Election without politics in Greece

INDULGING in one of their favourite national pastimes, more than 2,099,000 Greek men and about 1,250,000 Greek women will vote to elect new Members of Parliament.

The Councils will serve for four years. Voters in these elections will vote before.

When polling for the last municipal elections took place four years ago, women were invited to vote for the first time.

Large mail pile-up on way to Kenya

PROMPT COLLECTION OF PARCELS URGED

SPECIAL arrangements have been made by the Nairobi Post Office for the next few weeks to deal with the large volume of mail and parcels sent to Kenya by surface mail, which is expected to reach a minimum total of 41,000 bags, according to Mombasa by air.

This flood of mail, which includes thousands of letters, telegrams, newspapers, magazines, and friends in Britain, is the aftermath of the London and Manchester Christmas sales, which the Kenya people by their relative prosperity are able to enjoy.

It is estimated that the Kenya Post Office will receive in the next few weeks a minimum of 41,000 bags of mail, which will be distributed by the Kenya Post Office staff, who will be working in shifts to ensure that the mail is delivered to the various parts of the country as quickly as possible.

It is urged that the public should be prompt in collecting their parcels, as the Kenya Post Office staff will be unable to deal with the large volume of mail unless the parcels are collected as soon as they are delivered to the post office.

It is also urged that the public should be prompt in collecting their parcels, as the Kenya Post Office staff will be unable to deal with the large volume of mail unless the parcels are collected as soon as they are delivered to the post office.

'CLOSE STUDY' OF PARIS TALKS PLAN

Pessimists wrong — French Premier

ATMOSPHERE CONDUCTIVE TO CONFIDENCE

M. MENDES-FRANÇES call for a Four-Power conference in Paris next May is receiving "close study" in the United States' State Department, Washington officials said yesterday. The French Prime Minister was addressing the United Nations General Assembly.

As reported briefly in the East African Standard yesterday, he specified that the conference with Russia should take place in May after ratification of the German rearmament agreement. Referring to signs of improvement in international affairs at the General Assembly session, he stated: "The atmosphere is already more favourable and certain agreements, limited in scope it is true, nevertheless allow us to envisage the future with a little more confidence. Once again the pessimists were wrong."

He suggested that Austria might accept a time limit of 18 months to two years for evacuation of the country after its State treaty had been ratified, instead of the 30-day limit provided for in the present draft.

Mr. Henry Cabot Lodge, U.S. ambassador to the U.N., promised to give the United States delegate to the U.N. promised to give the French talks proposal "the most attention and serious study."

A British Minister of State, Mr. Anthony Nutting, commented on the Premier's speech "exposed in all its hypocrisy the history of the Soviet campaign to postpone and so to halt ratification of the London and Paris agreements."

About 2,000 people crowded the General Assembly hall to hear a Madame Franco speech stressing the importance of ratification before the May conference. She said: "The only way to solve the problem would be a right line to the 1945 terms and would accept certain factors."
