For and foremost in my thank I very particular friend of mine for the copy of the 'Kenton Notes' which she has sent me. I hope the 'Kenton Notes' will be able to find room for the poem in the Weekly paper. I would it will bring back some memories to the old friends who were so united in various parts of Kenya before the war when the Helms and we set down to write and to negotiate their own affairs. I have been very glad to know that they have been so successful in their work. I have been very glad to know that they have been so successful in their work.

## SOCIETY MESSAGE

### Commonwealth Union's Appeal to Employers.

#### A PLAIN DUTY.

Mr. Murray Macdonald's public selection of colleagues to help him along the way of the Commonwealth Union's appeal to employers is a very large one. It is not only the largest of the kind but also the most varied. It is not only the largest of the kind but also the most varied. It is not only the largest of the kind but also the most varied.

The possibility of the advent of a Labour Government is regarded by concerned and impartial circles as a very serious matter. The danger of the British Party's unqualified endorsement of any proposal which would result in the nationalisation of the means of production is a matter of serious concern.

NOTES FROM NYANZA PROVINCE.

Popularity of Council Member.

THE START OF CRICKET.

From our own correspondent: Kington, Jan. 31. I had an interesting time watching the new Council and its members in general with Mr. Conroy Harvey, our local M. L. C. and who was seen on Nyanza as ever.

A First Effort.

Nyanza for the first time they put a team in the field. They got well beaten but it was a start and the game has been put on its legs. A good ground is being laid out at Nalvaha and this should be of assistance towards the Mivanti people but to the extent they are able to get there occasionally for some of the work done by Mr. Hinchinson of Fort Taran in connection with the cricket committee.

The Mivanti Cup Won.

Mr. Stanley Firmin, as president of the Mivanti Cricket Club, last Sunday afternoon he defeated the Mivanti team by 100 runs. The Mivanti team was composed of the following: Firmin, 100; Conroy, 50; Harvey, 40; and others. The Mivanti trophy is a cup presented by the Victoria Nyanza Sugar Co. and takes the place of the Ashworth Cup won originally two years ago by Dr. Boor.

Lumbwa Hospital.

The Lumbwa Hospital is being laid back for the lack of funds and it is hoped the district will get down to it. It is a pity that this necessary institution is not being built. It is a very essential requirement because the trip to the hospital or Kilimanjaro is a long and costly one.

"PHYLOGAN."

The market continues firm and for visible marks. No. 1 we could obtain 220 per ton. U.K. Continental ports, bagged, 220 per ton. U.K. Continental ports, bagged, 220 per ton.

For the Treatment of Scoury.

A NEW EXTRACT

The Admiralty is experimenting with a new extract from water-corn, which is a new and effective remedy for the treatment of scoury.

DEATH OF EX-PRESIDENT WILSON

FATAL END TO SUDDEN ILLNESS.

DR. WILSON'S LAST HOURS.

British Premier Conveys the Nation's Sympathy to America.

Wisdom and Vision.

AN IDEALIST AND HUMANITARIAN WHO WAS NOT GIVEN HIS CHANCE

Founder of the League of Nations

Dr. Woodrow Wilson, ex-President of the United States, is dead. He died peacefully but suddenly and America and Britain mourn the passing of a man of honest character and pure principles.

Mr. Ramsey MacDonald, in a message for Britain, pays tribute to the dead statesman's wisdom and vision.

**COAST COMMERCE IN 1923.**

Review by President of Chamber.

**SETTLERS' ACTIVITIES**

Dealing with commercial affairs on the Coast during the past year was the Chairman of the annual meeting of the Maritime Chamber of Commerce, in the course of his address, review, says:

Among the events of 1923 was the appointment of the late Mr. H. E. Jones as Chairman of the Maritime Chamber of Commerce, in the course of his address, review, says:

In the course of 1923 the appointment of the late Mr. H. E. Jones as Chairman of the Maritime Chamber of Commerce, in the course of his address, review, says:

The establishment of the Kenya Shipping Bureau as a separate body along the Coast had already been the subject of the Chamber's attention.

The members of the Chamber might congratulate themselves on their share in the light for the location of the Kenya Shipping Bureau. It would have been a very serious matter had it not been for the fact that the Government had not yet decided to establish the Kenya Shipping Bureau as a separate body along the Coast had already been the subject of the Chamber's attention.

**The New Pier**

The Harbour Works were making a great progress and the new pier which had been long expected, and which would be considered a great asset to the port, was at a late stage of the building. The large amount of work which had been accomplished during the last twelve months was a credit to the Harbour Works.

**Helping Trade.**

The action of Government in opening a bonded Warehouse at Kenya was a cause of satisfaction. The question of mails was still a source of great grievance but the members of the Chamber must keep on hammering away until a proper and regular delivery at the Port, and dispatch overseas therefrom, had been secured.

He was glad to see that the Sugar Industry was getting on its legs.

The President concluded with a reference to the Empire Exhibition and to the question which had been formerly mooted of a Publicity Office in Mombasa. The difficulty was largely a question of accommodation which he hoped would shortly be overcome. He thanked the members of the Chamber for the Committee and the officers named for the good work they had done during the past year. (Applause.)

Outlines of Palmistry.

THE INDIVIDUAL FINGER. The fingers must be studied in connection with the mounts at their bases, which are explained here as follows:

The first finger is dependent on the heart, representing the individual's character, and is the most important of all the fingers. The second finger is dependent on the liver, representing the individual's health, and is the most important of all the fingers.

THE MOUNTS. The mounts are the fleshy parts at the base of the fingers, and are of great importance in palmistry. They are the mounts of the first, second, third, fourth, and fifth fingers.

THE MOUNTS OF THE FINGERS. The mounts of the fingers are the fleshy parts at the base of the fingers, and are of great importance in palmistry. They are the mounts of the first, second, third, fourth, and fifth fingers.
