# EUROPEAN KILLED ON NERI FARM

## And gang fires at owner and wife

**Nine Mau Mau murders**

Mr. Anthony Gibson, a farm manager in the Nyeri area, was murdered in the lounge of his Nyeri home on Saturday evening. He was slain to death with pangas.

Mr. Gibson, who was about 30 and unmarried, had spent the evening with Captain R. S. Morice and his wife. The two men were on the premises for about 20 miles off the Nyeri-Nanyuki road, and about 14 miles from Nyeri. At about 8 p.m. he left the Morice house to go to his own which is about 25 yards away.

Captain Morice said that after the nine Mau Mau men and his family heard someone calling "Bwana-Bwana" outside. He went out. And as he stepped through the door a shotgun was fired at him. His wife, who was standing behind him, was also hit in the forehead and neck and struck by the pellets.

Captain Morice returned the fire, but the house was set on fire. He then went out again to see what was happening. He found a group of Mau Mau men, some of whom were armed with pangas. He was then taken to the Morice house.

Mr. Gibson's house was set on fire. The fire spread rapidly and the house was completely destroyed. The fire was caused by the Mau Mau men who were using the house as a hideout.

# Memoranda for the Royal Commission

## INVITATION TO THE PUBLIC

**MEMORANDA** setting out information, opinions and recommendations relevant to the terms of reference of the East African Royal Commission should be sent by members of the public and representatives of public bodies in East Africa to the Commission's Secretary, Mr. J. H. Ingham, Private Bag 61, Nairobi, as early as possible and not later than May 15.

The Commission is invited to make a report on the problems with which it is primarily concerned, in particular the actual state of the country, and the measures which are being taken to solve the problems without any special provision of funds.

A second visit will probably be made in November and will be mainly devoted to the taking of oral evidence.

**Terms of reference**

The Commission is invited to make a report on the present state of the country, and the measures which are being taken to solve the problems without any special provision of funds.

The Commission is invited to make a report on the present state of the country, and the measures which are being taken to solve the problems without any special provision of funds.

# MEMBERS OF NEW COUNCIL

To meet this week

KENYA'S Emergency Council, the membership of which was announced yesterday, will meet for the first time on Friday. The Governor, Sir Evelyn Baring, or in his absence, the Chief Secretary, Mr. H. P. Fyfe, will preside at Council meetings, which will be held at the Government House, Nairobi.

# Chiefs return disappointed to Nyasaland

Chiefs who had been invited to Nyasaland on Saturday to discuss the terms of the new constitution, returned to their homes in disappointment. The Governor, Sir Evelyn Baring, had announced that the new constitution would be based on the principle of one man one vote, which would mean the end of the traditional system of indirect rule.

# GUN STOLEN IN HOUSE RAID

The farm of Mr. H. H. Baring, who was visited by the Mau Mau on Saturday night, was raided on Sunday. A gun was stolen from the house. The raid was carried out by a group of Mau Mau men who were using the house as a hideout.

# Long ransacks at Mwiga

Mr. Donald Hodgson, a British resident in Mwiga, was the victim of a long ransack by Mau Mau men. The men searched his house and took away a large amount of property. The incident occurred on Saturday night.

# Rescues

Several Mau Mau men were rescued by the police in the Nyeri area. The men were found in a hideout and were taken to the police station. They were charged with the murder of Mr. Anthony Gibson.

# NINE AFRICANS KILLED IN WEEKEND CLASHES WITH POLICE, MILITARY

At least nine Africans were killed and four captured in the Mau Mau clashes with the police and military in the Nyeri area over the weekend. The clashes occurred on Saturday and Sunday.

# US CONSIDERS AID FOR EAST AFRICA

The United States is considering providing aid for East Africa. The aid would be in the form of technical assistance and financial support. The aid is intended to help the governments of East Africa to develop their economies and improve the living standards of their people.

# Chased

Mau Mau men were chased from their hideout in the Nyeri area. The police and military were able to surround the hideout and force the men to flee. The hideout was a large cave system.

# Population trends

The population of East Africa is increasing rapidly. This is due to a combination of factors, including a high birth rate and a low death rate. The population is expected to continue to grow in the future.

# Roll calls for Africans

Africans are being called to roll up their sleeves and get to work. The Government is encouraging Africans to take an active part in the development of their country. This includes working in the public sector and in industry and commerce.

# FORESTS STILL BLAZE—BUT UNDER CONTROL

Although thousands of acres of forest are still ablaze in the Mau Mau area, the fires are under control. The Government has taken steps to contain the fires and prevent them from spreading further. The fires are caused by the Mau Mau men who are using the forest as a hideout.

# Struggle

The Mau Mau struggle continues in the Nyeri area. The Mau Mau men are fighting against the Government and the British. The struggle is a result of the Mau Mau men's desire for independence and self-determination.

# Roll calls for Africans

Africans are being called to roll up their sleeves and get to work. The Government is encouraging Africans to take an active part in the development of their country. This includes working in the public sector and in industry and commerce.

## East African Power & Lighting Co. Ltd.

### AN APPEAL TO CONSUMERS

AS EVERY consumer knows, the power position in Nairobi is critical. Every consumer could do something to help to conserve the electricity supply by:

- In large buildings or factories, stopping in the middle of the day will make periodical rounds to switch off unnecessary lights and apparatus.
- In shops, curtailing to the absolute minimum all forms of shop window and display lighting.
- In houses—
  - Switching off every light that is not essential.
  - Reducing cooking to a minimum.
  - Using an electric iron and washing machine twice or three times a week instead of every day when the power is available.
  - Refraining from using the small water-heating apparatus;

and generally doing everything possible to reduce the load at all times of day, but most particularly during the evening peak period from 7 p.m. to 9 p.m. This is particularly important as electricity is so scarce that we must make sure that all consumers can listen to at least one of the evening news broadcasts.

We are extremely sorry that such an emergency has again arisen, and we know that appliances are a poor substitute for electricity.

The main causes of the shortage are—

- The failure of the rotor chain has greatly restricted output at our hydro station.
- The Wanji scheme, which should have come into operation last December, has been held up by unavoidable shortages of material and slowing up work due to the Emergency.
- One of our new large diesel engines, which could now have been in service, was shipped without some small but essential parts. These are expected shortly.
- As a result of the lack of hydro power, the diesel and steam engines are being operated day and night to produce as much power as possible. They cannot be spared from service for full maintenance, and some are breaking down under the strain.

Our Engineers are working day and night to repair and keep them in commission, but, until the hydro scheme at Wanji is complete, rationing will be necessary.

During the month of March sufficient new plant should be added to give consumers a full supply for a long time to come.

In the meantime, please economize and help yourselves as well as us.

## RACES PARTY FOR CONORATION

### Kikuyu M.L.C. to attend ceremony

**A 25-YEAR-OLD Kikuyu Member of Kenya Legislative Council, Mr. Muthoni Gikonyo, is one of the official party of four who will represent the Colony at the Coronation in London.**

The other Members are Major F. W. Cavendish-Bentinck, the Member for Agriculture and Natural Resources; Dr. I. E. Nathoo, Minister of Education; and West Africa of Legislative Council and Mr. Michael Blundell, Leader of the European Elected Members.

During their visit, the official party will have every facility retained to them—including stays in Westminster Abbey.

Mr. and Mrs. Blundell and Mr. Gikonyo, who will be accompanied, are planning to fly on the same aircraft on May 27. Major and Mrs. de G. Nathoo and Mrs. de G. Nathoo will already be in Britain as they plan to leave Kenya in April.

Mr. Gikonyo, one of the six African members of Council constituted by Governor, was nominated to Nairobi Municipal Council in 1947 and was elected to the Legislative Council in 1950 following the election of the first African members to the Council.

In the flying a young man's fancy lightly turns to thoughts of love... But in the case of the young Parisienne her thoughts go to her head and last. And already Paris designers have displayed their first collections for 1953.

Here are four of the new fashions. First, left to right, a Spring bouquet with a collar of Roman Placido. Second, a hat with wings. This model by Achille of Paris is in a very program with wings of white tulle. It is called "Amoroso". The third creation is a dress by Christian Dior. It is called "L'Amour". It is by Madeleine Sim. Fourth and last, a model by Ernest Pierre called "Le Cordeau". The white tulle-trimmed fish ornaments an attractive under-slip in white tulle.

The photographs are by Paul Popper.

## You Should Learn To 'Know' Your Car

A woman driver points out that it is not beyond feminine skill to carry out routine maintenance of a car and thereby learn to understand its needs and its capacity.

Ignorance of what you are to do when you have read the car manual is a handicap. Ignorance of what you can do when you are in the car is a handicap. Ignorance of what you should do when you are in the car is a handicap. Ignorance of what you should do when you are in the car is a handicap.

# RED ARMY LEADERS SAFEGUARD RUSSIA'S WESTERN APPROACHES

By PATRICK MATTIALL, L.M.P.

NEWS of the latest Soviet purge strikes at basically military character. Arrests are now located in three specific territories of the U.S.S.R. These areas make possible approaches towards an industrial heart, which in the event of conflict may be open to maritime Powers using sea-based, then land-based, aircraft for waging battle to control the skies.

First, there is a Russian Police force, under the direct supervision of the Pervaya, now centrally located and covers the Turan, Kazakh, Tadzhik and the Balkh provinces. It is known to be a reserve force, ready to be mobilized in Leningrad itself.

### One victim

The identification of one new victim was confirmed recently when a newspaper, the Moscow Territory, reported the arrest of a young man, Mr. Viktor P. Pogorelov, Director of the Institute. He dismissed two employees from a factory, one of whom was another man's name at that time. Mr. Pogorelov's arrest is the first of a series of arrests of members of Mr. Mikhaïlov's Government.

### Indiscriminate

The upshot has been a nationwide indiscriminate campaign against industrial property. The arrests were made, the Party Congress when it convened would voice the feelings of the people.

Marshall Stalin agreed that would involve the... The arrest of Mr. Pogorelov is the first of a series of arrests of members of Mr. Mikhaïlov's Government.

## LOW PRICE CONCERN

In their January Indications Messrs. Wiglesworth & Co., Ltd. of London, have the following to say of the "African" market:

"The market has been long in coming to a comparatively steady state, and it is not until now that a definite upward movement is discernible. It is, however, during the past few months that a marked increase in the price of goods has been observed. This is due to a number of causes, the most important of which are the following:—

"The first is the fact that the price of raw materials has risen considerably. This is due to a number of causes, the most important of which are the following:—

"The second is the fact that the price of labour has risen considerably. This is due to a number of causes, the most important of which are the following:—

"The third is the fact that the price of transport has risen considerably. This is due to a number of causes, the most important of which are the following:—

"The fourth is the fact that the price of fuel has risen considerably. This is due to a number of causes, the most important of which are the following:—

"The fifth is the fact that the price of other goods has risen considerably. This is due to a number of causes, the most important of which are the following:—

## America on guard against recession

At the beginning of each of the last few years a somewhat serious recession has been observable in the United States. It is, however, in the present year that the most important question is: "Will there be an economic recession this year?"

The United States is at present in a somewhat precarious position. It is, however, in the present year that the most important question is: "Will there be an economic recession this year?"

## 17,000,000-dollar loan for African rail project

The new railway, traversing potentially rich farming and cattle-ranching lands which will be constructed through Northern and Southern Rhodesia to the port of Lourenco Marques in Mozambique, will receive a \$17,000,000 loan from U.S. Export-Import Bank. The loan will be credited to Portugal for the financing of the proposed Mozambique portion of the proposed Mozambique railway.

At present, says U.S.I.E., the Rhodesia Railways are carrying out a major development and equipment program to improve service generally throughout the proposed Mozambique railway.

The Mozambique Railway plays a vital role in the trade from the Limpopo River, in Northern Rhodesia, to the Indian Ocean at the port of Lourenco Marques. An existing line is in operation from Lourenco Marques which will be utilized in the project.

Rhodesian exports, are at the moment shipped through the Mozambique port of Beira. The new route will provide an alternative route to the sea.

It is estimated that the more than 2,000,000 acres can be opened up to agriculture and animal husbandry in the Limpopo Valley. The project will also aid good transportation. Portugal will be utilized in the construction of the new rail line.

RUSSIANS BREAK WITH ISRAEL

Action comes as climax to anti-Zionism campaign

RUSSIA broke relations with Israel yesterday in the bomb attack on the Soviet Legation in Tel Aviv.

These people were injured in the Tel Aviv explosion, including the wife of Soviet Minister Mr. Pavel Vorobiev.

Israeli police detained many people, including members of anti-Communist organizations, in a hunt for suspects.

An official statement issued by the Russian news agency announced the severance of relations with the Jewish State.

'Fanning of hatred' The Soviet Note said that, although the Government had stated the severance of relations was not to be taken as a sign of hostility.

It therefore, admits that the Israeli Government had staged the explosion in order to break diplomatic relations with Israel.

ISRAEL FEARS FOR JEWS IN RUSSIA

IMMEDIATE unofficial reports in Washington and New York in the news of the breaking of diplomatic relations with Israel.

With America's strongest support for the Jews, the United States and American Jews are thought to be deeply concerned.

Actually the breaking of relations with Israel is a blow to the Jews in Russia, as they are now cut off from their only ally.

There was slight fighting in the Tel Aviv area yesterday when followers of the Communist Party were seen shouting anti-Zionist slogans.

The demonstration was staged in the Tel Aviv area by the Communist Party, which had been accused of being responsible for the explosion.

Several people were injured in the Tel Aviv explosion, including the wife of Soviet Minister Mr. Pavel Vorobiev.

40 MAIN ROADS BLOCKED

At least 40 main roads and 200 secondary roads in Britain were completely blocked yesterday by snow.

As far as an aeroplane might be able to reach the north, most roads were closed.

Large areas of Northern England and parts of Wales and the North Midlands are facing the most serious breakdown in communications since the hard winter of 1947.

'Very serious'—Mr Thacker

PROCEEDINGS in the Kapenguria Mass trial were adjourned yesterday for the seventh time since they began last August.

Mr. Thacker said that the proceedings were 'very serious' and that the trial was a 'very serious' one.

'Denauded' Later he added, 'We do not intend to go on with this trial. We have no more to say about it.'

List of epithets

'I believe the remark was made by Mr. Pitt while he was in the dock at the trial.'

'Almost impossible'

Mr. Thacker asked Mr. Pitt whether he was sure that he had not been involved in the trial.

## Mr Troup pictures White Highlands development

By YORK HENDERSON  
**REVOLUTIONARY** proposals for Kenya's European-occupied White Highlands have been laid before the Government by Sir Evelyn Baring, by Mr L. G. Troup, Commissioner for Agriculture.

### The Duke sees three problems for science

The Duke of Edinburgh, who is visiting Kenya as a member of the British Royal Commission on Agriculture, has outlined three problems for science which he believes would go a long way towards making the White Highlands more profitable.

1. The production of agricultural machinery.
2. The problem of applying scientific methods to the needs of the people.
3. The problem of training the men and women who were to carry out the work.

### Labour opposes training German troops in UK

Mr. Emanuel Shweid, Labour, a former Member of Parliament, said in a speech in the House of Commons that any attempt to train German troops in the United Kingdom would be met with the strongest opposition.

### General would make soldiers of Cape coloureds

General Frank Thorne, former Chief of Staff of the Union of South Africa, has suggested that all former Union of South Africa soldiers should be trained as soldiers in the South African Army.

### First man in the moon 'already born'

An American astronomer, Mr. John Steiner, claims that the man who will be first to reach the moon has already been born and is now about two years old.

### More trouble on Kojia Island

Four Colonial prisoners captured in the Kojia Islands in the United States troops suppressed a riot there.

### In search of trade

A Japanese trade mission led by Mr. T. K. Iwano, is in the process of expanding trade relations with Kenya, Egypt, Syria, Iraq, Turkey, Iran and Persia.

# WORTH-WHILE

It is a well known fact that the world's few ploughs are well used in the agricultural production of 200 per cent in the most fertile soils.

This would involve a more intensive use of the land by the farmer with less emphasis on coffee, sugarcane and wheat.

Mr. Troup believes, with the white highlanders, that the future lies in the more intensive use of the land by the farmer.

### Now Western Europe fears a glut of steel

ONCE again, the problem of too much steel is beginning to worry Western Europe. Six months ago, the steel industry was anxiously surveying supplies and demand, and the surprise is beginning to loom over the horizon.

In 1929, the steel industry in Western Europe was producing 10,000,000 tons of steel. In 1930, it produced 11,000,000 tons. In 1931, it produced 12,000,000 tons. In 1932, it produced 13,000,000 tons. In 1933, it is expected to produce 14,000,000 tons.

The steel industry in Western Europe is now producing 14,000,000 tons of steel. This is a glut of steel. The steel industry in Western Europe is now producing 14,000,000 tons of steel. This is a glut of steel.

# BURNLEY-ARSENAL GAME

## IS CUP 'PLUM'

And winner should reach Wembley

By Peter Ditton

It could happen that the Division III sides Halifax and Colchester might meet this year's F.A. Cup final—but don't take this too seriously. Division III sides have a habit of monopolising this competition and Leicester City will probably claim the championship to appear at a post-war Wembley, were they well beaten.

Of the 16 sides that will fight in the Division III and four that will appear in the Division II Cup—only five have appeared at Wembley since the 1920-21 season. The sides are: Chelsea, United and Arsenal were Cup winners in 1924 and 1925; Tottenham in 1927 and 1928; Burnley in 1933 and 1934; and Arsenal in 1955 and 1956.

As in previous seasons, Leicester will play a round of major importance in the Division III Cup.

# ESCAPED AIRMEN FORGE COMMONWEALTH LINKS

### A. J. FORREST recalls some of the stories of heroism in World War II on the part of aviators in all theatres of the war who helped shut-down Allied airmen to escape.

In all theatres of war, there were many civilian patriots ready to shelter and help shut-down Allied airmen to escape. They were contemptuous, it is recorded, of the Gestapo's inquiries or Japanese torturers.

Through his efforts to escape from the U.S.A., I recently today many stories of heroism in the air. I am sure that the Commonwealth and the United States are proud of the brave men who did this. Few airmen, in fact, were captured and sent to concentration camps. As for the United States, the men who were captured and sent to concentration camps were few in number. The men who were captured and sent to concentration camps were few in number.
