PRICE 25 CENTS.

No. 4073. REGISTERED AT THE GENERAL POST OFFICE AS A NEWSPAPER.

NAIROBI, WEDNESDAY JANUARY 9, 1920.

THE BY-ELECTION IN NAIROBI NORTH.

Nomination Date Likely to be End of February.

NO ORGANISATION IN EXISTENCE.

Half a Dozen Names Mentioned as Possible Candidates.

The announcement of a by-election in the Nairobi North constituency following the resignation of the Hon H. F. Ward from his seat on the Legislative Council has, as yet, created little interest among the electors.

It is far as yet from being a definite fact that there is no permanent body representative of the residents in the constituency, and it appears that nominations will be left to individuals rather than to sections holding any particular policy or outlook on public affairs.

Present Committee.

There is a committee, still in existence, which undertook the work in connection with Captain Ward's candidature, but its composition is of supporters of Captain Ward and there is no responsibility attaching to its members to continue as an election committee after Captain Ward's resignation.

The necessity for the formation of representative committee to select candidates and present their nominations becomes the more obvious when it is considered that over half a dozen names have been mentioned in connection with the vacancy.

Nomination Date.

At the Secretariat yesterday, it was stated that the papers in connection with the resignation had been sent to the Hon. Henry the Acting Governor, a procedure which will be adopted before preparations are made for the election.

In any case, a period of not less than 45 days must elapse before the date of the termination of office and the date of nominations.

Nomination Day will therefore be somewhere about the end of February.

COMMUNICATION WITH PORT NOLLOTH BROKEN

WILKINSON CORRESPONDENT

Telegraphic communication has been broken between Ilmorog Town and Port Nolloth.

The Magadi Line.

REPLY TO A QUERY IN UGANDA.

During the recent session of the Uganda Legislative Council, a question was asked by the Acting General Manager of Ilmorog regarding the Magadi line.

The Acting General Manager has been asked the following reply by Mr. D. H. Wilson, who acted as Secretary of the Government of Ilmorog.

The Magadi line is a railway line which is being constructed by the Government of Ilmorog.

The line is being constructed by the Government of Ilmorog.

The line is being constructed by the Government of Ilmorog.

TENSION RELIEVED AT THE PALACE.

His Majesty Still on the Upward Grade.

SATISFACTORY BULLETINS.

King's Song Leave London for Sandringham.

THROUGH BETTER AGENTS.

The King left a fairly quiet night. He said he was feeling better.

A bulletin issued at 11.30 a.m. said the condition was unchanged.

Opinion at the Palace.

There was an air of hope on the palace side. The bulletin regarding the condition was taken as indicating that the King was on the upward grade.

The bulletin of 11.30 a.m. states that the King had a quiet day. There is no change in His Majesty's condition.

King's Song Go Home.

The Duke of Devonshire, the Earl of Devonshire, the King's second son and his wife, the Duchess of Devonshire, and the King's daughter, the Princess Alice, will go to Sandringham.

THE YUGO-SLAVIAN COUP D'ETAT.

Its Reception in the Provinces.

WELCOMED BY GREATS.

All Well-Wishers, Content and Optimistic Foreboding.

(THROUGH BETTER AGENTS).

A message from Belgrade states that the news of King Alexander's death and the formation of a new government has been received with interest in the provinces.

The Croatian King, Dr. Maleski, is reported to have said: "The news has been here and the situation here for some years has been such that we have not been able to do anything for our country."

Early in the nineteenth century, at the time of the death of Maleski, a few chief chiefs belonging to the tribe of the Mikama managed to escape with three young boys whom they took to Africa, one of them being David Kaswama.

While in Africa the very oldest boys were captured by the orders of the mother of the Mikama, Nala Kaswama, bearing the name of Nala Kaswama.

David Kaswama, a chief of the Mikama tribe, who was captured by the Mikama, was taken to the Mikama tribe.

David Kaswama, a chief of the Mikama tribe, who was captured by the Mikama, was taken to the Mikama tribe.

MUNICIPAL FIASCO AT MOMBASA.

Indians Refuse to Appoint Representatives.

AGITATORS FROM NAIROBI.

Decision to Await the Hilton-Young Commission Report.

A further stage in the Mombasa Municipal dispute has been reached.

The trouble started some little time ago when the Indian members refused to sit on the Council and refused to stand for the Permanent Council owing to the fact that the Government had nominated an African European representative to the Council which the Indians had placed them at a disadvantage.

Government then decided in order to meet this objection to include in the number of official candidates an equal number of Indians.

Chiefly through the efforts of Mr. A. M. Wale of Nairobi, the position was accepted by the Mombasa Indians, and the polling day for the Indian election was set for Sunday.

An unexpected twist in the Sunday, however, of Messrs. M. S. Vazir, Acharya and Lalwani, a "voted" completely "narrow" matter, wires the "E.A. Standard" Mombasa correspondent.

They convened a mass meeting on Sunday morning and urged the Mombasa Indians not to appoint representatives until the Hilton-Young Commission report had been published.

Despite exhortations by local Indian leaders the meeting, by a majority, decided not to poll.

The local Indian paper, too, strongly rebuked the meeting and says that "dignity has been dragged to the mud."

THE BRITISH INDUSTRIES FAIR

Arrangements for this Year.

TO BE HELD NEXT MONTH

The Although British Industries Fair will be held concurrently at the White City, London, and Leeds, Newcastle, and Dublin, the London Exhibition is to be held in March 1, this year.

An excellent lighter trade will be exhibited in London, and the fair on a whole is directly representative of the organization of the London Exhibition.

Following on the great expansion of the Fair as indicated by the fact that the London Exhibition is to be held in March 1, this year.

From the approaching already arranged in an exhibit, first at the London Station, the primary and secondary sections will be approximately equal in size.

At Durban the engineering, hardware and general exhibition sections will be larger than ever and a particularly fine exhibit of motor oil engines is already announced.

Devises Buys.

The Division of Devises has been again considering a follow-up campaign letter to various houses and the result is promising to a degree. As regards the corresponding product

in the organization of the Fair there is a 200 per cent increase in the number of products to be shown or used agents. These visitors are coming from all parts of the world.

Light boys, of the present stamp and good general look, show a deep commiseration with the helplessness of those of the race who are being crushed under the yoke of the machine.

The Department of Trade and the Department of Education, of the Government, are all exhibiting in the fair.

The Department of Trade and the Department of Education, of the Government, are all exhibiting in the fair.

Stationery Etc. Here again the reduction, which is not at all a new thing, is represented rather in better value than in a greater price.

Leather Goods. There have been more of low quality leather goods, of the kind that are sold in the street, than in the past.

Chemicals. Making an average of a wide range of British made chemicals, there is a drop of 20 per cent in the price of the most important.

Prospects at the 1927 Fair. The raw iron has been a matter of interest to the public, and the exhibition and the production of improved articles of iron and steel is a subject of interest to the public.

may be the following ones: 1. The price of the most important chemicals, 2. The price of the most important leather goods, 3. The price of the most important stationery.

**New Postage Stamps.**

**STANDARD CORRESPONDENCE**  
 Lead Writer, the Assistant Postmaster-General, issued information this week for advertising in Postoffice that it is proposed to issue a special series of postage stamps in commemoration of the Postal Conference to be held next year in London. The value of the stamps would be a halfpenny, a penny, 1/2p and 2d.

**AMERICAN TOURIST BROOD**

Expatriates by American tourists almost during 1939 are estimated to have cost the Government £1,000,000 this year, according to the estimates of Dr. J. D. Hill, an expert of the United States Department of Commerce. Travel in Europe is anticipated with 14-20 millions greater than the expenditures of the previous year, and a record for American travel.

**A Mysterious Death.**

The mysterious death of a native in Kikindi (Hobart) is reported in "The Mombasa Times." It appears that the native had swum in the sea, and had reached the beach his hand being actually on the ground. He was without warning, he suddenly collapsed under the water. Those who saw his tragic incident state that it appeared as if the boy had been dragged down by something underneath the water. Some of the natives claim that they saw him, while others are of the opinion that the boy was pulled under by a shark. In any event, nothing has been seen of him since, and the body has not been recovered.

**Nakuba License**

Applications for ricksha licenses for light were submitted by the last meeting of the Nakuba Licensing Committee of the Municipality. The total number applied for was 200, of which 60 obtained 100 per cent. efficiency marks, 15 obtained 80 per cent., and 123 obtained 60 per cent. It was recommended that the applications be granted in respect of the 150 per cent. efficiency marks, and that the balance available should be allocated on the basis of 50 per cent. efficiency. The Municipal Council endorsed this recommendation at Friday's meeting.

**McHarrison Rampant.**

**LEAGUE OF NATIONS THE ONLY HOPE**

Lady Clara Anderson spoke last night on the problems of the moment at a meeting of the Friends League, Mombasa, which had been arranged by the local committee of the Women's International League for Peace and Democracy. Lady Clara Anderson said that the situation was very serious, and that the only hope was the League of Nations. She said that the League was the only hope for the world, and that it was the only hope for the East African States.

YOUNG MASAI "WARRIORS" GIVING TROUBLE.

Murders of Neighbouring Tribesmen.

"BLOODING OF SPEARS" CUSTOM.

Extra Police Drafted to Disturbed Districts.

Trouble has again broken out in certain areas of the Masai Reserve, caused it is believed, by a revival of the old custom of the "blooding of spears" by the young men who have recently reached the age of Moran or warriors.

During the last few months a number of murders have been committed on the borders of Masailand, the victims being tribesmen of neighbouring tribes. While in most of the cases the perpetrators have not been discovered, it is believed that young Masai "warriors" were responsible. In other cases where Masai were the victims, retaliation is attributed as the motive for these crimes.

In view of the fact in the Masai area, certain areas in the reserve have been officially declared as in a state of unrest, and extra police reinforcements have been drafted to the districts affected. No further trouble is expected, while the tribal elders are not considered to be in any way responsible for the outbreak.

TRIBES TO PAY FOR POLICE PATROLS.

A review of the old Masai tribal laws... It is believed that the Masai are responsible for the outbreak.

It is stated that about 15 additional constables will be transferred to the area and will police the borders.

There has always been trouble between the tribes about the Masai. A series of deaths led to the tribes about the Masai. A series of deaths led to the tribes about the Masai.

British Unemployed. FIGURES STILL ON THE TRUCKS. (BY WIRELESS.)

BATHING TROUBLE AT LAKE NAIVASHA.

Well-known Nakuru Settler Drowned.

CAUGHT IN THE WEEDS. Efforts to Find and Recover Body Of an Avial.

A very well-known Nakuru settler, Captain James, lost his life by drowning on Sunday last in Lake Naivasha.

While lunch was being prepared he went on the bank of the lake. Captain James and Mr. Collier were with him. Captain James was known to be a very strong swimmer. When he got into the water he was about 20 yards from the shore but he was unable to get out.

It is stated that about 15 additional constables will be transferred to the area and will police the borders.

South Lumbwa District. A small proclamation, published yesterday, refers to the South Lumbwa District. This, however, does not make a fresh order of lawlessness on the part of the native inhabitants.

There has always been trouble between the tribes about the Masai. A series of deaths led to the tribes about the Masai. A series of deaths led to the tribes about the Masai.

British Unemployed. FIGURES STILL ON THE TRUCKS. (BY WIRELESS.)

# Penny Wise— Pound Foolish

Best Petrol costs but a fraction more than inferior spirit with the modern economical engine. But inferior petrol will cost you a great deal more in repairs and overhauls in the long run.

BE WISE AND USE

AND GET A GOOD RUN FOR YOUR MONEY.

## Motor Topics.

# British Motor Industry.

### A Post-War Decade of Remarkable Progress.

In reviewing motor cars as they are today, it is hard to believe that the industry, as a whole, has not advanced in a most remarkable manner since 1919. It is a decade of progress, of achievement, of triumph.

The Great War vitally affected the motor industry, and the industry, in its turn, was a great help to the war effort. It is a decade of progress, of achievement, of triumph.

#### A Story Worth Telling.

Ten years ago, when the motor industry was in its infancy, it was a small, struggling industry. It is a decade of progress, of achievement, of triumph.

It is a decade of progress, of achievement, of triumph. The industry has grown from a small, struggling industry to a major force in the economy.

As the industry has grown, it has also become more sophisticated. It is a decade of progress, of achievement, of triumph.

#### Three-Fold Aim Persevered.

Generally speaking, the aim of the British motor industry has been to produce a car that is reliable, economical, and comfortable.

It is a decade of progress, of achievement, of triumph. The industry has grown from a small, struggling industry to a major force in the economy.

As the industry has grown, it has also become more sophisticated. It is a decade of progress, of achievement, of triumph.

#### Effect of Import Duty.

It is a decade of progress, of achievement, of triumph. The industry has grown from a small, struggling industry to a major force in the economy.

# WHAT CHRYSLER ENGINEERS HAVE FOUND OUT ABOUT DODGE BROTHERS by WALTER P. CHRYSLER

Twenty years of technical progress in the motor car industry have been made possible by the work of Chrysler engineers.

While certain changes have been made in conformity with Chrysler ideas of luxury and style, Chrysler engineers found that Dodge Brothers have been the most successful in the world.

They report that the very highest standard of excellence in materials and workmanship is revealed by their investigations.

This report does not justify any personal conviction that Dodge Brothers were superior to other manufacturers of the same class.

It explains, in terms of honest truth, why Dodge Brothers have been so successful in the past.

And it confirms my sincere belief that the new Victory Six will be the best of its class.

original and exclusive advantages in construction, it is the only car of its class in the world.

In fact, every one of these cars shows beyond the shadow of a doubt that Dodge Brothers have the right idea in their cars.

Dodge Brothers Motor Cars will continue to bear the name they have borne so honorably for four years, and Dodge Brothers dealers will continue to market them.

With the return of personal management the entire thought and plan of the organization are being directed towards a single high objective—to make Dodge Brothers good name better still.

From my complete knowledge of all Dodge Brothers advantages and assets, and knowing as I do the exceptional talents of the men who share with me the responsibility for success—I have no hesitancy in predicting for Dodge Brothers a future even more brilliant than its magnificent past.

W.P. Chrysler  
President, Dodge Brothers Corporation

**A Threat to the Coffee Industry.**  
 After the Agricultural Department has issued the prohibition of the use of insecticides, it is now necessary to consider the possibility of a pest which is a threat to the coffee industry. The pest in question is the coffee berry borer, which is a small, black, cylindrical insect, which is found in the coffee berries. It is a very common pest, and it is a very serious one, as it is a very difficult one to control. The borer is a very common pest, and it is a very serious one, as it is a very difficult one to control. The borer is a very common pest, and it is a very serious one, as it is a very difficult one to control.

**Reliable Service**

When you choose your new Motor Cycle choose the machine that will give you the longest and most reliable service. Remember that the B.S.A. reputation for reliability has been built on performance, and on the consistent service B.S.A.'s are giving all over the world. If you are wise you will follow the lead of experienced riders and

The most important duty of your van, lorry, or bus is to HAUL.

The most important requirement is that it will HAUL ECONOMICALLY.

To operate economically, it must be fitted with the right type and kind of tyre equipment.

You will find the right type and kind of tyre for your vehicle and your operating conditions in the complete line supplied by Goodyear.

#### GOODYEAR TRUCK PNEUMATICS.

For the activity required to make scheduled deliveries at sustained speed, for the cushioning required to protect the load, the road and the driver, and for the rugged strength that insures dependable, trouble-free operation, fit with Goodyear Pneumatic Tyres.

Equipped with SUPERTWIST, the extra-elastic, extra-durable cord developed by Goodyear for pneumatic duty, they stand up for thousands of low tyre-cost miles.

Made with the world-famous All-Weather Tread, they develop full tractive power in any going, conserving motor energy and insuring safe, road-holding travel at sustained speed.

#### GOODYEAR BUS BALLOON TYRES

Strong, dependable, active and easy-riding Goodyear Pneumatic Cord Bus Tyres assure the punctuality, the comfort, the travel safety and the operating economy required in the best of monthly operation.

Along with the steady strength supplied by their extra-durable, extra-elastic bodies of SUPERTWIST Cord, they have the secure, road-grabbing tractive power of the matchless All-Weather Tread.

They are handsome. They are easy-riding and easy-steering. They are the source of low tyre-mile-cost satisfaction to every operator who uses them.

#### GOODYEAR HEAVY DUTY CUSHIONS.

Massive, rugged tyres for heavy duty transport, yet full of the protective cushion that safeguards the life of the chassis and motor and so makes for low repair bills.

Goodyear Heavy Duty Tyres are unrivalled for heavy hauling and severe operating conditions.

By reason of their deep, thick All-Weather Tread, they supply positive traction, carrying the vehicle forward full distance at every turn of the wheel. They keep your vehicle on the road and on the move.

The Goodyear Heavy Duty Cushion Tyre represents the most practical combination of CUSHIONING, TRACTION and LONG WEAR ever offered in a solid rubber tyre.

#### GOODYEAR PASSENGER CAR TYRES.

Exactly as for commercial transport of goods and public passenger-carrying service, Goodyear provides the right type and size of Goodyear Tyre for your private passenger car.

From every viewpoint of long, trouble-free, economical performance, it is the tyre for your service. Its inherent superiority is the reason why—

**MORE PEOPLE RIDE ON GOODYEAR TYRES THAN ON ANY OTHER MARK.**

TANGANYIKA PROBLEMS IN LONDON.

Parliamentary Delegation Give Their Impressions.

DUAL POLICY THE SOLUTION.

Delegates Favour Opening of the Country for Further Settlement.

Two of the members of the Parliamentary Delegation which recently visited Tanganyika Territory, were entertained to dinner by the East Africa Dinner Club.

The President in a speech proposing the health of the guests, said he thought that the solution of Tanganyika's problems lay in the dual policy.

The delegates in reply paid a tribute to the progress made by the Territory and to its possibilities.

COUNTRY'S PEACEFUL PROGRESS.

The East African Dinner Club entertained a dinner on Tuesday, Mr. A. A. Sumbwira and Mr. H. K. Mwaanga.

Mr. H. K. Mwaanga presented the thoughts and devotion that the delegates had given to the complex situation in Africa.

Mr. Sumbwira, in his address, said that the solution lay in the dual policy.

Mr. Mwaanga, in his address, said that the solution lay in the dual policy.

Sold cheap to make room for Xmas stock. MISA'S SHERRY "Oloroso" at 6/50 per qt. bot. This is the finest wine for the table. SPECIAL PRICE TO THE TRADE. To be had from B. C. SIQUEIRA, P. O. Box 542, NAIROBI.

THE BONEO System of Filing. How a Letter is Found. THE alphabetical division on the Guide gives the first key. Is the name you are looking for lost? Yes! Then you at once see the number of the folder which contains the correspondence, and your hand goes straight to it. No! Then if you have had any correspondence at all it must be in the "Miscellaneous" Folder under the same Alphabetical Division. Simple, isn't it? And much easier than referring to a more or less accurate Card Index for the number of the folder, or to a more or less correctly kept collection of folders in what should be strictly alphabetical order. Thus it will be seen that the Boneo Numeralpha System calls for three operations only: 1. Open the Drawer 2. Glance at the Guide 3. Take out the Folder. Further particulars or Demonstrations at Standard Stationery Stores, Sixth Avenue, Nairobi.

### MOTORISTS WHO CARE THEMSELVES.

Six of the side of a sheep trail will fill on a Sunday afternoon and will be able to find a wonderful study of psychology and philosophy. You will see how the different features of the road are experienced, but not in any particular order, but in a haphazard way which will depend on the mood of the driver. The driver who is not a motorist, but a philosopher, will find that the road is a study of the human mind. He will find that the road is a study of the human mind. He will find that the road is a study of the human mind.

### TWO-SPEED CARS?

Long and better has been the hand of work done by the protagonists of the two-speed and four-speed types of gearbox. For the writer to keep quiet, for the writer to keep quiet, for the writer to keep quiet. The engine will run on its own cylinders rated at 40 h.p. or 50 h.p. per ton of the machine on its own cylinders. The engine will run on its own cylinders. The engine will run on its own cylinders.

### Monopoly of Radium?

Belgium's control of the mines in the north of the country, the only of the kind in the world, has been a source of contention for many years. The Belgian Government has been accused of monopolizing the mines. The Belgian Government has been accused of monopolizing the mines.

## WHAT CHRYSLER ENGINEERS HAVE FOUND OUT ABOUT DODGE BROTHERS' by WALTER P. CHRYSLER

The very best technical experts in the world have been called upon to investigate the claims of Dodge Brothers. The Dodge Brothers have been accused of monopolizing the market. The Dodge Brothers have been accused of monopolizing the market.

With the return of personal management the entire thought and effort of this organization are being directed towards a single high objective—the Dodge Brothers' good motor body will. From my complete knowledge of all Dodge Brothers' advantages and knowing as I do, the exceptional talents of the men who share with me the responsibility for success, I have no hesitancy in predicting for Dodge Brothers' future more brilliant than its magnificent past.

W.P. Chrysler  
President, Dodge Brothers Corporation

## CORRESPONDENCE

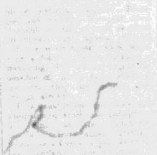

The editor does not accept responsibility for the views expressed by his correspondents. He reserves the right to edit the contents of letters and to refuse to print them if they are abusive or defamatory.

### PUBLIC OPINION

The Editor, East African Standard, Nairobi.  
Dear Sir,  
I have the pleasure to inform you that the copy of the Standard which you ordered has been forwarded to you by the post. It is the only copy of the Standard which is available in Nairobi at the present time. I am sorry that I cannot supply you with a copy of the Standard which you ordered, but I am sure that you will understand the position.

### THE COST OF LIVING

CUSTOMERS REVIEW  
The cost of living in Nairobi is becoming more and more unbearable. The prices of the necessities of life are rising so fast that the people are unable to support their families. The Government should take steps to reduce the cost of living.

The Government should take steps to reduce the cost of living. The prices of the necessities of life are rising so fast that the people are unable to support their families. The Government should take steps to reduce the cost of living.

### THE CIVIL SERVICE

The Civil Service in East Africa is becoming more and more inefficient. The salaries of the civil servants are too low, and the work is too heavy. The Government should take steps to improve the civil service.

### CITIZENS

The citizens of East Africa are becoming more and more dissatisfied with the Government. The Government should take steps to improve the administration and to reduce the cost of living.

### MOTOR TAXATION

The taxation on motor vehicles in East Africa is becoming more and more oppressive. The Government should take steps to reduce the taxation on motor vehicles.

### WOMEN'S ARGUMENT

The women of East Africa are becoming more and more active in the public life. They are demanding more rights and more responsibilities. The Government should take steps to improve the position of women.

## THE GAME RESERVES OF KENYA

### A Government Policy Criticised

#### RESERVING THE AREA

The Government's policy of reserving the game reserves of Kenya is being criticised. It is argued that the reserves are being reserved for the benefit of the white man, and that the native population is being deprived of their traditional hunting grounds. The Government should take steps to improve the position of the native population.

### WOMEN'S ARGUMENT

The women of East Africa are becoming more and more active in the public life. They are demanding more rights and more responsibilities. The Government should take steps to improve the position of women.

### CITIZENS

# Coils and Leads.

## Their Functions and Care.

It is a common mistake to suppose that the only function of a coil is to induce an e.m.f. in the secondary circuit. In fact, the coil has a number of other functions, and it is important to know what they are, and how to care for them.

The primary coil is the one which is connected to the power source. It is usually made of a heavy wire, and is wound on a core of soft iron. The secondary coil is the one which is connected to the load. It is usually made of a thinner wire, and is wound on a core of soft iron.

The function of the primary coil is to induce an e.m.f. in the secondary coil. The function of the secondary coil is to induce an e.m.f. in the load. The function of the core is to concentrate the magnetic flux, and to increase the efficiency of the transformer.

It is important to know how to care for the coils and leads. The primary coil should be kept clean, and the secondary coil should be kept dry. The leads should be kept away from heat, and should be protected from damage.

The following are some of the things to be done to care for the coils and leads: 1. Clean the coils regularly. 2. Keep the coils dry. 3. Protect the leads from heat and damage.

It is also important to know how to test the coils and leads. There are a number of tests which can be done, and these will be described in a later article.

The primary coil is usually made of a heavy wire, and is wound on a core of soft iron. The secondary coil is usually made of a thinner wire, and is wound on a core of soft iron.
