## 36-HOUR ULTIMATUM TO LITHUANIAN CABINET

Warsaw Crowds call for "March on Kaunas"

### BRITISH ANXIETY

BY 10 O'CLOCK THIS MORNING LITHUANIA MUST REPLY TO AN ULTIMATUM SENT BY THE POLISH GOVERNMENT AND CONTAINING SIX DEMANDS IN SETTLEMENT OF THE FRONTIER DISPUTE AT VILNA. IT IS NOT KNOWN WHAT THE DEMANDS ARE.

Huge crowds have been marching along the streets at Warsaw shouting "March on Kaunas" and speakers have urged the Polish army to order Lithuania to order its "regime" to "resign order".

Frontier differences, particularly the seizure of Vilna by Poland in 1920, have been a constant cause of tension between the two countries, which have not had diplomatic relations with one another since 1920.

The Polish Government was addressed a note by the Lithuanian Government containing terms for settlement of the frontier dispute. A Lithuanian note was also sent to Warsaw on March 18, which is being considered by the Polish Government.

It is recalled the Lithuanian Government is 19 o'clock last night had the Cabinet met immediately.

Mr. Chamberlain's Statement  
In the British House of Commons today the Prime Minister declared that the ultimatum sent to Warsaw had a time limit of 36 hours. The British Ambassador at Warsaw had indicated that the Polish Government should not be used as a pretext for violence.

The basis of the ultimatum is frontier differences, particularly as regards Vilna, which Poland occupied in 1920 since when Polish-Lithuanian diplomatic relations have been broken. (Reuter.)

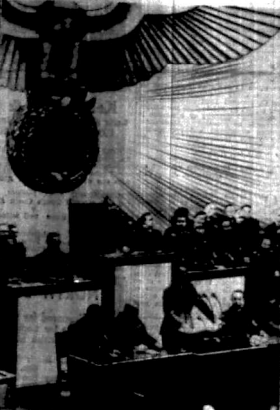

A message from Kaunas state that Poland is concentrating troops on the frontier in order to coerce Lithuania, where Nationalist organizations are demanding a rejection of Poland's ultimatum.

In Lithuanian political and diplomatic circles there is a move for mediation. The Lithuanian Ministry is in contact with Lord Halifax at the Foreign Office and it is apparently understood that a special settlement is in view.

Full reports of the situation are being received in London from the British Ambassador in Warsaw. (Reuter.)

SOVIET CONFERENCE PROPOSALS  
London, March 18.  
The Soviet proposal for a conference of powers on Germany was made simultaneously today in London, Washington, Paris and Prague by the diplomatic representatives of the Soviet Union. (Reuter.)

## THE FUHRER SPEAKS

Mr. Hitler denounced the Austrian case when he addressed a special session of the Reichstag yesterday. He is shown in this picture addressing the Reichstag at its last meeting in the Reich Opera House.

## NINE HUNDRED DEAD BEG IN TWO DAYS' RAIDS ON BARCELONA

Six hundred were killed in Barcelona on Wednesday and 300 on Thursday, as well as over 1,000 wounded, in the heaviest raids that have been almost incessant throughout the two days.

The Spanish Cabinet has decided to "adopt necessary measures against such terrorism," and will "follow up the struggle until ultimate victory is attained."

Alas raids have been continued all day. The total took place at 2 p.m. and 7.30 were killed and many injured.

Although it is understood that 300 people have been killed in the day's raid, yesterday's casualties are 800 and 1,000 wounded. The Spanish Cabinet has announced the death of Dr. Negre, having decided to resign immediately since the abduction of the Valencian authorities to the capital, suffering from these people, and ask them to make representations to the Government.

The Spanish Government has agreed to open to both parties in Spain, in case bombardments of this character and the French Government have now approached the Valencian with a view to obtaining their application to any appeal they may make. (British Official Wireless Service.)

Dr. Freud  
that nothing could be said. This was taken to mean confirmation of the reports.

The proposition of the Jews is in fact a demand for the Jews to be treated as a nation, and not as a religious sect. It is a demand for the Jews to be treated as a nation, and not as a religious sect. It is a demand for the Jews to be treated as a nation, and not as a religious sect.

German Guaranty  
It is announced that the Reichstag has been declared closed in connection with the German election. The Reichstag has taken over the Austrian National Bank.

London, March 17.  
Two soldiers, both of the 12th London, who shot and wounded a man, were charged with intent to murder on Tuesday, March 17, following a shooting in the Strand Police Court on a charge of intent to murder.

## Empire Industry and Mandates

The Parliamentary Committee of the Empire Industries Association has today issued a report representing the Age that the British Government should make it clear that the existing arrangements under which it has a right to open to discussion.

Mr. Gladstone, both decided to resign in February 21. They were charged with intent to murder on Tuesday, March 17, following a shooting in the Strand Police Court on a charge of intent to murder.

On the 18th of March, Mr. Chamberlain's statement of the principles of the Government's policy in regard to the National Press, which was published in the Times, has been widely discussed.

## U. S. MINISTER ON WORLD ANARCHY

### "Deep Concern for International Order"

Overriding American foreign policy, the United States Secretary of State, Mr. Cordell Hull, declared on Thursday night, in a speech that was broadcast throughout the Empire, by the U.S.C. that there was no intention of using American power to police the world, and equally there was no intention of abandoning America's deep concern for the stability of the establishment everywhere of international order.

He stated that the crucial universal issue was whether international anarchy, based on brute force, would eventually destroy the world and ultimately sweep away the very basis of civilization.

Confidence In M. Blum

HUGE INCREASE IN FRANCE'S ARMAMENT

Paris, March 18.  
Making a Ministerial Declaration in the Chamber of Deputies, Minister Blum, the Prime Minister, said that the big effort in terms of armaments had failed, as all armaments had been ordered to be rejected the proposal.

The French Premier  
Government had therefore been asked in the name of the People's Party.

Referring to Austria, M. Blum declared that France would stand against the party of the general situation, and intend to increase the country's armaments strength, beginning an additional armament program without delay. Collective armaments will furnish France with the means of self-defense and the maintenance of her collaboration.

Chamber has passed a vote of confidence in M. Blum by 397 votes to 116.

"Shortage" Defense  
A bill to be introduced today providing appropriations for "the maintenance of work in connection with national defense".

The Ministerial Council has approved M. Daladier's proposal of a national "responsibility" of 1,000,000 francs for the Navy and 500,000 francs for the Army.

# DODGE

## ECONOMY TAKES ON A NEW MEANING

New refinements in the famous Dodge 9-cylinder L-head type engine and throughout the sturdy Dodge chassis bring new economy in the Dodge for 1938. The automatic progressive transmission, available at added cost, has been further simplified. It makes you

drive even greater average to last and oil. Coming automatically into operation at speeds from 35 miles per hour and upwards, it reduces engine revolutions about one-third. Increased mileage the other means. See the new Dodge at your nearest opportunity.

## VALUE IS OUTSTANDING IN THE BIG NEW DODGE FOR 1938

Never have so many distinctive value-giving features been built into any motor car so thick that distinguishes the great new Dodge for 1938. The values advanced body is equipped in new and improved rubber lined carriage interior bringing substantial gain to Dodge passengers. Dodge perfected four-wheel hydraulic brakes must stop going south with ease. Greater Dodge interior dimensions make a possible for three persons in either front or back seat to ride in perfect comfort. The Dodge Ride-Levator, semi-hydraulic shock absorbers, and tapered A-frame steel springs give you riding extra. Furthermore, Dodge engine brings new economy and greater performance. Ask for a demonstration. In five short minutes you'll be thoroughly convinced of Dodge superiority and value.

## SMART STYLING AND PERFORMANCE

When you own a 1938 Dodge you own the latest advancements in modern car design and engineering. Streamlined and aerodynamic lines give you new Dodge leaves little to be desired in a motor car. The body all-steel body is completely reinforced in rubber and brings substantial gain and further riding comfort to passengers.

Streamlined black radiators, adjusted to mechanical riding conditions, tapered A-frame steel springs, and the new Dodge Ride-Levator, combine to bring unprecedented ride comfort. The new Dodge motor car is designed to drive a mile a day. The Dodge will give you maximum driving performance. You drive in comfort, but

## LUXURY APPOINTMENTS AND COMFORT FOR YOU

When you step into the new Dodge you step into the height of motor car luxury. Step forward on the deeply upholstered chair longly Dodge Tourer seat, stretch out your feet on your arms on the generously upholstered front seat, and relax. The new Dodge

has been so carefully engineered that you ride relaxed even at high speeds. New semi-hydraulic shock absorbers, the Dodge Ride-Levator, safety all-steel body cushioned in rubber and tapered A-frame steel springs are luxury appointments. Ask for a de-

## COMFORT IS A PLUS FEATURE IN THE NEW DODGE

Monitors you for a demonstration of the many features offered by the new Dodge for 1938. Ask to see the Dodge in your own town. You will be convinced when you discover how

comfortable the Dodge motor car has been constructed for you. The Dodge motor car has been built to give you the most advanced and comfortable driving car in the world.

## STYLE DOMINATING THE MOTOR WORLD

In rank of brilliant Dodge style is engineering genius that leaves superior performance and long life for many years. ARTIFICIAL refinements in mounting the safety all-steel body to the sturdy X-type frame result in an automobile that is resistant from road noise. New semi-hydraulic shock absorbers are not adjusted to meet local conditions. Dodge Ride-Levator

keeps the car on even level when road conditions are uneven at high speeds. Perfectly balanced hydraulic brakes make stopping safe and sure. The new Dodge motor car is a masterpiece of engineering. When you buy a Dodge you buy the last word in motor car design. You get the greatest advancement in motor car engineering.

## BEAUTY TAKES A NEW STEP FORWARD

The new Dodge will look you over at first sight. Its smart aerodynamic lines combine a new conception of beauty and distinction. The height of the radiator grille has been cleverly combined with graceful lines. The head lamps have been recessed in the wide front fenders to offer maximum

visibility to non-riding car occupants. The Dodge motor has been completely redesigned to bring you the latest advances of the world. Dodge motor designers see this great new car today! Ask to drive it, for a few miles you'll be convinced this is your motor car.

## SAFETY IS AN IMPORTANT IN-BUILT QUALITY OF EVERY DODGE

The new Dodge for 1938 is built of steel body, six safety X-type frame, semi-hydraulic shock absorbers, and tapered A-frame steel springs, all built as a single piece and it will be as strong as steel. The new Dodge motor car is built to drive a mile a day. The Dodge will give you maximum driving performance. You drive in comfort, but

**OPPOSITION TO DISCHARGE**

The application of an elderly Indian defendant for his discharge from prison for the second bankruptcy was strenuously opposed by the Official Receiver, when the application came before the court yesterday.

Mahomed E.H. Bari, who failed in 1921 with liabilities of £200, with nothing available for liquidation on his discharge, was a married man with two children. At that time he was earning Shs. 156 to Shs. 200 a month.

The Official Receiver in his report submitted to the application stated he refused to issue of the fact that Bari had been insolvent. He said that he had been insolvent in 1921, but that since he is now in his 50s, his health is failing, and he is unable to do any work, it would be in the public interest that he should be released.

The report also set out an affidavit sworn to by Bari, in which he stated that he had been insolvent in 1921, but that since he is now in his 50s, his health is failing, and he is unable to do any work, it would be in the public interest that he should be released.

**REFUSED JOB WITH DUKE OF WINSDOR TO GET MARRIED**

Twenty-six-year-old ex-courier chauffeur Wilfred Jones, a Huddersfield man, refused an offer to be driver to the Duke and Duchess of Windsor.

He wanted to marry Miss Isabel de Crespigny, a 21-year-old girl, who is now working behind the Great West building in London. Some rooms retained in England, Miss de Crespigny is a London girl. He will be married in a few weeks' time at a register office.

Miss Isabel told a "Daily Express" reporter that she had been employed as one of the royal household's chauffeurs. It was her husband who was down at Port Belvedere on the coast of the Channel Islands.

"When the offer came to go to the Duke and Duchess of Windsor to be a wedding, he had better get out of my house. Now he is nicely fixed up."

**BREAKDOWN ON LONDON TUBE**

London, March 13.—There was a "hot" day on the second within a few days on the London Underground. It was broken in the power plant brought to a standstill a number of trains.

Several trials were stopped between stations and large numbers of passengers were stranded. The breakdown in the tube lighted their way through the tunnel. After reaching ground level, the stranded passengers were waiting for trains to take them to their destinations. The breakdown was caused by a fault in the power plant which caused the power to be cut off.

**Traffic Control in Nairobi**

The analysis by the Ministry of Transport of 2000 road accidents in Britain which we published to-day cannot fail to interest those who are concerned—and they comprise everyone who uses the highways—with the problem in Nairobi. Although it may be argued that traffic conditions in any large town in Britain are not strictly comparable with those in Nairobi, actually the essentials are very much the same. A memorandum prepared by an official of the Ministry refers to his "very definite conclusion that the vast majority of road accidents are due to the thoughtlessness or wastefulness of some road user, whether the victim is another, or himself or errors of judgment." He goes on to say that the rules of the Highway Code are still unlearned by thousands of drivers, cyclists and pedestrians and "far too many of those who have even read the Highway Code break the rules day after day without conscience and without remorse and often through plain ignorance of their break them."

There is no doubt that that criticism can be applied fairly to every driver who is on the road today where there is a complete lack of ordinary road courtesy, constituting not only a considerable annoyance to other users of the road but making for real danger.

A representative committee of every class of road user and it is much to be hoped that their report will be early available and that it will provide

## "I SAVED AUSTRIA FROM FATE OF SPAIN"

### Hitler Describes his Coup in Reichstag Speech

**MORE VIENNA SUICIDES**

**SCHUSCHINGO AND HIS SUPPORTERS DID NOT BELIEVE THAT I WOULD INTERVENE. HE AND HIS SUPPORTERS CAN THANK ONE THAT I DID, BECAUSE MY PROMPT ACTION SAVED THE LIVES OF TENS OF THOUSANDS OF AUSTRIANS," SAID HERR HITLER, SPEAKING TO THE REICHTAG ON HIS AUSTRIAN COUP. HE ACCUSED DR. SCHUSCHINGO OF DETERMINATION TO BREAK THE AUSTRO-GERMAN AGREEMENT AND SAID "IF I HAD NOT ACTED IMMEDIATELY, AUSTRIA MIGHT HAVE HAD THE SAME FATE AS SPAIN."**

Herr Hitler speaking in the Reichstag.

In Austria, more and more departments of national life are coming under Nazi control. More and more supporters of Dr. Schuschingo are submitting himself, as also are Jews who are faced with the usual Jewish persecution, and there is a movement on foot to exclude and re-educate with honour the Nazi supporter who persecuted Dr. Diefen.

His Reichstag speech the Führer announced that Germany's support of Austria's freedom in the plebiscite in Austria on April 10th.

The Führer's speech was a masterpiece of propaganda. He said that he had saved Austria from the fate of Spain. He said that he had saved Austria from the fate of Spain. He said that he had saved Austria from the fate of Spain.

### Mysterious North Sea Explosion

#### HAD GERMAN SHIP MUNITIONS FOR SPAIN?

Copenhagen, March 19.—There was an explosion aboard the German steamer *Chaulingue* in the North Sea and the sank in minutes after sending out an S.O.S. All the crew of 21, except the Captain, were rescued by the Swedish ship *Dovre*.

It was first reported that she had struck a mine but it is now believed that an explosion occurred in the hold of the *Chaulingue* which is reported to have been carrying munitions for Spain.

German sources say that the *Chaulingue* was carrying munitions, and say she was in ballast (empty) when she exploded.

#### Several Anti-Semitism

While the new administration is rapidly assuming control of every aspect of public life in Austria, many prominent members of the regime have committed suicide.

The latest such case is that of Hans Kerschbaum, a former member of the Austrian Parliament who had been a member of the Austrian Government.

## Lithuania Accepts Polish Terms

### RELATIONS RESTORED AFTER 20 YEARS

By the acceptance of Poland's ultimatum—which re-opens the frontier and establishes normal diplomatic relations between the two countries—Lithuania has ended the tension which has arisen out of their border differences over many years, and the immediate trouble, which was the shooting of a Polish soldier.

Lithuania states that she yielded to "Polish aggression" and because of the international situation. Poland says that there was no question of a triumphal conquest.

Minister, explaining why Poland had insisted on the recognition of diplomatic relations, said it was not merely for reasons of prestige but because diplomatic relations would help to solve all outstanding problems.

By accepting the Polish ultimatum, Lithuania had put an end to the tension which had existed between the two countries since 1918.

# Comedy, Romance and Rather Curious History

Paul Hume has been doing it in his own way, and though they are not all up to the high standard of the "Comedy" series, the "Comedy" series is a most interesting one. It is a series of short stories, each one a complete story in itself. The first story is "The Great English" - a story of a man who has been in the army for 20 years and is now a private. The second story is "The Great English" - a story of a man who has been in the army for 20 years and is now a private. The third story is "The Great English" - a story of a man who has been in the army for 20 years and is now a private.

SHOULD NAIROBI HAVE A COMMUNITY CHEST?

Interesting Debate by the Rotary Club

A discussion on the advisability of having a community chest—a central organization for the collection and distribution of money for charitable purposes—in Nairobi at Friday evening luncheon meeting of the Nairobi Rotary Club.

The discussion arose from a letter received from the secretary of a sister club... Mr. J. J. O'Brien addressed a well-attended meeting on Friday evening at the Salisbury Hotel luncheon on the subject of the proposed community chest.

At Johannesburg a community chest has been organized... Captain Anderson thought that institutions in Nairobi ought to support such a proposal for raising money to prevent overlapping and to coordinate the work of the various organizations.

Mr. O'Brien stated that in the view of the speaker, the idea was to have a central body for the collection and distribution of funds, for there were too many organizations taking part in the same work.

THEY DON'T KNOW WHAT TO DO WITH SCHUSCHNIGG

May be charged with Dollfus "frame-up"

EMBARRASSED BY THE FORMER CHANCELLOR'S OBSTINACY—DR. SCHUSCHNIGG REFUSES TO BE SEINTIFIED, AND REFUSES TO ABSTAIN FROM POLITICAL ACTIVITY, AND THEY DO NOT KNOW WHAT TO DO WITH HIM—THE PRESENT AUTHORITIES IN AUSTRIA ARE REPORTED TO BE CONSIDERING A NEW DOLLFUS TRIAL.

The trial, it is said, will have the purpose of proving that the proceedings, in which Corporal Pannas was convicted of the murder of Dr. Dollfus and sentenced to death, were a miscarriage of justice, and that Dr. Schuschnigg was responsible.

There may also be an attempt to prove that Major Fey, the former Minister for Public Security, who committed suicide a few days ago, and who at the time of the Dollfus murder, was held prisoner by Nazis, had a hand in the shooting of the "locked dictator."

Vienna, March 22.—The authorities at Dr. Schuschnigg's trial are not known what to do with him.

It is believed that he opposed, at first, to stand in his own defence, and that he refused to answer from political motives.

He may figure in a proceeding to rehabilitate Corporal Pannas, who was convicted of the murder of Dr. Dollfus. It is believed that the trial will be a farce, and that the purpose of the trial is to prove the first was a miscarriage of justice.

Ownership Pannas, accused for the murder of Dr. Dollfus.

Justice for which Dr. Schuschnigg was largely responsible. The authorities may also attempt to prove that Major Fey had a hand in the shooting of Dr. Dollfus.

News in Austria has increased the interest in the trial. The authorities may also attempt to prove that Major Fey had a hand in the shooting of Dr. Dollfus.

What U.S. Will do for Peace

New Ambassador's Statement

London, March 22.—The new American Ambassador to Britain, Mr. J. P. Kennedy, who was appointed on Friday, has issued a statement in London and the United States which is expected to have a profound effect on public opinion in both countries.

Mr. Kennedy said it was a mistake to suppose that the United States would not fight in any circumstances short of invasion.

Mr. Kennedy's statement referred to the Foreign Secretary's statement on Thursday evening regarding the conference in London.

Mr. Kennedy would not say from which hand Lord Halifax said that he hoped that the United States might be able to arrive at the point that in spite of all the difficulties and dangers, Britain had to take a straight course.

Mr. Kennedy said it was a mistake to suppose that the United States would not fight in any circumstances short of invasion.

From public funds to it. In Great Britain, in Germany, in France and Italy, Russian defence and the protection of the civil population from the dangers of shortage of food supplies are the main preoccupations of every responsible person in the British Dominions—South Africa, Canada, Australia and New Zealand—defence programmes take priority.

Kenya has a plan—on paper. The only important part of that plan to which effect has been given, so far as we are aware, and certainly so far as the public is aware, has been the formation of the Kenya Defence Force. We know of no instructions given to the public for their guidance in case of emergency. The have not even been told how they will hinder the enemy's operations.

DEFENCE... A Call for Early Action

DEFENCE... A week ago today, in an editorial saying a tribute to the Kenya Regiment, the East African Standard took occasion to lay stress on the fact that the responsibility for the defence of Kenya was not discharged by the creation of the Territorial Unit. We just then, and we ask again to-day, when some evidence is being forthcoming from the Government and the authorities charged with defence duties that the organisation contemplated in the defence scheme will be undertaken. Yesterday a correspondent in a country district asked some pertinent questions about defence. We should not be surprised to hear that there is no official answer to them. Yet these questions were elementary. They were whether there had been carried out in Kenya any system of registration of fit men, or of women with nursing qualifications. The second: Are there adequate medical supplies in the country to deal with any possible casualties? The third: Are there any gas masks? Fourth: Have anything been done to organise the defence of strategic points such as Railway bridges? Sixth: What about the defence of such key plants as the power and light supply centre? Seventh: What plans have been made for the evacuation of the civil population if necessary? Some of these questions are being asked in a more detailed experience of these very questions. Perhaps we shall all mull over the matter in every country to-day whether the Government or the people believe, or do not believe, that war is inevitable.

# THOMPSON'S FALLS MEETING

(Continued from page 5.)

It was not until about 1912 that a paper read from Nairobi to Mr. Thompson, or received, by which the various and official bodies, almost every year, were invited to the railway.

It had some time ago been suggested to the Legislative Council that a conference should be held, with a view to the consideration of the idea, would be held in Nairobi, in the presence of the various bodies, with the exception of the Legislative Council, which was invited to send a representative to the conference. This was done in 1912, and the conference was held in Nairobi, on the 22nd and 23rd of October, 1912. The conference was presided over by Mr. Thompson, and it was decided that a conference should be held every year, and that the conference should be held in Nairobi, in the presence of the various bodies, with the exception of the Legislative Council, which was invited to send a representative to the conference. This was done in 1912, and the conference was held in Nairobi, on the 22nd and 23rd of October, 1912. The conference was presided over by Mr. Thompson, and it was decided that a conference should be held every year, and that the conference should be held in Nairobi, in the presence of the various bodies, with the exception of the Legislative Council, which was invited to send a representative to the conference.

**THE FUTURE OF WHITE SETTLEMENT**

To the Editor, "E. A. Standard,"—  
The growing realization that the future of the white population in Kenya is a matter of the greatest importance to the Government and to the people of Kenya is a matter of the greatest importance to the Government and to the people of Kenya.

The present moment has come when the white population in Kenya is faced with a choice of two paths. The first path is to continue to live in the same conditions as at present, and the second path is to improve their conditions.

The white population in Kenya is a small but a very important one. It is a population that has made a great contribution to the development of Kenya. It is a population that has made a great contribution to the development of Kenya.

Some really excellent scores were registered in the "May" by "Compass" on both the weekend and I must confess to having been surprised by the field with a gross score of 176 holes on 180. This was done by Miss Mundy with 173. Weather conditions were not ideal but the playability on Sunday morning was excellent. It is a pity that the rain, which came in the afternoon, did not come to the fact that we had two inches of rain during the night which would have led to the lower result than that for the morning. The following 16 players qualified to play off for the major trophy. The scores are as the main handicap follows: E. G. B. B. 180; J. C. Mundy 178; A. M. L. 182; N. G. Graham 184; G. J. Hill 184; E. The anticipation that Golden Miller would win his sixth Cup was doomed to disappointment. He made a very creditable attempt, but he was too heavily weighted, and his younger and faster horse in Moore had to win the race. The race was a very close one, and the favourite, Golden Miller, was only second. The race was a very close one, and the favourite, Golden Miller, was only second. # Oil Kalou Fire Tragedy

## INQUEST CONCLUDED

The grim story of how two lives were lost in a grass fire that started to smoulder in a bush on the edge of the town of Kalou, and how it spread to a large house, was told when the inquest into the tragedy of February 24 was concluded at Gilgil on Friday before Sir Howard Eshington, the Resident Magistrate.

A witness appeared on the first night to evidence that Major Roberts started the fire of a candle in the morning in order to burn a tree trunk. All the other witnesses were there, and they all agreed that the fire was not started by the candle but by the tree trunk which was lit by the candle. The witness also stated that the fire was not started by the candle but by the tree trunk which was lit by the candle.

The witness went in the direction of the school and saw Major Roberts and the two ladies. He then started to burn near the school with the object of lighting the big house. The witness suggested running away from the fire, but Major Roberts said he had better run and that he did, to the school. The witness also stated that the fire was not started by the candle but by the tree trunk which was lit by the candle.

The witness then returned Major Roberts to the place where the fire was started. It was after that that the fire started to burn near the school with the object of lighting the big house. The witness suggested running away from the fire, but Major Roberts said he had better run and that he did, to the school.

The witness suggested running away from the fire, but Major Roberts said he had better run and that he did, to the school.

## Overcome by Heat

Mrs. Engelbrecht tried to leave her other trunk near the village, which was overcome by heat. It is stated that the fire had come on behind the house.

## Escaping Through Flames

Mrs. Engelbrecht stated that she escaped from the fire through the flames. She was overcome by heat and was unable to leave her trunk near the village.

## High Wind

The high wind was a factor in the fire. It was after that that the fire started to burn near the school with the object of lighting the big house.

## Station Master

The station master at Nakuru was a witness to the fire. He stated that the fire was not started by the candle but by the tree trunk which was lit by the candle.

## Turt Delay

The turt delay was a factor in the fire. It was after that that the fire started to burn near the school with the object of lighting the big house.

## DISTRICT ENGINEER EXTENDED

The District Engineer has been extended. It was after that that the fire started to burn near the school with the object of lighting the big house.

## Dramatic Society to be Formed

A dramatic society is to be formed. It was after that that the fire started to burn near the school with the object of lighting the big house.

# FOR A VIGOROUS FOREST POLICY IN KENYA

## Important Discussion at Meeting of Arbor Society

The need for a vigorous and constructive forest policy in Kenya was stressed at the annual general meeting of the Kenya Arbor Society held at Makuru.

The third Annual Meeting of the Kenya Arbor Society was held at the Makuru Hotel on Friday, March 23rd. The attendance was very disappointing as the Society has 10 members. After commencing on this, Mr. Lodge said that he thought he had a young society. It was a matter of fact that the Society had made a start in starting up Government plantations in Kenya. **IF WAR COMES**

To the Editor: "E. A. Standard" Sir—I was pleased to see the letter of Mr. J. E. Evans in your issue of the 22nd ult. He stated that the British Government is reported to have stated that the Empire may have to take care of themselves, and that various municipalities are advised that there is no hope for producers in the country.

"1,700 Suicides" Story denied

"ONLY 94" SAYS VIENNA

British sympathy for Austrian Refugees

AN OFFICIAL VIENNA MESSAGE HAS DENIED THE REPORT OF THE JEWISH WORLD CONGRESS THAT THERE HAVE BEEN 1,700 SUICIDES, MOSTLY OF JEWS, SINCE THE UNION OF AUSTRIA WITH GERMANY. THE OFFICIAL FIGURE IS 94, WITH 11 ATTEMPTED SUICIDES. AT THE SAME TIME IT IS SEMI-OFFICIALLY STATED THAT THERE ARE 1,102 PERSON UNDER ARREST.

The Jewish World Congress has petitioned the League of Nations to take steps to safeguard the rights of minorities, and the British, Sir Samuel Hoare, the Home Secretary, declared the admission of Austrian refugees into Britain would be scrupulously and sympathetically considered.

"While it is proposed to offer asylum as far as practicable," he said, "it is essential to avoid the impression that the door is open for immigrants of all kinds."

ENGLAND-E. AFRICA IN 60 HOURS

Details of Accelerated Air Mail Service

Postal Airways have announced details of their Summer Schedules between England and South Africa which they propose to initiate during the second week of April.

The tremendous advantage of reaching East Africa in about sixty hours is to be accomplished by the aid of the Empire flying boats which are scheduled to leave England three times a week making one or two night-stops before reaching Kilimanjaro.

Details of the programme are: Despatch from England on Wednesdays, Fridays and Saturdays. From there the service will be via Natal, South Africa, and then to East Africa.

**—AND IT TOOK YEARS OF EXPERIENCE—**

Progress in engineering has demanded progress in the production of fine lubricants—most particularly in motor-engineering, where moving parts—in which there is 30% less clearance—work at over 30% greater speed, with the result that oil which was suitable a few years ago would today be unequal to the demands made upon it by the increased strain. TEXACO Motor Oil, improved by a special process, is the modern oil for the modern engine—giving a uniform flow of power for thousands of additional miles.

# TOWARDS BETTER PASTURES

During 1933 the Department of Agriculture and Commissioner of Agricultural Development, directed through the intervention of Agricultural and Developmental Pastoralists. There was some of the recently issued literature, a study which is of great importance to the development of our grazing industry.

Amongst the following the most important is that which was published at Mpigi in 1933, and is entitled "Pasture Management in the Highlands of East Africa". This is a very valuable work, and is one of the best of its kind in the world. It is a study of the pastures of the Highlands of East Africa, and is a study of the pastures of the Highlands of East Africa. THE FUTURE OF WHITE SETTLEMENTS

To the Editor, "E. A. Standard." Sir—In your issue of the 21st I have seen your article on the future of white settlements in Kenya.

My heart of hearts, I believe that the future of white settlements in Kenya is a matter of the greatest importance to the country.

In the article of Mr. J. A. Standard, the average opinion is expressed that the future of white settlements in Kenya is a matter of the greatest importance to the country.

The Kenya Association has done a great deal of work in the past, and it is to be hoped that it will continue to do so in the future.

It is a truism that the Native is the backbone of the Colony, and it is to be hoped that the Government will take steps to improve his lot.

BLADDER TROUBLE

HIDDEN HEALTH DANGER

Bladder trouble, which is the first warning of a serious disease, is often overlooked until it is too late. Do Witt's Kidney Pills are the only medicine that can cure it.

# THOUGHTS FROM A FARMER'S FIRESIDE

## Towards Better Pastures

During 1933 the Department of Agriculture sent 2000 members of the experimental work division to investigate the conditions of the pastures and developed Pastures. There are some excellent reports on the improvement of some of the best pastures in the country.

One of the best of the following that were planted in 1933 is the **Crabapple** tree. This tree is a native of the United States and is a very hardy tree. It is a very good tree for planting in the pastures. It is a very good tree for planting in the pastures. It is a very good tree for planting in the pastures.
