CLOSE WATCH ON GERMAN FRONTIERS

To Prevent Escape Of Officers opposing new regime

NAZIS DENY RUMOURS

REPORTS FROM FOREIGN CITIES ALL ROUND GERMANY OF SECRET POLICE ENQUIRIES INTO THE POLITICS OF GERMAN ARMY OFFICERS. THESE REPORTS ARE COUPLED WITH THE RUMOUR THAT GERMAN HAS CLOSED ALL HER FRONTIERS TO PREVENT THE ESCAPE OF ANY OFFICERS.

Official German spokesmen dismiss the reports as "imagination and the wildest dreams," but admit that the rumors, and facts have emerged which call for events, partly domestic and no disorders. The guards on Austrian and Belgian frontiers have been strengthened. The Belgians have doubled their own frontier guards to correspond, and the Austrian frontier has been completely closed.

Some German newspapers say that the frontier action is merely part of a police manœuvre for an escaped murderer.

All British and French newspapers entering Germany yesterday were seized at the frontier.

Berlin, February 11.—The German army was built in haste, it is pointed out, and many officers were brought back who were steeped in the old traditions.

As to the German army, it is a continuation of the army of the German Empire, and it is not a new army. It is not a new army, it is the old army, and it is not a new army.

There is no continuation of the army of the German Empire, and it is not a new army. It is not a new army, it is the old army, and it is not a new army.

Other newspapers say that the German army would naturally follow the changes in the higher ranks.

INDIAN VISIT POSTPONED

The King's Decision

London, February 11.—HIS MAJESTY THE KING HAS ANNOUNCED HIS DECISION TO POSTPONE HIS INTENDED VISIT TO INDIA FOR A CONSIDERABLE PERIOD.

In an official communique it is stated that His Majesty feels that after a careful examination of the matter in all its aspects, both historical and general, he would not be justified in imposing additional duties at this time when the Government is preoccupied with carrying out its various schemes.

King George has therefore come to the conclusion—reluctantly as it is felt to be desirable to visit India—the general world-wide has become more and more difficult and prospects may decline, before the visit is made, and an engagement so long in advance.

Northern Ireland Unionists MAJORITY ASSURED

Belfast, February 11.—The official Unionist list of Lord Craigavon is assumed to be majority over all parties in the new Northern Ireland Parliament, as the party has now 25 seats compared with the 26 held in the previous Parliament.

Seats representing Queen's University have yet to be filled, and it is expected that the Unionist majority will be assured.

King Carol Is Dictator To-day In Rumania

"Rumania must be saved"—declares King Carol in a proclamation to his people. He has assumed the powers of a dictator on the fall of M. Coga's Government.

Martial law is in force throughout Rumania, where—say observers—the Fascists and Communists between them were about to turn the country into a second Spain.

Rescue Near at hand

Moscow, February 11.—Three Soviet revolutionaries are on their way to rescue the party of revolutionaries in the Arctic.

The ships are now quite close to the coast of Greenland, and despite a storm which raged up and down the coast, the party is expected to land in the next few days.

GREEK POLITICIANS DEPORTED

Athens, February 11.—A total of 12 politicians, including six ex-officers, have been deported from Greece.

The Government has announced that the deportation is a measure of public order and security.

Control Of Business Ethics

ROTARIAN WANTS LICENSING BOARD

An interesting talk on yesterday's meeting of the Nairobi Rotary Club by Rotarian Brown, who at the course of outlining the duties of the Vocational Service Committee mentioned on business practices, referred to the lack of suitable business licence control and suggested the solution lay in the formation of a special licensing board.

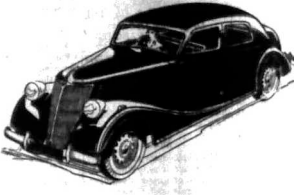

Rotarian Brown began his address by stating that vocational service could claim to be the most important of the four objects of Rotary and was "the backbone and leader of the other three."

Committee's Duties
The duties of the vocational service committee were laid down by the Rotary International were "to define and carry into effect those which will guide and assist members of the Club in discharging their duties."

CLOSE WATCH ON GERMAN FRONTIERS

(Continued from page 1)

Foreign Newspapers seized Berlin, later

All British and French newspapers arriving at the German frontier to be seized.

The foreign newspapers were collected apparently owing to reports appearing in one of the situation of the German frontier.

In the meanwhile Germany was aware of such reports which were not published in the German press.

Berlin was quiet this morning and afternoon and yesterday.

Denial by Germany Minister Berlin, later

A high official of the Propaganda Ministry gave a complete denial of the rumors respecting Germany.

He also denied the rumors reported in the foreign press of "German and Austrian" forces.

The spokesman explained that the further changes had taken place and none were contemplated.

He also stated that the German Army high officers had been ordered to stay in their posts.

Dr. Cappelletti's angry refusal to sign the declaration that the German frontiers had been closed because of encroachments between the Black Sea and the Government.

Maize Prospects Optimism

K. F. A. MANAGER'S VIEW

'Present Prices will remain for year and may increase'

That existing maize prices are likely to continue with little change this year, and that a material advance is possible early in 1936 is the conclusion reached by the General Manager of the Kenya Farmers' Association, Colonel G. W. C. Griffiths, in a memorandum he has just issued.

After reviewing the market and the crop positions in the United States and the Argentine, he concludes that there will be a gap in supply after the exhaustion of the Argentine crop in November of this year and that this is likely to be filled by a considerable export from the United States in January.

'If the U.S.A. 1936 crop is only sufficient for their own requirements, which is likely, then we can look forward to a definite increase in values in December 1936 and January 1937' he says.

LASHED BY GALE VOTES BY POST

Regulations For Kenya Elections

In view of certain misapprehensions which appear to have arisen in connection with the issue and use of Postal Ballot Papers the following brief resume of the relevant provisions of the Voting by Post Bills which appear in Schedule IV to Ordinance No. XXVI of 1935, is furnished for general information.

An elector who is able to satisfy his District Commissioner either orally or in writing that he resides at least 10 miles from the nearest polling station, at which he is entitled to vote, or that he has reason to believe that he will not be within 10 miles of such a polling station on the day of the election, may apply to that District Commissioner for a postal ballot paper.

A vivid Queen Victoria emerges from the most recent addition to her published letters, material for which has been drawn from the Prussian archives, states the 'News-Chronicle.'

The period covers the years 1841-48, and in the midst of the Franco-Prussian War, she writes of her 'dear darling Augusta' later to be Empress of Germany.

The voter of his will within the country need not post his ballot paper himself but place it inside an envelope which will be given to him by the collector.

CHAPLIN IN THE NEWS

Early Films and latest Lady Lost

Charlie Chaplin is in the news in two capacities—pioneer of film comedy; acquire of diamonds. Pioneer comedy films are already priced so outrageously—and collectors are so much troubled as picture purveyors to distinguish originals from fakes. At present the early films of Charlie Chaplin are creating confusion. As part of their historical work the British Film Institute are releasing these films, but distributors have arisen because so two either from ignorance as to the number of Chaplin films made by the Keystone Company in 1914, and most of them differ so to which was the first. "All the trouble is due to the fact that in the early days films were sold outright instead of being rented or hired out, as they are now. Officials of the Institute hold the "Seven Champions."

"This made it easy for dealers to manufacture duplicates of films they had just bought. The Chaplin films had a ready-made market, and consequently they were favourite subjects for the dealer."
"To cover his tracks the dealer naturally gave for every new title in this way the problem of Chaplin's early films has become entangled in confusion."

Leading Lady Goes
Paulette Goddard will no longer be Charlie Chaplin's leading lady. She has signed a long-term contract with another producer, leaving her to star in his film of the month "Come with Me in the Morning."
"The part will be played by the "Daily Mail" is asking "Is Charlie Chaplin a romance over?"
Chaplin is said to have done all he could to prevent her taking the part. Only he knows whether Paulette has gone with the wind and he isn't telling.

New Film Confirmed?
Paullette's friends say she has been very unhappy owing to lack of work and Charlie's failure to write another part for her.
On the other hand, many say

"Charlie" — As he is when "Mr. G. Chaplin"

wondering if it will result in Selwyn's linking up with Chaplin.
It is known Selwyn would like to purchase the Peacock-Panorama Chaplin shares in United Artists now their deal with Korda and Goldwyn has fallen through.
When Chaplin first met Paullette she was a chorus girl in Korda's "Kid from Spain."
Many people say Chaplin married her in 1914, but this has never been confirmed.

Man slaughter Sentence On Kikuyu
A Kikuyu, Karikiro a/Gatwa, was sentenced to two years' hard labour by His Honour, Mr. Acting Justice C. A. G. Lane in the Supreme Court of Nairobi yesterday, when he pleaded guilty to a charge of the manslaughter of another Native in the Kiambu district. Mr. Justice Maclean supported the counsel said Mr. T. D. Wallace for the Crown. The accused was 28 years of age. In the circumstances, the former said that the affair seemed very largely to be an accident, and he had sought the death of an accident. In his judgment, Mr. Acting Justice Lane said that according to the evidence, the accused had been driving a beer drink, in an excited and excited state, and he had driven under his own power. The record came out of the death and to some very serious degree of the heart and death resulted from the wound. His Lordship agreed that the case was a serious technical case of manslaughter but the killing arising out of an act which was not lawful.

PENSIONS FOR PARLOURMAIDS
The domestic service problem in England is being made an issue by a number of women's organisations connected with the Conservative Party. A proposal was considered that the Government should provide for the education and training, and (2) A contributory pension scheme for the maintenance of domestic service and encourage girls to take domestic education. These plans were put before the Women's Advisory Committee of the Metropolitan area, which will also consider a proposal for a Government investigation of the position.

BLACK-OUT EXPERIMENT SUCCESS
Minister's watch From Air

The Home Office is satisfied, following the black-out of London early on Friday morning, that some success in the direction of the Air Raid Prevention Department has been achieved. The success was achieved in conditions of complete darkness. Mr. Geoffrey Lloyd, Under-Secretary for Home Affairs, said this statement at the banquet of Birmingham Jewellers' and Silversmiths' Association at Birmingham on Saturday. He pointed out that the Leicester black-out was successful. Mr. Lloyd said, "I was able to see from the air myself the striking contrast between the darkened town and the darkened Leicester." "Nottingham looked like an illuminated map. Leicester was a space of darkness. In fact 12.4 p.m. saw some winging in the streets there."

FUEHRER'S NEW SURPRISE FOR EUROPE

Secret Talks With Dr. Schuschnigg

"ENGINEERED BY DUCE" SAYS RUMOUR

GERMANY HAS AGAIN PROVIDED THE CAPITALS OF EUROPE WITH MATERIAL FOR ANXIOUS AND IMPORTANT DISCUSSION, ON SATURDAY, AT THE INVITATION OF HERR HITLER, WHO IS AT RECHENBERG, GADEN, NEAR BRUNNEN, SPEECH, THE AUSTRIAN CHANCELLOR, DR. SCHUSCHNIGG, VISITED THE FUEHRER AND SPENT ALL DAY WITH HIM IN SECRET CONVERSATION. WITH THESE HERRS HERR VON RIBBENTROP, THE NEW GERMAN FOREIGN MINISTER, HERR VON PAPEL, THE RECENTLY RECALLED AMBASSADOR TO AUSTRIA, AND DR. SCHUSCHNIGG, THE AUSTRIAN FOREIGN MINISTER.

Complete reserve is being maintained in Berlin, but there are indications that Vienna suggestions are that the meeting was brought about by the Duce, as a new agreement between Austria and Germany would greatly strengthen the Rome-Berlin axis.

ALL RUSSIA'S FAULT

Gen. Franco on Mediterranean Piracy

In an interview General Franco declared that his forces are not to blame for the acts of piracy in the Mediterranean. In his view the measures taken to defend piracy were ineffective because the Russian submarines were not being used. The invasion held in Britain, he said, was not a result of "Hitler's" news and the reaction of the British people was the fault.

In General Franco's view the present international troubles were due to the Russian propaganda. The whole propaganda since the Russian invasion of Poland, he said, was to bring about a general war, and he is satisfied that the Russian people are being misled.

Fighting has again broken out in Madrid. The Government has sent a large force to the city and declares that heavy losses have been inflicted on the rebels.

A Spanish Press Agency message from Madrid says that the Government has launched a new attack north of the front on 20 miles and that the new fighting on the front has been successful. No details are, however, given.

At least 500 persons were taken to hospital in Barcelona. The Government has sent a large force to the city and declares that heavy losses have been inflicted on the rebels.

It is believed in Vienna that the meeting was brought about by the Duce, as a new agreement between Austria and Germany would greatly strengthen the Rome-Berlin axis.

The French Minister for Defense has given one of the reasons why the Government has decided to send troops to the Mediterranean. He said that the Government has decided to send troops to the Mediterranean because of the situation in the Mediterranean.

It is believed in Vienna that the meeting was brought about by the Duce, as a new agreement between Austria and Germany would greatly strengthen the Rome-Berlin axis.

Attitude in Jews

"CANADA IS ARSENAL OF JAPAN"

Accusation by Speakers at "Boycott" Conference

"Canada is the arsenal of Japan" declared a Canadian speaker at a conference in London to discuss the stopping of the war in China by a boycott of Japanese goods.

The speaker, head of the Canadian branch of the International Peace Campaign, said that if it had not been for the war materials obtained from Canada, it would not have been possible for Japan to start the war.

An international conference to discuss the Chinese war by an anti-Japanese group of Japanese goods in London is being organized by the International Peace Campaign.

At Saturday's meeting, Dr. McLeod, President of the Canadian League, said that Canada was the source of Japan's war materials.

The former ambassador to Austria Herr Von Papele was expected to take part in the conference, but he is unable to do so because of his personal condition.

Britain Ravaged By Yet Another Gale

DESTROYER ON ROCKS

Worst Conditions in Channel For Forty Years

A BRITISH DESTROYER DRIFTED ON THE ROCKS NEAR SCARBOROUGH ON SATURDAY NIGHT IN ANOTHER SEVERE GALE, THE THIRD THAT HAS RAVAGED BRITAIN IN A FEW WEEKS. A LIFEBOAT SENT OUT TO LOOK FOR THE VESSEL COULD NOT FIND HER, AND THE CREW GOT ASHORE, EXHAUSTED, ON A RUBBER RAFT.

The conditions in the Channel were said to be the worst for 40 years, and an exceptionally high tide caused great anxiety along the Thames embankment. The water at high tide was only a foot below the top of the parapet, and was coming through to the pavement.

London, February 13. Britain is suffering from another severe gale. The wind is blowing from the west and the conditions are such that the water is only a few inches above the level of the embankment.

Greyhound Racing
AN OWNER'S POINT OF VIEW

To the Editor, "E. A. Standard":
Six-Your leading article in the East African Standard seems to me to be written in a most biased fashion. Greyhound Racing seems to be being started as a financial venture by the suggestion of the committee under discussion (surely they were not this obvious) but at a cheap and enjoyable form of sport.

If it is a success and managed to be a profitable dividend on money so invested as most of the writer is entitled to expect interest in some form or other on any project, then concerns to which one may subscribe.

INCOME TAX
February 11, 1932.

To the Editor, "E. A. Standard":
Sir—At your meeting held at Nairobi on the 21st January, I was one of the few who were present and who took part in the discussion. I am glad to see that the Committee have agreed to make the tax on the basis of the net value of the property owned by the taxpayer.

What a fine dog chase to have back through the suburbs as they are being done by the owners because they think it fun, not because they think of betting on the race track. There is no reason why the life of the hare to be considered.

Why are some people always disappointed? Why always by and fault and still in any new enterprise? They are disappointed because they are not prepared to do it for both a long and a short period on the place where to keep their feet. HUNDREDS MADE HOMELESS IN BRITAIN'S GALE

Village Evacuated when Norfolk Dyke Breaks

WORST FOR 40 YEARS

A NIGHT OF TERROR FOR HUNDREDS MADE HOMELESS BY A SEA WHICH BURST COAST DEFENCES, EXTENSIVE DAMAGE TO COASTAL RESORTS, AND A FENLAND FLOOD CRISIS, WERE SOME OF THE SEVERE CONSEQUENCES OF THE WEEK-END GALE WHICH IN SOME PLACES WAS THE WORST FOR 40 YEARS.

One hundred and fifty villagers of Horsey, Norfolk, were removed when the sea forced a gap three miles long in a dyke and rushed five miles inland. Many cottages were drowned at stretches of 200 yards miles flooded by the sea.

London had a week-end of alarm and the Thames reached the highest level since 1882. There was not so serious a mishap though there was much flooding at Twickenham, Hitherston and other suburbs.

London, February 14. The high tide of the present winter has done considerable damage on the west coast of England during the week-end. During the night there were many heavy falls of snow. The tide was still rising at the Channel this morning following a night of most severe weather. It is estimated that the sea was 18 inches higher than normal.

On land, the most serious effects of the gale have been reported at the Norfolk coast. The sea defences were broken. The tide at Cromer was highest for 40 years. At Dettmers by a 19 miles an hour gale, the sea was 18 inches higher than normal.

Singapore

Yesterday, with due ceremony, the great naval base at Singapore was virtually completed by the opening of the largest graving dock in the world. The opportunity was taken of explaining once more, and with Japan particularly in mind, that this great and impregnable fortress has been created not for aggressive purposes, but as another typical British contribution to the cause of the peace of the world.

Britain is the only one able to hold out against a policy of Japanese domination. France, Holland and Portugal are no less interested in the ability of Britain to maintain the status quo than is the Empire itself. Singapore provides security not only for the Malay, but for Australia and New Zealand and for all the western nations that have interests and possessions in the Pacific. Any departure from declared policy of peaceful intentions would be self-interest on the basis of selling together a group of western powers, including the United States that would make the success of armed Japanese aggression against any one of them for purposes of unbridled expansion or anything else highly improbable.

Singapore is the largest and most important British fortress east of Suez, the strategic centre of the British Empire in the East. It has been built on a monopoly which has been greatly changed by the development of the Japanese fleet. But now an hiberto Singapore dominates the only sea connection between the Indian and Pacific oceans and it is the one centre for the effective protection and defence of nearly three-quarters of the territory of the British Empire. It guards the Indian Ocean against attack from the East and within two thousand miles of its deckyards and airports lie practically all the western portions not only of the British Empire but the possessions of Britain's traditional allies, France, Portugal and Holland.

The vast new graving dock which has been opened now makes it possible for the great naval base at Singapore to refit on the spot and provides the facilities without which it is difficult to maintain in eastern waters a British fleet of the largest and most powerful battleships.

The new graving station until this week was Malta, 600 miles away. Singapore has not only in these waters to compare with strategic. It commands the Straits and with that command gives full protection to India from a British force of any size. It enables a British force to outflank any attempt to attack Australia and New Zealand. With the new situation in the Mediterranean the Straits are becoming ever stronger but self-sufficient, an adequate base for a permanent fleet and a base for a fleet ever nearer to final development. The new principle of her naval defence policy—a two hemisphere standard.

It stands for armed preparedness for any trouble; it is a reminder in the East of Britain's world-wide responsibilities to her own Empire and her own trade routes. It is an assurance that if there is any threat to her position in the Pacific that threat will not go without effective answer. But it is something more even than that. Singapore stands for the freedom and peace of all the peoples who wish to stand in peace.

But the East is not at peace. Japan's aggressive policy in China, her aggressive policy of the creation of a mainland empire, and her aggressive challenge. Hiberto Great Britain, Japan and America have shared the responsibility for guaranteeing peace in the Far East. Their interests there are enormous, but so are their responsibilities. The present Japanese campaign has disastrously affected the peace of the East. It is a challenge to the peace of the world.

It is a challenge to the peace of the world. It is a challenge to the peace of the world. It is a challenge to the peace of the world. It is a challenge to the peace of the world. It is a challenge to the peace of the world.

The White Highlands
IS THE ORDER IN COUNCIL ADVISORY?

To the Editor, "E. A. Standard," Sir.—A London telegram dated February 10, 1938, published in your issue today says that the Secretary of State for the Colonies has told Parliament that "there could be no change in the administrative practice followed for the past 10 years in the White Highlands."

To the Editor, "E. A. Standard," Sir.—I was much interested in the remarks made at the Rotary Club regarding the White Highlands. It is the most spurious title that has ever been given to any land in this country. The title "White Highlands" is a misnomer, and it is not possible to call any land in this country "white" or "non-white."

A letter writer of England, as long as his skin is white, can possibly land in Kenya Highlands, whereas Indians, the partners of the Government, are not allowed to own land in the Highlands. This is a most anomalous situation, and it is not possible to call any land in this country "white" or "non-white."

For the Editor, "E. A. Standard," Sir.—I have read with interest your correspondent's letter of the 10th inst. It is not a question of the White Highlands and Kenya in favour of closing the Highlands. The suggestion originally came from the Game Department.

FROM NAKURU
PASSING OF PIONEER
Mr. Ivo Murton

It is seldom that one sees a crowd of men so visibly moved as that which gathered at the open grave and the hillside a few hundred yards from Nakuru station, on the funeral of the late Mr. Ivo Murton...

It is thirty-six years since he came to Kenya from the British Colonies. During his stay in Nakuru, he became known as 'The Pioneer'...

Mr. Ivo Murton was a hard worker and a man of high character. He was a pioneer in many ways, and his death is a great loss to the community...

NAKURU INDUSTRY: Natives at work in the local tannery. Photo: Richard and Co.

'There's Nothing Like Leather'

There's nothing like leather. It is the most durable, most beautiful, and most useful of all materials. It is the backbone of civilization...

A GREAT ADVANCE IN THE FURTHERING OF LOCAL INDUSTRY IN EAST AFRICA IS TO BE FOUND IN THE NAKURU TANNERY... WHERE INTERESTING PROGRESSES ARE CARRIED OUT WITH THE LATEST TYPE OF MACHINERY.

The constant revelation of the statement that Kenya is more a potential country than a developed one has probably been the main reason for the interest in the tannery...

The tannery is a modern establishment, equipped with the latest machinery. It is the only tannery of its kind in Kenya, and it is a great credit to the local industry...

Among the lines are Leathers, Cheats, Tanned skins, and various types of leather goods. The factory is well equipped and produces high quality leather...

LIBRARY'S CRITICAL POSITION

The attendance of the annual general meeting of the Nakuru Library was a little disappointing, only about a dozen members being present at the Nakuru Hotel on Friday morning...

The Librarian, Mr. G. R. Barton, read the Librarian's report in which the progress of the library was reviewed...

The Librarian, Mr. G. R. Barton, read the Librarian's report in which the progress of the library was reviewed...

At 8:30 a.m. on February 11, Mr. Frank Walter Harris, an assistant on Fairfield Farm near Nakuru, was found shot dead with a shot gun beside him...

On arrival at the factory, hides are washed and reduced to the same degree of salinity as when they were removed from the beast. They are then limed, unlimed and salted through an up-to-date filtering machine...

The hides are now well-dressed, graded, and in the case of some are packed in salt and packed into the drying room for about a week. The chrome process is then carried out to discover which hides are best suited to various uses.

The chrome process (the last of the English D.P.F. method) is also used. It takes considerably less time and is carried out in steam. The leather may be dried in the open air...

Light skins are tanned by a similar process, except that the hair is removed by a paste process and tanning continues in steam. In tanning, the chrome process is chiefly used, and the skins are dried by hand...

CLOSER SETTLEMENT A Hint from Palestine

The Senior Agricultural Officer of the Government of Palestine, Mr. Granovsky, who leaves Kenya this week after a period devoted to intensive study of the Colony and its economic progress...

at the time, there are striking parallels between the story of Australia and the history of East Africa. After a few years of experience the early Australians began to see sense in land settlement policy. They made it a condition that no man could buy land at public auction unless he became a resident...

Mr. Granovsky, coming from a country where settlement has made wonderful progress, desires to help the Government of Kenya to do the same...

THE PUBLICITY PLANS FOR EAST AFRICA

Inter-territorial Meeting in March

THE FIRST MEETING OF THE NEW INTER-TERRITORIAL ORGANISATION WITH THE OBJECT OF LAUNCHING AN EFFECTIVE COMBINED PUBLICITY CAMPAIGN FOR EAST AFRICA WILL BE HELD IN NAIROBI NEXT MONTH.

This was announced by Major F. W. Cavendish-Bentinck, chairman of the Kenya Association, at the annual meeting held yesterday, when in the course of his annual report, he described the efforts he had made in preparing for such an organization.

He stressed the point that Kenya's specialised requirements—increased settlement—would be more easily obtained once greater knowledge of East Africa as a whole had been disseminated.

The annual general meeting of the Kenya Association, held yesterday in the Memorial Hall, Nairobi, was presided over by Cavendish-Bentinck as chairman of the Association for the previous year. The meeting was only poorly attended, and some minutes passed in waiting for the 50 members to appear for the meeting.

RUGBY UNION OF KENYA March Fixture List

Although the Boat Race is not until April 2nd, the Cambridge University Boat Race eight spring a surprise eight weeks before, rowing a full course trial from Putney to Mortlake on February 5 in the splendid time of 20 minutes 24 seconds. Considering that they did not know the length of the course it was a fine performance. The eight were accompanied by the reserve crew, which was completely outfitted, and a mile from the starting line the reserve crew gave up, the University eight finishing alone.

THE BOAT RACE Cambridge do Surprise full Course Trial

The surprise visit to the Thames was planned for domestic entertainment. It was desired to discover the reaction of the Cambridge and Oxide crews, as students and individuals, to adverse conditions and to the extended length of course.

Cambridge took the Middlesex shore and the Oxide crew Surrey, and what little there was in the station favoured Surrey. Blasting off at 10.18, the Cambridge put together about thirty but nearly from the moment of leaving Putney the Cambridge crew was in front.
