# HOTELKEEPERS PROSPECTS IN EAST AFRICA

## Switzerland's "Invisible Export"

**YVONNE BASS BARK**, one of the business personalities in the hotel industry in East Africa, has been successful in securing for the Swiss Hotelkeepers Association a grant of 200 million Swiss francs for the purpose of building hotels in East Africa. This grant is the result of the Swiss Government's "invisible export" policy, which allows Swiss hotels to receive the same treatment as Swiss exports.

The Swiss Hotelkeepers Association, based in Zurich, Switzerland, has been successful in securing for the Swiss Hotelkeepers Association a grant of 200 million Swiss francs for the purpose of building hotels in East Africa. This grant is the result of the Swiss Government's "invisible export" policy, which allows Swiss hotels to receive the same treatment as Swiss exports.

**Questions About A Road**

Mr. R. E. Robins (Western Prov.) asked in Legislative Council on Tuesday:

(a) Is it a fact that the Kilifi Indian settlers have been asked to contribute for this road for the last 40 years?

(b) Would Government please state what work was done for this road in 1942 and 1943 and what work is being done for this road in 1944 and 1945?

(c) Would Government please state the approximate mileage of this road and the approximate cost of this road?

(d) Would Government please state what work was done for this road in 1942 and 1943 and what work is being done for this road in 1944 and 1945?

(e) It is stated that the 10 miles road was completed by June, 1944, at the latest. The road, which is not being used on the original estimate, will take from two to four months to complete.

How to Overcome Fever Exhaustion

Doctors now know that the greatest danger in fever comes from the poisons it sets up in the blood-stream. Fighting these poisons can help every nerve and organ in the body exhausted.

Just when the body requires sustenance most urgently, the digestion is very slow but very essential. What you need is a highly nourishing food that puts no strain on the delicate stomach.

From the first day you feel like you begin to stand. Horlicks is a complete, balanced food containing all the elements necessary to rebuild worn-out nerves and flesh and muscle. It restores your vitality and builds up your robust health quickly. Use Horlicks 3-4 days from your return to normal.

### GOVERNMENT AIDED SCHEME TO OPERATE NOW

"... the evidence and experience available indicate that the situation of the Kenyan agriculturist and the steadily improving conditions prevailing in the Colony are such that settlers are invited to consider conditions to which they have to conform."

THIS message was incorporated in the report of the Kenya White Settlement Commission, published in the East African Standard of the 10th inst. The recommendations of the Commission were approved in principle by Government but the settlement of the scheme is still in operation. The Centre that has been set up to handle the settlement of the scheme is a joint venture of the Government and the settlers. It is a joint venture in the sense that the Government has provided the colonial settlement. The Centre is now in operation and is in the process of making a survey of all the land available for settlement. It is also in the process of making a survey of all the land available for settlement. It is also in the process of making a survey of all the land available for settlement.

We are glad to be able to advise farmers that a consignment of Cooper's Improved and Trust Cattle Dip has arrived. Further consignments are expected shortly.

A permit is required for all cattle dips.

Cooper's Improved is, of course, the best possible dip to use for high-grade and pedigree stock; because of its reliability and great margin of safety. Trust is, however, an economical dip to use for large-scale dipping. It is concentrated, but contains sufficient emollient ingredients to ensure proper wetting of every tick within its reach.

**HEMP ROPES UNCOILING**

Let the coil rest on the ground with the butt end of the rope toward the right. Do not pull the rope from the coil in an awkward direction.

**ADRASION**

Avoid excessive abrasion. Do not allow kinks to form, nor allow the ropes to be dragged. Avoid dragging a rope along the ground or over rough terrain.

To the Editor, "E.A. Standard". Sir—On page two of today's issue, your report on a interesting reading about greasybeans appears. The signature of L. C. O'Connell, C. Maitland-Eyre (the Chairman of the Production and Settlement Board, and Mr. W. L. Tomlinson, for Acting Information Officer) would be much better employed in these two vitally important "beating up" departments. Those officials who are responsible for doing their best to give food to the farmer in London has been unable to get food to any of the farmers from the Economic Supply Board since the middle of July last. I very understand that maize is dry and in crisis in Kenya, but farmers have been told it should remain there till January 1944, till take it, in the whole area that by then all natives in the Province shall have gone back to their Easterves. No interpretation can be put on the words "Continue to buy food". On the way continuing in regard to the fact regarding the two big considerations of the two Gentlemen mentioned in the letter, the Italian intervention came in Kenya. The Italian intention was to help production, and into the empty lands, the Labour Commissioner and those officials who read and set their minds to work.

SLUM LABOUR

To the Editor, "E.A. Standard". Sir—In reference to the news expressed by Mr. S. O'Dwyer in your issue of 17th September regarding slum labour. I feel much compelled to express my views on the matter. The most timely step has been taken in Kenya to help the slum labour. I believe that it is to be hoped that the numbers from the slum will be inspected and the Labour Commissioner and those officials who read and set their minds to work.

THE FUTURE OF KENYA

To the Editor, "E.A. Standard". I do not think that Mr. Coker's comment on describing it as "Black" the exchange of "colours" between the Labour Commissioner and Mr. Coker takes up to a serious appointment was that, after the news of the British Commonwealth, the official labor force will be provided by the Government.

CONSTITUTION OF THE U.S.S.R.

To the Editor, "E.A. Standard". Sir—As the U.S.S.R. has been the heavier pressure from the German was making it very difficult of pushing the invaders back. It is interesting to know that the country and therefore I think to give a few lines from the U.S.S.R. to the land its deposits, water, and air transport facilities.

NATIVE PRODUCE MARKETS AN INDIAN MARKET

To the Editor, "E.A. Standard". Sir—On the 18th of the memorandum submitted to the Government, Hon. Mr. Chamberlain and Hon. Mr. Chamberlain, the responsibility of the commercial companies in the Kenya Frontier. The memorandum refers to the new markets established, the Southern Kavirondo districts only, but it is a matter of fact that the Native Markets in the Province, which have been established for the purpose of marketing of grains, cereals, etc., have now been moved to the Native Produce Markets.

LABOUR IN TAMBANYIKA

To the Editor, "E.A. Standard". Sir—In reference to the news expressed by Mr. S. O'Dwyer in your issue of 17th September regarding labor in Tambanyika. I believe that it is to be hoped that the numbers from the slum will be inspected and the Labour Commissioner and those officials who read and set their minds to work.

linked to those of the prapaganda. But he has never made any bones about his aims, or concealed his approach to them. In his view these great questions of public health, hygiene and nutrition, of the health of a social body so far as Africa and the African as a citizen and for others were matters of national personal concern to every body, and were not only merely the field of responsibility of himself or of Government.

His resignation leaves the Director of Kenya to face an onerous responsibility. In the post-war years, when the burden of national health was traditionally heavy, there has been a great deal of attention at the head of the Ministry of Health, and a great deal of attention to the health of the people. The problems of Kenya can get very much worse. The Director will be many, but even more important will be those aspects of health in relation to economic conditions of life to which Dr. Patterson has given the key, but of which the solutions in Kenya have been very limited and public opinion has yet to be tested and applied.

Dr. Patterson's resignation can be filled on the outwards principle Government has not infrequently traditionally applied. If it can be done, the Government should take some part of the responsibility in relation to the health of the people. It is not clear why the Government has not taken any steps to improve the health of the people. It is not clear why the Government has not taken any steps to improve the health of the people. ### 50% Overcharge On Dover Stove

Several cases in connection with alleged overcharges of the Price Control Regulations were heard in the Municipal Magistrate's Court today by Mr. J.B.S. Todd. The first case was over a 50 per cent overcharge in two cases. A third case was over a 50 per cent overcharge on a gas stove and a 50 per cent overcharge on a gas stove and a 50 per cent overcharge on a gas stove.

The three members of the Public Works Agency, Messrs. Ansell, W. F. Paton, and J. B. Todd, are reported to be setting a further trap for a 50% overcharge of 1/2% in the case of the gas stove. Mr. R. K. Pigeon, K.C., said on behalf of the accused that it was a very nominal overcharge and was the result of an error. The magistrate, Mr. J. B. S. Todd, imposed a fine of 10/- on each of the three accused, a total of 30/-.

## NAIROBI MUNICIPAL ASSESSMENT

To the Editor, "E.A. Standard"—Sir—We have very much enjoyed your assessments before me. It is interesting to see from your report of Nairobi Municipal Council meeting that the general public has been considerably increased valuation in the central area of Nairobi. If the new rates to be 115, an increase of at least 10% on my subject as at present, it will be a very good thing at the present time. The increase of 10% is a very good thing at the present time.
