INDUSTRIAL RESEARCH IN EAST AFRICA

Varied Investigations Of Technical Committee

The work of the East African Technical Committee has been on a wide scale since its formation. It has been busy with a variety of recent studies and reports of the work is contained in the recently issued Bulletin No. 2. The committee has been conducting a survey of questions connected with the manufacture of paper. Various studies have been made regarding the production of fully-recycled laboratory paper. The laboratory as a whole will be housed in new buildings, a chemical laboratory (completing and repair work is already being done), industrial section (soon to be ready) and an office.

Advancement in made of the manufacture of synthetic rubber by the K.I.R.I. and H. Woodhouse in connection with the manufacture of the anti-oxidant investigation of industrial products, design of equipment and general cooperation have included many discussions and reports. The work of the laboratory is to be reviewed in a remarkable short paper.

Geographical Functions
The laboratory is staffed primarily with two chemists and one visiting scientist from the U.K.A. On the central Research Station, Amara, is also working in the field of an Industrial Chemical Engineer, an Assistant Engineer, and a chemist. The former will be responsible for the detailed laboratory work, the latter in the design of the plant required for production of the various industrial products. All work on the scientific side is carried out by the chemists. The Research Station is also responsible for the construction, assembling and maintenance of the apparatus where it is desirable for this work to be done under the Committee.

Industrial Laboratory will be complementary to other Governmental research in Kenya. It will take over the research results of the K.I.R.I. and H. Woodhouse, and through the work of development of the industrial products. It will also accept the results of the research in the field of the K.I.R.I. and H. Woodhouse, and through the work of development of the industrial products. It will also accept the results of the research in the field of the K.I.R.I. and H. Woodhouse, and through the work of development of the industrial products.

Health investigations
In addition to the research in the field of the K.I.R.I. and H. Woodhouse, the laboratory is also conducting health investigations. It is carrying out a study of the health of the workers in the industrial plants. It is also conducting a study of the health of the workers in the industrial plants.

KAISER METALS
The laboratory is also conducting research in the field of Kaiser Metals. It is carrying out a study of the properties of Kaiser Metals. It is also conducting a study of the properties of Kaiser Metals.

CONCRETE
The laboratory is also conducting research in the field of Concrete. It is carrying out a study of the properties of Concrete. It is also conducting a study of the properties of Concrete.

ADMIRAL STARK ARRIVES IN ENGLAND

To Command U.S. Navy In European Waters

May 1. Britain has tonight welcomed Admiral Stark, Commander of the United States Navy, to the shore. The two Admirals had an animated conversation.

Stark arrived with the American Ambassador in Britain, Mr. J. G. Whelan, and a member of the staff of the Fleet Air Defence Force, who is in the United States and Canada, was among those who met him at the air port and the two Admirals had an animated conversation.

Stark, who is the first American Admiral to visit Britain since the outbreak of the war, is expected to remain in Britain for a period of several months. He will be in command of the U.S. Navy in European Waters.

GLYCERINE
Investigations are being carried out by the East African Technical Committee in connection with the manufacture of glycerine. It is carrying out a study of the properties of glycerine. It is also conducting a study of the properties of glycerine.

PLANKING
The laboratory is also conducting research in the field of Planking. It is carrying out a study of the properties of Planking. It is also conducting a study of the properties of Planking.

DETERRENT SENTENCES AT MOMBASA

£5 For 4 Cents
Overcharge, £100
In Another Case

MEMBERS

Ladhani, Pirvi, a relative of the accused, a large type of beast, by a complaint by the accused, charged with the offence of the controlled price.

Mr. Griffin, who presided, pointed out that the law of inflation affected a part of the commodity which could not be sold for more than the fixed price. He said that the accused had sold a copy of the Family Weekly paper for 10 cents, while the fixed price was 4 cents. He said that the accused was therefore liable for the difference of 6 cents.

Mr. Griffin sentenced the accused to 12 months imprisonment with hard labour.

MORE LOCAL SUCCESSES ON RUSSIAN FRONT
Red Air Force Inflicts Heavy Losses On Luftwaffe

There is very little news from the Russian front at the moment. However, Moscow's Communist Press has stated that 47 planes were shot down by the Red Air Force in the last 24 hours. This is the first time since the beginning of the war that the Red Air Force has shot down more than 40 planes. The Red Air Force is also reported to have shot down a number of German bombers over the Black Sea. The Red Air Force is also reported to have shot down a number of German fighters over the Black Sea. The Red Air Force is also reported to have shot down a number of German bombers over the Black Sea. The Red Air Force is also reported to have shot down a number of German fighters over the Black Sea.

INDIA AND THE WAR
The Working Committee of the Indian National Congress has expressed its deep sympathy for the British and Allied forces who are fighting for world freedom and for the Indian people. The Working Committee has also expressed its deep sympathy for the British and Allied forces who are fighting for world freedom and for the Indian people. The Working Committee has also expressed its deep sympathy for the British and Allied forces who are fighting for world freedom and for the Indian people.

UNDER THE STAR
The Working Committee of the Indian National Congress has expressed its deep sympathy for the British and Allied forces who are fighting for world freedom and for the Indian people. The Working Committee has also expressed its deep sympathy for the British and Allied forces who are fighting for world freedom and for the Indian people.

LITTLE 'FIGHTER-PILOT' LEARNS BIG LESSON

DETTO! THE MODERN ANTISEPTIC. Dettol disinfectant is used in hospitals, schools, homes, and public places to prevent the spread of germs.

LOCAL BRUSH FIBRES A Promising Field For Development

Brushes have been made in East Africa for some time. There is a large quantity of brush material available in the form of various brush trees and shrubs. The East African Agricultural Experiment Station has been studying the possibilities of developing a brush fibre industry.

DO YOU USE YOUR LEGS? Issued by the East African Commercial Bootmaking Committee.

Brush fibres are normally prepared by hand for the usual methods of brush making. A factory method for fibres suitable for broom-making has been developed by the East African Agricultural Experiment Station.

There is also a need for a very large scale in the coastal parts of East Africa. The East African Agricultural Experiment Station is studying the possibilities of developing a brush fibre industry.

Any prospective manufacturer who wishes for further information concerning brush fibre for export should apply to the East African Agricultural Experiment Station, Nairobi.

VOLUNTARY EVACUATION OF MOMBASA CEASES

Effect Of Postponement Of Compulsory Scheme

The evacuation of Mombasa has been suspended for the time being. The Government has decided to postpone the compulsory evacuation scheme until further notice.

Lorry Driver Runs Amok: Two Killed

A lorry driver in Nairobi ran amok, killing two people and injuring several others. The driver was charged with the crime.

The lorry was driven on the road and the driver was charged with the crime. The Government has decided to postpone the compulsory evacuation scheme until further notice.

ZANZIBAR CIVIL EMERGENCY COMMITTEE SET UP

The Zanzibar Civil Emergency Committee has been set up to coordinate the relief efforts in Zanzibar. The committee will be responsible for the distribution of relief supplies.

The purposes of the Committee are: (a) to maintain close liaison between the civil and military authorities; (b) to keep under constant review the safety and well-being of the population; (c) to give directions to the forces and the police; (d) to consider how best to apply manpower for Civil Defence Services.

Kampala Price Prosecutions HEAVY RAID ON U-BOAT BASE IN DOUCEANES

SPECIAL EMERGENCY POWERS FOR CHAIRMAN OF GOVERNORS' CONFERENCE

in accordance with proposals made by the East African Governors' Conference in consultation with the General Officer Commanding-in-Chief, the Secretary of State has conferred upon the Chairman of the Conference the powers mentioned in the accompanying Order.

It is to be understood that this arrangement is a necessary one to meet the present emergency, and that, unless precluded by legislative enactments given by the Chairman in the exercise of the powers conferred by the Government, the Chairman shall have the authority to make any arrangements necessary in the opinion of the Secretary of State for the maintenance of the powers conferred by the Order and the British Resident in the territories mentioned in the Order.

It is to be understood that this arrangement is a necessary one to meet the present emergency, and that, unless precluded by legislative enactments given by the Chairman in the exercise of the powers conferred by the Government, the Chairman shall have the authority to make any arrangements necessary in the opinion of the Secretary of State for the maintenance of the powers conferred by the Order and the British Resident in the territories mentioned in the Order.

STRONG FORCE OF BOMBERS RAID STUTGART

Wings Again Attack Skoda Works At Pilsen

U.S.A.'S OFFENSIVE OVER NORTHERN FRANCE MAINTAINED AT FULL PRESSURE

May 5. (AP)—The Air Force Commanders in Germany were confident that they had destroyed a vital industrial plant in Stuttgart by a night raid on May 4.

It was reported that the bombers had destroyed the Skoda works at Pilsen, a vital industrial plant in the Czech Republic.

The raid was the first of a series of attacks on the Skoda works, which had been the target of several previous raids.

The bombers used incendiary bombs and high explosive bombs to destroy the works.

The raid was a success, and the Skoda works were damaged.

The Air Force Commanders in Germany were confident that they had destroyed a vital industrial plant in Stuttgart by a night raid on May 4.

DRAMATIC MOVE TO FORESTALL JAPANESE ACTION

Countering Grave Threat To Allied Communications

May 5. (AP)—The United States will not be taken by surprise if the Japanese make a dramatic move to forestall Allied action in the Pacific.

The United States government has announced that it is taking steps to counter any such move.

The United States has a large fleet of aircraft carriers in the Pacific, and it is confident that it can meet any such move.

The United States has also announced that it is taking steps to improve its communications in the Pacific.

The United States has a large fleet of aircraft carriers in the Pacific, and it is confident that it can meet any such move.

FIERCE RESISTANCE TO JAPANESE ADVANCE IN BURMA

British And Chinese Forces Slowly Falling Back

SUCCESSFUL AIR RAIDS ON RANGOON, LAE AND RABAT

May 5. (AP)—The British and Chinese forces in Burma are making a fierce resistance to the Japanese advance.

The Japanese have advanced rapidly in Burma, but the British and Chinese forces are slowing them down.

The British and Chinese forces are slowly falling back, but they are making a fierce resistance.

The Japanese have advanced rapidly in Burma, but the British and Chinese forces are slowing them down.

High Fighter's Escape

May 5. (AP)—A high fighter was shot down over the English Channel on May 4.

The pilot was seen to parachute into the sea, and he was rescued by a British submarine.

The high fighter was a Spitfire, and it was shot down by a German fighter.

FINDING SUBSTITUTES FOR IMPORTED COMMODITIES

How East Africa Can Save Shipping & Become More Self-Supporting

East Africa is already being supplied with the necessary raw materials for the production of a wide range of goods. It is now possible to produce a wide range of goods from local materials. This will save shipping and make East Africa more self-supporting.

It has been estimated that the East African continent has a potential output of 100 million tons of raw materials. This is a vast resource which can be used to produce a wide range of goods. This will save shipping and make East Africa more self-supporting.

ECONOMY KNOCKS "L" OUT OF "SLAVING"

The economic situation in East Africa is such that it is no longer possible to rely on imported goods. It is now necessary to produce goods from local materials. This will save shipping and make East Africa more self-supporting.

The economic situation in East Africa is such that it is no longer possible to rely on imported goods. It is now necessary to produce goods from local materials. This will save shipping and make East Africa more self-supporting.

SPINNING AND WEAVING CONVENTIONS

The spinning and weaving conventions in East Africa are being held to discuss the production of goods from local materials. This will save shipping and make East Africa more self-supporting.

The spinning and weaving conventions in East Africa are being held to discuss the production of goods from local materials. This will save shipping and make East Africa more self-supporting.

YEAH! Experiments by Dr. N. S. ...

Experiments by Dr. N. S. ... have shown that it is possible to produce goods from local materials. This will save shipping and make East Africa more self-supporting.

MOVING THE PRODUCE
The Kenya and Uganda Civil
Defence and Supply Council
sincerely feel a huge problem
is in the making on Tuesday, it
is one thing to produce bumper
crops for the Middle East or any
other hostile area, but the whole
of the money and energy invested
in the production is wasted unless
the produce can be reached
their destination. That may
sound like a statement of the
obvious, but it is more than that.
It is a tragedy, one of the most
difficult problems facing East
Africa.

Normal times the Kenya
and Uganda Railways and
Highways do not have a very large
margin on which to operate. In
good years the Uganda cotton
crop, the Kenya maize crop,
the movement of coffee and the
lengthening list of exports from
the area served by the system,
including the northern territories
of Tanganyika, has had to be
carefully distributed to avoid
congestion and to prevent
wasteful periods of storage at
Mombasa. Since the war began it
has been impossible to make
even the ordinary annual
adjustments to the railway stock.
Indeed it has been difficult even
to maintain what we have in
stores. The K.R.R. bore in 1940
and 1941 was immense. Tens
of thousands of troops had to
be moved, hundreds of thousands
of tons of war supplies had to
be handled by the port and by the
railway and the life of the
territories, including the export
and import trade, had to be
maintained.

Now that we have put our
backs into this job of production
the produce will depend upon
the transport system for its
winning volume. Everywhere
the land is being ploughed
and planted on a scale never known
before in these territories. The
rains have been bountiful and
everything is set for record
yields. The situation is similar
both up-country and at the port.
Kenya and Uganda were inade-
quately equipped for a production
drive on the present scale.
So for the time being crops will
have to be stored on farms till
they can be moved, and that is
unsatisfactory. More can be
done for the transport system,
the task of allocating the available
transport to the freight offered
must be undertaken if the best
use is to be made of the transport
we have, and if the export
trade is to be developed and the
war priorities schedule related to
the requirements in the Middle
East and elsewhere. Transport
and Distribution Director's
Committees are already studying
it under the direction of the
member of the Council, Mr. J. H.
Supply Council whose job it is to
find a solution.

The Council has decided that
new locomotives and rolling
stock to the value of £257,000 is

BOOKS BOOKS BOOKS

LONG GRANTWORTH
Kenya Christmas
This book is the first suggestion of
a collection of experiences, notes
and quips, connected with Kenya,
the Christmas period, 1941. It is
considerable price.
(S.P. 12/6, Postage 1/6)

G. A. BROWN
Kenya: The Story of a Lion
Classics is a unique, vivid and in
some respects a sensational book,
not only an account of its subject
matter, but also for the striking
photographs which have been taken

sent to Britain at once and that
work be started immediately on
the provision of storage space at
Mombasa for a further 50,000
tons of produce. These are the
urgent requirements and having
regard to the message broadcast
this week by the Minister of
Production, East Africa will
expect that the British Govern-
ment will use all the influence
at its disposal to ensure that
orders are given a high priority
grading. The local approach to
the problem by a body on which
representatives of these large
interests concerned is a first-
class example of the value of the
Cabinet and Supply Council.
Without the co-ordination and
decision it is empowered to
provide individual Directors of
Agriculture, Rail and Road,
Transport and Distribution and
Storage of Produce could never
have solved the problem even
if they had understood its
magnitude and ramifications. It
is to be hoped that the Govern-
ment will be placed and there is
no guarantee that it can be filled
in this year, so every effort
will be made to ensure that the
problem is solved in the near
future.

**WOMEN MUST REGISTER
CHANGES OF ADDRESS**

All women are reminded that
under the War (Control) Act, 1939,
the Registrar-General, Ministry
of Women's Services, 1941, is
required to maintain a register of
the names and addresses of all
women in the United Kingdom
and the Channel Islands. It is
the duty of every woman to
register her name and address
with the Registrar-General, and
to notify him of any change of
address. Failure to do so is an
offence under the Act.

**Potato Growers
Must Register**

A Government Notice was published
in the Official Gazette of May
2, regarding the registration
of potato growers. It is required
that all growers of potatoes for
sale must register their names
with the Registrar-General, and
to notify him of any change of
address. Failure to do so is an
offence under the Act.

Obituary
Mr. Walter N. Low

The death occurred in Nairobi on
May 2 of Mr. Walter N. Low, of
the name of the late Mr. Walter
N. Low, who was in failing health
for some time.

**New Production
And Settlement
Board**

New members have been appointed
to the Agricultural Production
and Settlement Board, the
first of the reconstituted Board
since its formation.

EVACUATION OF INDIANS FROM BURMA (continued)
Mr. L. S. Amery's Statement

Why Not Be HAPPY, HEALTHY & SLIM?

"Your liver, bile, healthy and glowing skin. You can regain lost vigour and get enjoyment out of life if you follow the "Golden Rule" of taking your bile beans regularly every night. Bile beans are purely vegetable. They taste of the delicious, purify the blood and daily remove functioning poisons, thus helping you healthy and your figure slim."

Take BILE BEANS EACH NIGHT AT BEDTIME

"ONLY COLMANS AZURE BLUE MAKES MY WASH SNOWY WHITE"

"Only BLUE makes clothes white Colmans' Blue"

A Brilliant Shine plus Nourished Leather - thanks to KIW! Dark Tan!

The double application of KIW! leather care will give you a brilliant shine and a rich, dark tan to your leather goods. It is the only leather care product that is both a polish and a preservative. It is the only leather care product that is both a polish and a preservative. It is the only leather care product that is both a polish and a preservative.

Candida's Comments

There is good entertainment

There is good entertainment of a very varied sort at the National picture houses this week. "Drums Along The Water" provides thrills of an historical and spine-chilling order, and its remarkably well presented in good technical colour.

Drums Along The Water

"Drums Along The Water" provides thrills of an historical and spine-chilling order, and its remarkably well presented in good technical colour. Lovers of musical hall shows of yesteryear will enjoy the spectacle of the House of Seven Chimneys a period picture, will interest those who have read the book and those who have not.

House of Seven Chimneys

"House of Seven Chimneys" a period picture, will interest those who have read the book and those who have not. It is a rather grim and tense.

OUTLOOK IN LONDON

London, April 30. The Secretary of State for the Colonies, Mr. Malcolm MacDonald, today said that he was not prepared to say whether it would be necessary to re-arrange the terms of the agreement for the purchase of the Standard Oil Co. by the Government. He said that the Government had been in touch with the Standard Oil Co. and had received an offer for the purchase of the company. He said that the Government was considering the offer, but was not prepared to say whether it would be accepted.

The Overseas view: The re-arrangement of the agreement for the purchase of the Standard Oil Co. by the Government is a subject which is being considered in the most careful manner. The Government is taking into account the interests of the Standard Oil Co. and the interests of the public. It is hoped that a satisfactory agreement will be reached.

Food situation: The Ministry of Food has issued a notice regarding the supply of food. It has stated that the supply of food is being increased to meet the requirements of the public. It has also stated that the price of food is being kept low.

Malta: Malta is to be handed back to the British. The Government has announced that it has decided to hand back Malta to the British. This decision has been welcomed by the Maltese people.

Libya: The British are making progress in Libya. The British forces are making progress in their campaign against the Italians in Libya. They have captured several towns and are advancing towards the coast.

Malta: The Maltese are showing their loyalty to the British. The Maltese people are showing their loyalty to the British. They are providing the British with food and other supplies. They are also helping the British in their campaign against the Italians.

The Landing on Madagascar

At 08.30 on Tuesday a combined force of British and French troops arrived at the Wely-Franz beach on the north-east coast of Madagascar. The landing force consisted of the 1st and 2nd Divisions of the British Army, the 1st and 2nd Divisions of the French Army, and the 1st and 2nd Divisions of the Indian Army. The landing was successful and the troops are now establishing a base on the beach.

The landing force is now being supplied with food and other supplies. It is also being retrained by the British and French. The landing force is expected to advance inland towards the capital, Antananarivo.

The British and French are working together to defeat the Japanese. They are providing each other with food and other supplies. They are also helping each other in their campaign against the Japanese.

THE LIBYAN FRONT

The British are making progress in Libya. The British forces are making progress in their campaign against the Italians in Libya. They have captured several towns and are advancing towards the coast.

The British and French are working together to defeat the Japanese. They are providing each other with food and other supplies. They are also helping each other in their campaign against the Japanese.

The Russian Front

The Russian Army is making progress in the Caucasus. The Russian forces are making progress in their campaign against the Germans in the Caucasus. They have captured several towns and are advancing towards the coast.

The Russian and British are working together to defeat the Japanese. They are providing each other with food and other supplies. They are also helping each other in their campaign against the Japanese.

The British and French are working together to defeat the Japanese. They are providing each other with food and other supplies. They are also helping each other in their campaign against the Japanese.

\$827,000 For New Locomotives And Rolling Stock

A meeting of the Kenya and Uganda Civil Defense and Supply Council held on May 7...

Owing to heavy military demands last year a profit share was placed on the rolling stock of the Kenya and Uganda Railways and Harbours.

NEW ROLLING STOCK

The Council recommended therefore that an order for engines, rolling stock and coaching stock, amounting in value to some £827,000 should be sent to Britain immediately.

The storage of produce was expected from the production drive was another problem considered by the Council.

Problems arising from the recent decision regarding the evacuation from the Coast, were discussed.

BUILDING AND REPAIRS

It was decided that a further statement should be published, explaining to the public the main provisions of the recent Order.

It will be recalled that a Building Control Committee, set up by the Government, was recently set up to deal with the allocation of available Indian artisan personnel.
