SECRETARY FOR FOREIGN AFFAIRS RESIGNS

Disagreement Over Talks With Italy

COMMONS STATEMENTS

MR. ANTHONY EDEN, SECRETARY OF STATE FOR FOREIGN AFFAIRS SINCE DECEMBER 1924, HAS RESIGNED, AS ALSO HAS LORD CRANBORNE. THEY ARE UNABLE TO ACCEPT THE CABINET'S DECISION IN FAVOUR OF THE IMMEDIATE OFFERING OF A TREATY WITH ITALY WITH A VIEW TO A BETTER ANGLO-ITALIAN RELATIONSHIP.

The announcements of the resignations late on Sunday evening were a confirmation of an anxious week-end reported in many quarters as the most critical since the Abdication.

Both the Prime Minister and Mr. Eden made statements on the position in the House of Commons last night.

London, February 21.—THE CROWD IN DOWNING STREET TONIGHT WERE THE BIGGEST SINCE THE KING'S coronation. The crowd consisted of every party to the special evening performance of the Sunday night party which was held in the Palace. Mr. Eden had handed in his resignation tonight and Lord Cranborne had also resigned. The Prime Minister said: "I am afraid I have nothing to say."

DOES WAKING TIRED EVERY MORNING RUIN A Woman's looks?

'YES,' says your well-known doctor. That drawn, tired look, that dulness in your eyes, those tiredness lines will leave you when you get rid of Night Starvation.

WAKING TIRED every morning is very often a sign of Night Starvation. It shows in your face in a dozen different ways. Lines, wrinkles, circles under your eyes, shadows, make you look down and old. Night Starvation shows in your body, too. Shoulders droop—your joints creak, your muscles ache, your nerves are exhausted, your sleep is restless, your appetite is poor, your health is ruined.

Horlicks Guards Against Night Starvation. It is the only food that will give you the strength and energy you need to get rid of Night Starvation.

Publicity on Right lines

ASSOCIATION'S AIM

Need for a definite Policy urged

The Chairman of the Kenya Association, Major F. W. Cecil Guinness, took the opportunity afforded by the annual general meeting last week to reply to details of criticisms of the Association which, it may be remembered, were made last year.

He dealt with the question then raised of political connections in relation to himself and members of the executive, maintaining that the Association had always been careful to keep out of politics; but at the same time such connections had not been without value.

As to the deal with the question of the employment of a Press Agency to further the cause of publicity.

In the course of his speech Major Guinness-Bestfield said: "I am quite convinced we want to be public bodies. It has been done in a wide, stimulate interest and attract more visitors. That would be an inter-Continental effort to bring the two territories with a view to equal measures, and we are glad to see that the Government of the part of the world disseminated. I have specialized efforts to do one way or the other."

I studied those plans last year and stated at that time that I was not in favour of such a proposal. It was not to be adopted, and I am glad to see that the Government of the part which I represent, and which I support, has decided not to do so. I am glad to see that the Government of the part which I represent, and which I support, has decided not to do so. No Peace Conscrption in Britain

In answer to a question in the House of Commons, the Prime Minister, Mr. Winston Churchill, stated that the conscription bill which he introduced in the House of Commons last week was not intended to be a conscription bill. It was intended to be a bill to provide for the recruitment of the armed forces of the Crown, and to provide for the recruitment of the armed forces of the Crown.

RUMANIA Murder at Morogoro

The New Constitution

HEAD ALMOST CUT FROM THE BODY

Bucharest, February 21. Rumania is agog with excitement about the new constitution which is expected that a plebiscite on the subject will take place this week-end. The Government has announced that the new constitution will be submitted to the people on the 23rd of February.

The victim was an Italian stenographer and it is supposed that a native who was employed by the murdered man only four days before and who has disappeared, perpetrated this atrocious and apparently invidious murder.

The murder, which apparently had place between 11.30 p.m. and 12.15 a.m., occurred at the victim's flat. The 33-year-old stenographer was found lying on the floor, with a wound in the head, which was fatal. The police are now searching for the murderer.

WELLINGTON

A man is as young as his STOMACH

How old is yours?

Being young is not of itself a guarantee that your stomach is healthy. When you are young, your system is still in its prime, but as you grow older, your organs begin to fail and you begin to feel the effects of age. The daily eating of a good stomach powder is the best way to keep your stomach healthy and your system young.

There is a difference when you take Maclean Brand Stomach Powder. It gives your stomach rest instantly. It drives out acidity—deals with indigestion—breaks down wind and gas—breaks down food and cleans the stomach—restores from a life of pain and discomfort. Take it—feel for yourself the quick relief of its very best food.

MARKING TIME AT GENÈVE

—by—

The Rt. Hon. Winston Churchill

P. C., C. H., M. P.

THE attempt to produce a treaty at Geneva fatal to the League of Nations, which, as I have said, is a weak, flabby and half-witted body, has failed. The negotiations made by Great Britain, France and the United States at the principles of the Covenant have failed the League of Nations. Whether this will fail or not is a matter which it would be well to consider. It is a matter which it would be well to consider.

It is a matter which it would be well to consider. It is a matter which it would be well to consider. It is a matter which it would be well to consider. It is a matter which it would be well to consider. It is a matter which it would be well to consider.

Genève. The strong unity between Great Britain and France has again been shown. The League of Nations has again been shown. The League of Nations has again been shown. The League of Nations has again been shown.

The Anglo-American Trade Negotiations

★ by ★

H. V. HODSON

MR. OLIVER STANLEY, President of the Board of Trade, quite recently condemned the enthusiasts who were trying to propose Anglo-American trade agreement as a political bargain. That he said, was the stand-point from which the Government was conducting the negotiations. The bargaining was necessary and well timed, for people have unconsciously detected that economic interests were being sacrificed to make a political holiday.

What any lines he? The truth may be that the negotiations were conducted in a spirit of compromise. It is a matter which it would be well to consider. It is a matter which it would be well to consider.

Phillips' Milk of Magnesia is for more than just a laxative

PHILLIPS' MILK OF MAGNESIA

The Social Editor's Point of View

I FOR ONE...

I read recently that a woman, in order to make any effect on her husband, would, has to start out with a pretty good idea of what she wants to be in 10 years. In her actual life, she has chosen her ideal, she must live up to it.

Fourth Section of American Best-seller, "How to win a husband—and keep him". Anne Hirst wrote it

His mother is a problem, is she? ... "Are you married to a mother's boy?"

MY mother-in-law makes me feel that her son is still her baby and that I'm a little girl who doesn't know the first thing about looking after a man.

THE long wait is in agony too but not by any means the sad long wait of 1943. I think it was then that more often delicate waists, with one or two clear between the breasts and the other half-way over the hips, were made to trim and neat and girly and sweet.

Don't let yourself go when you're alone. This is the best way to attract a partner. When you can't get any more out of your husband, you can try new tricks with him. You can't get any more out of him, you can't get any more out of him, you can't get any more out of him.

His doctor explained it was a case of too much acid in the stomach—a condition often met by ladies of my age. Said he: "What he needed was Phillips' Milk of Magnesia."

A GAME PARK FOR KENYA

In writing this article on Kenya I must acknowledge that I have referred to and used portions of the letters and writings of J. B. H. Hamilton, who was for many years responsible for the administration of White Crown Reserve and Kruger Park, and also for some of the best of the game preservation of the British Empire...

There is a big increase of visitors every year. The Park is beautiful in its theme with its beautiful lawns being made in the way of moat, ridge and arroyo, and in the way of rock, hills and viaducts.

It is interesting to note Mr. Hamilton's views on the game preservation of Kenya. He was made a permanent Game Park and Game Reserve here. It was made a permanent Game Park and Game Reserve here. It was made a permanent Game Park and Game Reserve here.

A Letter from the Union In South Africa Last Week The Public Was More Interested in The Empire Games than in Politics

PARLIAMENT opened at Cape Town last Friday with several innovations in the time-table of the session. The day of the opening ceremony, Friday, is devoted to the Malanites or to the "God Save the King" and the Governor-General (Sir Patrick Duncan) read his official speech in Afrikaans as well as English, and the Royal Navy's Africa Station Commander-in-Chief was relegated to a less important position in the proceedings...

INDIAN PROBLEMS: Last Parliament there was a vote in Durban over the City Hall meeting of the Indian Congress. The Indian Congress is a body of Indian nationalists who are active in the Indian community in South Africa.

GERMAN BARTER: A German trade-delegation is now in the Union to try and secure a release of the stocks of the German Trade Agency. The German Trade Agency is a body of German businessmen who are active in the German community in South Africa.

THE SHIPPING SUBSIDY: The Government has announced that it will continue to subsidize the shipping industry in South Africa.

Here's a first-class LOVE-STORY

THE SEAN MURRAY By William Murray

It has been said of the elephant that it is an easy animal to domesticate but a hard one to tame.

It is the same with all the arts, with every important profession.

The function of an elephant is to be, whether people like it or not, a function of any and every art is to please. This brings up the question, "Please whom?"

There is a well-known picture entitled "The Happiness of the Barys" in which a lot of men in military uniforms are seated on a sofa in order to discuss a picture to be painted.

"The Congress trusts that the British Government will recognize that even now it is not too late to call upon the Government of Kenya not to embark on such a course of wantonly opposition and degrading and discriminatory legislation."

Something like a political death is implied in the latest pronouncements made this afternoon by the Congress leaders...

Earlier this week before the Congress held its annual session in Bombay, the Government of Kenya was asked to call upon the Government of Kenya not to embark on such a course of wantonly opposition and degrading and discriminatory legislation.

The Congress has long with regard that the Government of Kenya should recognize that even now it is not too late to call upon the Government of Kenya not to embark on such a course of wantonly opposition and degrading and discriminatory legislation.
