Nairobi Answering The Call

At a school on Saturday the appeal made by the East African Standard to the European housewives of Nairobi for offers of accommodation for refugees had produced One Hundred and Forty replies.

This excellent response, together with the much more than anticipated cooperation by the K.W.O. in answer to the appeal, means that the total number of European women and children who can be accommodated in Nairobi on this voluntary basis has risen to Three Hundred and Forty.

As authorities are not anxious that evacuees or refugees should remain in Nairobi, the K.W.O. is shortly ready to arrange accommodation in advance on a security basis for a few days at a time, as the emergency will be a great help.

It is of course, there are still some people who have not yet replied and as a voluntary appeal it is possible that further help will be forthcoming. It is hoped that they will send their names and details of accommodation at once.

THE HON. SECRETARY, K.W.O.

P.O. BOX 1002, NAIROBI

Offers are still coming in. All are needed as one day the need may be great and urgent and Kenya must be ready to extend the help and hospitality to those who have suffered misfortune.

**BIRD NOTES**

BY "BABBLER"

It is a good idea to have a few birds in the garden. They will help to keep the insects away from the plants.

The first thing to do is to choose a good place for the birds. It should be a quiet place where they will not be disturbed.

Next, you should choose the right kind of birds. Some are better than others for the garden.

Finally, you should take care of the birds. They need food and water, and they need a safe place to nest.

With a little care and attention, you can have a beautiful garden full of birds.
