## SATURDAY ESSAY

### FIRST STEPS IN POLITICALESSE

"AFRICA for the African" is just one of those catch phrases which are political platitudes not intended to do anything any more, but look what happens when they are really put to the test.

It is in the name of Africa that a man writes off around the world and returns to his home in Africa. It is in the name of Africa that a man writes off around the world and returns to his home in Africa. It is in the name of Africa that a man writes off around the world and returns to his home in Africa.

It is in the name of Africa that a man writes off around the world and returns to his home in Africa. It is in the name of Africa that a man writes off around the world and returns to his home in Africa. It is in the name of Africa that a man writes off around the world and returns to his home in Africa.

### Would you recognise a hugar?

As to the politician, he is a pluralism pro ex officio, to be sure, but in Kenya, he is a man who has taken his oath and can always make up his mind. He is a man who has taken his oath and can always make up his mind. He is a man who has taken his oath and can always make up his mind.

# A detainees will be freed soon

Mr. R. D. FAIRBairn, who headed the committee which reported into Kenya's detention camps policy in Kenya, is preparing a return visit to the Colony this week.

## KENYA WILL STILL NEED U.K. SKILL

Mr. R. D. FAIRBairn, who headed the committee which reported into Kenya's detention camps policy in Kenya, is preparing a return visit to the Colony this week. The Director of Prison Administration in Britain, Mr. Fairbairn will, on his visit to the Prison Department in Kenya, be concerned mainly with the policy of the Prison Department. He is due to fly to Nairobi on Thursday and will stay for about a fortnight.

A Government spokesman yesterday said that since the Home Secretary's report was published in July, 1962, and the Government's implementation of that report, there has been a number of special restrictions and orders, which have been virtually on parole. These cases were under consideration and the Special Commissioner in consultation with the Director of Prison Administration.

It was expected that during the next two or three months all the detainees would have been released, leaving fewer than 20 prisoners. The Government said that a number of Kenyan now living in their own homes were still subject to special restrictions and orders, which have been virtually on parole.

Mr. Fairbairn's earlier visit to Kenya was to inspect the detention camps and to meet with the Special Commissioner in consultation with the Director of Prison Administration.

More than 300 acres of oil and 80 acres of sisal in the District of Narok were destroyed by fire in the District of Narok. The fire caused the postponement of the annual meeting of the Sugar Planters' Association about half of whose members helped to transport the burnt material over to the mill.

A man suspected of having deliberately started the fire, which lasted for eight hours, was detained but later escaped.

## 3,000 WENT BY SEA TO BRITAIN

THREE thousand visitors by sea from East Africa to Britain, travelled to Britain by sea in the first nine months of the year, according to figures published by the British Board of Trade Journal.

This was 100 less than in the corresponding period of 1962, and 200 more than in January - September, 1962.

Over the same period 1,300 people emigrated by sea from East Africa to Britain, and with 200 more emigrants and 1,000 in the corresponding period of 1962.

Traveling the other way were 700 people emigrating from Britain to East Africa in the first nine months of the year.

### Leaders may discuss coalition with Kadu

With the results in two constituencies still to be declared, the Kenya African National Union last night emerged from the General Election as the dominant party. Its leaders could claim the support of 17 Members—almost one-third of the total elected membership of the new Legislative Council.

The closest rivals, the Kenya African Democratic Union, claimed 12 Members in the new House. Throughout the day, as more results were announced, the idea of a possible coalition between these two movements was discussed. There was speculation on an early meeting between leaders, with Members of the New Kenya Party and possibly a few Independents taking part.

## KENYA WILL BE BORN IN A QUIET RECEPTION FOR GOVERNOR'S DRAMATIC BROADCAST

### No release until new Government is working well

**KENYA** received the broadcast announcement last night by the Governor, Sir Patrick Renshaw, of his intention to remove John Kenyatta from Lodwar by Maralal, quietly.

No scenes had been reported by the early hours this morning and the services of Security Forces, standing at the ready, were not required.

#### VARIED OPINIONS EXPRESSED BY POLITICIANS

Views of Kenya political leaders, when asked to comment on the Governor's statement, varied widely. Some were in favour of the "East African Standard" last night were varied.

Some felt that the full story had not been told.

Others felt that the Governor's statement was a step towards the "Standard" last night were varied.

The Governor broke into the K.B.S. programme at 9.30 a.m. and announced that he was making a serious attempt to measure and serious losses. He recorded speech was broadcast over all stations, but reports from correspondents in different parts of the country indicated that it was missed by many people.

African leaders of Kenya and Kadu were called to Government House simultaneously for discussions. Impetuous reactions among Africans and some Asian politicians suggested that they did not consider the decision wise.

Opinions varied, but expressions of African disappointment in some cases gave rise to the possibility of a serious crisis looming over the period before the new-elected Constituent Members meet to elect the 12 National Council of Ministers at approximately the same time as Kenyatta's move to Lodwar.

#### Party leaders see Governor MOVE FAILS TO MEET PEOPLES' DEMAND

THE Governor's statement fell short of the African peoples' demand for Kenyatta's immediate and unconditional release. Four African leaders said late last night after a long interview with Sir Patrick Renshaw at Government House.
