TEXACO MOTOR OIL

IMPROVED

LONDON'S GROWTH NO MENACE

—AND IT TOOK YEARS OF EXPERIENCE—

The design of pistons reacted in the latest triumph of modern engineering was not attained in one stroke. Step by step experiment has given the lead for new developments, each demanding a finer precision. Moving parts—in which there is no slack—each designed at over 90 degrees speed, with the result that oil which was suitable a few years ago would today be wasted on the demands made upon it by the increased strain. **TEXACO Motor Oil**, improved by a special process, is the modern oil for the modern engine—providing a uniform flow of power for thousands of additional miles.

ONCE AGAIN HITLER OUTWITS HIS OPPONENTS

But what will Happen to German Economics?

Germany has entered into the most critical crisis of the Nazi regime with the least changes in the German High Command, Foreign Office and internal constitution, according to a special correspondent, who declares here, for the third time, that Hitler has outwitted down on his opponents.

A powerful section of the Army, since this correspondent was increasingly disaffected with the Nazi policy, and wanted to replace the 15 per cent Nazi Field Marshal von Blomberg with the one per cent Nazi General von Frick.

Van Blomberg's resignation was forced, but there also followed the arrest of von Frick, the resignation of 13 of his supporters, and the appointment of the chief Nazi of all, Herr Hitler himself, as Supreme War Lord.

The latest developments in Germany have not only surprised the world but also the German people themselves. The changes which have taken place in the German High Command, Foreign Office and internal constitution, according to a special correspondent, who declares here, for the third time, that Hitler has outwitted down on his opponents.

It is not only surprising that during the last few months a strong movement has taken place in Germany, but also that this movement has taken place in Germany, but also that this movement has taken place in Germany.

The Coffee Crop

ESTIMATES AND MARKET VALUES

On 15th February, "E. A. Standard," we have been hoping you might be able to give us some idea of the coffee crop for 1937. It is a matter of some importance to the coffee growers in this country, and it is a matter of some interest to the public generally.

of an over-estimate. This has been pointed out in the article in the Standard of 12th February, and it is to be hoped that every farmer making for the best price possible should have been preserved. It is a matter of some interest to the public generally, and it is a matter of some importance to the coffee growers in this country.

But whatever precedent may be set in the future, it is to be hoped that every farmer making for the best price possible should have been preserved. It is a matter of some interest to the public generally, and it is a matter of some importance to the coffee growers in this country.

Yours etc,
C. KENNETH ARCHER.

NAIROBI SOUTH AN ELECTION PAMPHLET

To the Editor, "E. A. Standard,"—In reference to the election pamphlet I issued under the name of the Union, I have sent an opportunity of seeing Captain Behrebehe in his public or private capacity. I am also pasted the pamphlet in the Standard. I have also pasted the pamphlet in the Standard. I have also pasted the pamphlet in the Standard.

T. J. O'BRIEN.
Nairobi, 19th Feb. 1938.

KENYA YOUTH

To the Editor, "E. A. Standard,"—The 10-year-old Kenya Youth, schoolboy's opinion would be much weightier if he were at school in England, and he would then be what he was in this country.

It is not Kenya schools I object to, it is their holidays! I would much prefer to have my son join the gangs of late school boys who hang about the streets, talking to Africans and giving them a "lesson" in their own small circles on their holidays, a lesson in all respects, in it is not their fault, but their parents' fault, that they have been taught to do nothing else but hang about the streets.

Yours etc,
George Firth Memorial Fund

ment of an early self-organizing type of native self-help movement, and taking a measure of pride in it.

How the entire registration system is threatened with extinction, and being reduced to an obsolete relic of the action of the very people whom it was originally designed to assist. I refer to the practice of taking on every child, even in the absence of any real need for the day or by the week, without regard to the complete ruin of the farmer through the whole system.

Yours etc,
A PAT MAMMA.
Nairobi, February 19, 1938.

A PLEA FOR THE HORSE

To the Editor, "E. A. Standard,"—Our Municipal Authorities have in many directions done well for all our differing communities. Could they now direct their energies towards bettering conditions for their humble servants, the Municipal Council?

The horse is so very definitely used in our Daily, as I walk through the roads of our splendid suburbs. I am sure (attached to the removal carts) with streaming reins, lashed by the reins of their self, on their eye-lids.

In other tropical or sub-tropical countries the men wear leather aprons to protect the crew from dirt and flies. We forget that the weary bullock has daily, night and day, to travel to and from their quarters. When they get water in their quarters they are not only dirty, but they are also very much annoyed by the flies.

Yours etc,

THE LABOUR PROBLEM

To the Editor, "E. A. Standard,"—Since eleven years ago the Government of Kenya introduced the Native Registration Ordinance, which has proved of immense value towards the establishment of an early self-organizing type of native self-help movement, and taking a measure of pride in it.

the progress and preliminary will need to be made. This will be a valued course of the British Empire, in order of the British Empire, in order of the British Empire.

Yours etc,
IRENE MORGAN.
Nairobi, February 19, 1938.

AFRICAN GIRLS AND FORCED MARRIAGES

To the Editor, "E. A. Standard,"—In 1936 you kindly allowed me to call attention to the case of the girl Kekere of Tanganyika, who was betrothed to a European, but who was afterwards married to a European, but who was afterwards married to a European.

Yours etc,
R. M. MOONEY.

When the blood is impure and weak, the skin is faded and wrinkled. The doctor's amazing discovery is a medicine that purifies the blood and restores its natural vigor. It brings back youth to faded and wrinkled skins.

London Reflections

A TOAST TO SPRING—HATS A-HEAD—MATERIALS A LA MODE

TO-DAY has been very mild and sunny and has come to remind us that Spring will shortly be here. A fresh beginning, the outset of a new adventure, never fails to have its romantic appeal. And so I have wondered if women living in countries which know no Spring should not remind themselves that in England the daffodils will soon be bursting into bloom and drink a toast to the Spring that may not see.

In sympathy for those sisters at home, they also might go out for a new hat. The fashion for the spring-clean their houses. For doing this, they will gain just as much more youth, to exchange their friends and to encourage them.

To keep you still farther, I will give you the new dress. It is only enough with the spring, they have known the fashion for both the dress and the hat. The dress is designed to show off the woman's figure. It is a simple dress, but it is elegant. It is a dress that is in vogue for the spring. It is a dress that is in vogue for the spring. It is a dress that is in vogue for the spring.

BOOK REVIEWS

by James Agate

Sinclair Lewis's new book is no "Babbitt"

THE PRODIGAL PARENTS by Sinclair Lewis (Jonathan Cape, 7s. 6d.) One of the penalties of being a big novelist is that people expect all his novels to be big.

It is a roundabout way of saying that I find "The Prodigal Parents" a disappointing novel. It is a novel about a family of four people living in a small town in the Middle West.

There is a certain amount of realism in the novel, but it is not very convincing. The characters are not very well drawn, and the plot is not very interesting.

The novel is a study in the psychology of a family. It is a study of the ways in which a family can be broken up, and of the ways in which it can be put back together again.

LORD SAMUEL

Of all the promises of being a judge, perhaps the most interesting one is that of being a judge in India. It is a position of great responsibility and of great honor.

reference given by one of the correspondents. Nanda Kishore Das, a well-known Indian lawyer, has written a book on the subject of the law in India. It is a book of great interest and of great value.

Remarkable rejuvenation. "I am rejoicing" on the progress made by the Indian people. It is a progress that is remarkable and that is worthy of admiration.

Looking Forward Into the Air
A Review of the Future of Civil Aviation

By C. J. Galpin, D.D.O., Director of Overseas Civil Aviation
Being the last part of a paper entitled "World Air Routes" read on February 2nd to the Royal Society of Arts.

I WOULD like to indicate now in looking somewhat further ahead—not as far as Mr. H. G. Wells—but into the nearer future, what the air-minded man is likely to see. The new generation may reasonably expect to find the aeroplane and air travel established as facts of daily life.

We are aware that over the world is taken when Mr. Mackay and his colleagues have made it so easy to get to the ends of the earth. But these days are not yet over.

In our general remarks we have been similarly restricted, but just for the purpose of giving a general idea of what is to be expected.

We have to be satisfied that the great aerial services from Burma to Australia, from Egypt to South Africa, from Europe to the East Indies, from Europe to the East Indies, from Europe to the East Indies...

It is to be expected that the development of the transport services will be such as to give a general idea of what is to be expected.

consider gradually the attainment of a world-wide system of air transport... The United States Government have not been content to take up the matter as they did today...

As an example of what is to be expected, I will quote the Commission on Air Transport. The Commission on Air Transport was set up by the Government of the United Kingdom...

Britain Ravaged By Gales Village Evacuated when Norfolk Dyke Breaks

London, February 15.—Britain is suffering from another severe gale. This has been a re-verse of the high water and the present gale, which began on Monday night, has been the first to be followed by a severe low water extending to about 100 miles. It was an appreciable deepening of the water as a result of the night tide. Waterways and the additional water.

A threat to the neighbouring villages is being met by raising the dykes. The raising of the dykes is being met by raising the dykes. The raising of the dykes is being met by raising the dykes.

One of the victims of the gale was a British steamer, the M. S. "Aurora," which is supposed to be on the rocks near Scarborough.

The water was being towed by an Admiralty tug. She broke away from the tug and, in her own way, she was working as she drifted along the coast. She was about 100 miles from the coast when she was struck by the gale. She was about 100 miles from the coast when she was struck by the gale.

BRITISH CONCERN ABOUT AUSTRIAN AFFAIRS

Germany Acclaims "Another Triumph For Herr Hitler"

PROTESTS IN VIENNA

"WAIT AND SEE" IS STILL THE ESSENCE OF THE ONLY ANSWERS THAT GOVERNMENT SPOKESMEN, IN BOTH LORDS AND COMMONS, CAN GIVE TO A PARLIAMENT THAT IS ANXIOUSLY CONCERNED ABOUT THE STATE OF AFFAIRS IN AUSTRIA, PARTICULARLY IN VIEW OF THE STREBA AGREEMENT BETWEEN BRITAIN, FRANCE AND ITALY. MR. ANTHONY EDEN, THE BRITISH FOREIGN SECRETARY, SAID ON THURSDAY THAT HE HOPED TO BE ABLE TO MAKE A STATEMENT ON FRIDAY, ON FRIDAY, HE SAID "WAIT TILL MONDAY."

The German Press is jubilant at what it calls a new triumph for Herr Hitler, and a French news agency report says that the Führer has obtained important posts for Heiler in the Austrian Cabinet and in the Federal Government, and also a signatory for the Anti-Comintern Pact, as well as prospect of an Austro-German customs and currency union.

Strikes in Vienna have protested against "the betrayal of Austria to the Nazis" and trade unionists have declared that they would adhere no sacrifice to defend "the independence and dignity of Austria."

TO-MORROW'S SONG RECITAL

Those who have had the pleasure of hearing Mr. John Valentini at the Capitol Theatre and it is hoped many more will appreciate the well-known baritone's voice in the programme which he will present at the Phoenix Theatre to-morrow at 9 p.m. Mr. Valentini has sung all over the world, but to keep to Africa, such standard pieces as the "Cape Town," the "Cape Argus," the "Road Duty," and the "Johnannesburg," are an indication in their own right of his voice, his personality and a versatility which is unusual. Mr. Valentini is going to sing to-morrow evening two groups of songs, among them, "The Car," "Foggy," "Queen's" the setting of "Cheery Avarice Ballad," Song of the Minstrels, including "Old Man River," "Song of the Sea" by Edward German, "Yellow and John Ireland," and songs from Texas among them. Standard Donors's choruses, and a delicate song "Lament," "Home on the Range" and "The Blue Bird" will be heard. He will take his audience far afield in his songs, and his programme will include a variety of songs which are always heard and liked at Nairobi. Mr. Valentini's "Stars" recital on the 21st of February, "Mr. Valentini's singing," "Mr. Valentini's voice is rich and well-trained voice of good volume." He is an able, entertainer and a versatile artist.

Mr. Valentini will be accompanied by Mrs. E. A. Vasey.

"There are already signs that the pace of business activity is slowing, and any increase in taxation at this juncture would be a serious blow to confidence."

Grass Track Races

THRILLS THIS AFTERNOON

The motor cycle grass track races which take place on the Civil Service Club grounds this afternoon promise to be really exciting. Racing begins at 2 o'clock and the programme is well planned and the spectators of the meeting will distribute the prizes.

The enthusiasm which this event is arousing may be gauged by the large and steady attendance, who with machines already stripped and tuned, have been indulging in a little mechanical practice around the club.

Over thirty trials are being completed in 18 days and some are estimated to be a half hour or more in length.

- 1. WANDERER (ASIAN), 2. 300 cc. (ASIAN), 3. 300 cc. (ASIAN), 4. 300 cc. (ASIAN), 5. UNDETERMINED (EUROPEAN), 6. WANDERER (EUROPEAN), 7. THE CLUB'S REPRESENTATIVE, 8. COMPLICATION RACE, 9. THE GOVERNOR'S CHALLENGE CUP.

Grass Track Races

The races have been arranged in order that riders who are competing in several events will have the opportunity of meeting all the machines and making any adjustments in perfect condition for the day.

The Committee had arranged for three days of events, leaving the day of the Champion—but owing to there being sufficient competitors to make a race they have reluctantly had to scratch it.

The Governor's Challenge Cup. The Wanderer's race should prove a novel attraction. Also there are 18 machines, European and Asian, including the Wanderer's Challenge Cup, which will be treated as a special event. It will be held for the first time of the day.

After the races which are expected to last about two hours, closing at 4 o'clock, there will be a luncheon at the Civil Service Club and a show of the film "The Story of the Rhinoceros" will play.

All competitors should arrive at the Civil Service Club grounds at 10 o'clock on the day they have a practice run round the track.

WILL BRITISH FOREIGN SECRETARY RESIGN?

Rumoured Split After Cabinet Meeting ON ITALIAN RELATIONS

MEMBERS ARE CURRENT IN LONDON THAT MR. ANTHONY EDEN, THE BRITISH FOREIGN SECRETARY, HAS OFFERED TO RESIGN, ON ACCOUNT OF A DIFFERENCE OF OPINION BETWEEN HIMSELF AND THE PRIME MINISTER, MR. NEVILLE CHAMBERLAIN, IN REGARD TO RELATIONS BETWEEN BRITAIN AND ITALY. MR. CHAMBERLAIN, IT IS SAID, THINKS THAT ANGLICANISM TALKS SHOULD BEGAIN AT ONCE, MR. EDEN IS OF THE OPINION THAT THE SPANISH PROBLEM SHOULD BE SETTLED FIRST.

There was a sudden special meeting of the British Cabinet on Saturday—such week and meetings, it is pointed out, only take place in emergency—and another meeting will take place today. No official statement was issued, but it was believed that some unexpected development in the European situation was the cause of the meeting.

The migration rumour was not confirmed, and one newspaper, claiming good authority, declared yesterday that Mr. Eden would not resign, but would resign the decision of the Cabinet on the question at issue between himself and the Premier.

AUSTRO-GERMAN AGREEMENT

There was a special meeting of the British Cabinet on Saturday—such week and meetings, it is pointed out, only take place in emergency—and another meeting will take place today. No official statement was issued, but it was believed that some unexpected development in the European situation was the cause of the meeting.

An official announcement issued in Vienna on Friday night was described as comprising a list of 120 articles signed upon at Berchtesgaden on the 12th inst. It was stated that the articles would have the opportunity of being in legal articles within the framework of the Fatherland Front and all other Austrian institutions, and Germany will take measures to ensure that existing prohibition against interference in Austrian internal affairs.

A similar communique was issued in Berlin.

Radio-Germany circles were given any question of a rupture or currency union with Austria will join in the Anti-Comintern pact.

FRANCO'S TERUEL SUCCESS

Commanding Position Claimed

Barcelona, February 25.—"Madrugada" claims news within five miles of Teruel, and that the town is being taken as a result of the second day's fighting in this part. It offers to surrender the city. From Teruel, Franco's forces are in a commanding position to attack Saragosa and Huesca, which are now being shelled by Franco's forces.

Further attacks give them control of Saragosa and today they claimed to have taken Teruel, important for the Government.

Speaking in the British press regarding bombing, General Franco said that he had taken note of the Republican attitude of the British Government, but he had made no answer to it. He said he had made no answer to it. He said he had made no answer to it.

RAILWAY STRUGGLE

Fighting in North China continues to be concentrated on the strategically important railway lines. Japanese troops are seen here working on a train that has been derailed by retreating Chinese.

BIG BATTLE IMMINENT ON YELLOW RIVER?

Report that Japanese C. in C. has been replaced in Shanghai

A bitter struggle along the Yellow River seems likely to be the next stage in the war in China, according to the latest reports, for crack Chinese troops are straggling themselves on the South bank to await the advance of the Japanese, who appear to have cleared all the country north of the river.

In Shanghai, an "interesting development" is reported. General Matsui, the Japanese Commander-in-Chief, having been recalled to Tokyo and replaced by a more conciliatory commander.

Shanghai, February 25.—The Chinese are reported to be withdrawing from the Japanese (Hankow) railway. The Chinese crack troops are said to be preparing defence lines on the south of the Yellow River, and the troops remaining north of the river have withdrawn to the west, into the province of Honan.

The Japanese now claim that they control the North China.

Legislative Council Elections

Mr. F. J. ARNOLD'S ABERDARE MANIFESTO

Mr. F. J. Arnold, prospective candidate for the Aberdare constituency at the Legislative Council Elections, has issued the following Manifesto:

I have accepted an invitation to contest the Aberdare Constituency at the General Election and I am going to ask for your support.

I have been a student and agricultural worker for the past 10 years in Kenya and it is my intention to devote myself to the betterment and improvement of farming and other operations in this Constituency.

I am in favour of compulsory education, not necessarily free. The education is the primary obligation we all hold towards our children and it is my intention to bring the public on this matter in the form of a Bill which will provide for higher education.

I strongly advocate for a Government Central College which in my opinion is very essential for the development of the country. I am in favour of compulsory education, not necessarily free.
