the Central with a smaller electorate, and the Eastern, some 20,000.

NEW VIEWPOINT ON KENYA'S BUDGET

CRITICISMS BY MEMBER FOR NAIROBI NORTH

Future of Income Tax

SECRETARY OF STATE'S RESPONSIBILITY FOR IMPOSING IT ON OTHER TERRITORIES

Major Cavendish-Bentinck (Nairobi North), speaking during the resumed debate on the Estimates yesterday, expressed opinions rather different from those voiced earlier by Lord Francis Scott on the Budget and on taxation.

In his view, the phrase "consolidation and constructive economic development" was tending to become hackneyed and was concerned about the increase in recurrent expenditure, and in the number of things which had been mentioned but about which little appeared to have been done.

He alluded to Income Tax, which he did not oppose its appearance in the current budget, but that the Secretary of State had assumed the responsibility of imposing it on the adjoining territories, or abolishing it in Kenya.

"Consolidation" Misnomer

The Budget defined consolidation in Kenya Legislative Council to mean the first speaker (Major J. P. H. Hume, Member for Nairobi North), whose critical review of the Budget was received, generally as an act.

As the latter Major Cavendish-Bentinck stated that previous speakers, notably the Member for the Hill Valley and the Member for Taveta, had commented on the increased expenditure provided for in the Budget. The lowest figures reported were taken place in 1932 and amounted to £2,119,723 and £2,119,723 in the 1932-33 financial year.

Since 1932-33 total revenue had increased gradually, and as regards the deficit, remarkably increased. In 1936-37 the deficit amounted to £566,130 more than was actually obtained in 1932 and a gross expenditure of £413,130 was actually spent in 1932.

Major Cavendish-Bentinck referred to the constructive economic development programme which was being adopted, and which was being supported by a grant of £500,000 from the Government.

"Ben" Tactics Encouraged

Stagnant sisal markets are still being extended with a further drop in sisal prices. The whole of the sisal trade in East Africa is being held up by the "Ben" tactics.

POSTAL PROGRESS IN UGANDA

New Additions to Trunk Lines

MAKING UP FOR PAST YEARS

After years of letting things drift and allowing them to go from bad to worse, the Post and Telegraph Department under its new Postmaster General is certainly getting things done.

There is no question of tinkering with obsolete lines and patching up sections of telegraph and telephone wires. The whole of the telephone line between Kampala and Entebbe is being re-laid and by next year the work should be completed.

In addition there will be an additional line to Entebbe and there will be three circuits instead of the very inadequate two circuits which have been used for the last many years.

The Kampala-Musisi trunk line is being re-laid and by next year the work should be completed. In addition there will be an additional line to Musisi and there will be three circuits instead of the very inadequate two circuits which have been used for the last many years.

UGANDA GOVERNOR ANNOUNCES COMMERCIAL BODIES

THEIR ADVICE ALWAYS WANTED

Address in London

POTENTIALITIES OF INCREASING NATIVE MARKET IN EAST AFRICA

"All the time and continuously, what one wants is advice from bodies such as this and its counterparts in East Africa," said Sir Phillip Mitchell, Governor of Uganda, addressing the last meeting of the East African Section of the London Chamber of Commerce.

Asked to give his views on the possibilities of increasing markets among East African Natives, Sir Phillip said that the Native African gets money, but the Africans are now beginning to appreciate quality. Any money you leave in the tax-payer's pocket, he goes and spends at once.

"Star Chamber" Out of Date

At the meeting of the East African Section of the London Chamber of Commerce, the Governor of Uganda, Sir Phillip Mitchell, said that the "Star Chamber" was out of date and that the Government should be more open to the views of the people.

Ovaltine

makes MILK much more Nourishing & Digestible

THERE are definite reasons why 'Ovaltine,' added to milk, is the regular daily beverage in countless thousands of homes.

'Ovaltine' has special properties which, when added to milk, make the milk deliciously palatable, completely digestible and much more nourishing.

Even when you make 'Ovaltine' entirely with milk it is still the most economical food beverage you can buy. This is due to the exceptional character of the ingredients, their supremely high quality and the small quantity you need to use.

'Ovaltine' is, in itself, a complete and perfect food, which contains every nutritive element required for creating abundant vitality and for building up body, brain and nerves.

The supreme health-giving properties of 'Ovaltine' are acknowledged all over the World. It is the food beverage most widely recommended by doctors for children and grown-up alike. In fact, every member of your family will benefit by making 'Ovaltine' the regular daily beverage. Start the 'Ovaltine' habit to-day.

New Viewpoint on Kenya's Budget

(Continued from page 8)

to rise—and after Lord Francis had asked "What about the other side?"—Mr. Hastings opened his remarks with a reminder that in a previous budget debate Government officers had been recalled the taking part in the debate but that then being unable to answer questions raised subsequently. In the present debate, said he, they seemed to be diffident on the other side of the House to see it might be the attitude of strong silent men or to a woman's propriety—his first word?—laughter.

Dealing with points raised by the Hon. and Venueable Member representing Native interests, the Hon. Member was aware that they had asked for his assistance to prepare a scheme for leaving track to the British and the Hon. Member for Nairobi South, the Settlements Committee approached to make a report based on something tangible.

Government and Labour He had noted with regret a certain attitude on labour officers which was not justified. At the present moment they had known there was a labour shortage and Government was doing all in its power to ease that shortage; there were bound to be measurable shortages and he believed with the operations of employers it could be done. The work of Labour Officers was constructive and not destructive. The majority of employers were good employers but there were some bad employers and it was up to the Labour Officer to see that the good name of the good employer was not damaged by such bad employers.

Soil Exhaustion On the question of soil erosion it was recognized that this was one of the main problems at the present time and he had to accord the Hon. Member of digging a willing ear because he knew that some of the problems he had mentioned were being dealt with at the present time. Instead of applying the whip to the horse he suggested that he should lead his rider to the wheel of the cart!

Emphasis on Economy The Hon. A. C. Ify (Tetu) spoke in support of the motion associated himself with the speech made by Lord Francis. The Hon. Member had drawn attention to the necessity of caution and maintaining the tightness both on expenditure and the speaker wished to emphasize this.

Today on all sides they heard talk of retarding property but to him that was not so apparent as he would like to see. Speaking as a primary producer, he reminded them that during the difficult period through which primary produce had passed there had been an accumulation of indebtedness and until that had been cleared, there and only there, would they be able to say that property had really arrived.

Outcome for Unemployment When one considered the general economic position of the Colony there were certain factors which gave cause for a good deal of optimism. Taking view of the most important commodities, coffee and sisal, it was not easy, yet to do, to know what the reaction of the market would have on the coffee market. He personally believed it would have little effect on the higher grades and he believed that the position of representative of the authorities, but unfortunately this country did not grow only high-grade coffee. The position of the low-grade coffee market was going to be very affected and those most affected would be the native coffee growers.

Labour Shortage Turning to the question of labour shortage, a number of reasons had been put forward for this, one of them being low wages. "I personally think," said the hon. member, "that there is a much more talk about raising wages than about doing it. One went into the position I am certain it would be found that wages had risen on an average of at least 20 per cent during the last twelve months. (Hear, hear). This low talk was no good to the employer and was likely to give a false impression, as to his value, to the worker."

A big factor, while dealing with this labour question, was the need for the employer to take responsibility shared and ended within the Native territories. It did not.

"Non-Native Services" Referring to details, the Hon. Member supported the Member for Rift Valley in drawing attention to the same debt to "Non-Native Services" under the Agricultural Vote. If they were going to debit the total administrative and general charges to Non-Native Services then all he could say was that some of the penalties appearing at the top of the list appeared to be greatly overpaid.

Generally speaking, he believed the expenditure in the departments was far too high. What they required was not research about but help to a high point of efficiency, including the plant breeding stations and the more people they could get out of the Head Office the better. He asked the Finance Committee to go carefully into the expenditure on this Head Office.

Shipping—and Rates The speaker also asked for information on the Ben "Com-

mission to Imperial Shipping Committee" in conjunction with shipping line calling themselves the East-African Lines "who are suddenly raising rates without any warning whatsoever." Last year Government had given assistance to the committee, with the Board of Trade to see if something could be done to protect our primary producer. What action had been taken?

Agriculture Board Again, with regard to "Expenditure of Board of Agriculture," he pointed there was some idea about the reconstruction of the Board. What was the position? He believed the Board had had three meetings last year and although he did not know what amount had been spent on the Board, he noticed the cost of the Board last year had been at £450.

After dealing with other items, the hon. member touched on "Local Government" urging the Government to return to District Councils the control of some grants which had been reduced in times of depression with the consent of the Councils.

Unemployment Small Farms Turning to what he described as a personal matter, the hon. Member recalled the Suddar settlement scheme, the setting up of Kibara areas into small and what he called uncommercial, small-scale farms. An agricultural officer had reported that they were uncommercial and that the acreage should be increased to 700 acres. Most of the original grantees had been forced out but those who still hung on were entitled to relief.

Referring to the Licence charged for wireless holders, he described the service given as unimproved, the licence as "disgraceful" and calling for immediate enquiry, coupled with a suggestion that unless something could be done about it there would be some about a rebate of 50 miles from Nairobi should obtain their licences free.

"An Unworkable" Tax On the question of Income Tax Mr. Ify declared he had never "wobbled" on this issue. He reminded one of those who still had doubts about the wisdom of introducing a tax, and he stood by every word of the agreement which they had made with the Secretary of State. He wanted to make it clear that the inability of adjusting the Territories adopting the tax had not seen a "readjustment" of that government. He believed the opposition which had been voiced could be analysed to show that ninety per cent of that really came down to a fault attack on the principle of Income Tax.

The hon. member's speech concluded amid applause. The debate was adjourned until the morning.

Scope of Lord Halifax's Visit

WILL GERMANY BE TEMPTED BACK TO LEAGUE OF NATIONS?

Exploratory only in their nature, talks which are now being held by Lord Halifax and Herr Hitler...

The visit which Lord Halifax is paying to Berlin is intended, it is understood, to be the informal beginning of an attempt to find out where and how the aims of the two countries clash and to seek means by which they can be reconciled.

France is fully informed of the scope of the conversations.

UNITED STATES EFFORT FOR RECOVERY

ROOSEVELT'S MESSAGE TO CONGRESS

Relief for Burden on Industry

FARMERS FACE ACUTE PROBLEM OF FALLING PRICES

President Roosevelt delivered an encouraging message to the United States at the opening of an extraordinary session of Congress.

He expressed the conviction that there was sufficient wisdom in the country not only to check the recent decline in trade but to lay the ground of a more permanent recovery.

The President forewarned that a revision of the incidence of taxation would relieve the burdens of the smaller businesses.

Long View of Employment

[REUTERS BUREAU'S AGENCY.] Washington, Tuesday.

The President urged that the main aim of the Administration should be kept in mind. Those were the achievement of a higher living standard and a more just distribution of health and leisure.

Use of Private Capital

The immediate task was to increase the use of private capital in the Government's new housing plans.

Farming Programme

So far as farming was concerned, the programme would be directed to improving the economic well-being of farm families.

Labour and Purchasing Power

In regard to the labour question, the President said, that there was need for immediate action if they were to maintain the national income and increase the purchasing power.

farmers were protected against over-production. Farmers, he said, were once again facing the acute problem of surpluses and falling prices, notably in cotton.

Development Measures. Roosevelt advocated the re-organization of government departments and the establishment of regional planning boards to conserve and develop the national resources and to avoid waste.

Labour and Purchasing Power. In regard to the labour question, the President said, that there was need for immediate action if they were to maintain the national income and increase the purchasing power.

Legislation which will be introduced will include legislation designed against under-production just as

UGANDA COTTON CONFERENCE

Ideas and Views Exchanged

BY SEVERAL AFRICAN TERRITORIES

["STANDARD" CORRESPONDENT.]
Example, Nov. 11.

During the last week an official Cotton Conference has been held which has been attended by delegates from the Protectorate, the Sudan, Kenya, Tanganyika, Nyasaland, Northern Rhodesia and Barbours in the Union of South Africa, where there is a large agricultural experimental station.

It was a technical conference of cotton breeders but for the purpose of analyzing methods and of exchanging ideas and views of cotton breeding in those territories, the main point being to confer on the production of strains suitable to the different conditions obtaining in the varied areas of those parts of Africa.

At Experiment Stations

The Conference visited the Agricultural Department Experiment Station at Bukuru in Uganda, and Bwera in the Eastern Province where for several years past experiments of cotton have been held and tried out. The members then returned to Kampala where they held several meetings under the chairmanship of Mr. Purcell of the Barbours Station.

It is the first Conference of its kind that has taken place in this part of Africa and, it is believed, will be the forerunner of further periodical meetings. Such a best good can come from these Conferences of notable experts, and the outcome is bound to benefit the future of cotton-growing in Africa.

Farwell Dinner

The delegates arrived last Tuesday week and are departing to their various countries the week-end, some travelling by air and others by train. Last evening the delegates belonging to the Empire Cotton Growing Corporation gave a farwell dinner at the Imperial Hotel to the other delegates and the members of the Agricultural Department of Uganda with whom they had come into contact during the visit.

Dry Wants Dry Spell

The rain experienced during the last week has been torrential and Uganda is now anxiously awaiting the dry spell necessary to clean off the crop. Even so there was anxiety about the lack of rain a month ago, now it is the other way round—no more is wanted for the present. The danger is that the "blackstar" disease, which is encouraged by too much wet and cold weather at this state of the crop, and which has not been very prevalent during the past few years, may reappear. The wet weather is also bad for the cotton which is now ready to be picked and a period of hot and dry weather is now anticipated if the record in output is able to be beaten.

CENTRAL ROADS BOARD DELAY

Sub-Committee Procedure Questioned

D.P.W.'S EXPLANATION

The Legislative Council yesterday Lord Francis Scott, Member for Hill Valley asked—

"Whether the sub-committee of the Central Roads and Traffic Board appointed on July 13, 1937, has issued a Report?"

"If the answer is in the negative, could information be given as to when the Report may be expected?"

The Hon. Director of Public Works replied—

"The Sub-Committee of the Central Roads and Traffic Board appointed on July 13, has furnished a Report in respect of expenditure on road finance which was received during 1937, a matter which was referred to it as a matter of urgency and which formed the subject of a notice of motion on the Order paper on November 13.

"The Sub-Committee is actively engaged in considering the general problem of a road programme referred to it by the Central Roads and Traffic Board and will render its report as soon as possible, but it is not feasible at present to give any date for its completion."

Flood Damage Inquiry

Arising out of the reply, Lord Francis asked if they could be told the reasons "why there has been this very long delay."

The Director replied that in the first place the first few months had been entirely monopolized by the Report on Flood Damage. Subsequently meetings had been difficult to arrange owing to members not being available for appointed meetings necessitating the rearrangement of dates. The date on which the Committee had to work was not automatically available and in regard to its completion he reminded Council of the dedication of his staff in recent years. Furthermore the scope of the inquiry had been enlarged. The Report would follow the examination of two memoranda now in course of preparation.

THE WEATHER

The British East African Meteorological Service Station in Nairobi, supplied yesterday the following note on the weather—

The only station in Kenya reporting rain this morning is Kisumu 0.12". In Uganda, Entebbe and Masaka reported 0.47" and few light showers elsewhere.

In Tanganyika a few scattered showers of the thunder-storm type occurred Iringa reporting 0.46", Mbeya 0.01".

The general winds over East Africa are now North-Easterly up to high altitudes and are everywhere light. Humidity and temperature are both high over Uganda and Tanganyika, but the Kenya Highlands are dry.

Weather will continue mainly fine in Uganda, the Lake area and Central Tanganyika, some scattered thunder showers may be expected in Kenya.

Mrs. N. K. Poole, of Bridport, Dorset, lost her wedding ring and found it black. Her husband brought her white leather fountain pen to console her. Within a week her seven-year-old son Leslie was found drowned in the river beside their home.

BANK VISITORS PROVIDE SPORTS WEEK-END

Barclays, Nairobi, Win at Cricket and Hockey FREE-SCORING CENTURY

Cricket and hockey teams of Barclays Bank, Nairobi, spent an energetic week-end at Nakuru. Two games of cricket and one of hockey were played, and on the Saturday night the Nakuru Athletic Club entertained their guests to a most successful dance.

On the Saturday afternoon in training, the visitors lost the home team as they were in a good state of play by one goal to nothing. The ground was a little bumpy which made control of the ball difficult, but it was an attractive game to watch.

N.A.C. Last First The cricket season started in earnest on the Sunday morning. Barclays was the team for the N.A.C. and decided to bat first. Bonham and Spiers opened with the bowling of Hartman and Marshall. After ten minutes play Spiers scored a century.

SEVERE CRITICISMS OF 1938 BUDGET

Two-hour Speech in Council

ELECTED MEMBERS DEAL IN DETAIL WITH INCOME-TAX

Criticism of Income Tax framed large in yesterday's session of Legislative Council when Elected Members dealt in detail with the Budget for the coming year.

Referring to the time of "compromises," Major Kiddell said that it turned out now not to be a question of principle but of whether the Tax should be large or small.

Mr. Marcellus Maxwell strongly urged further economy in expenditure.

In a two-hour speech, the longest of the present session, Major Grogan described the Budget as a pitiable and unimaginative effort.

Cautions is Urgently Needed

When the debate on the budget was commenced, the Standing Finance Committee was present in Legislative Council. Mr. R. L. K. (Kard) recalled that last year he had written a question to the Government with the Chairman of the Finance and Investment Commission. He had asked for copies of the speech of the Noble Lord when he did not agree with the Noble Lord. The Noble Lord had said that the Finance and Investment Commission was not to be concerned with the question of the Noble Lord. He had asked for copies of the speech of the Noble Lord when he did not agree with the Noble Lord.

Cost of Collection

As an instance, he pointed out the impossibility and impracticality of imposing a tax arbitrarily on the basis of the history of the long-accepted European Community. He had asked for copies of the speech of the Noble Lord when he did not agree with the Noble Lord.

One Association

The Noble Lord had also said that the terms upon which Income Tax was allowed to go forward in the Government of India. He had asked for copies of the speech of the Noble Lord when he did not agree with the Noble Lord.

Not Proposed

He also said that the Noble Lord had said that the terms upon which Income Tax was allowed to go forward in the Government of India. He had asked for copies of the speech of the Noble Lord when he did not agree with the Noble Lord.

Overlooking of Goods

Another serious aspect they were faced with, bearing on the Customs duties, was the fact that the trade goods which had taken place during the past year due to a fall in the price of many commodities were now being cancelled. He had asked for copies of the speech of the Noble Lord when he did not agree with the Noble Lord.

Anomies in Duties

And speaking of the retarding of trade developments during the present year, he said that the trade which used to be carried on in the country had been almost completely stopped. He had asked for copies of the speech of the Noble Lord when he did not agree with the Noble Lord.

T. Halden, 10/5; European Staff of the K.G.M.F. Hyderabad, 15/5; Indian Staff of K.G.M.F., 20/5.

Review of Varied Activities

The speaker next turned to details and in the course of his review of the varied activities of the Government during the past year, he pointed out that the Government had done a great deal of work in the field of education, and that it had made considerable progress in the field of health and sanitation.

Water Cane Again Needed

The Hon. the Member for Nairobi, Mr. J. K. G. Goble, raised the question of the need for water canes in Nairobi, and he pointed out that the Government had done a great deal of work in the field of water supply, and that it had made considerable progress in the field of water supply.

Municipal Warning to Nairobi

The Hon. the Member for Nairobi, Mr. J. K. G. Goble, raised the question of the need for water canes in Nairobi, and he pointed out that the Government had done a great deal of work in the field of water supply, and that it had made considerable progress in the field of water supply.

speech was Income Tax, presenting the present introduction in great detail.

At the outset of his speech, Major Grogan expressed appreciation for the introduction of the Income Tax.

He believed that the Budget should be introduced by the Treasurer and not by the Colonial Secretary.

From the Beginning

Major Grogan stated that he intended to give the whole history of the introduction of the Income Tax.

He was referring to him had stated in a Tax Department and that he estimated before them were £30,000.

venue department was £30,000 and that he estimated before them were £30,000.

There were they entitled to assume that the income tax was purely responsible for the increase.

The Budget Committee had no idea of the amount of the income tax.

Special Policy

He had been told by the present Secretary of State that the introduction of Income Tax was the result of the Imperial policy.

Major Grogan stated, without the slightest hesitation, that the Budget should be introduced by the Treasurer.

Interest on Loans

He then dealt with the question of the interest on loans and the amount of interest on borrowed money.

Budget Queries

He then went on to speak of the Budget, which, he believed, did not divide anything but the real revenue of the country.

For Revenue Side

In addition it would be found that the P.W.D. and P.O. Office extraordinary expenditure totalled nearly £700,000 at least.

The "Compromise"

Major Grogan then went on to speak of what he would do to know as the "compromise" and the amount of the budget.

Only Allowed by Handing

Let the credits be and greatly relieved to hear the wise remarks by the Treasurer.

On the Premier

The Premier thought it a most remarkable thing that, in view of the international position the country now held, so intelligent Imperial Government in the day.

the international position the country now held, so intelligent Imperial Government in the day.

Major Grogan had expected to hear some talk of at least five million pounds for the increase.

The Budget Committee had no idea of the amount of the income tax.

The Budget Returns

Major Grogan stated that he believed that the Budget should be introduced by the Treasurer.

Paying into New Era

Major Grogan stated that he believed that the Budget should be introduced by the Treasurer.

INCOME TAX

To the Editor, "E.A. Standard."
Sir—I have just an instance of a small private trader who made a profit of £4,000 in 1936. He has to pay £420 Income Tax.

The company consists of six small shareholders. The directors decided to distribute £4,000 half the amount profit. £2,100, to each of the six shareholders, which distribution is being taxed at a rate of £210.

One of the shareholders is a member of the staff drawing £800 a year. His total income therefore £500, had being divided into two parts. One part is personally earned and he has to receive £250 from the company. The result is that he directly pays £250 through his company. He does not receive any money but he has to pay £250.

NEVER TOO YOUNG TO LEARN

A five-year-old child ran at his first gun... With experts of the British Government to supervise, experiments were made at a children's home in Kent in order to discover how the youngsters react to wearing the mask.

Striking argument was used by the Home Secretary in support of the Government's measure to deal with air attacks... Three hundred tons of bombs—the equivalent of all that were dropped in Britain during the Great War—could now be dropped on their objectives within 24 hours, and attack at that rate could be maintained.

A great response has already been made by men and women who volunteered for defensive work, and schemes to come will enlist the co-operation of all.

The Nation's Defence Scheme

Expenditure on household articles against large armaments programme... Small Bombs Likely... Mr. Ho was of the opinion that small high altitude bombs would be more likely to be used in an air raid... The Government's Bill to deal with air attacks is now being debated in the House of Commons.

TRADERS CALL FOR LOWER RAIL RATES

"Higher Classes Should be Cheaper"
TAX PROPOSAL DEFEATED

Resolutions suggesting that the Railway administration on considering the disposal of surplus proceeds for 1927 should make further reductions in the higher classes of railway rates; and
That some central organization be established to control collections for charitable purposes were among those passed at Tuesday evening's monthly meeting of the East African Traders Association.

There were only a few members present and the meeting was presided over by the President (Mr. Ford).

In connection with Railway matters two resolutions were put forward by Mr. Brown. The meeting was in favour of the first (see above) and it was passed with little debate. The second resolution, which was defeated, read as follows:—

The Association recommends that the Railway administration give serious consideration to the resolution submitted by the Nairobi Chamber of Commerce in September, which reads: "that the Chamber urges in the strongest possible terms that some fair proportion of the Railway net income be reserved for the Kenya and Uganda Governments in consideration of the taxation at present levied upon the said two territories."

Divided Opinion

Feeling was divided on this question and Mr. Macrossell, Mr. Maxwell, Acting District Member for Nairobi South, who was present at the meeting, thought that it was impossible for Government to reduce taxation in view of Railway expenses. There might be profits one year and nothing next and how could Government in reducing taxation on such an indefinite basis.

Mr. A. O. H. Higgins, of the K. U. K. and H. V. also present and stated that the question before the meeting was a matter of very wide policy about which he could not say anything. He was not aware that the resolution by Nairobi Chamber had received consideration by the High Commissioner or the Railway Advisory Council, but he thought it would prove better than his course.

Mr. Townsend also wondered how Railway profits could possibly be used to subsidize ordinary

THE WEATHER

The British East African Meteorological Service supplied yesterday the following note on the weather:—

Some Kevu stations met of the Rift opened early morning, but today as a consequence of the prevailing north-westerly wind during the night. Rain experienced a heavy shower—0.6" saw at a few other stations on Kenya on night rain occurred. Kabete 0.10; Voi 0.08".

Scattered thunder showers occurred at Egmond—Egmond 0.28; Mandia 0.27; Mt. Kenia 0.25; Taloni 0.27; Migya 0.05.

North-westerly winds are still prevalent over East Africa, the 1000 feet on the Coast and the Kenya Highlands. Locally conditions prevail generally.

Scattered afternoon showers will again be experienced mainly on the Kenya Highlands east of Rift, night and morning rain will again occur with a steady, light rain.

A Native was arrested on the Nakuru premises of M. Alan Nakuru on a charge of harboring The Honorable Magistrate committed the case to the High Commissioner's judgment. The Magistrate regarding Mr. Alan, told him that he (the convict) (M. V. H.) would advise him in the matter of appeal.

PURPOSE OF KING GEORGE FUND

Discussion at Nairobi and Kitale

EDUCATION SUGGESTIONS

"Scholarships" Say Settlers: "Colleges" Say Traders

The purpose of the King George V Memorial Fund was considered by two public bodies recently. At the Garden, meeting of the East African Traders Association members were of the opinion that probably some subscriptions would result from people known in what the fund could be used, in Kenya. The provisions of a resolution which would be presented by the Chairman of the Municipal Council would be passed to finance existing expenses in what were already financing the evening continuation classes, which had met with wonderful success, and which would eventually require a proper building to carry on activities, an agricultural college could be provided at Nakuru in any event in a place more suitable than Nairobi, and possibly would ultimately be subsidised by Government.

Government's Contribution

Mr. Newark thought the fund would probably result from an estimated 10,000 to 15,000. He suggested that Government's contribution would be 10,000. Government would be asked to contribute 10,000 to the fund. Government would be asked to contribute 10,000 to the fund. Government would be asked to contribute 10,000 to the fund.

That the Association recommends for the consideration of the Government that the fund be used to establish technical and agricultural colleges in Kenya.

LOCAL ALLOCATION FOR LOCAL FUNDS?

It has been suggested by the members of the Trans-Nairobi District Association, writes the Standard's Kitale Correspondent, that there should be a King George V Memorial Fund in the East African Traders Association. The fund is to be used to establish technical and agricultural colleges in Kenya.

Wing-Commander T. W. Morgan proposed that the European subscriptions to the King George V Memorial Fund be earmarked at the discretion of a nominated ward in the hospital, or to a central fund for providing scholarships for European students throughout the country. It was agreed that copies of the resolution should be sent to the Nairobi Central Fund authorities in order to get their consent to a local action of local funds.

There was a sequel in the Nairobi Court this week to the case in which Mr. Macgregor of Mr. Harris of Ngora, was accused of stealing cattle. The case was brought before the court on 10th inst. The former Native was again in court this week, this time in a charge of assault, for which he was sentenced to one month.

Muter and Oswald Ltd.
SALE OF CRANIA (THIKA) COFFEE ESTATE.
 Solely authorized by Captain Brennan-Bushell, we shall offer for
PUBLIC AUCTION
 at our Salerooms, Main Building, Hardinge Street, Nairobi,
TO-DAY, 18th November, at 10 a.m.
 This well known Coffee Property "Mwaha Estate" consisting in all
 approximately 8000 Acres (held on lease of the Very Low
 rate of Shs. 4/12 per acre) adjoining the Native Reserve.
 The improvements include a well built Coffee Factory in stone and
 concrete with six large Processing Tanks, gravity fed to a large
 concrete Barkers, and there are installed Two Five Dear Pumps
 and Heavy Scales; a No. 2 "Albion" Handi" Mill; McKinnon Dryer;
 "Patent" Engines and an "Albion" Mill, etc. Coffee Plants are
 planted in blocks, with 1000 roots.
 Water is supplied from the "Tana" River by a "Patent" Engine and
 "Tyrone" Pump, and is stored in a Concrete Tank adjacent to the
 Factory, which to have a 50,000 gallon capacity.
 The Mwaha Estate is in wood and iron, with stone, fireplace, stone
 masonry, Street Homes and Garage accommodation provided, and also
 a few modest wood and tin buildings.
 It is of some 4000 four hundred acres coffee planted, a considerable
 amount will have to be replanted, but a Large Amount, estimated
 at up to Two Hundred acres is recoverable at a very great expense and
 should show a good return in about two years.
IMMEDIATE OCCUPATION.
 The Estate is offered at the
RIDICULOUSLY LOW UPSET PRICE OF £3,000
 and affords an opportunity to the purchaser of acquiring a potentially
 valuable Property at an extremely low figure.

The Long View
 30 Years is a long time, more so in a young Colony like
 Kenya. In our endeavours to build up a staunch
 clientele with lasting goodwill we always looked to the
 future and have taken the long view. Our service and
 charges are not based on a passing fancy, we give best
 service and satisfaction at very lowest possible rates,
 therefore Value for Value are the cheapest. Our
 clients remain our returnees and come to us again and
 tell their friends.
 When next in need of transport, packing, storage or
 shipping, woodfuel, cedar or gum poles, fertilisers,
 Bone Meal, Bone Flour or chicken Bone Grit, try us
 after or before having tried others. You will save
 money, worry, and time.
