CONVENTION AND THE NAIROBI CHAMBER OF COMMERCE

Discussion on the Letter's Resignation.

THE DANGERS OF DISUNION.

Racial Questions Alleged to be at the Root of the Matter.

The recent decision of the Nairobi Chamber of Commerce to withdraw from membership of the Convention Association gave rise to a number of questions at the annual meeting of the Convention yesterday, when a resolution on the subject was moved by Couns. Loke.

The resolution regretted this action by the Chamber, but at the same time reminded the letter of the dangers of disunion between the representatives of the producers and the representatives of the merchants and distributors.

Certain of the delegates who spoke, took the opportunity to criticize the Chamber's action generally. It was alleged by one speaker that behind this action there was an attempt to re-introduce the Indian question. Other speakers asserted that the commercial producers could do without the producer, whereas the producers could do without the merchant.

It was also stated that the Nairobi Chamber of Commerce did not represent the political opinion of the people of Nairobi as a whole, and the speaker suggested that the Convention should aim at the creation of political opinion in Nairobi.

ECONOMIC AND POLITICAL QUESTIONS.

The Convention of Association of Nairobi Chamber of Commerce and the Nairobi Chamber of Commerce, and in doing so, the Chamber of Commerce, requested the Chamber of Commerce to re-introduce the Indian question. It was also stated that the Nairobi Chamber of Commerce did not represent the political opinion of the people of Nairobi as a whole, and the speaker suggested that the Convention should aim at the creation of political opinion in Nairobi.

Use this old friend for Sprains

To drive out the pain and dispel congestion there is nothing more effective than Sloan's Liniment. It penetrates and reaches every nerve ending through the painful tissue, covering the whole complaint and giving welcome relief and comfort. For Rheumatism and kindred ailments Sloan's Liniment is the approved treatment. Clean and easy to use—no mess.

Sloan's Give Greer Relief

"I was laid up with rheumatism and sprains on my leg, and after consulting with my doctor, I was advised to use Sloan's Liniment. I had heard of it, but I had never used it before. I bought a bottle and used it as directed. I feel like a new man. Sloan's Liniment is a wonderful medicine."—Greer, Philadelphia, Pa.

99 GENERAL MOTORS EXPORT DEPARTMENT, New York.

COMMENT:

We own a list of three Chevrolet standard trucks used for transportation in this area. About a week ago we had to make a trip to a town 120 kilometers from New York, having in our possession road, and under poor lighting conditions. The road was very steep, and it was generally always conditions resulted in the driver calling the truck. It had backwheels. Due to the narrowness of the road it was impossible to view it safely and it went over a cliff.

We presumed that the truck would be a total loss, (it was loaded, but fortunately had no passengers) and you can readily imagine our surprise when we found that although the body was smashed when the truck turned a single moment, not even a dent was split. After inspecting the motor carefully, we started it and it worked normally. Therefore, except for the body that was demolished, the truck did not suffer in the least, and with the help of some laborers and another car, we were able to pull it out of the chasm in which it had fallen, after which it resumed the trip to its destination with the load.

We take great pleasure in advising you of the fact, as a testimony to the successful construction of the Chevrolet.

With the sentiments of our respect, we are,
Yours truly,

Water Find at Kisumu.
The Government, having just received the results of a geological survey of water in the district of Kisumu, has announced that at the East River hole just above the Limestone the water is found in front of the hotel and in the vicinity of the golf course, near the river. The best place on the river is over eight hours working (from 1,000 gallons per hour) which is at full speed. This means roughly 50,000 gallons per day, which is a very good result.

MEMORIAL HOSPITAL

Building Complete at Kampala

FROM A CORRESPONDENT
The Uganda Memorial Hospital at Kampala, which has been the subject of so much interest and discussion in Uganda, for some time past, has now been completed and is ready to receive patients. The hospital is situated on a hillside overlooking the city of Kampala, and is a fine example of modern hospital architecture. It contains 100 beds, and is equipped with all the latest appliances. The building was designed by the late Sir Robert Gordon, and was completed in 1919. It is a great credit to the Uganda Government and the people of Uganda that they have been able to complete this great work in such a short time.

The hospital is a great blessing to the people of Uganda, and will do much to improve the health of the country. It is a fine example of the progress that has been made in Uganda since the war, and is a great credit to the Uganda Government and the people of Uganda.

GREATER NAIROBI—THE POSITION OF NEGROES

The Editor of a Standard paper writes: "The position of the Negroes in the Greater Nairobi is becoming a topic of increasing interest to the public. It is a problem which is not only local but national in scope. The question is whether the Negroes should be allowed to settle in the city and what conditions should be attached to such settlement. The Government is faced with the task of finding a solution to this problem which is just to all concerned."

MOVIE TAXATION—A REPLY TO MR O'NEIRA

To the Editor, P.E. Standards: "In an article of the 27th I read a query which is very pertinent to the cinema industry. It is the question of movie taxation. The Government has imposed a tax on the cinema industry which is very onerous. This has led to a decline in the number of cinema shows and a loss of revenue to the Government. It is necessary to find a solution to this problem which is just to all concerned."

OPENING OF SESSION OF CONVENTION.

The opening of the Convention was a landmark event. The delegates gathered from all over the country to discuss the future of the nation. The Convention was held in a grand hall and was attended by thousands of people. The delegates discussed a wide range of issues including education, health, and industry. The Convention was a success and led to the formation of a new government.

The Convention was a success and led to the formation of a new government.

DEPARTMENT OF AGRICULTURE.

The Department of Agriculture has issued a report on the state of agriculture in the country. The report shows that there has been a significant increase in agricultural production over the past year. This is due to a combination of factors including improved weather conditions and the use of modern farming techniques. The Government is pleased with the progress and will continue to support the agricultural sector.

We Hear from London

Standard Special Correspondent
 London, December 26.

On December 25, 1932, a day of great interest and importance to the British Empire, the King and Queen were crowned in St. Paul's Cathedral, London.

The ceremony was one of the most magnificent ever witnessed in this country. The King, in the robes of King David, and the Queen, in the robes of Queen Elizabeth, were crowned by the Archbishop of Canterbury.

The coronation took place at 11 o'clock in the morning. The King and Queen were crowned with the coronets of King David and Queen Elizabeth. The King's coronet was made of silver and set with rubies and diamonds. The Queen's coronet was made of silver and set with rubies and diamonds.

The ceremony was witnessed by a large number of guests, including the members of the British Empire and the Commonwealth.

The King and Queen were crowned in the presence of a large number of guests, including the members of the British Empire and the Commonwealth.

The coronation was a most magnificent and memorable event, and it will be remembered by all who witnessed it.

Politics - Continues

There is a general feeling of optimism in London, and it is expected that the new year will see a more active and successful government.

The Government has been successful in dealing with the economic crisis, and it is believed that the country is now on a more stable and prosperous footing.

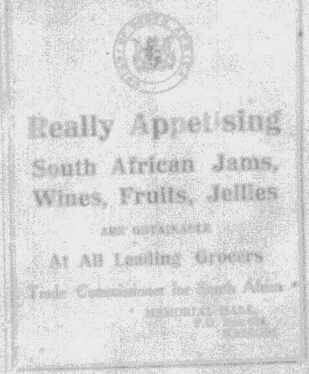

The new year will see a more active and successful government, and it is expected that the country will continue to prosper and grow.

NAIROBI, THURSDAY, JANUARY 3, 1935.

THE KING'S PROGRESS STILL UNSATISFACTORY

Exhaustion Presents Difficult Problem.

SLIGHT IMPROVEMENT IN GENERAL CONDITION.

Additional Medical Advice Obtained and New Treatment Administered.

While the state of King George's health has not actually gone back to the normal condition of health of a man of his age, it is believed that the present illness has been a serious one. His Majesty again visited the hospital at the end of the week.

Again it has been pointed out that the medical authorities in London have been in communication with the medical authorities in Kenya, and it is believed that the treatment administered in Kenya is in accordance with the latest medical opinion.

LONDON'S EXPRESSION OF LOYALTY

TELEGRAMS EXPRESS AFFECTION.

A bulletin issued from London on the 29th of December, 1934, stated that the King's illness had been a serious one, and that the medical authorities in London were in communication with the medical authorities in Kenya. The telegram expressed the affection and loyalty of the people of London to the King, and the hope that he would soon be able to return to his duties.

Local Health Authorities.

A bulletin issued from London on the 29th of December, 1934, stated that the King's illness had been a serious one, and that the medical authorities in London were in communication with the medical authorities in Kenya. The bulletin also mentioned the local health authorities in Kenya, and their efforts to provide the best possible care for the King.

Other Matters of Interest.

There are several other matters of interest mentioned in the bulletin, including the progress of the King's recovery, and the efforts of the medical authorities in Kenya to provide the best possible care for the King.

THE BRITISH STEEL COMBINE

General Steel Company Agrees.

NOT AGAIN AN EMPLOYEE

The General Steel Company has agreed to the terms of the new combine, and it is believed that this will be a significant step towards the formation of a British steel combine. The company has also agreed to the terms of the new combine, and it is believed that this will be a significant step towards the formation of a British steel combine.

THE MURDER BARRED

London, December 31.

The London County Council has decided to bar the murder of King George VI from its records. This decision was made in order to protect the privacy of the King and his family, and to ensure that the records of the Council are not used for any purpose that might be detrimental to the King's health or the stability of the monarchy.

GOVERNMENT DEFERS PAYMENT OF TAXES

Comic Sequel to New Motor Law.

The Government has deferred the payment of taxes on motor vehicles until a later date. This decision was made in order to ease the financial burden on motorists, and to ensure that the motor industry remains viable. The Government has also announced that it will be introducing a new motor law, which will be designed to improve road safety and to reduce the number of accidents.

CONVENTION ADVOCATES TAXATION OF WOMEN

Bachelor on Comforts of Having a Wife.

A GOOD TEST

The convention advocates the taxation of women, and it is believed that this will be a significant step towards the equality of men and women. The convention has also announced that it will be introducing a new law, which will be designed to improve the rights of women in the workplace. The convention has also announced that it will be introducing a new law, which will be designed to improve the rights of women in the workplace.

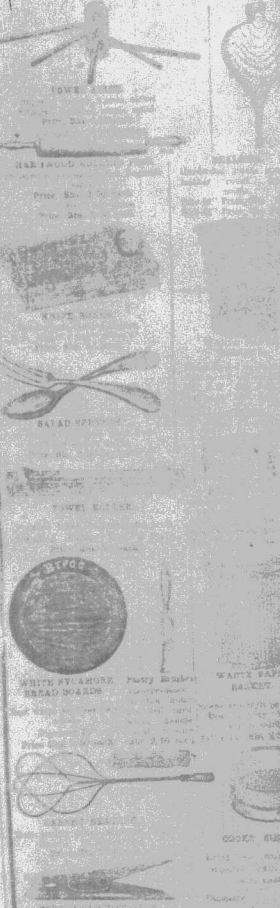

THE BRITISH INDUSTRIES FAIR

Issue of Special Bulletin for Overseas.

ADVANCE BUSINESS

The British Industries Fair has issued a special bulletin for overseas, and it is believed that this will be a significant step towards the promotion of British goods. The bulletin has also announced that it will be introducing a new law, which will be designed to improve the rights of British exporters. The bulletin has also announced that it will be introducing a new law, which will be designed to improve the rights of British exporters.

The East African Wattle Industry is being threatened by the introduction of a new species of wattle from the West Indies.

Mr. Powell called attention to the fact that the wattle industry has been suffering from a shortage of material for the past few years.

It is necessary that the Wattle Board should be empowered to bring a bill into the House to give effect to the recommendations of the Convention.

The Hon. Director of Agriculture has been approached with a view to arranging the necessary steps to be taken to protect the wattle industry.

Director of Public Works Considers Amendment May be Necessary.

GOVERNMENT WANTS IT GIVEN A TRIAL.

Member for Plateau South Defends Elected Members Against Criticism.

Convention of Associations, despite an appeal to the contrary by the Elected Member for Plateau South, passed a resolution on Tuesday evening (Government to reconsider the Motor Traffic Ordinance) at an early date.

It was agreed that the committee had been partially to blame for the late discovery of facts.

Mr. O'Shea admitted that if public criticism had been forthcoming, the Director of Public Works forewarned them after the Bill had been in operation for a period. Farmers were strongly in favor of the measure.

HAVE ELECTED MEMBERS NEGLECTED CONVENTION

Criticism During this Week's Session.

INVITATION ERROR

A brief but interesting debate occurred during the sitting of the Convention of Associations on Tuesday forenoon when the Director of Public Works expressed his regret that many of the Elected Members had developed a serious attitude of neglect towards the Convention during the past few weeks. This occasion it was pointed out that the Convention was not so well organized as it should be, however, members of the Convention.

During the course of the debate, Mr. O'Shea, Member for Plateau South, pointed out to the Convention that only one of the Elected Members had been invited to attend the Convention. He pointed out that the Convention was not so well organized as it should be, however, members of the Convention.

Mr. O'Shea admitted that if public criticism had been forthcoming, the Director of Public Works forewarned them after the Bill had been in operation for a period. Farmers were strongly in favor of the measure.

It was agreed that the committee had been partially to blame for the late discovery of facts.

The right Tyre is the only Tyre for your Needs

Choose the right one from the complete Goodyear line

The most important duty of your van, lorry, or bus is to HAUL.

The next most important requirement is that it will HAUL ECONOMICALLY.

To operate economically, it must be fitted with the right type and kind of equipment.

You will need the right type and kind of tyre for your vehicle and your operating conditions in the complete line supplied by Goodyear.

GOODYEAR TRUCK PNEUMATICS.

For the activity required to make scheduled deliveries at sustained speeds, and the cushioning required to protect the load, the road and the driver, and for the rugged strength that enables independent, trouble-free operation, fit with Goodyear Economic Tyres.

Equipped with SUPERWIST, the extra elastic, extra durable cord developed by Goodyear for pneumatic duty, they stand up for thousands of low tyre cost miles.

Made with the world-famous All-Weather Tread, they develop full tractive power in any going, conserving motor energy and insuring safe, road-holding travel at sustained speed.

GOODYEAR BUS BALLOON TYRES

Strong, dependable, noise and easy-riding 1000-year-Pneumatic Cord line Tyres assure the punctureless, comfort, the travel safety and the operating economy required in the best of motorbus operation.

Along with the sturdy strength supplied by their extra durable, extra elastic, bottom of SUPERWIST Cord, they have the secure, road-gripping tractive power of the matchless All-Weather Tread.

They are hand-sprung. They are easy-riding and easy-steering. They are the source of low-tyre-mile-cost satisfaction in every operator who uses them.

GOODYEAR HEAVY DUTY CUSHIONS.

Massive, rugged tyres for heavy duty transport, yet full of the protective cushion that safeguards the life of chassis and motor and so makes for low repair bills.

Goodyear Heavy Duty Tyres are unrivaled for heavy haulage in severe operating conditions.

By reason of their deep, thick All-Weather Tread, they supply extra traction, carrying the vehicle forward full distance on every turn of the wheel. They keep your machine on the road and on the move.

The Goodyear Heavy Duty Cushion Tyre represents the most practical combination of CUSHIONING, TRACTION and LONG WEAR ever offered in a solid rubber tyre.

GOODYEAR PASSENGER CAR TYRES.

Equally as for commercial transport of goods and public passenger-carrying service, Goodyear provides the right type and size of Goodyear Tyre for your private passenger car.

From every viewpoint of long, trouble-free, economical performance, it is the tyre for your service. Its inherent superiority is the reason why—

MORE PEOPLE RIDE ON GOODYEAR TYRES THAN ON ANY OTHER MAKE.

GOALS IN THE EMPIRE

The British Empire is a vast and varied one, and it is not possible to speak of it as a single entity. It is a collection of many different peoples and cultures, and it is this diversity that makes it so interesting and so valuable. The British Empire is a source of pride and a source of strength, and it is this strength that has allowed it to survive and to prosper for so long.

DEMAND FOR SEGREGATION ON THE RAILWAY.

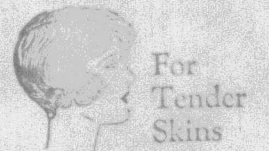

(Continued from page 5)

The demand for segregation on the railway is a serious one, and it is one that has been growing steadily in recent years. It is a demand that is based on a sense of racial superiority, and it is a demand that is based on a desire for separate facilities for different races. This demand is a threat to the unity and harmony of the British Empire, and it is a demand that must be met if the Empire is to survive.

IMPORTANT CHANGES IN WATER BILL.

(Continued from page 5)

The important changes in the water bill are a significant one, and they are changes that will have a major impact on the water supply in the British Empire. These changes are designed to improve the efficiency of the water supply system, and they are designed to ensure that the water supply is sufficient to meet the needs of the population. These changes are a necessary step towards a more modern and more efficient water supply system.

No. 4069. PUBLISHED BY THE GENERAL BODY OF PROPRIETORS AT A NEWSPAPER.

ALLEGED SECRET TRANSACTIONS BY THE LAND OFFICE.

Convention Suspicious About Eldoret and Nakuru Plot Sales.

GOVERNMENT EVASION.

Threat to Appeal Direct to the Secretary of State.

The alleged secret alteration in the Land Office of certain leases referring to plots to Indians at Eldoret was the subject of sharp criticism and severe censure by the Members of the Assembly.

Although His Excellency the Governor many months ago had promised to make a full enquiry into the whole matter, actually it was stated, nothing had been done.

DEMAND FOR IMMEDIATE ENQUIRY.

There were considerable demands for the Government to announce an enquiry into the alleged secret transactions in the Land Office.

Mr. Thackeray (Nakuru) took the question up, and the Government refused to answer it.

Major Baines (Kisumu) said that the Government had been asked to make an enquiry into the alleged secret transactions in the Land Office.

THE 'DEBATE'

The question of local government was not fully debated by the Convention of Associations. Despite growing opposition to the application of the principle of local government in East Africa, the Government of East Africa has proposed to the Convention of Associations that it should be established in the form of a local authority in each district.

Spelling Power
It is not too much to say that the power of spelling is one of the most important factors in the success of a man in the world. It is the key to the door of knowledge and the gateway to the world of letters.

DEVELOPMENTS IN NIGERIA DISTRICT.
Case for a Railway Extension.
GENUINE FIGURES

FROM A CORRESPONDENT.
 Industries in Lagos have made a great deal of progress in the past few years. The principal reason for this is the extension of the railway to Lagos. The railway has opened up the country to commerce and has enabled the people to get their goods to market more easily. The result has been a great increase in the production of goods and a consequent increase in the standard of living. The people are now able to buy more goods and services, and they are also able to sell their own goods at a higher price. This has led to a great increase in the wealth of the country and to a more prosperous future.

Distress in Nigeria
 The distress in Nigeria is a result of the war and the consequent shortage of goods. The people are unable to buy the goods they need, and they are suffering from hunger and poverty. The government has tried to help them, but it has not been able to do so. The people are now in a state of despair, and they are looking for a way out of their困境.

Maternity
 The maternity case for a railway extension is a very important one. It is a case for the people of Nigeria, and it is a case for the future of the country. The railway will enable the people to get their goods to market more easily, and it will enable them to buy more goods and services. It will also enable them to sell their own goods at a higher price. This will lead to a great increase in the wealth of the country and to a more prosperous future.

The Three
 The three cases for a railway extension are a very important one. It is a case for the people of Nigeria, and it is a case for the future of the country. The railway will enable the people to get their goods to market more easily, and it will enable them to buy more goods and services. It will also enable them to sell their own goods at a higher price. This will lead to a great increase in the wealth of the country and to a more prosperous future.

THIS YEAR'S BIG EVENT AT OLYMPIA.
 Eight planes will be on display at Olympia and will be open to the public. The exhibition will be held from January 10th to 12th. The planes will be of various types, and they will be flown by expert pilots. The exhibition is a very important one, and it is a case for the people of Nigeria. It will enable them to see the latest in aircraft technology, and it will enable them to learn more about the future of aviation.

A LETTER WHICH SPEAKS FOR ITSELF
 TRANSLATION
 NEW HAD CAMP, PINDEL, India, Pers.
 GENERAL MOTORS (INDIA) PRIVATE LTD., New York.
 1931

CONTENTS:
 We own a fleet of three Chevies... used for transportation in this town. About 10 months ago we had to make a trip to a town 120 kilometers from here... in a very dangerous road, at night, and in a very bad condition. The poor road, very steep hills, and the narrow conditions reflected in the driver starting the truck backwards. Due to the narrowness of the road it was impossible to steer it safely, and it went over a cliff.
 We presumed that the truck would be a total loss; it was holed all but fortunately had no more... of us can readily imagine the our surprise when we found that although the body was cracked when the truck turned a triple overcast, not even a rivet was split. After inspecting the motor carefully, we started it and it worked normally. Therefore, except for the body that was dented, the truck did not suffer a great deal and with the help of some laborers and some help from us we were able to pull it out of the chasm in which it had fallen after which it returned the trip to its destination with the usual.
 We take great pleasure in advising you of this fact, as a testimonial to the unexcelled construction of the Chevrolet.
 With the sentiments of our citizens, we are,
 Yours truly,

The Tribes of Kenya.

2: Some Curious facts about the Nandi people.

Nothing is so common as to find a Nandi man with a white beard and a white turban. This is not a sign of old age, but of a special rank.

The Nandi people are a very interesting tribe of the East African coast. They are known for their bravery and their skill in warfare. They are also known for their unique customs and traditions. One of the most interesting facts about the Nandi people is that they have a very strict code of ethics. They believe in the sanctity of life and they do not kill for no reason. They also believe in the importance of family and community. These beliefs have helped the Nandi people to survive in a very difficult environment. They are also known for their skill in warfare. They are very brave and they are not afraid to fight. They are also very skilled in the use of spears and shields. This has helped them to defend their territory and to expand it. The Nandi people are a very interesting and brave people. They have a rich culture and a long history. They are a people who have survived in a very difficult environment and who have done so through their bravery and their skill.

Children's Games

Children have various games of their own. Some of these are very simple and some are very complex. They are a natural part of a child's development and they help to develop their physical and mental abilities. Some of the most popular children's games are tag, hide-and-seek, and hopscotch. These games are simple and easy to play and they are enjoyed by children of all ages. There are also many board games and card games that children enjoy. These games are more complex and they require more skill and strategy. Children's games are an important part of a child's life and they help to develop their social and emotional skills. They also help to develop their physical abilities and their sense of fun.

Marriage

Marriage is a very important part of a person's life. It is a commitment between two people and it is a source of love and support. Marriage is also a legal union and it has many legal implications. Tested Cartridges
The All Standard Makers of Rifles, Pistols & Revolvers
Every cartridge produced by Remington has passed rigorous tests in every respect, from raw material to finished product.
Millions of cartridges are used in actual shooting tests for velocity and accuracy. There are chosen at random from each lot of finished cartridges. If any fail to meet the high standard set, the entire lot is rejected.
These high test have built up the great confidence that has made Remington cartridges.
