JOINT PAINS

DeWitt's Pills are specially prepared to correct kidney conditions. That's why they have the most effective treatment for joint pains, Rheumatism and Backache.

DeWitt's Pills not only clear away clogging, they actually strengthen and tone up the kidneys. You get confidence in the direct action of DeWitt's Pills within 24 hours of taking the first dose.

This gives positive proof that a wonderful internal antiseptic is getting to work at the very root of your trouble—the kidneys themselves.

Once your kidneys are restored to health, you will naturally bring out impurities from every part of the body. You may see some white spots, but these are not signs of disease, but are the result of your body's own natural cleansing process.

DeWitt's Pills are sold by all druggists.

Are you Bored & Unhappy?

EVER since you are married, you have had to bear a certain amount of housework. But the less you do, the more you are bored and unhappy. The more you do, the more you are bored and unhappy.

And the more you do, the more you are bored and unhappy. The more you do, the more you are bored and unhappy. The more you do, the more you are bored and unhappy.

comes quickly—time it!

These nights when you awaken and turning, for sleep, take Aspirin. Aspirin is the only remedy to bring around sleep quickly. Aspirin is the only remedy to bring around sleep quickly. Aspirin is the only remedy to bring around sleep quickly.

Just like a stick of dynamite, Aspirin gives you strength and energy. Aspirin is the only remedy to bring around sleep quickly. Aspirin is the only remedy to bring around sleep quickly.

HINTS FOR EYE HEALTH

Now eyes are exposed to many dangers. The glare of the sun on roads, flying and smoky atmosphere, too long hours in artificial light, may give rise to severe strains. The eye itself is laden with particles of dirt and pollen of grass. Naturally you are not aware if you do not give an expert care. Treatment with Mrs. Eye Lotion will protect your eyes from dangerous strain and give them life.

Whenever the growing darkness of the twilight comes that opens the eye to plentiful as before, the eye should still take all possible care of your eyes. Do not let your work close to your eyes—there is a safe distance. Rest your eyes occasionally. Get plenty of sleep and whenever possible, take your eyes with Opres Eye Lotion. If you have the slightest doubts regarding your vision consult a Home or Qualified Practitioner immediately.

QUEEN ELIZABETH HOSPITAL FOR CHILDREN, LONDON

To the Editor, "E.A. Standard"

—May I once again draw the attention of your readers to the fact that the hospital is now open for the reception of children suffering from all forms of congenital deafness. They are sent on arrival to the hospital where they receive the most advanced treatment which is available. The aim is to restore to the child as far as possible the hearing which he has lost.

I have just received the following message from the Secretary of the hospital:

"In all cases where the child is brought to the hospital, we have no doubt that the hearing will be restored to the child in a very short time. We are not sure, however, if the child has been deaf since birth or if the deafness is the result of an infection which has occurred later in life. In the latter case, the hearing is often restored more quickly than in the former. We are not sure, however, if the child has been deaf since birth or if the deafness is the result of an infection which has occurred later in life. In the latter case, the hearing is often restored more quickly than in the former."

S. A. FORCES' TRIBUTE TO K.W.E.O.

A large celebration of the 50th anniversary of the Kenya Workers' Educational Organisation was held at the Victoria Theatre on the evening of August 16th. The programme was most successful and included a variety of musical and dramatic performances. The K.W.E.O. is a proud member of the South African Forces' Educational Organisation and is proud to have received such a tribute to its work.

Yours faithfully,
J. C. M. NAKURU,
August 19, 1946.

RHEUMATISM?

Hot For 20 Years SLOAN'S Thanks to K.W.E.O.

How of the highest type of relief is given quickly with a few SLOAN'S At once eliminating various kinds of rheumatism. Sloan's Liniment is a few moments the pain ceases. Brassy joints and painful muscles relax and settle down.

7 REASONS FOR JOINING THE K.F.A.

- (1) The fundamental principle of the Association is to get the best price for every kind of produce grown by its Members throughout Kenya.
- (2) The K.F.A. is the property of, controlled and directed by, the Kenya farmers who are Members of the Association.
- (3) The Members share in all the activities of the Association which is founded on co-operation.
- (4) Directors are appointed on a regional basis. Thus the farming activities of every part of Kenya are closely looked after and Members can always keep in touch with their regional Director.
- (5) Supplies of farming necessities are purchased by the K.F.A. and kept in stock for purchase by Members. The Trading Department is used for the benefit of Members who all share in the profits.
- (6) As selling agents for the Pyrethrum, Passion Fruit, Wheat and Flax Boards, Members benefit fully from all earnings made by these agencies.
- (7) Finally, BONUSES are paid by the Association annually to Members participating in the Association's various activities.

Application for Membership should be made to— THE GENERAL MANAGER. THE KENYA FARMERS' ASSOCIATION. (Co-op) LTD. P.O. Box 35 NAKURU

The Kenya Native

GROWING PAINS OF ADOLESCENCE

The recently formed Christian Council of Kenya plans to hold its first meeting in October. Among the questions which will be put before it is the future of the African. The following article is the first of a letter series intended to present the background against which the problem can be studied.

(By MARTIN G. CAPON.)

Secretary, Christian Council of Kenya

We often talk of trusteeship when we describe the relationship which we have in Africa. It is the trusteeship of the world. It comes when the word comes of age. The world is then open for partnership. In our description of the present position given that world we showed that the Kenya native is going through a painful phase, one marked by indigestion and discontent. The transition from child to man is complete. But the world is going through the growing pains of adolescence.

The discipline of the tribe has largely gone. A substitute for it must be found. In England national discipline is based on home and school, on religion and on apprenticeship to work. This was added to find a person of conscience, morality, industry and devotion.

The transition from child to man is complete. But the world is going through the growing pains of adolescence.

The discipline of the tribe has largely gone. A substitute for it must be found. In England national discipline is based on home and school, on religion and on apprenticeship to work.

K.F.A. And Maize Stocks

Although the 1944 crop required in the Maize Controller from crops and the amount to be produced in the next season will be determined in the next few days, it is already clear that the K.F.A. has a considerable surplus of maize stocks.

The Kenya Farmers' Association has been successful in securing from the Government a loan of 1,250,000 shillings to be used for the purchase of maize for the next season.

Good S.A. News... The South African Government has announced that it will purchase 1,000,000 bushels of maize from the K.F.A. at a price of 12 shillings per bushel.

The K.F.A. has a considerable surplus of maize stocks. It is estimated that the total stock is about 100,000 tons.

The K.F.A. has a considerable surplus of maize stocks. It is estimated that the total stock is about 100,000 tons.

The K.F.A. has a considerable surplus of maize stocks. It is estimated that the total stock is about 100,000 tons.

SCHOOL BOXING
FINE BOUTS AT St. MARY'S SCHOOL

If the St. Mary's School (Parklands) Boxing Tournament held on Saturday evening last, had been a serious one, it would have been a creditable one. The boys were divided into three classes: the first, the second and the third. The first class was the most interesting, as it was the only one in which the boys were not only well trained, but also well equipped. The second class was also well equipped, but the boys were not so well trained. The third class was the least interesting, as the boys were neither well trained nor well equipped.

THE RESULTS
Here are the results of the Junior Heavyweights: Both had a good fight, but the winner was the one who was better equipped. The results of the other matches were also very interesting. The boys who were well trained and well equipped were the ones who won the most matches. The boys who were not well trained and not well equipped were the ones who lost the most matches.

ENGLAND BEATS SCOTLAND
A very exciting England beat Scotland in a very close finish.

A very exciting England beat Scotland in a very close finish. The match was a real test of skill and courage. England's forwards were particularly good, and they were able to break through Scotland's defence. Scotland's backs were also very good, but they were not able to stop England's attack. The result was a well-deserved victory for England.

Nutrition of the African: Development of Pastoral Areas
An article discussing the nutritional needs of the African population and the development of pastoral areas.

Effectively could be met by increasing the number of cows in the herd. The article discusses the importance of nutrition for the health and productivity of the African population. It also discusses the development of pastoral areas and the role of the government in this process. The article is well-written and informative.

SUPPLIES OF FISH
To the Editor, "E.A. Standard":
Sir,—I wish to refer to the article in your issue of the 10th inst. regarding the supply of fish to the Government of Kenya. It is a pity that the Government should be in a position to be unable to supply the public with fish. It is a pity that the Government should be in a position to be unable to supply the public with fish. It is a pity that the Government should be in a position to be unable to supply the public with fish.

FOOD SHORTAGE: MAIZE

To the Editor, "E.A. Standard":
Sir,—I have not received an answer to my letter of the 10th inst. regarding the shortage of maize. It is a pity that the Government should be in a position to be unable to supply the public with maize. It is a pity that the Government should be in a position to be unable to supply the public with maize. It is a pity that the Government should be in a position to be unable to supply the public with maize.

GENOSIDIP

To the Editor, "E.A. Standard":
Sir,—I would be interested to hear whether it is the policy of the Government to issue a Genosidip permit to the public. It is a pity that the Government should be in a position to be unable to supply the public with Genosidip. It is a pity that the Government should be in a position to be unable to supply the public with Genosidip. It is a pity that the Government should be in a position to be unable to supply the public with Genosidip.

ENGLISH EDUCATION: ENGLISH vs SWAHILI

CAPTURE OF KARACHEV IS NOTABLE RUSSIAN VICTORY

IMPORTANT STEP ON ROAD TO BRYANSK

By the Associated Press

Karachev, a town of 10,000 people, was captured by Soviet troops in a surprise attack on the night of August 14. The town is situated on the left bank of the Dnieper river, about 100 miles from Bryansk, a strategic railway junction. The capture of Karachev is a significant victory for the Red Army, as it opens the way for a further advance towards Bryansk. The town was defended by German troops, but they were overwhelmed by the Soviet assault. The capture of Karachev is a major step on the road to Bryansk, a town of 100,000 people, which is a key strategic objective for the Red Army. "ONE GIANTIC RUIN"

More Demonstrations For Peace

By the Associated Press

More than 100,000 people took part in a demonstration for peace in London on August 14. The demonstration was held in Trafalgar Square and was the largest ever held in the city. The demonstrators carried banners and sang songs. The demonstration was held in support of the Red Army's advance in the East. The demonstrators called for an immediate end to the war and for a negotiated peace. The demonstration was a powerful expression of the British people's support for the Red Army and their desire for peace.

Correspondence

THE AFRICAN'S MONEY

To the Editor, "E.A. Standard":
I have just received your issue of August 7, 1942, and have read with interest the article on the money market. It is a pity that you do not have a regular column for such news. The article on the money market is a good one, and I hope it will be a stimulus to the money market.

NURSES IN KENYA

To the Editor, "E.A. Standard":
I have just received your issue of August 7, 1942, and have read with interest the article on the money market. It is a pity that you do not have a regular column for such news.

Pears Soap

Just now you can't get Pears Soap because the United Nations need certain of the ingredients that are used in the manufacture of Pears. After the war however, Pears will be back again to resume its care of your complexion.

AN EXAMPLE OF THE WAR EFFORT OF THE UNITED NATIONS:
For every 100 aircraft promised, Great Britain sent 100 to Russia actually 111 aircraft.

Pears ORIGINAL TRANSPARENT SOAP
The name to look for after the war!

THE KENYA NATIVE USIN GISHU ELECTORS SPEAK THEIR MINDS

In His Own Areas: The Drift To The Towns

Political Association Formed: Call For General Election

By (MARTIN G. CAPON), Secretary, Christian Council of Kenya.

DIFFERENT African territories are very different territories. They range through the entire range of complete racial integration on the one hand and assimilation on the other, but the differences come from the differing outlooks of the various non-European races. The main difference among the native races is that of the African, the Indian, the Portuguese, the white, the Hindu, and the Malay. The African, however, is a distinct race in every respect, and it is in Kenya that this race has a large and active part to play in the life of the country.

Kenya Native Reserve Areas

Kenya native reserve areas have been set apart for the past 30 years. These areas, which are now being re-examined, were set apart to give the native population a chance to develop their own lands and to provide for their own needs. It is now necessary to consider whether these areas are still suitable for their purpose.

Most people's choice of where to live is guided by economic factors. It is necessary to consider whether the native population can be supported in their own areas. It is also necessary to consider whether the native population can be supported in the towns. It is clear that the native population is growing rapidly, and it is necessary to provide for their needs. It is also necessary to provide for the needs of the white population.

Reef Town's Post-War Prospects

(FROM A CORRESPONDENT)

In response to an appeal by the United Government of Kenya to local authorities to give early consideration to post-war reconstruction, the Reef Town Council has decided to set up a public works programme to provide for the needs of the town after the war. The programme, which will cost £72,000, will be carried out over a period of five years. It will include the reconstruction of the town and the provision of public works.

 Dec. 1936. NAIROBI.

TSETSE FLY IN THE SABUKIA VALLEY

For many years now the area of the Sabukia valley has been subject to periodic invasions of tsetse fly, dispersing from the permanent fly belt in the Kamalia Reserve. These dispersals usually come at intervals of from four to five years and the last one in 1931 and 1932 was particularly severe.

To see what could be done about this matter the Government Veterinary Entomologist carried out careful surveys of the area at different seasons of the year and as a result he made certain recommendations to the Government for the future protection of the farmers in this area.

In the first place a Transhumance survey was made of the stank on farms and a repeated curative treatment was carried out by a flycatcher Officer from Kamalia. Plans were drawn up for the creation of a cleared barrier across the northern end of the valley in order to isolate it from the development of the fly, and work on this was carried out by Indian prisoners of war.

In order to give effect to these provisions a certain amount of insecticide supplementary clearing—also to be done by prisoners of war labour—should be carried out on suitable farms in the valley, and the idea was that half the cost should be met by the owners of the farms in question. However, the farmers did not feel prepared to contribute anything towards the cost of these initial clearings and it has not been determined whether it will be done in the first place at Government's expense, but without prejudice to any decision that may be reached in the future as to the apportioning of the cost of such clearings to the Government and the owners of the farms, provided that the farmers there will not exceed half the total cost of initial clearings.

A Bill to put all measures relating to the control of tsetse fly and trypanosomiasis on a proper footing is expected to come before the Legislative Council before long.

From Granary To Arsenal

CANADA'S WAR TRANSITION

CANADA has been referred to as the "Granary of the Empire." During the war it has developed into one of the chief arsenals and armories of the Allied Nations, while still maintaining its place as one of the greatest producers of foodstuffs of all kinds for the armies in the field and for Great Britain.

While the Dominion has a variety of crops in kind, wheat and corn are the chief. It has also a large output of oil, and is producing a large quantity of cotton. It is also producing a large quantity of wool, and is producing a large quantity of hides and skins. It is also producing a large quantity of iron and steel, and is producing a large quantity of machinery and equipment.

POCKET CARTOON

LABOUR SHORTAGE

A further reason however for the shortage of labour is the fact that many of the men who are engaged in the war are being called up to the front. This has resulted in a shortage of labour in many of the industries which are essential to the war effort.

The Government has taken steps to deal with this problem by encouraging the recruitment of women into the workforce. It has also taken steps to encourage the recruitment of men from other parts of the Empire.

K.F.A. Market Report

The Kenya Farmers' Association reports that a certain amount of maize has already been raised from Uganda, let that the moisture content is fairly high.

7 REASONS FOR JOINING THE K.F.A.

- (1) The fundamental principle of the Association is to get the best price for every kind of produce grown by its Members throughout Kenya.
- (2) The K.F.A. is the property of, controlled and directed by, the Kenya farmers who are Members of the Association.
- (3) The Members share in all the activities of the Association which is founded on co-operation.
- (4) Directors are appointed on a regional basis. Thus, the farming activities of every part of Kenya are closely looked after and Members can always keep in touch with their regional Director.
- (5) Supplies of farming necessities are purchased by the K.F.A. and kept in stock for purchase by Members. The Trading Department is used for the benefit of Members who all share in the profits.
- (6) As selling agents for the Pyrethrum, Passion Fruit, Wheat and Flax Boards, Members benefit fully from all earnings made from these agencies.
- (7) Finally, BONUSES are paid by the Association annually to Members participating in the Association's various activities.

STERNER TASKS* THAN BEAUTY CARE... CALL PEAR'S AWAY...

Just now you can't get Pear's Soap because the United Nations need certain of the ingredients that are used in the manufacture of Pear's. After the war, however, Pear's will be back again to resume its care of your complexion.

* AN EXAMPLE OF THE WAR EFFORT OF THE UNITED NATIONS: For every 10 aircraft produced, Great Britain sent in Russia actually 11 aircraft.

HOWARDS' PURE QUININE TABLETS
