MOTOR DASH FROM LONDON TO THE CAPE.

Union Racing Experts Great Trip.

Mr. Jerry Brown, the famous South African road racing motorist, has just returned from a great dash from London to the Cape.

It may be recalled that during May of this year Mr. Brown spent a day or two in Nairobi, where he was to be met by a car.

Records Broken.
Mr. Brown left London on August 22 and arrived in Cape Town on September 1.

Mr. Brown's dash was a great success. He broke several records and set a new standard for road racing.

Note the tread of a ROYAL CORD BALLOON

The Flat Tread

The Flat Tread Balloon Tyre, developed by the makers of Royal Cord Tyres two years ago, is today considered to be the correct principle for Balloons.

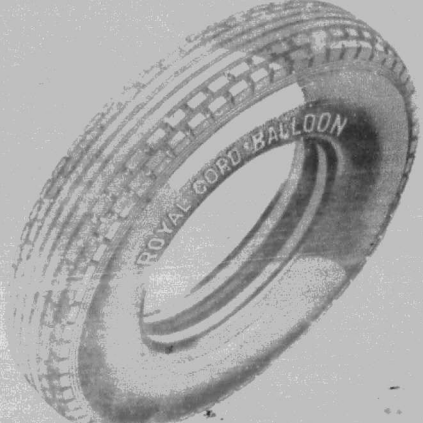

Treaded

The treaded tire is developed by the makers of Royal Cord Tyres two years ago, is today considered to be the correct principle for Balloons.

Sprayed Rubber

The sprayed rubber tire is developed by the makers of Royal Cord Tyres two years ago, is today considered to be the correct principle for Balloons.

TWO years ago the makers of Royal Cords developed and announced a Flat Tread Balloon Tyre. Today, tyre engineers acknowledge this to be the correct principle for the modern Balloon tyre, and only of late are others beginning to feature it.

It is just as true in many other successful tyre developments, that the Royal Cord user is always a step nearer to tyre economy and satisfaction.

First Report by Governors' Conference Statisticians

GROUNDWORK OF KNOWLEDGE

Facts of Interest in the Commercial Community of the Territories

The first report of the Governors' Conference Statisticians, which represents the first attempt at presenting accurate and reliable statistical information on the commercial and financial conditions of the territories, is published this week.

THE RISES OF COMPARISON

The figures which are published in the report are for the year 1935, and are based on the figures for 1934, which were published in the report of the same conference for that year. The figures are given in the form of percentages, and are based on the figures for 1934, which were published in the report of the same conference for that year.

The figures are given in the form of percentages, and are based on the figures for 1934, which were published in the report of the same conference for that year. The figures are given in the form of percentages, and are based on the figures for 1934, which were published in the report of the same conference for that year.

Trade and Finance

In showing a decrease in the volume of the territories' trade, the report of the conference for 1935 shows that the volume of trade was 10 per cent below that of 1934. This is due to a number of factors, including a decrease in the volume of trade with the United Kingdom and a decrease in the volume of trade with the other territories.

The report also shows that the volume of trade with the United Kingdom was 10 per cent below that of 1934. This is due to a number of factors, including a decrease in the volume of trade with the United Kingdom and a decrease in the volume of trade with the other territories.

The report also shows that the volume of trade with the other territories was 10 per cent below that of 1934. This is due to a number of factors, including a decrease in the volume of trade with the other territories and a decrease in the volume of trade with the United Kingdom.

The report also shows that the volume of trade with the United Kingdom was 10 per cent below that of 1934. This is due to a number of factors, including a decrease in the volume of trade with the United Kingdom and a decrease in the volume of trade with the other territories.

The report also shows that the volume of trade with the other territories was 10 per cent below that of 1934. This is due to a number of factors, including a decrease in the volume of trade with the other territories and a decrease in the volume of trade with the United Kingdom.

The report also shows that the volume of trade with the United Kingdom was 10 per cent below that of 1934. This is due to a number of factors, including a decrease in the volume of trade with the United Kingdom and a decrease in the volume of trade with the other territories.

DIFFICULT CHILDREN.

There are many children who are difficult to manage... The parents should be informed as to the best way to handle them...

THE CURS

There are many curs in the world... Some are very tame and some are very wild... It is important to know how to handle them...

It is not always easy to find a good pup... The best way is to go to a reliable breeder... You should look for a pup that is healthy and well-bred...

When you buy a pup, you should be sure to get a good pedigree... This will ensure that the pup is of good quality... You should also ask the breeder for a list of the pup's ancestors...

It is also important to know the character of the pup's parents... This will help you to choose a pup that is suitable for your needs... You should also ask the breeder for a list of the pup's parents...

PROGRESS OF FORESTRY WORK IN TANGANYIKA.

A Generally Satisfactory Annual Report.

AFFORESTATION SCHEMES.

Development Retarded Because of Naive Indifference.

Having regard to all the circumstances which have influenced forestry work it began to be created under the Mandatory Government, the Conservator of Forests is satisfied with the progress made with the exception that in almost all open lands to the extent of which conditions have been generally prejudicial states the Conservator of Forests of Tanganyika in his report for the year 1938-39.

Although every effort has been made it has not been possible to institute a satisfactory afforestation scheme whilst the indifference of the Africans has caused the failure of afforestation schemes in some areas. Disappointment was caused through the poor germination of cedar seed and the report adds that this view to afforestation will be felt in connection with the new year's work.

A CEDAR SETBACK.

Disappointing progress in afforestation work during the year 1938-39 is reported in the annual report of the Conservator of Forests in Tanganyika. The report states that the afforestation work has been retarded because of the naive indifference of the Africans. The report also mentions that the afforestation work has been retarded because of the poor germination of cedar seed.

The report states that the afforestation work has been retarded because of the naive indifference of the Africans. The report also mentions that the afforestation work has been retarded because of the poor germination of cedar seed. The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

Afforestation of Native Lands.

The report states that the afforestation work has been retarded because of the naive indifference of the Africans. The report also mentions that the afforestation work has been retarded because of the poor germination of cedar seed. The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

The report states that the afforestation work has been retarded because of the naive indifference of the Africans. The report also mentions that the afforestation work has been retarded because of the poor germination of cedar seed. The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

Table with 2 columns: Item and Amount. Includes items like 'Receipts of imports and exports', 'Balance, etc.', and 'Total'.

Receipts of imports and exports... Balance, etc. The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

Development of afforestation work... The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

Further operations during July... The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

Cattle Disease... The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

Native Reserves... The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

Stocking of Gardens... The report also mentions that the afforestation work has been retarded because of the naive indifference of the Africans.

HOME MADE RECIPES

WATERMELON SALT

Take one watermelon, cut it in half and remove the seeds. Sprinkle with salt and sugar.

SPICY BUTTER

Melt butter in a pan. Add salt, pepper, and a pinch of cayenne.

CRISP POTATOES

Soak potatoes in water for an hour. Fry in oil until golden brown.

SOFT COOKIES

Mix flour, sugar, and butter. Add eggs and vanilla.

CRISP BREAD

Use whole wheat flour. Bake in a preheated oven.

SOFT BREAD

Use white flour. Knead well and bake slowly.

NATIVE SOLDIER WHO SERVED WITH GENERAL GORDON

(Continued from page 36)

January 1914 also contained a description for the same reason. He was awarded a medal by the British Government in March 1915. This was known to him at the time because in the R.A.F. and in any case because of the way he was treated during the war.

It is an exact coincidence and several times during the war to be awarded with honours. It was on receipt of this kind that he was the D.C.M. It was necessary to find a free path which led through the bush to the enemy's position. He was then promoted to the rank of sergeant and was awarded the D.C.M. for a second time.

It was on receipt of this kind that he was the D.C.M. It was necessary to find a free path which led through the bush to the enemy's position. He was then promoted to the rank of sergeant and was awarded the D.C.M. for a second time.

CORRESPONDENCE

POORER CLASS OF KENYA

The Editor, E.A. Standard.
Sir, I have the pleasure to inform you that the Government has received a grant of £20,000 for the improvement of the roads in the poorer class of Kenya. This grant is a most welcome addition to the funds available for the improvement of the roads in the poorer class of Kenya. It is hoped that this grant will be used to the best advantage and that the roads in the poorer class of Kenya will be improved to a great extent.

SIR RONALD ROSS

The Editor, E.A. Standard.
Sir, I have the pleasure to inform you that the Government has received a grant of £20,000 for the improvement of the roads in the poorer class of Kenya. This grant is a most welcome addition to the funds available for the improvement of the roads in the poorer class of Kenya. It is hoped that this grant will be used to the best advantage and that the roads in the poorer class of Kenya will be improved to a great extent.

A MEXICAN CRIME

The Editor, E.A. Standard.
Sir, I have the pleasure to inform you that the Government has received a grant of £20,000 for the improvement of the roads in the poorer class of Kenya. This grant is a most welcome addition to the funds available for the improvement of the roads in the poorer class of Kenya. It is hoped that this grant will be used to the best advantage and that the roads in the poorer class of Kenya will be improved to a great extent.

PROTECTIVE DUTIES

The Editor, E.A. Standard.
Sir, I have the pleasure to inform you that the Government has received a grant of £20,000 for the improvement of the roads in the poorer class of Kenya. HYRAX FURS

Hydrax Furs are made of the finest quality skins and are guaranteed to last for many years. They are also very warm and comfortable to wear. Hydrax Furs are available in a variety of styles and colors. They are a most desirable addition to any wardrobe.

MOTOR RUGS (Hydrax Fur)
Motor Rugs are made of the finest quality skins and are guaranteed to last for many years. They are also very warm and comfortable to wear. Motor Rugs are available in a variety of styles and colors. They are a most desirable addition to any wardrobe.

Flour Prices Reduced

The wholesale prices of all our different grades of wheat flour and atta have been materially reduced as from October 1st, and no doubt bakers and storekeepers will make corresponding reductions to the public when their existing stocks have been cleared.

The early part of 1926 the wholesale price of our superior white flour has been reduced by nearly 10%.

The latest reductions have been made possible by cooperation between the wheat growers, who have agreed to a reduction in the price of wheat, and the two leading millers (Unga Limited of Njoro, and the Kenya Grain Mills Ltd. of Nairobi). These millers have reduced their prices to figures which will be absolutely profitable, even with the reduced price of wheat, unless their combined sales are increased by 3,000 bags of flour per month. They have made the reduction on the belief that such an increase is possible.

UNGA Ltd., Njoro.

If you could laze on the Lido—

Cool waves and clean-washed sands, nobody has any duties, except enjoyment, where conventional manners, like conventional dress, are at a discount, and the bathers are laughing, at unconventional tea-parties under the gaily striped umbrellas—yes they have the best of it there, on the Lido.

And the tea they drink on the Lido—that tea, is the best of tea. For it is Lipton's the tea whose delicious flavour and quality have carried it all over the world. Lipton's are tea-growers themselves. Choice leaf, picked in perfect condition, cunningly blended, that is Lipton's Tea, the tea prepared by connoisseurs for connoisseurs.

Lipton's Tea is prepared in strength, fine which keep the contents and never. Look for the L. Trade Mark on every box.

LIPTON'S YELLOW LABEL TEA

Notice... Nairobi Corporation, ENGINEERING DEPARTMENT. The Municipal Council invites applications for the post of Supervisory Assistant in the Engineering Dept. Applicants should have some knowledge of hydraulics and must be thoroughly conversant with the use of the usual types of level. Full particulars can be obtained from the undersigned with whom applications must be lodged on or before Thursday, 25th October, 1928. Municipal Engineer, G. S. DAVIDSON, Nairobi, 9th October, 1928.

Notice... The story of how this result was obtained is one of the romances of Kenya and deserves a wider publicity than it has received. The first attempt to stock this river was made in April 1925, when a contingent of 100 men was transported to the spot to fish over the present fishing weir. The fish, snails and shells of various kinds were made up of 100,000 and the one-third of 100,000. A few months later, Messrs. East and London, who own the K. E. Fisheries, had some 50,000 fish stocked in the river. The fish, snails and shells of various kinds were made up of 100,000 and the one-third of 100,000.

Notice... The Northern Fisheries and other Association have held a record for Kenya Brown Trout. A batch of 500 fish was caught in the river at Mt. Kenya, Kenya, on August 15th by Mr. David M. Jones. Several trout over 6 lbs. have been taken from the river and there are plenty of smaller fish in the pools. The tanks of the N. Fisheries are cleared and fishing is easy, but there is a scarcity of fish from the nearest point to which a car can get, and fishing is somewhat a little more difficult. The fish are sold to the Fisheries Association.

Notice... The Minister of Mr. Richard Albert and Mr. Richard Albert will visit Kenya on Saturday, November 17.
