# COL. NASSER QUIETS OFFICES

## Emotional broadcast to nation

**PRESIDENT Nasser resigned last night in a dramatic climax to the 60-hour war with Israel. The leader of Egypt for the past 12 years, the 57-year-old Colonel, in an emotional broadcast to the nation in which he evoked almost hysterical applause, declared, "Arabia's destiny hangs before Nasser and will remain after him."**

His successor is Vice-President Zakaria Mohieddin, aged 54, who has been a close associate but is widely reported to have a more realistic and less volatile approach to international and internal politics.

He has held several senior Ministerial posts, specializing in economic affairs. This will offer Egypt's most severe challenge in the wake of the rout of the forces and into the Sinai Desert by his predecessor with the inquisition "ambushes" day.

Mr. Mohieddin fought side by side with Col. Nasser in the 1950 Palestine war. He comes from a wealthy family and is regarded primarily a nationalist but more inclined to the West than the "progressive bloc" associated with Nasser's influence.

### Forces chief resigns

The Chief of the U.A.R. Armed Forces, Field Marshal Abdel Hakim Murad, and the War Minister, Shoukri Badran, have also resigned, according to a report from Algeria.

Col. Nasser's move against the High State has since been widely reported, and his resignation, which had been expected since he had abruptly left to go to his home in the village of Beni-Suef, was confirmed by the Press on Monday, June 28.

The Minister of Defense, Gen. Hassan El-Said, also resigned, which was confirmed by the Press on Monday, June 28. He had been in the Ministry since 1954. Gen. El-Said had been in the Ministry since 1954.

A Cairo Radio announcement by Nasser, which was broadcast at 10.30 p.m., said that he had decided to resign, and that he would be succeeded by Vice-President Zakaria Mohieddin.

### 'Not only for us'

Two East African Safaris, The Tanganyika 1000, The R.A.C. Rally - and still going strong....

Used by Standard and Rothwell in the 1966 East African Safari and 1966 Tanganyika 1000, and then in the R.A.C. Rally, the same battery and car have now covered a total of 100,000 miles. This is a testament to the reliability and durability of Oldham batteries and Peugeot cars. The Tanganyika 1000 and the R.A.C. Rally are two of the most demanding and challenging events in the world, and the fact that these vehicles have been able to complete them is a true achievement.

The Algerian Communist Party, in a propaganda, suddenly began shouting that the socialist countries are already not supporting Israel despite the propaganda of the latter.

# Special trains for tourists may end fear of snags

Plans for a special train service to ferry package tourists from Nairobi to Victoria Falls are being studied by East African Railways and Harbours. The service is to help cope with the expected increase in tourists in the east of this year, it was disclosed yesterday.

Colonial Transport, who are looking forward to receiving a large proportion of the tourists, concerns about possible snags caused by the handle plan of this site. The first VFO package tour is due to arrive in December.

As an alternative, they have suggested the railway should be used with the suggestion that a passenger station should be built at Bulawayo, close to the Victoria Falls, to enable passengers down to the coast overnight, straight from there.

**NEW LOCOMOTIVES**

A railway spokesman said yesterday that the intention was being considered to purchase a number of new locomotives to replace a passenger train at Bulawayo which was being replaced by a freight train.

"We think there is a possibility that we shall be able to fit it at Bulawayo, but we cannot be sure of this until we have had a survey for package made. It is a regular service."

The railway is also considering the purchase of new locomotives, and they have already placed orders for 100 new locomotives for this type of service, which would also use full rail-mounted facilities.

One train would be able to carry 100 passengers from one of the larger cities to Bulawayo, and another 100 from Bulawayo to one of the larger cities.

The railway is also considering the purchase of new locomotives, and they have already placed orders for 100 new locomotives for this type of service, which would also use full rail-mounted facilities.

### DON'T LET IT KID YOU AROUND, YOU NEEDS WILL SEND IT AWAY

Don't let your stomach tell you just how nervous you are for the night. There's only one medicine for your stomach. It's called Rennie's. It's the only one that works. It's the only one that's been around for over 40 years. It's the only one that's been tested by over 100 million people. It's the only one that's been recommended by over 100 doctors. It's the only one that's been used by over 100 million people.

### POSSIBLE CAUSE ACID NEUTRALISED

When you get heartburn, the usual cause is too much acid in your stomach. To get relief, that excess acid must be neutralised. From the very first moment you start sticking a Rennie, the stomach's ingredients are carried down to your stomach in your own saliva. The particles acid is neutralised, and you get that wonderful sensation that tells you your pain is beginning to go. And because the medicine gradually reaches your stomach gradually and gently—step by step—they go on working until positive elimination is achieved.

### GET RELIEF WITH RENNIES—ANY TIME, ANYWHERE

Rennies are individually wrapped so you can carry a few in your pocket or purse. Whenever you are when indigestion starts, you can get quick relief simply by sucking one or two Rennie tablets.

# GUARDS RING NEAR EMBASSY

## Peeking issues official 'stay in' order

GUARDS ringed India's Embassy in Peking yesterday, taunted Indian diplomats to come out and face the crowds as the stage continued for the second day.

As well as shouting tactics, hundreds of Red Guards outside the gates appeared to be trying to terrorise the 60 men, women and children sheltering in the Embassy by loud drumming and whether they should break in, an Indian spokesman said.

Early yesterday, Western diplomats who tried to deliver food to the Embassy were turned back by Red Guards and police. An Indian spokesman said yesterday there was enough food in the Embassy to last a few days.

### Cries dashed with point

Red Guards yesterday continued to blockade both ends of the street where the Embassy is situated, shouting across the road from their positions. They turned back any vehicles that tried to approach the Embassy.

Demonstrators continued throwing stones through the already broken windows of the residence of the Charge d'Affaires, Raul Bache, apparently trying to smash things inside the house, an Embassy spokesman said by telephone.

On Saturday night the windows and door of the Embassy were smashed by the demonstrators.

Chinese inside the Embassy were ordered to stay in their quarters. By Red Guards, during the night, the Embassy was surrounded by Red Guards behind and at the side of the Embassy.

At one stage, a crowd of Red Guards surrounded the Embassy and made a noise which was so loud that it was assumed an explosion had taken place. Red Guards, during the night, were ordered to stay in their quarters.
