First Air Raid On The Japan

TOKYO, KOBE AND YOKOHAMA BOMBED

Back after storming Calcutta, the Japanese bombers were busy on both sides. Further west, on the Iravaddy front, they have concentrated their forces against the north of Burma, 38 miles inland from the Japanese frontier. They have succeeded in capturing the town of Moulmein, and are now pushing on to the north of the town. The Japanese are also attacking the town of Moulmein, and are now pushing on to the north of the town. The Japanese are also attacking the town of Moulmein, and are now pushing on to the north of the town.

The most significant news from the War Staff is the statement issued by the Japanese Defense Agency that, according to reports received from the Japanese Embassy in Tokyo, the Japanese have now captured the town of Moulmein, and are now pushing on to the north of the town. The Japanese are also attacking the town of Moulmein, and are now pushing on to the north of the town.

HEARTWATER CARRIERS CANNOT STAND "C" DIP.

The parasitizing propensity of "C" Cattle Dip enables it to deal effectively with both. Dhoti-legged and other ticks. Owners of ordinary farm units in heartwater areas have reason to depend on it.

WHEN YOU CAN ECONOMISE.

Where Bont and Bont-legged ticks are not so rampant, "C" is the economical dip to use for large-scale dipping. It is concentrated, but contains sufficient excellent ingredients to ensure proper wetting of every tick within its reach.

COOPER'S IMPROVED CATTLE DIP.

Kind to sensitive stock—deadly to the last tick.

COOPER & NEPHEWS, S.A. (Pty.) Ltd. Box 106, NAIROBI.

Bodily infested animals cannot feed peacefully. And what is worse, the animals must eat a great deal to nourish the very parasites which hamper their feeding. Much of the food must necessarily form blood and much of the blood is continually being drained by the ticks.

BE RUTHLESS TO TICKS—BUY KING TO YOUR ANIMALS.

To kill ticks effectively, a dip must contain wetting-ingredients. The solution must spread like an unbroken film and drench every tick on all sides.

You can chew with ARTIFICIAL TEETH But you cannot see with ARTIFICIAL EYES

Yet there were people who take meticulous care of their teeth, and, quite rightly, want their dentures as a regular routine, never give their eyes a thought.

Modern science has enabled the legions to see the glasses to work and the eyes to see—but eyeglasses, once lost can hardly ever be regained.

We offer an optical service and a highly qualified staff to help you to maintain in good health your most precious possession.

Drastic Mobilisation Of Country's Entire Resources

THIS opening of the debate on Mr. S. S. Cooke's (Kenya) motion in the Legislative Council yesterday, the subject of "The War Effort," was a landmark in the history of the colony. It was the first time that the Government had been asked to consider the mobilisation of the country's entire resources for the war effort.

"This Bill, Council, would extend the scope of the Government's powers in the mobilisation of the country's resources for the war effort. It would give the Government the power to control the production and distribution of essential goods and services, and to regulate the employment of the population."

"The Government has already taken steps to control the production and distribution of essential goods and services, and to regulate the employment of the population. It has done this by means of the War Control Act, the War Control Regulations, and the War Control Orders."

"The Government has also taken steps to control the production and distribution of essential goods and services, and to regulate the employment of the population. It has done this by means of the War Control Act, the War Control Regulations, and the War Control Orders."

"The Government has also taken steps to control the production and distribution of essential goods and services, and to regulate the employment of the population. It has done this by means of the War Control Act, the War Control Regulations, and the War Control Orders."

BUILDING CONTROL

In view of the pressing and increasingly serious situation arising from the shortage of building materials and certain essential articles required for building, it has been found necessary to exercise a stricter control on all building activities in Kenya.

The Bill and Building Control Committee, consisting of both military and civil representatives, has been set up for the purpose of controlling the production and distribution of building materials and certain essential articles required for building. It is expected that the Bill will be introduced in the next few days.

THE RATIONING OF FUEL IN GREAT BRITAIN

Criticism in The House of Commons

April 22. Members of the House of Commons criticized the rationing of fuel in Great Britain. The Minister of Fuel, Mr. Bevin, was asked to explain the reasons for the rationing of fuel in Great Britain. He replied that the rationing of fuel was necessary in order to ensure that the most essential services were not interrupted.

PERSONALLY SPEAKING

GOLDEN TOUCH

There is so much talk of money these days—swindling talk, of unobtainable amounts of millions of pounds upon the air—sent to new neighbors—that one's head, which other members of humanity regard as it a valid, therefore, to turn to money—

to see all understand—a money that has been, and is going to the funds of the Red Cross and other war charities, in the efforts of Kenya people.

It is a common sight to see a man in a suit and tie, with the gleam of gold in his eyes, and a smile on his face, as he stands before a group of people. He is a man of means, and he is a man of good will. He is a man who has made his money, and he is a man who is willing to share it with those who are in need of it.

BUDGET BLOW AT LUXURY SPENDING

Will Laval Attack Free French Colonies?

(From a correspondent)

THE BUDGETARY blow which is to be dealt to the French colonies by the new Finance Bill is expected to be a severe one. It is believed that the Government will attempt to reduce the subsidies granted to the colonies to a minimum. This move is expected to be unpopular in the colonies, particularly in the French West Indies and the French Equatorial Africa.

GOVERNOR'S BROADCAST TO AFRICANS

The first Friday afternoon broadcast by the Governor of Kenya to the African people, was held on the 15th of the month. The Governor, Sir Evelyn Baring, addressed the people through a loudspeaker system in the grounds of the Government House. He spoke for about 45 minutes, and his address was heard by a large number of Africans. The Governor's address was a most interesting and helpful one. He spoke of the progress of the Colony since the outbreak of the war, and of the future of the Colony. He said that the Colony was now a self-governing community, and that the African people were now taking an active part in the government of the Colony. DOWN THE STRAND

ROSE'S LIME JUICE, who was by way of being a wig, once tropped a pomposus stranger in the Strand with the bland enquiry: "Excuse me, Sir, but may I ask, are you anybody in particular?"

In these days, my friends, a thought has for all of us? Boys today men and things are not always what they seem.

That's why we must look on Rose's Lime Juice. They know that Rose's comes from elderly men. And they know the reason why.

Now you can see why Rose's has such a natural shine-shining luster. That's why it makes the best hair drinks, the smoothest cosmetics and the most palatable tooth-pastes.

Free from sticky gum, messy starch and soap, Brylcreem grows your hair naturally, leaving it soft and lustrous, but in perfect order, all day long.
