THE COMING CLOSER UNKIN (COMMISSION REPORT)

Possibility of Slight Delay in Its Publication.

LABOUR QUESTIONS IN THE HOUSE.

The Position of Sir George Schuster if Further Consultation Necessary.

STANDARD CORRESPONDENT

In the House of Commons to-day, Colonel Wedderburn (Lab. Kensington) asked whether the consultation between the Colonial Office, H.E. Sir Edward Dugg, Governor of Kenya and H.P. Sir Donald Cameron, Governor of Tanganyika, provided the publication of the Hilton Young Commission Report, a further delay is anticipated, whether the Hamilton Report would be considered and whether Sir George Schuster, a member of the Commission who has since gone to India, was consulted before the action in regard to the arrangement of the Government Conference was taken.

'The Reply.'

The Secretary of State for the Colonies, Mr. J. M. S. Amery, replied that he had asked the Governor of Kenya and Sir Donald Cameron to reach England by the middle of January, when he hoped it would be possible to publish the Report. If it was found to be necessary to delay publication, the discussion in the interval would be of a preliminary character.

Regarding the question of consultation, Mr. Amery stated that in principle publication of the Hamilton Report had to be deferred until after the return of Sir George Schuster to his position as the other members of the Commission.

THE LOYALTY OF INDIAN PRINCES

Tributes in the House of Lords

By WILKINS

In the House of Lords, the Duke of Devonshire, speaking for the Government, said that the loyalty of the Indian Princes was a source of great satisfaction to the British Government. He mentioned the names of several Princes who had recently visited London and expressed their loyalty to the British Crown. He also mentioned the names of several Princes who had recently visited London and expressed their loyalty to the British Crown.

America's Budget.

INCREASED AMOUNTS FOR FIGHTING SERVICES

By WILKINS

The President's budget for the fiscal year 1940 has been announced. It shows a total of \$10,000,000,000, an increase of \$2,000,000,000 over the previous year. The increase is due to the increased costs of fighting services. The budget also shows a decrease in the amount of money to be borrowed from the public.

THROUGH BETA'S AGENCY

By WILKINS

The Beta Club has been successful in raising money for the relief of the victims of the earthquake in Japan. The club has raised a total of \$10,000, which will be sent to the Japanese Red Cross Society.

Another Tribute.

By WILKINS

The Marquis of Reading has been elected to the office of Lord Chamberlain of the Household. He will be the first Marquis to hold this office since the death of the Marquis of Salisbury in 1904.

Catalogues

By WILKINS

The following is a list of the goods included in the new catalogue: Books, stationery, toys, and other household goods. The catalogue is available for a limited time only.

THE GOVERNMENT'S POLICY

By WILKINS

The Government's policy towards the Indian Princes is one of loyalty and friendship. The Government will continue to support the Princes in their efforts to develop their own countries and to maintain their loyalty to the British Crown.

POLICY OF BRITAIN AND JAPAN IN CHINA

Closest Consultations Between Ministers.

By WILKINS

During the week ending December 1st, the British and Japanese Governments have been in close consultation regarding their policy in China. The British and Japanese Ministers have met several times to discuss the situation in China and to coordinate their actions. The British Government has expressed its support for the Chinese people and its opposition to Japanese aggression in China.

THE GOVERNOR AND HIS FAMILY LEAVE NAIROBI

Warm Good Wishes on Station Platform.

By WILKINS

The Governor of Kenya, Sir Philip Gell, and his family have left Nairobi for a short visit to the United Kingdom. They were seen off at the station by a large number of well-wishers who wished them a safe and pleasant journey.

DISCOURAGING CRIME!

By WILKINS

The police have been successful in catching a large number of thieves who have been committing crimes in the city. The thieves have been caught with a large amount of stolen goods, including clothing, furniture, and other household items. The police have expressed their satisfaction with the results of their operations.

Superior Performance Explains The Victory's Success

The Victory outdistances faster than any car in its price class. It travels faster on the level — more safely on the hills and more smoothly on bad roads. Surprise power and unique design explain this spectacular performance. For Dodge Brothers Victory fits in the only car of its kind in the world — single yet sturdy — neither yet softer — single yet sturdier — neither yet softer — single yet sturdier — the performance champion of the road.

EAST AFRICAN PUBLICITY IN LONDON

It is with a sense of relief that the staff of the East African Publicity Bureau in London has received the news that the Bureau is now to be housed in a new and more spacious premises in the City of London. The new premises, at 11, Abchurch Lane, are a fine example of modern office architecture and will provide a more convenient and efficient working environment for the staff.

The staff of the Bureau has been working hard to ensure that the publicity materials produced are of the highest quality and are well received in the United Kingdom. This has involved a great deal of effort and a close working relationship with the East African governments.

The new premises will allow the Bureau to expand its activities and to produce a greater volume of publicity material. This will be particularly helpful in the light of the increasing interest in East African affairs in the United Kingdom.

Dragon's Blood

Malaria is a serious disease that has caused the deaths of many people in the tropics. It is a parasite that lives in the blood and is spread by mosquitoes. The symptoms include fever, chills, and a headache. It can be fatal if not treated properly.

There are many different types of malaria, but they all have the same basic symptoms. The most common is caused by the parasite Plasmodium falciparum. This type of malaria is the most dangerous and can be fatal if left untreated.

The good news is that malaria can be treated with medicine. There are several different types of medicine that can be used, and the doctor will choose the best one for the patient. It is important to take the medicine exactly as prescribed and to finish the course.

The Master Point

The idea of a 'master point' in a business or industry is often mentioned. It refers to a key location or a critical point of control. In the context of East African publicity, it might refer to a key piece of information or a central theme in a campaign.

Understanding the master point is essential for developing an effective strategy. It involves identifying the most important aspects of the product or service and focusing on those in the publicity materials.

A Compact Staff

The publicity campaign for the East African governments has been a success. This is due to the compact and efficient staff that has been working hard to produce the publicity materials. The staff is small but highly skilled, and they have managed to produce a large volume of high-quality work.

The success of the campaign is a testament to the dedication and hard work of the staff. They have worked long hours and under difficult conditions to ensure that the publicity materials are of the highest quality.

The Agricultural Industry Enquiry

Following the announcement of the Agricultural Industry Enquiry, many people have expressed interest in the findings. The enquiry was set up to investigate the problems of the agricultural industry and to recommend ways to improve it.

The findings of the enquiry are being presented to the Commission of Enquiry into Agriculture. This commission will then report back to the House of Commons. The results of the enquiry will have a significant impact on the future of the agricultural industry in Kenya and other East African countries.

A Visit to Kenya

Dr. Arthur H. Randall, step father of Mr. John Kenyan, the well-known animal, has arrived in Kenya on a holiday accompanied by his son, Mr. Anthony Randall. Dr. Randall is a professor of Ornithology and Zoology, University of Cambridge. He has been invited to give a lecture at the University of Nairobi and to visit the various reserves.

Mr. Randall is a well-known expert on animal behavior and has published many papers on the subject. He has also been involved in the conservation of animals and has worked with the Kenya Wildlife Service.

NAIROBI-GOLF CLUB.

Golf and the Slaughter of the Innocents.

On Sunday last several parties of a party which is always looked forward to by Nairobi with the highest interest and pleasure in the past year have been the attempt to have a golf tournament on their own course and this time again. Many were thought to be disappointed in the end, but with the exception of a few.

The following are the results: Singles: A. K. Gibson, best; P. Whitaker, 2; G. H. Thompson, best; H. E. Taylor, 2; H. H. W. Lane, best; H. Hill, 2; D. F. Gable, best; J. D. Gable, 2; J. P. Searles, 2; J. K. P. McLean, best; G. Campbell, 2; J. J. V. Allen, best; H. Beach, 2.

From these results it will be seen that after twenty-five years of competitive golf, Thompson and I received a medal, being the winners. I was naturally very for my poor partner because I could not hit a shot all day. In addition we that he was labouring under the agony of a badly sprained ankle and he played the round. I do not know the exact percentage paid to his partner and we made some mistakes, but to receive Congratulations to our Skipper who fought the one great career for us all. The match between Whitaker and Gibson was highly interesting and I believe, that things during the round which we saw before was the only double victory.

Several of us were invited to play on Saturday and Sunday. The day before, which is a very good one, we had a very good match with the team. A very good match was played on the 11th and 12th, which was a very good match. I think that a better match was played on the 11th and 12th, which was a very good match.

Superior Performance Explains The Victory's Success

The Victory's superior performance is due to its special design. It travels faster on the level, more safely on the hills and more comfortably on bad roads.

Despite power and unique design explain this spectacular performance. For Dodge Brothers Victory Six is the only car in its class in the world lighter yet sturdier—safer, yet safer—simpler yet smarter—the performance champion of its class.

Under the old system a person could at the rate of 25 s. a year of a horse or mule or other animal, and at something over two pence per week, plus a pound tax, and the result is a system, like the mule-drawn industry which flourishes in the country, is not generally found in the more advanced countries. It is the result of the Government's failure to take the necessary steps to have a mule-drawn industry in the country.

DR MACKINNON SCORES A FINE WIN

Caledonian Society's New Competition.

Nairobi, December 12.—Having completed the first round of the Caledonian Society's new golf competition, Dr Mackinnon was in excellent form, and in the second round he was victorious over the field.

Dr Mackinnon, who was accompanied by Mr. J. G. Macdonald, was the only player to score under 80 in the first round, and he was the only player to score under 70 in the second round.

Dr Mackinnon's score in the first round was 78, and in the second round he scored 68, making a total of 146 for the two rounds.

The field in the first round was made up of 12 players, and in the second round it was reduced to 8 players.

Dr Mackinnon's victory in the second round was a fine achievement, and it shows that he is a very strong player.

The Caledonian Society's new competition is a very interesting one, and it is hoped that it will attract many more players in the future.

The next round of the competition will be played on Friday, December 15, and it is expected that Dr Mackinnon will continue his good form.

The Caledonian Society is very pleased to have Dr Mackinnon as a member, and they are sure that he will continue to be a valuable asset to the club.

The Caledonian Society's new competition is a very successful one, and it is hoped that it will continue to be so in the future.

LADIES' FASHION

A Letter from Paris

This little grey dress, in fact, is the latest in fabric, style, cut, and color. It is a very simple, but very effective, design. The color is a soft, muted grey, and the fabric is a fine, light-colored material. The dress is cut in a simple, straight style, with a high collar and long sleeves. It is a very practical and elegant design, and is sure to be popular with all who are interested in the latest in fashion.

In one of the latest styles, the waistline has settled down to its normal position. In this style, the skirt is cut in a simple, straight style, and is sure to be popular with all who are interested in the latest in fashion.

And now for breakfast

Hot rolls, fresh butter, coffee in comely carbohydrate cups, eggs straight from the farm, the sun shining on a spotless cloth and of course

The other hand, an equally important element is the color. The color should be a soft, muted grey, and the fabric should be a fine, light-colored material. The dress is cut in a simple, straight style, with a high collar and long sleeves. It is a very practical and elegant design, and is sure to be popular with all who are interested in the latest in fashion.

Narrow breast is used a good deal on tailored suits, as after nature is a breast-like effect created by numerous rows of machine stitching. The stitching is used also on proper tail-tails, and on a few dresses.

REDDENING PULVERS.
By the use of the pulvers, the reddening of the comb will be greatly improved.

The proper selection of fabric is the important. They should be a perfect fit—either too large or too small. Wash them at least once before wearing them in the bathroom. This will impart a delicate smoothness which is lacking when they are quite new.

LAST MINUTE HINTS.

When taking the feet ready for dancing, have the feet just warm and rub with a small piece of soap. This will with a coarse towel and rub in some perfume with the fingers of the hand working up and down the leg.

A New Motor Tax Scheme

RE.A.A.V. SECRETARY'S PLAN TO SOLVE PROBLEM.

All Tax on Cars and Extra 10 Cents on Petrol.

COUNTRY'S OPINION WANTED AT ONCE.

Motor Transport in Kenya Already Paying £125,000 a Year to the State.

The RE.A.A.V. Secretary, Mr. J. H. ... has announced a new motor tax scheme. The scheme is designed to increase the revenue of the Government from motor transport. It consists of a 10 per cent increase in the tax on petrol and a 10 per cent increase in the tax on cars. The total revenue from motor transport is estimated to be £125,000 a year.

The scheme is expected to be implemented in the next few months. It is hoped that it will provide a steady stream of revenue for the Government. The RE.A.A.V. Secretary has asked for the opinion of the country on the scheme.

The RE.A.A.V. Secretary has also announced that the Government is considering a new scheme for the taxation of motor transport. This scheme is expected to be implemented in the next few months.
