Advances in all motor shares EXPORTS INCREASE

CAR shares were stimulated by the announcement in London that the Vauxhall and Jaguar works would register on the share of all the motor companies in Britain, and with increasing export orders and the employment position in the industry has brightened. General Motors, the American, returned to full production, and the first time since February. Full-time working is being

Highly-negotiable paper puts up in more than 2000 points... The listing of the Commission has been published in some of the Colony's newspapers, but not the report itself. The objection has been given undue weight without the balance of the Commissioner's comments. It is only one of the items of the Commissioner's report which the public should be asked to read.

Kiambu election inquiry views

THE public seem to be slightly confused as to the object and results of the inquiry into the constituency of the Kiambu election.

LETTERS TO THE EDITOR

In my postal vote cast before the hearing, I expressed my regret that the Commission had not been given the opportunity to hear the views of the voters. The Commission's report is a masterpiece of logic and common sense. It is a pity that the Commission's report is not being read by the public.

Finance and Commerce

London Stock Exchange... The London Stock Exchange closed yesterday with a slight gain. The main reason for this was the recovery in the price of the Government securities. The market for foreign exchange was also steady.

TANGANYIKA PEOPLE NEED LESSON IN ECONOMICS' Trade leader's plea

TANGANYIKA needs a plan for economic aid to provide, but the Government, in its anxiety to provide extensive social services, in response to political pressure and other considerations, did appear to realize that as much attention must be given to economic development as to social services, Mr. J. R. Lees, acting president of the East African Congress and Agriculture, said at the annual meeting. He said trade was the lifeblood, and called for publicity to give a proper balance to the allocation of resources to a house of ill repute. He also stressed the need for an economic plan and the need to provide a framework for the Government's economic policy. MAY AGAIN LUCKY WITH TOSS IN DURBAN TEST

Back strain handicapped Lew Hoad

Richardson and Bailey put on 115 for the first wicket

MIKE GREEN, 18-year-old member of the first team, took the first two wickets in the Australian championship at Melbourne yesterday.

When the third cricket Test against South Africa opened in warm sunny weather at Durban yesterday, Peter Richardson and Trevor Bailey, the England openers, made century stands for the first wicket. They were still together at lunch when the score was 103 for no wicket.

For other sport see page three

It was thought that if England's opening pair could survive the first hour of the morning the toss would be unimportant. They were out after 48 runs at that time, but the hour had not yet passed when Richardson and Bailey, after the second over from home about ten to his wicket as he turned his back, on a short pitched ball, was bowled by the same bowler. Two runs in the same over. Workmanlike and slips were showing that the pitch was playing fast.

Both cut loose
Later, however, both batsmen cut loose and between them brought 14 runs, a stride to stride, securing a four through the wicket.

Sables revelled in Swansea mud-bath

South African Combined Universities Rugby Union

The South African Combined Universities Rugby Union (the Sables) won their match against the Welsh Club, Swansea, on Thursday by two goals and a penalty goal and a try (16 points) to a Swansea penalty goal locked by Coetzer gave the Sables a half-time lead of 5-0. Bad weather kept the crowd down to little more than 1,000.

At close of play
Just under an hour after his interval run included 100 runs for the Sables, the Welsh were 184 for two wickets.

Tea interval score
The score at the tea interval was: Sables, 5-0; Welsh, 184 for two wickets.

Challenge round of Davis Cup
The challenge round of the 1955 Davis Cup tennis tournament will take place in Durban on December 28 and 29, including the 25th rubber of the tournament, and the 26th rubber of the tournament, and the 27th rubber of the tournament.

European title holder beaten by Pompey

YOLANDE POMPEY coloured Trinidad light heavyweight, knocked out Germany's Gerhard Heider in the second round of the round monthly fight at the Berlin Sportsplatz last Friday.

Pompey then put himself in a capacity round of 1000, at the Berlin Sportsplatz, where he handed a whipping to Heider. Heider's face was grazed but he was not hurt. He was knocked out in the 18th round.

Heider's face looked in pain, but he was not hurt. He was knocked out in the 18th round.

Only three minutes remained of the month, which Pompey said was the longest he had ever fought. Heider was knocked out in the 18th round.

Better placed for a win than any time in series

SOUTH AFRICA, with 140 for three wickets in reply to England 218, are better placed than at any other time in the series to win a Test match at Durban on Saturday.

They enjoyed a thoroughly good day, both in bowling and batting, before had light stopped play at about the same time on Friday, 25 minutes before stumps should have been drawn.

England took the heaving of the ball, but the batsmen put out as they show to be good batsmen, although the bowlers got quick wickets before the rain came.

The difference between the two sides was that England on Friday had 174 runs for the loss of three wickets, while South Africa had 140 for the loss of three wickets.

But there was much more to be said for the South African cricket on Saturday, something that was not taken into account by the English.

Lost advantage
England used the penalty of failing to drive home an overcast day for their good start. They had a time when they were in a position to win the match, but they failed to do so.

FACILITIES FOR SMALL MINE WORKERS

N. Zealand New ore depot in Uganda

ESSENTIAL facilities for the small mine worker will be provided when a new ore-depositing depot is opened at Mt. Kenya in Uganda, on Friday. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

Changes made "The mining industry was built on the basis of an export trade in the past, but that has changed since the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

Prices reduced The present position is that the price for the ore is being reduced. This is due to the fact that the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

Coffee prices at Kampala Mr. J. C. Frost, managing director of the coffee export company in South Africa, has said that the price of coffee has fallen. This is due to the fact that the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

Mtwaru power station ready The new power station at Mtwaru is ready to start generating power. This is due to the fact that the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

Rain was unable to dampen the spirit of festival cricket For the third successive day of the five matches ended on Friday night, the cricket festival at Mtwaru was a success. This is due to the fact that the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

Gains in London Gilt shares

London Stock Markets yesterday were quiet and hesitant, although the undercurrent was satisfaction.

Finance and Commerce SIR EMOO SEES PAKISTANI LEADERS

Mr. E. M. S. P. has seen the Pakistani leaders and will be able to report on the results of the talks. This is due to the fact that the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

CARGO DATES The following are the dates of the cargo ships: ...

Tyre firm director in Nairobi Mr. F. C. O. has been appointed as the director of the tyre firm in Nairobi. This is due to the fact that the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

New markets sought by Japan Japan is seeking new markets for its goods. This is due to the fact that the new ore-depositing depot is being opened at Mt. Kenya in Uganda. The depot, which is being established by the British Coal Corporation, will serve the whole of the protectorate and adjoining areas of Tanganyika.

SOUTH AFRICA LEAD BY 65 IN FIRST INNINGS

A Springbok takes Scots squall title

McLean century helps in highest score of series

DUNIS CALLAGHAN, 34-year-old South African batsman, was the rickety champion of the first innings of the first Test match between South Africa and Scotland at Durban yesterday. He scored 100 runs, the highest score of the series. Callaghan, who is a right-handed batsman, was the only batsman to score a century. He was supported by other batsmen, including the captain, who scored 50 runs. The South African team scored a total of 285 runs in the first innings, while the Scottish team scored only 120 runs. The match is part of a series of Test matches between the two countries.

SOUTH AFRICA took a lead of 65 runs on the first innings of the first Test match between the M.C.C. and Scotland at Durban yesterday. The total of 285 runs by the South Africans was the highest they have reached on the English players on this tour. McLean completed his century in the 45th over, becoming the first batsman to score a century in the first innings of the first Test match between the two countries. He was supported by other batsmen, including the captain, who scored 50 runs. The South African team scored a total of 285 runs in the first innings, while the Scottish team scored only 120 runs. The match is part of a series of Test matches between the two countries.

THREE WESTERN LEADERS TO CONFER IN BERMUDA

Restoring unity of Allies after crisis

POLICY CHANGES

PRESIDENT EISENHOWER and the Prime Ministers of Britain and France will meet at a conference in the spring. United States officials disclosed yesterday. They said the talks will be held in Bermuda.

The last conference of the leaders of the three Western Allies was held in Bermuda in 1953, when President Eisenhower flew from Washington to meet Sir Winston Churchill and Mr. Laniel, at that time the British and French Premiers.

It is again then concerned Europe—the need to increase Allied policies towards Russia, the problem of German reunification, the French position in the lowlands of Communism. This time the official theme of the talks from the United States will be a new version of the Atlantic Pact in November.

Brief conference likely

This has led the United States to develop an independent policy in the Middle East based on President Eisenhower's proposals to resist Communist aggression and subversion in the area by economic aid, if necessary, military force.

President Eisenhower was understood to have suggested Bermuda for his talks with Mr. Macmillan and Mr. Laniel. He told his Press conference last week that his political duties made it "rather awkward" for him to be absent from the United States for any length of time.

ACCUSATION AT ACCRA

'Funds misused'

THE Gold Coast Government was accused of "misusing public funds" in the month's accounts of the Legislative Assembly authority for over-spending 265,000 during the current financial year.

The Government's financial statement was presented to the Legislative Assembly on Monday. It was reported as Prime Minister Nkrumah's first financial statement as Secretary for the Government.

Anderson observes, discussing the Government's financial statement, that the Government was "wasting" money on unnecessary projects which do not benefit the people.

He alleged that the Government had spent 265,000 on unnecessary projects which do not benefit the people. He also accused the Government of "misusing public funds" in the month's accounts.

R.A.F. PILOT GUILTY OF CRIPPLING PLANE

Sentenced to imprisonment

A R.A.F. pilot, F.O. Dennis Gordon, 34 was found guilty of damaging a C-47 transport plane by firing a rocket at it in the air. He was sentenced to one year's imprisonment and to be cashiered. Kenyon, a Regular Officer, had piloted the plane which was fully damaged and crashed into the sea.

The sentence is subject to confirmation.

General had told the court that he had been told that the pilot had fired a rocket at the plane. He had then ordered the pilot to be cashiered and to be sentenced to imprisonment.

Action by India against S. Africa and Pakistan

INDIA has withdrawn from South Africa and Pakistan some of their privileges as Commonwealth citizens. An Ordinance signed by President Prasad ended special privileges enjoyed by Commonwealth citizens over other foreigners. Simultaneously an order was issued stating that the Ordinance applied only to South Africans and Pakistanis.

The Ordinance had statutory force from the registration of the entry of foreigners.

The effect of the Ordinance is to make economic penalties instead of status.

SIR COLIN'S 19 POINTS

Duties of Nairobi City Council to ratepayers

CRITICISM of Nairobi City Council's relations with the Press and public is made by Sir Colin Campbell, former Town Clerk of Plymouth, in his report on the Council's administration.

He puts forward the opinion that ratepayers should have more information than at present about the Council's work.

Sir Colin points out that the Council is the custodian of public money, and that it controls the essential services and amenities of more than 200,000 people. He goes on to say: "The public are accused of apathy in the elections, which receives support from that fact that during the past three years only nine out of three hundred electors have voted in the elections which have been held."

The report, which contains 19 specific recommendations, was discussed by members of the Council at its 10th annual meeting on Monday night.

Mr. Campbell's 19 points are: 1. To make more points of explanation with constituents. 2. To make more points of explanation with constituents. 3. To make more points of explanation with constituents. 4. To make more points of explanation with constituents. 5. To make more points of explanation with constituents. 6. AUTONOMY DEMANDS FACING FRENCH

Debate on overseas territories

The French National Assembly was due yesterday to vote on the future of French African territories in the face of the increasing demands for independence from French West and Equatorial Africa and Madagascar. The Socialist-Labor Government of M. Mollet is expected to propose a new policy.

Conventions have been signed for the territories of Senegal, Guinea, Mauritania, Mali, Guinea-Bissau, Sierra Leone, French Guinea, French Guiana, French Polynesia, French Middle East, French Sahara, French Chad and French West Africa.

The Government would choose the date and the members of the council, the terms being subject to ratification.

Simple majority

It was said, however, the Assembly's vote would be simple majority. The Government would also be expected to propose a new policy for the territories.

LETTERS TO THE EDITOR

It is just six years since I first visited Ambovoni. My impressions are confirmed by the many plans game are considered, but that is more numerous, so too, appear to be the herds of cattle.

In the last afternoon we went to the lake. It was not long before we had had a very good dinner. The water is naturally disposed to find its way to the lake.

Child artists point way to safer driving

Most of Kenya's traffic accidents could be avoided if drivers would only take a little more care, says a group of children.

FIVE PATRONESSES AT E.A.W.L. TALKS

FIVE Patronesses, in addition to Lady Baden Powell, a Past President of the League, attended the January Council Meeting of the East Africa Women's League in the Town Hall last week. They were: Lady Atkinson, Mrs. A. Favcus (Chairman of the English branch), Mrs. G. Blowers, Mrs. P. H. Purvis and Mrs. D. H. Archer, who has served the League since its formation, and a unanimously elected Patroness, and a tribute paid to her husband who has acted for 20 years as the League's honorary legal adviser.

The President, Mrs. C. B. Anderson, reported that for a time they must say goodbye to the late Mrs. J. Smith, the Assistant Director of Women's Education, and for many years a League Councilor. Mrs. Anderson is going on leave pending retirement but will return to Kenya. Mrs. Anderson announced that a personal donation of £100 had been made by Mrs. and Mrs. J. Somers for the purchase of linen for the Hartwood House, and the Treasurer, Mrs. Murchison reported that at the end of December the West House found about £270 and that £207 had been received in January, and that the Catering Committee hoped to be able to donate £100 from the late Royal School.

Zone reports
Lady Moore gave their reports. Lady Sillaby mentioned that Makuru, although a comparatively small district, showed a real interest and planned to give young African girls training in domestic arts over the next few months. The forward branch had started an Anglo-Indian Dispensary while the Hartwood House branch started their Cottage Hospital project under the leadership of Mrs. J. J. A. M. de Vries. Mrs. J. J. A. M. de Vries has started the Women's Club in

League to make tapestry of Kenya

March by 20 women and by July will have well over 100 members. In October the club was handed over to Community Development and is one of the most promising districts. Kenya also made £200 for West House as a gift with Hill branch Kikuyu-Mugaga was making a special feature of work for and with the Africans around them; their Christmas group's club had now been absorbed in the local Mombasa Club, the largest branch in the land, had received as well as general meetings and sold and dispatched 335 of the Kamiti members. Ladies of the congregation on gaining 15 members at the Home Industries first time they entered; this small branch also made the most of £200 at their Christmas Fair. The highlight of Nakuru's activities was their E.A.W.L. financial report which was a financial success for them.

Club work
In presenting her report of the African Affairs Sub-committee to the meeting Mrs. Beecher said they had been asked to start work privately owned estates. The South and Hill branches contacted to see what could be done. Mrs. Beecher said that books and Christmas cards would be welcomed by the Mission and community de-

velopment departments to be dealt with at the various districts.
Mrs. Stern, of Subota explaining a new venture which had been suggested by Mrs. Ingila Moore, whereby the E.A.W.L. would subsidize series of public depicting the daily life of Kenya. It was suggested that Mrs. Ingila Moore should be in charge of the scheme with Mrs. Stern as supervisor. They would select one or more artists who would design roughly 50 individual panels and work the panels their choice. Perhaps two or three might work on one.
Mrs. Solih's interpret report was presented with the starting of the new year. Mrs. Solih's report was based on the proposed Kenya Women's Guild, Nairobi, Kikuyu-Mugaga and Hill branches were always going ahead with their work. The Hill branch was forming a guild early in 1957, which would be very flourishing one before long.
Mrs. Beecher has started again. The Nakuru inter-tribe group has become a branch of the East African Women's Guild. Mrs. Beecher said that she started of what was wanted here. Mrs. Beecher said that the Kenya Women's Guild is in the air, said Mrs. Solih.

THE MAC PLANED ALL THE WAY FROM KENYA TO CAPE

Governments invited for May conference

OPENING UP TRADE

Plans to build a first-class, 3,600-mile road from Nairobi to the Cape were disclosed in Nairobi yesterday by the Deputy Chief Executive of the Inter-African Road Federation, L. Col. K. E. Boone. Col. Boone said the Governments of Kenya, Rhodesia, the Bechuanaland, South Africa and the Belgian Congo were to be invited to send representatives to a conference in Salisbury in May to discuss building the road.

Finance Ministers have been invited to the conference. It is hoped that representatives of the International Bank for Reconstruction and Development will also be invited to cover the present Great North Road from the international highway. The road involves re-designing sections of the road and closing existing gaps by building a chain of interlocking bridges.

The Governments of all the territories involved are to be invited to submit full details of the stretch of the road which they are responsible before the conference begins on May 27. They will be asked to list the improvements which they would like to see made and to state whether they would be in a position to pay the Prime Minister's share of the cost of the road.

Discussions will be invited on the conference. In cases where no agreement can be reached, the road will be built by representatives of financial houses in London and other financial centres. The road will be built in sections and each section will be financed by a different industrial group.

It is expected that the road will be completed by 1965. The road will be built in sections and each section will be financed by a different industrial group. The road will be built in sections and each section will be financed by a different industrial group.

SUCCESS AT U.S. TALKS

Mr. Sandys wins case for defence economies

SUCCESS for Mr. Sandys's mission to the United States has been reported by Commonwealth officials in Washington. During the three-day talks, U.S. defence chiefs are said to have agreed in principle to nearly all the planned strategic economies outlined by the British defence Minister.

The United States is reported also to have indicated its willingness to enter a new military agreement with Britain providing for the pooling of information on advanced development of guided missiles and the end of the talks yesterday Mr. Sandys left for Ottawa, where he is to have discussions with Canadian defence officials. It is also expected that at least one more day's talks.

The envisaged military agreement between the U.K. and the U.S. is considered a major step in the defence talks. It is expected that the agreement will be signed in the near future.

The agreement will be a landmark in the defence talks. It will show that the U.K. and the U.S. are working closely together to improve their defence economies.

Fruit flow to London market

NEW EXPORT HOPE

THE development of new markets for Kenya's horticultural produce is being investigated by the experimental station at Molo. When the Minister for Agriculture, Mr. Thundil, visited the station this week, he was told that the fruit flow to London by air this month had risen from 12,000 to 15,000 tons.

Mr. Thundil said the fruit flow to London by air this month had risen from 12,000 to 15,000 tons. This is a significant increase and shows that the fruit market is expanding.

The fruit market is expanding and this is a good sign for Kenya's horticultural industry. It shows that there is a growing demand for Kenya's fruit in London.

THIRD TEST MATCH ENDS IN A DRAW AT DURBAN

P.C.A. plea for new date turned down

The Royal and Ancient Golf Club of St. Andrews, ruling authority for the game in Britain, has turned down a request from the Professional Golfers' Association to consider changing the dates of the Open Championship in late September or early October.

For several years the professional players have been asking for a change because they consider the winter weather in Britain to be the most unattractive feature of the tournament.

They also say that most professionals want their tournaments to be held in the summer months. The result has been that the Open has been held in June and July in years past and in June and July in years past and in June and July in years past.

South Africa 47 runs behind with four wickets in hand

The third test match between the M.C.C. and South Africa at Kingsmead, Durban, yesterday with the home side 47 runs behind the tourists' total. The M.C.C. won the first Test at Johannesburg, by 131 runs. The second at Cape Town, by 316 runs. The fourth in the franchise series began on February 15 at the Wanderers ground in Johannesburg. South Africa were the first Test batsmen to score 100 runs in a Test match. South Africa met with a dramatic reverse immediately because they began their innings with a fall of three wickets for 23 runs. Local government costs in Nakuru

NAKURU

It is not surprising that the incidence of rates per person was the same in Nakuru as in Nairobi. This is because the cost of local government services is the same in both towns. The cost of local government services is the same in both towns. The cost of local government services is the same in both towns.

WELSH RUGBY SELECTORS TAKE DRASTIC ACTION

Four changes, including the recall of Ken Jones

E. Mayers wins single-handed bowls title

E. G. MAYERS (R.N.C.C.) has won the "E. G. Mayers" bowls, won by K. K. Jones in 1954. The match was played on the lawn at the Welsh Club, where the Welsh Open was held on the weekend when he beat last year's champion, Ken Jones (N.C.C.B.C.) by 21-16 in the final.

MEETING In Llanelli, the Welsh Rugby Union selectors took a drastic action following the defeat by England at Cardiff two weeks ago, when choosing the team to meet Scotland at Murrayfield today. They made four changes to the 15-man team which included the recall of Ken Jones from the 1964 tour.

The changes were: **W. Jones** (R.N.C.C.) for **G. Jones** (R.N.C.C.); **R. Jones** (R.N.C.C.) for **G. Jones** (R.N.C.C.); **R. Jones** (R.N.C.C.) for **G. Jones** (R.N.C.C.); and **R. Jones** (R.N.C.C.) for **G. Jones** (R.N.C.C.).

Scots take gamble
Scotland's selectors have made a gamble on a side of 15 players for the match against Wales at Murrayfield today. The selectors have chosen a side which includes a number of players who have not played for Scotland since the 1964 tour.

Probables, weights and jockeys for today in Nairobi

A NEW class of boat for the Tanga Yacht Club started this week when three Probables Class yachts arrived to join one of the same class already there.

The boats were a new class which has become very popular on the Indian Ocean. The four boats to be raced were imported from Rotterdam.

The class is a hull-less design with a keel and a slightly raked mast. The boats are built of fibreglass and are very fast.

The Probables Class is an excellent racing class which is available in all parts of the Indian Ocean. The boats are built of fibreglass and are very fast.

GEORGE KIMWANI... KILLING OF A SACRED STARBUK

How Does She Do It?

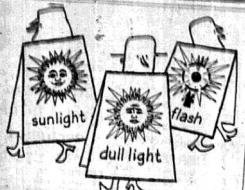

She simply sends all her dry-cleaning to the Pearl and is thrilled with the results.

Buying the right clothes is only half the secret of being fashionably dressed. The other half is keeping those clothes fresh and attractive.

Proper safe methods will clean your clothes in beautifully faded, soil-free, spotless cleaning fluid. Our improved re-tinting process restores the original color—and its original feel and resistance to creasing and staining.
